THERMAL REFLECTIVE WARMTH

Omni-Heat™ is our original groundbreaking thermal-reflective technology. Tiny silver dots help reflect and retain body heat for instant and enhanced warmth. The innovative pattern also delivers high breathability that allows excess heat and moisture to escape, keeping you comfortable in mild to severe cold.

WATERPROOF-BREATHABLE OUTSIDE, DRY INSIDE

OutDry™ Extreme is a new way to waterproof. This patented technology places an impenetrable waterproof-breathable membrane on the outside instead of the inside like traditional methods. With the membrane outside and soft fabric inside, you stay dry and comfortable with zero wet-out, enhanced breathability, and unrivaled next-to-skin comfort.
