REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend an existing contract with Community Action Program Belknap-Merrimack Counties, Inc. (VC#177203-B003), Concord, NH, for the provisions of a Commodity Supplemental Food Program and a Senior Farmers Market Nutrition Program, statewide, by increasing the price limitation by \$21,124 from \$2,520,920 to \$2,542,044 with no change to the contract completion date of September 30, 2024, effective upon Governor and Council approval. 100% Federal Funds.

The original contract was approved by Governor and Council on June 21, 2017, item #49, as amended and approved by the Governor and Council on May 2, 2018, item #5B, amended on March 13, 2019, item #14, amended on January 22, 2020, item #19, and as most recently amended and approved by the Governor on June 4, 2021 as presented to the Governor and Executive Council on June 30, 2021, informational item F; and as approved by the Governor and Council on June 30, 2021, item #48.

Funds are available in the following accounts for State Fiscal Year 2023, and are anticipated to be available in State Fiscal Years 2024 and 2025, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

See attached fiscal details.

EXPLANATION

The purpose of this request is for the Department to increase funding in State Fiscal Year 2023 to provide supplemental, nutrient dense food packages for low income individuals 60 and older. The U.S. Department of Agriculture (USDA), Food and Nutrition Service has awarded New Hampshire additional funds to better serve this population. These additional funds will be used to support the resources necessary to reach individuals in rural areas of New Hampshire and support the increased cost of distributing the food boxes statewide.

The Contractor conducts outreach and identifies potential participants who are at least 60 years of age, determines eligibility, houses and manages the food inventory provided by the USDA for these programs, and maintains the required documentation as required by the USDA. In addition, the Contractor provides client referrals to other nutrition and health care services such as Medicaid, Medicare and the Supplemental Nutrition Assistance Program (SNAP).

Approximately 3,196 individuals who are at least 60 years of age will be served on a monthly basis through September 30, 2024.

The Department will continue to monitor contracted services to ensure:

- Supplemental food is provided to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload through September 30, 2024.
- Farm fresh bundles are provided to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload through September 30, 2024.

Should the Governor and Council not authorize this request, the Department will not be able to reach additional food-insecure seniors, and provide a monthly allotment of supplemental foods. In addition, the Department may be at risk of a reduction in the federal fiscal year 2024 award amount, which may result in a waitlist for food-insecure seniors.

Area served: Statewide

Source of Federal Funds: Assistance Listing Number (ALN) 10.565; FAIN 234NH814Y8005

In the event that the Federal Funds become no longer available, General Funds will not be requested to support the programs.

Respectfully submitted,

Lori A. Weaver
Interim Commissioner

INDEPENDENT AUDITORS' REPORT

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Community Action Program of Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the consolidated statements of financial position as of February 28, 2022 and 2021, and the related consolidated statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the consolidated financial statements.

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of Community Action Program of Belknap-Merrimack Counties, Inc. as of February 28, 2022 and 2021, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Community Action Program of Belknap-Merrimack Counties, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Program of Belknap-Merrimack Counties, Inc.'s ability to continue as a going concern within one year after the date that the consolidated financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements:

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the consolidated financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the consolidated financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the consolidated financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Community Action Program of Belknap-Merrimack Counties, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, is presented for purposes of additional analysis and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the consolidated financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 8, 2022, on our consideration of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Community Action Program of Belknap-Merrimack Counties, Inc.'s internal control over financial reporting and compliance.

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021****Property**

Property and equipment is recorded at cost or, if donated, at the approximate fair value at the date of the donation. Assets purchased with a useful life in excess of one year and exceeding \$5,000 are capitalized unless a lower threshold is required by certain funding sources. Depreciation is computed on the straight-line basis over the estimated useful lives of the related assets as follows:

Buildings and improvements	40 years
Equipment, furniture and vehicles	3 - 10 years

Use of Estimates

The preparation of consolidated financial statements in conformity with United States generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the consolidated statements of cash flows, the Organization considers all liquid investments purchased with original maturities of three months or less to be cash equivalents.

The Organization maintains its cash in bank deposit accounts, which at times may exceed federally insured limits. The Organization has not experienced any losses in such accounts and believes it is not exposed to any significant risk with respect to these accounts.

Contributed Services

Donated services are recognized as contributions in accordance with FASB ASC No. 958, *Accounting for Contributions Received and Contributions Made*, if the services (a) create or enhance non-financial assets or (b) require specialized skills, and would otherwise be purchased by the Agency.

