3-Port USB 3.0 Hub for Laptops & Windows Based Tablets + Fast-Charge Port & Device Stand

Product ID: ST4300U3C1

This USB 3.0 hub with mobile device stand expands your laptop or tablet connectivity. It works with computers, Windows based tablets, and some On-The-Go-enabled Android devices (when coupled with a separate OTG adapter). Now, you can connect useful peripherals such as a keyboard or an external hard drive to your tablet.

Plus, you can quick-charge a separate mobile device via the integrated fast-charge port.

Unlike most desktop USB 3.0 hubs, this rugged hub is designed with a solid, high-quality housing. Plus, because it's weighted, it remains stationary when you connect or disconnect your devices. Now you can avoid the aggravation of your hub sliding across your desk when it's touched.

This space-saving USB 3.0 hub provides ergonomically-friendly access to your smartphone or tablet via an embedded flip-up stand. The solid-aluminum, retractable stand features a convenient cable-management hole, so you can quickly cradle your host mobile device while neatly organizing your cables.

You can fold the stand down when it isn't need, and because the hub is weighted, there's little risk of a larger tablet flipping over when placed in the stand.

You can overcome port limitations on Android based tablets and smartphones by coupling this hub with a simple Micro USB to USB OTG Adapter (SKU: UUSBOTG - sold separately). With the adapter, the ST4300U3C1 acts as an OTG hub, letting you connect USB devices to your mobile device.

The hub is also natively supported by many Windows based tablets with a USB-A port.

Alternatively, this small form-factor hub can be used as a traditional USB 3.0 hub, letting you expand your connectivity while remaining backward compatible with USB 2.0 and 1.x devices.
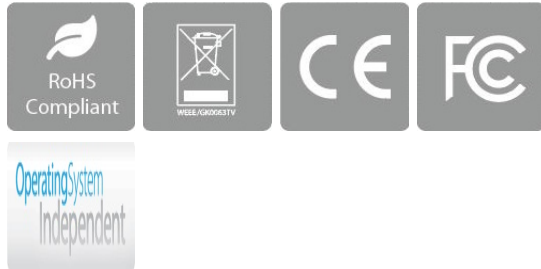

Hub Uses and Applications

Your mobile device can charge faster via the 2.1A combination fast-charge or data port. You can connect your mobile device as a host or you can fast-charge your device, by simply connecting it to the appropriate fast-charge or host port.

For devices that aren't USB charged (for example, the Microsoft Surface Pro 4), you can cradle and connect it as a host, while continuing to charge it using its own charging mechanism.

Backed by a StarTech.com 2-year warranty and free lifetime technical support.

Certifications, Reports and Compatibility

RoHS Compliant | WEEE/GK00633TV | CE | FC

OperatingSystem Independent

Applications

• Use with Windows-based tablets, or some OTG-enabled Android devices (with purchase of separate OTG adapter)

• Quickly cradle, connect, and fast-charge your mobile device in the home or the office

• Use as a smartphone or tablet stand, or as a space-saving charging station for mobile devices

• Deploy in hot desk environments to provide USB hub access for multiple devices, plus a Dedicated Charge Port (DCP) when in fast-charge mode

• Expand your computer system USB 3.0 capabilities with additional ports

Features

• Add three USB 3.0 ports (5Gbps) to your computer using this heavy-duty hub that's designed for stability and durability

• Cradle your smartphone or tablet, with a retractable, flip-up stand

• Charge your mobile device faster using the USB fast-charge or data port (supports USB Battery Charging Specification 1.2) — port mode is toggled by an integrated button

• Provides 2.1A charging current when in fast-charge mode

• Includes USB 3.0 A to Micro B host cable for connection to your desktop or laptop

• Backward compatible with USB 2.0 and 1.x devices

• Plug-and-Play and Hot-Swap compatible

• Current overload detection and protection on each USB port

Hardware

	Warranty	2 Years
	USB-C Device Port(s)	No
	USB-C Host Connection	No
	Fast-Charge Port(s)	Yes
	Ports	4
	Interface	USB 3.2 Gen 1 (5Gbps)
		USB 2.0
	Bus Type	USB 3.2 Gen 1 (5Gbps)
	Industry Standards	USB Battery Charging Specification Rev. 1.2
	Chipset ID	Genesys Logic - GL3520

Performance

	Maximum Data Transfer Rate	USB 3.0 - 5 Gbit/s
	Type and Rate	USB 3.0 - 5 Gbit/s
		USB 2.0 - 480 Mbit/s
	MTBF	61,766,523 hours

Connector(s)

	Connector Type(s)	3 - USB Type-A (9 pin, 5 Gbps)
		1 - USB 2.0 Type-A (4 pin, 480Mbps)
		1 - USB 3.0 Micro-B (10 pin, SuperSpeed)

Software

	OS Compatibility	OS Independent; No additional drivers or software required

Special Notes / Requirements

	System and Cable Requirements	Available USB 3.0 port
	Note	The hub will only provide a trickle charge on the Samsung Galaxy Tab, the Apple iPad, and the Apple iPad mini while in fast charge mode

If connected to a USB 2.0 host port, performance may be limited

Indicators

LED Indicators	1 - Power
	1 - Fast Charging

Power

Power Source	AC Adapter Included
Input Voltage	100 - 240 AC
Output Voltage	5 DC
Output Current	4 A
Center Tip Polarity	Positive
Plug Type	C
Power Consumption (In Watts)	20

Environmental

Operating Temperature	0C to 40C (32F to 104F)
Storage Temperature	-10C to 60C (14F to 140F)
Humidity	10-90% RH

Physical Characteristics

Color	White & Silver
Form Factor	Desktop
Material	Plastic
Product Length	5.0 in [12.6 cm]
Product Width	3.8 in [9.7 cm]
Product Height	1.0 in [2.5 cm]
Weight of Product	13.9 oz [393.0 g]

Packaging

Information

Package Quantity	1
Package Length	8.9 in [22.5 cm]
Package Width	5.7 in [14.4 cm]
Package Height	3.0 in [75.0 mm]
Shipping (Package) Weight	28.9 oz [820.0 g]

What's in the Box

Included in Package	1 - USB 3.0 Hub with Charge Port
	1 - USB 3.0 A - Micro B Cable
	1 - Universal Power Adapter (NA/UK/EU)
	1 - Instruction Manual

*Product appearance and specifications are subject to change without notice.
