Cost Proposal: Flat Rate for TK Stock Inventory items = 20%

Product and service pricings reflected in the attached Price List are stock items for the local TK Sales warehouse. When the product is stocked in the TK Sales warehouse it will be no higher than a flat rate discount of 20%. We strive to give lower prices from this flat rate on a daily basis, however with an extended contract period we can only guarantee the flat rate for the length of this contract.

All other products will follow the printed discount schedule.

The only exceptions to this flat rate discount would be any special price listed on an "End User Agreement" which will have start dates and end dates.

Cost Proposal:

Product and service pricings are reflected in the Cost Proposal spreadsheet with discounts applied. If the product is stocked in the TK Sales warehouse it will be at the flat rate discount of 20% as reflected on the spreadsheet as TK Sales Catalog. All other products will follow the printed discount schedule.

The only exceptions to this flat rate discount would be any special price listed on an "End User Agreement" which will have start dates and end dates.