Volunteers provided various services throughout the year that are not recognized as contributions in the consolidated financial statements since the recognition criteria under FASB ASC No. 958 were not met.

In-Kind Donations / Noncash Transactions

Donated facilities, services and supplies are reflected as revenue and expense in the accompanying consolidated financial statements, if the criteria for recognition is met. This represents the estimated fair value for the service, supplies and space that the Organization might incur under normal operating activities. The Organization received \$592,136 and \$490,035 in donated facilities, services and supplies for the years ended February 28, 2022 and February 28, 2021, respectively, as follows:

COMMUNITY ACTION PROGRAM BELKNAP – MERRIMACK COUNTIES, INC.

However, if a restriction is fulfilled in the same period in which the contribution is received, the Organization reports the support as without donor restrictions.

Program Service Revenue

Program service revenue is recognized as revenue when the services are performed.

Rental Revenue

The Organization derives revenues from the rental of apartment units. Revenues are recognized as income, monthly, when rents become due and control of the apartment units is transferred to the lessees. The individual leases are for a term of one year and are cancelable by the tenants. 16. FAIR VALUE OF FINANCIAL INSTRUMENTS

Community Action Program Belknap Merrimack Counties, Inc. has also invested money relating to its Fix-it program in certain mutual funds. The fair value of the mutual funds totaled \$138,793 and \$126,996 at February 28, 2022 and 2021, respectively.

ASC Topic No. 825-10, Financial Instruments, provides a definition of fair value which focuses on an exit price rather than an entry price, establishes a framework in generally accepted accounting principles for measuring fair value which emphasizes that fair value is a market-based measurement, not an entity-specific measurement, and requires expanded disclosures about fair value measurements. In accordance with FASB ASC 820, the Organization may use valuation techniques consistent with market, income and cost approaches to measure fair value. As a basis for considering market participant assumptions in fair value measurements, FASB ASC 820 establishes a fair value hierarchy, which prioritizes the inputs used in measuring fair values. The hierarchy gives the highest priority to Level 1 measurements and the lowest priority to Level 3 measurements. The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

COMMUNITY ACTION PROGRAM BELKNAP - MERRIMACK COUNTIES, INC.**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
FOR THE YEARS ENDED FEBRUARY 28, 2022 AND 2021**

Level 1 - Inputs to the valuation methodology are quoted prices available in active markets for identical investments as of the reporting date.

Level 2 - Inputs to the valuation methodology are other than quoted market prices in active markets, which are either directly or indirectly observable as of the reporting date, and fair value can be determined through the use of models or other valuation methodologies.

Level 3 - Inputs to the valuation methodology are unobservable inputs in situations where there is little or no market activity for the asset or liability and the reporting entity makes estimates and assumptions related to the pricing of the asset or liability including assumptions regarding risk.

At February 28, 2022 and 2021, the Organization's investments were classified as Level 1 and were based on fair value.

Fair Value Measurements using Significant Observable Inputs (Level 1)

	<u>2022</u>	<u>2021</u>
Beginning balance - mutual funds	\$ 126,996	\$ 109,078
Total gains - mutual funds	<u>11,797</u>	<u>17,918</u>
Ending balance - mutual funds	<u>\$ 138,793</u>	<u>\$ 126,996</u>

The carrying amount of cash, current assets, other assets and current liabilities approximates fair value because of the short maturity of those instruments.

The Organization also had \$1,000 invested in a Partnership, The Lakes Region Partnership for Public Health, at February 28, 2021. During the year ended February 28, 2022, the Organization is no longer a partner and a final K-1 was received.

17. OTHER MATTERS

The impact of the novel coronavirus (COVID-19) and measures to prevent its spread are affecting the Organization's business. The significance of the impact of these disruptions, including the extent of their adverse impact on the Organization's financial and operational results, will be dictated by the length of time that such disruptions continue and, in turn, will depend on the currently unknowable duration of the COVID-19 pandemic and the impact of governmental regulations that might be imposed in response to the pandemic.

