1. Calendar of Events

March 6, 2024, Mandatory Pre-Bid Meeting

9:00am – 11:00am PST

1025 Escobar Street Room #110, Martinez, CA 94553

March 1, 2024	Release RFP
March 6, 2024	Mandatory Pre-Bid Meeting (In Person) at 1025 Escobar Street Room #110, Martinez, CA 94553
March 11, 2024	Deadline for submitting first written questions
March 15, 2024	Answers to received written questions posted as Addendum #1 and sent to all RFP participants
March 19, 2024	Deadline for submitting second written questions
March 25, 2024	Answers to received written questions posted as Addendum #2 and sent to all RFP participants
April 1, 2024 – 12:00 Noon PST	Deadline for receipt of proposals
April 1-19, 2024	Contra Costa County review of proposals submitted and submit questions to Bidders for clarification as needed
March 19, 2024	Announcement of Bidder Selection
May 8, 2024	Board of Supervisors Meeting to request approval of Agreement with successful bidder

Notice is hereby given that responses to this Request for Proposal (RFP) must be received by Contra Costa County no later than 12:00 noon PST on April 1, 2024. Any Bidder who wishes its proposal to be considered must ensure that its response is received by this deadline.

A Mandatory Pre-Bidder’s meeting will be convened March 6, 2024, from 9:00am-11:00am PST. Bidders will have the opportunity to request clarification during this meeting. Responses to questions will be provided verbally during this meeting. If a question cannot be answered during the meeting, the County will provide a response in the form of a written addenda.

All questions regarding this RFP will be accepted through the Periscope S2G only. The deadline for submitting questions is on or before **March 19, 2024** no later than 3:00 PM PST. All questions will be answered by posting on the Periscope S2G website. Please contact customer service if you need technical assistance with any part of the bid process at info@periscopeholdings.com or call (800) 990-9339.

Proposal Submission:

- Response to this RFP MUST be submitted electronically through the Periscope S2G website - NO EXCEPTIONS.

Contra Costa County, California
Countywide Audio & Visual System Service and Maintenance –
Request for Proposal# 2402-759

- Late submittals WILL NOT be accepted – NO EXCEPTIONS
- Fax submittals WILL NOT be accepted – NO EXCEPTIONS

Proposals will not be accepted after the date and time stated above. Incomplete proposals or proposals that do not conform to the requirements specified herein will not be considered. Issuance of the RFP does not obligate the County to award a contract, nor is the County liable for any costs incurred by the proposer in the preparation and submittal of proposals for the subject work. The County retains the right to award all or part of this contract to several bidders, to not select any bidders, and/or to re-solicit proposals. The act of submitting a proposal is a declaration that the proposer has read the RFP and understands all the requirements and conditions.

Bidders shall not contact County officers or employees regarding any aspect of this Request for Proposal except through the primary contact person listed above. Any unauthorized contact may be considered undue pressure and cause for disqualification of Bidder.

2. Definitions

Definitions in this RFP: County, RFP, Proposal, Candidate, Contractor, should unless otherwise indicated mean the following:

- a. The expressions “RFP,” “this RFP,” and “the RFP” refer to this document as it may be amended or updated.
- b. The words “The County”, “County”, and “county” mean Contra Costa County
- c. The “proposal”, “proposers”, or “potential proposers” is the response of a person, firm, or corporation proposing to provide the services sought by this RFP.
- d. The words “Candidate” or “candidate” is a person, firm, or corporation that submits a proposal or that is considering submitting a proposal in response to this RFP.
- e. The words “Contractor”, “contractor”, “contracting agency” is a person, firm, or corporation with which the County enters a contract to provide the services sought by this RFP. That is,” contractor” generally refers to a successful candidate that has obtained a fully executed contract with the County, while “candidate” is generally reserved to the stage before a contract has been signed.
- f. The word “should”, is used to tell candidates what the County is considering and/or what the project manager or technical advisor thinks is best. Candidates that want to increase the likelihood of being selected will, in general, do what the RFP says candidates “should” do, however, failure to comply with all “shoulds” within this RFP will not necessarily and automatically result in rejection.

