*Note: Information included is subject to change.
Updates can be found at suu.edu/ruralhealth/directory.

The following organizations have provided support for the publication of the 2022-2023 edition of the Directory of Utah Health Professions Training Programs ©. Through their generosity, this directory was distributed to teachers, counselors, and advisors across Utah. This directory is also available online, with links to featured programs at suu.edu/ruralhealth/directory.

Distribution of this directory to USOE CTE assisted by:

Utah State Board of Education

Statement of Purpose

The **Directory of Utah Health Professions Training Programs** is a reference tool for individuals intending to pursue a career in health care. This directory is compiled and distributed by the Utah Center for Rural Health and Southern Utah University, and is provided to middle schools, high schools, higher education institutions, workforce service centers, and hospitals through the state of Utah.

As you use this book, it is recommended that the reader begin at the *Table of Contents* section where training programs can be searched by institution or by specific career. Efforts were made to obtain information from all programs who chose to participate, however it is possible that not all health profession programs were identified. Additionally, program information is subject to change, and it is strongly recommended that the reader visit the website of each specific institution for the latest program information.

Pre-professional programs at higher institutions are not individually included in the directory (pre-medical, pre-dental, etc.). However, a list of advisors for pre-professional programs is available in the appendix of this book.

This directory provides resources to help the reader in exploring healthcare careers. Health career and professional websites are listed in the back of the directory and are great references for individuals interested in exploring careers. The last section of this publication includes information on salaries and job growth for specific careers. Information on scholarship and financial aid are also included. The entire directory is available on our website at www.suu.edu/ruralhealth/directory. We encourage the reader to print or copy pages for use by you or your students.

A blank survey form is found on the following page for directors of health training programs, and we ask that you fill it out and return it to us if you notice that your program has not been included, or if you notice that edits need to be made to the information provided. Any corrections, additions, or questions about this directory and be forwarded to Rita Osborn at the Utah Center for Rural Health, located at 351 West University Boulevard, Cedar City, UT 84720. (osborn@suu.edu, 435-865-8520)

A photograph of three healthcare students, two men and one woman, smiling and looking upwards. They are wearing dark blue scrubs. The background is a blurred outdoor setting with green foliage. A large, semi-transparent heart shape is overlaid on the image, containing the main title.

Education Meets Empathy

Roseman University's students can't wait to bring the skills and knowledge they learn to the communities that need them. They support retirees through our Medicare Call Lab, they volunteer to offer free, preventative dental care to those under or uninsured, and they joined the frontlines of the COVID pandemic in administering over 11,000 vaccines to members of our community. They know that to excel as a healthcare provider, they must combine innovative patient care with empathy, caring and compassion every step of the way.

A woman with long brown hair, wearing a blue t-shirt and a plaid shirt, is smiling and holding a speckled chicken. She is also holding a wire basket filled with eggs and a carrot. The background shows a wooden fence and trees, suggesting a rural or farm setting.

It is possible to have a great
career in healthcare, and
enjoy the rural life.

Seeking Careers in Rural and Underserved Communities.

Helping to combat opioid use disorder through education and collaboration.

Utah Opioids is a part of the Utah Rural Opioid Healthcare Consortium (or UROHC). We bring together providers, health care entities, federally qualified health centers, public and behavioral health organizations, and nonprofit organizations to coordinate resources, expertise, and efforts to combat the opioid issues in Beaver, Carbon, Emery, Grand and Iron Counties in Utah.

**UTAH
AHEC**

Area Health Education Centers

... WHY UTAH NEEDS AHEC

The goal of the Utah Area Health Education Center (Utah AHEC) is to provide access to primary healthcare for Utah's entire population. We focus on recruiting and supporting Utah's primary care workforce, which in turn increases the capacity of our health system and improves health in communities throughout the state.

