Benefits of Summer Camp

When summer approaches, it can sometimes be difficult to look ahead and make decisions on how your child will spend their summer break from school. Summer camps offer a wonderful option for your child to get out of the house in a safe environment and make memories. But summer camps aren't just about getting out of the house. Actually, they're about a whole lot more...

Socialization

A big part of going to camp is being around other children around the same age. Whether they are registered for the same camp with friends or if they are making brand new friends, socialization is a big part of summer camp. Children often work together to complete tasks or bond over common interests. Socialization offers the building blocks of creating relationships as well as understanding the dynamics of problem-solving, cooperation and respect.

Healthy Living

The importance of exercise and healthy choices for children is often discussed as the obesity rate in children has doubled over the last 30 years. Many summer camps assist with keeping our children physically active when the school year is through. The Park System offers a variety of sports camps for your child to try out a new sport or to work on their abilities in one they already play. If your child isn't particularly drawn to a specific sport, there are plenty of other camps that help your child get moving during the summer with active games and/or fitness.

Self-Confidence

Summer camps allow children to explore, whether that be within their current interests or discovering new ones. This exploration and joining together with other children offers a sense of belonging which increases their self-esteem. Campers are always urged to work together and include one another in activities. The focus of summer camp is always placed on fun, but the children are also learning respect and communication as well.

Teamwork

Working together as a group is an important trait for all ages. Working together with both their peers and their camp counselors creates a successful camp experience for all. Teamwork is built upon in all camp situations, whether it's during fun games, helping each other with new crafts, exploring the outdoors in a canoe, or creating culinary masterpieces.

Outdoor Fun

Over half of children spend only an hour or less playing outside each day. Whether it's playing a sport on the field, taking a nature walk, or kayaking on a lake or river, being in the outdoors is often the perfect detachment from the many screens at our fingertips in our current tech savvy world. It also provides a wider array of stimulation through activating all of the senses - what they can see, hear, smell and touch in their outdoor environment. Plus, being out in nature often involves some kind of exercise and is known to reduce stresses and anxieties.

Looking for more of a long-term, day camp style? We've got that too! Our Summertime Fun at the Fort camp is available every week of the summer with options of full weeks for you to choose what fits your summer schedule (half day options available OR register for the full summer session (details on page 18).

What's Next?

Once you've chosen the right camp(s) for your child, you can register them using a variety of methods (all described on the inside front cover of this Parks & Programs Guide) starting at noon on Sunday, March 3. From there, be sure to fill out the necessary camp forms as soon as possible to ensure that your child is ready to start their first week of camp this summer. Have questions? Our staff is happy to help you. Just email info@monmouthcountyparks.com or give us a call at 732-842-4000, ext. 4312.

Find the Right Camp

With the many options for summer camps throughout our area, it may be overwhelming to decide which will be right for your child. Your Monmouth County Park System provides hundreds of weekly summer camps every year to allow you to choose from a vast number of activities. This gives us the opportunity to bring in many different types of camps for the wide array of interests your child may have. From arts & crafts to popular culture, sports & fitness to nature, outdoor adventures to performing arts, and even stepping back in time through farm life & living history, you'll easily find a camp that suits your child's interests.

“
The energy the counselors have with the children is outstanding. They all seem to really enjoy doing what they are doing. This made me feel very comfortable leaving my son in their care. We will be back next year!

Bricks 4 Kidz® Camp

(entering grades 1-4)

Each day at Bricks 4 Kidz® camp, children learn, build and play exploring the principals of (S.T.E.M) science, technology, engineering and mathematics. Our hands-on building programs supports collaboration, teamwork and individual creativity utilizing LEGO® technic bricks and motors functionality. Each child will take home a custom mini-figure on Friday. Instructors and all camp supplies provided by Bricks 4 Kidz®.