3. Introduction

- a. LOCATION AND OVERVIEW

Contra Costa County, California
Countywide Audio & Visual System Service and Maintenance –
Request for Proposal# 2402-759

Contra Costa County is situated within the Northern East Bay Area of California. The selected vendor will be required to provide comprehensive audio/visual support services to department facilities located throughout the County. One such facility is the Board of Supervisors (BOS) Chamber, located in the County Administration Building at 1025 Escobar Street, Martinez, CA, that serves as a critical facility for public Board of Supervisors meetings, Commission meetings, and occasional other public and internal gatherings. It is expected the selected vendor will provide a qualified audio/visual engineer to provide support at each Board of Supervisors Meeting.

b. EXISTING SYSTEMS

The existing centralized IP-based Audio/Visual and Broadcast systems are currently deployed within various County facilities, including but not limited to the administrative building, Conservation Development, all Board of Supervisor Offices, Health Services, Employment, and Human Services.

c. PROJECT INTENT

The principal aim of this initiative is to provide comprehensive countywide audio/visual support services to county departments. The County anticipates that this Request for Proposal (RFP) will add value by upgrading and expanding the current state-of-the-art audio-visual infrastructure at the County across its facilities, in alignment with the standards set by the Administration Building:

- Remote control functionalities for systems.
- Centralized and proactive monitoring and management of the IP-based Audio and Visual System.
- Customer Care Center support and advanced hardware replacement.
- Dedicated on-site technical engineer support to Board Meetings and specified ad-hoc departmental meetings.
- Dedicated on-site technical engineer support for the comprehensive Audio and Visual system.
- The County is committed to fostering a direct and transparent relationship with the chosen Vendor to bolster accountability, efficiency, and effective communication throughout the billing and maintenance phases of the project.
- For enhanced clarity and streamlined processes, "bidders are explicitly required not to engage third parties in their solutions, services, and support." Contra Costa County aims to establish a direct and reliable partnership with the Vendor, fostering a successful collaboration for both the implementation and ongoing maintenance of the audio-visual system. However, the county reserves the right to authorize such third-party services on a case-by-case basis within the actual contract verbiage.

Contra Costa County underscores that all billing and maintenance aspects related to this RFP must be exclusively managed by the Vendor directly responding to this proposal. It is crucial that the Vendor selected secures the contract directly with the County, ensuring a seamless and accountable operational framework.

d. PROJECT OBJECTIVE

The County is committed to maintaining the existing diverse audio-visual solutions in various facilities and expanding to new ones. This includes the preservation of previously implemented IP-based audio-visual

solutions. It is imperative that all technologies remain centrally manageable, facilitating video conferencing interoperability with any soft codec-based conferencing solution. Furthermore, the sustained infrastructure should be equipped to support interactive displays with 4k resolution.

The County is committed to fostering a direct and transparent relationship. The selected Bidder should take these responsibilities into account during the proposal development.

e. CONTRA COSTA COUNTY RESPONSIBILITIES

For this RFP, the County assumes responsibility for providing:

- Network switches
- Network wireless access points
- Network VLAN configurations
- Network security devices and configurations
- WAN devices and connectivity between county locations
- Low voltage data cabling
- All electrical services

4. Statement of Work Summary

a. PROJECT SCOPE

The subsequent section outlines the scope of work and requirements presented by Contra Costa County, serving as an initial guide for the proposal of professional services. The County is seeking a contractor for professional services to formulate and implement a comprehensive best practice solution for the Board of Supervisors Meeting Chamber, existing conference rooms, and any potential future conference rooms.

The project scope includes the following key components to provide costs for:

- **Management and Maintenance:**
 - To manage and maintain existing and new A/V locations.
- **Proposed Modifications and new installations:**
 - Recommendations for modifications to various work areas, encompassing conference rooms, all-hands spaces, open offices, executive offices, hotel office spaces, break rooms, public spaces (lobbies, waiting areas, building entry areas).
 - Recommendations for new County locations that could benefit from an audio/visual solution.
- **Bidder's Responsibilities:**
 - Comprehensive tasks such as planning, design, project management, installation, configuration, implementation, training, support, testing, and proactive management and monitoring of the new system.
- **Collaborative Project Timeline:**

Contra Costa County, California
Countywide Audio & Visual System Service and Maintenance –
Request for Proposal# 2402-759

- Collaboratively determining the project timeline with County agents and obtaining County approval before initiation, emphasizing the critical role of this collaboration in the project's success.

