

Terms

Purchase Qualification

This offer is valid only for Qualified Organizations purchasing Eligible Licenses through one of the Microsoft License programs identified below for one or more of the eligible Microsoft products outlined in the chart, and registering those purchases as set forth in these terms and conditions. Qualified Organizations will be eligible to earn 20% of Microsoft's Estimated Retail Price (ERP) in partner subsidy dollars. Cheques will be mailed to the Qualified Organization payable to Qualified Organization's Selected Partner.

Qualified Organizations must be commercial customers located in Canada. Academic customers purchasing under Academic Agreements are not eligible to participate in this offer. Customers purchasing licenses as a result of software asset management (SAM) reviews are not eligible for this offer. Nothing in these terms and conditions guarantees that an organization will meet the eligibility requirements for enrollment in one of the

Microsoft License programs. The following Open licenses are considered "Eligible Licenses" for this offer:

- Open License (L)
- Open License and Software Assurance (L&SA)
- Open Value License

Eligible Licenses must be genuine licenses sold in Canada and for use in Canada and must be purchased from a Registered, Certified or Gold Certified partner that is a member of the Microsoft Partner Network in order to qualify for partner subsidy dollars ("Authorized Selling Partners").

The partner subsidy dollars may be used with any Authorized Selling Partner for future services and products.

Qualified Organizations may not participate in this offer if they are participating in any other offer relating to the products that are part of this offer.

Registration Requirements and Limits

This offer is good for qualifying purchases made between May 1, 2014 and June 30, 2014 from Authorized Selling Partners. Microsoft reserves the right to cancel or extend this offer at any time in its sole discretion with ten (10) days notice.

Notice will be provided only on the <http://www.microsoft.com/en-ca/web/big-easy-offer/default.aspx> landing page. No individual notice will be provided if the offer is cancelled or extended. Please check <http://www.microsoft.com/en-ca/web/big-easy-offer/default.aspx> for offer availability before purchasing. The amount of partner subsidy dollars available to a Qualified Organization is determined based on the quantity and type of Eligible Licenses purchased during the offer period, as set forth in the chart above. Qualified Organizations must successfully submit all requested documents and register their purchase(s) at <http://www.microsoft.com/en-ca/web/big-easy-offer/default.aspx> within thirty (30) days of purchase to be eligible to receive the partner subsidy dollars for the purchase quantities submitted through the claim form.

Organizations are responsible for referencing the chart to understand their eligible amount. If the Qualified Organization fails to register by 5:00pm EST within thirty (30) days of purchase it forfeits the right to receive any partner subsidy dollars from this offer. The purchased software will be validated as genuine during the registration process.

Purchase Time Period: May 1, 2014 through June 30, 2014 **Registration Deadline:**

Before 5:00 p.m. and within thirty (30) days of purchase. A Qualified Organization includes the Qualified Organization's Affiliates. "Affiliate" means any legal entity that owns, is owned by, or that is under common ownership with Customer (ownership means control of more than a 50% interest).

Provided the entity is a Qualified Organization that purchases the Eligible Licenses from an Authorized Selling Partner and registers its license purchases by the registration

deadline, the Qualified Organization will receive partner subsidy dollars for the Eligible Licenses purchased during the Purchase Time Period.

The total number of qualifying purchases will determine the partner subsidy dollar per license outlined in the chart:

- As identified in the chart above, Qualified Organizations must purchase the minimum number of licenses in order to be eligible to receive the partner subsidy dollars.
- Once the maximum licenses has been reached, no further partner subsidy dollars will be distributed.
- The amount of partner subsidy dollars will be calculated based on the number of licenses submitted through the claim form and validated by Microsoft. It is your responsibility to provide accurate information in the claim form.

If a Qualified Organization has previously received partner subsidy dollars under this offer within the appropriate time frame and was paid the corresponding partner subsidy dollars at that time, the Qualified Organization may still be eligible to receive additional partner subsidy dollars provided it has not reached the maximum Qualifying Licenses quantity. The amount of the partner subsidy dollars earned by virtue of additional purchases will be calculated based on the quantities submitted through the claim form and the initial partner subsidy dollars payment will be subtracted to determine the net additional partner subsidy dollars, if any, to be paid out. In no case will the Qualified Organization be paid more for multiple redemptions than the calculated payout would have been if the Customer had redeemed only once during the Purchase Time Period. Microsoft reserves the right to change the products for this offer without notice. Organizations and Authorized Selling Partners are responsible for reviewing qualifying products before purchasing.

Partner Subsidy Dollars Utilization

Partner subsidy dollars received as part of this offer must be used to pay for future purchases of services or products from a partner who is a member of the Microsoft Partner Network and who is selected by the Qualified Organization ("Selected Partner"). Partners cannot participate in this offer to receive partner subsidy dollars to use for their own business. Partners can be selected at: <https://partner.microsoft.com/Canada/Partner>.

Partner Subsidy Dollars Utilization Exclusions

Each partner subsidy dollars cheque will expire within ninety (90) days of its issue date. Partner subsidy dollars are NOT to be given to a Selected Partner as a credit (i.e. on account) to pay for future services or software that begin after the ninety (90) day expiration date of the cheque; the Selected Partner must begin services before the ninety (90) day expiration date. Qualified Organizations may not receive a cash payout from the Selected Partner for any portion of the partner subsidy dollars amount. Microsoft reserves the right to request proof of services (e.g. partner statement of work

and/or invoice) or products purchased by Qualified Organizations to verify completion of appropriate services or products sold by their Selected Partner. Microsoft also has the right to contact the Selected Partner to verify the services or products sold.

Partner Subsidy Dollars Payment Information

A partner subsidy dollars cheque will be sent to the Qualified Organization within eight (8) weeks of the claim being approved. The partner subsidy dollars cheque will be payable to the Selected Partner. The Qualified Organization will deliver the cheque to the Selected Partner upon (1) completion of the Selected Partner services, and/or (2) purchase of products from the Selected Partner. The receipt of benefits is contingent upon Microsoft's verification that all of the criteria in these terms and conditions have been met.

Returns

If partner subsidy dollars are paid based upon qualified purchases by the Qualified Organizations that are subsequently returned, the Qualified Organization must reimburse Microsoft for the partner subsidy dollars paid based upon the purchase of those returned licenses. Microsoft reserves the right to follow-up with Partners/Customers who have used a partner subsidy cheque after returning the software.

Country

Offer good in Canada only and only for eligible licenses that will purchased and used in the country. Offer void where prohibited, taxed, or restricted by law.

Limitation of Liability

Qualified Organizations are responsible for contracting directly with their Selected Partner for any services or products to be provided and paid for in whole or in part by the partner subsidy dollars. Qualified Organizations are responsible for submitting the partner subsidy dollars cheque to their Selected Partner, and for paying any amount owed in excess of the amount of the partner subsidy dollars. The Selected Partner does not represent or act as an agent for Microsoft. IN NO EVENT SHALL MICROSOFT HAVE ANY OBLIGATION OR LIABILITY WHATSOEVER IN RELATION TO THE SERVICES OR PRODUCTS PROVIDED BY THE SELECTED PARTNER UNDER THIS OFFER.

For qualification and redemption questions please contact bighelp@microsoft.com.