Five Sessions \$185.00 Per Person

Space Adventures Camp

Inspired by NASA®, children learn about how astronauts prepare for a mission into space and then build a mini centrifuge. Daily hands on LEGO® technic training provides the spark and skills to build a mini Rocket, Launch Pad and International Space Station. Young scientists play games to learn the names of LEGO® technic parts and win prizes that are out of this world. Popular Star Wars® -themed activities add to the fun.

NASA: Journey to Outer Space

Mad Science has teamed up with NASA in a quest for exploration! We'll take a voyage of discovery into the atmosphere and beyond as we explore planets, moons, and other space phenomena in our solar system. Things will heat up as we examine the sun and other stars and discover the difficulties of space travel! Kids will get a firsthand experience of the challenges of living in space as they try assemble a satellite while training to be an astronaut. Kids will love to build their own Mad Science rocket, and participate in a real "NASA" style rocket launch. Campers will have lots of projects to make and many cool NASA take homes, including a gravity assisted launcher, a Shuttle Copter, and more! Mad Science is the ONLY organization licensed by NASA to use these activities for summer camps. This camp is out of this world!

Surf's Up

(entering grades 4-9)

Learn to surf competently and safely at your own pace from qualified friendly instructors. This program will focus on the fundamentals of surfing: water safety, paddling, wave selection, standing up and turning. Our goals are for beginners to be comfortable with the waves and feel the thrill of riding them and also to improve the techniques of the more experienced riders. If the water is not "surf-able," land-based activities may be substituted. Camp will meet at the Pavilion. Experienced surf instructors and lifeguards will be present at all times. Boards will be provided. Participants must be able to pass a swim test which will be held on Wednesday, June 13 & 20 at the Dorbrook Recreation Area T-Pool.

Yoga & Movement Camp for Teens

(grades 6-12)

Come and explore the intelligence of your body through yoga asana, dance, hand-eye coordination drills, and pure movement! Unlearn the idea of forcing yourself to run, lift, and do sit-ups in order to stay in shape. Instead, replenish the body without a set of rules to define how fast or in what way we most move. We will learn to stop thinking, and instead, allow our feelings of self-expression to guide our motion. End each day sharing thoughts in our wisdom circle, in which we will investigate the connection between body and mind. This will culminate in a guided meditation to relax and soothe.

Yoga & Running Camp

(entering grades 7-12)

You've all heard the old adage, "Running is 90 percent mental and the rest is physical." In this camp we will focus on mastering the mind in order to run faster times during the fall's upcoming race season. We will learn mind hacks and directly put them to practice during scenic nature runs alongside the Manasquan Reservoir. Yoga will be incorporated into each day, with an emphasis on flexibility and core strength. This camp will be led by Shannon Nelson, a former Division I cross-country runner and individual Patriot League Conference Champion, current owner and teacher of Seeking Self Yoga & Meditation.

Yoga & Wellness Camp for Teens

(entering grades 6-12)

Teenage years consist of constant physical, mental, and emotional change. Combine these changes with class work, the pressure to fit in, and a hectic schedule and you can easily find yourself feeling tired, anxious, and stressed. Tap into the power of yoga for mind, body, and spiritual growth to facilitate acceptance of these life changes and grounding. Laugh and enjoy as we explore yoga postures, philosophy, peaceful nature walks, journaling, dancing, wisdom circles, and guided meditations. Creative energies will flow, self-awareness will grow, and bodies and minds will feel a deep sense of inner calm.

Tea up with us! Private club conditions at public course prices make Monmouth County's 8 golf courses one of the best values around.

