

MOTORCRAFT® A/C LINES

Motorcraft A/C Line Features:

- Design per Ford OEM specification for factory-designed fit and performance
- Vehicle application-specific design follows contours of vehicle for easy installation, and may include mufflers for noise reduction
- Flexible hose sections are multi-layered and reinforced for strength and durability
- Hose coupling materials are compatible for use with latest refrigerants and oils, including PHEV/BEV
- Hose design helps prevent moisture ingress and refrigerant permeation
- Product includes fittings, O-rings, gaskets, seals and insulators – ready to install
- Lines are tuned to meet Ford OEM quality on durability, noise, vibration and harshness

In-Vehicle and Functional Tested to Perform to Ford OEM Spec

- In-Vehicle Life Testing simulates 10 year/150,000-mile life
- Leak testing against refrigerant loss
- Burst testing subjects the line to 1,750 PSI to help ensure integrity of hose and fittings when subjected to extremely high pressure
- Vibration testing against unwanted resonance noise
- Temperature cycling testing to verify hose and fitting integrity and durability under a variety of extreme temperatures
- Corrosion resistance testing
