## REPORT OF THE DEPUTY MINISTER

The Right Honourable,  
 SIR RICHARD J. CARTWRIGHT, P.C., G.C.M.G.,  
 Minister of Trade and Commerce,  
 Ottawa.

SIR,—I have the honour to submit herewith the seventeenth annual report of the Department of Trade and Commerce for the fiscal year ended March 31, 1909.

While it would appear that for a time there was a halt, in the great expansion of Canadian trade, during the fiscal year 1909, from the latest figures obtainable conclusive evidence is shown that the current fiscal year will compare favourably with the best years in the history of Canada.

While the total trade of Canada for 1909 shows a decrease as compared with that of 1908 the same state of affairs is true in the case of all the principal countries in the world; but it is gratifying to know that for the ten years ending 1909 Canada's relative increase in total trade was second among the great nations of the world as compared with third position for the decade ending in 1908.

The decrease in the total trade (merchandise only) of 1909 as compared with 1908 amounted to \$67,916,284, but this decrease was almost wholly in imports. The decrease in exports amounted to only \$3,446,586.

The statement appended herewith shows the position Canada occupies as compared with other countries in the percentage of increase in total trade for ten year periods

9-10 EDWARD VII., A. 1910

The usual unrevised statements of the imports and exports of Canada for the six months ending September 1900 to 1909 are also attached, from which it will be observed that the figures for the months ending September 1909 show a large increase over the corresponding period of the previous year, clearly indicating that the figures for the full year will probably equal if not exceed the banner year 1908.

I have the honour to be, Sir,

Your obedient servant,

F. C. T. O'HARA,  
*Deputy Minister.*