VII. Online Resources to Explore Careers in Healthcare

Resource	Description
Explore Health Careers www.explorehealthcareers.org	A free, multi-disciplinary, interactive health careers website, designed to explain the array of health professions and provides easy access to students seeking information about health careers.
Bureau of Labor Statistics: Occupational Outlook Handbook www.bls.gov/ooh	A comprehensive guide to healthcare careers, schooling, and work settings.
Career One Stop www.careeronestop.org	Contains videos of many health careers and information on schools and financial aid.
Utah's Career Connection www.utah.gov/employment/careers	A state website with tools and information to help students make informed decisions as they investigate careers, explore education and training, and look for a job.
Utah Health Scholars www.utahhealthscholars.org	A program at Southern Utah University, Utah Tech University, Snow College, and Utah State University – Eastern, designed to help students becomes successful applicants to medical, dental, pharmacy, and other graduate-level health programs. Student applications are strengthened through a regimen of classes, seminars, community service, job shadowing, research, and advisement.
Talent Ready Utah www.talentreadyutah.com	Utah's career information system put together by multiple partners from the State of Utah. This is a great resource to help plan future careers.
University Headquarters Healthcare Careers Guide www.universityhq.org	A website that describes a variety of healthcare jobs, what those jobs entail, and how to prepare to pursue a healthcare career in one of those specialties
National Institutes of Health Job Page https://hr.nih.gov/jobs	A service that shows jobs that are available with the National Institute of Health, including internships, student trainee positions, and entry-level positions in biomedical research.

VIII. Financial Aid and Scholarship Information

General Financial Aid Information

We recommend that students interested in financial aid first visit with the financial aid office at their educational institution. Individuals at those offices will be able to work one-on-one with students to determine how financial aid can best help them. Once students have decided on their major, it is also recommended that they visit with their individual college departments to inquire about scholarships and financial aid provided directly through those entities.

Organization	Areas	Type of Aid	Criteria	Website
Bureau of Primary Care	MD, DO, PA, Dentistry, Nursing, Optometry, Pharmacy, Podiatric, Public Health, Allied Health	Scholarships and loans for students from disadvantaged backgrounds as well as others who are financially needy	Full-time, financially needy students from disadvantaged backgrounds enrolled in health professions and nursing programs	www.bhw.hrsa.gov/loans-scholarships
		Primary Care Loan	Full-time students seeking an MD or DO, who agree to (a) enter and complete residency training in primary care within four years after graduation and (b) practice in primary care for the life of the loan	https://bhw.hrsa.gov/
Free Application for Federal Student Aid (FAFSA)	Any Student	Pell Grant	Needs-based grant for undergraduate students	https://studentaid.gov/h/apply-for-aid Inquire at the institution financial aid office
		Supplemental Education Opportunity Grant	Needs-based grant for undergraduate students – individual colleges establish eligibility	
		Perkins Loan	Subsidized loan with a 5% fixed interest rate, flexible repayment terms and numerous deferment options	
		Stafford Loan	Funded by private lenders and guaranteed by the Federal government. Both needs-based (subsidized) and non-needs-based (nonsubsidized) loans are available	
National Health Service Corps/HSRA	A wide variety of health professionals and students	National Health Service Corps Scholarship and Loans Program	For each year of support received, the recipient commits to providing primary care services in federally designated underserved communities in the U.S.	www.nhsc.hrsa.gov/scholarships
		Faculty Loan Repayment Program	Individuals from disadvantaged backgrounds who will serve as faculty at eligible health profession schools and will teach a minimum of two years	https://bhw.hrsa.gov/funding/apply-loan-repayment

Career Specific Financial Aid Information

Please note that this is not an all-inclusive list, and the reader is highly encouraged to do personal research on other scholarship opportunities. When searching for scholarship opportunities, bear in mind that there are a number of scholarship scams. The Federal Trade Commission offers good advice on how to avoid falling prey to unscrupulous lenders. You can access that information by visiting www.consumer.ftc.gov/articles/0082-scholarship-and-financial-aid-scams.

Career	Organization	Type of Aid	Criteria	Website
All Health Careers	Explore Health Careers	Database that lists scholarship opportunities by profession and state	Dependent on the scholarship	www.explorehealthcareers.org
	Gallagher Koster Health Careers Scholarship Program	Undergraduate scholarships for students pursuing health-related careers	Open to all full-time undergraduate students who are entering their Junior or Senior year of their undergraduate studies	www.gallagherstudent.com/scholarship
