

COMMERCIAL CATALOG

We couldn't be more proud to feature our FIRST, JOINT Distributor Catalog for Commercial Goods under our Pool & Electrical Products (PEP), Florida Water Products (FWP) and American Pool Supply (APS) FAMILY of BRANDS.

Here's what you can count on at our 50+ distributor branch locations.

- ✓ Same Family Values and Commitment to Knowledge, Selection, and Service Excellence
- ✓ Same Great Staff and Account Representatives
- ✓ Same Competitive Pricing
- ✓ Same Convenient, Early-morning Hours to Meet Your Service and Repair Schedules
- ✓ EVERYTHING You Need — Equipment, Replacement Parts, Plumbing, Plaster, Electrical, Water Treatment...and More

Best of ALL, You Get US!

We don't answer to Wall Street. We answer to YOU...and Our Valued Employees. Without BOTH, we don't have a Business. We take these responsibilities very seriously.

While this catalog represents many of our most popular commercial items, we have much more to offer. Our goal is to become an integral PARTNER in your success...and EARN your business each and every day.

On behalf of our entire team, we look forward to serving you.

Brad Dowsett
Commercial Sales Manager

Normblock Multi Series

The Most Powerful Plastic Pool Pump in America

Speck Pumps has changed the game for large commercial pumps. With modern thermoplastics and local production, cast iron rust-buckets are a thing of the past. And with lead times of weeks instead of months, can you afford to wait for the competition?

Normblock Multi 125/250 (25 HP)

- Lead times of 1-2 weeks
- Flow rates up to 2,200 GPM
- Quiet & Efficient, 1750 RPM design
- Durable Inverter Duty TEFC Motor
- Assembled & Tested in Florida
- Available with 4", 6" and 8" Strainers
- Suction Flange Options of 4", 5", 6", & 8"

M920^{CA}

Automated pH & Dual ORP Controller for Commercial Pools

Meet California Title XXII Compliance with Confidence

Our state-of-the-art M920^{CA} controller, designed for commercial pools, assures your compliance with Title XXII requirements, **including PPM calculations and full reporting capability.**

When you sign up for our free remote monitoring, you can stay alert to any changes or problems by accessing daily readings. Detailed reports allow you to satisfy those who want to see daily logging of Free Available Chlorine (PPM), pH, and Temperature. Your reports are accessible 24/7 via WiFi with smart phone, tablet, laptop, and desktop. *All features are also available with built-in WiFi, model M920w^{CA}.*

Chemical automation technology, like IPS Controllers, have so improved water quality that many states, and the CDC's Model Aquatic Health Code (MAHC), now require these systems on all commercial pools and spas. With IPS Controllers, you can feel confident you are providing clean, clear water, and a safer swimming environment.

IPS Controllers is committed to the health and safety of pool and spa water, and we are available to assist your efforts to keep water clean. If you have questions about a new installation or other chemical automation needs, please give us a call.

Order Today!

IPS M920^{CA} Technology

- Web-based programming, monitoring, and reporting, plus multiple email and texting options built in for alerts and notifications
- Lock-out feature prevents unauthorized use
- Calculates, stores, and displays Free Available Chlorine (PPM) and Cyanuric Acid level
- Maintains pH and Chlorine levels all year based on actual demand; no need to change programs or settings season-to-season
- Unique dual ORP allows installation of multiple output devices, and a primary and secondary sanitizer on the same system
- Compatible with liquid, tablets, granular, and salt chlorine generators
- Pre-mounted on 16" x 12" board; optional 24" x 19" board accommodates two chemical pumps
- Simple to program with large LED readout
- Internet connection required for PPM calculations
- Available in hard-wire Ethernet, or optional WiFi model M920w^{CA}
- 5-Year Limited Warranty
- NSF certified
