HP DesignJet SD Pro MFP

Highly productive 44-in MFP for fast and detailed document reproduction

Detailed document reproduction with CIS technology

- Scan and copy everyday documents and maps at high speeds without fringing, using advanced CIS technology.
- Eliminate unwanted shadows and backgrounds with the new dualilluminating system in CIS technology.
- Produce high-quality results with crisp text, scan resolution up to 1200 dpi, copy resolution up to 2400 dpi.
- Create large-format color and black-and-white scans and copies up to 44 inches (1118 mm) wide.

A fast SD scanner designed to streamline workflows

- Scan fast—up to 6 inches (152 mm) per second in color and 13 inches (330 mm) per second in black-and-white.
- Accelerate workflows. Save scans as PDF, TIFF, JPEG, or DWF files. Do batch scanning. Create multipage PDFs.
- Easily share images. Scan to email, USB, network—or print with the HP DesignJet T1300 44-in PostScript® Printer.
- Preview and enhance images using the large 15.6-inch (396 mm) touchscreen all-in-one PC.

Reliable dual-roll PostScript® 44-in printer

- Print on different paper types and sizes seamlessly, and save time using two rolls with smart switching.
- Save space. Use the eight-level adjustable scanner stand to create a single footprint by positioning the scanner directly above your printer.
- Process files in parallel with a 160 GB hard disk, 32 GB virtual memory, and 2 GB scan processing.
- Get trusted, secure connectivity with built-in Gigabit Ethernet, advanced access control, IPv6 and IPsec.

Eco Highlights

- Save paper with two roll configuration, print image nesting, blank print area detection, image auto rotate, and realistic print previews
- Less ink wasted thanks to efficient installation and maintenance routines
- Free, convenient cartridge and printhead recycling¹

Please recycle large-format printing hardware and printing supplies. Find out how at our website: **hp.com/ecosolutions**

¹ Program availability varies. Please check <u>hp.com/recycle</u> for details.
