Monitor Arms with Low-Profile Top Mount C-Clamp

- High-end aesthetics: Sleek design creates clean lines from every angle
- Slim profile: Small base offers more usable workspace
- Versatile applications: Recommended for sliding desks, height-adjustable tables and more
- Sustainable design: RoHS-compliant materials ensure easy recyclability
- Flexible options: Available as monitor arms with clamps or clamps-only to fit other worksurface thicknesses
- Fast installation: Assembles with one screw for individual or whole-office integration

MAKE THE MOST OF EVERY ANGLE
WITH SLIM MONITOR ARM CLAMPS

Enhance modern workspaces with sleek monitor arms and clamps that revitalize employee wellness and productivity. The easy-to-install design works with many height-adjustable tables and sliding desks, creating more usable workspace and a clean look from all sides. It attaches with one hidden screw for an attractive, high-end appearance that's simple to integrate in new or existing designs. Monitor arms with clamps and clamp-only options in various colors give designers flexibility in their next office design.
