100-00082 UNIVERSAL AIR CONDITIONER GASKET KIT

Acts as a seal between your air conditioner and your roof to limit rain from entering where the air conditioner has been installed. The kit includes a self adhesive square gasket [356L x 356W (mm)] and x2 self adhesive levelling pads.

100-00400 DOMETIC IBIS 4 LOW PROFILE ROOF TOP AIR CONDITIONER (INC. PLENUM 2 PART PICK)

The Dometic IBIS 4 sets a new standard for air conditioning in the mobile living market thanks to

several refinements made from the acclaimed IBIS 3. The Dometic IBIS 4 features a powerful dual-cylinder horizontal compressor, a first for the RV industry, which creates a more balanced roof top unit and reduces the level of vibration.

- > Excellent cooling capacity of 2.6kW
- > Dimensions: 758 x 230 x 1112mm
- > Extremely quiet cooling, even at maximum speed
- > Adjustable vents for even air distribution
- > Lightweight rooftop unit at only 40kg
- > Four fan speeds, including a turbo speed
- > Suitable for both 400 x 400mm and 360 x 360mm roof openings

Specifications

Rooftop Dimensions (W x H x D): 758 x 230 x 1112mm

DOMETIC HARRIER LITE ROOF TOP AIR CONDITIONER (INCL PLENUM 2PART PICK)

The Dometic Harrier Lite is Dometic's latest innovation in air conditioning and has been specially designed to fit small to medium-sized caravans, pop-tops, and campers. Dometic has struck a balance between utilising a lightweight, compact design, and an impressive heating and cooling performance. It comes featured with cool, white LED lights, and the dual-cylinder inverter compressor that the market has come to know through the highly sought-after IBIS 4.

Dual-Cylinder Inverter Compressor

The Dometic Harrier Lite features an innovative dual-cylinder inverter compressor and its patented design minimises vibration and provides improved performance over conventional compressors. It's this kind of smart design that puts the Harrier Lite in a league of its own and allows RV goers to enjoy cool and fresh air at the touch of a button.

Features

- > Easy Control
- > LED Lights
- > Lightweight
- > Dual-cylinder inverter compressor reduces vibration and is highly efficient
- > Low fan noise with three standard speeds
- > Cool white LED lights in the ADB which can be activated via the remote control
- > Adjustable outlet vents with individual vertically adjustable airflow
- > Connectivity with CI-BUS compatible control panels
- > Lightweight for a low centre of gravity
- > Low profile rooftop unit

AIR CONDITIONERS

100-02100

TRUMA AVENTA COMFORT REVERSE CYCLE AIR CONDITIONER

The new Truma Aventa is quite powerful with a surprisingly slim and attractive plenum. It offers 1700W of heating power and a powerful 2400W of cooling capability. Its energy saving heat pump ensures a comfortable temperature inside your RV (provided the outside temperature is greater than 40°C), and it provides dehumidified, cleaned air thanks to its air filter system.

The Truma Aventa cools the inside of your RV quickly and quietly. Its flexible air distribution system allows you to direct the air where it is mostly needed, thus cooling efficiently. It even has a sleep mode function; if this is selected, the evaporator and condenser fans will run slower, resulting in even quieter operation for a restful sleep. The plenum has LED lighting which can be dimmed if ambience is required. It is suitable for RVs up to 7.5m in external length and comes with a remote control with a programmable timer function. Dometic offers a 2 year warranty on the Truma Aventa Comfort.

Specifications

Air Dimensions: 46H x 670W x 523L (mm)

Operating Temperature Range: +4°C to +40°C

100-02170

TRUMA AVENTA COMPACT PLUS A/C. (INCL PLENUM 2 PART PICK). AVENTA COMPACT PLUS KIT

Compact, lightweight cooling power for van conversions to large motorhomes!

- > Fits even on roofs with little space
- > Extremely quiet operation
- > Very light roof-mounted air conditioning system
- > Control intuitively with the easy-to-use remote control

Truma's Aventa Compact Plus roof-mounted air conditioning system is built for maximum power in a minimum amount of space. Its housing unit is compact yet boasts 2,200 watts of cooling power - an upgrade of 500 watts of power compared to the original Aventa Compact.

The Aventa Compact Plus is as small as it is light, so it fits on almost any leisure vehicle roof. This applies even if the roof-mounted air conditioning system shares the space with a top-box, solar panel and satellite dish. With its considerable cooling capacity, it's not just ideal for smaller vans, but also for larger motorhomes if you want to powerfully cool several areas at once. It extracts moisture from the air at the same time as it cools, which contributes to a pleasant room climate. The compressor noise has been minimised, making the Aventa Compact Plus one of the quietest roof-mounted air conditioning systems on the market.

In addition, the Air Distributor Small's individual adjustment options ensure that the cool air is distributed exactly where you want it. All you need to do is adjust the air outlets according to your personal preferences. The Air Distributor Small is designed to be so flat that the passage height is barely affected.

Specifications

External Housing Dimensions (mm): 560 W x 265 H x 785 D

Internal Distributor Dimensions (mm): 523 W x 46 H x 670 D

Internal Distributor Small Dimensions (mm): 496 W x 46 H x 556 D

Power Supply: 230V - 240 V~, 50Hz

Power Consumption: Cooling 4.4A

Starting Current: 28A (150ms)

Cooling Power: 2.2kW

Air Volume Flow: Max. 400m³/h

Usage Limits: +16°C to 40°C

DOMETIC HARRIER PLUS ROOF-TOP AIR CONDITIONER. (INCL PLENUM 2 PART PICK)

The Dometic Harrier Plus is a rooftop RV air conditioner that is efficient, powerful and quiet. It uses the advanced technology of a dual-cylinder inverter compressor that is smoother and quieter when operating and has a powerful cooling capacity. Featuring a lightweight design and low profile, the Harrier Plus will impress with its functionality, output, cooling and heating.

The innovative dual-cylinder inverter compressor has a patented design that helps reduce vibration and provides improved performance over conventional compressors. It's the kind of smart design that puts Dometic air-conditioners in a league of their own and allows RV owners to enjoy cool and refreshing air at the touch of a button.

- > Cooling capacity of 3.0 kW
- > Dual cylinder inverter compressor means lower energy consumption, noise and vibration
- > 4-speed fan including Turbo mode for rapid cooling or heating
- > Low profile ADB with optimised airflow
- > Lightweight at 44 kg
- > Wide operating temperature range of - 2°C to + 52°C
- > Fitment to both 360 and 400 mm roof opening sizes possible

100-02058**DOMETIC BLACK FUEL
TANK FOR DIESEL HEATER**

A slimline storage canister that holds up to 10L of diesel to run your Dometic heater. It has three bolting points to avoid spillage.

**AUTOTERM AIR HEATERS**

Autoterm air heaters are designed to provide warm air to living areas of vehicles and buses, as well as to cars, motorhomes, campers, in housing and cabins of yachts and ships in the cold seasons.

- > Silent pump. The Autoterm manufactured fuel dosing pump reduces noise output by 95% - perfect for the lightest sleepers.
- > Brushless fan motor. No one else is using this technology that provides much more torque and longer lifetime of the motor.
- > Stepless fan speed. All other heaters use fixed fans speed steps, but Autoterm computer algorithm can precisely choose the fan speed required to achieve the best heater temperature response, which maintains room temperature more accurately and allows more efficiency from the heater.
- > Balanced fan. Each heater fan assembly is run on a balancing machine, the balancing prevents noise and vibration from the heater even at its max speed of 4500rpm. Prevents premature wear of the heater.
- > Air intake silencer included. This is a genuine silencer that helps make Autoterm heaters the quietest heaters in the market.
- > Operation at -40 degrees. These heaters are built not to fail. They are relied on all over the world to provide heat in extreme weather conditions.

100-02502**AUTOTERM DIESEL
AIR HEATER 12VOLT

200-08099

FIAMMA SIDE W PRO CARAVAN STORE XL

Suits 2.8m, 3.1m and 3.6m awnings

COAST AWNING WALL KITS

An inexpensive alternative for Pop Top and Caravan owners to extend your living space whilst on holiday. Innovative design has ensured that each Coast Awning Wall Kit is supplied with three doors (one on each wall), giving you flexibility on which side to open up for access. Suitable for rollout awnings (from 11ft - 18ft) these Awning Wall Kits are made from polyester; not only is polyester easy to wash and dry but it is known for its strength and durability.

Benefits at a glance

- > Each window comprises three components: an outer polyester flap, Clear PVC and a flyscreen allowing for permanent airflow minus the insects!
- > Installation is flexible (i.e. it can be fitted using telescopic poles or sail track)
- > A draught skirt and wheel kit is provided with each kit, these are made from a light weight grey PVC
- > Adaptable to suit awnings with its guide track at up to 9ft (2.7m) in height and projections of up to 8ft (2.4m)

Specifications

The walls are constructed of weaved Polyester yarns (0.46mm thick).

The windows are made from clear PVC with a 0.27mm thickness.

The side wall and front wall mudflaps are manufactured from a non-fraying, grey PVC with webbing.

The draft and wheel covers are made from a light weight grey PVC with webbing.

ORBIT ASTRO ANNEXE

ORBIT ASTRO ANNEXE

The Orbit Air Astro Annexe is an inflatable annexe suitable for various caravans and camper trailers.

It is manufactured using high-strength waterproof 300D micro weave poly cotton canvas. Its lightweight structure and modern curved design make it very robust for optimal performance in high winds. The Orbit Air Astro Annexe provides an additional living or storing area while camping or caravanning.

It protects you, your family, your friends and your gear from weather, dirt and insects. It is spacious and filled with light, while offering superior UV protection. Setting-up the Orbit Air Astro Annexe is simple and easy for anyone! You won't believe how soon your annexe will be set up leaving you to kick back and enjoy your caravanning adventures.

The Orbit Air Astro Annexe comes in 2 different heights to suit a multitude of caravan or camper trailer sizes: there is a "low" version for touring caravans and campers, and a "high" version for off-road variants.

Features

- > Inflatable for easy set-up
- > Roof beam structure for simplistic rigidity
- > Waterproof 300D micro weave poly cotton canvas
- > Superior UV protection: UPF50+
- > Excellent ventilation
- > 3-layered window system (mesh, plastic & canvas)
- > Super quick to set up and take down
- > Wind skirt, ground sheet and dirt skirt included
- > Plastic LED sleeve for fitting an optional LED light strip
- > Pre-attached storm buckles and webbing straps
- > Sail track included
- > Hand pump with pressure gauge included
- > Adjustable ladder bands and steel pegs included
- > All packed in a practical carry bag

ORBIT AIR ANNEXE

ORBIT COMET ANNEXE

The Orbit Air Comet Annexe is a perfect choice for any camper, who wants a robust annexe that provides extra space, style and convenience without having to pay high price or carry a lot of extra weight.

The Orbit Air Comet is a comprehensive, single-inflation point caravan annexe, manufactured using waterproof 300D micro weave poly cotton canvas.

It is lightweight with a modern curved design, which provides robustness for optimal performance in high winds. The Orbit Air Comet Annexe provides extra living space for family, friends or your gear and protection from weather, dirt and other social undesirables. It is spacious and light-filled, offers superior UV protection and is very simple to set up and take down, which makes it both convenient and also family-friendly. An optional detachable extension room is available for the Comet - the Orbit Air Capsule. This can be fitted at either, or both ends of the Orbit Air Comet Annexe, to create even more useful living or storage space. The Orbit Air Comet Annexe comes in 2 different heights to better suit camper trailers: there is a "low" version for touring campers, and "high" version for off-road variants.

Features

- > Single inflation point for easy set-up
- > Roof air beam structure for simplistic rigidity
- > Waterproof 300D micro weave poly cotton canvas
- > Superior UV protection: UPF50+

ORBIT COMET CAPSULE

The Orbit Air Capsule is an inflatable extension room for the Orbit Air Comet Annexe. Add even more living or storage space to your Orbit Air Comet Annexe. The Capsule can be fitted at either, or both ends. Use it as a bedroom or for extra storage!

Features

- > Single inflation point for easy set-up
- > Waterproof 300D Micro weave poly cotton canvas
- > Superior UV protection: UPF50+
- > Excellent ventilation
- > Super quick to set up and take down
- > Inner tent included
- > Pre-attached storm buckles and webbing straps
- > Adjustable ladder bands and steel pegs included
- > All packed in a practical carry bag

FIAMMA CARAVANSTORE AWNINGS

A lightweight bag awning with a manual rollout operation. Specifically made for caravans and minivans, the Caravanstore Awning has an extra wide roller tube which can be rewound without the fabric wrinkling. It takes seconds to roll it out and since the legs are inside the roller tube, they too are quick and easy to position. The legs are hinged and telescopic so they can't fall out and get lost. The design of the Caravanstore Awning has been improved recently and it now comes with a Central Rafter fixing kit to ensure a centre rafter is installed safely (from Caravanstore 255). The lead bar now also features a second track so that a sunscreen or LED lights can be utilised.

Easy Installation

Slides easily into existing sail track. Once unrolled, simply pull out the legs and position accordingly. When it's time to pack up, the roller tube can be rolled up either way.

Colours and Materials

Housed in a soft bag with a self-lubricating zipper that won't get stuck. The canopy is available in Royal Grey and is waterproof, rot proof and UV resistant.

Use the table below to choose the right Caravanstore Awning for your RV.

Part Number	Description	Awning Length (A)	Canopy Length (B)	Extension (C)	Shade Surface	Weight

FIAMMA AWNINGS

FIAMMA F35 PRO AWNINGS

Perfect for your minivan, 4x4 or even a station wagon. Housed in a light anodized aluminium case, the Fiamma F35 Pro has a manual mechanism—press the red button on the side of the casing to open and then walk backwards while unrolling the awning. The drop down legs are housed inside the roller tube.

Adapters are available to help with installation onto the roof racks of your vehicle. The fabric is printed on both sides on a UV-resistant and waterproof vinyl. The F35 Pro extends up to 225. Also comes with ropes and hooks for securing to the ground. Available in royal grey colour only.

FIAMMA F45 S AWNINGS

Fiamma's best selling awning has had a few cosmetic changes, with the result being a more compact and functional box awning. The lead bar now has two tracks allowing for use of a sunscreen and/ or LED lights. The F45 S range of awnings are simple to use and easy to install on the wall of your RV or horse trailer. When not in use, the F45 S takes up little space while snugly enclosed in its polar white aluminium case. It is sturdy and safe to operate, with an easy-to-hook winch loop. The canopy is available in five colours and is UV resistant, waterproof and washable. The colour is printed on both sides of the canopy.

Use the table below to help decide which F45 S awning is right for you.

Description	Awning Length (A)	Width (B)	Extension (C)	Shade Surface	Weight
F45 S 190*	185cm	169cm	100cm	1.7m ²	11.5kg

FIAMMA F45 AWNINGS

Perfect for larger RVs the popular F45 TiL has been improved to create the F45 L awnings, featuring an increased box size and extra large roller tube. The F45L awning provides a large shaded area for your family to enjoy on your next holiday. Suitable for mounting onto the wall of your RV, F45 L awnings open and close by means of a crank handle and have a beautiful polar white aluminium case to compliment any RVs exterior. Silent when opening, closing and even during travel, the F45 L range is sturdy and easy to operate. Best of all, the F45 L case features two guide tracks enabling you to have a sunscreen and a front wall installed at the same time if you so choose! Available in two colours, the vinyls are printed on both sides and are UV-resistant, waterproof and washable to ensure you get quality for your money. Supplied with one Straight Centre Rafter as standard (200-04602).

FIAMMA F80 AWNINGS

FIAMMA F80 AWNINGS

The new Fiamma F80s Awning range is the new, modern, and compact awning for roof installation. These awnings have an extremely small cross-section that allows it to integrate better with your vehicle's roof line curvature, and feature a number of improvements on its predecessor, the F65s.

NEW Triple Guide Feature

Three guides on the lead bar for fitting two front panels, awning shades or walls, and other accessories.

**NEW LED Predefined Position in Lead Bar + Case**

Housing for optional LED strips are built inside the case as well as the lead bar.

**Features**

- > Aluminum End Caps: Newly designed aluminum end caps for maximum strength.
- > Extra-Strong Arms: Wider, reinforced and articulated arms with double steel cables for optimal canopy tension.

**Canopy Finish**

Available in two colours

- > Royal Grey
- > Royal Blue

Bracket A

200-04600

FIAMMA CURVED CENTRE RAFTER PRO

A curved rafter which helps to eliminate water pooling and the canopy from flapping in the wind. It is easy to install, keeps the fabric taut and also provides more under-canopy clearance. Made from two anodized aluminium telescopic bars, the Rafter Pro is best suited to awnings that have an extension of up to 250cm. Its minimum length is 144cm but can extract to 265cm.

200-04602

**FIAMMA STRAIGHT
CENTRE RAFTER**

Made from anodised aluminium, the Straight Rafter helps to keep the awning taut. It comes with wall clips allowing you to mount it, for storage, inside your vehicle. Best suited to awnings that extend up to 250cm, the Straight Rafter's extension ranges from 142cm - 265cm.

FIAMMA AWNING FIX INSTALL BRACKET "S" (1PCE)

Suitable for RV's with a flat outer wall. An optional extra bracket for those who wish to strengthen their current mounting. Drilling required. Kit comprises of x1, 12cm "S" bracket.

200-04653

FIAMMA AWNING MOUNTING BRACKET FOR F45 15 DEGREE

Suitable for RV's with a slight curve towards the rooftop and for those wanting to mount the awning closer towards the curve of the roof. Drilling required. Kit comprised of x1, 11cm bracket.

200-04681

FIAMMA F65S AWNING FIXING KIT

Suitable for Fiat Ducato, Citroen Jumper and Peugeot Boxers with high roofs built after June 2006. Comprised of x2 20cm brackets and x1 12cm bracket.

200-04682

FIAMMA F65S AWNING FIXING KIT

Suitable for VW Crafter and Mercedes Sprinters with high roofs built after June 2006. Comprised of x1 12cm bracket, x1 53cm bracket and x1 60cm bracket.

200-04714

FIAMMA F35 AND CARAVANSTORE PLASTIC RIVET

Snap on rivets for the awning leg end on the following models: F35, Caravanstore, F45 and F65. Sold in pairs.

FIAMMA AWNING RAIN GUARDS

Awning rain guards are a great solution to prevent water from dripping behind the space where your Fiamma awning has been mounted. Made of rubber, the rain guard is installed onto the awning case (no need to remove the awning). Comes in three widths and in 550cm lengths.

200-04802

FIAMMA AWNING RAIN GUARD L 550CM

Suited to awnings that have been fitted using one of the adapter brackets that resulted in a gap of up to 9cm between the awning case and the RV wall. Can also be used on curved walls.

200-04806

FIAMMA AWNING RAIN GUARD M 550CM

For awnings, mounted with adapter spaced out from the wall (up to 4cm) or on curved walls.

200-04811

FIAMMA AWNING RAIN GUARD S 550CM

For awnings installed with the standard AS120 bracket on flat walls. Fits the 1.6cm gap between the flat wall of the RV and the back of the awning case.

200-04896

FIAMMA WINDING HANDLE TELESCOPIC

This telescopic handle is standard delivered with the F45L awning. Made from light aluminium, it is ideal for high motor homes or caravans, allowing users to easily unwind their awning without stretching. Weighs only 1.32kg. Min length is 154cm but can extend up to 240cm.

FIAMMA ACCESSORIES

200-04898

FIAMMA WINDING HANDLE STANDARD 123CM

This 123cm crank handle is standard delivered with F45S awnings up to 400cm. It has a folding handle and is made of ultra light aluminium. It can be cut down if required and weighs only 0.4kg.

200-04900

FIAMMA WINDING HANDLE SHORT 51CM

The shortest of Fiamma's crank handles the 51cm version is also made of light aluminium, meaning it only weighs 0.24kg. Ideal for smaller/ lower RVs.

200-04901

FIAMMA ALU WALL BRACKETS FOR AWNING LEGS

Made of aluminium, these are installed on the outside wall of your RV, allowing you to mount the legs of awning on the side of your RV (instead of vertically dropping to the ground). Suitable for Fiamma F45S, F45L, F65, Caravanstore and F35 awnings. Comes in a set of 2.

200-04902

FIAMMA LEG WALL BRACKET KIT FOR F45 AWNINGS

These wall brackets are made of a sturdy, white plastic to complement the colour of your RV. Suitable for F45S and F45L awnings. Comes in a set of 2.

200-04910

FIAMMA LEG WALL BRACKET KIT FOR F45 AWN DEEP BLACK

200-05316

FIAMMA F45 TI SUPPORT LEG REGULATION HAND WHEEL KIT

This hand wheel secures the extendable legs on Fiamma awnings at the chosen height.

200-08002

FIAMMA FAST CLIP

Used to attach the walls of a Fiamma Privacy Room to an awning canopy, the improved Fast Clip system is suitable for use on awnings with a 250cm extension only. Its upper bar is now divided into 4 pieces allowing for precise closing at each section. Each section is now stronger with strengthened joints to minimise central bending. The levers have been made stationary (they can't come out of their position) and larger. This allows for easier unhooking. By turning the levers, the grip on the awning canopy can be increased/decreased. The plastic end caps have been shaped to limit damage to the side walls when threading them into the track on the Fast Clip System.

200-08004

FIAMMA TIEDOWNS (BLACK)

A Fiamma tie-down that allows for solid anchoring. It fits into the awning rails or the side clip of the privacy room. Comes with two 300cm adjustable bands and the necessary stakes and tension springs.

- > 2x Tie Downs
- > 2x Front Hooks
- > 2x Springs
- > 2x Stakes

FIAMMA ACCESSORIES

250-02037

FIAMMA DELUXE 5B LADDER

A quality aluminium ladder for sleeping berths in RVs. It has a 15° inclination and handy nylon hooks to hold it in position. The 5B Ladder has five steps.

Weighs: 2.6kg

250-02039

FIAMMA DELUXE 6 DJ

A sturdy and lightweight external ladder with non-skid steps. Made from anodised aluminium, it is supplied with fixing bars for quick and easy installation on the rear door. It can also be combined with the Carry Bike 200 DJ (part number 350-02096). The Deluxe 6 DJ is suitable for installation on the following vehicles: Fiat Ducato, Citroen Jumper, Peugeot Boxer and Ford Transit (with double rear doors built after 2006). It has six steps.

Weighs: 6.5kg

250-02040

FIAMMA DELUXE 8 EXTERNAL LADDER

A quality aluminium ladder that is sturdy enough for external use. It has a comfortable 24cm step width with non-skid rungs for added safety. The 8 External Ladder can be folded up during travel and can be installed on the following vehicles: Fiat Ducato, Citroen Jumper, Peugeot Boxer and the Ford Transit (with double rear doors built after 2006). It has eight steps.

Weighs: 5.5kg

AUSSIE TRAVELLER ANTI-FLAP KITS

Aussie Traveller's new standard AFK with provision for LED lighting (not available yet but coming soon). Contains an additional external sail-track for the easy addition of a patio awning extension. Aussie Traveller's patented Anti Flap Kit offers a wind and waterproof method to attach walls to your awning.

Aussie Traveller has designed the Anti-Flap Kit (AFK) to help overcome two of the major problems faced by owners of all brands of roll-out awnings.

1. It Helps to Prevent Wind Flap and
2. It has the Ability to Successfully Add Walls.

The Anti-Flap Kit (AFK) breaks down to 4 individual sections (2 pieces per end) which when joined together, form a full-length clamp. This full-length clamp holds to the awning fabrics' outside edge and helps prevent wind flap. It also includes a sail track to accept walls.

200-12300

AUSSIE TRAVELLER SHORT ANTI FLAP KIT - WITHOUT LED WHITE

Suited to rollout awnings that extend from 210cm up to 220cm

200-12301

200-08019

**COAST PREMIUM
AWNING TIE DOWN KIT**

The ultimate tie down kit to keep your awning safe and secure! It can help prevent damage to your awning caused by high winds.

200-08020

**HAPPY HOOK AWNING TIE DOWN
KIT**

Designed to pull the roller tube down to tighten the awning vinyl and reduce flapping caused by wind.

AWNING ACCESSORIES

200-08150 RV AWNING STABILISER KIT

Secure your awning economically. Extra holding power of spiral stakes works well in all kinds of soil. Tension units keep ropes securely taut. Easy-to-use kit stores compactly and fits all roll out awnings. Great for use on the beach, it attaches to the ends of the roller bar on your awning. Fits all awnings

200-08160 AWNING HOLD DOWN STRAP KIT

Secures your roll out awning by distributing the tension evenly across the canopy. It is a wrinkle resistant strip that fits awnings up to 25'. Kit includes strap, stakes, springs and brackets.

200-08034 RV TWINTRAK FOR HANGING LIGHTS

Suitable for awnings up to 18' (5.5m), the Twintrak conveniently turns a single track into a twin track. It allows you to hang sunscreens, lights or other RV accessories all at the same time. Made from strong plastic the Twintrak is supplied in x6, 3' (x6, 91.4cm) pieces.

200-08144 RV AWNING PARTY LIGHT HOOKS

Sturdy sewn fabric tabs with grommets that slide into the roller bar channel of your awning. It enables you to hang lights, wind chimes and other lightweight items from the edge of your canopy. Each pack contains x7 tabs.

200-08142 AWNING HARDWARE STRAPS

These Velcro straps allow you to replace old or lost awning straps belonging to your rollout awning. They measure 12" (30.5cm) and can also be used to secure other items such as leads or hoses around your RV. Comes in a pack of two.

200-08080 VLP VINYL REPAIR TUBE

Great for mending pinholes, rips or tears on awnings and canvas. VLP is a clear, high strength and flexible adhesive that is suitable for use on most types of flexible vinyl surfaces. It has an air dry formula that dries clear, thus blending with coloured fabric. Typical use is on vinyl furniture, awnings, tarps, vinyl sheeting, luggage, rain gear, covers, tent floors and boots. All surfaces to be glued must be free of oil and dust: to achieve this, simply wipe the surface with alcohol and let it dry before applying VLP.

Specifications

Temperature Use Range: -10°F to 200°F
(-23.3°C to 93.3°C)

Tensile: (ASTM D-882) 2900Psi

200-08086 CAMCO RV AWNING REPAIR TAPE - 3" WIDE X 15' LONG

Camco's RV Awning Repair Tape is a permanent repair for rips and punctures on your RV awning. Use it for RV, boat sails, canvas, tents, rain wear, backpacks, popup campers and more. It has an aggressive adhesive and resists tearing in any direction. The roll is 7.6cm wide x 4.57m long.

200-08270 COAST CURVED ROOF RAFTER (WHITE)

Designed to give your awning canopy a gentle curve enabling rain to run off with ease. Keeping your awning canopy taut it also minimises flapping caused by wind. The Coast Curved Rafter is suitable for awnings that extend up to 8ft (243cm).

AWNING ACCESSORIES

COAST PREMIUM RAFTERS

Featuring a curved top which is gentle against awning fabric, these rafters are designed to give your awning a curve and avoid water pooling. This clever rafter also keeps awning fabric taut and to minimise flapping, this is especially helpful during the rainy season, or in windy areas where your awning is more likely to get damaged.

200-08272
GENTLE-CURVED AWNING RAFTER

- Extends to 274cm

COAST PREMIUM - BLACK HIGH-CURVED AWNING RAFTER

- Extends to 273cm

150-00110
SPIGOT MOUNT BRACKET

Suitable for use with steel extension poles and curved roof rafters.

AUSSIE TRAVELLER CURVED ROOF RAFTERS

Curved Roof Rafters have a dual purpose - to prevent the awning canopy from sagging, ensuring water run-off, and for keeping the awning fabric taut, reducing wind flap. Awnings that flap can cause your RV to shake or even cause damage to the awning itself. Aussie Traveller has produced two types of telescopic Curved Roof Rafters - suiting most brands of rollout awnings.

Please see the guide below to see how many rafters are recommended per awning:

Awning Size	Recommendation
11' and under	1
12' - 16'	2
17' - 20'	3
21' and over	4

200-08280
AUSSIE TRAVELLER CURVED ROOF RAFTER MAXI INCLUDING BRACKET

Specifications
Curve: 90mm
Extension: 1400 - 2580 (mm)

CAREFREE AWNING DOOR ROLLER N' DISC

CAMPER BAG AWNING POLES

JAYCO CAMPER BAG AWNING POLES

Designed for Jayco Camper Bag Awnings, these handy poles can be used to replace those that have been lost or damaged.

Spring Loaded Front Poles

Available in the range there are 4 sizes of spring loaded Front poles that range from 8 to 12 ft. These support the front length of the awning and can be broken down into smaller sizes for easier storage.

**Upright Pole**

The Upright pole features a rubber foot for grip and stability and are made to clip into a Front pole. The Upright pole can be extended and feature a convenient locking mechanism. Lift the handle and the pole can extend or retract, close the handle and the pole is securely locked in place.

**Top Pole**

The Top pole has a hooked end that slots into the mounting point on a Jayco Camper and are also made to clip into the Front pole. The Top pole can be extended and feature a convenient locking mechanism. Lift the handle and the pole can extend or retract, close the handle and the pole is securely locked in place.

Part Number	Description

FLOOR MATTING

ENDUROMATS

Perfect for camping, these Australian made mats help to keep your RV cleaner. Small dirt particles, such as sand, fall through the mesh, leaving larger stones on top for easy removal. Made of a PVC welded fibre, Enduromats are strong, durable and tough but not on the grass underneath! The mesh style fabric allows air to move beneath its surface allowing grass to breathe. Non-slip and mildew resistant, the lightweight mat is easy to carry and store. Because nothing sticks to the Enduromat, minimal maintenance is required. To clean, simply shake the mat and then fold as per normal to put back into the bag. It is even UV resistant so it will maintain its colour for years.

TRAVELITE FRONT SUNSCREENS

Coast to Coast have a brand-new range of Travelite Sunscreens that offer plenty of shade and privacy around the RV at an unbeatable price. The new Travelite range is designed to suit most popular awning styles and van types including roll out awnings, box awnings, campers and features end walls to suit both caravans and pop tops. Travelite Sunscreens are a great value solution for additional shade and privacy for your RV's outdoor living area. Each sunscreen is backed by a huge 4-year warranty and features double stitched edges to prevent fraying. Travelite makes fitting a sunscreen as easy as ever, simply thread the spline through the track in your awnings lead bar or utilise the Velcro straps for an end wall. Travelite is the new benchmark for great value sunscreens, each one comes complete with D rings, guy ropes, heavy duty pegs and a convenient, zip-up storage bag.

COAST TRAVELITE SUNSCREEN SIDE WALL FOR FULL VAN (HEIGHT: 1.90M/2.35M)

PREMIUM COAST FRONT SUNSCREENS

Coast's range of sunscreens has been redesigned resulting in a stronger and more functional sunshade. The front and side sunscreens now feature an improved spline that won't kink over time. There are also newly added reinforcing triangles (with D-rings) that enable the sunshade to be secured to awning legs. They are still quick and easy to fit. Once you have taken it out of the packaging, shake it out like a blanket and grab the end without the eyelets. Simply thread it through the track on your awning lead bar.

Key Features

- > Improved spline
- > Added reinforced triangles with D-rings
- > Hemmed edging all around to prevent fraying
- > Comes with guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- > Offers extra privacy
- > Now with a huge 5 year warranty

ARPAN5A Test Results

- > Cover Factor: 91.0 +/- 2.5
- > UVR Block: 90.4% +/- 2.5%
- > Shade Factor: 86.6 +/- 2.9
- > Calculated Protection Factor: 11*

* The Calculated Protection Factor is for the material only and does not account for the effect of indirect UVR when situated at a distance from the persons being protected.

COAST SIDE SUNSCREENS

Available to suit Pop Tops and Caravans, the Coast Side Sunscreens are made from the same quality material as the Front Sunscreens. In the case of a Pop Top, the side sunshade attaches to your awning arm (when extended) by means of velcro straps. If you have a Caravan, you have two installation options; 1) use the Velcro straps to attach it to your awning arm or, 2) if you already have an antiflap device installed with sail track, simply thread the side sunshade spline through the track. Comes with guy ropes and pegs to secure to the ground. Comes with a huge 5 year warranty!

COAST FRIDGE VENT SUNSCREENS

200-09350 - Grey Finish

200-09355 - Black Finish

COAST FRIDGE VENT SUNSCREEN

Designed to shade the fridge area of your RV. The Coast Fridge Sunscreen will lower the ambient temperature around your fridges vents allowing the fridge to perform better on hot sunny days. The Coast Fridge Sunscreen comes with almost everything you need to install the screen yourself, including 1100mm of sailtrack and eight 12mm x 6 gauge stainless steel mounting screws. To give the finishing touches, the installation kit also includes mould insert to cover the mounting screws and specially designed caps for each end of the sailtrack.

Features

- > DIY Installation Kit (includes sailtrack, mounting screws, mould insert and end caps)
- > Kink free 6mm spline
- > Tough reinforced D-rings
- > Hemmed edges all around to prevent fraying
- > Guy ropes and heavy duty 8mm steel pegs (for securing to the ground)
- > Comes with a huge 5 year warranty.

CAREFREE ALTITUDE

CAREFREE ALTITUDE

Altitude introduces a new high in awning intelligence and style. This advanced awning helps set your RV apart from the crowd with features you might find on much higher priced products.

Altitude makes the outdoors the 'coolest' part of any RV. Today's RV owners enjoy entertainment, connectivity and technology that simplify RV living. Our Altitude awnings are loaded with the latest technological features including operation through the Bluetooth™ enabled smart phone app that allows you to extend, retract your awning, turn of/on or dim the LED light, and even adjust Carefree Motion's sensitivity to wind.

Altitude™ has been developed to provide OEMs an easy to install, contemporary patio awning that fits the lifestyles and tastes of today's younger, more tech savvy, on-the-go RV buyers. It follows Carefree's automotive styling and is designed to complement the Caravan sidewall rather than clutter it.

Features

- > **Memory Pitch.** Awning extends out to the same pitch it was retracted from.
- > **Exclusive Pitch Adjustments.** Now with easier to use buttons for adjustment and you can change the pitch when the awning is closed!
- > **Bluetooth Enabled.** The optional wireless awning control system and mobile app allows you to control awning extension, retraction, LED lighting, and the sensitivity of the wireless motion sensor right from your mobile device.

CAREFREE ALTITUDE AWNING HARDWARE

Suitable for pop-tops & caravans due to their compact height. The pitch angle is adjustable with six different levels thanks to a simple but sturdy pin setup. The Altitude hardware also features inbuilt shocks for reliability that will soak up bumps and jarring while on the road. They are strong enough to support the awning without the use of legs, but if your planning longer stays, Carefree recommend the use of their HD Support Pole Kit 200-33066 (coming soon).

CAREFREE ALTITUDE

200-37430

CAREFREE ALTITUDE BT-12 CARAVAN ELECTRONICS

This optional electronics kit enables Bluetooth™ operation of the Altitude through a compatible smart device. It also includes a Combination switch that allows a Master ON/OFF as well as a one touch EXTEND or RETRACT button. This kit allows you to:

- > Open & Close the awning
- > Turn the LED light bar On
- > Adjust the brightness of your LED light bar
- > Position the angle of the LED by bringing in or taking out the Awning
- > Adjust the optional motion switches sensitivity to complete override if this is installed
- > Get your exact extension every-time you open the awning via setting the memory in the app
- > Bluetooth module included

200-37438

CAREFREE ALTITUDE BT-12 CONTROL MODULE

This part here is a replacement Bluetooth module on its own if required, its function is to communicate all functions from the switch or app to the awning.

200-37440

CAREFREE ALTITUDE LED SWITCH WITH FUSE

Simply an on/off switch to operate the LED bar from the inside of the van, this switch can be installed in any inside location but will need to be hardwired in to work. simple item for a simple operation & includes a fuse for added safety.

ALTITUDE ACCESSORIES

200-37432

CAREFREE ALTITUDE BT-12 MOTION SWITCH

This switch mounts on the awning to detect unwanted motion such as wind. If extreme wind is detected it will tell the awning to promptly get out of harm's way by automatically retracting. This is a great bit of insurance should you be away from your van and the wind suddenly picks up.