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Community Action Program Belknap-Merrimack Counties, Inc. (a nonprofit organization), which comprise the statement of financial position as of February 28, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated September 8, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during

our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Community Action Program Belknap-Merrimack Counties, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH
MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY THE UNIFORM GUIDANCE**

To the Board of Directors
Community Action Program Belknap-Merrimack Counties, Inc.
Concord, New Hampshire

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs for the year ended February 28, 2022. Community Action Program Belknap-Merrimack Counties, Inc.'s major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

In our opinion, Community Action Program Belknap-Merrimack Counties, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended February 28, 2022.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Community Action Program Belknap-Merrimack Counties, Inc. and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to Community Action Program Belknap-Merrimack Counties, Inc.'s federal programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Community Action Program Belknap-Merrimack Counties, Inc.'s compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with generally accepted auditing standards, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Community Action Program Belknap-Merrimack Counties, Inc.'s compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Community Action Program Belknap-Merrimack Counties, Inc.'s internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that have not been identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to enter into an amendment to an existing contract with Community Action Program Belknap-Merrimack Counties, Inc. (Vendor #177203-B003), Concord, NH 03302, for the provisions of a Commodity Supplemental Food Program and a Senior Farmers Market Nutrition Program, statewide, by increasing the price limitation by \$1,028,127 from \$1,492,793 to \$2,520,920 and by extending the completion date from September 30, 2021 to September 30, 2024 effective upon Governor and Council approval. 100% Federal Funds.

This request is contingent upon a request submitted to the Governor to approve the addition of \$11,404 for COVID-19 pandemic related administrative costs incurred during State Fiscal Year 2021, which will be submitted as an informational item to the Governor and Council at a future date.

The original contract was approved by the Governor and Council on June 21, 2017 (item #49), as amended on May 2, 2018 (item #5B) as amended on March 13, 2019 (item #14) and most recently amended with Governor and Council approval on January 22, 2020 (item #19).

Funds are available in the following accounts for State Fiscal Year 2021, and are anticipated to be available in State Fiscal Years 2022, 2023, and 2024, upon the availability and continued appropriation of funds in the future operating budget, with the authority to adjust budget line items within the price limitation and encumbrances between state fiscal years through the Budget Office, if needed and justified.

See attached fiscal details.

EXPLANATION

The purpose of this request is to continue to provide Commodity Supplemental Foods Program and Senior Farmers Market Nutrition Program services statewide to eligible senior clients. These programs work to improve the health of low-income elderly persons at least 60 years of age by supplementing their diets with nutritious foods year round and fresh local fruits and vegetables in the summer.

The Food and Nutrition Service, an agency of the U.S. Department of Agriculture (USDA) administers the Commodity Supplemental Food Program. The USDA purchases food and makes it available to the State along with funds for administrative costs. The Community Action Program of Belknap and Merrimack Counties will be responsible for doing outreach and identifying potential senior participants, screening for eligibility, managing food inventory and maintaining required paperwork according to USDA requirements. In addition, they will be responsible for ordering.

and the Honorable Council

storing and reporting inventory of the USDA Commodity Supplemental Food Program foods. In addition, the Contractor will provide referrals to other welfare, nutrition, and health care programs such as the Supplemental Nutrition Assistance Program (SNAP), Social Security, Medicaid, and Medicare.

The Senior Farmers' Market Nutrition Program provides low-income seniors with fresh fruits and vegetables purchased from NH farmers. The Community Action Program of Belknap and Merrimack Counties will use prepackaged bundles of fresh fruits and vegetables that are purchased directly from authorized NH farmers and distributed directly to eligible clients. In addition, they will be required to authorize, monitor, and reimburse the NH eligible farmers.

Services in this agreement continue to include a statewide Commodity Supplemental Foods Program and a statewide Senior Farmers' Market Nutrition Program available to eligible clients. The programs assist with improving the health of low-income elderly persons who are sixty (60) years of age and older by supplementing their diets with nutritious foods year-round and fresh local fruits and vegetables during the summer months.

Approximately 3,600 individuals will be served monthly through September 30, 2024.

The Department will monitor the Contractor using the following performance measures:

- The Contractor will provide supplemental foods to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload in Federal Fiscal Years 2022 - 2024.
- The Contractor will provide farm fresh bundles to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload in Federal Fiscal Years 2022 - 2024.

As referenced in Exhibit C-1 Revisions to General Provisions of the original contract, the parties have the option to extend the agreement for up to four (4) additional years, contingent upon satisfactory delivery of services, available funding, agreement of the parties and Governor and Council approval. The Department is exercising its option to renew services for three (3) of the four (4) years available.

Should the Governor and Executive Council not approve this request, low-income elderly persons may not have access to nutritious foods or fresh fruits and vegetables to supplement their diets.

EXPLANATION

This item is **Retroactive** because the Contractor previously incurred administrative costs in response to the COVID-19 pandemic and this action will reimburse the Contractor for such costs.