Furthermore, the bidder responding to this proposal must provide the following:

Dedicated Account Team: Provide the names and titles of the dedicated team members responsible for overall management, on-site engineering, project management, accounting, and customer care, along with their years of experience.

Provide three customer references (Contra Costa references are acceptable) including names, project scope, and contact information.

Provide duration your company has been delivering audio-video services.

Pricing Details as outlined in Appendix A:

- Furnish a quotation for small, medium, and large conference rooms, adhering to the standards.
- Provide discount off manufacturer's list price.
- Please examine the existing equipment list. Current Maintenance contract will expire at tiered times ending 2025 or later. Please acknowledge in your RFP response that you can provide maintenance and advanced warranty on items listed below with co-terming all equipment. Please also provide details for the Maintenance and Warranty being offered.
- Provide Services pricing

b. **CENTRALIZED MANAGEMENT REQUIREMENTS**

Contra Costa County places a significant emphasis on fostering effective real-time collaboration in conference rooms, ensuring reliable, high-quality audio, video, and content sharing. The implementation of each conference room is designed to optimize communication, ease of use, and security, allowing users to access any type of medium without being restricted to proprietary technologies.

Consideration has been given to the connectivity of BYODs (Bring Your Own Device), facilitating flexible connections to both audio and video devices via Bluetooth and wireless sharing with existing devices in the room.

The subsequent standards have been established:

Small Conference Room

The Small Conference Room aims for optimal communication, ease of use, and security, promoting a clean conference table free of cables and devices commonly found in meeting rooms. Key features include:

Contra Costa County, California
Countywide Audio & Visual System Service and Maintenance –
Request for Proposal# 2402-759

Audio:

For video teleconferencing, both the microphone and speakers will be integrated into an all-in-one video bar.

VOIP: Utilization of the VoIP phone system with private SIP registration for independent management.

Video:

Interactive Display: Avocor G-Series 65” Interactive 4K UHD Display with a built-in Windows 10 Pro OPS PC for seamless integration with County-approved technologies.

Content Sharing: GroupShare wireless presentation technology for local and remote sharing.

Logitech Rally Bar Mini: Mounted above the display for local UC platform participation.

Medium Conference Room

Like the Small Conference Room, the Medium Conference Room emphasizes clean design and optimal technology integration, with enhancements for larger gatherings:

Audio:

All-in-one video bar for video teleconferencing.

VOIP: Utilization of the VoIP phone system with private SIP registration for independent management.

Video:

Interactive Display: Avocor G-Series 75” Interactive 4K UHD Display for larger meeting spaces.

Content Sharing: GroupShare wireless presentation technology.

Logitech Rally Bar: Mounted above the display for local UC platform participation.

Large Conference Room

Designed for significant gatherings, the Large Conference Room incorporates advanced audio and video solutions:

Audio:

Nureva HDL300 audio bar with Beam Tracking Technology and four ceiling-mounted microphones.

VOIP: Utilization of the VoIP phone system with private SIP registration for independent management.

Video:

Interactive Display: Avocor G-Series 86” Interactive 4K UHD Display for expansive meeting spaces.

Content Sharing: GroupShare wireless presentation technology.

Camera: Aver CAM550 conference camera located above the interactive display with wide-angle coverage and automatic framing.

The scheduling touch screen outside each conference room integrates with Contra Costa County's existing Exchange/Office solution, displaying daily schedules and room availability indicators. The system facilitates "one-touch" connections into unified communications meetings, offering a seamless and efficient user experience.

5. Implementation Requirements

A. ENGINEERING AND DESIGN

The Vendor shall provide comprehensive systems engineering and design services to meet the specified general and functional criteria. Detailed engineering of final system configurations and supporting documentation is essential to ensure optimal performance and functionality.

B. PRODUCT INFORMATION

The vendor shall submit detailed specification sheets for all equipment and parts specified in the RFP. These sheets should outline standard and optional product features, as well as all relevant performance data and specifications.

