Home of America's Longest Established Annual Bull Sale

Fellow Cattlemen,

Finally, our time is here! The production sector is well positioned moving into the next phase of marketplace. This market is and will be supply driven for a couple of years. The facts are indisputable, there are simply less cows in production, less cattle on feed and a tighter selection of replacement females moving forward. Overwhelming consensus agrees that all classes of cattle will continue to experience increased value.

This is the time to surround yourself with inventory. This is the time to improve genetics! Two reasons ... more than ever, there is a distinct difference in value to those cattle that can make the grade or not. Generic black cattle and off colored breeds are being discounted. Why? Two premiums, either cattle grade Prime or be accepted for CAB. Second reason and more important out in the country is maternal prepotency. The national cow herd is built from the Angus cow. In a period and a need for regrowth, the strength of better Angus maternal genetics is in more demand than ever before. The industry will need more, better cows and the Angus female will unquestionably be that choice.

This is absolutely supported by the fact that for the first time in history more than 71% of all harvested cattle were black hided. Although not all Angus, this proves further demand for the predictability of registered Angus genetics. This in turn was further emphasized, for the seventh consecutive year, more than a billion pounds of CAB has been marketed. That's more than 3 million pounds a day!

This doesn't happen by accident. Years of careful, selective mating decisions have tremendously improved carcass potential. Our program aims to improve every generation. We have customers reporting 70% CAB acceptance, nearly double the industry average. That's impressive AND profitable! Among the sea of black cattle, tie yourself to a program that creates value. Let's together help create more value for you.

With this invitation, we proudly present our best set of bulls to date. These two-year-olds were developed specifically for this offering and the coming yearling bulls represent our foremost genetics. In addition, we are pleased to offer an elite set of registered bred heifers and a superb set of proven producing cows. These ladies represent our future and foundation. They are foundation material, the kind you want to build a herd around. They've passed every test and are ready to go to work for you!

We're extremely confident with this offering and certain you will be as well! We truly welcome your visit and appreciate your continued support and interest. Consider this your personal invitation to join us on November 28.

Sight Unseen Purchase Guarantee

Sale Day Phone - (406) 423-7500. Buyers unable to attend the sale may call or send their bids to any of the Representatives listed or directly to Stevenson Angus. We provide a complete satisfaction guarantee for cattle purchased in this manner. When cattle purchased "sight unseen" are delivered, the buyer can inspect the cattle. If they are not as represented, simply put them back on our truck.

Announcements

Announcements from the auction block take precedence over any printed material.

Herd Health

All cattle sell with proper interstate shipment health papers.

Delivery

See our bull delivery policy on page 8. For all cattle purchased over the phone, through Superior or Frontier, Stevenson Angus will be in contact following the sale to arrange delivery. Full payment required before delivery of cattle.

Accommodations

The following motels are located in nearby Lewistown. For reservations, contact either the Stevensons or the motel of choice.

Yogo Inn 406-535-8721
Calvert Motel 406-535-5411
Super 8 Motel 406-538-2581
B & B Motel 406-535-5496
The Stumble Inn, Hobson 406-600-8079

Food

Complimentary lunch will be served sale day featuring "Stevenson Beef Brisket."

STEVENSON ANGUS

PO Box 170
Hobson, MT 59452

(406) 423-7500

www.StevensonAngus.com

Inspection of Cattle

Our cattle are available for inspection at the Ranch any time.

Terms & Conditions

The cattle sell under the suggested terms and conditions of the American Angus Association.

Payment

Payment is due at time of sale and no livestock shall be delivered until payment is received in full or other arrangements are made in writing. In the event Seller incurs attorney fees and costs for collection of payment, Purchaser shall pay the purchase price, interest at the statutory rate and all costs and attorney fees for collection. Past due accounts will be subject to 2% interest per month.

Superior Livestock Auction Broadcast

Online and Pre-Videos at www.StevensonAngus.com

Sale is broadcast via internet ONLY at Bid.SuperiorLivestock.com

Go to Bid.SuperiorLivestock.com for Superior's new online bidding platform. If you have not registered there before you will need to create an account if you wish to bid (no registration required just to watch the auction). Once you have created an account, request a buyer number and you will then be able to bid online with the largest and most trusted cattle marketing entity in North America. If you have any questions, please call the Superior Productions **(800) 422-2117**.

