BRAVIA™ 8K HDR Professional Displays

Innovative displays designed for business

75" - 85"
Z9J-series

FWD-75Z9J
FWD-85Z9J

Unleash the extraordinary visual power of 8K HDR images

Give customers, partners and visitors an unparalleled viewing experience on an impressive scale. The Z9J BRAVIA MASTER Series Professional Display partners exquisite 8K HDR images with easy operation, and a premium design.

Optimised for professional display applications, the BRAVIA MASTER Series harnesses the full power of cutting-edge Sony picture technologies. Backlight Master Drive full-array 8K BRAVIA technology is teamed with our Cognitive Processor XR to ensure vibrant high-contrast 8K HDR images, bursting with fine detail, rich colour, and spectacular contrast.

8K big-screen pictures are matched by the powerfully minimalist design of the Z9J Series that's sure to impress in any setting. Picture and audio are in perfect harmony with Sony's Acoustic Multi-Audio™ system for a captivating audio-visual performance.

For even greater peace of mind there's the added reassurance of our 3 Years warranty with Repair or if necessary advanced exchange handled by local partner, on premise where possible. You can also choose to extend your support for an additional 2 years.

Ultimate Picture Quality

Spectacularly lifelike 8K HDR images

Powered by our Cognitive Processor XR, featuring XR HDR Remaster, XR Motion, 8K XR Super Resolution among others, scenes are reproduced with thousands of tones, shades and gradations, making them look incredibly real.

8K image resolution (7680 × 4320 pixels)

8K offers 16 times the detail of Full HD, with an extraordinary resolution of over 33 million pixels bringing extra clarity to corporate display, education and digital signage applications.

Full-array LED backlight

This full-array LED backlight technology combines an ultra-dense LED structure with a unique local dimming algorithm and advanced optical design. Powered by the Cognitive Processor XR, it delivers incredibly deep black, dazzling lights and more vibrant colour.

Wider Colour with XR TRILUMINOS Pro™

Powered by our Cognitive Processor XR, the A80J series reproduce colour in a way that humans find beautiful. See a wider palette of colours with an enhanced range of hue and saturation, allowing natural shades and precise details to be seen, even in dark scenes.

Experience greater contrast

Feel breath-taking contrast, with XR Contrast Booster, bright areas are brighter and dark areas darker - no more details overwhelmed by shadow or lost in blown-out highlights.

Every moment smooth and clear

Our latest LED XR Motion Clarity™ technology keeps everything smooth, bright, and clear. Each 'blink' is individually controlled, and its duration optimised, while brightness is boosted when needed, so you don't miss a thing.

Vibrant colour from any angle

X-Wide Angle™ technology ensures that faithful shades of vibrant colour can be enjoyed accurately from any viewing angle.

Pictures and sound in perfect harmony

The innovative Acoustic Multi-Audio™ system includes four front facing speakers for truer, more authentic sound.

XR Motion

Features

Do more with Android TV

Discover a world of apps and online content powered by Android TV. Use Voice Search to find content easily with no typing.

Google Chromecast and Apple Airplay

With Google Chromecast built-in, and Apple Airplay, easily mirror your content and enjoy it super-sized on your BRAVIA.

Flexible Mounting and Installation

BRAVIA Professional Displays offer flexible mounting options with VESA standard mounting for easy integration into a wide range of environments.

Greater peace of mind

There's the added reassurance of our 3 Years warranty with Repair or if necessary advanced exchange handled by local partner, on premise where possible. You can also choose to extend your support for an additional 2 years.

Bring the incredible depth and quality of 8K HDR resolution to your business

Ideal for:

- Corporate presentation**
- Digital signage**
- Video conferencing**
- Education**