200-37442

CAREFREE ALTITUDE EXTEND & RETRACT SWITCH WITH DYNAMIC BRAKE

If the BT-12 option is not suited to your customers, maybe due to it being too "TECH SAVVY" for the end user or if the OEM wants to still have the New Motorised hardware for ease of operation but it's a cost sensitive option then this Manual operation switch will be needed at a minimum. To use simply hold down the OUT button to extend the awning and when the awning is fully extended you let go of the button, to retract simply hold down the IN button and again let go when the awning is completely rolled up in its travel position. If your customer wishes to use their OWN switching/control system ensure it has a "DYNAMIC BRAKE" ability built into the switch or the unit will not operate correctly.

200-37434

CAREFREE ALTITUDE BT-12 REMOTE

A great little extra as with this simple remote control so you can open and close your awning as well as turn on the LED & adjust the brightness without having open up a smart device.

200-37436

CAREFREE ALTITUDE BT-12 SWITCH KIT

This is a replacement switch which is mounted to the interior of the van which is then hardwired into the BT Module, it will control the basic operation of the awning being extend or retract as well as master power on/off switch.

CAREFREE ALTITUDE

200-33066

CAREFREE ALTITUDE HD SUPPORT POLE KIT

The new Carefree Altitude HD Support Pole Kit is a purposed-designed support pole kit to suit Carefree's Altitude Awnings, and other rollout awnings without support legs. Staying in one place for an extended time with an Altitude awning will require them to have some kind of upright support.

The HD Support Pole Kit comes with two connecting heads so it can be used to support awnings with roll bars as well as box awnings. They are designed to fit both Carefree and other branded awnings.

Important! When using this kit with Altitude awnings, or any powered awning, ensure that the awning's power is switched OFF prior to installation! This prevents any sensors the awning has from activating and causing it to retract. If you need to adjust the awning pitch after set up, loosen the pole's straps and lower before adjusting.

Features

- > Cradle head to support awnings with roll bars
- > Stabiliz'r Grip head to allow securing to a box awning
- > Poles feature crank knobs to secure the pole to the adjusted height
- > Comes with stakes and straps to secure the poles to the ground and awning.
- > Designed for quick set up, under 5 minutes!

CAREFREE STRAIGHT RAFTER - WHITE

200-33072

CAREFREE STRAIGHT RAFTER - BLACK

Carefree's new Straight Rafter is a straight rafter designed to add rigidity and further support to your awning.

Installing the Straight Rafter is simple and easy with two methods of connecting to the roller tube available. The rafter can be attached using the pin with a hole drilled into the roller tube or with no drilling into the roller tube required the mounting cradle fits around the roller tube and firmly holds the rafter in place.

The Straight Rafter also includes an industry first utility slot to quickly hang side blockers, side panels or other awning accessories.

The Straight Rafter is available in Black and White hardware colour options.

200-33080

CAREFREE CURVED RAFTER - WHITE

200-33082

CAREFREE CURVED RAFTER - BLACK

Carefree's new Curved Rafter is a curved rafter designed to add rigidity and further support to your awning.

Installing the Curved Rafter is simple and easy with two methods of connecting to the roller tube available. The rafter can be attached using the pin with a hole drilled into the roller tube or with no drilling into the roller tube required the mounting cradle fits around the roller tube and firmly holds the rafter in place.

The Curved Rafter also includes an industry first utility slot to quickly hang side blockers, side panels or other awning accessories.

The Curved rafter is available in Black and White hardware colour options .

CAREFREE ROLL OUT WINDOW AWNINGS

Window awnings offer an alternative to roll out awnings but still provide essential protection from the sun. Carefree have modified their window awnings to incorporate a more streamlined design. The vinyl has also been given an update to an opaque white, complementary to any RV exterior. Two types of Carefree Window Awning are available, the SL and the SL XL. The SL window awning is suitable for windows less than 36" (91cm) in height. If your window is more than 36" in height, you will require the SL XL window awning.

CAREFREE FIESTA ROLL OUT AWNINGS (NO ARMS)

Carefree's vinyl fabric features a superior construction with the top portion being called the Weatherguard - this protects the fabric from the sun, scrapes and exposure when the awning is rolled up. The Carefree Fiesta has long been a favourite amongst RVers, not only in the USA but here in Australia as well. It is a simple to use manual, spring loaded, rollout awning featuring a vinyl weatherguard as previously mentioned. The 8' - 14' awnings project up to 7'3" (2.21m), while the awnings from 15' - 21' project up to 7'9" (2.36m).

Fiesta Features

Remote and Travel Locks

These work together to ensure the Fiesta does not come undone during travel. They eliminate the need for you to stretch and fumble for the roller lock.

Canopy Clamps

Built onto the hardware and self storing. Canopy Clamps help to keep your awning taught and provide extra protection from the elements. Not available on arms supplied to suit pop-tops.

Heavy Duty Brackets

Solid and rugged, the awning hardware and castings are white to suit the trim of any RV.

Single Track Slider

Located on the inside of the hardware channels, it eliminates the rafter binding during setup and storage. You get a smooth gliding motion as soon as you slide the rafters up the hardware arms

When replacing the Spring Assembly on your Carefree Fiesta (rollout) awning, take note of the following:

SPRING WIND CHART

Length of Awning	Winds with Awning Closed	Winds with Awning Open
7'11" or less	6	14
8' - 12'	5	13
12' 1" - 18'	7	15
18' 11" and longer	8	16

To wind, rotate the end plug over the top and away from the RV

To unwind, rotate the end plug over the top and toward the RV

CAREFREE ECLIPSE AWNINGS

The Carefree Eclipse awning is yet another innovative design from these 40 year strong manufacturers. It is a 12V electric awning that extends (and retracts) at the touch of a button (usually mounted near the door of your RV). You can choose to unwind it partially or to its 2.3m full extension. As the worm-gear motor unwinds the canopy, the arms glide up the vertical track (mounted to the outside wall of your RV). The end result is a stable canopy with truss like support. To retract the Eclipse simply hold the button and the motor will roll it up tight against your RV and that's it, eliminating the need to fumble for roller locks:

Eclipse Features

Unmatched Performance

Eclipse has remarkable strength and support for an automatic awning, not to mention it's stylish good looks.

Self Levelling

No need to level the canopy before you roll it up and the genius part is that when you do unwind it again, it will unwind to its last setting.

Rain-dump Feature

When your Eclipse is on a flat pitch and rain is pooling on the canopy, the gas strut will momentarily retract and dump the water.

Adjustable Pitch

There are 6 settings on the awning arm giving you options to maximise shelter from the sun and rain.

(NO ARMS, NO SPRINGS)**

** All Carefree awnings are sold in two components, the vinyl and the hardware (arms). The hardware required will vary depending on size and type of RV. Please contact a Coast Team member to determine the correct hardware for your RV.*

200-33000

CAREFREE WHITE SHORT HARDWARE (POP TOP)

Best suited for Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m - 1.7m from the floor line up to the awning railing.

200-33002

CAREFREE BLACK SHORT HARDWARE (POP TOP)

Suitable for use on Pop Tops or smaller caravans with a straight outer wall i.e. walls with a height of 1.6m - 1.7m from the floor line, up to the awning railing.

200-33008

CAREFREE BLACK LONG HARDWARE (UNIVERSAL)

Suitable for use on larger caravans with a straight outer wall i.e. walls with a height of 1.7m - 2.1m from the floor line, up to the awning railing.

200-33010

CAREFREE WHITE LONG HARDWARE (UNIVERSAL)

Best suited for larger caravans with a straight outer wall i.e. walls with a height of 1.7m - 2.1m from the floor line up to the awning railing. Comes with remote lock.

200-33012

CAREFREE AWNING HARDWARE 12V ECLIPSE

12V Awning arms to suit the Eclipse awning. Must be fitted to a flat-walled caravan or motor home. It is 10.8cm wide and requires 1.8mt from the awning rail to the floor line.

200-33020

**CAREFREE WHITE CURVED HARDWARE
BENT TOP AND BENT LEG**

Suits RV's with a curved outer wall.

200-33022

**CAREFREE WHITE CURVED HARDWARE
BENT TOP AND STRAIGHT LEG**

Suits most RV's with a curved roof such as Winnebagos and Renault Trafic.

200-34150

**CAREFREE SPIGOT KIT FOR
CAREFREE
RAFTERS**

The Spigot pin fits into the end of the Carefree Centre Rafter, which is then inserted into the awning barrel when extended.

200-33030

CAREFREE RAFTER STANDARD

The standard rafter has an awning support cradle and is easy to use. The end with the awning support cradle attaches to your RV wall, allowing the rafter to swing out towards the awning roller (once extended). Simply tighten the knob on the roller and use the lever to fit to the roller. You can make the canopy as tight as you desire but take care not to stress your canopy roller. Comes in polar white and suits the Carefree Fiesta range of awnings.

200-33040 - White

200-33042 - Black

**CAREFREE RAFTER
WITH GROUND SUPPORT**

Has the same benefits as the standard rafter but with an additional ground support leg. This prevents the awning roller from sagging (towards the ground) once the awning has been rolled out. The ground support and roller work together to keep the awning roller straight. Comes in polar white.

In storage
on the side
of your RV

Ground
Support
in use

CAREFREE SUPPORT CRADLE

Fits all roller awning brands, the awning support has a pivoting head. Once you roll up your awning, the pivoting head receives the roller and supports it, eliminating weight stress and potential bowing in the centre of your awning roller. The awning supports will not damage the awning fabric. Recommended for use on flat walls of RVs and for awning widths of 16ft or greater.

CAREFREE AWNINGS

TIPS FOR CAREFREE AWNINGS: CARE AND MAINTENANCE

Fabric Care

- > Do not use oil-based cleaners or any granulated/ abrasive type cleaners on your Carefree awning.
- > The easiest way to delay the need for a deep clean is to simply hose down the awning fabric once a month with clear water - this prevents dirt from becoming set in into the fabric.
- > When the time comes for a thorough cleaning, you can leave the fabric on the frame. For vinyl fabric, simply use a soft brush and warm water with a natural soap. Allow the fabric to air dry completely before rolling back up.

Mildew

- > A fungus that looks like dirt.
- > Common in areas where temperature and humidity is high, mildew can become a problem.
- > Rinse fabric with clean water and allow to air dry completely before rolling back up.

Leaking

- > On vinyl canopies, side hems and poly cords are stitched with a sewing machine.
- > The stitching may allow water to seep through - this is normal and not a warranty defect.
- > In this instance, treat the seams with a seam sealer.

Arm Care

- > Always keep this clean to allow the arms and braces to operate smoothly.
- > Periodically wash out the arm channels with a hose to keep them clean and eliminate dirt and debris.
- > Once the arms have been cleaned and dried completely, you can spray the joints with a dry silicone lubricant.

CAREFREE FREEDOM 12V AWNINGS

Streamlined and easy to operate, Carefree have released the Freedom 12V box awning that mounts onto the side of your RV. By utilising the button installed inside your RV, you can open and retract the awning. Whilst opening the awning, the support arms (located in the lead bar) can be unfolded once it is at a comfortable and easy-to-reach height. The Freedom's support arms are adjustable by means of flip lock controls. To retract the awning, simply fold support arms back into the lead bar and press the button; the awning case closes and locks itself, so you are ready to continue your journey. The Freedom 12V awnings are housed in an attractive white aluminium casing and are available in two canopy colours.

Use the table below to determine which Freedom 12V awning is best for you:

Awning Size	Canopy Width	Canopy Extension
Freedom 2.5m	2.4m	2m
Freedom 3m	2.8m	2.4m
Freedom 3.5m	3.3m	2.4m
Freedom 4m	3.8m	2.4m
Freedom 4.5m	4.3m	2.4m
Box Dimensions: 14.5H x 9.1D (cm)		
Power Requirements: 12V, 15A

STABILUS GAS STRUTS

STABILUS GAS STRUTS

LIFT-O-MAT gas springs are non-locking gas springs. They are used whenever components must be brought conveniently into a defined end position. A LIFT-O-MAT can control the extension force and damping action depending on the function, ensuring user-friendly motion sequences.

Advantages and Properties

- > Optimised weight compensation during liftings, lowering, opening and closing actions
- > Broad range of sizes and force variants available as standard products.
- > Flat Spring characteristic curve; i.e., low force increase, even with high forces and large strokes
- > Choice of linear, progressive or decreasing spring characteristic curves
- > Compact form factor for installation in small spaces
- > Large variety of end fittings for efficient assembly
- > Dampened adjustment motion over defined ranges or continuously
- > Extension speed control possible

CARAVAN BED FRAMES

Made from lightweight aluminium (which is 30% lighter than a standard steel bed frame), the Coast Bed Frames are designed in Australia. Their frame is powder coated in a neutral colour (stone beige) to compliment any RVs interior. Slats are made of sturdy European birch timber which is not a hard wood; it therefore offers more flexibility, making it more resilient to breaks. The slats have a textured finish on the side that makes contact with an applied mattress – this reduces shifting caused by movement. The slats are attached to the frame by means of rubber boots which are more flexible than the polypropylene alternative (as harder plastics tend to crack and split over time due to movement). Comes with a 1 year manufacturer's warranty on the frame.

CANOPY LIFT MECHANISMS

150-00200

POP TOP INSERT BOWS

These curved bows slide into most pop top vinyl sleeves to ensure the vinyl or canvas folds in when the roof is lowered. They extend up to 255mm in length.

CANOPY LIFT MECHANISMS (FLAT)

A flat 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. They are made of a steel track on the bottom and top sections, as well as two flat steel lengths that form an 'X' and pivot in the centre. Available in two lengths.

250-00500

Specifications

Width: 700mm

Lift Height: 560mm

Weight Rating: 35kg

250-00520

CANOPY LIFT MECHANISM (TUBULAR)

A tubular 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. It is made of a steel track on the bottom and top sections, as well as two tubular steel lengths that form an 'X' and pivot in the centre.

Specifications

Width: 900mm

Lift Height: 685mm

250-00530

CANOPY LIFT MECHANISM 1200MM

A flat 'scissor' style canopy lifter which raises the roof on a pop-top or campervan. It is made of a steel track on the bottom and top sections, as well as two steel lengths that form an 'X' and pivot in the centre.

Specifications

Width: 1200mm

Lift Height: 990mm

Weight Rating: 35kg

CANOPY EASY LIFT ARMS

Canopy easy lift arms (pair), made from 16mm square tube steel with a wall thickness of 1.2mm.

- > White powder coat finish

- > Sold per pair

POP-TOP & CAMPER PARTS

ROOF CLAMP FOR POP TOPS

250-00552 ROOF CLAMP FOR POP TOP - WHITE

(2 Part kit)

250-00554 ROOF CLAMP WITH J HOOK FOR POP-TOP BLACK

Essential for all pop tops, these roof clamps secure the roof in the lowered position whilst in travel. Comes as a 2-part kit, a clamp & small J bracket.

250-00560 J HOOK FOR WHITE POP-TOP CLAMP

250-00602 ROOF CLAMP FOR POP-TOP - SILVER

(2 Part kit)

250-00610 J HOOK FOR SILVER POP TOP CLAMP

250-00620 LOCKABLE ROOF CLAMP FOR POP-TOP - SILVER

Allows you to lock your pop top roof in the closed position by using a padlock. (Padlocks are not included).

200-08038 COAST POP TOP SUPPORT - WHITE

Give your pop top roof support when it is in the open position. Its telescopic mechanism makes it easy to use, and once the appropriate height is achieved, a simple twist locks it in position. Made from an aluminium tube with rubber caps on each end for a

Specifications
Closed Length: 34cm
Max Open Length: 50cm

250-03000 3 STAGE CAMPER LIFTER WITHOUT WINGS

Once you have successfully opened your Jayco camper trailer these lifters act as a support to keep your camper trailer in the 'open' position.

Specifications
Compacted ext: 770mm
Maximum ext: 2047mm

250-03100 COAST CAMPER ROOF SUPPORT POLE

Coast Camper Roof Support Poles are designed to provide additional support for your camper's roof. Perfect for when your roof is up for long periods of time or if you have added additional load to your roof such as an awning. This product has the following great features:

- > Made from white powder coated lightweight aluminium
- > Rubber end caps for a non-slip fit
- > Can be trimmed down to suit a range of RVs.

Specifications
Length: 1500mm
Width: 22mm
Length with Rubber End Caps: 1525mm
Rubber End Cap Width: 35mm

250-03009 CAMPER LIFTER CHANNEL DOOR

Door and surround to suit Jayco camper lifter channels.

ALUMINIUM EXTRUSION

250-03010**PUSH RODS 66"**

These strong, flexible push rods guide the roof of your camper trailer upwards as you wind the crank. They help to push the lifter arm up.

TAPE FOAM PVC SEALING

This general purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to tight radius curves are critical considerations.

- > Low density foam is easy to compress and conformable, but is still strong and resilient
- > Insulates against temperature, sound and vibration
- > Formulated from durable Poly Vinyl Chloride (PVC) for long service life.
- > Closed cell structure completely seals out air, moisture, light and dust when compressed at least 30%.

LIPPERT SLIDE OUT ROOMS

THE LIPPERT RANGE

Exclusively available through Coast to Coast, Lippert present their ready-to-use in Wall Slide Out Systems, allowing Australian manufacturers to provide more living space to RV consumers without compromising overall size.

In order to provide greater flexibility, improved aesthetics and pricing, Lippert Slide Out Systems are no longer sold in kits. Individual components can now be ordered to suit your specific requirements and a list of parts and required quantities is now available.

For your convenience it is still possible to order all the components that make up each of the superseded kits. Just let your friendly Coast to Coast sales team know the kit number and quantity required and we'll handle the rest.

Durable and Corrosion Resistant

Lightweight anodised aluminum resists rust better than systems with chains, cables and exterior mounting brackets.

More Space

Slide-Out mechanism fits inside the wall cavity leaving significantly more interior space. Other bulky systems require a slide room fascia to cover motor and pulleys.

Leak Free

The 50/50 power split ensures both slide room sides properly compress seals. Independent side control allows different stroke lengths to compensate for bulb seals setting or wearing down unequally.

Lightweight

Lightest slide system on the market keeps overall RV weight down.

No Adjustments

The In-Wall Slide-Out System never needs complicated adjustments.

Smart Control Technology

Smart system continually monitors motors for safe operation, and stops the slide-out if an issue is detected.

Specifications

- > Each Slide Out System (per side) consists of: x1 Motor Drive, x2 Drive Gears and x1 Torque Shaft
- > Can be installed on RVs with a wall thickness of 25-38mm
- > Has a manual override function
- > Switch is mounted internally (to move room in or out)

**300-01220****PAIR OF ROLL OUT AWNING TIE DOWN CLAMPS**

Protect your roll out awning in all conditions with these stainless-steel tie downs. Simply fit over each end of the roller and locate the rear of the awning groove, add your guy ropes to the loops and secure to the ground.

GLO-X POWERLESS ILLUMINATION

Glo-X offers 'powerless illumination' and has been developed using the latest in light recycling technology. Due to its unique properties, Glo-X is ideal for use in areas where power is not readily available, but illumination is required.

300-01451**GLO-X 60MM ROUND MARKER**

Glo-X Round Markers can be used for a wide range of applications including trailers, caravans, driveways, night guidance, fishing, boating, camping, post marking and safety markings. Easily attachable by a screw, rivet or bonding.

The Round Markers charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions. Applied to stairs or hidden obstacles during low light periods or in the event of a power failure. A Round Marker can add a personal touch of illumination to many products that will set you apart from others.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

Applications

- > Trailer
- > Guy rope tent peg marker
- > Driveway / letterbox marker
- > Night guidance
- > Fishing, boating
- > Camping
- > Post marking
- > Hazard safety marking

Specifications

Diameter: 60mm

Thickness: 4mm

Centre Hold Diameter: 5mm

GLO-X POWERLESS ILLUMINATION

300-01456

GLO-X 90 X 55MM SIGN TILE MARKER

Glo-X Sign Marker is easily locatable and encourages way finding and identification in low light situations. The size of a business card, this marker can be personally formatted into any symbol, wording or signage. Can be used for a wide range of applications including caravans, trailers, driveways, night guidance, fishing, boating, camping, emergency and personal identification, instructions and safety markings. The Sign Marker comes with a black marker pen to enable you to personalise the use and application of the signs.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

Applications

- > Address and name marking
- > Emergency equipment location marking
- > Personal notes
- > Hazard awareness
- > Preventative signage

Specifications

Dimensions: 90 x 55mm
Thickness: 2.5mm

300-01457

GLO-X 42MM ZIP MARKER 4PK

Glo-X Zip Marker will charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions.

Glo-X Zip Markers can easily connect to an existing zip. With a wide range of applications available including tents, backpacks, sleeping bags and clothing, this zip marker is essential for use when locating a zipper in a low level light situation as well as being a powerless long lasting personal safety indicator. The Glo-X Zip Marker will charge quickly with any form of powered or natural light and then illuminate for 10+ hours depending on light conditions.

FULL LUMINANCE EFFECT IS BEST ACHIEVED IN TOTAL DARKNESS.

Applications

- > Easily clipped onto an existing zip
- > Ideal for use when locating tent zips
- > Perfect for backpacks, clothing and sleeping bag zips

Specifications

Length: 40mm
Height: 10mm
Thickness: 5mm

COAST CAMP N COOLER

300-06000

COAST CAMP N COOLER

The perfect way to store your cold goods when free camping, at the beach or picnicking. The 30L cooler includes dual folding wing tables to hold food and drink, two convenient mini-camp chairs that clip under the table wings and folding carry handles and integrated wheels for easy maneuvering

Features

- > Portable 30L cooler with removable storage tray
- > Folding carry handles and wheels for ease of movement
- > Dual folding wing tables with folding support legs
- > Two folding mini-camp chairs that clip under table wings for easy storage.

Specifications

Folded Size: (L)55cm x (W)37cm x (H)41cm
Extension Size: (L)100cm x (W)55cm x (H)41cm
Chair Weight Rating: 89kg
Chair Size: (H)26cm x (W)24cm x (D)22cm
Weight: 9kg

COAST FIRE PITS

Enjoy the cooler weather with the Coast to Coast Firepit. This portable steel firepit folds up for easy storage and allows you to setup a safe and cosy campfire in no time at all. Assembly requires no tools and takes just seconds, so you can enjoy the warmth of a fire without the hassle.

Made from 3mm BlueScope steel it comes standard with a 1.6mm Galvanised ember tray, optional grill and hot plate also available. The Coast Firepit is CNC Laser cut to precision for a perfect press fit assembly in seconds.

Features

- > Made from 3mm BlueScope steel
- > Perfect for the campsite and backyard
- > Laser cut carry handles
- > 1.6mm Galvanised ember tray
- > Assembly in seconds
- > Folds up for easy storage
- > Optional grill and hot plate also available
- > Australian Made

PALM DRINKWARE

PALM PRODUCTS

Marc Newson Tritan Drinkware Collection

The Marc Newson Tritan Drinkware Collection is the result of a collaboration between designer Marc Newson, described as the most influential designer of his generation and the engineering and production skills of Robert Wilson and his team at Palm Products.

Their objective was to create the world's finest range of unbreakable drinkware which boasts the following features:

- > Guaranteed unbreakable and dishwasher safe for 10 years in private use and one year in commercial use.
- > Superior dishwasher stability - the drinkware will not crack, break, scratch or go grey and will resist staining.
- > Non-slip base aids stability and acts as a coaster, protecting surfaces.
- > Stable, shorter shapes with well-weighted, wide bases.
- > Tumblers stack securely, saving space and preventing damage.

THE PALM CAFFE CUP

The Palm Caffe Cup has a beautiful, tactile design and many distinctive features:

- > A leak-proof lid which clicks open and closed with a simple push.
- > The lid has a ceramic feel and both the cup and lid area are made from a non-absorbent material eliminating stains and odours.
- > A handy window showing how much is left in your cup
- > The cup and lid click apart for easy and thorough cleaning.
- > Dishwasher and microwave safe.
- > Allows a natural drinking action- the lid allows the liquid to flow as it would from a cup and has a wider opening for other contents such a soup.
- > Non-slip base and low centre of gravity for stability.

PALM TRITAN SALAD BOWL

The Palm Tritan Salad Bowl with lid is a truly versatile item for your pantry. Unbreakable and dishwasher safe, this virtually airtight bowl can be used in many different ways, saving you precious storage space in your caravan or RV.

- > Salad bowl with lid keeps freshness in.
- > The lid on its own can be used as a serving tray.
- > The bowl can be used for all of your favorites such as chips, salad or fruit.
- > Flip the bowl over and it can be used with the lid as a base creating a covered cake tray.
- > Once inverted the bowl can be used to cover serving plates for freshness and hygiene.

ARK TOW BALL MOUNT & TOW BALL

The adjustable Ark Tow Ball Mount is designed to level your trailer and vehicle. It has five adjustable points and is suitable for 4x4s.

Max Towing Capacity: 2500kg*

** The towing capacity of the Ark Tow Ball Mount may exceed the towing capacity of the tow bar or vehicle. Always refer to the manufacturers specifications regarding the towing capacity of your tow bar or vehicle.*

350-00021

ARK BLACK SHIN PROTECTOR WITH TOW BALL COVER

Ensures that the tow ball cover is secured whilst towing, suitable for 50mm and 1 7/8" tow balls.

350-00022

3.5 TON, 50MM CHROME PLATED TOW BALL

Shank Size: 22.23mm

Diameter x 51mm, Towing Capacity 3500kg

TOWING ACCESSORIES

REESE TOW VEHICLE ACCESSORIES

350-00040

RATCHETING CARGO BAR

Strong and easy to use, the Reese® Ratcheting Cargo Bar will keep your cargo secured in the ute tub, tray or boot. Fitted with rubber end pads it will also protect the vehicle from scratches and metal contact.

The Ratcheting Cargo Bar extends from 102cm to 178cm, fitting most tub and cab chassis utes even fitting SUV or family wagon boots to keep the shopping and luggage where you need it most.

- > Helps prevent cargo from moving during travel
- > Universal fit extends from 102cm to 178cm
- > Padded ratcheting handle making comfortable tightening a breeze
- > Easy ratchet function to tighten means that installation is quick and easy
- > Rubber ends ensure that the vehicle is protected from scratches and cargo slippage

350-00042

SMALL TAILGATE PROTECTIVE PAD

- > Simple installation and removal
- > Secures to tailgate with two attached straps with buckles
- > Top buckle strap secures cargo down to tailgate during transit
- > 600D weather resistant heavy duty fabric with a heavy duty foam core
- > Pad measurement 45cm x 22cm

350-00044

LARGE TAILGATE PAD

- > Universal - fits most medium and larger size tailgates
- > Pad measurement 135cm x 70cm
- > Added cushioning and protection
- > Rainproof tarpaulin material
- > Three straps wrap around tailgate and secure with three buckles
- > Additional hook and loop straps secure cargo to the pad
- > Flap in centre of pad allows tailgate handle access
- > 600D weather resistant heavy duty fabric with a heavy duty foam core

350-00046

TARP CLIPS 4 PC JAR

Need to anchor your tarp, awning or tent but don't have any usable eyelets?

Reese® Tarp Clips are the answer, made with high impact resistant plastic; the Tarp Clips provide hook anchor points to replace torn eyelets or to add additional anchor points where needed. They are ideal for securing canopies, tarps, awnings, tents, covers and much more.

The vice-like gripping power keeps your tarp in place to keep your gear safe and secure from the elements. Sold in a handy-to-store container, the Tarp Clips are ready when you are.

- > Made of high impact resistant material that will not damage tarps or canopies
- > Ideal for securing tarps, canopies, awnings, tents, covers and much more
- > Heavy Duty and crack resistant
- > Vice-like gripping power
- > Easy to tighten, easy to release
- > Comes in a handy reusable container for storage; you'll never have to hunt around for them in your toolbox or bag again

350-00048

HITCH PIN LOCK & 3.6M CABLE

Prevent theft and lock your equipment, perfect for ute trays, trailers, caravans, roof and bike racks. Lock your cargo with ease

- > Installs in seconds with a push to lock feature
- > Stays on while towing
- > Braided steel for strength and flexibility
- > 3.6m vinyl coated 10mm cable
- > Corrosion resistant

350-00050

CHROME CLIP-ON TOW BALL COVER

Protect your clothing from grease, clips on securely thanks to the spring clip inside, suits 50mm & 47.63mm (1 7/8") tow balls.

350-00052

BLACK SOFT PVC TOW BALL COVER

Protect your clothing from grease, fits securely thanks to the moulded shape, suits 50mm & 47.63mm (1 7/8") tow balls.

350-00054**BLACK CLIP-ON TOW BALL COVER**

Fits securely thanks to the spring inside, suits 50mm & 47.63mm (1 7/8") tow balls.

**350-00056****TOW BALL BUDDY COVER & SHIN PROTECTOR**

Enhance the look of your tow bar and keep your shins out of trouble with the ark tow ball buddy.

- > Clip on chrome cover
- > Covers ball and ball mount
- > Soft shin protector
- > Suits 50mm and 1 7/8" tow balls

**350-00060****HAYMAN REESE HITCH STEP**

Designed to stay in place whilst towing, the Hitch Step mounts over your tow ball. Three simple steps is all it takes to assemble your step onto the towbar's tow ball mount. The step features a high grade aluminium body with machine cut non-slip tread, making it corrosion resistant and giving extra grip for those slippery situations.

- > Easy to install, 4 bolts and you're done
- > Fits virtually any towbar, with a flat sided tow ball mount
- > Aluminium construction that is light-weight, corrosion resistant and looks great on the back of your car
- > High-grip non-slip step, keeping you safe in the wet
- > Raised upper lip to prevent you sliding off
- > Ideal for boat owners, helps keep your feet dry when launching or retrieving your boat

Specifications

Weight Capacity: 120kg
Length: 355mm
Width: 75mm

350-00070**BLACK SHIN PROTECTOR**

No more bruised shins. Made from soft rubber the shin protector fits securely over the tow bar goose neck.

**SHACKLES**

The current standard applying to shackles is AS 2741-2002, however this standard does not specifically cover the use of rated shackles in an application such as attaching a trailer to a tow bar. This standard covers the use of shackles for lifting purposes.

The Caravan Industry Association of Australia's recommendation is that a shackle meeting the requirements of AS 2741-2002 be used to secure rated safety chains up to 3500kg capacity.

Suitable shackles have the following specifications:

- > Meet the requirements of AS 2741-2002
- > Shackle grade is "S" or "6"
- > Working load limit (WLL) is 1000kg
- > Shackle diameter is 10mm
- > Either "bow" or "dee" shackle design is suitable, although it is noted that the "bow" design provides greater angular displacement

A significant detail to understand is that the breaking load of a shackle is generally six times the working load limit." Source: RVMAP Technical Alert - D-Shackle Confusion Resolved, 20.10.2014

450-05000**DEE SHACKLE GALVANISED 8MM (5/16")**

Not to be used with safety chains as this is a general purpose shackle.

BUCKLE**

MILENCO TOWING MIRRORS

350-00402**MILENCO FALCON MIRRORS**

Lightweight and strap free, these Falcon mirrors feature an aerodynamic head to limit vibration whilst towing. They're super easy to attach to your vehicle's existing side mirrors, simply position the rubber grips onto your side mirror and tighten the thumb wheels accordingly. The convex mirror head is adjustable to maximise your tow vision. The Falcon comes with a handy storage bag and is suitable for use on most 4WD's and vans e.g. Nissan Navara. Sold in pairs.

**Specifications**

Mirror Head: 220W x 140H (mm)

Arm: 420mm

350-00403**MILENCO GRAND FALCON
CONVEX TOWING MIRROR
(TWIN PACK)**

The Grand Falcon Mirror offers a new design utilising a similar operation as the Milenco Grand Aero Mirror, but with using only a single thumb screw on each clamp for quick and easy fitting with a larger head, giving maximum field of view. Typically the larger field of view will show the roof, down to the wheels on the towed caravan/trailer.

Fitting is extremely simple with a single screw that clamps both the car mirror and the arm at the same time.

350-00405**MILENCO AERO 3 XXL
WIDE CONVEX MIRROR
(TWIN PACK)**

The Aero Extra Wide Mirrors and Grand Aero Extra Wide Mirrors are the same as the Aero 3 Mirrors and the Grand Aero 3 Mirrors. This mirror has longer arms for wider caravans, RV's or travel trailers, the Extra Wide Mirrors are only available in convex.

This enables users to have a better field of vision, particularly in instances when they have a narrow car and a wide caravan.

TOWING MIRRORS

350-00407

**MILENCO GRAND AERO
3 EXTRA WIDE CONVEX
TOWING MIRROR (TWIN
PACK)**

The Aero Extra Wide Mirrors and Grand Aero Extra Wide Mirrors are the same as the Aero 3 Mirrors and the Grand Aero 3 Mirrors. These mirrors have longer arms for wider caravans, RV's or travel trailers, the Extra Wide Mirrors are only available in convex.

The arm is approximately 41cm, as opposed to the Aero standard arm of 31cm.

This enables you to have a better field of view particularly when you have a narrow car and a wide caravan.

350-00408

**MILENCO FALCON SUPER
STEADY TOWING MIRROR
(TWIN PACK)**

The Falcon Super Steady Mirrors are quite simply the best budget mirrors money can buy.

These Mirrors are in a completely different league of engineering quality and design to other budget Mirrors. These Mirrors are superior in every way and fit easily to all vehicles. They are completely compliant with the very latest vehicle safety regulations and are approved to the new 04 series of approvals.

350-00413

**MILENCO MGI SAFETY
TOWING MIRROR CONVEX
SINGLES**

This mirror is ideal for those who tow occasionally. The MGI - Milenco Safety Mirrors are simple to fit, but more importantly, they meet all the latest Safety Regulations for Towing Mirrors. The tensioning straps and handles means they can be adjusted to fit most typical traditional car mirrors. Sold in singles

REICH TOWING MIRRORS

Reich made quite a name for themselves when they developed the Move Control Series of caravan movers. Now these innovative Germans have produced a range of towing mirrors designed to give you a vibration free, hassle free & obstruction free towing experience. They feature a turn knob which controls the length of the straps, ensuring maximum tightening security onto the existing car mirror.

350-00600
REICH EXCELLENT
VIEW TOWING MIRROR

The pioneer in the Reich Mirror Series, adjustable clip on mirror suitable for vans, 4x4's, motor homes etc, rigid construction minimizing vibration, has rubber suckers to protect your cars mirror, has a large 20 x 13(cm) convex mirror. Sold singularly.

350-00620
REICH HANDY MIRROR
XL EXTENDED

Same features as the XL mirror above but has longer arms making it suitable to tow wider & longer caravans. Sold singularly.

350-00610
REICH HANDY MIRROR
XL

Features positive adjustable straps with quick release, has an adjustable mirror head, the jointed arms allow for installation on large size vehicle mirrors, has a large 20 x 13cm convex mirror. Sold singularly.

350-00640
REICH SPEEDFIX MIRROR

The name says it all! The Speedfix is a clip-on mirror with a patented rod end. The innovative fastening system, in conjunction with a semi-flex arm, ensures suitability with most 4WD and car mirrors. The rigid design and aerodynamic head ensures a vibration-free towing experience. Comes with a carry bag and is sold in pairs.

Specifications

Mirror Head: 220W x 120H (mm)
 Arm: 350mm

BRAKE CONTROLLERS

350-01218**HAYMAN REESE COMPACT IQ PROPORTIONAL BRAKE CONTROLLER**

The Compact IQ is the 'proportional' version of the 'time-activated' Compact brake controller (part number 350-01216 above). The Compact IQ encompasses minimalism, thanks to its super easy plug and play installation. Two dials are left on the dashboard facilitating easy operation, while the actual controller is installed behind or under the dashboard. Suitable for use with 1-3 axles, it includes a 'boost' function to give the driver the ability to set a minimum braking power. An LED indicator (one of the dials on the dashboard) constantly shows the status of the braking system. The Compact IQ is fully compatible with Electronic Stability Control systems and comes with a Hayman Reese 3yr warranty.

**350-01232****TEKONSHA #9030 VOYAGER 12V BRAKE CONTROL**

The Voyager has recessed controls which protect the gain and level settings from accidental readjustment. Its internal sensor measures the amount of deceleration and sends the required amount of power to the trailer brakes. Its circuitry ensures minimum interference with other electronic systems such as ABS & cruise control. The Voyager has the traditional 4-wire hook up and comes with a U-shaped bracket for permanent installation. The LED display shows a complete circuit when green and as power (whether manual or automatic) is applied, it will change colour. Suitable for single and double axle trailers.

