

Logitech Tap Room Solution for Zoom -Small(TAPZOOMSMALL/ 2)

Logitech Room Solutions for Zoom include everything you need to build out conference rooms with one or two displays. The 'Small' bundle comes pre-configured with a Zoom-approved i7 mini PC, Windows 10 IOT Enterprise, a PC mount with cable retention, Logitech Tap touch controller, Logitech Strong USB 10m cable and Logitech MeetUp.

Logitech Room Solutions for Zoom include everything you need to build out conference rooms with one or two displays. Available in small, medium, and large configurations, Logitech Room Solutions for Zoom come pre-configured with a Zoom-approved mini PC, a Logitech conferencecam with RightSense technologies, a PC mount with cable retention, and the Logitech Tap touch controller.

Systems arrive neatly packaged and ready for installation. A setup guide shows how components fit together, while an online wizard guides you through configuration step-by-step. With quality components, commercial-grade cabling, and innovations that automate a better user experience, Logitech Room Solutions for Zoom make it easy to deploy Zoom Rooms throughout the workplace.

Designed for focus rooms and smaller conference rooms, the small Tap bundle minimizes cabling and saves space with Logitech MeetUp, a compact, all-in-one solution that mounts neatly above or below a display. Place Logitech Tap on the table, or add a wall mount to save even more space.
