

FRONT & REAR DASH CAMS

UVUE U4

UVUE, YOUR SILENT WITNESS

Want the smallest "stealth" tech in dashcams? The U4 features industry standard Sony miniature cameras front and rear making for a more unobstructed view and a discreet installation.

UVUE U4 DRIVE CAMERA BENEFITS

SONY FHD / FHD IMAGE SENSORS	Industry standard Sony "Starvis" FHD and Sony "IMX" FHD image sensors for clear recordings.
MINI CAMERAS FRONT AND REAR	Mini cams provide less driver distraction than traditional cameras with a stealthier appearance.
WIFI APP	The U4 has an easy to use smart phone app. WiFi allows you to copy videos and pictures to your smart phone.
ENHANCED RECORDINGS SECURITY	Recordings are hidden under the dash away from potential thieves.
PARKING MODE	U4 can record for short periods whilst vehicle is parked and ignition is off
"NIGHT VISION"	Low light cameras for enhanced night performance
MAC AND PC SUPPORT	A computer viewer is available for both Mac OSX and Windows PC's.
LBP	Low Battery Protection, safely puts the system to sleep long before the vehicles battery is flat.
GPS	GPS as standard to log vehicle speed and location with Google maps.
G-SENSOR	(Gravity Sensor) Impact sensor to safely lock files in a collision.
64G SAMSUNG PRO MEMORY CARD	A 64g Samsung Endurance Pro memory card is included. The camera can support up to 128g memory card to extend recording loop times.
VOICE RECORD	Sound recording can be turned off and on.
NO LITHIUM	Lithium batteries found in cheap cameras are unsafe in hot environments, we don't use them!