**350-01238****TEKONSHA PRODIGY P2 12V BRAKE CONTROL**

Suitable for 1 - 4 axle trailers, the Prodigy P2 is a proportional style brake controller. It is designed to work in with electronic-over-hydraulic brake systems and has numerous mounting options, incorporating 360 degree vertical rotation. The Prodigy P2 adjusts itself to the terrain as you drive, making it especially handy when reversing into tough spots. It works proportionally in reverse, with the ability to disable itself when it is not needed. The "boost" feature gives users the ability to apply more braking power when towing heavier trailers/ horse floats, which also gives you more control. When not being used, the Prodigy P2 can be easily disconnected allowing for storage elsewhere.

**Specifications**

Weight: 590g

Dimensions: 76H x 114W x 267L (mm)

350-01250**TEKONSHA BREAKAWAY SWITCH (2010)**

For trailers over 2000kg (Gross Trailer Mass) it is a requirement that a mechanism is in place in the event that if the trailer and tow vehicle separate accidentally, the trailer brakes are applied at full power for at least 15 minutes. One way to combat this is with a breakaway switch which sets the trailer brakes in case the trailer breaks away, however this is not to be used as a parking brake. Made from nylon with a weldable tab.

**350-01260****TEKONSHA SHUR-SET III BREAKAWAY KIT**

Kit includes a 5A battery with lockable case and nylon breakaway switch and only weighs 2.5kg.

**Specifications**

Dimensions: 15.9L x 16.2W x 21.6H (cm)

BRAKE CONTROLLERS

**350-01274
BREAKSAFE REMOTE
BATTERY MONITOR**

To be used in conjunction with the Breaksafe 6000 (part #350-01280 below), this remote monitor is fitted to the tow vehicle and checks the charge condition of the Breaksafe battery each time the brakes are applied. If the battery is low, a red light will be visible on the front panel of the monitor and a buzzer will sound.

**Specifications**

Dimensions (mm): 63W x 22H x 49L

**350-01276
BREAKSAFE BATTERY**

A maintenance free and rechargeable sealed lead acid (SLA) battery. 12V, 7AH.

**350-01280
BREAKSAFE BREAKAWAY
SYSTEM 6000**

The Breaksafe 6000 is suitable for use in caravans, trailers & horse floats. It is compact & easy to install &, has easy access to the battery compartment for servicing. Its lead acid battery as well as the internal circuit board case is enclosed offering better resistance to water. Suits all electric brakes & is charged using your vehicle's battery.

BREAKSAFE ACCESSORIES

**350-01283
BREAKAWAY SWITCH WITH
COIL CABLE**

The Breaksafe Breakaway Switch now comes with a new coil cable and stainless steel quick release clip for easy connection to your towing vehicle. This also makes the connection to the tow vehicle much neater. The coil cable stretches to 1.2mts for connection to the tow vehicle and will compress to 100mm when disconnected.

**350-01285
BREAKAWAY COIL CABLE
WITH PIN AND RELEASE CLIP**

Suitable for Breaksafe Breakaway switches only, this option is available if you already have a Breaksafe Breakaway Switch.

TOW SECURE BREAKAWAY KITS

350-01406
TOW SECURE TS2000
BREAKAWAY CONTROL +
HARNES WITH TEKONSHA
SWITCH

The Tow Secure TS2000 automatically applies the trailer brakes and the trailer stop lights in the event that the trailer separates from the tow vehicle. The TS2000 uses the battery in your RV as its source of energy storage meaning that without an internal battery it is nice and compact. It features a 5m wiring harness to connect to the RV's battery which it will not draw power from while on standby

It has a wireless receiver which is housed on the dash so that the driver can monitor the battery status via LED and audible alarms. The control module performs a 'self-test' every time the tow vehicles' engine is started to ensure everything is operable and whilst towing. The control module can be paired with multiple wireless receivers - this may be required if the same trailer is towed by different vehicles.

- > Reduced size thanks to no internal battery
- > No power draw while on standby
- > 5m Wiring Harness
- > Power indicating LED

CURT BRAKE CONTROLLER'S

350-01340
CURT TRIFLEX™ BRAKE
CONTROLLER

The TriFlex™ proportion-based brake controller features a compact size, a digital display and the ability to manage up to eight brakes at a time.

- > Triple-axis, motion-sensing accelerometer for highly responsive, smooth stops
- > Third axis provides dynamic power adjustments when going up or down a hill
- > Nine levels of sensitivity adjustment for varying loads or driving conditions
- > User-selectable power output and trailer brake light activation
- > Automatic levelling and calibration eliminate setup requirements
- > The digital display shows power adjustments in 0.1 increments
- > Built-in reverse-polarity and short-circuit protection
- > Tow vehicle 'low voltage' and trailer disconnect indicators
- > Compatible with low-volt, PWM, ABS, cruise control and electric over hydraulic
- > Mounts at various angles, above or below the dash, to increase usability
- > Auto sleep mode prevents battery drain after five minutes of idle time
- > Equipped with a quick plug for fast, easy installation
- > Includes mounting hardware

350-01342
CURT SPECTRUM BRAKE
CONTROLLER - DASH MOUNT

Powerful, precise braking operation in an extremely simple and subtle design, dash-mounted inside your vehicle.

- > Controls all brake settings with a simple push-button rotary knob
- > Clean, dash-mounted, OEM-style user interface with 10 tri-colour LEDs
- > The main module can be mounted out of sight
- > Motion-sensing accelerometer for highly responsive, smooth stops
- > Easily accessible manual override with the press of a button
- > Features two installation options: drill mount or surface adhesive mount
- > User-selectable power output and trailer brake light activation
- > Automatic levelling and calibration eliminate setup requirements
- > Equipped with a quick plug for easy, plug-and-play installation
- > Operates 2-8 trailer brakes at a time (1-4 axles)
- > Built-in reverse-polarity and short-circuit protection
- > Compatible with low-volt, PWM, ABS, cruise control and electric over hydraulic
- > Tow vehicle 'low voltage' and trailer disconnect indicators
- > Includes mounting hardware
- > Knob outside diameter is 48mm

350-05232**SECURELATCH™ PINTLE HOOK**

The CURT SecureLatch pintle hook is fast and easy to adjust, featuring an auto-locking system and rated to 13,500kg. For use with the Rebellion™ XD Pintle Mount Attachment.

- > Auto-locking system secures primary latch without manual coupling required
- > Cupped hook tightly holds pintle ring fore and aft to reduce chucking and noise
- > Built-in backplate helps position pintle ring for easier hookup
- > Fits SecureLatch pintle mounts with a slotted plate (sold separately)
- > Quick, easy, one-tool height adjustments - no disassembly required
- > Integrated, intermediate safety chain hangers keep chains off the ground
- > Rated for 13,500kg gross trailer weight and 2720kg vertical load
- > Couples to pintle rings with a 2-1/2" or 3" inside diameter
- > Cast iron construction is austempered for superior strength and wear resistance
- > Battleship grey finish for excellent exterior durability
- > Bright zinc-plated hardware for corrosion resistance (mount bolts not included)
- > Limited lifetime warranty (one-year finish, one-year parts)
- > SecureLatch pintle mount and bolts required for installation (sold separately)
- > Safety pin must be installed before towing

350-50000**CURT REBELLION™ XD BALL MOUNT**

Dynamic, adaptive suspension ball mount featuring ShockDrop™ technology.

- > Dynamic, adaptive suspension ball mount featuring ShockDrop technology
- > Dampens jerking and jarring from bumps and potholes for smoother towing
- > Cushioned isolator reduces rattling and vibration for a more comfortable ride
- > Increases driver control by reducing the tendency for trailer sway
- > Improved trailer control during events of sudden braking
- > Virtually maintenance-free with no airbag or bearings to service
- > Minimises stress on tow vehicle's suspension and brakes for extended longevity
- > Lighter-weight design for less stress on the trailer hitch receiver
- > Adjustable, six-position head for precise levelling with different trailers
- > 152mm maximum drop (shank cannot be flipped)
- > Cast steel construction for dependable towing power
- > Textured, dark grey teridium finish for a premium look on your vehicle
- > Tested and rated to 4500kg/450kg
- > Fits 50mm Square Hitch (Class 4)

350-50002**REBELLION™ XD TONGUE ATTACHMENT (70MM TOW BALL)**

1-1/4" hole to accept a 70mm tow ball. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- > Mounts onto CURT Rebellion XD Adjustable Shank
- > 1-1/4" hole to accept a 70mm tow ball
- > Constructed from cast steel for optimum strength
- > Protected by a dark grey teridium powder coat finish
- > Weight capacity: 4500kg/450kg

350-50004**REBELLION™ XD TONGUE ATTACHMENT (50MM TOW BALL)**

7/8" hole to accept a 50mm tow ball. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- > Mounts onto CURT Rebellion XD Adjustable Ball Mount
- > 7/8" hole to accept a 50mm tow ball
- > Constructed from cast steel for optimum strength
- > Protected by a dark grey teridium powder coat finish
- > Weight capacity: 3500kg/350kg

350-50006**REBELLION™ XD PINTLE MOUNT ATTACHMENT**

Accepts any CURT mount-style pintle hook or ball and pintle combination hitch. Mounts onto CURT Rebellion™ XD Adjustable Ball Mount.

- > Mounts onto CURT Rebellion XD Adjustable Shank
- > Accepts any CURT mount-style pintle hook or ball and pintle combination hitch
- > Integrated rubber dampener for enhanced vibration resistance
- > Constructed from cast steel for optimum strength
- > Protected by a dark grey teridium powder coat finish
- > Standard pintle plate holes spaced 84mm wide by 31mm high
- > Weight capacity limited to Rebellion XD ball mount
- > Includes four bolts to mount the pintle hitch (Rebellion XD sold separately)

350-50010**REBELLION™ XD TONGUE & HITCH LOCK SET**

This lock set for the Rebellion™ XD ball mount provides enhanced security for your towing setup. The unique, integrated design fits all CURT Rebellion XD accessories.

- > Lock set secures both Rebellion XD tongue and shank
- > Locks replace standard clips and hitch pin for increased security
- > The unique, integrated design fits all CURT Rebellion XD accessories
- > Easy-to-operate, 1/4-turn lock activation
- > Locks keyed alike for convenient one-key operation
- > Cast aluminium accessory lock for superior weather resistance
- > Stainless steel hitch lock for lasting rust resistance
- > Includes two locks and two keys

350-51000**CURT 5/8" TOW HITCH PIN WITH CLIP SET**

15.8mm diameter pin fits 50 Square Hitch (Class 4)

- > Secures ball mounts and other receiver tube inserts
- > Bent handle for an easier grip

350-51002

CURT 5/8" GROOVED TOW HITCH PIN WITH CLIP SET

- > 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- > Secures ball mounts and other receiver tube inserts
- > Grooved pin allows clip attachment at any angle
- > Protected by a durable zinc-plated finish

350-51010

CURT 5/8 IN RIGHT ANGLE LOCKING TOW HITCH PIN

- > 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- > Right-angle design with swivel head for easier access
- > Protected by a durable chrome-plated finish
- > Easy-to-operate, 1/4-turn lock activation
- > Watertight dust cap prevents internal corrosion
- > Includes two keys for added convenience

350-51012

CURT 5/8 IN DOGBONE LOCKING SS TOW HITCH PIN

- > 5.8mm diameter pin fits 50mm Square Hitch (Class 4)
- > Stainless steel construction for lasting rust resistance
- > Easy-to-operate, 1/4-turn lock activation
- > Watertight dust cap prevents internal corrosion
- > Includes two keys for added convenience

350-51014

CURT 5/8 IN DOGBONE CHROME LOCKING TOW HITCH PIN

- > 15.8mm diameter pin fits 50mm Square Hitch (Class 4)
- > Protected by a durable chrome-plated finish
- > Easy-to-operate, 1/4-turn lock activation
- > Watertight dust cap prevents internal corrosion
- > Includes two keys for added convenience

350-52000

CURT TRUTRACK™ WEIGHT DISTRIBUTION HITCH WITH SWAY CONTROL

TruTrack™ weight distribution hitches with sway control are one of the most advanced weight distribution hitches on the market.

- > Integrated sway control actively resists sway and levels the vehicle and trailer
- > Welded head with cast pieces provides solid spring bar attachment
- > Uses spring & cam system with hardened components, instead of metal friction
- > Adjustable brackets provide fixed support unlike spring bar chain models
- > Brackets use friction to resist lateral movement, replacing a sway control

350-53000

ROCKERBALL™ 50MM CUSHION HITCH TRAILER BALL

As your trailer passes over bumps and potholes, it produces all kinds of vibrations, jolting, chucking and noise. With a traditional metal-on-metal connection, these annoyances are directly transferred to your tow vehicle, making your ride noisy, uncomfortable and taking a toll on your towing system.

The CURT RockerBall™ trailer ball provides improved comfort and enhanced control while towing, featuring our unique ShockDrop™ technology. An integrated cushion isolator allows this hitch ball to turn a standard ball mount into a cushion hitch with anti-rattle capabilities.

- > Dynamic trailer ball featuring ShockDrop technology
- > Dampens jerking and jarring from bumps and potholes for smoother towing
- > Cushioned isolators reduce rattling and vibration for a more comfortable ride
- > Reduces shock loads to the vehicle during sudden braking or acceleration
- > Minimizes stress on tow vehicle's suspension and brakes for extended longevity
- > Retrofits onto most existing ball mounts to improve current towing experience

350-52500

CURT SWAY CONTROL KIT

CURT Sway Control Kit is adjustable and easy to install. It comes with a sway unit, a trailer-mounted attachment ball, and bolts, a hitch-mounted attachment ball, a weld-on tab, a mount reinforcement plate, and attachment clips.

Though a weight-distribution hitch is not an ideal solution for trailer sway on its own, CURT weight distribution hitches are made to be combined with a sway control unit and many are available with sway controls included for a complete package.

- > Features adjustment bolt to accommodate different load sizes
- > On/Off handle makes it easy to engage or disengage sway control as needed
- > Two sway control units are recommended for larger trailers
- > Compatible with most A-frame trailers (bolt-on bracket included)
- > Includes sway control unit, trailer-mounted attachment ball & bolt, hitch-mounted attachment ball, weld-on tab to adapt for left-hand use or for use without weight distribution hitch, mount reinforcement plate and attachment clips.

CURT CARGO BAGS

350-00030**CURT TRAILER BALLS**

CURT Trailer Balls are designed for strength, ease of use, and ultimately, to get you to your destination without hassle.

These tow balls are an excellent extension of your class 3 or class 4 trailer hitch and ball mount, and are the ideal choice for most pickup trucks and SUVs (NOTE: Never exceed the lowest weight capacity of any towing component; i.e. the vehicle, hitch, trailer, etc).

To give you peace of mind while towing to that next destination, we also carefully test our trailer balls and ensure that each one meets U.S. VESC specifications.

- > Fine threads for superior hold
- > Chrome-plated finish
- > Zinc-plated hardware
- > VESC tested for safety

450-00500**CURT WHEEL CHOCK SET (UP TO 17" WIDE WHEELS)**

- > Ideal for chocking wheels on a parked trailer
- > Perfect for adding safety during vehicle maintenance
- > Compatible with wheels up to 17" wide
- > Raised tread offers a better grip on the wheel
- > Saw-tooth edges on the base provide solid traction on the ground
- > Constructed from durable plastic
- > Always to be used with vehicle brake
- > Not for commercial use

**CURT CARGO BAGS**

CURT cargo bags are the ideal way to keep your belongings well protected from water, dirt, road grime and even wind damage, all while being easy to manage and perfectly fitted for a CURT cargo carrier or roof basket. Unlike other cargo bags that use a thin vinyl material, our cargo bags are made from a thick UV-resistant vinyl and have welded seams to be highly water-resistant. Thick, 1" wide polypropylene straps keep the bag firmly attached to the carrier and ensure your belongings will not jostle around.

SPHERE TYRE PRESSURE MONITORING SYSTEM AND EXTERNAL SENSORS

Sphere's new Tyre Pressure Monitoring Systems features a solar-powered LCD display wirelessly connected to four waterproof external sensors to monitor individual tyre pressure in real-time. It is the first system in Australia which can be upgraded to monitor up to 10 sensors (including 2 spare tyres) without a booster.

350-01602 SPHERE SOLAR POWERED TPMS KIT WITH 4 EXTERNAL SENSORS

The Tyre Pressure Monitoring System has visual and audible alerts when there is tyre air leakage, high tyre temperature, and too low or too high tyre pressures. The monitor also allows users to customize the high/low pressure alarm threshold by each axle. Users can set the low-pressure alarm as low as 7Psi for especially rough terrains, or change the alarm threshold for an axle taking a heavier load. When fully charged, the solar-powered LCD display battery lasts for 60 hours.

- > BAR/PSI unit setting
- > °F/°C unit setting
- > Rechargeable solar-powered display with high temperature resistant battery
- > Automatic backlight night view
- > Automatic screen brightness for clear view under strong sunlight
- > Auto-sleep function for power-saving
- > Vibration-activated auto-wake function
- > Extra USB charging port
- > One full charge lasts for 60 hours

350-01610 SPHERE - TPMS PACK OF 2 EXTERNAL SENSORS

The IP67 waterproof external sensors can withstand harsh environments and monitor real-time pressures with an impressive ± 1.5 Psi accuracy. Each external sensor is also powered by a replaceable CR1632 button battery and is made with anti-theft lock nuts to provide extra security, requiring our patented tool to remove it.

- > DIY installation
- > ± 1.5 Psi High accuracy
- > 9g external sensors, no need for wheel rebalancing
- > IP67 protection against dust and water
- > Replaceable sensor battery - CR1632 button cell.
- > 2-year sensor battery life
- > Anti-theft lock nuts included to provide extra security

LIPPERT TIRE LINC

LIPPERT TIRE LINC

**ALWAYS BE READY FOR THE ROAD.**

Is your RV ready for the road? The Tire Linc® (TPMS) by Lippert™ is the easy-to-install, always-on tyre pressure and temperature monitoring system that makes sure you're always ready for the road. Integrated with Lippert's OneControl® app, you can monitor your camper trailer, caravan, motorhome, or towed vehicle's tyre pressure and temperature right from your smartphone – don't mess with additional dashboard interfaces again.

350-01624**LCI LIPPERT TIRE LINC 2.0 AU BLUETOOTH TPMS KIT**

Tire Linc® comes complete with four sensors that easily screw on to your existing tyre valves. Additional sets of two extra sensors are sold separately. Installation is a breeze. Starting in 2021, certain RV models will be prepped for the Tire Linc system. For these models, simply place the repeater in the preinstalled docking station and you're ready to go. For those campers not prepped for Tire Linc, the repeater dock (sold separately) will need to be wired into the RV's 12V power system. The Tire Linc® repeater boosts your tyre's sensor signals to ensure that wherever you are, your system is communicating tyre pressure and temperature effectively.

Before a trip, on the road, and in any weather conditions, make sure you know the state of your tyres, with the monitoring system from a manufacturer you trust.

Specifications

- > **CONSTANT PRESSURE/TEMPERATURE MONITORING** – Sensors update pressure and temperature several times each minute while your RV is moving and check every 15 minutes while parked. Plus, sensors notify you any time the tires inflate, deflate, or in the case of a blowout
- > **REPEATER TECH BOOSTS SIGNAL** – Repeater technology "repeats" the signal your sensors send, but stronger, so that your smartphone always has the most up-to-date information.
- > **INTEGRATION WITH ONECONTROL APP** – Manage your sensors, set tyre pressure ranges, get notifications, and view alerts all from your smartphone with the OneControl® app from Lippert™
- > **MONITOR MORE TIRES** – Tire Linc® Tire Sensors allow you to monitor up to 20 tyres at a time with your Tire Linc system. Our additional sensor packs (sold separately) are a perfect way to monitor all tyres on larger RVs, motorhomes, and even tow vehicles
- > **SIMPLE INSTALLATION** – Sensors easily screw on to existing tyre valves, and the repeater plugs into a pre-installed dock (on specific 2021 and beyond models only). Use your OneControl® app to configure sensors and set acceptable tyre pressure ranges

LIPPERT LCI SWAY COMMAND KIT

Tow with confidence. Tow with peace of mind. If you tow a travel trailer RV you know all too well how scary a sway event can be, especially when making emergency maneuvers at high speeds or in heavy crosswinds.

Lippert's new patent pending Sway Command Tow Control Technology is here to take away those fears and promote safety by applying the brakes before a sway event can get out of control!

The Sway Command utilizes both an accelerometer (measures lateral force) and gyroscope (measures angular velocity) to quickly and accurately differentiate between side-to-side and up-and-down movement to prevent false activation - very useful, especially off road!

It has an advanced, patent pending, microprocessor technology that electronically detects trailer sway to apply the brakes swiftly to suppress unswayed sway. A light pod mounts to the front of the trailer to signal to the driver when the system is functioning properly.

The Sway Command has been rigorously tested in sway-inducing towing conditions, including emergency maneuvers, so you can be confident in its abilities. Plus, the controller works independently from your existing brake control so if there is a short or disconnect in the tow vehicle connection, the Sway Command won't also be affected.

350-01720 ROAD GUARD PREFABRICATED CHASSIS BRACKET T/S SWAY COMMAND

QUICK FIT BIKE RACKS

Coast's new Quick Fit Bike Racks are designed to make it easier than ever to take bikes with you on your next adventure. They feature a patented quick connector that makes it extremely quick and easy to fit the racks onto your tow ball!

Unlike other bulky bike racks, the Quick Fit range is made with an ingenious folding system unique to the XF series. This allows you to collapse the Bike Racks to a convenient size that make them easy to carry and store. They even have a clever tilt mechanism that gives you clear access to your boot while the Quick Fit Racks are installed.

The Quick Fit XF series are designed to suit all 50mm tow balls thanks to the adjustable quick connector and can carry nearly all bikes (including e-bikes) and wheel dimensions on their wide aluminium wheel holders. The Quick Fit Pro offers incredible value for money and allows you to mount your bikes so there is no force on the pedals and uses wide plastic wheel holders. The full range features optional Assist Ramps that allows users to maneuver bikes onto the rack effortlessly.

You won't need to worry about putting them together either - they come ready to go straight out of the box and come with everything you need including a handy storage bag.

350-20100**QUICK FIT XF3 FOLDING BIKE RACK - 60KG CAP**

The Quick Fit XF3 is a safe and reliable bike carrier for the transportation of 3 bicycles.

- > Suitable for almost all tow bars, all bicycles (also e-bikes) and wheel dimensions
- > An ingenious folding system makes it easy to carry and store
- > Extremely easy and quick fitting onto the tow bar with the patented quick connector
- > Boot is always accessible thanks to the easy to use tilt mechanism
- > The bicycles are held in wide, stable aluminium wheel holders
- > Flexible lockable and removable Quick Fit frame holders
- > Storage bag included
- > Lighting via a 7 plug
- > Immediate usable from the carton

- > The bike carrier can be secured with the lock on quick connector
- > In combination with the ride-on ramp (350-20120) you can even more easily manoeuvre your bicycle onto the bike carrier

Specifications

Number of bicycles:	3
Tilttable:	Yes
Foldable:	Yes
Mounting of bicycles by lockable and removable frame holders	
Weight:	approx. 21 kg
Maximum load:	60 kg
Bicycle frame diameter:	Ø 22 - 75 mm*
Wheel base bicycle max.:	1250 mm
Bicycle tyre width max.:	55 mm
Wheel holder distance:	approx. 220mm
Colour:	Black
Material:	Coated steel + aluminium

QUICK FIT BIKE RACKS

350-20102

QUICK FIT XF2 FOLDING BIKE RACK - 60KG CAP

The Quick Fit XF2 is a safe and reliable bike carrier for the transportation of 2 bicycles.

- > Suitable for almost all tow bars, all bicycles (also e-bikes) and wheel dimensions
- > An ingenious folding system makes it easy to carry and store
- > Extremely easy and quick fitting onto the tow bar with the patented quick connector
- > Boot is always accessible thanks to the easy to use tilt mechanism
- > The bicycles are held in wide, stable aluminium wheel holders
- > Flexible lockable and removable Quick Fit frame holders
- > Storage bag included
- > Lighting via a 7 plug
- > Immediate usable from the carton.
- > The bike carrier can be secured with the lock on quick connector
- > In combination with the ride-on ramp (350-20120) you can even more easily manoeuvre your bicycle onto the bike carrier

Specifications

Number of bicycles: 2

Tiltable: Yes

Foldable: Yes

Mounting of bicycles by lockable and removable frame holders

Weight: approx. 17 kg

Maximum load: 60 kg

Bicycle frame diameter: Ø 22 - 75 mm*

Wheel base bicycle max.: 1400 mm

Bicycle tyre width max.: 50 mm

Wheel holder distance: approx. 210mm

Colour: Black

Material: Coated steel + aluminium

350-20106

QUICK FIT PRO BIKE RACK - 60KG CAP

The Quick Fit Pro is a safe and reliable bike carrier for the transportation of 2 bicycles.

- > Suitable for almost all tow bars, all bicycles (also e-bikes) and wheel dimensions
- > Extremely easy and quick fitting onto the tow bar with the patented quick connector
- > Boot stays always accessible by an easy to use tilt mechanism
- > The bicycles are held in wide, stable plastic wheel holders
- > Mounting the bicycles with the frame, so there is no force on the pedals of the bicycle
- > Flexible and lockable frame holders
- > Lighting via a 7 plug
- > The bike carrier can be locked with lock on quick connector
- > European permission given by the RDW

In combination with the ride-on ramp (350-20124) you can even more easily manoeuvre your bicycle onto the bike carrier

Specifications

Number of bicycles: 2

Tiltable: Yes

Foldable: No

Mounting of bicycles by lockable and removable frame holders

Weight: approx. 17 kg

Maximum load: 60 kg

Bicycle frame diameter: Ø 22 - 75 mm*

Wheel base bicycle max.: 1300 mm

Bicycle tyre width max.: 50 mm

Wheel holder distance: approx. 200mm

Colour: Silver

Material: Coated steel

* The maximum dimensions for any vehicle, including its load, are 2.5m in width and 4.3m in height. A vehicle fitted with a bicycle carrier, along with any bicycles must not exceed these limits.

Rear-mounted bicycle carriers must also comply with rear overhang limits. Any rear overhang on a vehicle must not exceed 60% of the wheelbase or 3.7m, whichever is less.

QUICK FIT ASSIST RAMPS

A ramp makes effort unnecessary and bicycles can be easily manoeuvred onto the bike carrier. These ramps are suitable for Quick Fit bike carriers and are easy to fold up and store.

By placing a pin in the bike carrier's wheel holder, you can attach the ride-on ramp firmly and manoeuvre the bikes on and off easily.

350-20120

QUICK FIT XF BIKE ASSIST RAMP

350-20124

QUICK FIT PRO BIKE ASSIST RAMP

CARRY BIKES

Flexible and sturdy with a renewed design, the best-selling Fiamma bike carriers boast a new shape and colour to blend perfectly with most modern RVs.

350-02008

FIAMMA CARRY BIKE XL A PRO 200 A FRAME MOUNT 2 BIKES

Equipped with the external rail in two pieces to grant maximum possibility of installation and use. Smaller size for short drawbars.

Specifications

Weight: 7.5kg

Max Load Weight: 50kg

350-02022

FIAMMA CARRY BIKE CARAVAN XL A BLACK 2 BIKES

Compact and inexpensive, fits almost all Caravan frames (including Al-Ko).

Specifications

Weight: 5.3kg

Max Load Weight: 35kg

350-02013

FIAMMA CARRY BIKE CARAVAN XL A PRO 200 E-BIKE

The installation does not require holes on standard.

A-frame

- > Installation brackets Supplied as standard. Bike carriers installation without drilling holes on standard A-frames.
- > Quick Lock Quick and safe locking of the wheel to the rail
- > Protective bumpers To protect the bike from impacts with the bike carrier structure
- > Bike-Block Pro / Pro S Bike locking system
- > Rails The model changes according to technical characteristics
- > Security block Locks the support rail during transport
- > Tensioning strap In the Active and Active E-Bike versions it makes access to the storage compartment easy and immediate

350-02017

FIAMMA CARRY BIKE VAN 200D

An easily installed bike carrier for vans with double rear doors (no need to drill the vehicle). The wheelbase is adaptable, from 58 - 62cm, to adapt to different sized doors. Carries up to two bicycles and is suited to vehicles such as: Fiat Ducato before 1999, Ford Transit and Ford Transit (high roof).

Specifications

Max Load Weight: 35kg

350-02020

FIAMMA CARRY BIKE BACKPACK 4X4

Best suited to minivans. The Backpack 4x4 is quickly installed onto the rear spare tyre by means of sturdy straps, however it will be necessary to remove the cover of the spare tyre. Has a folding rail support and can hold two bicycles. When installing, be sure not to cover the license plate or lights.

Specifications

Max Load Weight: 35kg

350-02041

FIAMMA CARRY BIKE PRO M, BLACK

CARRY BIKES

350-02042**FIAMMA CARRY BIKE PRO WITH BLACK AESTHETICS**

This telescopic bike carrier, the longer version of the pro series, has a highly adjustable upper structure for better stability and is height adjustable from 80cm to 150cm. Able to carry up to 4 bicycles.

**350-02063****FIAMMA CARRY BIKE VWT5**

Another one of Fiamma's best sellers, the Carry Bike VWT5 is easily installed (no drilling required) on VWT5's built after July 2003. It is designed for T5's with a single rear door and has the capacity to fit up to four bicycles.

Specifications

Max Load Weight: 60kg

**350-02044****FIAMMA CARRY BIKE PRO C WITH BLACK AESTHETICS**

This compact and classic bike carrier is the short version of the pro series. It can be installed under the rear window while still allowing the window to open. The Pro C can be installed on most motorhomes and has been recommended as one of the strongest bike carriers on the market. Able to carry up to four bicycles.

**350-02033****FIAMMA CARAVAN ACTIVE E-BIKE**

Special version specifically designed for the transportation of two electric bicycles. Thanks to the system with tensioning strap, access to the storage compartment is easy and quick.

**350-02087****FIAMMA CARRY BIKE 200 DJ SPRINTER**

Suitable for use on vans with double rear doors, in particular, Mercedes Sprinters built after June 2006 and Volkswagen Crafters built after June 2006. This Carry Bike is installed on one of the rear doors, allowing you to gain access to the rear of your van without having to remove your bikes. It has the ability to carry up to two bikes and comes with Bike Block Pro 1 and Pro 2. No drilling is required, except for the security screws. The Carry Bike 200 DJ Sprinter weighs 9kg.

**PRO SERIES E CARRY-BIKES**

Two structurally sturdy models, equipped with fixed rail support base designed specifically for electric bikes, featuring the Bike Block Pro S and Rail Premium.

350-02047**FIAMMA CARRY BIKE PRO E-BIKE WITH BLACK AESTHETICS**

The telescopic bike carrier, leader of Pro line, here is the special version for E-Bikes. Has a highly adjustable upper structure for better stability. The rounded tube structure is easily adjustable from 80 to 150cm in height to fit different installation requirements.

**Specifications**

Max Load Weight: 35kg

CARRY BIKE ACCESSORIES

350-02092**FIAMMA CARRY BIKE DJ DUCATO**

The new structure, thanks to the adoption of a single 35mm Ø aluminium tube, is light and modern, maintaining the solidity that has always distinguished this model.

The new structure guarantees a quicker and safer installation, also thanks to the new system of attachment of the main structure to the Fixing Bars.

This version allows the mounting of the rail support base in three positions, standard, intermediate and lowered to facilitate the loading of the bikes. In the intermediate and lowered positions it is necessary to use the licence plate holder bar with lighting group Licence Plate

**Specifications**

Weight: 11kg

Max Load Weight: 35kg

350-02052**FIAMMA CARRY BIKE UL**

The UL is suitable for installation on motorhomes without a rear window. It is able to carry two bikes as standard, to carry a third bike (with a max load of 55Kg) an extra Bike-Block and Rail will need to be purchased. The mounting bars can be adjusted from 80-150cm, making the UL the preferred choice of many motorhome manufacturers.

**Specifications**

Weights: 5.6kg

FIAMMA CARRY BIKE ACCESSORIES**350-02210****E-BIKE REPLACEMENT RACK FOR PRO & PRO C**

Now you can turn your Carry-Bike Pro / Pro C into a E-Bike bike carrier by purchasing the new Kit Upgrade E-Bike.

Complete rail support base with two Rail Premium, structurally designed to carry two electric bicycles.

FIAMMA BIKE COVER S 2 TO 3 BIKES (SOLD EACH)

It adapts to any size load thanks to its adjustable straps. Delivered as standard with transparent pocket to insert the rear signal plate.

HAYMAN REESE HITCHES

350-02521

FIAMMA BIKE COVER EXTRA STRONG "CARAVAN"

With K-Way system, special version to cover bikes on Carry-Bike CaravanXL A, XL A PRO / E-Bike and Active / E-Bike.

350-02530N

FIAMMA CARRY BIKE COVER S

Made from lightweight and waterproof polyester, the Bike Cover S has the capacity to cover up to x4 bicycles, thanks to its adjustable straps (with hooks). It comes with a transparent pocket to insert a rear signal plate. Please note, the Bike Cover S is not suitable for bike racks where the bicycles are exposed over the top of the roof.

Weights: 1kg

350-05300

HAYMAN REESE 180LB MINI

The Mini WDS is the solution for towing lighter ball weights such as a trailer. It is a two bar system (19mm diameter) which uses chains to hold the spring bars into position and can be used with any Hayman Reese towbar. It is easily setup and removed and is best suited to trailers with a ball weight up to 80kg.

350-05310

HAYMAN REESE 285LB INTERMEDIATE

The Intermediate WDS is the solution for towing intermediate ball weights such as a camper trailer. It is a four bar system (19mm diameter) which has a working range of between 80kg and 135kg ball weights. The snap up brackets make raising and lowering the chains effortless. There are also triangular plates which allow you to adjust and equalize each pair of bars together.

HAYMAN REESE WEIGHT DISTRIBUTION SYSTEMS

Hayman Reese have been Australia's number 1 towing brand for over 60 years and that is why they back their products with a Hayman Reese Lifetime Warranty. Weight Distribution Systems (WDS) restore the geometry of the tow vehicle (such as a ute) to its natural state. A WDS transfers the weight from the rear wheels of the ute to two places: the front wheels of the ute and the wheels of the trailer. To put it simply, a good WDS will level the link between trailer and ute so it is in parallel alignment to the road.

When towing a trailer, the trailer's total ball weight is applied to the rear of your vehicle. When this happens, the front suspension of your vehicle is raised because of the added rear weight. Towing in this way can cause excess swaying of your trailer, reduced steering and breaking responsiveness, less traction and headlights that beam upwards instead of down onto the road in front of you. Over time, you may also experience reduced fuel economy and increased tyre wear (especially on the rear tyres). Hayman Reese have a number of WDS's available to improve control over your vehicle while towing and reducing the amount of sway you experience.

Use the table below to find out which Hayman Reese WDS is best for you:

Ball Weight:	RECOMMENDED WEIGHT DISTRIBUTION SYSTEM				
	Mini	Intermediate	Medium	Heavy	Super Heavy
0-80kg 	✓				
80-135kg 		✓			
135-275kg 			✓		
275-365kg 				✓	
365-545kg 					✓

350-05320

HAYMAN REESE 600LB STANDARD MEDIUM 30" SPRING BARS

The most popular towing aid in Australia which is rated for trailers that have a ball weight of between 135kg and 275kg (suitable for most popular caravans). It has a durable and light cast steel head. Its round, hook style spring bars have integrated cams which are ideal for caravans with 6" deep A-frames. It also features a Hex Cam adjustment washer which allows for up to six head-angle adjustments.

350-05330

HAYMAN REESE 600LB CLASSIC MEDIUM 30" SPRING BARS

Similar to the 600lbs Standard WDS except that the Classic WDS is composed of the Hayman Reese traditional welded head. The Classic WDS has straight, trunnion style, high performance spring bars with integrated cams and an updated lightweight (but extra durable) cast steel shank. Suitable to towing most popular caravans, it has a ball weight capacity of between 135kg and 275kg.