Frontier Live Sale

This sale will be broadcast live on www.FrontierLiveSale.com

1. Register and create an account at www.FrontierLiveSale.com by clicking on **Registration** in the upper right corner. You will receive an email to activate your account.
2. Select the Stevenson auction and click **Get Approved to Bid** for absentee and live bidding. Follow instructions.
2. Login on sale day with credentials provided at registration. Call **866-313-0123** for tech help.

CCi.Live

View and bid at **CCi.live** or download the app for mobile devices from the App Store or Google Play. You do not need an account to watch the sale. To bid online, login and click "Get Buyer Number." Call **405-400-9505** for support.

STEVENSON

WORLD CLASS BEEF

Five generations of family ranching producing the **highest quality beef.**

Angus cattle originated in Scotland, as did our family roots. For more than eight decades, our family has believed in our ability to make a living in the beautiful, but often harsh ranch land of central Montana. Carrying on the tradition, each new generation of family adds invaluable experiences that improve your family dining experience.

Why us?

For generations, our sole livelihood has been from providing seedstock Angus cattle and genetics from our family ranch to the world. We love the beef industry and are excited to offer our world class cuts of beef to the market.

Over 100 years ago

The Stevenson family moved from Missouri to the small town of Hobson, Montana to discover our legacy as Angus ranchers.

Originally, crops, cream, eggs, custom harvest work and a flock of turkeys were our main source of income. By the mid-40s, we introduced bigger livestock into the mix and purchased cattle. Ultimately, we found our true calling after purchasing four registered Angus heifers from the Airyland Ranch, Montana's pioneer Angus herds in nearby Lewistown. Five generations later, we sell our seedstock cattle and genetics all over the world producing the highest quality of beef worldwide.

STEVENSON

Driving the science of better breeding

There's little room for error in the cattle business. Producers need the most advanced information to make smart selection decisions, and Angus Genetics Inc. (AGI) provides it through genomic-enhanced expected progeny differences (GE-EPDs).

GE-EPDs have become the industry standard for herd improvement, building on decades of science-backed genetic evaluation tools originated and maintained through the American Angus Association®, home to the largest and ever-growing single-breed beef cattle database.

EPDs that traditionally contained all pedigree, performance and progeny information now also include results from available genomic, or DNA, tests. Breeders who use genomic technology give buyers access to AGI-generated GE-EPDs that provide:

Increased predictability and decreased risk for young and unproven animals due to enhanced accuracy of EPDs

Better characterization of genetics for difficult-to-measure performance traits (such as carcass traits, maternal traits and feed efficiency)

The ability to make more rapid progress for traits that are important to you, due to:

- more accurate selection
- easier identification of genetic outliers
- the ability to propagate young animals with confidence earlier in their lives

In fact, GE-EPDs on unproven animals have the same amount of accuracy as if they had recorded 10-36 calves, depending on the trait. That's valuable insight, offered regularly through the breed's weekly national cattle evaluation.

Trait	Progeny Equivalent	Trait	Progeny Equivalent
Calving Ease Direct	26	Heifer Pregnancy	17
Birth Weight	23	Calving Ease Maternal	20
Weaning Weight	27	Milk	36
Yearling Weight	23	Mature Weight	15
Dry Matter Intake	12	Mature Height	9
Scrotal Circumference	15	Carcass Weight	15
Docility	12	Yearling Height	17
Claw Set	10	Carcass Marbling	11
Foot Angle	10	Carcass Ribeye	17
		Carcass Fat	14

How do you know if EPDs are genomic-enhanced?

Ask your breeder, refer to the registration paper, or look for the AGI GE-EPD logo, Angus GS™ powered by partner Neogen GeneSeek or the HD50k by partner Zoetis. These images indicate animals for which low-density or high-density genomic testing has been conducted and incorporated by AGI into GE-EPDs

www.angus.org

How to Read the Sale Lot Information

Expected Progeny Difference (EPD) is the estimate of how future progeny of each sire are expected to perform in each of the traits listed. EPD is expressed in pounds, either plus or minus. For example, when used on the same cows, calves sired by a bull with a +60 weaning EPD should average 10 pounds more than those sired by a bull with a +50 weaning EPD. EPDs are current as of catalog printing. Updated EPDs can be viewed at www.Angus.org

Targeting the Brand™ logo highlights registered Angus bulls with greater genetic potential to produce calves that meet specifications of the Certified Angus Beef® brand.

Calving Ease Direct (CED) EPD is expressed in percentage of unassisted births, predicting the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth (BW) EPD is a predictor of progeny birth weight attributed to the parent.

