SALE LOCATION: United Producers Sale Barn
Route 16 East, Shelbyville

LIABILITY & HEALTH: All persons attending the
Cattlemen's Choice Sale will do so at their own personal risk.
We encourage you to practice all health guidance practices.

LIVESTOCK INSURANCE: Hugh F. Miller Agency on
behalf of American Livestock Market Insurance will have
available insurance on your purchase. Call 815-626-1300 or
see Greg or Eileen Miller for more information.

LODGING:

The Shelby Inn, Shelbyville, IL . . 800-342-9978 or 217-774-3991

ANNOUNCEMENTS FROM THE AUCTION BLOCK:

Any and all announcements from the auction block take
precedence over the printed catalog.

REGISTRATION PAPERS: Cattle will be transferred to the
new owner at seller's expense. Please give the proper name as
you want it on the paper to our cashier on payment.

TERMS AND CONDITIONS: Cash or personal check
payable to Martin Escrow. Settlement to be made sale day or
see Larry Martin prior to any purchases. All bidders should
pick up a buyer's card and be registered. You will receive a paid
receipt to show at load-out of your cattle.

CATTLE ON DISPLAY: Cattle will be on display at the Barn
Saturday, December 2, all day. There will be videos, contact the
consignor for more information. If you can't attend the sale and
would like to bid to a real person - contact sight unseen sales
reps for free service.

TRUCKING: Greg Miller – 608-778-8785. Will assist and
help make trucking arrangements.

BREEDING GUARANTEE: All cattle sell under the terms
and conditions of the breed associations selling in this sale.
Please visit their websites prior to any purchases.

*Thank You
for Your Attendance
and Purchases.*

CATTLE SALES

DVAuction
Broadcasting Real-Time Auctions
www.DVAuction.com

WELCOME

Welcome to the annual Fall Harvest, all breeds sale at Shelbyville, Illinois. We will have a Live Auction thru a sale ring and DVAuction will provide on-line service to our customers who cannot attend the sale in person. Another option for our customers is Sight-Unseen service --just call our consultants or ringmen and they can help you. There is no cost to you for this service.

According to RFD and the USDA, we have a very low inventory of cattle and there is no sign of a cowherd buildup because of the strong prices for feeders and the kill price for aged and lower quality cows. Take advantage of the time to replace average cows and purchase younger and better quality at the Cattlemen's Choice Sale. Many of our good customers are repeat buyers, and at our June sale, we sold cattle to 8 states and 2 Angus females to Canada.

We will have some very elite feature lots for the December Sale: Lot 1 - Genetics - a pregnancy from Sandbox Step Up to Something X Reckoning 711F, will be a first-time offering that should add lots of excitement.

We are offering a select few Bulls that are of service-age for Fall breeding season and York Farms and Russell Land and Cattle are leading off with a very powerful Copacetic Black Baldy Bull; TJ Curtin will offer a young, select group of Angus cows with several fall heifers at side. Last year we sold a select group of show heifer prospects that did quite well for our customers.

Jack Wilson is consigning a full sib to the 1st place heifer at the Kentucky Beef Expo and Kentucky State Fair. I talked Ben Kiner into consigning the Res. Calf Champion at the World Beef Expo, she should have lots of friends.

If you like Quality Cattle, make plans to attend Sunday, December 3 at Shelbyville, Illinois.

Hilltop Farm will disperse Riverode Cattle handling equipment selling at NOON SHARP!!

This is one cow family that you do not want to miss your chance to be a part of, DARLENE OF CCCC 25D (ASA 3313922) continues to stamp her offspring time and time again. There hasn't been an off-spring in this cow family that isn't good structured, impeccably footed, ample bodied, great bone and without a doubt breed changers. SANDBOX STEP UP TO SOMETHING is a power house, we paired her with RECKONING 711F to make some big-time breed changers. We believe this mating will make anyone proud to stand behind.

Recip Name: Unregistered Simmental

ASA# N/A

Recip Birth Date: 9/3/21

Red genetics are in demand, and we are proud to offer a pregnancy out of our red donor Josie. Josie is an absolute specimen to see in person. She is as complete of an individual as you can find. Solid cherry red, massive middled, and heavy boned. Josie has been consistent, and most importantly, profitable. Her mating, to the now deceased Broker bull should make an elite red calf that is full of muscle, bone, and hair. The recip is an unregistered Fort Knox daughter that goes back to the legendary Sloup donor Magnetic Lady on the bottom side of her pedigree.

Recip Name: Commercial Angus

ASA# N/A

Recip Birth Date: 12/3/21

The Little Sister Donor is appropriately named as she is the full sibling, and little sister to the legendary WS Beef Maker bull. She is the Dam to the ever-popular WS All Aboard B80 Bull. This cow has a magnificent phenotype and boasts a massively constructed hip, a long spine, remarkable capacity, and depth, all with an impressively clean front third. She has the feet, legs, and flexibility that has, and will continue to stand the test of time. The mating to Lockdown is a little bit older genetics, but we are confident that this mating to Lockdown could be her most successful and profitable yet. The recip is a nicely made commercial Angus heifer.

A super stout, big boned, heavy hipped red ET calf that has been a standout since he hit the ground. This Fully Loaded son was the run-away leader for weaning and yearling weights in his calf crop and does it from a sensible birthweight standpoint. Use him for his incredible pedigree or to simply inject muscle, guts, growth, foot size, and maternal ability into your next calf crop. As an added bonus, Fully Loaded is sure to be the calmest and quietest animal in your herd, his disposition is second to none.