HAYMAN REESE HITCHES

350-05340

HAYMAN REESE 600LB CLASSIC MEDIUM 28" SPRING BARS

This WDS has all the same features and benefits as the 600lbs Classic Medium WDS above, except that it has slightly shorter spring bars. This is to accommodate caravans or horse floats with a shorter A-frame. It is also suitable for towing most popular caravans and also has a ball weight capacity of between 135kg and 275kg.

350-05380

HAYMAN REESE 1200LB SUPER HEAVY DUTY

The Super Heavy WDS has a working ball weight range of between 365kg and 545kg. Please note however, that if you intend to carry a load in excess of 3,500kg, you will need a 70mm tow ball. Manufactured for serious heavy duty towing, it has a fine tooth adjustment washer which allows for up to nine head-angle adjustments. The drop shank allows for six height adjustments and because of the added weight, Hayman Reese have made it compatible with the Dual Cam HP Sway Control (this is available separately).

350-05350

HAYMAN REESE 800LB STANDARD HEAVY DUTY 30" SPRING BARS

Suitable for towing larger and heavier trailers (such as twin axle caravans), the Standard Heavy Duty WDS relies on heavier gauge spring bars to handle the heavier load. This WDS has a ball weight capacity of between 275kg and 365kg and has 30" hook style spring bars with integrated cams. A Hex Cam adjustment washer allows for up to six head-angle adjustments, while the drop shank allows for up to six height adjustments.

DROP SHANKS AVAILABLE TO SUIT HAYMAN REESE WEIGHT DISTRIBUTION SYSTEMS

Hayman Reese have a range of Drop Shanks available to setup the system on 4WD's and other vehicles where the lowest/ highest setting is not low/ high enough. Please seek advice from your Coast stockist to check which Drop Shanks are compatible with your vehicle.

350-05390

HAYMAN REESE DROP SHANK - STANDARD

350-05360

HAYMAN REESE 800LBS CLASSIC HEAVY DUTY 30" SPRING BARS

Similar to the 800lbs Standard WDS except that it is composed of the Hayman Reese traditional welded head. The 800lbs Classic WDS has straight, trunnion style, high performance spring bars with integrated cams and an updated lightweight (but extra durable) cast steel shank. Suitable for towing larger twin axle caravans, it has a ball weight capacity of between 275kg and 365kg.

350-05400

HAYMAN REESE DROP SHANK - 30MM

350-05410

HAYMAN REESE DROP SHANK - 95MM

350-05370

HAYMAN REESE 800LB CLASSIC HEAVY DUTY 28" SPRING BARS

This WDS has all the same features and benefits as the 800lbs Classic Heavy Duty WDS except that it has slightly shorter spring bars. This is to accommodate caravans or horse floats with a shorter A-frame. It is also suitable for towing most larger twin axle caravans and also has a ball weight capacity of between 275kg and 365kg.

350-05420

HAYMAN REESE DROP SHANK - 160MM

EAZ LIFT WEIGHT DISTRIBUTION HITCHES

Over 50 years ago, Eaz Lift became the first patented weight distribution system in North America and is still the most popular WDH in the USA. Coast to Coast has recognised a product that has been tried and tested and now re-developed to suit Australian standards. It has been designed with fewer parts, making it easier to use and install. The Eaz Lift WDHs are constructed from high grade, machine tapered, round spring steel bars and are available in a 600 or 800 series. Both the 600 and 800 series include bolt-together tow ball mounts that are completely adjustable from changing tow ball heights and angles, to suit different application. The left and right sway control mounting facility is already provided should you later require a sway control kit for additional towing comfort and safety. All necessary parts come with each WDH including hook-up brackets, spring bars, chains, tow ball mount, hitch pin and a clip and bolt package for adjusting your hitch. Rated for trailer masses of up to 3.5t. Limited lifetime warranty. Please note shanks are sold separately.

350-05600**EAZ LIFT 600 SERIES**

For tow ball weights of up to 272kg - for use with a standard 7/8" (22.23) tow ball mounting hole. Shank sold separately

**350-05610****EAZ LIFT 800 SERIES**

For tow ball weights of up to 363kg - for use with a standard 7/8" (22.23mm) tow ball mounting hole. Shank sold separately.

EAZ LIFT HITCHES

350-05720**EAZLIFT SHANK SOLID
ADJ HI-LOW 3 HOLES
2"X12"L**

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.

Low mounted: + 45mm lift / + 135mm lift

High mounted: + 135mm lift / + 225mm lift

**350-05724****EAZLIFT SHANK ADJ
EXTRA HI-LOW 3 HOLES
2"X12"L**

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.

Low mounted: - 50mm lift / + 40mm lift

High mounted: + 225mm lift / + 315mm lift

**350-05728****EAZLIFT SHANK ADJ
EXTRA LOW ONLY 3 HOLES
2"X12"L**

The 3 hole shank combines both the LONG and SHORT shank into one unit. Can be used in either the raised or dropped position to match the ball mount to any coupler height.

Low mounted:

- 50mm lift / - 140mm lift

**350-05730****EAZLIFT BM35KAR -
ADJUSTABLE BALL-MOUNT
ATTACHMENT W/ANTI-
RATTLE 3500KG**

The EazLift Adjustable Ball Mount is the ultimate height adjustable trailer hitch. It offers a huge range tow ball height adjustment, up to 680mm across EazLift's range of compatible shanks.

**Shank not included*

This simple and easy to use adjustable tow shank uses a pin and r-clip system rather than nuts and bolts allowing for effortless installation, adjustment and removal. Designed and tested in Australia, the Adjustable Ball Mount meets and exceeds ADR requirements and is rated up to 3,500kg.

- > Reversible shank and ball platform allow for a huge range of drop or rise heights
- > Up to 40 levels of adjustment across EazLift's range of compatible shanks.
- > 3,500kg Maximum Gross Trailer Mass to cover the biggest vehicle and trailer combinations utilising a 50mm Tow-Ball.
- > Designed, tested and certified for use in Australia.
- > Anti-Rattle Grub Screw
- > Genuine EazLift accessory, it is only recommended & warranted for use with genuine EazLift Shanks only.

Specifications

Designed and tested in Australia

Exceeds the design and testing requirements for AS4177.1:2004 and ADR61/02

MAX Rise 302mm when used with EazLift Extra Hi shank (350-05724)

MAX Drop 387mm when used with EazLift Extra Low shank (350-05728)

Maximum Towball Down Load: 350kg

Maximum Gross Trailer Mass: 3,500kg

EAZ LIFT HITCHES

SHANK SELECTION GUIDE
FOR EAZ LIFT WDH'S

Step 1. Ensure that both Tow vehicle and Caravan/Horse Float/Trailer are sitting on level ground.

Step 2. Level the Caravan/Horse Float/Trailer with the aid of the jockey wheel and take the below measurements.

Trailer Height = 445mm
Tow Vehicle Height = 400mm
A +45mm lift is required from the Shank.

Example 1			
	445mm	-	400mm = +45mm
Trailer Height		-	Tow Vehicle = Required Lift

Example 2			
	370mm	-	450mm = -80mm
Trailer Height		-	Tow Vehicle = Required Lift

EAZ LIFT SWAY CONTROLS

Eaz Lift screw on sway controls minimise the sway caused by passing trucks and sudden gusts of wind. It works by using a double friction disc brake principle which provides constant sway reduction and therefore improves handling. They are attached with easy socket and spring clip connectors which also make them easy to remove for convenient storage. The slide bar is zinc plated which ensures consistent smooth gliding action.

Note: Trailers/ caravans over 24' may require two sway controls.

SOME EAZ LIFT WDH QUESTIONS

How do I work out if I require the 600 or 800 series hitch?

Use the guide below to help you determine what size hitch you need:

- > Determine the ball weight of the trailer - ball weight includes the trailer ball weight with full gas, water, waste systems and a packed trailer.
- > Estimate the car boot load - be sure to include all items carried in the back of the vehicle.
- > Match the sum of these weights to the Correct EAZ-LIFT® Hitch - For example, a ball weight of 500lbs (227kg) coupled with a car boot load of 200lbs (90kg) equates total hitch weight of 700lbs (317kg).

From the guide above, this example of vehicle-trailer combination would require an Eaz Lift 800 Series WDH - 800 Series for weights higher than 272kg and up to 363kg. Make sure the ball weight and the gross trailer weight do not exceed the tow vehicle manufacturer's recommended capacities. The hitch selected must have a maximum Gross Trailer Weight rating equal to or greater than the trailer rating. Ball weight is generally 10% of gross trailer weight.

Towing Tips

All trailers, including caravans, affect the performance of the towing vehicle. They affect fuel consumption, acceleration, braking ability, general control and maneuverability. These effects worsen as the size and weight of the trailer increase relative to that of the towing vehicle. The extra length and width can be hard to manage, with wind, road roughness and passing vehicles having a greater effect than on the vehicle alone. This puts additional responsibilities on a driver.

The following information applies to vehicles not exceeding 4.5 tons gross vehicle mass (GVM).

Rules for Towing

- > Towing more than one trailer at a time is not allowed
- > Nobody is allowed to ride in trailers or caravans
- > When towing and driving on a road without street lights, drive at least 60m behind heavy vehicles or other vehicles towing trailers, unless overtaking
- > Learner drivers and learner and provisional motorcycle riders are not allowed to tow
- > P1 car license holders can tow small trailers with up to 250kg of unloaded weight.

Remember

- > Allow longer distances for braking, overtaking and joining a traffic stream
- > When reversing, it is advisable to have someone outside the vehicle giving directions
- > Look further ahead than normal so you can react to changes in traffic or road conditions
- > Use a lower gear when travelling downhill to increase vehicle control and reduce strain on brakes
- > Slow down well before entering corners and curves
- > Trailers tend to jerk the back of the vehicle around and can cause sway (snaking). If a trailer starts to sway, the vehicle's brakes should not be applied, except as an absolute last resort. If the trailer's brakes can be operated by themselves they should be applied gently, otherwise a steady speed or slight acceleration should be held if possible until the sway stops

- > Take care not to hold up traffic unnecessarily
- > Plan more rest stops and shorter travelling days as towing is more stressful and tiring than normal driving
- > There is no specific speed restriction while towing a trailer. However, the posted speed limits must not be exceeded. Always drive to the road, traffic and weather conditions.

Before each trip, check

- > Vehicle and trailer are roadworthy.
- > All tyres are properly inflated.
- > Trailer's wheel-bearings, suspension and brakes work properly.
- > All lights work and safety chains are properly connected.
- > Oil, water, brake fluid, battery and other service checks on the vehicle.

At regular intervals during the trip, check

- > Couplings, all doors, hatches, covers and any load or equipment are still properly secured.
- > If travelling to another State, check with the relevant roads authority whether there are different rules.

The Towing Vehicle

Vehicles must be suited to the trailer. Vehicle manufacturers usually indicate in the owner's manuals the maximum weight and other features of trailers appropriate for the vehicle. These limits should not be exceeded.

Registration

- > All vehicles must comply with all relevant standards for registration and be roadworthy at all times
- > Rear number plates and lights must not be obscured by the tow bar when there is no trailer connected.

Towing vehicles must be properly equipped with:

- > Tow bars and couplings of a suitable type and capacity
- > Electrical sockets for lighting
- > Brake connections if the trailer is fitted with power or electric brakes

Additionally

- > For vehicles with automatic transmission, an extra transmission oil cooler may be needed
- > Some vehicles need structural reinforcement and/or special suspension and transmission options and load-distributing devices to be able to tow heavier trailers.

Tow Bar

A properly designed and fitted tow bar is essential for towing. The rated capacity of the tow bar and coupling should not be exceeded.

The tow bar should be clearly and permanently marked with its:

- > Maximum rated capacity
- > Make and model of the vehicle it is intended for or the manufacturer's part number
- > Manufacturer's name or trade mark.

This is compulsory for vehicles built after 1 January 1992. The exception is where the tow bar is a permanent part of the vehicle.

Tow bars must not protrude dangerously when there is no trailer connected

TIPS FOR SAFER TOWING

Load Equalizers

- > Help the vehicle retain normal suspension height and effective steering control
- > Transfer some of the weight from the tow bar to the front and rear suspension of the vehicle.

As load equalizers may overload the tow bar and its components, check with the tow bar manufacturer for advice before use.

The Trailer

Trailers must be a suitable size and type for their intended tasks. They must be built to meet the standards for registration. If a trailer is required to be registered it must be fitted with a rear number plate.

Towing Ratio Requirement

The loaded mass of the trailer must not exceed the lesser of:

- > Rated capacity of the tow bar and tow coupling.
- > Maximum towing capacity of the vehicle.
- > Maximum carrying capacity of the trailer.
- > Maximum rated carrying capacity of the tyres.

If the vehicle manufacturer has not specified the maximum towing mass, the maximum towing mass is:

- > One and a half times the unladen mass of the towing vehicle, provided that the trailer is fitted with brakes which are connected and in working order, or
- > The unladen mass of the towing vehicle if the trailer does not require brakes. Vehicles with a manufacturer's gross combination mass (GCM) more than 4.5 tons may tow in accordance with the above requirements. The GCM is the gross combination mass of the car and loaded trailer.

Braking System

The minimum braking system for a trailer depends on the type of trailer, its weight and the weight of the vehicle:

- > 0 - 750 kg loaded weight - no brakes required.
- > 751 - 2000 kg loaded weight - braking on both wheels on at least one axle.
- > 2001- 4500 kg loaded weight - braking on all wheels, and an automatic breakaway system in case the trailer becomes detached from the vehicle.

Brakes must be operable from the driver's seating position.

Towing Coupling

All couplings:

- > Must be strong enough to take the weight of a fullyloaded trailer.
- > Should be marked with the manufacturer's name or trade mark and rated capacity.
- > Must be equipped with a positive locking mechanism. The locking mechanism must be able to be released regardless of the angle of the trailer to the towing vehicle.

Safety Chains

- > Must comply with Australian Standards.
- > Trailers less than 2500kg when loaded must be fitted with at least one safety chain.
- > Trailers over 2500kg when loaded must be fitted with two safety chains.

To prevent the front end of the drawbar from hitting the ground if the coupling is disconnected, safety chains must be:

- > As short as practicable and connected to the towing vehicle.
- > Crossed over if two chains are fitted.

Loading Trailers

It is important that trailers are not overloaded and that loads are properly secured to or contained within the trailer:

- > A load must not project more than 150mm beyond the trailer's width or be more than 2.5m overall width, whichever is less.
- > Loads that project more than 1.2m behind a trailer must have a red flag attached to the end of the load. This flag must be at least 300 mm square and clearly visible. To avoid having an overhanging load, you should purchase a trailer that suitably contains the load.
- > Overall length of the vehicle and trailer combination including its load must not be more than 19m.
- > To reduce sway, heavy loads should be concentrated towards the centre of the trailer.
- > Loads should be kept as low and as close as possible to the axle or axles with about 60% of the total weight forward of the centre of the axle or axles. As a general rule, about 5-10% of the total mass of the trailer plus load should be supported by the vehicle through the coupling. The trailer drawbar should be level or slightly 'nose down'.

PEDALBOX ELECTRONIC THROTTLE CONTROLLER RANGE

PedalBox throttle controllers are the newest tool to help you drive smoothly and more effectively. They remove delays in the accelerator to help you manoeuvre your car easily, even when towing or on difficult terrain!

Our throttle controllers alter the acceleration curve on electronic throttle controlled vehicles. They digitally alter the shape of the curve increasing throttle response and improving your overall driving experience. There are four driving modes, Off, Sport+, Sport and Eco/City and each mode can be optimised by a further six levels of curve control. This means that the settings can be adjusted to best suit your driving style.

- > A huge range of cars, 4WDs, vans and trucks supported
- > Improved throttle response for all vehicle types
- > Simple installation and removal—leave no trace
- > Made in Germany for quality guarantee
- > Two year warranty for peace of mind

CARAVAN ACCESSORIES

400-90000N**BOATIES FRYPAN**

Designed for use in RVs where stove and cooking space is limited, the Boaties Frypan has a rectangular shape and is made of heavy gauge aluminium. This, combined with a double layer of non-stick coating, creates a quality frypan with excellent heat transfer and even cooking temperatures. The handle is compact and has an ovenproof (max oven temperature: 220°C) silicone grip—remember to take care as the grip will get very hot! The front edge is conveniently sloped whilst the rounded corners make pouring liquid contents easy. Suitable to use on gas, electric and induction hobs.

**Specifications**

Dimensions: 25L x 20W x 4.5H (cm)

400-90010N**BOATIES BAKING PAN**

The Boaties Baking pan has all the same structural features as the Boaties Frypan (above) except that it is slightly larger and has a detachable silicone grip handle. With the Boaties Baking pan, you're able to roast and bake. Meals can be prepared on the stove top and then transferred to the oven for cooking.

**Specifications**

Dimensions: 21L x 31W x 6D (cm)

400-90020N**BOATIES FRYPAN LID**

The Boaties Frypan Lid is made from stainless steel and is suitable for use on the Boaties Frypan only. It stops splatter and enables the Frypan to be used as a stovetop casserole dish. It also features a handy steam vent.

**400-00495****FIAMMA EASY DRY**

Suitable for use with any Fiamma Carry Bike, the Easy Dry is quickly installed onto the rail support base, without the need to drill anything. It can also be used on other bike carriers, provided their tube diameter is 35mm. The Easy Dry is a great option to dry towels or swimmers as they come with plasticized ropes and the width is adjustable for slightly larger items. It is made from anodized aluminium with a 22mm diameter, making it sturdy but lightweight. Has eight lines.

**Specifications**

Length (cm): Adjustable from 100 - 120

Closed Width (cm): 37

Open Width (cm): 60

Weight (kg): 1.2

400-00530**RV & MARINE MINI DISH DRAINER**

Fits RV sinks & is sized just right for limited counter space. Its sloped drainer tray keeps counters dry. When your dishes are dry, simply snap the drain tray back onto the top of the rack for handy storage. Made from a durable, heavy duty plastic it even has space for utensils.

**400-00546****CAMCO STACK-A-PLATE**

The Stack-A-Plate keeps your plates tidy and safe during travel. It features a non-slip backing thus eliminating movement whilst stowed in your RV's cupboard. Made from plastic, the Stack-A-Plate is available in bright white and is even safe for the top rack of your dishwasher. Comes as a two-piece set - the larger of which fits plates up to 26cm in diameter and the smaller one fits plates up to 18.4cm in diameter.

400-00642

POP-A-BAG HOLDER

Stores grocery bags efficiently. The plastic bag holder/ dispenser mounts easily onto walls or inside cabinets with screws or double-sided tape. Comes in white & holds up to 25 grocery bags.

400-00650

ADJUSTABLE BROOM WITH CLIP ON DUST PAN

Full size broom telescopes down to store compactly. Soft-bristled head adjusts to different angles for maximum cleaning power. The handle length is adjustable from 61 - 132(cm) & the dustpan clips onto the broom handle for storage.

400-00654

RV FOLDING IRONING BOARD

A wooden tabletop ironing board with fabric cover that is small & easy to use. It features a sturdy chrome-wire iron rest & measures 81L x 30W (cm) when set up for use.

400-00656

RV WALL MOUNT TRASH CAN

A compact trash can that can be mounted onto a wall or inside a cabinet. Features a handy swing-top lid & comes with screws for mounting.

Specifications

Dimensions: 13W x 28H (cm)

CAMCO FRIDGE ACCESSORIES

400-00690

FRIDGE BRACE

Keep food from sliding as you travel. The Fridge Brace helps to keep cartons upright to reduce the risk of messy spills. Comes in a pack of 2.

Specifications

Weight: 145g

Dimensions: 73D x 130W x 135H (mm)

400-00692

DOUBLE FRIDGE BAR

Keep order in your RV's fridge whilst travelling. These spring-loaded bars keep items in place and extend from 406 - 711 (mm).

Specifications

Weight: 295g

Dimensions: 19D x 102W x 476H (mm)

400-00694

REFRIGERATOR BARS

These are x3 single bars that act in the same manner as the Double Fridge Bar (above).

Specifications

Weight: 349g

Dimensions: 17D x 92W x 594H (mm)

400-00686

CAMCO FRIDGE AIRATOR WITH ON/OFF SWITCH

Camco RV Fridge Airator helps to cool the RV fridge evenly and keeps your food fresher. The Fridge Airator features a high-volume air circulator that absorbs odours with replaceable activated charcoal pack. Battery operated. Version with on/off switch available for easy use.

- > Absorbs odors with activated charcoal
- > Keeps food fresher by cooling your fridge evenly
- > On/off switch saves battery life
- > Perfect for any small sized refrigerator
- > Replaceable charcoal pack included
- > Runs on two size D batteries (not included)

400-00688

CAMCO FRIDGE AIRATOR CHARCOAL PACKS

Fridge Airator Replacement Charcoal Packs. Replace the charcoal pack monthly to stop odours and keep your Camco Fridge Airator working efficiently.

CARAVAN ACCESSORIES

400-00696**CAMCO MINI ICE CUBE TRAY PACK OF 2**

Small trays fit perfectly into RV or marine freezers. Provides small size cubes for quick freezing.

**Specifications**

Length: 22.86cm

Width: 10.16cm

Height: 2.54cm

400-00850**FIAMMA SOAP DISPENSER**

A 200ml refillable liquid dispenser ideal for soap or shampoo. The container is transparent which helps to identify when you're running low. Its heavy duty push style pump ensures no mess with every use.

**Specifications**

Dimensions: 150H x 8D x 55W (mm)

FLAT OUT STORAGE REELS

Flat Out Storage Reels were made for the harsh Australian environment. They are the ideal storage solution for electrical leads or any of the Flat Out Hoses. Made from a grey, impact resistant plastic, they feature a turning handle (to assist with winding up) & a grip handle for comfortable carrying. Great for domestic, travelling & even the construction industry, they come with a Flat Out limited 3 year guarantee.

400-00700**FLAT OUT MULTI-REEL**

Can hold one of the following:

- > 40m of heavy duty power lead
- > 18m of flat drink water hose

NUOVA MAPA TABLE LEG & SLIDE

NUOVA MAPA TABLE LEG AND SLIDE

The Nuova Mapa table leg is a fully adjustable telescopic table leg with turntable and slide system. This table can be easily adjusted into bed position if required. The bed position is factory set at 330mm and can be easily adjusted if another measurement is required.

400-02600

NUOVA MAPA TELESCOPIC AND ADJUSTABLE TABLE LEG (WITH TURNTABLE/SLIDING TABLETOP MECHANISM)

Encompassing ease and versatility, this revolutionary table leg is made in Italy from galvanised steel. Its spring loaded leg, can be lowered by pressing on the foot pump at the base and pushing down on the table top. Raising the table top is just as simple - press the foot pump again. The table top mechanism, made from lightweight aluminium, facilitates movement in and out of the dining area. A lift lever allows the table top to swivel up to 180°, as well as in a N, S, E or W direction.

Specifications

Diameter of leg base: 260mm

Max Weight Capacity (in bed position): 100Kg

Max Height (from floor to underside of table top): 710mm

Min Height (from floor to underside of table top): 330mm

400-02602

NUOVA MAPA BLACK ADJ HEIGHT TABLE LEG WITH TURN TABLE & SLIDE

400-02610

NUOVA MAPA SLIDING TABLE TOP MECHANISM

Suitable for use on existing Wineglass table legs, the Sliding Mechanism retrofits in place of the standard (and immovable) table top mount.

Specifications

Dimensions: 445W x 705L (mm)

COAST PICNIC TABLES

We all know storage space is at a premium whilst you're travelling, so taking the essentials (like tables and chairs) can sometimes be a pain. Why not install a picnic table on the outer wall of your RV? It's one less thing you have to pack and you can never leave it behind! Quick and easy to install, the Coast Picnic Tables feature powder coated, stainless steel hinges and are rated to a huge 30kg*. The table itself is made from SMC (sheet moulding compound) which is the same material used by Audi and Porsche! Available in white, the Coast Picnic Tables are suitable for installation on fibreglass and aluminium cladded RVs (note that in the case of aluminium cladded vans, the Picnic Table with Backing Plate must be installed). Comes with 2 keys so that you can lock your table in a "closed" position when not in use.

**Whilst the Coast Picnic Tables are rated to hold 30kg, you should ensure that the structure you're fitting it onto (i.e. aluminum cladding or fibreglass paneling) can hold that weight. Coast recommends that you: 1) Check with your RV's manufacturer, prior to installation, how much weight the walls will hold. 2) Ensure you do not exceed the weight that your RV manufacturer has recommended.*

400-02700 PICNIC TABLE (WITH BACKING PLATE)

The backing plate creates a neat frame between the two fixed brackets on the picnic table. It allows for extra mounting points should there not be any supporting studs behind the spot you've chosen to install it.

Specifications

Weight: 4.7Kg

Dimensions: 805L x 435H x 30D (mm)

400-02720 PICNIC TABLE (WITHOUT BACKING PLATE)

ADCO RV COVERS

ADCO RV COVERS

Australia and New Zealand has seen the new era of RV protection, thanks to the American RV cover giant ADCO making their newest Designer Series covers exclusively available from Coast to Coast.

Backed by a huge 3-year warranty, the ADCO Designer Series Olefin HD™ RV Cover is available to suit Camper Trailers, Caravans, Pop Tops and Motorhomes. They're designed for high sun exposure, high moisture, long term storage and even snow, making it the most durable cover on the market! It features superior UV stabilised and breathable fabric that blocks out 99.8% of the suns damaging UV rays. On the Caravan, Pop Top and Motorhome models, there are zippered panels along one side. These allow you access to the interior of your RV whilst the cover is on, and because of the eyelets on these panels, they can also double as an awning!

Features

- > Top panel is made of Olefin HD™ fabric. This new proprietary fabric has outperformed other leading roof materials and beads water on contact. Some water may penetrate the cover in heavy rains.
- > Side panels are made of four layers of polypropylene with a soft lining that won't scratch your RV paintwork.
- > A cinching system with buckles prevent billowing fabric on the front and rear.
- > The lining of the cover is reinforced on all corners to protect against tears caused by sharp edges.
- > Air vents help to eliminate moisture build-up.

ADCO CAMPER COVERS

Fits Camper Trailers up to 86" (2.18m) wide and 54" (1.37m) high.

PREMIER ONE CLEANING PRODUCTS

If you've ever found giving your RV a good clean bit of a mission, Premier One have come up with a great, practical idea! Telescopic, industrial strength poles that have a screw-end to attach a brush head. The brush head has super soft, non-abrasive fibres on it... so you don't have to worry about scratching the paint work on your RV.

There are two types of telescopic options available:

- > A non-flow through pole, with a comfortable safety grip
- > A flow through pole, with a comfortable safety grip.

This one is particularly useful because you can attach hose to it, allowing water to flow through the pole and onto the brush head. There is also an "on/ off" switch at the end of the pole so that you're able to minimise water wastage.

These poles and brushes are great for use on your RV or around the home, cleaning those hard to reach windows is now a breeze. Also great for the marine, transport and manufacturing industries.

400-05100

**PREMIER ONE QUAD
BRUSH HEAD**

400-05110

**PREMIER ONE BI-LEVEL
BRUSH HEAD**

Two-sided, contoured brush head. Soft bristles that are safe to use on all vehicles and designed to get into difficult spots.

400-05200

Made from lightweight aluminium, the flow-through pole extends up to 2.5m. It also has an on/off feature built into the handle to limit water wastage.

CLEANING PRODUCTS

400-05340**PREMIER ONE CARAVAN WASH 5L BOTTLE**

Premium caravan wash, works in conjunction with the Premier One Foam Gun. This high foaming, PH neutral and environmentally formula is perfect for any dirty RV.

**400-05350****CAMCO RV WASH PODS - 6 PER PACK**

Camco's easy to use RV Wash Drop-Ins help wash away years of built up dirt and grime on your RV. One convenient, premeasured drop-in dissolves in 11.3 liters of water that can then be used to scrub away at your RV. The re-sealable bag of 6 drop-ins is more lightweight than most liquid or gel cleaners, making it easy to take with you on the road. Cleaner is biodegradable, fragrance-, phosphate- and SLS-free and contains no added dyes.

**OUTBACK'S RV SUPER WASH**

This product has been specially formulated to dissolve iron ore and red dirt quickly and efficiently without using dangerous chemicals or damaging the sensitive surfaces on your RV or Caravan. It is made with an acid-free, environmentally sustainable solution that can be used safely on a wide range of surfaces from painted to plastic to aluminium.

RV Super Wash is a highly versatile product that can be used on any surface of your Vehicle making it the ideal solution for the keen travellers making their way across the expansive landscape.

400-05360**OUTBACK'S RV SUPER WASH - 750ML****400-05362****OUTBACK'S RV SUPER WASH - 5L****TRAIL-A-MATE****450-00060****TRAIL A MATE HYDRAULIC JOCKEY WHEEL AND JACK KIT**

Specifically designed for use with a caravan chassis, the Trail A Mate provides a unique way of making the hitching and unhitching of your caravan or camper trailer very easy (no matter how low your caravan or camper trailer might be). By removing the pin, the wheel can be replaced by the base plate and an adjustable clamp, thus turning the jockey wheel into a jack. The kit includes: hydraulic jack on shaft, lifting clamp, jockey wheel, base plate with pin, lifting handle, bracket and bars, and a comprehensive instruction guide.

**450-00085****TRAIL A MATE MARK II HYDRAULIC JACK ONLY**

A heavy duty jack designed for lifting large caravans, boats and trailers. It comes with a base that enables the Mark II to be used not only as a lifting device but also as a jack stand. Manufactured to Australian and New Zealand standard 2693/2007, it has a lift capacity of up to 35cm.

Specifications

Working Load Limit: 1500kg

Aggregated Trailer Mass: 3500kg

* Does not include A-Frame Clamp

TRAIL-A-MATE

450-00087**TRAIL-A-MATE JACK COVER**

Keep your Trail-A-Mate jacks in the best possible condition with the Trail-A-Mate Jack Cover. The cover ensures thorough protection all year round from the harsh Australian elements. Made from heavy duty all-weather material, the high-quality construction is made to last.

**450-00089****TRAIL A MATE 60MM CLAMP FOR MARK II HYDRAULIC JACK**

An optional clamp to enable you to use the Mark II Hydraulic Jack as a jockey wheel instead of having it permanently fixed to your RVs frame.

**450-00940****TRAIL-A-MATE JOCKEY WHEEL CLAMP ANTI-THEFT LOCK**

Brand new, easy to install anti-theft lock by Trail-A-Mate. Designed to secure their popular Hydraulic Trailer Jacks. This anti-theft device protects your expensive jockey wheels such as Trail-a-Mate or any jockey wheel from being stolen, features:

- > Converts a standard jockey wheel clamp into a lockable clamp
- > Fits in minutes
- > Comes complete with dust cap

**450-00102****COAST JACK PADS (80MM)**

Made with a durable plastic construction, Coast's Jack Pads are easy to attach. They have a universal fit & a unique channel that prevents ants from crawling up the stabilizer legs. Comes in a set of 4 & includes 4 anti-rattle sleeves.

**COAST JOCKEY WHEELS**

Coast to Coast's range of quality jockey wheels is now available. Perfectly suited for most caravan, trailer and horse float applications, this new range has all of your jockey wheel needs sorted.

The range features three jockey wheel size variants from 6" to 10". The smaller wheels are ideal for use on paved and hard surfaces while the 10" wheels allow for even soft ground surfaces to be navigated safely. Each jockey wheel size is available with the choice of standard or swivel clamp. The swivel clamp allows the jockey wheel to be quickly and conveniently rotated out of the way when your hitched up and ready to hit the road.

Coast Jockey Wheels come individually packaged in shipping cartons while additional standard clamps are available in retail packaging. Don't miss out, stock up on these exceptional value Jockey Wheels today.

450-00910

TRAILER COP ANTI-THEFT COUPLING LOCK

The ball type anti-theft trailer lock that prevents thieves from towing your trailer away by expanding in your coupler. Suitable for use on 50mm couplers, it takes just a minute to install.

450-00924

KOVIX TRAILER HEAVY DUTY PADLOCK

Built for maximum security, this unique alarmed trailer lock is the ultimate deterrent to would-be thieves. Designed by Kovix Australia the heavy duty KTR-18 alarmed trailer lock is made from 304 grade stainless steel. Resistant to impact, drilling and cutting this ultra-strong trailer lock features an 18mm pin with an anti-cutting sleeve.

This smart lock's alarm can be turned on or off and is triggered by a motion sensor that activates the 120dB alarm for 10 seconds. The lock is rust resistant and its electronics are water proof so it can be left out in the elements. Built to suit standard 50mm ball hitches, Off Road D035 and Treg-style block hitches, the KTR-18 is as versatile and smart as it is tough.

Features

- > Anti-Impact and Drill Resistant
- > Weatherproof Electronics (IP67)
- > Removable Ball to Fit a Wide Range of Hitches
 - (H 100mm x W 155mm x D 35mm - Inside W 80mm)
- > Built in Loud Alarm - Sounds at 120dB
- > Long Life 3V Lithium Battery Included
- > Double Locking Pin System

**450-02498****JERRY CAN HOLDER**

Has a lockable chain.

**450-02500****ADJUSTABLE JERRY CAN HOLDER**

Designed to fit many jerry can sizes & has an anti-theft adjustable locking bar.

**450-02510****WELD ON JERRY CAN HOLDER**

An economical solution to jerry can storage, this metal strap type holder is zinc plated to help minimise the occurrence of rust.

**Specifications**

Dimensions: 370W x 180L x 295D (mm) Weight: 3kg

LCI LIPPERT ELEC-BRAKE HUB DRUMS

Lippert Components Brake Drum Hub Assemblies are an industry standard. Lippert Trailer hub assembly (hub and drum) provides surface area for brake shoes to grip when brakes are activated and are compatible with standard axles from most manufacturers.

LIPPERT Brake assembly plates feature a bushed oval magnet. This feature comes as standard and for good reason as the bush provides added protection against dust. In a standard magnet dust intrusion quickly builds up and provides a friction point for the magnet and causes accelerated wear.

Electric Brake Hub Drums

The hub drum is what connects the trailers wheels to the trailers axle and houses the wheel bearings. The hub drum is the part that rotates and inside this drum sits a stationary electric brake assembly plate containing the braking shoes and magnet. The Hub also provides a steel inner face for the magnet to stick onto when powered. When this happens, the shoes are activated and they expand out to grip the inner walls of the rotating drum providing friction which in-turn drastically slows down the spinning drum.

Due to the magnet dragging on the inner-face of hub-drum they wear out. They can be machined to provide a flat surface for the magnet to comfortably adhere to but eventually you will need to simply replace them. Electric Hub drums also feature bearings so they can be attached as one unit to your axle and have the wheel studs already fitted so you can easily attach them to your wheels - both bearings & wheel stud PCD's will vary depending on what they are suited for.

450-11002**LCI LIPPERT 10" ELEC-BRAKE HUB DRUM
- 6-STUD LANDCRUISER PCD****450-11004****LCI LIPPERT 12" ELEC-BRAKE HUB DRUM
- 6-STUD LANDCRUISER PCD**

Electric Brake Backing Plate

The Electric Brake Backing Plate sits inside the hub drum and holds the shoes, magnet, actuator levers, connections and mechanical handbrake.

The backing plates magnet is attached to a lever which is connected to the shoes, when the magnet is electrified it sticks to the spinning hub drum which pulls the magnet in the same direction as the spinning hub.

As the magnet is attached to a lever that when pulled opens up the brake shoes to grip the spinning hub drum and slow down its momentum causing the trailer to brake. Another important function with the brake plate is the inclusion mechanical handbrake which is for when the trailer is parked, how it works is that is separate lever connected to the shoes & on the other end of this lever is a hole when you can connect the trailers park brake cable, when you activate your trailers hand brake this pulls on the lever which then opens the shoes providing your park brake.

BRAKE MAGNET KIT

Electric Brake Magnet Oval Type - comes in a box complete with springs, suits DEXTER 10" x 2.25" / Hayes 10" x 2.25" & 1.625" (after 1987 up to 1993)

ELECTRIC DRUM BRAKES

Electric drum brakes are an efficient & reliable braking system that provides smooth braking when used by a vehicle mounted with a brake controller.