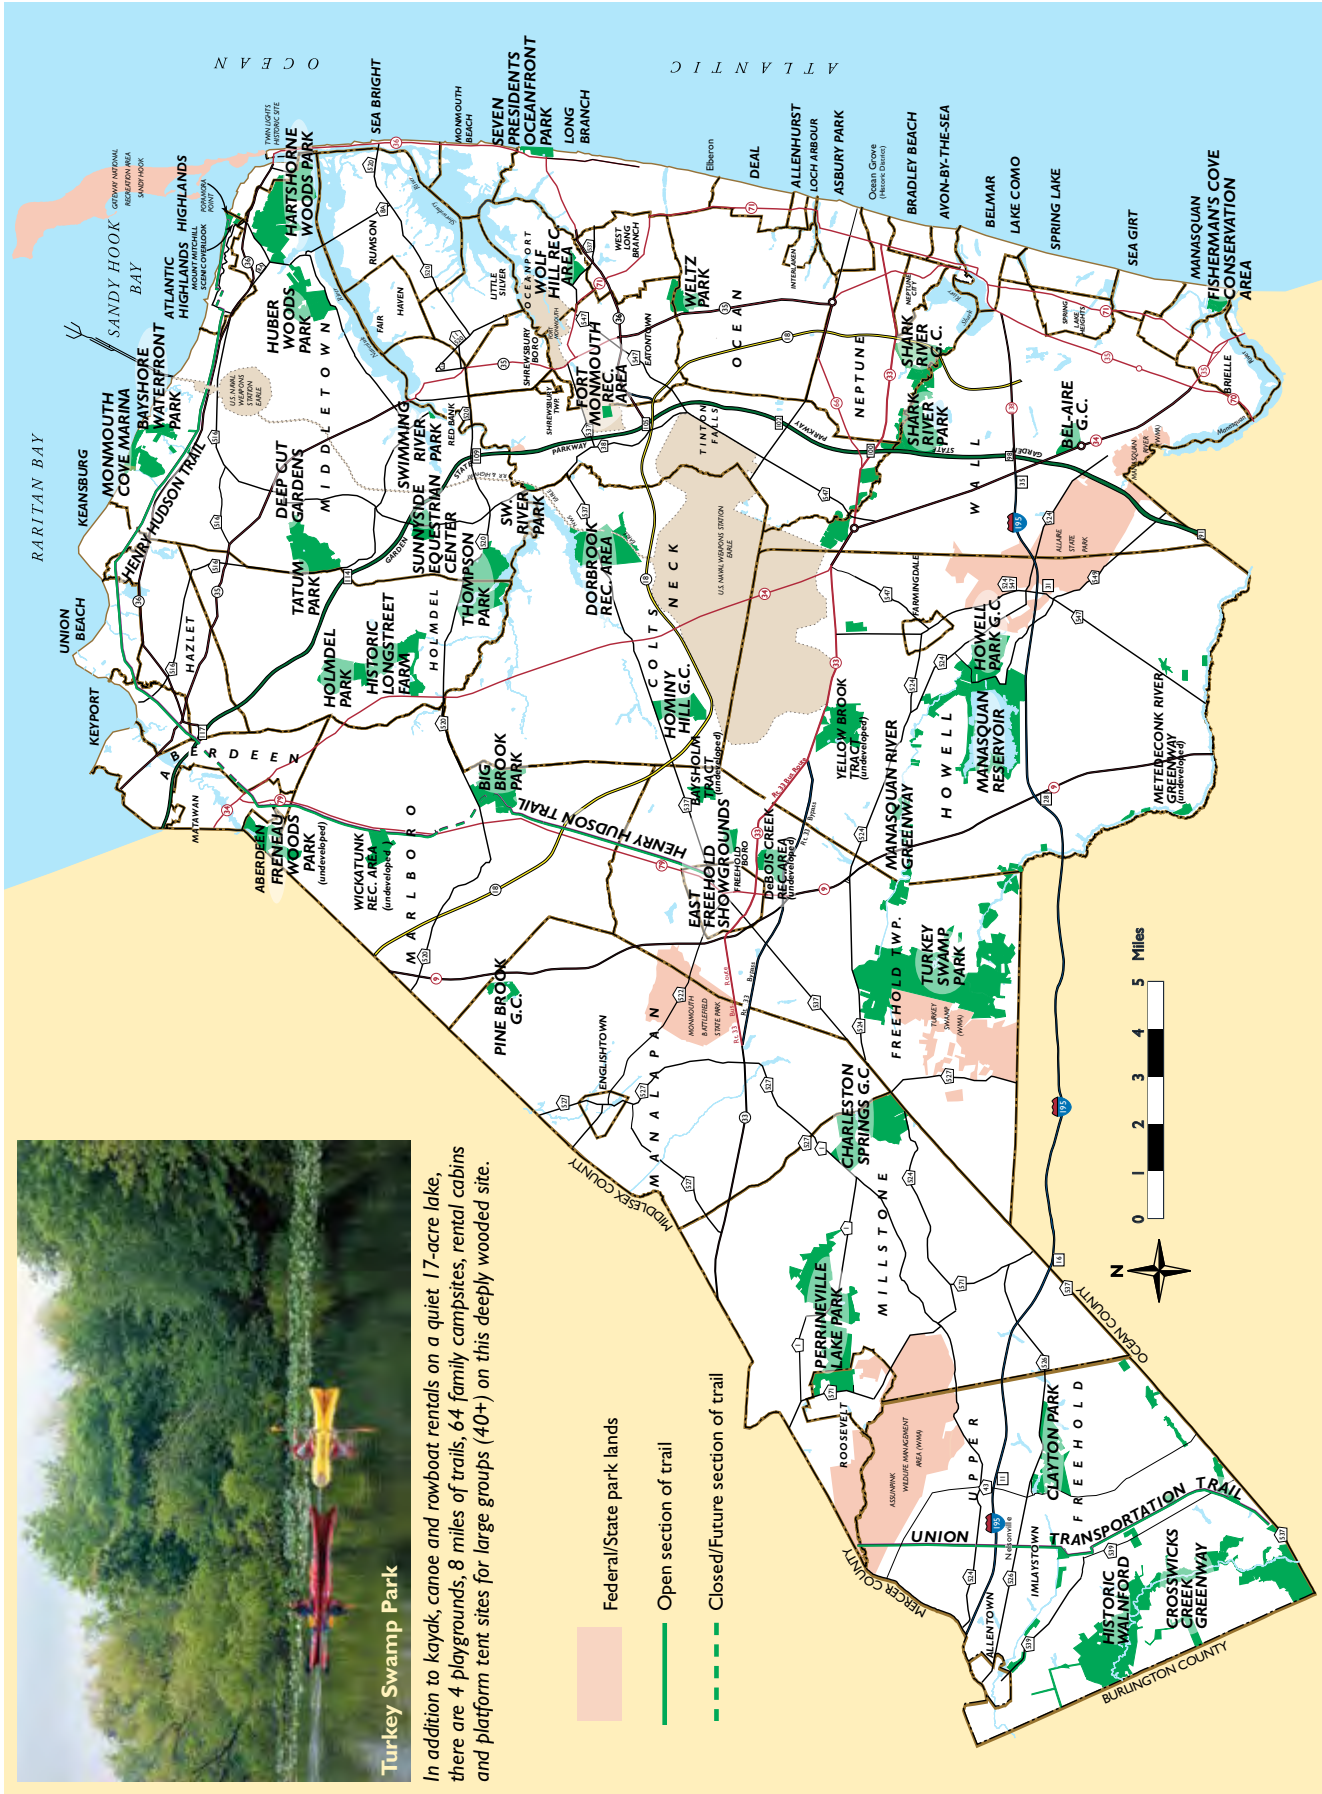

Protecting the Jersey Shore's rapidly diminishing open spaces and their natural resources is a priority for this waterfront site where shorebirds nest, anglers fish, and area residents love to bring their dogs.

^{*} Monmouth County Park System sites that are partially developed for use and offer limited facilities (parking lot, trails, portable toilets, etc.) at this time.
[†] Monmouth County Park System sites that are undeveloped for use and offer no facilities (parking lot, trails, restrooms, etc.) at this time.