Weaning (WW) and Yearling (YW) EPDs are predictors of the animal's ability to transmit weaning growth and yearling growth to its progeny.

Scrotal Circumference (SC) EPD, expressed in cm., is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Milk EPD is a predictor of an animal's genetic merit for milk and mothering ability.

\$M +51	\$W +72 \$F +111 \$G +59 \$B +170 SC +271

Index values are expressed in dollars per head

Maternal Weaned Calf Value (\$M) predicts profitability differences from conception to weaning. Traits included: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W) is the expected average difference in future progeny performance for preweaning merit and includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk and mature cow size.

Feedlot Value (\$F) is the expected average difference in future progeny performance for post-weaning merit compared to progeny of other sires.

Grid Value (\$G) is the expected average difference in future progeny performance for carcass grid merit compared to progeny of other sires.

Beef Value (\$B) is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C) is an index which includes all traits that make up both \$M and \$B. EPDs directly influencing a combined index: CED, CEM, WW, YW, Milk, HP (Heifer Pregnancy), DOC, MW, Angle (Foot Angle), Claw (Claw Set), DMI (dry matter intake), Marb, CW, RE, Fat.

Docility (Doc) EPD is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility.

Claw Set (Claw) EPD is expressed in units of claw-set score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal claw set. The ideal claw set is toes that are symmetrical, even and appropriately spaced.

Foot Angle (Angle) EPD is expressed in units of foot-angle score, with a lower EPD being more favorable indicating a sire will produce progeny with more ideal foot angle. The ideal is a 45-degree angle at the pastern joint with appropriate toe length and heel depth.

Pulmonary Arterial Pressure (PAP) EPD, is expressed in millimeters of Mercury (mmHg), with a lower EPD being more favorable indicating a sire should produce progeny with a lower PAP score. PAP score is an indicator of susceptibility to high altitude disease commonly experienced at elevations greater than 5,500 feet.

Marbling (Marb) EPD is expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area (RE) EPD, expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

Calving Ease Rating (CE)

- ★★★★ Excellent calving ease, use with confidence on any type of heifers.
- ★★★ Superior calving ease, should work with most heifers and most situations.
- ★★ Moderate calving ease, most people will use these bulls on cows, but they can be used on heifers if calving ease is of less concern.
- ★ We recommend these bulls just for use on cows.

Cattle Delivery

We encourage all of you to stop by and coordinate delivery plans before leaving the Sale. If you are buying off-site, please let us know of any special instructions as soon as you can. Otherwise, we will contact you regarding date of delivery. Your cooperation in taking delivery is greatly appreciated.

Bull Delivery

In order to better service our customers, we offer FREE NATIONWIDE DELIVERY. For the western states we will make every effort to deliver the bulls to your doorstep. For our customers East of the Mississippi River, we ask your cooperation with potential drops at Central Delivery Points.

To our neighbors to the north, we are happy to bring you your bulls, however due to increasing scrutiny at the border, having the Canadian resident present, eases the process. If meeting at the border is not possible, we ask to share in a portion of crossing fees. Thank you for your understanding.

We will continue to offer a pickup credit of \$100 per head for all bulls picked up within 7 days of the sale.

Female Delivery

All females, commercial and registered, are delivered at the expense of the buyer. We will be happy to coordinate and organize as needed.

FIRST YEAR BREEDING GUARANTEE

In lieu of a commercial "loss of use" policy, we would like to offer our own First Breeding-year Guarantee. For bulls selling for \$5000 or more, and does not complete a full breeding season, we will share in the replacement cost up to 50% of the value of the injured bull. Breeding season is defined as 90 days after turning out the bulls.

50% of the value of the injured bull, minus salvage value, will be given as credit in a future sale or toward a replacement bull if one is available. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2024.

Example 1: An \$8,000 bull is injured, a credit of \$4,000 minus any salvage value will be given to the buyer.

Example 2: A \$6,000 bull is injured, a credit of \$3,000 minus any salvage value will be given to the buyer.

Example 3: A \$4,000 bull is injured, no credit is given. Buyer retains all salvage value.

Applicable credits honored from our Breeding Guarantee are to be used within one year of submission.

STEVENSON ANGUS RANCH

REWARDS

LOYALTY REWARD

We honor our customer's loyalty with a 5% discount on every bull purchased by any single customer that has purchased bulls in TWO consecutive sales prior to this offering. In order to qualify, purchases need to have been made from both of our sales in Hobson from the Fall 2022 and Spring 2023 offerings.