450-03030

ALKO 10" X 2-1/4" RIGHT HAND ELECTRIC DRUM BRAKE

With park brake provision.

450-03032

ALKO 10" X 2-1/4" LEFT HAND ELECTRIC DRUM BRAKE

With park brake provision.

ELECTRIC HUB DRUMS

These hub drums are machined for slimline bearings. Note when replacing magnets, it is recommended that the inside face of the hub drum be re-machined or the magnet performance will be affected.

450-03034

ALKO 10" X 2-1/4" FORD 5 STUD PATTERN ELECTRIC HUB DRUM

Machined for slimline bearings.

450-03036

ALKO 10" X 2-1/4" LANDCRUISER 6 STUD PATTERN ELECTRIC HUB DRUM

Machined for slimline bearings.

450-03065**ALKO BOXED 10" BRAKE SHOE KIT**

Used to support and move the braking lining material, this electric brake shoe kit consists of two primary and two secondary brake shoes conveniently packaged in a box.

**BEARING KITS**

Bearings comprise of two parts, the cup which is pressed into the hub & the cone, this is the part that contains the rollers of the bearing. Bearings should always be replaced in pairs.

450-03069**ALKO PARALLEL BEARING KIT**

A Japanese caravan bearing kit, rated to 1600kg per pair. Always ensure that only quality studs and nuts are used, which are correct for the wheel selected. Comes in a skin pack.

**450-03070****ALKO SLIMLINE/FORD CARAVAN BEARING KIT (JAPANESE)****Slimline Components Include**

1x L68110 cup, 1x LM12710 cup, 1x L68149 & 1x LM12749 cone.

**450-03072****ALKO LM/HOLDEN TRAILER BEARING KIT (JAPANESE)****LM Components Include**

1x LM67010 cup, 1x LM11910 cup, 1x LM67048 cone, 1x LM11949 cone, 1x grease cap, 1x seal & 1x split pin

**ELECTRIC DRUMS**

Brake drums are selected by the drum diameter, the wheel drilling pattern and in the case of hub drums, the machining profile and appropriate bearings. It is important to select the appropriate brake capacity and seek advice on the correct axle machining profile and bearing configuration to carry and stop the load on the wheel to which it is fitted.

**COAST SEALS**

Coast's range of seals are available in two grades. Standard includes a spring under the inner lip that seals against the axle. Premium heavy duty includes a firmer better-quality firmer spring providing a more durable seal in the long run.

Coast's range of bearings and seals allows for servicing of the following:

- > Holden/LM type trailer axles up to 1000kg in both standard and marine seals
- > Ford/Slimline type trailer and caravan axles up to 1450kg in both standard and marine seals
- > 1.5tonne/Composite caravan axles up to 1500kg with standard seals
- > Parallel caravan axles up to 1600kg with standard seals
- > 2 tonne and 2.5 tonne caravan axles up to 2500kg with standard seals

LEVEL INDICATORS

450-03504

TREG T BAR PIN AND LOCK

- > Locks the trailer to the vehicle or locks the trailer when un-hitched.
- > Hardened 3/4" steel pin
- > Zinc plated for corrosion protection
- > Precision Zinc alloy screw pin lock with 1/4" pin and 2 keys.

450-04010

2-WAY PLASTIC TEE BUBBLE LEVEL

Screw-mounted level, providing front to back or side to side levelling. Sold separately.

450-03506

TOW BALL SPANNER

- > Tow Ball Sizes 33mm
- > Adj. Ball Mount Bolts 24mm
- > WDH Head Bolts
- > WDH Chain Bracket Bolts
- > D Shackles Pins

450-04030

BULLSEYE MULTI-DIRECTIONAL LEVEL

Round, dome-shaped level reads 360° at once.

450-04032

CAMCO CURVED BALL LEVEL

A screw-mounted level, with graduated markings for accurate front-to-back or side-to-side levelling. Comes in a set of 2.

450-03520

COUPLE - MATE REVERSING HITCH AID

An easy to install device which makes hitching your caravan or trailer a breeze. The side arms 'guide' the trailer hitch towards the tow ball, thus preventing damage to the tow vehicle. Made from double dipped, zinc plated steel.

450-03530

COUPLE-MATE TREG PIN LOCK

Featuring a latch lock with a screw lock for added security, the treg pin lock is used to lock the trailer onto your tow vehicle, or simply lock the trailer when left unattended. It has a 3/4" diameter for use with treg couplings. Note that the lock mechanism needs lubricant periodically to ensure correct operation.

450-04006

SCREW ON LEVEL

Screw-mounted level provides front-to-back or side-to-side levelling. Comes in a set of 2.

HEAVY DUTY COUPLINGS

450-04810**HEAVY DUTY BOLT ON JOCKEY WHEEL DOUBLE CLAMP**

Heavy Duty Bolt on DOUBLE Clamp offers superior clamping force over other clamps available in the market. The Universal backing plate allows for easy fitment on 4", 5" or 6" chassis", no need for drilling or welding. Comes complete with bolts.

**450-04996****CRUISEMASTER 3500KG DO35 V3-PLUS COUPLING - INCLUDES TOW-PIN & H/ BRAKE.****FOR SAFETY ON ROAD AND CAPABILITY OFF IT**

High articulation in all direction ensures the trailer always follows you in challenging terrains. High articulation also provides safety in the event of an accident on the road.

**ARK XO EXTREME OFF ROAD COUPLING**

Quick-hitch off road coupling. Suits all 50mm tow balls that comply with Australian Standards AS4177.2 except 50mm tow balls with a flat flange. No more switching hitches!

Choice of 2 ratings

- > 2 tonne for mechanical over-ride brake systems. Part No. 450-04900
- > 3.5 tonne for electric brake systems. Part No. ORXOF50 450-04902
- > Full off road articulation
- > No more switching hitches
- > Quick-hitch locking system
- > Fits 50mm tow balls that comply with Australian Standards AS4177.2 and don't have a flat flange
- > Complies to Australian standards AS4177.3
- > Strong fully cast steel parts

Whether you are looking to improve your off road capability, or just tired of constantly having to switch between an off road hitch and a standard ball hitch, then the Ark Extreme off road Coupling is for you!

450-04900**ARK XO EXTREME OFF ROAD COUPLING 2 TONNE****450-04902****ARK XO EXTREME OFF ROAD COUPLING 3.5 TONNE****SIMPLE TO USE LOCKING MECHANISM**

The D035 features a simple positive locking mechanism. Once locked the Check lock cap is then fitted to keep the dirt out and to show that the coupling is securely attached.

PATENTED DROP ON DESIGN ALLOWS EASY HITCH IN ANY TERRAIN

This is the key to the success of the D035. Combined our patented tow pin and view port, allows easy alignment of the vehicle and trailer even in technical terrain.

ARTICULATION: 360 degrees axial, minimum 70 degrees other axes.

LOCKING: Fully ADR 62/02 compliant including automatic secondary lock

FINISH: Supa Alloy 5

BOLT PATTERN: 4 bolts at 185mm x 54mm

RATING: 3.5 Tonne

ACTION: Drop-On

MAINTENANCE: Fully Greasable

NEW FEATURES: New polyurethane bushed Tow Pin, Dustcap & Bumpstop. New Integrated Handbrake lever

SHACKLES

SHACKLES

"The current standard applying to shackles is AS 2741-2002, however this standard does not specifically cover the use of rated shackles in an application such as attaching a trailer to a tow bar. This standard covers the use of shackles for lifting purposes.

The Caravan Industry Association of Australia's recommendation is that a shackle meeting the requirements of AS 2741-2002 be used to secure rated safety chains up to 3500kg capacity.

Suitable shackles have the following specifications:

- > Meet the requirements of AS 2741-2002
- > Shackle grade is "S" or "6"
- > Working load limit (WLL) is 1000kg
- > Shackle diameter is 10mm
- > Either "bow" or "dee" shackle design is suitable, although it is noted that the "bow" design provides greater angular displacement

A significant detail to understand is that the breaking load of a shackle is generally six times the working load limit."

Source: RVMAP Technical Alert - D-Shackle Confusion Resolved, 20.10.2014

450-05000 DEE SHACKLE GALVANISED - 8MM (5/16)

Not to be used with safety chains as this is a general purpose shackle.

**TOWSAFE TOW BALL WEIGHT SCALES****450-05990****TOWSAFE TOW BALL WEIGHT SCALE**

Avoid unnecessary fines or even worse accidents by knowing your tow ball weight before you head out on a trip. Why do you need to know your tow ball weight? To put it simply, it is unsafe. Too much weight on your tow ball can cause excessive trailer sway, diminished handling and decreased braking ability. Not to mention it can be costly. The laws vary between states but on-the-spot fines can be issued if you exceed your RVs and your vehicles' tow ball weights. The TowSafe Scale is compact and easy to store. It is made from heavy-duty metal but is gentle on your RV's coupling thanks to a soft rubber head. The gauge is easy to read and will handle up to 350kg. It has also been tested to Australian Standards (AS/NZS ISO10012:2004) so you know you're getting a quality product.

**REICH CARAVAN WEIGHT CONTROLS**

Caravan Weight Control provides you with complete control over the total weight and the partial loads on the individual wheels. The handy scale will help you prevent overloading as well as loading unevenly which will negatively affect driving behavior. Caravan Weight Control works reliably and precisely and is suitable for cars, delivery vehicles, motorhomes, caravans and trailers.

Three measuring programs for:

1. Caravan with one axle and support wheel
2. Caravan with tandem axle and support wheel
3. Motorhome

450-05910**REICH CARAVAN WEIGHT CONTROL YELLOW 1000KG****Specifications**

Max. load per wheel: 1,000 kg (yellow)

PURPLELINE

PURPLELINE

A leading supplier to the RV market, offering a comprehensive range of remote caravan movers and one of the largest and most varied caravan security and safety product ranges in Australia. As a design-led company, Purple Line specialises in manufacturing innovative and affordable product solutions based on the needs of the market.

450-06002**KOJACK 4T JACK KIT (NEW)
HIGHER EXTENSION**

The ideal caravan jack that is able to lift a huge 4tons almost effortlessly. Its 3-piece jack handle ensures a smooth hydraulic action. The Kojack mounts under the caravan chassis, so there's no need to dismantle jockey wheels, and its compatible with both ball and block fittings to match most Australian caravans such as Goldstream, Elite and Jayco. Each kit includes: x1 4ton hydraulic Kojack, x1 ball fitting, x1 block fitting, x1 100mm extension, x1 Allen key, x1 3-piece jack handle, x1 fitted carry case and attachment collars.

Specifications

Weight: 12kg

Lift Range: 220mm (more if extension pieces are used)

**450-06010****KOJACK BASEPLATE**

Kojack® Baseplate adds stability: If you have a Purple Line® Kojack® 4 tonne caravan jack and want to make it even more stable and secure, the new Kojack® Baseplate is the answer. Ideal for soft ground, gravel or sand, Baseplate gives you a footprint three times the size of the Kojack® itself, which means three times the stability and a third of the downward pressure. It clips onto the Kojack® easily and securely and can also double as a secure footing for your jockey wheel.

Features

- > Can be used under jockey wheels to keep them in place and stop them from sinking
- > Spring loaded latch keeps the jack in place
- > Solid metal construction
- > The ideal upgrade for kojack jack
- > Suitable for most terrain including: sand, mud, grass, bitumen and gravel
- > Australian designed and developed
- > 2 Year warranty

450-06032**PURPLELINE TORPEDO HITCH PIN LOCK**

Add extra security to your vehicle

- > Towing rating 3500kg
- > Resistant to cutting, drilling & gas freezing
- > Suits class 4 receiver up to 75mm
- > Compliant with Australian Standards: 4177.1-2004

**450-06040****SOCKET EXTENSION**

An extender socket great for use on corner steady legs and the Kojack Leveller (to stabilise, raise or lower an RV). It can also be used to tighten or loosen other bolts and nuts provided they are 19mm in size. Made from high tensile steel and designed for use with a torque sensitive rechargeable drill.

**450-06050****SOCKET EXTENSION WITH UNIVERSAL JOINT**

Similar to the Socket Extension (above) except that it has a universal joint to facilitate tight spots. It can also be used to tighten or loosen bolts and nuts of 19mm, and is also made from high tensile steel.

**450-06064****NEMESIS WHEEL CLAMP**

The Nemesis wheel lock is made from specially hardened high tensile steel which is resistant to cutting and drilling and incorporates an exclusive high security 9-lever barrel lock, resistant to picking, drilling and gas freezing. The lock is made by Lowe and Fletcher (UK). It is supplied with a handy carry bag to store the unit when not in use. Built with composite metals, resistant to cutting, drilling and gas freezing. Incorporating a seven-pin anti-pick and anti-drill locking bolt with a tubular anti-copy key. Strong, secure and tough, it remains quick and easy to fit.

Suitable for steel and alloy wheels. New Model, 'one size fits all' - suitable for on and off road wheels up 17" and tyres up to 275mm cross-section. Now comes with three keys. The Nemesis wheel lock is the perfect highly visible deterrent.

Ideal for

- > Cars
- > Large Off-Road Tyres
- > Some light commercial vehicles (check wheel/Tyre combinations)
- > Motorhomes
- > Caravans
- > Camper Trailers
- > Boat trailers
- > Horse floats
- > General trailers
- > The Purpleline Nemesis comes with a 2 year warranty.

450-06059**KOJACK 150MM EXTENSION PIECE****450-06072****PURPLELINE ANTI THEFT PACK**

Complete Security Kit keeps you safe: Purple Line® has made it a whole lot easier to guard your caravan against thieves with its new Complete Security Kit, which combines the tough Samurai wheel clamp and Saracen® hitch lock in one compact, easy-to-use kit. Keyed alike for maximum convenience, both units have Purple Line's tough, 7-pin locking mechanism, as also used in the big Nemesis® wheel clamp and the hitched-and-unhitched Saracen® Ultra hitch lock. All in a convenient carry bag and backed by a 2 year warranty.

**Features****Samurai Wheel Clamp**

- > Simple to use, compact and quick fit
- > Fits tyre widths 145 to 275mm
- > Suitable for both on and off road wheels
- > 2 Year warranty

Saracen Hitch Lock

- > High security hitch lock
- > Quick and easy to fit
- > Resistant to cutting, picking, drilling and gas freezing
- > Made from high strength composite materials
- > 2 Year warranty

450-06082**SARACEN AUSTRALIAN HITCH LOCK**

Made from especially hardened, high tensile steel, the Saracen is a high security hitch lock that is resistant to cutting and drilling. It is a quick and easy to fit solution to prevent your RV from being towed away. Featuring a Lowe and Fletcher lock, which is also resistant to picking and freezing, the Saracen comes with two keys and is suitable for use on most Australian caravan coupling hitches. Comes with a one year manufacturer's warranty.

Compatible with the following hitches: Alko, Trigg Boss, Meher, Trojan and some other standard Australian hitches.

PURPLELINE

450-06085**GULLWING EURO HITCH LOCK**

Designed to fit Alko stabilizer hitches AKS2004 and AKS3004, found predominantly on European RVs such as Bailey, Swift and Adria. It is highly secure, easy to fit and takes a couple of minutes to install. The Gullwing can be fitted to a van whether it is hitched or not.

**450-06086****SARACEN ULTRA HITCH LOCK**

The Saracen Ultra hitch lock suits Australian standard 50mm ball hitches and fits both when HITCHED and UNHITCHED.

Saracen Ultra suits any trailer with a standard 50mm ball hitch - boat and work trailers, caravans and camper trailers, horse floats, box trailers, car and motorcycle trailers - any trailer at all.

Features

- > Made from specially hardened high strength steel
- > Resistant to cutting and drilling
- > Incorporates a high-security, 7-pin barrel lock, resistant to picking, drilling and gas freezing.
- > Suits Australian standard 50mm ball hitches
- > Fits both when HITCHED and UNHITCHED.

450-06088**SARACEN OFF ROAD HITCH LOCK**

Today's tough Aussie off-road vans are increasingly fitted with the Vehicle Components Hitchmaster® D035 articulated hitch, and now Purple Line® has developed a tough new hitch lock to protect it. The new Saracen® Off-Road hitch lock provides the same combination of toughness and easy fitting for the D035 as the standard Saracen® models do for standard 50mm ball hitches. As with all Purple Line® anti-theft products, it features tough metal construction, engineered to give maximum protection for Aussie caravanners. It comes with Purple Line's tough, 7-pin locking mechanism, and is fitted simply by placing the backing plate in position, clamping over the cover and locking the stout locking pin. Backed by a 2 year warranty, it is as tough as the tough Aussie vans it protects - and it makes life even tougher for would-be thieves.

**It has all the proven Saracen features including**

- > High strength steel construction
- > Anti-pick seven-pin cylinder lock
- > Anti-copy tubular key
- > Suits V1, V2 & V3 D035

450-06090**AEROPLUS CARAVAN WIND DEFLECTOR**

Proven to reduce drag, the AeroPlus improves towing stability by directing airflow over your RV. This in turn, helps to minimize wear and tear to your tow vehicle whether it be mechanical or your tyres. It is made from ABS plastic and fits most 4WDs, SUVs and station wagons.

The AeroPlus is easily fitted onto an existing horizontal roof rail by means of two clamps which are tightened by hand. As you drive, it directs the air over the top of your RV and thus reduces drag and improves fuel economy. It is suitable for use on most roof rails such as Rola, Rhino and Thule (providing that the rail is not wider than 80mm). Comes with angled spacers to increase the angle of the AeroPlus and a two year manufacturer's warranty.

Specifications

Weight: 7kg (including packaging and fittings)
3.5kg (ABS plastic tail only)
Dimensions: 135W x 20H (cm)

Note: The AeroPlus has been wind tunnel tested up to a speed of 60mph (96kmph). It is therefore advised that if travelling whilst the AeroPlus is fitted, 96kmph is not exceeded. Drivers should always adhere to the road rules of the state they are travelling in.

450-06082**SARACEN AUSTRALIAN HITCH LOCK V2**

The new and improved Saracen V2 features a unique tow chain lock feature allowing the user to lock their tow chains & hitch together. To further aid security, Saracen V2 also features additional hardened steel collars around the edges of the pin lock.

Made from especially hardened, high tensile steel, the Saracen is a high security hitch lock that is resistant to cutting and drilling. It is a quick and easy to fit solution to prevent your RV from being towed away. Featuring a Lowe and Fletcher lock, which is also resistant to picking and freezing, the Saracen comes with two keys and is suitable for use on most Australian caravan coupling hitches.

Specifications

Compatible with the following hitches: Alko, Trigg Boss, Meher, Trojan and some other standard Australian hitches.

Comes with a one year manufacturer's warranty.

MILENCO RAMPS

450-06400 MILENCO INTERNAL UNIVERSAL SILVER THERMAL CAB BLIND

This one-size-fits-all blind features high quality, black sucker pads with their own handles to stop any distracting light through for you to get a good night sleep! For optimum performance in winter conditions, warm up demister before removing.

450-08002 MILENCO QUATTRO LEVEL PAIR (160MM MAX LIFT)

Sold in pairs complete with carry case.

Europe's best-selling large Level lifts to 160mm and incorporates a lattice, high-grip upper tread surface. It pockets the wheel at every height and features a solid base to stop sinking on soft terrain. The high grip leading edge prevents slippage when approaching and avoids the need for gripper plates.

Specifications

Dimensions: 20cm H x 24.5cm W x 81cm L

Height of Each Step: 4cm/8cm/12cm/18cm

Weight: 3.8kg Per Level

Capacity: 1500kg Per Wheel = 6000kg Motorhome or 3000kg Caravan

450-08006 MILENCO MGI WEDGE LEVELS (TWIN PACK)

A conventional wedge-shaped Level with 50% Base and 50% Top surface area featuring a lightweight, strong construction. The high grip leading edge removes the need for gripper plates. Compatible with MGI Milenco Wedge Level Chock.

Specifications

Dimensions (approx): 11cm H x 18cm W x 46cm L

Height of Each Step: 4cm/8cm/12cm/18cm

Weight: 1kg Per Level

Capacity: 1000kg Per Wheel = 4000kg Motorhome or 2000kg Caravan

450-08008 MILENCO MGI WEDGE LEVEL CHOCK

An extra wide chock with side handles to reduce the risk of hand trap. Compatible with MGI Milenco Wedge Levels. Available singularly.

450-08010 MILENCO MGI WEDGE LEVEL WITH CHOCK

A pack consisting of 1x MGI Wedge Level (450-08006) and 1x MGI Chock (450-08008).

450-08020 MILENCO STACKA TYRE SAVER (TWIN PACK)

These heavy duty tyre savers feature a durable design and a solid base to prevent sinking on soft terrain. Suitable for twin axle, single axle, and tag axle.

Specifications

Capacity: 1500kg Per Wheel = 6000kg Motorhome or 3000kg Caravan

450-08022 MILENCO GIANT LATTICE TREAD GRIP MAT (TWIN PACK)

This heavy-duty, extra large set of Grip Mats is designed to provide excellent performance in wet conditions. The Lattice design allows them to be linked together without being tied.

Specifications

Dimensions Per Mat: 106cm L x 33cm W

STONE SHIELDS

STONE SHIELDS

Protect your RV, and prolong the life of its paintwork, by installing a Stone Shield. Supplied as a flat pack, it is quick and easy to install onto the A-frame of your caravan or camper trailer. Made from tough rip stop mesh (resistant to rips or tears), the Stone Shield stops stones (and other hard debris) from chipping, or potentially even denting your RVs paintwork. Comes with two extra-large rubber mud flaps to protect the undercarriage of your caravan or camper trailer.

500-00082**FAN AND LIGHT COMBO (WHITE)**

Suitable for use in Jayco Campers and Expandas, this reading light has a 2-speed fan. It has a 1/4" (6.4mm) jack which allows it to fit into an existing 12V internal light (such as 500-05004, 500-05005, 500-05006 and 500-05007). There are also two plastic U-brackets on the rear/top that will clip onto a 3/4" - 1" (19.1mm - 25.4mm) camper support pole. Alternatively, it can be hung using the single U-bracket at the back to hang it vertically. Made in the USA to Australian and NZ standards, it also features a curly cord that extends up to 8ft (2.4m) and comes with a globe*.

* You can replace this globe with a Coast LED, either 500-05758 or 500-05760 will fit.

Specifications

Power: 12VDC, 1.3A (max)

Dimensions: 250L x 145W (mm)

500-00200**SAFETY HUSH SMOKE ALARM**

Ideal for fast flaming fires, the Hush Smoke Alarm is easy to install with no wiring necessary. It has a feature that enables the alarm to be switched off for 10 minutes in case of false alarms. It also has an ionisation sensing chamber which automatically resets once the smoke is cleared. This smoke alarm comes with a 9V battery which lasts approximately nine months. A warning signal will sound when the battery is running low.

**500-00730****SETEC DRIFTER**

The Setec Drifter is an LCD display unit with the capacity to monitor up to four water tanks and a 12V battery. This means that you'll know when you're running low on fresh water or when your waste tank needs to be emptied (if you choose this as an option to monitor), all whilst observing your battery's status (current going in and out). It is compatible with any 12V lead acid battery, including VRLA, AGM, Gel and even the traditional non-sealed batteries.

**Specifications**

DC Power Input: 8-15V DC, 0.7-0.35A

USB Output: 5V DC at 0.9A C-Tick Approved

Complies with IEC 61010-1, ED: 2001, CISPR 11:2009

Dimensions: 149L x 85H x 22W (mm)

Weight: 0.21kg

500-00749**SETEC DRIFTER WATER SENSOR TANK SET**

The Setec Drifter, part number 500-00730 (above) comes with wiring for up to two tanks. You could choose to utilize this to monitor two water tanks or, one water tank and one waste tank. Should you want to monitor extra tanks, a Water Sensor Tank Set must be purchased (one set per tank).

**500-00220****QUELL PDO4 CARBON MONOXIDE DIGITAL DISPLAY ALARM**

Protect your family and safeguard your RV by adding a Carbon Monoxide alarm, these units are cost effective and easy to install. What is Carbon Monoxide? Carbon monoxide (CO) is a highly poisonous gas with no taste, colour or smell.

Carbon monoxide (CO) alarms detect the early presence of carbon monoxide emitted from gas sources such as heating and cooking systems, vehicle engines, fuels and blocked chimneys. CO alarms are intended to supplement conventional smoke alarms, not replace them. A CO alarm is not a smoke alarm and, therefore, will not satisfy legal requirements regarding the installation of smoke alarms in the home.

Features

- > Peak level memory Displays the highest CO concentrate measured since the last reset
- > Self-activation Alarm automatically activates when attached to the mounting bracket
- > Test/Reset button Tests the alarm circuitry and horn. Resets memory after the alarm has sounded
- > LED indicators Flashing green LED every 30 seconds indicates the unit is operating properly. Pulsing red LED with alarm indicates a dangerous level of carbon monoxide has been detected. Amber LED indicates the unit is in fault mode
- > Deactivation switch Disables the alarm to allow for safe battery disposal once the unit has reached the end of its 10-year life
- > 10-year limited warranty Provides peace-of-mind with a decade of carbon monoxide detection
- > 3 x AA batteries included

Specifications

Dimensions: 120mm x 75mm x 40mm

BATTERIES & ACCESSORIES

SPHERE BATTERIES

Sphere 12V Valve Regulated AGM Rechargeable Batteries are available in two models to suit most needs. Ideal for use in caravanning and camping, the AGM design offers improved discharge and recharge efficiencies. They require less maintenance, are spill proof and are safer for you and the environment compared to conventional alternatives.

500-00820

SPHERE 12V 100AH VALVE REGULATED AGM RECHARGEABLE BATTERY

Specifications

Internal resistance: Fully Charged at 25°C: 4.9 Ohm

Max. Discharge Current: 1200A(5s)

Operating Temperature

Discharge: -15 ~50°C

Charge: 0 ~40°C

Storage: -15 ~40°C

Dimensions: 330L x 171W x 219H (mm)

SPHERE LITHIUM BATTERIES

Sphere lithium batteries are the future of mobile power storage. Lithium batteries are much lighter than traditional lead acid and AGM batteries and deliver unrivalled cycle life, more than four times more cycles compared to lead acid and AGM batteries.

Perfect for use in caravans, marine, camping and home storage applications, Sphere Lithium batteries are fully sealed and feature a built-in battery management system for safety.

If you are replacing an existing deep cycle lead acid or AGM battery you can continue to use your same battery charging system and the built-in battery management system will do the rest for you. You will also notice that lithium batteries charge more efficiently than lead acid and AGM batteries so the recovery will be much quicker.

Sphere lithium batteries use active cell balancing technology to balance the internal battery cells not only whilst charging but also whilst discharging. This assist's in getting the battery as close to 100% charge levels as possible.

- > 100AH AND 120AHLithium Ion
- > 2000+Cycles
- > Built in advanced BMS with Dynamic cell balancing
- > Lightweight
- > 3 Year Warranty
- > Can be connected in series or parallel. Maximum in series voltage of 30.4V

Note: These batteries can't be used to start motor vehicles

BATTERIES & ACCESSORIES

ANBI SWITCH BATTERY ISOLATOR

The ANBI Battery Switch eliminates drainage of stored power by isolating the battery from power-hungry components like clocks, and general energy leakage. Installation is quick and easy and can be completed in less than 15 minutes.

Even when your ignition key is off, there are still components that draw current and continue to drain your battery. That's why it's common to find it flat when you go to start a vehicle, like a caravan, classic car, or ride-on mower after it's sitting for an extended period of time. This is both inconvenient and costly as a completely flat dead battery can often become damaged if left uncharged for an extended period.

ANBI also provides a theft deterrent by virtually immobilising the vehicle when activated. This can result in significant savings on insurance premiums. Make sure your steed is ready to go when you are, install an ANBI Battery Switch today!

500-02120

ANBI SWITCH - BATTERY ISOLATOR

The ANBI Switch is a simple, high quality, robust solution to help you avoid flat batteries.

- > 5 Year Warranty
- > Simple installation
- > Suitable for wide range of applications
- > Proven anti-corrosive. Exceeds international standards for salt and sea spray.
- > Accelerated life tested for proven durability
- > Designed and manufactured in Australia

500-02121

ANBI SWITCH CARAVAN & CAMPERTRAILER - BATTERY ISOLATOR

Nothing's more frustrating than going to hitch-up your caravan or camper only to discover that you've fallen foul of a flat battery! Now you can avoid disappointment and inconvenience, with an inexpensive and simple to install ANBI Battery Switch. The ANBI Battery Switch eliminates drainage of stored power, by isolating the battery from energy leakage. Installation is quick and easy and can be completed in less than 15mins. Make sure you're always ready to go and install an ANBI Battery Switch today!

Has a red polycarbonate lens with a white bracket, 0.5m wire outlet with blade terminals (12V)

**Specifications**

Dimensions (mm): 75 x 40

500-05520**COAST LED LICENSE PLATE LAMP (WHITE)**

Has a polycarbonate lens with dark grey bracket & a 0.5m wire lead outlet. Note: there is no terminal or connector and two lamps are required for ADR compliance (12v DC)

**LED REPLACEMENT BULBS****500-05748****LED MR8 REPLACEMENT BULB (COOL WHITE) 0.8W**

Used to replace traditional MR8 halogen bulbs, it has x6 super bright LEDs and a luminous flux of 60 lumens. Operating on 12V DC, it is the equivalent to a 10W MR8 halogen bulb.

**Specifications**

Dimensions (mm): 34 x 25

500-05751**LED MR16 REPLACEMENT BULB (COOL WHITE) 4W**

Used to replace the traditional MR16 halogen bulb, has x3 super bright LED's and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 45W MR16 halogen bulb.

**Specifications**

Dimensions (mm): 50 x 47.8

500-05752**LED MR11 REPLACEMENT BULB (COOL WHITE) 1.8W**

Used to replace the traditional MR11 halogen bulb, has x12 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC, it is the equivalent to a 24W MR11 halogen bulb.

**Specifications**

Dimensions (mm): 34 x 34.6

500-05753**LED G4 REPLACEMENT BULB WITH SIDE PIN (COOL WHITE) 1.6W**

Used to replace the traditional G4 halogen bulbs, it has x6 super bright LEDs and a luminous flux of 120 lumens. Operates on 12V DC.

**Specifications**

Dimensions (mm): 35 x 23

500-05754**LED G4 SINGLE REPLACEMENT BULB (COOL WHITE) 1W**

Used to replace reading light bulbs, it has a single super bright LED and a luminous flux of 70 lumens. Operating on 12V DC, it is the equivalent to a 10W G4 halogen bulb.

**Specifications**

Dimensions (mm): 28 x 12

500-05756**LED G4 REPLACEMENT BULB WITH SIDE PIN (COOL WHITE) 1.8W**

Used to replace the traditional G4 halogen bulb, it has x12 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC, it is the equivalent to a 27W G4 halogen bulb.

**Specifications**

Dimensions (mm): 42 x 30

500-05757**LED G4 REPLACEMENT BULB TOWER TYPE (COOL WHITE) 2.7W**

Used to replace the traditional G4 halogen bulb, it has x18 super bright LEDs and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 27W G4 halogen bulb.

**Specifications**

Dimensions (mm): 45 x 15

LED BULBS

500-05758**LED T10 REPLACEMENT BULB (COOL WHITE) 1.35W**

Used to replace the traditional T10 halogen bulb, it has x6 super bright LEDs and a luminous flux of 105 lumens. Operating on 12V DC, it is the equivalent to a 16W T10 halogen bulb.

Specifications

Dimensions (mm): 37 x 13

**500-05764****LED BA15D REPLACEMENT BULB (COOL WHITE) 2.7W**

Used to replace traditional BA15D halogen bulbs, it has a double connector parallel pin and x18 super bright LEDs. Operating on 12V DC, and with a luminous flux of 250 lumens, it is the equivalent to a 36W BA15D halogen bulb.

Specifications

Dimensions (mm): 49 x 15

**500-05760****LED T10 REPLACEMENT BULB (COOL WHITE) 2.7W**

Used to replace the traditional T10 halogen bulb, it has x18 super bright LEDs and a luminous flux of 210 lumens. Operating on 12V DC, it is the equivalent to a 35W T10 halogen bulb.

Specifications

Dimensions (mm): 55 x 27

**500-05766****LED FESTOON REPLACEMENT BULB (COOL WHITE) 0.54W**

Used to replace traditional festoon halogen bulbs, it has x6 super bright LED's. Operating on 12V DC, and with a luminous flux of 36 lumens, it is the equivalent to a 5.4W festoon halogen bulb.

Specifications

Dimensions (mm): 42 x 24

**500-05761****LED T10 REPLACEMENT BULB WEDGE TYPE (COOL WHITE) 1.76W**

Used to replace the traditional T10 halogen bulb, it has x13 super bright LEDs and a luminous flux of 150 lumens. Operating on 12V DC.

Specifications

Dimensions (mm): 43.2 x 10

**500-05770****LED 2D FLUORESCENT TUBE REPLACEMENT LAMP (COOL WHITE) 10.1W**

Used to replace traditional round fluorescent lamps, it has x60 super bright LEDs. Operating on 12V DC, it has a luminous flux of 900 lumens.

Specifications

Dimensions (mm): 130 x 15

**500-05762****LED BA15S REPLACEMENT BULB (COOL WHITE) 2.7W**

Used to replace traditional BA15S halogen bulbs, it has a single connector parallel pin and x18 super bright LEDs. Operating on 12V DC, and with a luminous flux of 250 lumens, it is the equivalent to a 36W BA15S halogen bulb.

Specifications

Dimensions (mm): 49 x 15

WIRELESS LIGHTING

SPHERE™ WIRELESS LIGHTING CONTROL SYSTEM

The Sphere™ Wireless Lighting Control System is the way of the future. Easily installed on any flat surface, the system requires no drilling, no wires and no hassle—a simple lighting system at its best! How does the system work you ask? Firstly you will need the 6-Channel Receiver and a selection of Wireless Switches (whichever you feel is best for your RV setup). The Receiver will control the lighting for up to six individual zones in your RV e.g. the kitchen or the bathroom. A simple pairing procedure allows for multiple switches to be programmed to each zone and vice versa.

A master OFF function is available with all switches, enabling you to turn all lights off in all zones with one simple button. Alternatively, for a true wireless experience, the remote control can be purchased.

500-07132

SPHERE WIRELESS LIGHT SWITCH REMOTE CONTROL

A six button, multifunction remote control with six available channels enabling the user to tailor the system to their needs. The Remote Control is a handy accessory to keep in your pocket. If, for example, you have spent the day exploring your surroundings, with the Remote Control in your pocket, you can turn your RV lights on as you approach. It will work up to 50m away (provided nothing obscures the signal). Comes with a belt and clip for the user to wear when away from their RV.

500-07134

SPHERE WIRELESS LIGHT SWITCH REMOTE CONTROL WITH MASTER OFF

A six button, multifunction remote control with six available channels enabling the user to tailor the system to their needs.

500-07200

Clipsal Max 4 - combination residual current devices and miniature circuit breaker, remember to test these on a monthly basis by operating their inbuilt test button, standard slim type, non-delayed, 240V, 16A - 30mA, 1-phase +N, 6kA, 1 module wide, 50Hz.

**500-03110****CLIPSAL 75 OHM COAXIAL CABLE SURFACE SOCKET**

These sockets are designed to accommodate solid core conductor coaxial cables with insulation up to 5mm (diameter) for solderless connections.

**500-03120****CLIPSAL 492/32 FIXED POLARITY PLUG GREY**

Flexible two-pin plugs do not require insulated pins to comply with Australian/New Zealand Standards. This is a flexible plug with two parallel pins, 10A.

**500-03122****CLIPSAL 438/32 FIXED POLARITY CORD SOCKET GREY**

32V Socket, 15A 2pin polar to suit 1.5mm² (ordinary duty)

**500-03124****402/32 FIXED POLARITY SOCKET WHITE**

Front connecting surface socket with two polarized pins, 32V, 15A.

**500-03200****SINGLE POWER OUTLET DOUBLE POLE 15D WHITE**

Double pole power outlet single, 250V, 10A.

