HPE 3.2TB SAS 12G MIXED USE SFF SC SS540 SSD (P21135-B21)

Server Solid State Drives

WHAT'S NEW

- HPE 800 GB, 1.6 TB, 3.2 TB, 6.4 TB SAS 12G Mixed Use SFF (2.5-inch) SC, 3-year Warranty SSDs

OVERVIEW

Do you need to accelerate the performance of your mixed use applications?

HPE 12Gb SAS Mixed Use (MU) SSDs deliver enterprise features at an affordable price for applications requiring high random read and write IOPS performance. SAS MU SSDs transfer data at full duplex (bidirectional) allowing greater I/O bandwidth to alleviate bottlenecks at twice the 6Gb interface of SATA drives

HPE 12Gb SAS MU SSDs are best suited for mission-critical enterprise applications requiring a balanced performance between read and write I/O to deliver enhanced performance and low latency. SAS MU SSDs are ideal for workloads such as Big Data analytics, HPC and virtualization

HPE 12Gb Value SAS MU SSDs offer a significant performance boost over SATA SSDs with roughly twice the read IOPS and are lower in cost than traditional SAS SSD drives. 12Gb Value SAS is a single-ported version of enterprise SAS, providing slightly reduced performance in exchange for being price competitive to enterprise SATA SSDs

FEATURES

High Performance, Exceptional Reliability, and Efficiency for Faster Business Results

HPE 12Gb SAS Mixed Use (MU) Solid State Drives (SSDs) are ideal for Big Data analytics, cloud computing, high performance compute, database applications and virtualization

Achieve higher IOPS and lower latency to enhance the performance of your data center

Maintain data accuracy with full data-path error detection

Choose from a broad portfolio of enhanced solutions in a wide variety of capacities

HPE 12Gb SAS SSDs and HPE 12Gb Value SAS SSDs

Value SAS SSDs Offer Twice the Interface Speed of SATA, Significantly Improving Workload Performance

HPE Value SAS solid state drives (SSDs) support 12Gb, versus SATA SSDs at 6Gb

Optimized for enterprise application workloads, HPE 12Gb Value SAS SSDs allow you to do more work with fewer servers by improving and consolidating transactional database workloads

HPE 12Gb Value SAS SSDs allow you to reduce operating costs for storing, powering and maintaining servers, as well as reducing your data center footprint

Available in a variety of storage capacities, HPE 12Gb Value SAS SSDs are the perfect choice for supporting read intensive and mixed use applications

Technical specifications**HPE 3.2TB SAS 12G Mixed Use SFF SC SS540 SSD**

Product Number (SKU)	P21135-B21
Lifetime Writes	17,121
Endurance DDPD (Drive Writes Per Day)	3
Read IOPS	Random Read IOPS (4KiB, Q=16)= 135,000 Max Random Read IOPS (4KiB)=210,000@Q256
Write IOPS	Random Write IOPS (4KiB, Q=16) 120,000 Max Random Write IOPS (4KiB) 124,000@Q64
Power (Watts)	10.16
Plug Type	Hot pluggable
Height	15mm
Minimum dimensions (H x W x D)	21.92 x 22.86 x 14.61 cm
Weight	0.68 kg
Warranty	HPE Solid State Drives and Add-In Cards have a standard 3/0/0 warranty Customer Self Repair (CSR) subject to maximum usage limitations. Maximum usage limit is the maximum amount of data that can be written to the drive. Drives that have reached this limit will not be eligible for warranty coverage.

HPE POINTNEXT

Access expertise at every step of your IT journey with [HPE Pointnext Services](#). [Advisory Services](#) focuses on your business outcomes and goals, to design your transformation and build a roadmap tuned to your unique challenges. Our [Professional](#) and [Operational Services](#) help speed up time-to-production and keep your IT stable and reliable.

Operational Services from HPE Pointnext Services

- [HPE Datacenter Care](#) helps modernize and simplify IT operations. Partner with an assigned account team, access technical expertise, an enhanced call experience gives you priority access, choose hardware and software support, implement proactive monitoring to help stay ahead of issues, and access HPE IT best practices and IP.
- [HPE Proactive Care](#) offers an enhanced call experience and helps reduce problems with personalized proactive reports and advice. This also includes collaborative software support for Independent Software Vendors (ISVs), (Red Hat, VMWare, Microsoft, etc.). [Read more](#)
- [HPE Foundation Care](#) helps when there is a problem and has a choice of response levels. Collaborative software support is included and provides troubleshooting help for ISVs running on your server. [Read more.](#)

Other related services

[Defective Media Retention](#) is optional and applies only to Disk or eligible SSD/Flash Drives replaced by HPE due to malfunction.

[HPE Service Credits](#) offers a menu of technical services, access additional resources, and specialist skills.

[HPE Education Services](#) delivers a comprehensive range of services to support your people as they expand their skills required for a digital transformation.

Consult your HPE Sales Representative or Authorized Channel Partner of choice for any additional questions and support options.

HPE GREENLAKE

[HPE Greenlake](#) is HPE's market-leading IT as-a-Service offering that brings the cloud experience to apps and data everywhere – data centers, multi-clouds, and edges – with one unified operating model. HPE GreenLake delivers public cloud services and infrastructure for workloads on premises, fully managed in a pay per use model.

If you are looking for more services, like **IT financing solutions**, please [explore them here](#).