Sale Starts at Noon

Registered Bred Heifers Lots 401-460

Registered Cows Lots 501-626

Older Bulls Lots 1-158

Young Bulls Lots 201-320

Commercial Bred Heifers Lots A, B, C, D, E

Commercial Bred Heifers

All commercial bred heifers sell after the conclusion of the bull sale.

We sincerely appreciate your interest in these bred heifers and certainly believe this offering emphasizes our foremost efforts in genetic progression. This is an outstanding set of home raised heifers from both the Hobson and White Sulphur Springs ranches. They've been sorted and offered according to due date. The buyer has the option of five head up to the entire group.

They have been vaccinated with Bova Shield Gold FP5 VL5 along with a second round of Guardian and treated with Ultra Saber. All heifers have legible BANGS tag numbers, silver identification tag or EIDs. They were ultrasound pregnancy tested and confirmed to their due dates.

Delivery cost is at the buyer's expense. We are happy to help with arrangements if needed.

A 33 Early Calving Bred Heifers

- Due to calve: January 17, 2024
- An excellent set of heifers that are due early. These calves will come easy and wean heavy. Expect calves to come a little early.
- Home raised, the top end from our commercial herd. These heifers are deep, soggy ... the cow making kind.
- Bred to VERSATILE, one of the hottest bulls in the breed. Easy calving with loads of performance and carcass. He sired the high gaining sire group at Midland this year.
- Fantastic opportunity to improve calf crop consistency for pay weight, jump your Genomic Merit Scorecard with Angus Link or build an outstanding set of replacements.
- Tagged:701 to 733
- AI bred to BALDRIDGE VERSATILE

B 19 February Calving Bred Heifers

- Due to calve: February 5, 2024 for three weeks
- Top set of replacement females, easy fleshing with extra volume. Maternal genetics you want to build around.
- Home raised, selected right out of the registered and commercial herds. Herd builder type genetics, keep every daughter you can.
- Confirmed both AI and natural service bred to Stevenson Angus herd bulls.
- Expect impressive calf performance with top carcass and maternal genetics.
- Tagged: 751 to 769

Price _____ Buyer _____

D 30 April Calving Bred Heifers

- Due to calve: April 1, 2024 for four weeks
- Great opportunity ... outstanding set of spring calving heifers. Ready for turn-out, these ladies will calve on their own and raise a popping good calf.
- Home raised and selected right out of the registered herd.
- These kind are hard to let go, we only offer them up as they don't fit into our earlier calving schedule.
- AI and natural service bred right with the registered heifers to top end Stevenson Angus herd bulls.
- Tagged: 831 to 860

Price _____ Buyer _____

Price _____ Buyer _____

C 48 March Calving Bred Heifers

- Due to calve: March 1, 2024 for four weeks
- Impressive set of females from the heart of the program, set up to calve mid-winter.
- Home raised and selected right out of the registered herd.
- Tie into the right kind, these girls descend from generations of proven producers. Build a program around these kind of genetics.
- Bred right with the registered heifers to top end Stevenson Angus herd bulls.
- Tagged: 781 to 828

Price _____ Buyer _____

Price _____ Buyer _____

E 24 May Calving Bred Heifers

- Due to calve: May 1, 2024 for three weeks
- Set up for green grass and minimal input ... these heifers will require little oversight.
- Build a program with this kind and these maternal genetics
- These heifers are sorted for offering only because of their due date and therefore outside of our normal management system, they otherwise would be staying in herd.
- Home raised and selected right out of the registered herd.
- Bred right with the registered heifers to top end Stevenson Angus herd bulls.
- Tagged: 871 to 894

Older Bulls

- Never been picked over
- Predominately AI sired and embryo transfer
- Developed specifically for this sale offering

In our experience, these age advantage bulls have proven to cover more country and cover more cows. Feedback from our customers is true testimony to their breeding vigor and ability to hold up better.

They are put into contemporary groups at weaning based upon their ranch origin and the conditions they were raised under. These contemporaries remain the same through their yearling performance test. Understand, because the bulls are in different contemporary groups, a ratio of 100 will not necessarily correlate to the same weight between the different groups. These bulls are then slow grown, fully concerned with their long-term ability to hold up. They are sound, athletic and not over conditioned.

These bulls are guaranteed breeders. They have all passed a breeding soundness evaluation including a semen test.

