

HP Thunderbolt Dock Audio Module

Now hear this

Take calls¹ without a headset with the HP TB Dock Audio Module, which attaches vertically to the HP Thunderbolt Dock G2² with no additional cabling to create our first Thunderbolt™ dock with an audio conferencing solution.

Rich audio and intuitive controls

Experience stereo sound and collaborate easily with built-in HP Noise Cancellation. Handy LEDs confirm when your call¹ is connected and slight vibrations on the top panel's buttons confirm successful interaction with call controls.

Clutter-free assembly

Snap the Module on top of your HP Thunderbolt Dock G2 with a simple connector and secure with a screw for a clean solution with no messy cables.

¹ Internet access required and sold separately.
² Dock sold separately.