**500-03204****DOUBLE POWER OUTLET DOUBLE POLE 25D WHITE**

Twin (standard) size horizontal mount power outlet with double plate, 250V, 10A.

**500-03206****MOUNTING BLOCK WHITE**

Moulded mounting block, one gang to suit all standard size accessories.

**500-03208****DOUBLE POLE SWITCH 30D WHITE**

Conventional architrave switch, the terminals accommodate 3 x 2.5mm sq. cables. 250V 10A AC only.

**500-03400****ELECTUS ANDERSON PLUG (50AMP)**

A 50A, high current connector that is used in domestic and industrial applications e.g. 4WD, boating and automotive. It comes with a pair of contacts.

**Specifications**

Contact Wire Size: 6AWG

Voltage Rating: 600V (AC or DC)

Max Wire Insulation Diameter: 11mm

COAST HEAVY DUTY EXTENSION LEADS

Coast to Coast's new extension leads offer you a wider variety of length options so you can find the perfect sized lead for your RV or campsite, including an extra short size of 8m and extra-long size of 25m!

Our new leads are LED equipped and made from a 3 core, 1.5mm² cable with a moulded 15A plug and socket. To protect the face of the socket, they have a full 360° projecting shroud as well. All of Coast's extension leads are approved and manufactured to Australian Standards and are not suitable for use with domestic power points. Keep your site powered from any distance, with Coast to Coast's new heavy-duty extension leads!

**CMS POWER OUTLETS**

240v CMS Electrical products are not your usual fittings as they feature a soft-wire install with interconnecting leads instead of the hard-wire install of standard fittings. The advantage to this is that it is fast and simple to install or un-install as it is just a coupling connection to a lead rather than hard-wiring actual wire to connect the fitting.

ELECTUS PORTABLE RCD WITH 15A TO 10A MAINS PLUG CONVERSION

Featuring a 10A circuit breaker/RCD for overload protection, this portable RCD is ideal if you have a device with a 15A mains plug but no 15A power outlet available.

**Specifications**

Voltage: 240V AC, 50Hz

Max Load: 2400W, 10A

Rated Residual Current: 30mA

Dimensions: 180H x 135D x 124W (mm)

500-04501

AMP-FIBIAN RV-02MAX 15AMP TO 10AMP ADAPTER

The Ampfiban adaptor allows for a 15A load (e.g. that of a caravan) to connect to a standard household power point (10A). With upgraded features such as being waterproof to IP55, being able to accept leads up to 12mm in diameter and with a new H-Class rating, the Ampfiban is the safe option to connect to domestic outlets. It will automatically trip at 10A if the power outlet becomes overloaded. Designed and made in Australia, the Ampfiban comes with RCD and overload protection, as well as a two year warranty.

500-04503

AMP-FIBIAN MINI 15AMP TO 10AMP ADAPTER

Suitable for use where a waterproof rating is not essential, the Ampfiban Mini has all the same features as its big brother but with an IP33 rating. It has all the essentials such as RCD and overload protection, and a 10A circuit breaker which prevents overloading by cutting the power if it exceeds 10A (2400W). Designed and made in Australia, it comes with a two year manufacturer's warranty.

**Specifications**

Class: L - suitable for DIY/Handyman jobs

RCD: 30mA, 10kA fault current

Power: 220-240VAC, 50-60Hz

NARVA ACCESSORY SOCKETS

500-04506

AMP-FIBIAN RV-PLUS 15AMP TO 10AMP ADAPTER WITH OVERLOAD

The Ampfiban RV Plus is the perfect power adapter for caravan/RV owners. Compact for travel, and weatherproof for outdoor use, it lets 15A devices connect legally to 10A power points and includes fast acting earth leakage safety protection.

Features

- > It is water resistant to IP-55 (jets of water from all directions) and made from impact resistant plastic.
- > Works with ordinary and heavy-duty caravan leads up to 12mm diameter.
- > 240V 10A 2400W circuit breaker
- > R.C.D. for personal protection
- > Padlock attachment point locks lid
- > Power indicator light in socket
- > Certified to comply with Australian Standards AS/NZS-3190 & AS/NZS-3001
- > Two year warranty
- > Designed & Made in Australia)

500-04508

AMP-FIBIAN WEATHERPROOF CARAVAN SURGE PROTECTOR

Australia's only portable 15A caravan surge protector! Protects your inverter and electronic gear from power spikes and surges. Rated at 15 Amps, with a 1000 Joule power absorption rating and four integrated fuses, this touch little product protects your expensive investment.

Features

- > Red warning light tells you if the power point is incorrectly wired before plugging in
- > Tough weatherproof housing seals the connection and allows you to see the indicator lights.
- > Two spring-loaded cleats stop the caravan lead pulling out
- > Flip-up hook lets you hang it off the ground
- > 15 Amp plug goes into the site's power supply or generator before your caravan.
- > Compatible with Ampfiban 15A to 10A Power Adaptors
- > Meets Australian and New Zealand electrical standards (AS/NZS 3120:2011)

Specifications

240V / 50Hz / 15A / 3600W
1000 Joule protection
Meets AS/NZ 3120:2011
IP55 Weatherproof

POD 15 AMP TO 10 AMP ADAPTER

Designed in South Australia, the POD is great for the RV and tradie industry.

Its yellow and compact housing, makes it a portable powerhouse resulting in an efficient 15Amp to 10Amp power adapter. It has water ingress protection (IP55) and has been tested to comply with AS/NZ3190:2011. Safety comes first with the POD, it also features RCD overload protection as well as an inbuilt circuit breaker for current overload protection. Other handy features include a clear lid for easy inspection, a cord clamp to ensure your domestic supply cannot pull free and a convenient hook for hanging when in use. Comes with a one year manufacturer's warranty.

Specifications

Max loading: 10A

Suits ordinary duty 15A leads & features a 1.5m lead

NARVA ACCESSORY SOCKETS

500-05070

SURFACE MOUNT ACCESSORY SOCKET

Ideally suited for RV and marine type applications, the socket has a dustproof rubber cover and a plastic housing. It is suitable for interior or exterior installations, however in the case of an exterior fitment, the socket opening should point towards the ground. Comes in a single blister pack.

Specifications

Amperage Rating: 20A at 12V, 10A at 24V

Dimensions (mm): 80 x 50

NARVA ACCESSORY SOCKETS

500-05072**NARVA SURFACE MOUNT ACCESSORY (BLACK)**

Features dustproof cover and heavy-duty construction. Can be installed with or without the mounting panel. The fitting mechanism allows installation into interior or exterior panels including steel and aluminium. Can be installed with or without the mounting panel.

Moulded housing allows fitment to interior or exterior panels for easy installation.

Specifications

SOLAR EQUIPMENT

COAST SOLAR PANELS

Coast to Coast's solar panels are made from 100% silicon wafers, not cut-offs like some lesser quality panels. They also have a silicon nitride (SiN) antireflective coating to ensure more light is absorbed in all weather conditions.

Features

- > By-passed diodes to minimise power drops caused by shade
- > An anodised aluminium frame to withstand rust
- > Anti-reflective, high transparency tempered glass for durability

500-06170**SOLAR PANEL MOUNTING BRACKETS (PACK 4)**

Suitable for use when installing any of the Coast to Coast solar panels. Note that in the case of the 150W solar panel, two sets are recommended to provide extra support.

**500-06172****SOLAR PANEL UNIVERSAL MOUNT KIT**

Sold as a kit containing: x4 corner mounts (top and bottom), x2 centre mounts (top and bottom), x20 locking screws and x40 height adjusting screws (x20 large for a 35mm frame and x20 small for a 40mm frame).

**SPHERE SOLAR CHARGE REGULATORS**

Solar power is one of the most convenient and portable ways to power your campsite! Now, you can take control of your power with Sphere's new Solar Charge Regulators! Direct the flow of your solar power where you need it most, with a simple and user-friendly design and built-in protection against overcharges.

500-06220**SPHERE PWM 12V/24V 40A SOLAR CHARGE CONTROLLER**

The Sphere PWM Solar Charge Controller adopts an upgraded 3-stage PWM charging algorithm, which applies an equalizing charge to the battery periodically to prevent it from non-equalization and sulfuration, extending the battery's service life (with the exception of GEL and lithium batteries). Boasting an industrial grade design, the Solar Charge Controller is able to function in various tough conditions with TVS lighting protection.

- > Advanced 3-stage PWM charging algorithm
- > Overload, overcharge, and over-discharge protection
- > Dot Matrix Graphic LCD Screen
- > Multiple charging options for various battery types
- > Automatically recognises 12V/24V system voltages
- > User-friendly design with intuitive operations

Specifications

Rated Current: 40A
Max PV Input: 600W/12V
Max. Solar Energy Input Voltage: < 55V
Max. Voltage at Battery End: < 34V

500-06222**SPHERE MPPT 12V/24V 40A SOLAR CHARGE CONTROLLER**

With advanced dual-peak or multi-peak tracking technology, the Sphere MPPT Controller is still able to accurately track the maximum power point even when the solar panel is shadowed or partly fails.

The controller is equipped with an LCD screen which can display abnormality information to help users to quickly identify system faults.

- > Advanced dual-peak or multi-peak technology
- > Built-in maximum power point tracking algorithm
- > MPPT tracking efficiency up to 99.9% with advanced conversion efficiency to as high as 98%
- > Multiple charging options for various battery types
- > Automatic recognition of battery voltage
- > LED fault indicators and an LCD Screen
- > Built-in over-heating protection mechanism

Specifications

Rated Charging Current: 40A
Max PV Input: 550W/12V
System Voltage: 12V/24V Auto
Max. Solar input Voltage: 100, 90V

SPHERE TYRE INFLATORS**500-06300****SPHERE SWIFT TYRE INFLATOR 28L/MIN**

Ideal for 4x4s, SUVs, caravans and motorhomes.

Inflates 4x4 tyre in 6 minutes and a car tyre in just 2.5 minutes. Simple set up - just rotate dial to set pressure. Back lit digital display makes it easy to set your desire pressure. Automatically stops when the pressure is reached. LED light built in for ease of use at night. Long cables to reach tyres all around the vehicle. Comes with three piece adaptor kit.

**Specifications**

Product Dimensions (mm): H168 x W238 x D123
Weight (kg): 2.026
Voltage: 12V DC
Watts: 180W

CAFRAMO FANS

Coast to Coast's range of high quality Caframo fans are researched, designed, developed and manufactured in Canada for the world.

Caframo fans are constructed with the highest quality and greatest care to deliver high-end, unique products boasting features to increase your comfort. All of the fans can be either surface or flush mounted and are available in black or white.

SIROCCO II

The all new Sirocco II fan features a unique gimballed design that allows 360° airflow with versatile 12/24 Volt auto-sensing capability. The improved control layout, increased timer settings and quieter operation make the Sirocco II the perfect choice for caravanning in comfort.

BRIGGS & STRATTON INVERTER GENERATORS

500-30650

P2400 BRIGGS & STRATTON 2400-WATT INVERTER GENERATOR

Enjoy the little conveniences of home anywhere. Quietly. Because of the Quiet Power Technology®, our inverter generators are quieter than traditional camping generators. This P2400 PowerSmart Series™ generator is also safe for sensitive equipment, like your smartphone, laptop, TV and game systems. The handy portable generator can supply your equipment with power for 8 hours straight (at 25% load). It delivers 2400 starting watts and 1800 running watts. This P2400 features 2x 230V household sockets, one 12V DC charging outlet and two 5V USB ports. Do you need more power? You can link two inverter generators with the optional connector kit.

Briggs & Stratton petrol inverter generators are compact and easy to manoeuvre. While providing the power you need. These inverter generators are low maintenance, and ready for all your outdoor leisure needs.

Features

- > Safe for Sensitive Electronics
- > Designed for Camping
- > Quiet Power Technology
- > Quiet Portable Generator
- > Multiple Outlets for Your Power Needs
- > Easy Mobility
- > Parallel Connector Port
- > CO Guard™ Carbon Monoxide Shutdown

Specifications

Starting Watts: 2400
Running Watts: 1800
Voltage (V): 230
Frequency (Hz): 50
Noise Level (dB(A)): 58
Run Time: 8h
Outlets: 2x 230V / 16 Amp, 1x 12V / 5 Amp DC Charging outlet, 2x USB
Starter: Recoil
Engine Configuration: 4-stroke OHV
Displacement (cc): 79
Fuel Tank Capacity (l): 3,8
Automatic Low Oil Shut Down: Yes
Circuit Breaker: Yes
Transport Handle: Twin carry handle, optional wheel kit
Weight (kg): 22,7
Length (cm): 51
Width (cm): 31
Height (cm): 44

P3400 BRIGGS & STRATTON 3400-WATT INVERTER GENERATOR

Briggs & Stratton petrol inverter generators are compact and easy to manoeuvre. While providing the power you need. These inverter generators are low maintenance, and ready for all your outdoor leisure needs.

- > CO Guard™ - Shuts down your generator when harmful levels of carbon monoxide are detected
- > QPT™ Quiet Power Technology - Automatically adjusts the engine speed further reducing noise and fuel consumption
- > Easy Portability with telescopic handle and integrated wheels
- > The PowerSmart Series Inverter Generators deliver 'pure sine Waves' at 3400 watts peak and 2800 watts continuous making it
- > Ideal for sensitive electronic equipment
- > StatStation™ Digital Display - Displays power usage, total unit lifetime hours, and maintenance reminders.
- > Up to 8 hours run time @ 25% load

**Specifications**

Number of Outlets: 3
Engine: Briggs & Stratton® OHV
Displacement: 171cc
Amperage: 15A
Voltage: 230V AC
Auto Idle: Yes

GAS EQUIPMENT

GAS ACRONYMS

BSP	British Standard Pipe
BSPT	British Standard Pipe Tapered
NPT	National Pipe Thread
POL	Prest-O-Lite
SAE	Society of Automotive Engineers
M	This indicates that it is a male fitting
F	This indicates that it is a female fitting

For your own safety all gas fittings and equipment should be installed and checked by a qualified person.

550-00100

YELLOW GAS SEAL TAPE

Has a heat resistance of +200°C & a cold resistance of up to -20°C. Pressure resistant up to 2600kPa & is made of sintered PTFE (Poly Tetra Fluoro Ethylene).

Specifications

Dimensions: 12mm (W) x 10m (L)

LCI LIPPERT BOTTLECHECK BLUETOOTH GAS GAUGE

Easily check gas bottle levels using BottleCheck Bluetooth sensor and smartphone application. BottleCheck gives you peace of mind, measuring the LPG level and alerting you before you run out. BottleCheck can be used on tanks in RVs, caravans, heaters, BBQ grills.

Keep on top of your gas bottle level using the LCI BottleCheck Bluetooth Sensor! Download the FREE app and track the gas level right from your smartphone.

BottleCheck sensors are magnetically attached to the bottom of the gas bottle. The sensors periodically measure propane levels and wirelessly send the fill level to the BottleCheck app.

Available in single or double sensor kits.

Specifications

Sensor Siz.: 72mm Diameter 8mm High

Weight: 30 Grams

Bluetooth Range: 50 Ft

Measures: LPG only

Temp Range: -30°C to + 55°C

IP Rating: IP64

LOXEAL 58-11 HIGH PRESSURE THREAD SEALANTS

Ideal for sealing threaded joints against gas, water, oils and other chemicals.

- > Anaerobic adhesive for the sealing of threaded metal to metal joints
- > Seals against gas, water, LPG, hydrocarbons, oils and other chemicals
- > High viscosity - won't run on thread
- > Sealing unaffected by shock/vibration within temperature range: -55°C to +150°C
- > Rapid cure time - functional in less than 3 hours
- > Water-safe & AGA-approved

GRAB HANDLES

600-00120

WHITE CARAVAN PLASTIC GRAB HANDLE - MODEL 86

This is a sturdy plastic handle designed to act as a convenient grabbing point on corners of RVs.

COAST GRAB HANDLES

COAST GRAB HANDLES

Coast Grab Handles are made from lightweight and durable stainless steel and are ideal for both internal and external RV use.

Available in four convenient sizes in both stainless steel or matte black finishes, the range is well suited to accommodate most needs. Each grab handle comes equipped with a fixing kit for secure DIY mounting and features a knurled steel gripping surface for safe and convenient use.

They are a perfect fit for the entry way to your RV or even as a front or rear gripping point for manually moving a van around.

CAMCO RV WATER PROOFER
 This RV awning water proofer waterproofs and protects by restoring water-repelling qualities to fabric. It is great for outdoor furniture, pop-up campers, RV covers and tents and lasts through several washings (650ml bottle).

600-05302
CAMCO PRO-STRENGTH BLACK
STREAK REMOVER

A specially formulated cleaner and degreaser that is ready to use and powers away stubborn black streaks resulting from window and door sealants, bugs, tar, grease, oil and dirt that have built up over time, helping to restore a like-new appearance. Not for use on rubber or membrane roofs. Comes in a 946ml spray bottle.

600-05382
CAMCO PRO-STRENGTH
MILDEW STAIN REMOVER

Safely cleans mildew stains, black streaks, tree sap, tyres, wheel and even grills. It is specially formulated to power away stains caused by mildew in and around your RV. Use it to clean your awning, vinyl cover, chair cushions and many other surfaces. Also great for use on grease, oil and other heavy duty cleaning thanks to its professional strength. Comes in a 946ml spray bottle.

600-05322
CAMCO PRO-STRENGTH WASH
AND WAX

A blend of natural waxes and emulsifiers that will clean, shine and protect your RV in one easy application. It does not require any buffing and thanks to 100% Carnauba Wax being used in its formula, it leaves behind a water resistant surface that promotes a beading action. Safe for use on all finishes. Comes in a 946ml spray bottle.

600-05332
CAMCO PRO-STRENGTH
AWNING CLEANER

Safely removes mould stains, dirt, tree sap and road grime from your awning. It is specially formulated to clean vinyl, nylon, acrylic and fabric awnings, and is also great for use on tents and pop-up campers. Breathe new life into your awning or tent and help restore a like-new appearance. Comes in a 946ml bottle.

This kit of cleaning cloths gives you all the right tools for the job.

Kit Contains

- > **Interior Cloth:** For keeping your dashboard, vents and all hard interior surfaces free of dust and grime.
- > **Glass Cloth:** Quickly remove greasy smears, finger marks and grime from windows, mirrors, chrome or polished surfaces.
- > **Drying Cloth:** A thick microfiber cloth that quickly absorbs water from any surface. Perfect for cleaning the car and wiping away water marks.
- > **Suede Cloth:** High quality, soft and lightweight ideal for cleaning and polishing delicate surfaces.

600-05500
CAMCO TST PROBE CLEANER

TST Probe Cleaner is a super concentrated liquid that attacks the residue on probes that causes them to malfunction.

HYDOSILEX

600-05672
HYDOSILEX CAMPER

HydroSilex Camper is a revolutionary ceramic surface protection with no limits. It is the first DIY ceramic coating designed for RVs that'll give them a hydrophobic, slick and shiny effect to protect it from the elements.

HydroSilex coats virtually any RV surface such as paint, plastics, glass, metals, gelcoat, etc. Camper will directly bond to the surface and create a smooth and shiny top ceramic layer to protect the surface against the sun, rain, dirt, bird droppings, and any other elements that might tarnish your investment! It provides UV protection to all surfaces, blocking the harsh rays of the sun to stop fading. The lotus effect makes liquids and contaminants bead up and simply roll off the surface.

It's completely DIY with no professional application needed! It'll leave your RV looking new without constant washing, waxing, and buffing. The ceramic coating will outlast any wax or other surface protection and cannot be washed off. You can add more layers for a longer and stronger protection. It's the new way to maintain your RV that saves time, money and effort with amazing results.

It's easy to apply in 3 simple steps:

- 1. Spray**
HydroSilex Camper is a spray on ceramic coating. No mess or grease on hands or anywhere it's not supposed to be.
- 2. Level**
Camper instantly bonds with the surface when it is sprayed on. Just level it after sprayed and the coating stays.
- 3. Buff**
Lightly buff the surface and see it transform to a super hydrophobic slick surface that makes your vehicle shine.

600-05674
HYDOSILEX OFFROAD

The easiest, most effective ceramic coating ever to be applied to the off-road sector! HydroSilex OffRoad can be applied to every exterior surface and will enhance the surface's original shine, protect from the harsh off-road elements as easy as spray and wipe.

This revolutionary DIY ceramic surface protection is specially designed for the off-road environment. Once applied, it gives your RVs surfaces a strong hydrophobic and slick effect that makes maintenance quick and easy, and protects against the dirt, mud, dust, sun and other harsh elements. A simple rinse off is enough to get your RV, ATV, 4x4 or any off-road vehicle back to a brand new look. It also provides UV protection to stop fading and oxidation.

HydroSilex OffRoad will outlast any wax or other surface protection and cannot be washed off. You can add more layers for a longer and stronger protection.

Rest easy knowing HydroSilex OffRoad is working while you play!

TOUCH UP PAINT

600-05684

HYDROSILEX REWIND

Get your RV, 4x4 or other vehicle perfectly prepped before applying your ceramic coating! HydroSilex Rewind removes any grease, oil or wax residue to decontaminate the surface for bonding.

HydroSilex Rewind is a wax and grease remover ideal to use prior to installing HydroSilex ceramic coatings. For the ceramic coating to bond properly, the surface needs to be clean from any wax residue. After washing the car, use Rewind to strip the surface from any wax or grease that may have been part of the wash soap. The surface is then prepared perfectly for OffRoad or Camper.

To apply: Spray Rewind onto the surface of a clean car. Use high-quality clean microfiber towels and buff free of residue. Ensure you don't apply while in direct sunlight.

600-05690

HYDROSILEX MICROFIBRE TOWELS - 5 PACK**CARAVAN TOUCH UP PAINT**

A powdercoat professional touch up paint, allowing you to repair minor chips and scratches. It has been formulated to match Colorbond® and powdercoat finishes and is suitable for: roofing, aluminium windows, guttering and down spouts, fencing, caravans/ motorhomes, aluminium and steel doors, gardening equipment, railings and boats.

**Z-BOND NO NAILS CONSTRUCTION ADHESIVE**

Z-Bond No Nails construction adhesive is designed for use as an alternative bonding method to nails, screws and rivets etc. No nails is designed for use with wood, plaster board, particle board, masonry, sheet metal, zincalume, wall cladding, ceramics, aluminium, painted surfaces, steel, concrete, brick, floor panels, polystyrene and urethane foam.

600-06160
NO NAILS CONSTRUCTION ADHESIVE 320G TUBE BEIGE

SEALERS

SIMSON ISR

ISR 70-03 is a good compromise between an adhesive and a sealant. Suitable for elastic bonding and sealing in caravan construction. Available in black and white.

- > Solvent, isocyanate- and PVC free.
- > Very good UV-resistance and ageing properties.
- > In general good adhesion on several substrate without the use of a primer.
- > Permanent elastic within temperatures from -40°C to +120°C.
- > Neutral, odourless and fast curing.
- > Paint compatible with most industrial paint- or lacquer systems, both alkyd resin and dispersion based (due to the large scale of different types of industrial paints a paint compatibility test is recommended).
- > Paintable after skin forming (wet on wet); this will not influence the curing speed

600-06170

SIMSON ISR 70-03 BLACK

600-06172

SIMSON ISR 70-03 WHITE

600-06210

STRIP CAULKING

An ideal sealant for face fixed window flanges, edge moulds etc. It is easily thumbed into place and smoothed with a finger in instances when a soft, non-hardening material is needed. It is waterproof and will not shrink. (Sold per 16' roll - 4.9m)

TAPE FOAM PVC SEALING

This general purpose foam tape is manufactured for use in applications requiring positive seals on irregular surfaces or when flex and conformability to tight radius curves are critical considerations.

- > Low density foam is easy to compress and conformable, but is still strong and resilient
- > Insulates against temperature, sound and vibration
- > Formulated from durable Poly Vinyl Chloride (PVC) for long service life.
- > Closed cell structure completely seals out air, moisture, light and dust when compressed at least 30%.

- > Fully designed and tested in Australia for Australasian conditions
- > Retains Camec's famous 4 season functionality
- > Classic 660x660 square cutout means no change, and also makes it retrofittable to upgrade your old 4 seasons hatch
- > Passive ventilation increased to 223cm² (was 161cm² on previous model)
- > Ergonomic vent controls
- > Each door has three opening positions (closed, rain mode, fully open)
- > New elegant design, matching the 500x700 4 Seasons Evolution Roof Hatch
- > Tough ASA construction resulting in improved sealant adhesion
- > Easy installation from inside the RV
- > Air Deflector integrated into housing.
- > No additional components required.

**650-01030****FANTASTIC VENT 4 1/4" WHITE GARNISH**

Suitable for use with 5000RBT, 6000RBT, 2250 and 3350.

**Specifications**

Cut Out Dimensions: 345W x 345D (mm)

650-01064**LID ONLY FOR FANTASTIC VENT "WHITE"****650-01200****DOMETIC DUST REDUCTION SYSTEM**

What's the easiest way to keep your caravan clean? Don't let dust enter in the first place! With a rooftop ventilation system like the Dometic Dust Reduction System, you can significantly reduce the amount of dust in your caravan, breathe fresher air and reduce the cleaning time after caravan trips; you don't even need to power it - it works while you drive!

**Features**

- > Stylish Airflow Grille. The grille allows airflow through the unit and prevents debris from entering the vehicle.
- > Modern Design. Modern rooftop unit with a low profile and lightweight design
- > Easy to Use. Changing the air filter is simple thanks to the ceiling cover that is easy to open and close
- > Versatile Installation. Simple and clean design that can be installed in a range of rooftop openings from 285 x 285 mm to 400 x 400 mm
- > Replaceable Air Filters. Additional PM10 air filters sold separately and can be changed in a matter of seconds.

VENTS

650-02012**FIAMMA ROOF HATCH 160**

With an elegant and aerodynamic design, the Roof Hatch 160 is quiet, thanks to the new outside cover and rubber seal. Its watertight system guarantees rain streams down without the possibility of it coming in. Made with quality UV-resistant material, it also features an adjustable centre support arm. Can be installed on roofs with depths from 25-50mm. Supplied with a permanent airflow system and mosquito net.

**Specifications**

Required cut-out dimensions: 390 x 390 (mm)

650-02018**FIAMMA TURBO VENT 160**

Installs in 380mm - 400mm openings with 300mm 10 Blade 12V Fan with polar control thermostat.

**650-02030****FIAMMA KOMBI 50CM X 50CM HATCH WHITE**

Opening on all four sides with convenient handles, the Kombi Hatch maintains constant RV ventilation. It is available with a roller blind which has a dark roller and a mosquito screen.

**650-02204****FIAMMA WHITE LID FOR VENT 50X50 (98683-118)****650-02356****FIAMMA VENT 50X50 OUTER FRAME WITH RIGHT AND LEFT ARMS****VENT 28 F AND TURBO-VENT KIT 28 F**

The new 28cm x 28cm roof light is perfect for small rooms, ensuring improved interior light. The discreet and elegant design of the internal frame makes it suitable for any environment and the aerodynamic shape does not require the use of the spoiler.

Equipped with permanent ventilation and robust aluminium mosquito net. Thanks to the Sandwich System mounting system, it is not necessary to drill any further holes in the roof of the vehicle. Can be accessorised with the optional Kit Turbo Vent 28 F for motorising the roof light.

Features

- > Greater light and visibility
- > More aerodynamic
- > Complete with double layer cover
- > Equipped with fixed mosquito net
- > Sandwich system installation
- > Optional motorized ventilation kit

MAXXAIR VENTILATION SYSTEMS

RV ventilation has never been easier than with a MaxxFan.

They've been used in the US RV market since 1988, and they are now exclusively available from Coast to Coast. The MaxxFan Plus and the MaxxFan Deluxe, both have

a manual option and an electric opening option, and they also have a ceiling mounted control panel that is easy to use and read.

Some other features include:

- > Removable flyscreen - simply twist the L-clamps and remove for cleaning!
- > Installs onto all standard 14" x 14" (356mm x 356mm) roof openings
- > Powerful 10-speed fan motor
- > Fan can run even if the lid is closed (select 'Ceiling Fan Mode') and can be used in "intake" and "exhaust" modes
- > Provides over 900CFM, keeping your RV cool and comfortable
- > Twin lifting arms limit vibrations cause by wind when in the 'open' position

650-04000**AERO FLO VENT COVER FOR 14" X 14" ROOF VENT**

Get high flow fresh air ventilated throughout your RV in rain or sunshine. It has a swing open top for easy cleaning and because it has vents on three sides it has 30% more open vent area than some other vent covers. Made from UV stabilized resin it mounts easily to existing 14" x 14" roof vents.

**650-04020****MAXXAIR STANDARD VENT COVER**

THE MAXXAIR ORIGINAL VENT COVER. Lets in FRESH AIR ANY TIME... Rain or Shine!

- > Prevents Heat Buildup in your RV
- > Proven SUPER-TOUGH one piece design
- > Mounts to all existing 14" x 14" roof vents INCLUDING the new Ventline E-Z Lift Ventadome

Not recommended for High-Powered Fans like MAXXFAN, MAXXFAN Plus Fans, ShurFlo Fan or Fantastic Fan.

SKYMAXX & SKYMAXX PLUS

Natural light and fresh air - the basic fundamentals to the richness of our individual lives and our unique living environments. Light and fresh air create within us a variety of moods that often make any surrounding an oasis.

While enjoying time with family, neighbours or just simply relaxing, MAXXAIR's new SKYMAXX Series of skylights can add so much function, drama, balance and ventilation to any environment.

Features

- > Natural light makes small spaces feel open and free.
- > Create drama in any space.
- > Bring the balance and harmony of nature indoors.
- > With the ability to open the SKYMAXX, create a cooling effect and bring fresh air throughout your RV.
- > Create more opportunities for natural light without sacrificing privacy.

The SKYMAXX is available in two sizes: SKYMAXX and SKYMAXX LX. Both sizes are offered with or without 12V LED accent lighting. All models come with a screen and shade that can either be:

- > Fully Open
- > Screen Only
- > Shade Only
- > 1/2 Shade and 1/2 Screen

SKYMAXX AND SKYMAXX PLUS

Features

- > Skymaxx - Non-LED
- > Skymaxx Plus - LED

SPHERE™ AUTOMATIC MINI WASHING MACHINES

Take caravan and camping trips to a new level of comfort and convenience with the Sphere 3.5kg 12V Automatic Washing Machine. Off the grid automatic washing has never been easier! The need to wait your turn to use the caravan park laundry is over because you're now able to do your laundry when it is convenient for you and all with power from your onboard battery system! An Anderson plug comes included as standard to allow for a quick and simple connection. The Sphere Automatic Mini Washing Machine has five process settings from a wash-rinse-spin cycle (lasting approx. 38mins) to a simple spin cycle (lasting approx. 7mins). Wash settings are set via the uncomplicated control panel. This washing machine is suitable to cold wash only but has the adaptability of having the drainage hose outlet on either the left or right side of the machine. With an elegant white body and stainless-steel wash tub, it will fit the interior decor of any RV.

SPHERE ECOSPIN

SPHERE ECOSPIN PORTABLE WASHER

Sphere EcoSpin Portable Washer is a hand-powered spin cycle clothes washer. Gentle on clothes this Eco-friendly laundry option is the perfect choice for when you're off the beaten trail.

The Sphere EcoSpin Portable Washer can wash up to 2L of laundry in just minutes. This time and money saver requires no electricity and uses less water and detergent than traditional washing machines. Its clever design is gentle on clothes, there are no protruding elements to cause damage like other hand powered washers. It takes less effort to spin compared to other hand powered washers and the EcoSpin can even spin dry your clothes so they dry faster on the line.

The lightweight, highly portable Sphere EcoSpin portable washer is the perfect option for free camping, caravanning and fishing.

700-03000
RV ELECTRONICS FRIDGE
SWITCH

Has an inbuilt electronic movement & vibration sensor which switches the 12v circuit of the caravan's 3-way fridge "on" when the vehicle is moving & turns the fridge "off" when the vehicle stops.

Fridgeswitch has a varying timing circuit which may keep the fridge turned on for up to 3 minutes after the vehicle has stopped. This is to keep the fridge turned on while you are stopped at traffic lights.

- > No more flat batteries when the fridge is left on
- > Only one auxiliary line needed
- > Automatically turns your caravan fridge on and off
- > Easy 15 minute installation

WAECO FRIDGES

WAECO COOLMATIC CRX FRIDGE FREEZERS

Equipped with energy efficient genuine WAECO compressors, the well-proven WAECO CoolMatic refrigerator series provide outstanding energy efficient refrigeration for built-in mobile applications. Their operation is reliable even in tilted positions and high ambient temperatures. They work economically, quietly and are ideal to run with solar panels.

The various models of the CoolMatic series satisfy all mobile fridge requirements. There's a matching refrigerator for every size of vehicle and for every room situation. With a modern stylish exterior, plus well organised and practical interior, the WAECO CoolMatic CRX range are the logical choice for your caravan, motorhome, yacht or boat.

THETFORD FRIDGES

THETFORD 3-WAY FRIDGES AND VENTS

For more than 40 years, Thetford has been designing and developing refrigerators for the leisure market. Thetford absorption refrigerators work differently than your fridge at home. Thetford 3-way refrigerators have no compressor, making them much quieter. This means you can relax and enjoy a pleasant stay in your caravan or camper, without noisy appliances buzzing in the background. Not stopping with mere production, Thetford continues to develop and innovate in terms of quality, design and ease of use. Thetford refrigerators are extensively tested to high quality standards, are AGA approved and carry the CE mark. Plus Thetford refrigerators come with a full three year warranty.

700-03883 90L 3-WAY REFRIGERATOR (N314-E)

- > Compact model (90L gross capacity)
- > Electric display
- > Automatic Energy Selection (SES)
- > AGA (The Australian Gas Association) approved to the latest Australian standards
- > Adjustable thermostat to respond to high ambient temperatures and varied use
- > Flame current meter monitors gas ignition
- > Easy-to-clean, durable white, powder-coated shelves
- > Includes one ice tray
- > Contemporary design with ergonomic controls and latch.

SPHERE™ MIRRORED MICROWAVE OVEN (25L)

Add convenience to your RV with the Sphere™ microwave oven, which now features a mesmerising mirror finish. With a large 25L oven capacity and five power level settings, it allows you to prepare a meal in no time! A digital control panel allows you to view and set your usage requirements, as well as display the ever handy clock. Defrosting frozen foods have been made easy as you're able to select whether you want to use speed or weight as the defrosting basis. It also features one-touch express cooking, a glass turntable (which is dishwasher safe), an end signal and a child safety lock. Aesthetically pleasing, the interior is a crisp white.

Note: When installing a microwave, it must be placed on a flat and stable surface able to hold the weight of the microwave. You should always cover your food whilst cooking as it prevents spattering and also helps to cook the food evenly.

MY COOLMAN FRIDGES

MY COOLMAN FRIDGES

myCOOLMAN® fridges are equipped to come where the road takes you. Keep your food fresher longer with cutting-edge cooling tech and rule your campsite with our genius quality of-life features. Only you decide when it's time to head out, or pack up.

Powerful, robust and ready for any adventure, myCOOLMAN® fridges and freezers bring freshness to the Australian bush. Designed and engineered in Germany to suit the demanding Australian conditions, myCOOLMAN® offers versatility with a range of practical features and sophisticated technology for everyone who loves life off the beaten track. Ranging in sizes from 36 to 105 litres with single and dual zone models, cooling and freezing food of all kinds is a breeze with reliability down to minus 18 degrees.

Packaged in a sturdy transport bag, chilled goods are protected even if no power is available at short notice. Access to the contents is easy thanks to Velcro fasteners. Even when packaged, full operation of the cooler is guaranteed via visible display control and app. The bags are of course available for all box sizes. The pockets on it are very practical for cutlery, tools and the other little things that are helpful in the outback.

FEATURES

- > **Technology** - Digital display & USB port and charger with 3000mMulti-voltage system AC (240V) and DC (12/24V) with battery protection DC inlet on two ends.
- > **Multi-functional lid** - Two way opening lid (not CCP36/44) & headroom for upright standing bottles.
- > **Compressor power** - Powered by 12/24 Volt DC compressor helping you keep items cooler for longer.
- > **LED Lighting** - LED interior light to help see items in your fridge at any time of day or night.
- > **Dual Storage** - Divided storage options with removable sections & fully refrigerated multi-level compartment.