Turkey Swamp Park

In addition to kayak, canoe and rowboat rentals on a quiet 17-acre lake, there are 4 playgrounds, 8 miles of trails, 64 family campsites, rental cabins and platform tent sites for large groups (40+) on this deeply wooded site.

Kids Get Healthy in the Parks

Did you know that the American Heart Association® recommends children get at least 60 minutes of moderate- to vigorous-intensity aerobic activity every day?

Physical activity helps with controlling weight, reducing blood pressure, raising good cholesterol, reducing the risk of diabetes and some kinds of cancer, and improves psychological well-being.

Physical activity can be fun!

Check out some ways you can visit your parks and enjoy healthy activity...

PLAYGROUNDS

Playgrounds are the perfect place for kids to run, jump, climb, swing, and more! Playground equipment offers a workout for different areas of your body. The Park System offers playgrounds at several parks and recreation areas throughout the county including **Dorbrook Recreation Area**, Colts Neck; **Seven Presidents Oceanfront Park**, Long Branch; and **Shark River Park**, Wall.

TRAILS

Take a walk, jog or ride a bike! With over 130 miles of trails, the county parks have trails of all types, surfaces and lengths. From easy trails to challenging, there are trails throughout the county for any fitness type, including fitness trails that offer exercise stations at various spots along the trail. Trails are an easy way to get moving with the entire family.

TRY SOMETHING NEW!

Have you ever played FootGolf? The Park System offers two FootGolf courses, one at **Bel-Aire Golf Course** in Wall and the other at **Pine Brook Golf Course** in Manalapan. This fun sport mixes golf with soccer by challenging players to see how many kicks it takes to get the soccer ball into a 21-inch cup. To learn about rules of the game and fees to play, visit us at www.MonmouthCountyParks.com.

For even more ideas on how you can get active in your Monmouth County parks, visit us online at www.MonmouthCountyParks.com.

Important Notice

Any use of equipment, trade names, or personnel by the Monmouth County Park System does not necessarily represent an expressed or implied endorsement of said products or persons. The Monmouth County Park system will not be responsible for errors concerning information or prices in this publication. It is understood and agreed that park visitors and participants in Monmouth County Park System program, activities, and events may have their names and pictures used, without fee, in broadcast, telecast, and print media accounts for promotional and publicity purposes. We invite you to reach out to us for modifications to make your experience most enjoyable.

Participants, Please Note

Due to the strenuous nature of some activities, the participant is urged to consult a physician concerning fitness to participate. All activities present certain inherent risks and hazards which the participant is urged to consider and which the participant assumes.

Weather Cancellation Number

The Monmouth County Park System has a phone number which you may call 1 ½ hours prior to a program's starting time to find out whether it has been cancelled due to BAD WEATHER. The message includes only programs cancelled due to bad weather. Call 732-842-4000, ext. 6.

Americans with Disabilities Act

The County of Monmouth does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs or activities. Joseph Sardonia, Monmouth County Park System, 805 Newman Springs Road, Lincroft, NJ, telephone 732-842-4000, ext. 4264, has been designated by the Board of Recreation Commissioners to be the Park System's Compliance Officer, to coordinate compliance with the nondiscrimination requirements contained in Section 35.107 of the Department of Justice Regulations. Information concerning the provisions of the Americans with Disabilities Act, and the rights provided thereunder are available from the above named coordinator. If you require any accommodations because of a disability, please indicate at time of registration.

Please Register Early

Due to limited space, there may be times when a program cannot accommodate all who want to register. Park System programs and events are promoted in many different ways. Due to the necessity of printing far in advance of circulation, there may be times when a program included in this publication will be sold out prior to general circulation.

Programs that do not meet minimum enrollment may be cancelled. Please provide accurate contact information when you register so that we may notify you in the event that a program is cancelled.

