

Why Consider Lenovo ThinkPad and ThinkCentre models with AMD® Ryzen™ Processors?

Performance

ThinkPad notebooks and ThinkCentre desktops feature the latest AMD® Ryzen™ processors with integrated Radeon™ graphics that provide outstanding compute performance and dazzling graphics. Intensive tasks like content creation, graphic design, and number-crunching are a walk in the park.

ThinkCentre M625q Tiny with optional display and optional wireless keyboard and mouse.

Battery Life

ThinkPad notebooks with the latest AMD® Ryzen™ processors provide outstanding battery life with MobileMark ratings ranging from 8.6 hours to 10.7 hours.

ThinkPad E585

Manageability & Security

ThinkPad notebooks and ThinkCentre desktops with the latest AMD® Ryzen™ processors offer superior manageability with the industry-standard DASH support. In addition all models ship with a hardware TPM 2.0 chip to support security features like Windows BitLocker.

ThinkPad A285

ThinkCentre M725s SFF with optional display and optional wireless keyboard and mouse.

Offerings that Span Entry to Enterprise

ThinkPad notebooks and ThinkCentre desktops with the latest AMD® Ryzen™ processors are available in configurations that support entry compute all the way up to intensive tasks like content creation, graphic design and number-crunching.

ThinkCentre M715q Tiny with optional display and optional wireless keyboard and mouse.

No Supply Constraints

You may have seen recent articles about supply constraints in the PC industry. We have excellent supply available and short lead times on our ThinkPad and ThinkCentre models that ship with the latest AMD® Ryzen™ processors.

ThinkPad A485

Built to Last

ThinkPad notebooks and ThinkCentre desktops undergo stringent quality tests for sustained reliability. Designed to keep on going, while you keep focused on business—these products won't let you down.

ThinkPad E485

14.0" Laptop – Made To Do Business

Reliability, Performance, and Ease of Use

The ThinkPad® E485 is designed to keep pace with your business as you power through every day. The slim design makes it easy for you to stay productive, creative and in touch—at home, in the office, or on the move. And its always-on security provides you with complete peace of mind. ThinkPad E485 is made for your business; wherever it may be.

ThinkPad Reliability

ThinkPad E485 notebooks undergo stringent ThinkPad quality tests for sustained reliability. Designed to keep on going, while you keep focused on business—this machine won't let you down.

Performance

With AMD Ryzen™ Processor and Radeon™ Vega Graphics, experience elite performance in content creation, and intensive multi-tasking.

ThinkPad A285

12.5" Enterprise Laptop

Portability, Reliability and Performance

The thin and ultralight ThinkPad A285 optimizes your journey to success. All-day battery life with RapidCharge ensures uninterrupted inspiration on the go. And whether you're in the office, at the corner cafe, or at 30,000 feet, you can rest assured your ideas stay yours with enhanced security features.

Portability Perfected @ less than 2.5lbs

When we completely redesigned the all-new ThinkPad A285, we took portability seriously. Which means you're getting the most compact 12.5" Ultrabook®.

Takes a beating in stride

From spilled drinks to drops and knocks, modern laptops need to withstand life on the road. The ThinkPad A285 has you covered. It's tested against 12 MIL-SPEC requirements and passes more than 200 durability tests. Whether it's a day at the office, or a day on the move, the ThinkPad A285 has you covered.

ThinkPad A485

14.0" Enterprise Laptop

Portability, Reliability and Performance

Raise the bar with the ThinkPad A485. Boasting the latest power-packed processors and all-day battery life, this 14-in laptop is robust yet light enough to accompany you anywhere. Practical touches include an optional backlit keyboard and an array of ports, while the enhanced security features help safeguard your work wherever the job takes you.

Raise the bar for business-class

The 14" ThinkPad A485 is lightweight and easy to carry without sacrificing on performance. Power forward with the latest AMD Ryzen™ Pro processing and Radeon™ Vega™ graphics that make multi-tasking a cinch.

Amazing Audio

Speakers on the ThinkPad A485 deliver amazing audio with Dolby Audio™ Premium, which energizes your entertainment with rich, powerful sound. It dynamically adjusts audio to deliver home theater quality in a virtual surround sound experience for all your entertainment. Boosted bass and enhanced volume turn it all up for sound that's loud and clear enough to share.

ThinkCentre M625q Tiny

The tiny desktop that packs a big punch

The ThinkCentre M625q Tiny is the perfect choice for progressive IT managers looking for responsive, secure, space-saving desktops that can be deployed in any office environment. You can install and open apps without delay, find files quickly, and switch between multiple programs seamlessly—all the benefits of a traditional desktop.

Tiny footprint, big statement

The ThinkCentre M625q Tiny is extremely compact at 96% smaller than a traditional desktop tower. This tiny desktop fits just about anywhere and can be positioned horizontally or vertically—mount it on a wall, behind a monitor, or even under a desk. You can even power digital signage since it's so easy to hide from view. It delivers reliable, professional-level performance, while freeing up valuable desk-space.

ThinkCentre M715q Tiny

Think Big With a Tiny Desktop

The compact ThinkCentre M715q Tiny desktop boasts a footprint so small it can fit neatly on a bookshelf, behind a monitor, or even under a desk. Engineered to work in the toughest environments, Tiny can handle anything from minor bumps to extreme temperatures and dusty conditions, so you can focus on growing your business and getting your work done.

Packs a Punch

The ThinkCentre M715q features a small footprint yet delivers heavyweight performance. With up to three independent displays, or four displays in Mosaic Mode, this Tiny PC expands the limits of desktop computing to enable greater productivity. Ideal for financial and creative industries—and all your multimedia, multitasking needs.

Monitor and wireless keyboard/mouse are sold separately.

ThinkCentre M725s SFF

Performance Desktops that Grow with Your Business

When it comes to business computing, one size does not fit all. The ThinkCentre M725 Small Form Factor is primed for productivity, boasting cutting-edge processing and storage technology. But it also puts you in the drivers' seat when it comes to selecting components ranging from the CPU to memory and graphics. And it's easy to upgrade, so it can become more powerful and versatile as your business grows.

Packs a Punch

Up to the latest AMD Ryzen™ 7 PRO processors and DDR4 memory, the ThinkCentre M725 provides an astounding improvement in compute capability of up to 52% over the previous generation—meaning intensive tasks like content creation, graphic design, and number-crunching are a walk in the park.