The purpose of this item is to add COVID-19 relief funds to support the increased administrative costs incurred during State Fiscal Year 2021 by the Contractor. The Commodity Supplemental Foods Program and Senior Farmers Market Nutrition Program benefit eligible senior clients statewide. These programs work to improve the health of low-income elderly persons at least 60 years of age by supplementing their diets with nutritious foods year round and fresh local fruits and vegetables in the summer. Additional staffing hours were required in State Fiscal Year 2021 to pack boxes in lieu of the onsite shopping model due to increased safety measures and a temporary stop to outside volunteers in the facility in response to COVID-19.

The Food and Nutrition Service, an agency of the U.S. Department of Agriculture (USDA), administers the Commodity Supplemental Food Program. The USDA purchases food and makes it available to the State along with funds for administrative costs. The Contractor is responsible for doing outreach and identifying potential senior participants, screening for eligibility, managing food inventory, and maintaining required paperwork according to USDA requirements. The Contractor is also responsible for ordering, storing, and reporting inventory of the USDA Commodity Supplemental Food Program foods. The Contractor provides referrals to other

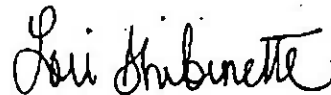

welfare, nutrition, and health care programs such as the Supplemental Nutrition Assistance Program (SNAP), Social Security, Medicaid, and Medicare.

Area served: Statewide

Source of Funds: CFDA #10.565, FAIN # 204NH814Y8005.

In the event that the Federal Funds become no longer available, General Funds will not be requested to support this program.

EXPLANATION

The purpose of this request is to reduce the funding for the Commodity Supplemental Food Program due to a state award reduction in federal funding and a decrease in the number of individuals enrolled in the program. Additionally, scope of service requirements are being updated to ensure compliance with 7 CFR 247 and 7 CFR 250 as the result of a recent federal review of the Commodity Supplemental Foods Program by the United States Department of Agriculture, Food and Nutrition Services.

Services in this agreement continue to include a statewide Commodity Supplemental Foods Program and a statewide Senior Farmers Market Nutrition Program available to eligible clients. The programs assist with improving the health of low-income elderly persons who are sixty (60) years of age and older by supplementing their diets with nutritious foods year-round and fresh fruits and vegetables during the summer months.

Approximately 3,600 individuals will be served annually through September 30, 2021, which is a decrease from 4,000 annually.

The Department will monitor the Contractor using the following performance measures:

- The Contractor will provide supplemental foods to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload in Federal Fiscal Years (FFYs) 2020 and 2021.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council
Page 3 of 3

- The Contractor will provide farm fresh bundles to a minimum of ninety-five percent (95%) of the assigned Commodity Supplemental Foods Program caseload in FFYs 2020 and 2021.

As referenced in Exhibit C-1 Revisions to General Provisions of the original contract, the parties have the option to extend the agreement for up to four (4) additional years, contingent on Governor and Executive Council approval. The Department is not exercising its option to renew at this time.

Should the Governor and Executive Council not approve this request, the Department may have to terminate the Commodity Supplemental Food Program early due to the decrease in available federal funding. Terminating the program early may have adverse effects on the health of low-income elderly persons, sixty (60) years of age and older, as they will no longer have access to nutritional foods that supplement their diets year-round. Additionally, the Department will continue to be out of compliance with federal regulations cited in 7 CFR 247 and 7 CFR 250, if citations to the regulations are not updated in the contract document.

Area Served: Statewide

Sources of Funds: 100% Federal Funds from the US Department of Agriculture, Food and Nutrition Service, Commodity Supplemental Food Program, Catalog of Federal Domestic Assistance (CFDA) #10.565, Federal Award Identification Number (FAIN) 204NH814Y8005, and from the US Department of Agriculture, Food and Nutrition Service, Senior Farmers Market Nutrition Program, CFDA #10.576, FAIN 194NH083Y8314 and FAIN 194NH083Y8313.

In the event the Federal Funds become no longer available, General funds will not be requested to support this program.

EXPLANATION

The purpose of this request is to initiate a reduction in the Commodity Supplemental Food Program due to a federal funding decrease. Additionally, the Senior Farmers Market Program offers individuals the ability for to access bundles of fresh food from local farms. Currently, seniors can receive a bundle of food worth \$18.00. However, the Department is requesting the amount of fresh food bundle values to increase by \$2.00 from \$18.00 to \$20.00. This two-dollar increase will not require an increase in the contract price limitation and will only affect the amount of food in each bundle that a senior can receive.

