**Overview of this Information Collection:**

(1) Type of Information Collection Request: Extension, Without Change, of a Currently Approved Collection.

(2) Title of the Form/Collection: I-864, Affidavit of Support Under Section 213A of the INA; I-864A, Contract Between Sponsor and Household Member; I-864EZ, Affidavit of Support Under Section 213A of the INA; I-864W, Request for Exemption for Intending Immigrant's Affidavit of Support.

(3) Agency form number, if any, and the applicable component of the DHS sponsoring the collection: I-864; I-864A; I-864EZ; I-864W; USCIS.

(4) Affected public who will be asked or required to respond, as well as a brief abstract: Primary: Individuals or households. USCIS uses the data collected on Form I-864 to determine whether the sponsor has the ability to support the sponsored immigrant under section 213A of the Immigration and Nationality Act. This form standardizes evaluation of a sponsor's ability to support the sponsored immigrant and ensures that basic information required to assess eligibility is provided by sponsors.

Form I-864A is a contract between the sponsor and the sponsor's household members. It is only required if the sponsor used income of their household members to reach the required 125 percent of the Federal poverty guidelines. The contract holds these household members jointly and severally liable for the support of the sponsored immigrant. The information collection

required on Form I-864A is necessary for public benefit agencies to enforce the Affidavit of Support in the event the sponsor used income of their household members to reach the required income level and the public benefit agencies are requesting reimbursement from the sponsor.

USCIS uses Form I-864EZ in exactly the same way as Form I-864; however, USCIS collects less information from the sponsors as less information is needed from those who qualify in order to make a thorough adjudication.

USCIS uses Form I-864W to determine whether the intending immigrant meets the criteria for exemption from section 213A requirements. This form collects the immigrant's basic information, such as name and address, the reason for the exemption, and accompanying documentation in support of the immigrant's claim that they are not subject to section 213.

(5) An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond: The estimated total number of respondents for the information collection Form I-864 is 453,345 and the estimated hour burden per response is 6 hours; the estimated total number of respondents for the information collection Form I-864A is 215,800 and the estimated hour burden per response is 1.75 hours; the estimated total number of respondents for the information collection Form I-864EZ is 100,000 and the estimated hour burden per response is 2.5 hours; the estimated total number of respondents for the information collection Form I-864W is 98,119 and the estimated hour burden per response is 1 hour.

(6) An estimate of the total public burden (in hours) associated with the collection: The total estimated annual hour burden associated with this collection is 3,445,839 hours.

(7) An estimate of the total public burden (in cost) associated with the collection: The estimated total annual cost burden associated with this collection of information is \$159,608,680.

Dated: September 1, 2023.