RETAINED INTEREST - we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Bull Calves

The bull calves offered in this Fall Sale are the top end of the natural and embryo calves out of mature cows born at Stevenson Angus in January and February. Calves out of first calf heifers are held over for our spring sale and calves born in March and April will be sold as long yearlings in next year's Fall Production Sale.

These calves were all born and raised in Central Montana near Hobson. The calves in this offering were raised from birth to weaning with no creep. After weaning, the calves are fed a high roughage growing ration. These bull calves were weaned and weighed from September 6th - 10th.

These bulls are members of large contemporary groups within the Stevenson Angus herd. Because they are grouped by growing conditions, a ratio of 100 will not necessarily correlate to the same weight between the different groups.

While these bulls are guaranteed breeders, we recommend that bulls not wintered at Stevenson Angus be fertility tested by a certified veterinarian prior to use next summer.

RETAINED INTEREST - we are selling FULL POSSESSION and 2/3 REVENUE-SHARING INTEREST in every bull in this sale. The bull you purchase is completely in your control regarding how you handle the bull and your natural service use. You receive 100% salvage value of the bull. Retaining 1/3 revenue-sharing semen interest simply allows Stevenson Angus the right to share in collection of semen, use of semen in our herds and the right to share in semen sale revenue if semen sales become a possibility.

Realistically, we will collect semen on a very small percentage of the bulls selling. It will be an even smaller number of bulls that will market semen. However, we realize that many promising bulls are identified after they have proven themselves in natural service. If you have any questions or concerns about our retained interest policy, please contact Stevenson Angus.

Wintering Arrangements

Wintering arrangements are available on bull calves purchased in the sale. For \$300 per head, they will be wintered and delivered after our March bull sale. Wintered bulls will have yearling data collected and recorded to AHIR. They will also pass a complete breeding soundness evaluation, including semen test, prior to delivery in the spring.

Kate Vorse
43

Calves were weaned off of mama's milk and Montana grass only!

*Home of America's Longest Established Annual Bull Sale*

Fellow Cattlemen,

We are extremely pleased to present this outstanding set of replacement heifers and proven producers. These ladies are the pride of the herd, truly the future and the foundation to our program.

We are fully enrolled with American Angus Association's Maternal Plus and Inventory Reporting programs. Both are designed to measure and evaluate the maternal traits that built this breed and will continue to strengthen it. This herd has a diligent, no excuses cull program. Every calving season and throughout the rest of the year, each cow is graded for feet, udder, condition, kind and disposition. These cows have passed every test. There are truly no holes, and these are the kind you want to build a herd around. In your evaluation of these mature cows, notice the general foot and structure soundness, udder quality, body capacity and fleshing ability. There's a lot of fancy data used in the business today. We don't formulate mating decisions by lining up the math, but rather aim to be complimentary with multiple traits considered, phenotypic and genotypic. We aim for optimum balance and this offering represents that disciplined stockmanship approach. The video footage was taken off of pasture. Not one cow had any extra "help". This is them in their working clothes.

Ask yourself, who is your best cow? Everybody has their own favorite. The cow that produced the high seller maybe one from a famous cow family or one that is a prolific embryo producer. We'd like to think that our "best" cow is the one we don't know about. She hasn't been noticed or culled because of bad feet, poor udder or a wily disposition. She breeds back every year, doesn't fall out because of production record or phenotype concern. She's simply the cow that does her job every day, year after year. We're in the business of having these cows work for us, not us for them. This aptly describes what we're offering today, a superb set of working cows that you want to build a herd around, a pasture full of our "best" cows.

Whether you are looking for progressive new age genetics with these replacement heifers, considering a foundation donor cow to build a program or need numbers to expand, we invite you to consider these time-tested genetics. The heifers are right off the top or our replacements and the mature cows have proven themselves in our herd, now let them go to work for you!

We are extremely confident with this offering and certain you will be as well! If you have any questions, please let us know. We truly welcome your visit and appreciate your support and interest.

Keith Darrell Bob Jake

Follow us!

STEVENSON ANGUS.com

HPJ understands digital. We get the highest click-through rates on our campaigns. If you don't have them handling your digital you are missing a key segment of the market and at least a third of new leads.

—Media buyer, Brush Art

We did an internal study during our HPJ cover unit ad campaign and noticed a sizeable spike in sales during those insertions compared to previous years.

—Product Manager, Dekalb

HPJ is the #1 media source for finding and purchasing information and ranks 2 to 1 over other publications. (Readex)

For all your advertising needs.

Bud Mears

Account Executive