C. AUDIO-VISUAL SOLUTION PRODUCT LIST

For the final design and implementation phase, the vendor shall furnish a detailed product list categorized by County facility. This list should provide specific details related to each room or area within the facility, covering equipment, parts, materials, software, documentation, spare parts, and test equipment. The inventory should include:

- Manufacturer's Name
- Manufacturer Part Number
- Item Serial Number
- Quantity of each item
- Network information (IP Address and MAC address of each component)
- Software configuration details

Before commencing services at any location, a product list demonstrating the intended form and content must be submitted and approved by the County. An updated product list is required before site testing and acceptance of any implemented audio-visual solution, with final project documents incorporating approved changes.

D. SITE SURVEY REPORTS

Upon request, the vendor shall provide site survey reports for County locations to generate a formal Project Proposal Package. The site survey report should include:

- Project overview and description of services needed for Audio-Video Solution implementation.
- Photographs of locations, including individual rooms, MDF/IDF racks, and any areas/items of concern.
- Detailed information on identified issues impacting the deployment of Audio-Video Standards.
- Recommendations for potential upgrades beyond the RFP scope.
- Lists of existing audio-visual equipment for reuse, decommissioning, or disposal.

6. Project Management

A. GENERAL

The awarded vendor will be required to present a preliminary Project Proposal within 15 calendar days of receiving written County approval to conduct a Site Survey Report. This initial proposal must comprehensively address all the stipulated requirements in this Statement of Work. Subsequently, a Final Project Proposal, incorporating County input, requested changes, and clarifications, must be submitted within 15 calendar days of receiving written approval to proceed. Both proposals are to be submitted in PDF format.

B. PROJECT DOCUMENTATION REQUIREMENTS

The Projects shall include the following:

- Project Scope of Work:
- Project Overview
- Technical System Overview
- Programming
- Implementation and Post-Implementation Services
- Bidder and County Responsibilities
- Project Migration Plan
- Estimated Project Timeline
- Project Pricing

C. DRAWINGS

Drawings to be provided to County for ease of reproduction. Drawings should clearly depict system fabrication, interface details, rack elevations, and cabling drawings. Specific drawing requirements include:

Rack Layout Drawings

Vendor shall submit rack and cabinet layout drawings, including the physical arrangement and mounting of all components. These drawings should include a bill of materials, front view, back view, and section views with dimensions and minimum clearances. County approval is required before rack or cabinet fabrication begins.

Equipment Connection Diagrams

Vendor shall provide connection diagrams showing the wiring and cabling of components within equipment racks. These diagrams should include details such as field wiring termination points, conductor labels, equipment and device ratings, wire termination point numbers, signal polarities, and grounding details. County approval is required before rack or cabinet assembly begins.

Site Interconnection Diagrams

Vendors shall submit site interconnection diagrams showing the interconnection of all sites audio-visual equipment. County approval is required before equipment installation.

Installation Drawings

Vendor shall provide installation drawings showing arrangements for all provided equipment, mounting, anchoring details, and method of anchoring. Installation drawings must be submitted for all equipment installed, and County approval is required before field installation begins.

As-Built Drawings

Throughout the project, the bidder shall maintain redlined Contract drawings, indicating all drawing changes. Before system acceptance, the bidder shall update all drawings to incorporate changes made during implementation (As-Built Drawings). County approval is required before final system acceptance.

D. TEST PLANS

The bidder shall provide test plans for Factory Acceptance Test, Acceptance Testing, and 30-Day Operational Burning Test. Each test plan should include:

- Make and model of all test equipment
- Description of tests to be performed
- Detailed procedure for each test activity
- Program compatibility between all technology and components
- Expected results

The test plans shall be submitted to the County for review and approval at least 2 weeks before the scheduled start date for each specified test. County approval is required before testing begins.

E. TEST REPORTS

The Vendor is required to furnish test reports for all acceptance testing, encompassing the following details:

Test procedure

Make and model of all test equipment used, along with the calibration date.

Test results

Conclusions or recommendations derived from the conducted tests.

These comprehensive test reports must be submitted within two weeks following the completion of each test, and the approval of the County is mandatory.