RVX FRIDGE FREEZERS

RVX FRIDGE FREEZERS

The new range of portable fridges that take comfort to a new level.

Sphere RVX fridge/freezers are available in six models to suit most needs and budgets. They are the perfect way to take a little bit of the comfort and convenience of home with you on all your camping and RV adventures.

Offered in two distinct styles, the skillfully designed End or Side Opening lid can be lifted from either side or removed completely in one simple motion.

Benefits

- > The RVX range features an LED display and push button controls so you can easily and accurately adjust and monitor your fridges temperature.
- > The robust and refined cabinet utilizes a polypropylene construction with reinforced corners making it strong and easy to keep clean.
- > The fully insulated cabinet and lid will keep your food and drinks cold and fresh during the hottest Australian summers.
- > Fold away carry handles make storing and lifting the fridge a breeze while offering a convenient point to secure the fridge while traveling.
- > An internal LED light that switches on when the lid is open ensures you will always be able to see what you're looking for.
- > A removable internal basket and separate dairy compartment allows you to organise your fridge how you like and easily clean and maintain it.
- > The entire RVX range comes with a protective cover as standard to help you protect your investment.
- > 3 Year Warranty plus Additional 2 Year Parts Only Compressor Warranty.

Adapter to suit USA thread.

800-00600
SHURFLO RV AND MARINE FILTRATION KIT (RV-QBR-A)

Using only the highest quality approved materials, the Shurflo Filtration Kit ensures you have clean, great tasting water wherever you travel. It actively reduces the chlorine taste and odour from water. The kit includes a 1/4" filter head (with bracket), a disposable filter, a drinking water tap, mounting screws, mounting fittings and a 1.5m length of tube. Suitable for cold water only, it is recommended that after prolonged periods of non-use, that the system be flushed thoroughly i.e. let water run for 2-3 minutes before using it. When mounting the system, allow 1 1/2" (38mm) clearance below the housing or 279mm below the filter head (this will give you enough room to change the filter cartridges). Comes with a limited 1yr warranty from Pentair Water Australia.

Specifications

Micron: 0.5
Pressure Range: 30 - 125 PSI (2.1 - 8.62 Bar)
Flow Rate: 1.9L p/min

800-00650
SHURFLO REPLACEMENT CARTRIDGE FOR FILTER KIT (RV-QDFR-A)

Easily installed, the disposable quick change filter ensure you have pure water for longer. Shurflo recommends changing the filter every 6 - 12 months or when its capacity (1890L) has been reached, whichever comes first. (Alternative model number: 155 785-38)

SHURFLO PUMP FACTS

MAINTENANCE

Checking and cleaning the strainer, normal sanitizing and winterizing and occasional checking all plumbing hardware and fittings for tightness is all that is normally required. Lack of sanitizing is the number one reason for premature pump failure and poor performance over time. Lack of sanitizing will cause scale build-up on the diaphragm and valves, causing low flow and leak back (occasionally pump cycling with no faucets open or tank filling up when hooked up to city water).

SANITIZING

Potable water systems require periodic maintenance to keep components working properly and deliver a consistent flow of fresh water. Sanitizing is recommended: prior to storing, after a period of storage, or any time the system is opened or contaminated, as follows: NOTE: Check your Vehicle Owner's Manual for specific instructions. By-pass any filters or remove filter cartridges.

1. Determine the amount of common household bleach needed to sanitize the tank. 1 ml bleach per 1 liter tank size: 300 liter tank = 300 milliliters of bleach.
2. Mix the bleach with water in a container such as a gallon jug. If tank is filled through a pressurized fitting, pour the bleach into the hose before attaching the hose to the city water entry.
3. Pour the bleach solution into the tank and fill the tank with potable water. Rock the RV back and forth to coat top and sides of potable water tank.
4. Open all faucets (Hot & Cold) allowing the water to run until the odor of chlorine is detected. Allow four (4) hours of contact time to disinfect completely. Doubling the solution concentration allows for a contact time of one (1) hour.
5. Drain the tank. Refill the tank and flush the system once or twice until the odor has decreased. The residual chlorine odor and taste is not harmful.

WINTERIZING

Refer to the vehicle owner's manual for specific winterizing instructions.

If water is allowed to freeze in the system, serious damage to the plumbing and pump may occur. Failures of this type will void the warranty. The best guarantee against damage is to completely drain the pump and perform the following:

1. Drain the water tank. If the tank doesn't have a drain valve, open all faucets allowing the pump to operate until the tank is empty.
2. Open all the faucets (including the lowest valve or drain in the plumbing), allow the pump to purge the water from the plumbing, and then turn the pump OFF.
3. Using a pan to catch the remaining water, remove the plumbing at the pump's inlet/outlet ports. Turn the pump ON, allowing it to operate until the water is expelled. Turn OFF power to the pump once the plumbing is emptied. Do not reconnect the pump plumbing. Make a note at tank filler as a reminder: "Plumbing is disconnected".
4. All faucets must be left open to guard against any damage.
5. Potable anti-freeze may be poured down drains and toilets to protect

p-traps and toilet seals. Sanitize the plumbing system before putting the plumbing system back in service.

PUMP W/ ADJUSTABLE
PRESSURE SWITCH
"OPERATION"

Restrictions in a plumbing system may cause the pump to rapid cycle (ON/OFF within 2 sec.) during low flow demands. Cycling should be minimized to prevent pulsating flow and to achieve maximum pump life. To determine if adjustment is necessary, turn tap on to lower than average flow of water. The pump should cycle, but its "OFF time" must be 2 seconds or longer. If the cycling is correct, leave well enough alone. If the pump is cycling rapidly increase the setting by turning the screw clockwise (1/2 TURN to . TURN MAX.) until the pump operates for 1 second with at least 2 seconds "OFF time". If cycling cannot be minimized consider removing plumbing restrictions or simply install a SHURFLO Accumulator.

PUMP W/ ADJUSTABLE BYPASS
& ADJUSTABLE PRESSURE
SWITCH "OPERATION"

The pump operates normally up to about 1 Bar [15 psi] by-pass pressure, where a spring-loaded by-pass valve opens, allowing flow back from the output side to the input side, providing smooth, steady flow with virtually no cycling, all the way down to a trickle. As a faucet is opened, the pressure will drop, the by-pass will close and full flow is achieved. This allows good flow, even with today's commonly used restrictive showers and pullout sprayer faucets. Performance will vary, of course, depending on the voltage to the pump: lower voltage = lower flow, higher voltage = higher flow. Always be cautious and practice electrical safety. It is always best to shut off power to the pump when leaving the RV/Caravan unattended.

ABOUT THE BY-PASS

The by-pass is a spring-loaded diaphragm that, when open allows water from the discharge side back to the inlet side. If the switch or by-pass are adjusted too much, the by-pass and switch shut-off can overlap and THE PUMP WILL NOT SHUT OFF. Screwing the switch screw in clockwise will raise the shut-off pressure. Unscrewing the switch screw counter clockwise will lower the pump shut-off pressure. Screwing the by-pass screw in will raise the pressure at which the by-pass starts and raise the full by-pass pressure. Unscrewing the by-pass screw counter clockwise will lower the pressure at which by-pass starts and lower the full by-pass pressure.

WARNING: If full by-pass is reached before the shut-off setting, the pump will not shut off .

Full by-pass pressure setting should be at least 0.48 bars [7 psi] higher than pump shut off pressure.

TROUBLESHOOTING

Vibration induced by driving can loosen plumbing, strainers and pump hardware.

Check for system components that are loose. Also, refer to the chart below for trouble-shooting tips.

PUMP WILL NOT START/ BLOWS
CIRCUIT

- > Electrical connections, fuse or breaker, main switch, and ground connection.

- > Is the motor hot? Thermal breaker may have triggered; it will reset when cool.
- > Is voltage present at the switch? Bypass pressure sw. Does the pump operate?
- > Charging System for correct voltage (10%) and good ground.
- > For an open or grounded circuit, or motor; or improperly sized wire.
- > For seized or locked diaphragm assembly (water frozen?).

WILL NOT PRIME/SPUTTERS

(No discharge/Motor runs)

- > Is the strainer clogged with debris?
- > Is there water in the tank, or has air collected in the hot water heater?
- > Is the inlet tubing/plumbing sucking in air at plumbing connections (vacuum leak)?
- > Is inlet/outlet plumbing severely restricted or kinked? Restrictive valves?
- > Proper voltage with the pump operating (>10%).
- > For debris in pump inlet/outlet valves or swollen/dry valves.
- > Pump housing for cracks or loose drive assembly screws.

RAPID CYCLING

- > For restrictive plumbing and flow restrictions in faucets/shower heads.
- > Water filter/purifier should be on separate feed line.
- > Shut-off pressure set too low.

PUMP WILL NOT SHUT-OFF / RUNS WHEN NOZZLE IS CLOSED

- > Output side (pressure) plumbing for leaks, and inspect for leaky valves or toilet.
- > For air trapped in outlet side (water heater) or pump head.
- > For correct voltage to pump (>10%).
- > For loose drive assembly or pump head screws.
- > Are the valves held open by debris or is the rubber swollen?
- > Pressure switch operation. By-pass set higher than shut-off.

NOISY OR ROUGH OPERATION

- > For plumbing which may have vibrated loose.
- > For a restricted inlet (clogged strainer, kinked hose, restrictive valves).
- > Is the pump plumbed with rigid pipe causing noise to transmit?
- > Does the mounting surface amplify noise (flexible)? Does it bang like a drum?
- > For mounting feet that are loose or are compressed too tight.
- > For air in the system. Check all fixtures for air and bleed system.
- > The motor with pump head removed.

Is noise from motor or pump head?

LEAKS FROM PUMP HEAD OR SWITCH

- > For loose screws at switch or pump head.
- > Switch diaphragm ruptured or pinched.
- > For punctured diaphragm if water

LOCKABLE WATER FILLERS

800-00900

**LOCKABLE WATER FILLER

CAMCO TASTE PURE IN-LINE WATER FILTER

800-01200

RV MARINE WATER FILTER

Safe Water Matters

Camco's TastePURE RV/Marine Water Filter with Flexible Hose Protector reduces bad taste, odor, chlorine and sediment in drinking water with a 20-micron sediment filter. Also features GAC (Granular Activated Carbon) filtration in combination with KDF to prevent undesirable bacteria growth when the filter is not in use. Durable in-line, exterior mount filter has a wide body for increased flow. Includes bonus quick change hose fittings. Not designed or tested with fish tanks or ponds. Made in the USA.

Protects against:

- > Bad Tastes
- > Odours
- > Sediments
- > Bacteria
- > Chlorine
- > Made in the USA

Flush RV or Marine water system by allowing tap to run several minutes if system has not been used recently. We recommend always using a water pressure regulator.

Filter Life / Replacement

Filter life depends on water quality. Replace when an undesirable taste or odor appears or if water flow decreases significantly.

800-01230

MARINE AND OUTDOOR WATER HOSE

A 10m drink water hose supplied on a manually retractable hose reel. Great for any RV, the hoses' reinforced core ensures continuous water flow. Compact in design (just 1.59cm wide), it has a carry handle for portability. (The hose comes standard with a 3/4" BSP threaded connection. Should this type of thread not be suited to your needs, an Adaptor Kit can be purchased - (refer to part number 800-01241 below)

Specifications

Dimensions: 1.59W x 1000L (cm)

800-01290

FLAT OUT 9M WASTE HOSE 32MM ID (ON MULTI-REEL)

** Empty reels also available, please refer to Section 3*

Specifications

Dimensions: 375W x 440H (mm)

BLACK WASTE HOSE
38MM ID

A smooth bore (inner lining) waste hose made from black PVC. It has great flexibility and is UV stabilised. Comes in a 10m roll.

**Specifications**

Nom O.D.: 45mm

Vacuum Rating: 310mm hg (@20°C)

Min. Bend Radius: 140mm

800-01346
BLACK WASTE HOSE 32MM ID

A smooth bore waste hose made from black PVC. It has great flexibility and is UV stabilised. Comes in a 10m roll.

**Specifications**

Nom O.D.: 39mm

Vacuum Rating: 310mm hg (@20°C)

Min. Bend Radius: 115mm

800-01360
20M ROLL OF NON-TOXIC
REINFORCED WATER HOSE

A blue 20m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

**Specifications**

Pressure Rating: 12.5PN

800-01362
10M ROLL OF NON-TOXIC
REINFORCED WATER HOSE

A blue 10m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

**Specifications**

Pressure Rating: 12.5PN

800-01364
100M COIL OF NON TOXIC
REINFORCED WATER HOSE

A blue 100m plastic wrapped hose suitable for multiple applications, especially in caravans and boats. Can also be used with a standard 12mm garden hose fitting.

**Specifications**

Pressure Rating: 12.5PN

800-01366
12MM WHITE NON TOXIC
WATER HOSE WITH FITTINGS
10M

12mm hose for the conveyance of drinking water, comes with fittings installed.

- > Proudly Australian made.
- > Conforms to AS/NZS 2070 (Plastics for food contact).
- > Excellent U.V. resistance to withstand extreme Australian conditions.
- > Manufactured from Phthalate free compound.
- > Specially manufactured as to not taint the water.

**Specifications**

Inner Core: White non tainting Polyolefin with smooth finish.

Reinforcing: High tenacity polyester yarn.

Outer Cover: U.V. stabilised clear Polyolefin with a smooth finish.

Fittings: Fitted with Perma-connect fittings c/w tap adaptor.

Specifications

Dimensions: 240D x 710L x 470Wmm

800-01600 WATER TANK 43L MODULAR STANDARD 860 X 260 X 220MM

This new moulded modular caravan and RV water tank will change the way you use water tanks. This one tank can be configured in many ways to provide a single low cost solution.

The BR Plastics tank is blow moulded from food contact approved High Molecular Weight High Density Polyethylene. This makes the tank a super tough performer. The tank is moulded with two integral 20mm (3/4 BSP) threaded closures that can accept a wide variety of standard fixtures and fittings. Using these standard fitting the tank can be networked together to provide almost limitless water storage options for your vehicle.

800-01602 WATER TANK 43L MODULAR PACK ONE 860 X 260 X 220MM

Pack One consists of:

- > 1 x 43L Tank
- > 2 x Elbows
- > 1 x 12mm Director
- > 1 x 25mm Director

800-01604 WATER TANK 43L MODULAR PACK TWO 860 X 260 X 220MM

Pack One consists of:

- > 1 x 43L
- > 1 x Tee
- > 1 x Cap
- > 2 x 25mm directors

800-01606

WATER TANK GREY WATER 50L MODULAR 698 X 382 X 210MM

The BR Plastics tank is blow moulded from food contact approved High Molecular Weight High Density Polyethylene. This makes the tank a super tough performer. The tank is moulded with two integral 40mm (1.5" BSP) threaded female closures that can accept a wide variety of standard fixtures and fittings. Using these standard fittings the tank can be networked together to provide many water storage options for your vehicle.

800-01241

ADAPTOR KIT FOR MARINE AND OUTDOOR WATER HOSE

Allows you to attach the hose to any garden tap. Each kit contains a tap adaptor and two snap-on hose fittings.

800-01991

HOLMAN ADAPTER SET

3 piece brass adapter set.

800-01992

NETA 1 1/6" 12MM BRASS CLICK ON SPRAY ADAPTOR

Screws into sprays or pumps and clicks into hose connections.

800-01608

WATER TANK 54L CARAVAN AND RV WATER TANK 755 X 355 X 220MM

The tank is moulded with three integral 20mm (3/4 BSP) threaded closers that can accept a wide variety of standard fixtures and fittings.

UV stabilised, sold per 100m roll.

JOHN GUEST WATERMARK FITTINGS

The John Guest Speedfit RV Range has been specifically designed to meet Australian Standards and to be WaterMark compliant. The benefits of this range is its increased maximum working temperature and pressure. JG Speedfit tube fittings are warranted to achieve 80°C at 1000 kPa.

Push-fit plastic fitting for the connection of plastic and copper pipe. Designed, manufactured and assembled in the UK by John Guest Speedfit. Simply push the fitting fully onto the pipe and twist the plastic nut clockwise to lock in place. Should the need arise to demount the connection unlock the nut and push the collet towards the body of the fitting and pull the pipe to release. The fitting ensures an easier working environment in confined places and removes the need for hot works on site. Installation can be reduced by around 40% against traditional fixing methods.

WATER TANK CLEANERS

800-04030

TASTE PURE (WATER FRESHENER)

Eliminate algae and slime buildup from drinking water tanks. Just 28 grams helps remove bad smells and taste from 75L of water (473ml Bottle)

800-04040

GREY WATER DEODORISER

Deodorize black and grey water tanks with these compact tablets. One tablet treats up to 150L. (Pack of 6)

800-04042

CAMCO TST GREY WATER ODOR CONTROL - 32 OZ 946 ML

Remove grease buildup in your grey water tank, sink and shower drain lines with this concentrated treatment. Only 100ml per 140L eliminates foul odors, leaving a fresh lemon scent.

800-04100

NATURAL WATER CHLORINE DIOXIDE TABLETS 8 X 4 GRAMS

Water tanks in caravans and campers need to be treated regularly to ensure there is no harmful build-up of micro-organisms and biofilm. The fact that caravans are often not used for prolonged periods of time makes it even more crucial to keep the water safe for cooking and consumption.

Organic material in water tanks can be harmful to your health and negatively affects the taste and odour of water. The build-up of biofilm in pipes can also cause problems in the flow-rate and longevity of your system. CleanOxide®, which is Chlorine Dioxide, is the most effective product on the market to clean water tanks and ensure the water is safe for consumption.

- > Effective over a broad pH range (4 to 10)
- > Controls bacteria, fungi, viruses, biofilm and algae.
- > Neutralises unpleasant taste and odours from tank water.
- > Safer than Chlorine. CleanOxide® does not react with ammonia and does not produce toxic compounds in contact with organic materials present in water.
- > Effective at lower dose rates than chlorine or bromine.
- > Non-corrosive at the recommended dose rates
- > Bio-degrades in sunlight, so no harmful effect on the environment when flushing your tank.
- > Micro-organisms do not develop resistance to CleanOxide®.
- > Approved in Australia for the treatment of drinking water since 2005.
- > Each 4 gram tablet treats 100 to 400 litres of water.

800-04110

NATURAL WATER CLEANOXIDE GEL

Unlike most conventional Odour treatments that merely mask bad smells our CleanOxide® Gel actually has the ability to kill the source of the problem. The Chlorine Dioxide that is released from the Gel works by destroying part of the odour molecule, stripping it of its odour potential. It is the oxygen ions that are doing the work, killing the airborne bacteria, mould or viruses and safely eliminating odour.

- > Slow regulated release of chlorine dioxide vapour at undetectable and safe levels.
- > Simple mixing instructions
- > 1 packet treats up to 25m² (floor area).

800-04120

TANK CLEANSE PRO

Tank Cleanse Pro is the ultimate water tank cleaner, destainer and sanitiser.

Ideal for Caravan, Motorhome and Boat water tanks, Tank Cleanse Pro's concentrated formula ensures that freshwater systems are free from water tainting.

Over time, stagnant water in your RV's water tank allows for the build-up of algae, mould and other harmful bacteria. Cleanse your freshwater tank for better tasting drinking and cooking water with Tank Cleanse Pro.

Tank Cleanse Pro's concentrated formula treats up to 200L of water.

SINKS

800-04900

ARGENT SINK MK3 (LEFT HAND)

This Argent sink has a left handed drain and comes with a smoked black glass lid.

Specifications

- Overall Dimensions: 152H x 630W x 470D (mm)
- Worktop Cut-Out Dimensions: 605W x 415D (mm)
- Inside Bowl Dimensions: 100H x 290W x 368D (mm)
- Sink Capacity: 9.6L
- Net Weight: 5.5kg

800-04910

KITCHEN CENTRE MK3

A complete kitchen sink set, including plastic wash bowl, chopping board, draining board and draining rack. All accessories fit inside the stainless steel sink when not being used, which makes the Kitchen Centre a beautiful space saver. Comes with a smoked black glass lid.

Specifications

Overall Dimensions: 153H x 360W x 470D (mm)

FIAMMA BIPOTS

FIAMMA BI-POTS

These Italian Bi-Pots are a simple, and strong, self-contained fresh water flushing portable toilet. They can be dismantled (valve inclusive) to facilitate a thorough cleaning and emptying is easy and hygienic thanks to the large discharge openings. Stainless steel side hooks securely lock the top tank to the waste tank ensuring no movement whilst in use. The waste tank is made of a one-piece moulding which means no nasty leaks and the release valve is watertight too with a handy anti-odour seal. Semi-transparent lids (on the waste outlet and the top tank inlet) help to keep track of each tank's internal level so you know when to empty or top up. Both tanks are scratch resistant.

850-00500 FIAMMA BI-POT 34

Specifications

Top tank capacity: 15L
Waste tank capacity: 13L
Weight: 4.3kg

THETFORD TOILET ADDITIVES

From the makers of *Porta Potti*

THETFORD

WORLD'S NO. 1 IN TOILET ADDITIVES

Your Thetford Toilet is the best mobile toilet in the market. To ensure you maintain this top quality product and enjoy a carefree and comfortable holiday, you should always use Thetford products for your Thetford toilet, because only the best will do.

THETFORD AQUA CONCENTRATED 780ML

The Thetford Concentrated family features a smaller bottle that makes a bigger impact. Less = more! 0.78L Aqua Kem® CONCENTRATED = 2L Aqua Kem. The powerful new ultra-concentrated range offers outstanding odour control, an equal number of dosages compared to a 2L bottle, less weight and easy to handle bottle.

850-01025 THETFORD AQUA KEM BLUE CONCENTRATED 780ML

Concentrated toilet fluid for the waste-holding tank. A powerful, highly effective, 2 1/2 times concentrated toilet fluid for the waste-holding tank of your Cassette and portable toilet.

850-01029 THETFORD AQUA KEM LAVENDER CONCENTRATED 780ML

The powerful new ultra-concentrated range offers outstanding odour control, an equal number of dosages compared to a 2L bottle, less weight and an easy to handle bottle.

THETFORD TOILET ADDITIVES

850-01035

**THETFORD AQUA KEM GREEN
CONCENTRATED 780ML**

Environmentally conscious, highly effective, 2 times concentrated toilet fluid for the waste-holding tank of your Cassette and portable toilet.

850-01039

**THETFORD AQUA KEM BLUE
EUCALYPTUS CONCENTRATED
780ML**

Concentrated toilet fluid for the waste-holding tank.

A powerful, highly effective, 2+ times concentrated toilet fluid with a fresh eucalyptus fragrance for the waste-holding tank of your Cassette and portable toilet.

850-01042

**THETFORD AQUA RINSE PINK
CONCENTRATED 780ML**

A highly effective, 2 times concentrated, fresh smelling fluid for the flush water tank of your Cassette and portable toilet.

THETFORD AQUA KEM BLUE

Aqua Kem Blue is a powerful and easy to use additive for waste holding tanks. It has a pine scent and can be used in Cassette Toilets as well as Porta Pottis. Its formula is derived not only to suppress unpleasant smells and reduce gas build-up, but also to break down solids and toilet tissue. To use, simply pour 150ml into a 20Lt waste tank. Add 2-3Lt of water to ensure optimum performance. Thetford recommends refreshing every 4-5 days.

850-01028

AQUA KEM BLUE (2L)

THETFORD AQUA KEM GREEN

Aqua Kem Green is the environmentally conscious version of the Aqua Kem Blue. It has a lingering lemon scent that lasts for up to 4 days. It reduces gas build-up, eliminates nasty smells and also breaks down solids and toilet tissue. To use, simply pour 150ml into a 20Lt waste tank. Add 2-3Lt of water to ensure optimum performance. Aqua Kem Green is safe to empty into septic tanks (Test ISO 11734).

850-01038

AQUA KEM GREEN (2L)

THETFORD AQUA RINSE PLUS

Aqua Rinse Plus is a highly effective, fresh smelling fluid for the flush-water tank. It enables a more effective flush and keeps the flush water clean. It's suitable for disposal into septic tanks (Test ISO 11734) and also lubricates the seals. Suitable for use in Cassette Toilets and Porta Pottis. Available in two sizes.

850-01043

AQUA RINSE PLUS (2L)

THETFORD TOILET ADDITIVES

850-01060

THETFORD CASSETTE TANK CLEANER

A powerful fluid for periodical cleaning and maintenance of the waste-holding tank. Cassette Tank Cleaner thoroughly cleans the waste-holding tank and prolongs its life span. No scrubbing required! Simply pour 300ml into your tank and fill with approx. 5Lt of water. Leave it on each side for about 8hrs and rinse after. Available in a 1Lt bottle.

850-01066

THETFORD TOILET BOWL CLEANER

A cleaner for the inner side of the toilet bowl. The thick concentrated formula of Toilet Bowl Cleaner coats the bowl for better cleaning and targets even the hard to reach areas of the bowl, leaving a lovely fresh scent behind.

850-01062

THETFORD AQUA RINSE SPRAY

A special formula developed for toilets connected to the central water tank of the vehicle. Just spray inside the bowl before or after using the toilet to ensure a smooth flush and a fresh smelling toilet. Aqua Rinse Spray coats the toilet bowl with a special, protective layer which results in a smoother flush and limits the number of flushes required. Available in a 500ml spray bottle.

850-01073

THETFORD AQUA KEM BLUE ZIP BAG SACHETS

Water-soluble toilet sachets for the waste-holding tank.

- > Easy to use: sachets completely dissolve in water
- > Apply the right dose easily
- > Highly concentrated
- > Outstanding odor control
- > Reduces gas build-up
- > Suitable for winter camping
- > Liquefies waste for easier tank emptying
- > 15 sachets

850-01064

THETFORD BATHROOM CLEANER

Cleaning agent for safe, easy and thorough cleaning of all plastic surfaces in caravan or motorhome. Wipe with a damp cloth or rinse with water. For extra shine, polish with a soft, dry cloth. On particularly dirty surfaces, allow the cleaner to work in for a few minutes before cleaning or repeat the process if necessary.

850-01074

THETFORD AQUA KEM GREEN ZIP BAG SACHETS

Water-soluble sachets for the waste-holding tank.

- > Easy to use: sachets completely dissolve in water
- > Septic tank safe (Test ISO 11734)
- > The right dose every time
- > Superior odor control with biological action
- > Liquefies waste for easier emptying
- > Reduces gas build-up
- > 12 sachets (12 x 42.5 gr.)

THETFORD AQUA KEM LAVENDER

Aqua Kem® Blue Lavender offers the trusted quality Aqua Kem® Blue with a fresh lavender scent. Like the Aqua Kem® Blue (no. 1 toilet additive for mobile toilets world wide), the Aqua Kem® Blue Lavender is a highly effective toilet fluid for the waste-holding tank, that offers the best performance for your Cassette- and portable toilet.

850-010809
THETFORD GREY WATER FRESH
CONCENTRATED 800ML

Concentrated toilet fluid for the grey water tank. Concentrated, strong, effective fluid which prevents nasty grey water smells coming from the drains.

Why choose Thetford Grey Water Fresh Concentrated?

- > Reduces deposit formation in the grey water tank
- > Outstanding grey water odour control
- > Keeps the grey water fresh and clean for longer
- > Odour free discharging of the grey water tank
- > Convenient small bottle.

For both tanks: Empty after at least 16 hours at a designated location.

**THETFORD DUO TANK CLEANER**
CONCENTRATED

850-01079
THETFORD DUO TANK CLEANER
CONCENTRATED 800ML

Concentrated periodical cleaner for the waste-holding tank and grey water tank.

Concentrated periodical cleaner that removes scale, encrusting and grease deposits from the waste-holding tank and grey water tank.

Why choose Thetford Dual Tank Cleaner?

- > Removes scale, encrusting and grease deposits
- > No scrubbing required!
- > Technical parts inside the tanks are cleaned as well
- > Prolongs the lifespan of the tanks
- > Convenient small bottle

Product Usage

Use in the waste holding-tank

1. Add 200ml to the empty tank
2. Add 5L of luke warm water
3. Shake tank vigorously.

Use in the grey water tank:

1. Add 600ml to the empty tank via the sink or shower drain.
2. Add 50L of luke warm water.
3. Drive with your RV for at least 1h, in order to cover all surfaces of the tank.

For both tanks: Empty after at least 16 hours at a designated location.

850-02500
TOILET TISSUE

Fiamma soft tissue -made from pure water-soluble wadded cellulose, it won't clog up tanks or waste valves (6 rolls per pack)

850-02510
TST RV AND MARINE TOILET
TISSUE

Fast dissolving, clog resistant toilet tissue is biodegradable and septic tank safe! Ply / 4 rolls per bag, 280 sheets per roll.

850-02522
THETFORD AQUA SOFT 6/PK
2PLY TOILET TISSUE

A super soft toilet paper that quickly decomposes in your waste tank thus preventing clogging and damage to your waste tank. Each pack contains

6 rolls.

- > Dissolves quickly
- > Prevents clogging
- > Easier to empty waste-holding tank
- > Prevents malfunctions or damage to the waste-holding tank
- > Super-soft toilet paper.

CASSETTE TOILETS

THETFORD CASSETTES

The built-in Cassette Toilet consists of two parts: a permanently installed toilet and a removable waste-holding tank. A clever indicator lets you know when the tank needs to be emptied, and you can access and remove the tank through a small door (Service Door 3 - 850-01600 or 850-01601) on the outside of the vehicle. Choose from various models. All Thetford Cassette Toilets come with a 3 year warranty.

C402 - C

A bench model toilet with integrated water tank and electric flush. The C402 comes with a bigger 19.3Lt waste-holding tank with wheels, to allow for easy emptying.

Specifications

Dimensions: 512H x 670W x 400D (mm)

Seating Height: 473mm

Net Weight: 8.1kg

Flushing System: Electric

Capacity of Flush-Water Tank: 15L

Capacity of Waste-Holding Tank: 19.3L (with wheels)

The C263-CS with full ceramic bowl is the top of the range in Cassette Toilets. It has a swivel bowl, electric flush and is connected to the central water tank of your vehicle. The waste-holding tank comes with wheels for easier emptying.

Specifications

Dimensions: 750H x 417W x 600D (mm)

Seating Height: 479mm

Net Weight: 17.5kg

Flushing System: Electric

Capacity of Flush-Water Tank: n/a

Capacity of Waste-Holding Tank: 17.5L (with wheels)

CASSETE TOILETS

850-90050N

THETFORD C260CS TOILET WITH LOW BACK (NO DOOR)

Similar to the C260 Ceramic toilet (previous) with the only difference being that the C260CS has a HD polyethylene toilet bowl making it very lightweight at 7.8kg. It too has an electric flushing system for your convenience and a waste holding tank on wheels. Its compact design allows for optimal use of space inside your RV, not to mention the 900 swivel capability.

Specifications

Net Weight: 7.8kg

850-90060N

THETFORD BRAVURA TOILET

Suitable for RV's that have a permanent waste-holding tank, the Bravura connects to your caravan's central waste tank. It has a single foot pedal flushing system with an extra deep bowl to ensure less splashing. The Bravura is easy to install and is lightweight.

Specifications

Dimensions: 454H x 421W x 531D (mm)

Net Weight: 8.3kg

THETFORD C400 CASSETTES

The built-in Cassette Toilet consists of two parts: a permanently installed toilet and a removable wasteholding tank. A clever indicator lets you know when the tank needs to be emptied, and you can access and remove the tank through a small door on the outside of the vehicle.

- > Highest level of seating comfort on the market
- > Lightweight, high-quality, durable plastic
- > Quiet yet powerful flushing system with full bowl coverage
- > Homelike bowl in size and comfort
- > 3 year warranty

This complete sewer kit comes assembled with everything you'll need for a quick, reliable sewer hook up. Nonrestrictive for free flow and faster dumping. Includes 10' HTS sewer hose, Easy Slip bayonet straight hose adapter and Easy Slip sewer elbow with 4-in-1 adapter.

850-02820

CAMCO RHINO HOLDING TANK CLEANER - 6 PER BAG

A powerful enzyme that helps clean your holding tank and remove waste from tank walls in less than 24 hours. Simply flush one drop-in per 150 liters of holding tank capacity down your RV toilet and fill 3/4 of the way with water, then let the drop-in do the rest of the work. Regular cleaning of your holding tank helps sensors function efficiently and keep unwanted smells at bay. The easy to use drop-in is pre-measured and safe for septic tanks. For best results, use one drop-in every three months.

850-02374

CAMCO EASY SLIP 4-1 SEWER ADAPTOR

Easy Slip 4-in-1 Sewer Adaptor with Elbow Connects hose to dump station. The elbow's tapered end accepts all 3" hoses and slip-over fittings. Adapter fits into 3" slip or 3", 3-1/2" and 4" threaded pipe. Larger inside diameter allows for faster dumping. Elbow separates from adaptor for storage in bumper.

TABLETS. GREEN 2G - 10 PK

CASSETTE TOILETS : Simply drop 1 x 8 gram Blue tablet into the bottom cassette with half cup water, lasting up to 4 Days usage. The tablet will break down the matter including the paper very quickly. There are 2 size pouches, 50 x 8gram tablets (blue) & 25 x 8gram tablets both include 10 x 2gram. Mini oxygen tabs for use in a spray bottle.

The 2 gram Mini Tab (green) is used in a spray bottle, simply drop into a 400 mil bottle with cup hot water & top up with cold water, give it a shake and is ready for use. You do not have to wait till the mini tab fully dissolves. We use the spray bottle for the bowl & seat, which only takes seconds & in the heat perhaps spray the bowl 3 times a day. By spraying it is killing the bad bacteria & any odour, it is good to open the slide when spraying to allow entry into the bottom cassette. (You do not have to wait for the Mini Tab to fully dissolve, just use it!)

Use any toilet paper & if it is not breaking down use more flushing water.

850-04060
ODOUR B GONE FAST RV TOILET
DISK. WHITE 30G - 20PK (PLUS
10X2G MINI OXYGEN TABS)

HOLDING TANKS: - Depending on the size of the tank I recommend using 1 x 30 gram tablet (white) for 7 days usage , add more as required. The tablet is similar to the 8 gram but more economical for such tanks. If you have a boat/yacht etc sea water can be used and with a Masurator suggest crush the tablet install pieces to prevent from jamming. If you have the small bottle Mini tabs enclosed in your packaging I suggest use the same method as shown above for the bowl & seat.

The Mini Oxygen Tab in a spray bottle lasts around 3 weeks can be used in the kitchen, Bathroom on bench tops etc and has NO perfume. (You do not have to wait for the Mini Tab to fully dissolve, just use it!)

GREY WATER: I recommend using the 30 gram tablet can be placed on the far corner of the shower base , this will clean out the pipe lines leading to the tank, also can be placed directly into the tank.

ODOUR B GONE PLUS - RV TOILET TABLETS

CASSETTE TOILETS : Simply drop 1 x 8 gram Blue tablet into the bottom cassette with half cup water, lasting up to 4 Days usage. The tablet will break down the matter including the paper very quickly.. Mini oxygen tabs for use in a spray bottle.

WINEGARD SENSAR HV ANTENNA

Catch all of your favourite TV shows on your next RV adventure with the Winegard Sensar HV Antenna. This revolutionary bi-directional antenna receives both horizontal and vertical signals, allowing you to pick up a wider range of free-to-air channels on your RV's TV. Made in the USA, this robust antenna receives analogue, SD and HD signals. Never miss out on the footy grand final again - enquire about a Winegard Sensar HV today!

900-00050
(BULK PACK) WINEGARD SENSAR HV ANTENNA

A new and innovative antenna that receives both horizontal and vertical digital signals allowing for reception in more areas. It features two independently amplified antennas to deliver maximum digital VHF/ UHF programming. Made in the USA, this bidirectional antenna receives analogue as well as standard and HD digital signals and has been designed to fit roofs from 2.5cm - 12cm thick. The OEM pack contains x4 Sensar HV Antenna kits which include: antennas mounted on the reliable crank-up lift turret assembly, a white on/ off power supply switch, hardware, 6.1mt coax cable and a 139.7cm coax cable. RCM certified. The Winegard Sensar HV comes with a 1 year limited warranty, covered by Coast.

