- Handle complex files – powerful processing architecture⁴, 128 GB memory⁵, 500 GB HDD at 116 A1/D pgs/hr.
- Easily print project sets and PDF documents with HP Click printing software.

ACCURATE – Make better decisions with precise colours

- Get bright colour and bold image quality – even on plain papers – with HP Bright Office Inks.
- Reproduce transparencies, layers, colour palettes, and gradients with embedded Adobe PDF Print Engine.²
- Tuned profiles reproduce distinct shades of colour; colour/gray/photo black inks make soft colours, dark tones.
- Accurately display data – high-density printheads provide 2400 nozzles per inch, enabling 0.1% line accuracy.⁶

This printer is intended to work only with cartridges that have a new or reused HP chip, and it uses dynamic security measures to block cartridges using a non-HP chip. Periodic firmware updates will maintain the effectiveness of these measures and block cartridges that previously worked. A reused HP chip enables the use of reused, remanufactured, and refilled cartridges. More at: <http://www.hp.com/learn/ds>

¹ Card reader functionality enabled through optional third-party solutions.

² Requires purchase of HP DesignJet T1700 PostScript® models or optional HP DesignJet PostScript/PDF Upgrade Kit. The Adobe PDF Print Engine (APPE) is Adobe's high speed, high fidelity print platform. Version 4 extends APPE's leading edge for print reproduction with new performance efficiencies and breakthrough rendering features. APPE 4 enables printers to increase workflow efficiency and capitalize on the profit potential of innovations in inkjet print technology.