12.0	1.4	68.8	101.2	4.4	19.9	54.3	110.3	66.9

RS Excel is a striking black baldy bull out of our Dixie Erica Donor female, RS Dakota 602D. I told Larry this bull was headed for our March bull sale as one of our elite lots, but being a fall born I believed he was ready to go to work sooner so we are making him available early at Cattlemen's Choice. Such a big strong shapely bull with so much hip and top shape. I certainly have always admired this bull's natural stretch and that with his muscle shape provided him the chance to perform early and has done well at each of his weigh periods. His birthweight and calving ease EPD's are both reasonable so expect a good to moderate calving ease in his offspring. 602K is without question a good young herdsire in the making!

11.9	1.2	78.9	113.4	7.5	20.6	60.0	131.7	78.0

RS Kennedy is a really nice bred with an outstanding EPD profile. Phenotypically 387K has a balanced profile with plenty of extension and yet she bodies up to make a no holes bred. You love having the EPD and maternal sire Cowboy Cut backing this one up and it shows in not only her femininity in her front end but also in her low birthweight, and her solid \$ indexes for API and TI. The good news continues with her AI breeding to OMF Epic on 3-25-23 with Planned Mating indexes both in the top 25 percentile so expect good things going forward for this female.

AI BRED: to OMF Epic E27 #3317371 on 3-25-23.

What an interesting commercial female with a ton of potential. She has as much depth and spring of rib as you can get in a female at this age. Combine that with her overall quality, length, extension, flexibility, and you can't go wrong. She has a showing presence with that long term cow power build. She has the ability to be registered as a 3/8 Simmental which would allow her to compete in the AOB.

This is one of my foundation cows from a cow family stemming back to the Drake Blush female we had so much show success with several years ago. Her SAV Pioneer sire put so much belly and yet sleekness to her front end that she continues to duplicate in all her offspring. This is a quality dam and at age 10 still going strong with plenty of opportunity to generate daughters to replace her with. I especially appreciate Trinity's soundness and her ability to always breed back for an early calf and this time mated to the Fort Worth and North Americana Champion Bull Rocking P Private Stock! Likely A1 bred but 1 more preg check coming prior to sale date.

AI Bred: 4-11-23 to Rocking P Private Stock H010 #3775641

I could not ask a first calf heifer to do any more than RS Jordan has having that good Double Up heifer calf at side and still keeping her condition and breeding back early. Her Cowboy Cut dam and her Relentless son sire gave her plenty of look while maintaining solid numbers on her EPD profile. This one's just starting to prove herself but we like her length, balance, and structural soundness. Her calf has been weaned off so we will be selling choice of this dam or her heifer calf, RS Locket 185L, but selling both or double your money and keep the pair together. RS Jordan was bred AI to W/C Bank On It 273H on 5-3-23.

AI bred: 5-3-23 to W/C Bank On It 273H #3808104

Pasture exposed: 6-2-23 to 7-20-23 to RS/BR Paramount 110K #4152780

RS LOCKET 185L

Heifer

#4271931. 3-18-23.

Sired by Double Up

RS Jordan's first calf by Double Up. We appreciate this one's build and shape with plenty of substance and soundness. This is a solid heifer calf to show and later get into the replacement pen.

9.0	2.2	64.1	95.8	5.4	23.7	55.7	117.4	66.9

A high quality young red cow that hails from one of our most profitable and productive genetic lines. Esther and her siblings have routinely raised off some of our best and heaviest calves. She comes to Shelbyville with an exceptional black baldy heifer calf that will more than hold her own in the fall born division at show. The heifer calf has loads of dense black hair, is broad across her top line, and has a rocket front end.

Calf at side: Heifer. 10-21-23. Sired by RAML Lockdown 9793 #3648747

This Rapid Fire daughter is a very stout made, easy keeping female with great shape and depth of rib. Which fits perfectly with her growth EPD's to produce heavy weaning calves. Her bull calf should grow fast with plenty of power and style.

Calf at side: Bull. 9-7-23. BW 92. Sired by HPF Optimizer A512 #2728015

A nice fancy cow in the prime of her life sired by our full brother to the great STF Nostalgia. She gives you that extra eye appeal and flash being long, clean fronted and level topped while moving freely on a great set of feet and legs.

Calf at side: Heifer. BW 81. Tattoo L396. Sired by STCC Kat 163H #4021146.

Built just like her dam – long, clean and flashy with a perfect blaze face.

<u>CE</u>	<u>BW</u>	<u>WW</u>	<u>YW</u>	<u>MCE</u>	<u>MM</u>
+4	+1.7	+43	+72	+4	+22

This lady is as elegant as you can make one in an extremely deep, and functional package. As you can see, she is doing an amazing job raising a set of twins, and is still in excellent condition while just grazing on pasture. She is also the dam of the Lot 33 yearling heifer CHIL Naomi 211K. This cow is built for longevity and still has many high quality years of productivity left as she is a spitting image of her donor dam that just turned 16 years old and continues to produce marketable cattle year after year.

A-I Bred: 11-12-23 to PVF Blacklist 7077 #AAA18944889

Calves at side: Twin heifers. 9-3-23. Tattoo 312L / 313L. Sired by BMW Onset #AAA385476.

This mating did exactly what we hoped phenotypically when we bred this lady to BMW Onset times 2! These calves have continued to come on strong hitting the creep feed and we think they have the look and could be very competitive in the show ring on down the road in that high chi senior yearling division. These girls will not disappoint as mature females.
