APC Charge Mobile Battery

APC Charge designed for Surface Hub 2S

APC Charge Mobile Battery for Microsoft Surface Hub 2S enables true mobility and supports your creative flow.

Unplug, stay connected and never lose creative momentum as you move beyond the traditional meeting room, making any space a teamwork space.

Our lithium-ion battery system is designed to power the Surface Hub 2S on-the-go, so you stay connected regardless of the location.

APC Charge Main Features

- **Designed for Mobility**
 - APC, Microsoft, and Steelcase design in partnership to enable true team mobility.
- **Long Battery Life**
 - 2 hours of power during typical Microsoft Surface Hub 2S usage, from the moment you unplug.
- **Easy To Install**
 - Place, secure, and connect: battery installation is that simple.

Designed with Microsoft and Steelcase

APC Charge Mobile Battery was developed to power Microsoft Surface Hub 2S and seamlessly integrate with Steelcase Roam™ Mobile Stand.

Microsoft, Steelcase and APC by Schneider Electric bring you a truly mobile experience for teamwork and collaboration.

Thinking Beyond the Battery

- Space Saver
 - Installed in Steelcase Roam's tray, APC Charge saves space for your accessories.
- Concealed Connections
 - Cables and connectors are cleverly concealed.
- Integrated By Design
 - APC Charge blends with Surface Hub 2S and Steelcase Roam, making the battery almost invisible.

Life Is On

Untethered Teamwork Experience

Create and Design Anywhere

Bring Microsoft Surface Hub 2S to where creativity ignites. Common space, manufacturing floor, production line, and anywhere you want to design and create. When innovation happens, Surface Hub 2S is there powered by APC Charge.

Boundless Collaboration

Make sure your meeting is uninterrupted and untethered to conference walls. When a room is needed, simply unplug your Surface Hub 2S and move your collaboration elsewhere while staying in the flow.