Services in this agreement include a statewide Commodity Supplemental Foods Program and a statewide Senior Farmers' Market Nutrition Program available to eligible clients. These programs work to improve the health of low-income elderly persons at least sixty (60) years of age by supplementing their diets with nutritious foods year round and fresh fruits and vegetables in the summer.

Approximately 4,000 individuals will be served annually from January through December.

Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the State Legislature and funds encumbered for the State Fiscal Years 2020-2021 and 2022-2023 biennia.

Should the Governor and Executive Council not approve this request, low-income elderly persons may not receive an additional \$2.00 increase per bundle when receiving fresh fruits and vegetables during the summer months to supplement their diets.

REQUESTED ACTION

Authorize the Department of Health and Human Services, Division of Public Health Services, to amend an existing contract with Community Action Program Belknap-Merrimack Counties, Inc. (Vendor #177203-B003), 2 Industrial Park Drive, Concord, NH 03302, to add Federally-mandated Civil Rights assurance language to the original agreement for the provisions of a Commodity Supplemental Food Program (CSFP) and a Senior Farmers' Market Nutrition Program (SFMNP) statewide, with no change to the price limitation not to exceed \$1,680,610 and no change to the end date of September 30, 2021, effective upon Governor and Executive Council approval. The original agreement was approved by the Governor and Executive Council on June 21, 2017, Item #49, 100% Federal Funds.

Funds to support this request are available in State Fiscal Years 2018 and 2019 and are anticipated to be available in State Fiscal Years 2020, 2021 and 2022 upon the availability and continued appropriation of funds in future operating budgets.

See Attached Fiscal Details

EXPLANATION

The purpose of this amendment request is to add Federally-mandated Civil Rights assurance language to the original agreement in accordance with a Federal audit conducted on September 28, 2017, with no change to the funding in this agreement.

Services in this agreement include a statewide Commodity Supplemental Foods Program and a statewide Senior Farmers' Market Nutrition Program available to eligible clients. These programs work to improve the health of low-income elderly persons at least sixty (60) years of age by supplementing their diets with nutritious foods year round and fresh fruits and vegetables in the summer.

In accordance with FNS Instruction 113-1 Section X, State Agencies must obtain written assurance from local agencies or other sub-recipients that receive Federal financial assistance for the Commodity Supplemental Foods Program and the Senior Farmer's Market Nutrition Program. The statement of Civil Rights assurance must be incorporated into each State Agency and sub-recipient agency agreements. The statement assures that the entity to receive financial assistance will operate in compliance with all nondiscrimination laws, regulations, instructions, policies and guidelines.

His Excellency, Governor Christopher T. Sununu
and the Honorable Council.
Page 2 of 2

The following performance measures/objectives are used to measure the effectiveness of the agreement:

- The percent of low-income seniors enrolled in CSFP
- The percent of low-income seniors receiving SFMNP during summer distribution months
- The percent of low-income seniors receiving nutrition education material highlighting the health benefits of CSFP and SFMNP foods

Notwithstanding any other provision of the Contract to the contrary, no services shall continue after June 30, 2019, and the Department shall not be liable for any payments for services provided after June 30, 2019, unless and until an appropriation for these services has been received from the State Legislature and funds encumbered for the State Fiscal Years 2020-2021 and 2022-2023 biennia.

Should the Governor and Executive Council not approve this request, low-income elderly persons may not have access to nutritious foods or fresh fruits and vegetables to supplement their diets because the federally funded program may not be able to continue operations.

Area Served: Statewide

In addition, the Contractor will provide referrals to other welfare, nutrition, and health care programs such as the Special Supplemental Nutrition Program for Women, Infants, and Children (WIC), the Supplemental Nutrition Assistance Program (SNAP), Medicaid, and Medicare.

The Senior Farmers' Market Nutrition Program awards grants to provide low-income seniors with fresh fruits and vegetables purchased from NH farmers. The Community Action Program of

INSTRUCTIONS FOR CERTIFICATION

1. By signing and submitting this proposal (contract), the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. If necessary, the prospective participant shall submit an explanation of why it cannot provide the certification. The certification or explanation will be considered in connection with the NH Department of Health and Human Services' (DHHS) determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when DHHS determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, DHHS may terminate this transaction for cause or default.
4. The prospective primary participant shall provide immediate written notice to the DHHS agency to whom this proposal (contract) is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transactions," provided by DHHS, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, suspended, ineligible, or involuntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the Nonprocurement List (of excluded parties).
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and

New Hampshire Department of Health and Human Services

information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.
