

CUMMINS®

QSX Inframe Kits

Interstate-McBee is now expanding coverage for heavy duty QSX engine applications with the addition of two new complete inframe kits covering Tier 2 and Tier 3 applications. Both kits include APR (Anti-Polishing Ring) liners designed to prevent carbon buildup from contacting the cylinder walls, thus preventing liner wall polish. This decreases oil consumption and DPF regeneration, and increases oil filter flow.

Brand New Kits Include:

- (6) Piston Kits
- (6) Cylinder Liner Kits
- (1) Main Bearing Kit
- (6) Connecting Rod Bearings
- (1) Upper Engine Gasket Set
- (1) Oil Pan Gasket
- (1) O-ring Seal
- (1) Pressure Relief Valve

Part Number	Description	Application
M-4376173	Kit - Inframe	QSX Tier 2 CM570
M-4376176	Kit - Inframe	QSX Tier 3 SM870

CUMMINS®

ISX-XPI Remanufactured Injectors

Our lineup of remanufactured ISX-XPI common rail injectors continues to grow with the addition of a second ISX12 option. The full offering includes coverage for both ISX12 and ISX15 applications. These remanufactured replacement injectors are built with **NEW NOZZLES** manufactured at our own facility in Cleveland, Ohio, USA. New nozzles provide optimal performance, better fuel economy, and longer life.

Part Number	Description	Application	Core Code
R-2897320	Reman Injector	ISX15 - XPI	C-XPI
R-2872405	Reman Injector	ISX15 - XPI	C-XPI
R-2872544	ADDED Reman Injector	ISX12 - XPI	C-XPI12
R-2894920	Reman Injector	ISX15 - XPI	C-XPI
R-2897518	Reman Injector	ISX12 - XPI	C-XPI12

DETROIT DIESEL®

DD15 Oil Pump

Introducing the newest addition to our growing line of DD15 replacement parts, oil pump **A-A4721803101**. This high quality aluminum pump will keep your engine protected and well lubricated leading to optimal performance and increased longevity. This pump is brand new which eliminates the need for a core return. Contact the experts at Interstate-McBee for additional details.

Part Number	Description	Application
A-A4721803101	Pump - Oil	DD15

DETROIT DIESEL®

DD15 Connecting Rod Bushing

We are pleased to announce availability of new replacement bushings, compatible with connecting rods in DD15 engine applications. **MCB7150** is a cost-effective, press-fit bushing that allows for servicing of the connecting rods. These bushings made from top grade materials are designed to maintain engine integrity against the demanding workloads of DD15 applications.

Part Number	Description	Application
MCB7150	Bushing - Connecting Rod	DD15

NAVISTAR®

DT466E/DT570 Oil Cooler Kit

Interstate-McBee is now stocking a new replacement oil cooler kit for popular DT466E / DT570 (MY 2004 & up) applications. The kit includes a brand new, high quality core and all necessary mounting seals and bolts for a seamless installation. For additional information and availability, please contact our team at Interstate-McBee.

Part Number	Description	Application
1842530C94	Kit - Oil Cooler	DT466E/DT570, MY 2004+