7. Training

A. TRAINING PLAN

Within 30 days of Contract Award, the vendor is mandated to provide a comprehensive Training Plan, incorporating the following elements:

- Description of all training classes

Contra Costa County, California
Countywide Audio & Visual System Service and Maintenance –
Request for Proposal# 2402-759

- Training outlines
- Preliminary training schedule
- List of proposed instructors with their resumes

- Examples of proposed training manuals
- Description of any special training tools available
- Initiation of training is contingent upon securing County approval.

Training manuals for each course shall be submitted at least 60 days before the scheduled start of the course.

8. System, Warranty, Maintenance, and Support

The Vendor is required to furnish application, provisioning, operation instruction, and maintenance manuals for all equipment and software. These manuals must be presented in text-searchable format on a USB flash drive and designed for personnel at the level of an electronic technician.

A. MANUAL SECTIONS

The manuals shall include sections on Application, Provisioning, Operation Instruction, Preventative Maintenance, and Corrective Maintenance. Specific requirements for each section are detailed below:

Application Section: Describes the proper applications for the equipment, installation procedures, and proper usage.

Provisioning Section: Explains how to provision the equipment, including command syntax and a full library of commands.

Operation Instruction Section: Provides detailed, illustrated descriptions to the component level, facilitating inspection, maintenance, adjustment, troubleshooting, and repair. It should cover introduction, general information, specifications, theory of operation, software & programming, and operation procedures.

Preventative Maintenance Section: Includes visual examinations, periodic maintenance procedures, hardware testing, and diagnostic routines. Instructions on loading and using testing and diagnostic programs, special test equipment requirements, and spare parts catalog are required.

Corrective Maintenance Section: Guides in locating malfunctions down to the card-replacement level, identifying probable sources of trouble, and remedying malfunctions. Instructions on using on-line testing and diagnostic programs, special test equipment, and spare parts catalog are essential.

Appendix A – Equipment Advanced Warranty

Please examine the existing equipment list. Current Maintenance contract will expire at tiered times ending 2025 or later. Please acknowledge in your RFP response that you can provide maintenance and advanced warranty on items listed below with co-termining all equipment. Please also provide details for the Maintenance and Warranty being offered.

Appendix F – Contractor Form

1. Legal Business Name:

2. DBA (Doing Business As) Name, if applicable:

3. Business Office Address:

County, State, Zip: _____

Telephone Number: _____

Fax Number: _____

URL: _____

4. Business Effective Date: _____

5. Organized Business Status:

_____ Corporation _____ Partnership _____ Individual/Sole proprietor _____ Other

6. How many years have you been engaged in the business under your present name?

7. What other names(s) if any has your business/company operated under and taxpayer number used?

8. Please list the names of your personnel authorized to sign legal and binding Bid Documents.

9. Describe experience in providing consulting/professional services in the last five (5) years which are similar in project scope as described in this RFP

10. Attach Contractor's current related certifications. _____

Appendix G – RFP Evaluation Process

Selection of the successful proposal shall be generally based on the information provided by the Contractor in response to the RFP and any subsequent interviews that may be conducted. Contractor interviews will be held solely at the option and discretion of Contra Costa County. The cost of attending interviews, if any, are borne by Contractors.

The process for selection shall occur in the following sequence:

- Review and evaluate proposals
- Identify the best qualified Contractor
- Award contract and notify Contractors who submitted a response to this RFP of the award

The award resulting from this RFP will be made to the Contractor that submit a response that, in the sole opinion of Contra Costa County, best serves the overall interest of Contra Costa County.

The award made from this RFP and resulting contract are subject to approval by the County Board of Supervisors.

Contra Costa County will pursue contract negotiations with Contractor whose proposal best meets the RFP evaluation criteria, in the sole opinion of Contra Costa County. If contract negotiations are unsuccessful, in the sole opinion of Contra Costa County, Contra Costa County may pursue contract negotiations with Contractor whose proposal next best meets the RFP evaluation criteria, or Contra Costa County may issue a new solicitation or take any other action which it deems to be in its best interest.

Appendix F – Protest Procedures

In the event a dispute arises concerning the proposal process prior to the award of the contract, the party wishing resolution of the dispute shall submit a request in writing to:

David Newaj
Assistant Chief Information Officer
Contra Costa County
Department of Information Technology
30 Douglas Dr. Martinez, CA 94553