900-00060
(SINGLE BOX) WINEGARD SENSAR HV ANTENNA

Has all the same features as the OEM pack (i.e. comes with complete antenna/ lift assembly, white on/ off wall plate and power supply switch, coax cables and mounting hardware) except that it is sold singularly.

Specifications 4G Filter

Range: 144km

Operating Voltage: 12V DC

Operating Dimensions: 43.2W x 116H (cm)

Stowed Dimensions: 125.3L x 11.2H (cm)

Weight: 3.13kg

ANTENNAE

900-00070**WINEGARD SENSAR HV ANTENNA RETROFIT KIT (WITH HEAD AND MAST)**

This allows you to replace the amplified head on an existing Winegard antenna with the Sensar HV bidirectional head.* It can also be used to replace the heads on Antennatek antennas as the old elevating gear can be used.

* Please check the roof clearance prior to purchasing the Sensar HV Retrofit Kit (refer to diagram, showing minimum roof top space required)

**900-00360****WINEGARD WHITE 12V POWER SUPPLY (FOR TV ANTENNA)**

A replacement part for a standard Winegard kit (i.e. a Winegard without a Sensar Pro).

**900-00364****WINEGARD WHITE 2ND TV WALL PLATE ONLY**

A convenient TV outlet with 75ohm coax cable input and output. It has a (+) 12V DC receptacle and easily surface mounts onto a wall.

WINEGARD RVH 3095 SENSAR RV TV ANTENNA W/POWER SUPPLY
900-00010**RV-3095 ANTENNA**

The Sensar RV-3095 antenna has a built in amplifier and unique circuitry that gives you clear VHF/ UHF reception wherever you park your RV. Easy to install, and is bidirectional and corrosion resistant. Digital ready when combined with digital off-air tuner or HD digital television.

**900-00014****(BULK PACK) WINEGARD ANTENNA**

Winegard antenna same features as RV3095 supplied in bulk pack (Sold in packs of 4). Digital ready when combined with digital off-air tuner or HD digital television. Full range of spare parts available from any Coast branch.

**900-00372****WINEGARD SENSAR PRO**

Designed, built and hand tested in the USA, the Sensar Pro allows you to find the highest signal strength and thus watch TV. It has an adjustable amplifier which provides up to 10dB for increased performance if needed.

**Specifications**

Dimensions (cm): 11.4H x 7W x 1.9D

Weight (g): 81.6

Cables/Outputs included: Antenna IN, Cable IN, TV1 OUT and TV2 OUT

900-00400**WINEGARD DIRECTIONAL HANDLE EXTENSION**

Used to extend the directional handle on leisure vehicles with a thicker roof. Roof thickness in excess of 4.75" (120.65mm) and up to 7" (177.8mm) would require an extension. (The handle and extension should be glued together after checking that you have the correct handle. The handle will not work properly if it is not glued together.)

**900-00410****WINEGARD WINGMAN**

This lightweight attachment (suitable for Winegard antennae only) attaches to the Sensar head and increases the digital UHF reception by up to 100%. Available in white, it acts as a digital booster. There are no wires to connect and no tools required for installation. The Wingman allows you to improve your Winegard Sensar's performance, enabling you to enjoy more free-to-air HD channels as it is optimised for digital and HD programming. The elements are powder coated to protect against the elements and rust. Note: The Wingman helps with UHF channels only and must be installed facing forward.

**Specifications**

Dimensions: 419.1W x 355.6D x 35.6H (mm)

Weight: 0.45kg

STANDARD CARAVAN TV
ANTENNA

Digital ready when combined with a digital TV and set top box. Comes with 4m of cable.

900-02352
LARGE CARAVAN TV ANTENNA

Digital ready when combined with a digital off-air tuner and HD TV. Comes with 6m of cable.

900-02374
FOLDAWAY DIRECT
CONNECTOR

Direct Connector - Enables the antenna to be plugged directly into your TV, thus ending corroded/dusty and worn out connections. It is simple to use and stops signal-sapping joins, which can result in signal drop outs.

900-02376
MOUNTING KIT

Includes top clip, bottom bracket and required screws.

900-02377
MOUNTING KIT TOP CLIP ONLY

Includes x1 top clip and x2 screws

HAPPY WANDERER MASTS

900-02382
MULTIFIT BRACKET AND MAST

Suitable for use with the DT8 Dual Loop antenna range and Stand "T" antenna head. It can be fitted to your RV in a permanent or temporary manner. The permanent option fits all types of RVs including pop tops, caravans, motorhomes, slide-ons and campers. The temporary option fits pop top vans and campers with side travel clamps fitted (the clamps are used when the roof is raised). The mast is 1.4m in length (supplied as x2 70cm lengths that can be joined together via a coupling).

900-02384
EXTENSION MAST (0.7M) AND COUPLING

Used in conjunction with part #900-02382, the extension mast is available for campervans with high lifting rooves.

900-02388**HAPPY WANDERER THRU-VAN-WALL COAX CABLE CONNECTION**

A waterproof, permanent solution to trailing TV antenna cables around your caravan. Made in Australia, it is ideal for use with digital set top boxes, Happy Wanderer Antennae and signal boosters as well as other branded antennae. It is adjustable to suit RV wall thicknesses from 22-35mm. Comes with rubber caps to keep out moisture.

**900-02390****HAPPY WANDERER T-BAR ANTENNA**

Simple to erect and stow away, the T-Bar Antenna tunes into both horizontal and vertical signals. It picks up UHF/VHF, FM Radio and digital signals and can be used in conjunction with the Signal Booster.

**900-02396****PART A MULTI FIT BRACKET ONLY FOR HAPPY WANDER****900-02398****PART B MULTI FIT BRACKET ONLY FOR HAPPY WANDER****900-02403****HAPPY WANDERER DT-8 MARK 3 ANTENNA**

The happy viewing continues with the improved DT-8 Mark 3 antenna. It now features an integrated diplexer which means it can combine UHF and VHF signals. The Tapered Loop Technology provides the Mark 3 with a generous beam width of 70 degrees. It is now much easier to set up and the cables cannot be fitted the wrong way. Made from UPVC plastic, the Mark 3 receives low powered DTV stations, as well as HD digital horizontal and vertical signals. It comes with a digital Thru-Van-Wall kit, all cabling (which are RG6 compression with non-corrosive plugs) and a zippered carry bag. Happy Wanderer offer a 5 year warranty on the Mark 3. Note: Brackets and masts are sold separately. You will need to retune your RV TV to suit each locations' reception.

**Specifications**

VHF MHz: channel 6-12

UHF MHz: channel 28-69

Max Gain: 10.4dBi (UHF), 3.1dBi (VHF)

Dimensions (mm): 500H x 295W x 165D (with antenna rods not extended)

900-02408**SIGNAL BOOSTER AND POWER PACK (240V/ 12V COMBINATION)**

It has a masthead type booster for use inside your RV. A 12V cable is included for use with a 12V power supply and the booster can be bypassed if it is not required. VHF max 15dB and UHF max 24dB gain.

**900-02410****EASY-TUNE**

Easy-Tune is a combined signal finder and amplifier booster. Plug your antenna into the Easy-Tune and use it to show which direction the strongest signal is coming from. Then using the handy LED indicators, the amplifier gain can be adjusted to fine tune your TV. The Easy-Tune can be permanently fixed inside your RV (perhaps inside a storage compartment). It is designed to show the presence and signal of digital or analogue TV signals and is also able to boost the received signal and distribute it to 2 outlets.

Note: you should never connect 240V AC (mains voltage) directly to the Easy-Tune.

**Specifications**

Operating Voltage: 10.5 - 28V DC, 250mA max

Outlets: 2

Variable Gain: 5 - 19dB

Dimensions: 16.5W x 5.5D x 2.7H (cm)

Weight: 125g

900-02602**TELESCOPIC CLAMP**

A frame clamp for telescopic pole

REVERSING CAMERAS

FURRION VISION S REAR-VISION CAMERA & DISPLAY KIT

New from Furrion, the Vision S wireless reversing camera is a high-performance vehicle observation system designed for the road as much as it was for the campsite! From reversing to changing lanes this wireless camera kit keeps an eye out for your RV!

The rear-vision cameras give you a full range of view on a mountable touch screen monitor for smoother mobility while you're travelling or reversing your RV or caravan.

- > Observation systems are wireless with high-resolution touch screen monitors that can show up to four different camera images.
- > IP65 waterproof cameras
- > Rear assist reversing lines
- > 2.4GHz wireless communication digitally locks to the camera system for minimal interference.
- > Cameras offers 120-degree viewing angle, with infrared night vision.
- > The monitor can be mounted with the included windshield or universal surface mount.
- > 5" and 7" touch screen anti-glare monitors with rear assist marker lines.

900-02900 FURRION VISION S REAR-VISION CAMERA & 7" DISPLAY KIT

900-02902 FURRION VISION S REAR-VISION CAMERA & 5" DISPLAY KIT

FURRION VISION S 2X SIDE CAMERAS WITH LIGHTLESS BRACKETS

Optional side camera kit for the Furrion Vision S system to provide side vision on the caravan.

Features

- > Optimal viewing angle
- > Infrared night vision
- > 720x480
- > Camera resolution
- > Intelligent IR cut filter
- > Motion detect
- > Waterproof ip65
- > Blind spot turn signal

Specifications

Night Vision Distance: <39.37ft (12m)
CMOS Size: 1/3"
Optical Lens: F2.5
IR Cut Filter: 850nm Automatic
View Angle/Degree: 65°
Working Current (IR ON): <500mA@12V
Working Current (IR OFF): <250mA@12V
Camera Pixel: 720 x 480
Waterproof: P65

SPHERE™ 360° VIEW SYSTEM

SPHERE 360 DEGREE BIRDSEYE VIEW SYSTEM

Sphere 360-degree cameras gives you a complete view of your RV, making towing and parking a breeze.

The SPHERE 360-degree Bird's Eye View system uses the inputs of four wide angle fish-eye cameras (front/rear/left/right) installed around the RV to produce a single image. The driver can intuitively observe the vehicle position and surrounding objects to assist in decision making whilst driving and towing the RV to reverse and merge lanes.

The system can also be used as a Digital Video Recorder by inserting a USB to allow continuous recording whilst driving.

900-02950

SPHERE 360 DEGREE BIRDSEYE VIEW SYSTEM

Features

- > Four cameras with 180° fish-eye lens cameras to capture surrounding objects
- > 360° stitching of the 4 input cameras
- > Able to be calibrated to large variety of vehicle/RV sizes
- > System displays the 360° Bird's Eye-View image and:
 - Front camera during normal operation
 - Rear camera whilst reversing
 - Left camera when left indicator is engaged
 - Right camera when right indicator is engaged
- > The system can operate as a Digital Video Recorder (DVR) when a USB is inserted into the control module loom. Once the storage device is full, the system will begin to write over older files. These files can be viewed by inserting the USB into a laptop.

Specifications

CENTRAL CONTROL MODULE

CPU: Quad-core Cortex™-A7

FLASH: 4GB

Language Options: English, Russian, Japanese, Korean, Portuguese, German, Chinese, Chinese traditional.

Working Voltage Range: 9~36v

Working Current: <400mA

Standby Current: <40mA

Working Temperature Range: -30°C~ 80°C

Working Humidity: 40%~80%

CAMERAS

Effective Pixels: 1280(h) x 960(v)

Horizontal Resolution: 960H

Dynamic Range: >78dB

Video Output: AHD

Waterproof: IP67

Video Resolution: 2560 x 1440

Working Voltage: 3.3v

Working Current: <100mA

SPHERE™ TV BRACKETS

SPHERE TV BRACKETS

900-03800 SPHERE S2 BLACK SINGLE ARM TV BRACKET

The head can be tilted in all directions and has a 360° rotation capability. Nolathane bushes allow for a smooth gliding action. The arm extends up to 282mm and features a lock to limit movement whilst travelling.

Specifications

Weight Capacity: 15kg
Weight: 1.65kg

900-03810 SPHERE S2 BLACK DOUBLE ARM TV BRACKET

The head can be tilted in all directions and has a 360° rotation capability. Nolathane bushes allow for a smooth gliding action. The arm extends up to 422mm and features a lock to limit movement whilst travelling.

Specifications

Weight Capacity: 15kg
Weight: 1.92kg

900-03820 SPHERE S2 BLACK TRIPLE ARM TV BRACKET

The head can be tilted in all directions and has a 360° rotation capability. Nolathane bushes allow for a smooth gliding action. The arm extends up to 562.2mm and features a lock to limit movement whilst travelling.

Specifications

Weight Capacity: 9.5kg
Weight: 2.17kg

900-03850 SPHERE S2 BLACK LOCKING ARM ONLY

900-03852 SPHERE S2 BLACK WALL MOUNT BRACKET

This newly designed mounting bracket makes it easy to setup multiple viewing areas in your RV. It allows for the easy removal of the V arm which can then be relocated and easily placed into any additional mounting brackets that have been installed.

900-03856 SPHERE S2 BLACK MOUNTING BRACKET AND VESA PLATE

Mount Your TV direct to the wall of your RV with this kit. Comes with a vesa plate, bracket and necessary screws.

900-05837 SPHERE™ VESA 100X100 M4 TO 200X100 M6 CONVERSION BRACKET

This conversion bracket/adaptor is mainly for use with the 31.5" Onyx TV (part number 900-05416) if it is to be used in conjunction with a current Sphere™ silver or black wall mount bracket. Supplied with screws.

Specifications

Dimensions: 242L x 21W (mm)

900-05770 RUBBER AM/FM ANTENNA WITH 72" CABLE

Receives radio signals for better clarity whilst travelling. It has a 14" (35.6cm) durable rubber antenna and comes with an extension for thicker rooves. The base can swivel 180°.

Specifications

Cable included: 182.9cm

SPHERE™ CABLES

SPHERE RG6 CABLES WITH COMPRESSION FITTINGS

Sphere RG6 Coax Cables are heavy gauge and feature excellent insulation and shielding optimized for high bandwidth, high frequency applications such as Satellite and Digital TV.

Quad Shield - Sphere RG6 cables are quad shielded meaning they have an additional layer of foil and braid shielding. This extra shielding prevents interference to your signal, preserving signal quality; especially over longer cable runs.

Compression Fittings - Sphere RG6 cables come supplied with F-Type and Pal compression fittings already fixed to the cable. This makes using and installing the cables much easier as no crimping or compression tools are required.

900-05906**LIPPERT 12VOLT TV SLIDE**

The lightweight Lippert TV Lift system is easy-to-install and program, and with smart technology it can shut off the motor in case of obstruction. The Lippert TV Lift is a great way to save on counter space and an impressive way to display your TV.

- > Easy to install with detailed guides and videos available
- > Patented worm rail design efficiently moves TV up and down
- > Easy one-button program; use the same button to program the two stopping points – programming takes less than one minute
- > Lifts TVs weighing up to 90kg
- > Requires less depth than other systems
- > Manual switch and mounting hardware included
- > 10-foot wiring harness allows for flexible installation
- > Perfect for the home as well
- > Can be used for other applications, such as cabinets or access doors

SPHERE BLUETOOTH OUTDOOR SPEAKER & LIGHT

Ideal for caravans and motorhomes, the Sphere external flush mount Bluetooth speaker & light combination is the perfect product for your RV's outdoor living space.

It features a powerful LED in a selectable choice of bright white or amber light as well as superior sound thanks to its 20 Watts of audio power. Control your soundtrack with Bluetooth and NFC functionality via your preferred compatible smart device.

The unit is weather-proof and UV stabilised to prevent premature discolouration or breakdown. It has a built-in ultrasonic mosquito repellent feature that will not interfere with hearing aid's or cardiac pacemakers and there is space allocated in the base of the unit to conceal an ONEX brand GPS tracker.

Features

- > Ready to mount to your caravan or outdoor area
- > Powerful LED white/amber light
- > Mosquito repelling frequency
- > Waterproof
- > NFC and Bluetooth compatible
- > GPS tracking ready
- > UV Resistant
- > 2 Year Warranty

- > All-new Alexa Voice Remote with TV controls - Press and hold the voice button and easily ask Alexa to find, launch and control content. Control your compatible TV, soundbar and receiver using dedicated power and volume buttons. Quickly access your favourite content with convenient app buttons.
- > Do more with your TV - View live camera feeds, check the weather and stream millions of songs through Amazon Music, Spotify and more. Fire TV is always getting smarter with new Alexa skills and voice functionality.
- > Includes 2 AAA Batteries
- > Requires 240V power

SPHERE™ AUTOMATED SATELLITE SYSTEM

Moving with the times, the Sphere Automated Satellite System (SASS) is innovative and technologically advanced. It has been designed to locate and lock onto satellites quickly (in particular, the C1/D3 satellites which cover the majority of Australia). It is compatible with Direct Broadcast Satellites (DBS) which broadcast audio, video and data from satellites about 35,406km away! To ensure the best signal is received from DBS, the SASS must have a clear view of the satellite i.e. make sure there are no trees or heavy cloud in the signal pathway. It also has a built in Digital Broadcast Receiver. SASS comprises of two main components: the dish (which houses the positioning mechanism and twin LNBS) and the indoor unit (IDU which is the systems user interface and allows the user to control/access SASS). SASS comes with a pre-drilled mounting base plate, making it easy to install and offers better weight distribution across the RV rooftop.

900-06002 AUTOMATED SATELLITE SYSTEM

Specifications

Power: 12V

Frequency: 10.7GHz (twin LNB)

Closed Height: 200mm

Size of Mounting Base Plate: 700L x 400W (mm)

Recommended Clearance (from centre of rotating head):

600mm - surrounding items such as air conditioners or hatches must not be taller than 260mm. If surrounding items are taller than 260mm, more clearance is needed.

450mm - surrounding items must not be taller than 190mm

200mm - surrounding items must not be taller than 70mm

Installed Weight: 19kg (includes cables and IDU), 16kg (dish and base plate only)

SASS Tips

1. Ensure the mounting base plate is installed on the flat surface of the RV's rooftop
2. When selecting a location to stay, make sure:
 - a. The dish has a clear line of sight to view as much of the sky as possible
 - b. The dish is at least 1.5m away from other antennas (HF, VHF and radar) that could interfere with the dish
 - c. The dishes exposure to high powered surveillance radar is minimised
3. The mounting base plate is firmly attached to the RV rooftop (Coast recommends using glue and screws)

Spare parts are available if required. Please contact your local Coast Team for more information.

900-06057**VAST DSD4921RV DUAL TUNER PVR 12V/240V SATELLITE DECODER**

The UEC DSD 4921 RV is already the most trusted "Next Generation" VAST™ Twin Tuner Satellite Receiver. The 4921RV was already the smallest and most versatile Dual Tuner PVR-ready VAST™ receiver. Altech UEC is still the most trusted VAST™ certified manufacturer, with the best sales and support network. The 4921RV is already the most reliable VAST™ receiver ever produced, with integrated protection against overheating, over-voltage and short-circuits. Now with new additional features you'll love, the best did get better. Now, you get extra peace of mind with 36 month Australia-wide warranty.

**Features**

- > VAST™ Certified with over the air software upgrade for future features.
- > Smallest VAST™ Certified Set Top Box on the market, ideal for Caravan and RV enthusiasts.
- > Market leading performance with simple installation wizard and fast channel change.
- > Twin Tuner hardware supporting PVR ready functionality to ensure you never miss your favourite show whilst incorporating future proof Uni-cable LNB technology (single cable).
- > Market leading Technology and Software packed with features to make the setup, viewing and operation as easy and intuitive as possible.
- > Ruggedised design and construction to suit the harsh Australian environment with several built-in features to protect your device when connected to 240V mains, Generators or 12V DC battery installations.
- > Optional Accessories Pack for the DIY home installer or the Caravan/RV enthusiast.
- > Low power consumption for 12V DC installation and Australian MEPS (Minimum Energy Performance Standard) compliant ensuring we are environmentally responsible.
- > Backed by 20 years of VAST™ experience and national aftersales support for real peace of mind.

900-06204**06204 SATKING DVBS2-980CA VAST SET TOP BOX**

The SatKing DVBS2-980CA is Australia's first VAST & Freeview Plus certified satellite TV receiver, making this unit the most advanced VAST receiver on the market. Fully designed in Australia this top of the range receiver brings a new level of features to the VAST platform.

900-09102 SPHERE MOBILE WI-FI ROUTER WITH GPS - INT ANTENNA

900-10013 FUSION MARINE STEREO UNIT AM/FM/DAB WITH IPHONE/IPOD/ANDROID/ BLUETOOTH

Introducing the MS-RA70, Fusion's sleekest value-packed marine stereo, designed to deliver a quality on-water entertainment experience by incorporating some of the latest marine technologies. The MS-RA70 is engineered to seamlessly replace any standard DIN sized non-marinated stereo without the need to reconfigure dash space. Clever styling gives the installer the option of either mounting the stereo with a conventional flush finish or integrating it flat into a glass helm, ensuring a high-end finish to the installation.

Specifications

Peak Power: 200W Max. (@ 4 Ω)

Audio Zones: 2 on-board amplified zones

Nameable Zones: Up to 10 characters per zone

Line Out: 1 x L+R per zone (requires amplification)

Subwoofer Out: 1 x Sub Out Linked to Zone 1 (requires amplification)

Auxiliary Inputs: 1 x Stereo RCA Input (AUX)

Display: 128 x 64 monochrome optically bonded LCD

Fusion-Link Wireless: A Fusion-Link remote control app is available for compatible Apple and Android devices. Visit the Apple® App Store or Google Play™ to download the free app.

Bluetooth Wireless Technology: A2DP Bluetooth audio streaming with AVRCP support (album art is not supported)

USB: 1 x USB connector at the rear of the unit, supports 1 amp charging

Audio Format USB: MP3

Water Resistance: IPx7 water resistant from the front panel when correctly mounted.

900-10045 FUSION 6" ENCOUNTER 2 WAY SPEAKER (210W)

Stylish, black speakers with a shallow mounting depth of only 44mm. Sold in pairs, it comes with a convenient template to aid with installation and is backed by a 1yr manufacturer's warranty.

Specifications

Rated Power (Watts): 40

Frequency Response: 35 Hz - 24 kHz

Impedance: 4 Ohm

Sensitivity: 87 dB

Cone Material: Polypropylene

Tweeter: PEI

Mounting Diameter: 126mm

900-10156 FUSION APOLLO 770 MARINE ENTERTAINMENT SYST WITH BUILT IN WI-FI.MS-RA770 (010-01905-00)

900-10094 FUSION OPTIONAL REMOTE CONTROL

900-10039 FUSION 6" MARINE BLACK SHALLOW MOUNT SPEAKER 150W

900-10040 FUSION 5.25" INTERNAL DUAL CONE SPEAKERS 100W (RV-FR52500EM)

Suitable for internal installations, these speakers have a super shallow mounting depth of only 31.5mm, making it perfect for installation behind RV panels.

900-10108 FUSION MS-NRX300 FULL FUNCTION WIRED REMOTE T/S 700 SERIES & MS-RA205

The MS-NRX300 NMEA 2000 Certified Wired Remote Control is an out of the box solution for adding localized control of a compatible FUSION marine entertainment system to any RV. The MS-NRX300 features a sleek new innovation: the glass helm flush mounting option. You can now choose either a flush mount for a stunning glass helm finish, or you can easily install with the conventional dash mount finish. Either way, the feature packed MS-NRX300 will give you everything you want from a wired remote and more.

Multi-Zone Technology

Install a remote in each independent audio zone, up to four zones depending on your FUSION entertainment system, to create localised volume control, as well as global source control. Now you have even more control in creating a customised audio entertainment experience around your vehicle.

IPx7 Waterproof

Perfect for installation inside the camper/RV, the MS-NRX300 is designed and engineered for the outdoor environment.

Optically Bonded 2.6" LCD Display

The MS-NRX300 sports a large, high contrast, daylight viewable display making it easy to navigate and stay in control of your audio entertainment experience.

FURRION AUDIOVISUAL ENTERTAINMENT

Furrion delivers innovative technology engineered, designed and tested to withstand unique performance requirements of mobile applications, including extreme weather climates and road vibrations.

FURRION LED TELEVISIONS

From the very beginning, Furrion audiovisual products have been design to enhance your RV experience. The LED TV is no exception, developed not only for durability, but with technology that delivers world-class performance and picture quality.

- > 12V TV with built-in DVD player
- > Vibrationsmart - designed and tested for vibration resistance
- > Climatesmart - designed and tested for extreme climates
- > Furrion→ smart link communication
- > Added LED strips for extra brightness and picture quality
- > Front or side access buttons

- > Static isolator reduces image noise and static caused by 12V power sources

900-20105 FURRION 24" HD LED TV DVD COMBO

Specifications

Resolution: 1366 x 768
 Refresh Rate: 60Hz
 Audio Output: 5W x 2
 Dimensions without stand: 582 x 368.7 x 52mm
 Dimensions with stand: 582 x 404 x 183mm
 Vesa Compatible: 100 x 100

FURRION 5" SPEAKERS

Our 5" outdoor speaker is made from tough, top-quality materials for high definition audio with a pure, distinct sound outdoors.

Specifications

Max Power: 30W
 Impedance: 4Ω
 Sensitivity: 88db
 Frequency Range: 120Hz~20KHz

900-20200 FURRION 5" BLACK OUTDOOR SPEAKER

Sold Singularly

FURRION 5" 2-WAY SPEAKERS

Designed for harsh outdoor environments with IP55 waterproof technology. Furrion's two-way dome tweeter and thermoplastic polymer cone boast a light, strong design that deliver crystal clear sound.

Specifications

Impedance: 4 @1kHz 1V

Frequency: 120±20% Hz

Output Sound Pressure Level: 82 dB

Characteristic Sensitivity: ±3 dB

Effective Frequency Band: Fo~20kHz

Harmonic Distortion: 5% less than 1W 85~20kHz

Polarity: Left "+", Right "-"

Temperature Range: -20°C to 70°C / -4°F to 148°F

Rated Power: 25W

Max Power: 30W

4"/102mm speaker driver: 30W black PP cone paper woofer

1"/38mm speaker driver: 5W hard dome tweeter speaker with black PET cone

Capacitor: 4.7uF non-polar capacitor

Ingress Protection: IP55

FURRION DV3300S HEAD UNIT W/ NFC AND BLUETOOTH CONNECTIVITY

Compact but powerful, this entertainment system with a built-in DVD player, is optimized for superior performance. With Bluetooth® connectivity and NFC quick-touch communication, it offers a next-generation multi-room entertainment experience.

Enjoy multi-room music with the 2-zone entertainment system. Connect devices wirelessly with Bluetooth® and NFC quick-touch and enjoy more input options with USB, AUX-in. A built-in CD/DVD player saves space in your RV. Featuring Furrion's Vibrationsmart™ and Climatesmart™ technologies for all your adventures on the road.

- > CD & DVD
- > MP3/WMA/MP4/AVI/AM&FM
- > Bluetooth®/NFC
- > Subwoofer connection
- > USB with charging
- > Control by Furrion ES Control app
- > Vibrationsmart™ & Climatesmart™

900-20405

FURRION DV5700S HEAD UNIT W/ BLUETOOTH 5.0 CONNECTIVITY

This sophisticated system is designed to deliver a personalized experience wherever your travels take you. Featuring a built-in DVD player with exceptional media quality, and a USB port that offers easy access and digital playback of your favourite music from USB storage devices, this stylish system is always ready to come along for the ride.

- > Bluetooth 5.0
- > USB Interface
- > Memory card reader
- > Climatesmart™

FURRION F-TYPE TV INLET/OUTLET BLACK

- > Snap-in F-type connector
- > Coax connectors ideal for satellite and cable feed
- > Durable UV stabilized polyester material
- > Nickel plated brass connector for improved signal transmission and corrosion resistance
- > Satellite compatible
- > Easy installation
- > Wall mount with screws
- > Weatherproof sealing
- > Designed for outdoor applications

FURRION PORTABLE BLUETOOTH SPEAKER

The all new FURRION LIT was created for mobile and adventurous living, the portable Bluetooth® speaker is compact, big on sound and features a rugged design so you can take it anywhere.

Designed for mobile and adventurous living, the Furrion LIT portable Bluetooth speaker is compact in size and big on sound. Its unique rugged design is waterproof, shockproof, sand proof, comes with a built-in flashlight and has up to 15 hours of play time. LIT can be mounted in an RV so you can take the party anywhere. The mount is simple to install, acts as a charging station and secures the speakers when you're on the road.

SUBURBAN HEATER ACCESSORIES

950-01140

SUBURBAN ANODE ROD FOR ALL SUBURBAN HWS

All Suburban HWS' have an anode rod which absorbs all the corrosive action of hot water. It is located on the bottom of the HWS (under the main burner), simply unscrew this to drain the tank of water. If the rod is mostly eaten away, replace it with a new one. The Suburban anode rod fits the 4, 5 and 6 gallon tanks.

Did you know?

There are many anode rods on the market. Cheaper imitations may not always be the best fit for a Suburban HWS. Not only are some imitations the incorrect length, you also need to be wary of the thread type (at the head of the rod). The Suburban range of HWS's are made in the USA and they use the NPT style thread for the anode.

Most other parts of the world use a BSP style thread. If a BSP threaded anode rod is fitted into a Suburban HWS it will damage the pitch on the internal thread and cause future leaks. Coast always recommends using a Suburban anode rod in a Suburban HWS.

950-01148

PREMIUM MAGNESIUM ANODE ROD T/S SUBURBAN TANK HWS - SKIN PACK

The Premium Magnesium Anode Rod is made for use in the 4, 5 & 6 Gallon tanks and feature a 304 stainless steel core for increased durability.

SUBURBAN EXTERIOR DOORS

Suburban exterior doors stand up to the elements and frequent use, with corrosion-resistant steel finished in a tough, high-solids baked enamel for extra chip resistance. Coast to Coast stock the standard doors which are installed without bending flanges or installing corner gussets for easy installation and a superior seal.

SUBURBAN HOT WATER HEATER FAQs**Are all Suburban Water Heaters equipped with an Anode Rod? What is its function? When should it be changed?**

YES - all Suburban water heaters feature an anode rod. The anode equalizes aggressive water action, providing cathodic protection for the tank. It is a very important factor in tank life and should only be removed for inspection, draining or replacement. It is removable using a 1-1/16" thin wall socket. Under normal use, the anode rod will deteriorate. Because of this, we recommend it be replaced bi-annually or when consumption or weight loss of the rod is greater than 75%.

Note: Water with high levels of iron &/or sulphate will increase the rate of deterioration. To extend anode life, drain water from tank whenever the RV is not being used. Avoid any extended time of non-use with water in the tank.

Why does water drip from my water heater's pressure and temperature (P&T) relief valve?

You may experience water weeping or dripping from your water heater's pressure and temperature (P&T) relief valve when your water heater is operating. Water weeping or dripping does not mean that the P&T valve is defective. As water is heated, it expands. The water system in an RV is a closed system and does not allow for the expansion of heated water. When the pressure of the water system exceeds the relieving point of the P&T valve, the valve will relieve the excess pressure.

Can I add-on an electric element to a PA/DA Model (GAS ONLY Unit)? What will happen if I use it?

NO - the use of these aftermarket heating element devices may result in damage to components or the water heater. When aftermarket heating elements are inserted into the anode rod/drain connection, tank life is shortened by accelerating inner tank corrosion. This will be a non-warrantable situation. An upgrade is required to a GAS/ELECTRIC model, for this application.

What if I operate the water heater without water in the tank?

Operation without water in the tank on the 12V DC gas portion of the water heater can cause the copolymer insulation jacket to melt and can cause the ECO/Thermostat to trip. Operation without water in the tank on the 230V AC electric portion of the water heater will damage the element.

There is a bad odour coming from the hot water faucet. How can I correct this?

Odour from the hot water system is not a service problem and many water supplies contain sufficient amounts of sulphur to produce an odour. The odour is similar to rotten eggs and is often referred to as "sulphur water". Sulphur water is not harmful—only unpleasant to smell. Sulphur water can be caused by a chemical action or by bacteria. The key to eliminating this smell is heavy chlorination of the water system. Add about 177ml of chlorine (common household liquid bleach) to each 10 gallons in the water tank. Then run the heavily chlorinated water throughout the system, opening each faucet one at a time until you smell the chlorine. Let the RV sit a few days and the chlorine should take care of the problem. Then you will need to remove the chlorine by flushing the water system. If you don't have a water filtration system that removes chlorine, you may have a problem getting rid of the chlorine taste. You might consider adding such a system because it allows you to keep water chlorinated and this prevents several problems, including sulphur water. Chlorination also takes care of other types of bacteria and viruses.

HWS MAINTENANCE ACCESSORIES

How do I drain my water heater?

Follow the steps below:

1. Turn off electrical power to the water heater either at the switch from the electric element or a breaker.
2. Shut off the gas supply to the water heater.
3. Turn off the pressure pump on the water system.
4. Open both hot and cold water faucets.
5. Remove the anode rod from the tank. (NOTE: TAKE CARE as water may be HOT when drained from the unit).
6. Follow the RV manufacturer's instructions for draining the entire water system.

950-02700

CAMCO SCREW-IN ELEMENT WRENCH 5" FOR SUBURBAN HWS

This zinc-plated element wrench goes where other wrenches can't, allowing you to remove and replace screw-in elements with ease. It works in conjunction with your screwdriver and fits all 5" regular screw-in elements and 1-1/2" nuts.

950-02710

CAMCO T & P UNIVERSAL VALVE REMOVER

Replace temperature and pressure valves faster and more safely. The Valve Remover gives you better access to the water heater housing, reducing injuries. Fits Atwood and Suburban (Mor-Flo) water heaters.

950-02720

CAMCO HWS TANK RINSER

Cleans the sediment that collects at the bottom of your water heater and flushes it out. Note, please use 800-01992 to connect the Tank Rinser to your garden hose.

950-02730

TUBE SPANNER 1 1/16" X 1 1/2" 250MM OVERALL LENGTH FOR SUBURBAN HWS

This two in one tool will work with Genuine Suburban Anodes and Heat Elements.

NAUTILUS IW60A ON DEMAND WATER HEATER

Enjoy endless hot water with Suburban's NAUTILUS On Demand RV Water Heater. Say "good-bye" to waiting for water to reheat in a conventional tank. Showers and baths are best enjoyed slowly, so live free from the restraints of limited hot water supplies. Dishes and even the laundry can be done with an infinite supply of hot water whenever and wherever, simultaneously from every fixture.

With no storage tank to heat water, the NAUTILUS On Demand RV Water Heater reduces weight and increases efficiency by only operating when the need for hot water arises. The NAUTILUS On Demand RV Water Heater uses an exclusive 60,000 BTU 2-Stage Modulating Combustion System (MCS) which instantaneously adjusts the LP gas input to provide consistent and endless comfort regardless of your hot water needs.

Installation Configuration Examples

The NAUTILUS On Demand RV Water Heater from Suburban is a truly adaptable platform that offers a variety of installation options to suit your needs. The below configurations examples demonstrate the NAUTILUS system's industry leading versatility.

Example Configuration 1

The minimum specification install of the Nautilus system required only the system itself and a single vent to suit your vehicles wall thickness. Please note that the unit should be installed as close to wall as possible.

Example Configuration 2

The maximum specification install of the Nautilus system requires the system itself, the Nautilus Control Centre (available in black or white), a single vent to suit your vehicles wall thickness and a single access door.

Tire Linc

Tire Pressure & Temperature Monitoring System

Is your RV ready for the road? The Tire Linc® (TPMS) by Lippert™ is the easy-to-install, always-on tyre pressure and temperature monitoring system that makes sure you're always ready for the road. Integrated with Lippert's OneControl® app, you can monitor your camper trailer, caravan, motorhome, or towed vehicle's tyre pressure and temperature right from your smartphone – don't mess with additional dashboard interfaces again.

SKYMAXX & SKYMAXX PLUS

Natural light and fresh air - the basic fundamentals to the richness of our individual lives and our unique living environments. Light and fresh air create within us a variety of moods that often make any surrounding an oasis. While enjoying time with family, neighbours or just simply relaxing, MAXXAIR's new SKYMAXX Series of skylights can add so much function, drama, balance and ventilation to any environment.
