PN-ZL01A – Transceiver Adapter and Active Pen for BIG PAD

- ▶ USB TRANSCEIVER FOR WIRELESS ACTIVE TOUCH PEN
- ▶ PRESSURE SENSITIVE ACTIVE PEN TIP WITH 3 MICRO SWITCHES
- ▶ TRANSCEIVER SUPPORTS UP TO 10 WIRELESS ACTIVE PENS
- ▶ SUPPORTS THE BIG PAD INFRARED MULTI-TOUCH TECHNOLOGY
- ▶ BRINGS THE BIG PAD PEN-ON-PAPER USER EXPERIENCE TO A NEW LEVEL

The PN-ZL01A solution consists of a wireless transceiver adapter and an advanced active pen. The active pen is a powerful and ergonomic stylus, which sits snugly in the hand and gives even more satisfaction and confidence to any user's Pen-on-Papertouch experience with a BIG PAD.

The active pen gives the presenter or trainer quick and intuitive access to annotation options or preset configurations via the smart micro-switches built into the pen. The active pen can also make use of more expressive writing and annotation possibilities through pressure sensitive capability.

The wireless transceiver adapter slots conveniently and discreetly into the USB connector located behind the BIG PAD. The active pen communicates with the adapter using robust industry wireless standards, which ensure menu commands or option changes are efficiently implemented.

One USB transceiver adapter is required per BIG PAD interactive touch monitor, and will support up to 10 active wireless pens.

The SHARP Pen software, which ships with every BIG PAD, can support up to a maximum of 4 simultaneous active wireless pens.

KEY SPECIFICATIONS

- ▶ Number of Supported Pens: **Adapter supports up to 10 active pens simultaneously**
- ▶ Wireless Standard: **2.4GHz, IEEE802.15.4**
- ▶ Operating Voltage (DCV): **1.5 (1x AAA Battery)**
- ▶ CE: ✓
- ▶ Connector: **Wireless to USB Transceiver**
- ▶ Number of Micro Switches: **3**
- ▶ Pressure Sensitive: ✓
- ▶ Supported Touch Technology (Infrared / Capacitive): ✓/✗