Program Refunds/Fees

In planning trips and programs, the Monmouth County Park System incurs many non-recoverable expenses on behalf of the participant.

Refund Policy

1. A full refund will be given when a program or trip is cancelled by the Monmouth County Park System.
2. No refunds or credits will be given for any sessions missed by the participant.
3. If adequate advance notice is provided, we will refund the full amount of the program less a processing fee and non-recoverable expenses, as listed below. If we are able to replace you on a program within the time limit listed below, you will receive a full refund less a processing fee.
 - **General program or one-day trip:** full refund with at least 10 days advance notice, less \$5 processing fee and any non-recoverable expenses (pre-paid meals, lodging, tickets, etc.)
 - **Multi-day bus/van trip or ticketed day trip:** full refund with at least 45 days advance notice, less a \$25 processing fee and any non-recoverable expenses (pre-paid meals, lodging, tickets, etc.)
 - **Camps:** full refund with at least 45 days advance notice, less a \$25 processing fee and any non-recoverable expenses (pre-paid meals, lodging, tickets, etc.)

If adequate advance notice is not provided, and your space can not be filled, all fees are forfeited.

SPUR

Special People United to Ride (SPUR) is a non-profit organization of local citizens established in 1981. Members assist the Park System in serving individuals with physical and mental disabilities through horseback riding lessons. Students work to improve self-esteem, social skills, balance, muscle tone, and posture as well as to process sensory messages.

A dedicated group of individuals works together to staff the Equestrian Center year round. Instructors are certified by the PATH International, the governing body of therapeutic horseback riding. In addition to the staff, over 100 volunteers help with programs every year. Caring, dedicated individuals are needed to work as volunteers. Minimum age to volunteer is 14.

For more information about SPUR, please call 732-224-1367, email spur@monmouthcountyparks.com, or visit www.spuronline.org.

FRIENDS of the Monmouth County Park System, Inc.

Formed in 1991, the *Friends of the Parks* is a non-profit charitable organization comprised of area citizens and businesses committed to the support of the Monmouth County Park System. In this day and age, when recreation funding must be stretched to meet the needs of a burgeoning population, membership dues, donations, and proceeds from special fundraisers furnish the financial assistance necessary to achieve a number of worthwhile goals.

Throughout beautiful Monmouth County, the Park System manages more than 30 parks, golf courses, recreation areas, historic sites, and stream valleys for your recreation and enjoyment. The *Friends* realize how important it is to protect and preserve the more than 15,000 acres of county parks and open space maintained by the Park System.

In events during the year, *Friends* meet and work with Park System staff and are able to share their views about the ways county parks can be improved and new programs developed.

The *Friends* can provide a new outlet for your creativity. Do you have special talents? Do you enjoy giving talks about your travels or areas of interest? With the contacts you make at the Friends of the Parks, you can find ways to share your interests with others. You can help the *Friends* support programs for the disadvantaged and encourage development of innovative activities.

Friends members receive publications such as the Park System Parks & Programs Guide and Green Heritage and enjoy borrowing privileges at the Deep Cut Gardens Horticultural Library. Members also receive discounts on many Friends events.

Join a circle of friends who share your interest in making Monmouth County a better place to live through the preservation of open space and the enhancement of county park facilities. Become a Friend of the Parks today. For an application form, call the Friends office at 732-975-9735 or download one at www.friendsofmonmouthcountyparks.com.

Monmouth Conservation Foundation (MCF) is the only county land trust dedicated to saving open space, creating parks, preserving farmland, protecting wildlife, and safeguarding waterways exclusively in Monmouth.

Since its founding in 1977, MCF has worked closely and collaboratively with the Monmouth County Park System and other municipalities to acquire and expand park lands and natural areas for the benefit public recreation and water quality.

As more farmland and open space are developed into residential communities or commercial properties, the unique character of our community may become compromised, and water quality and natural habitats will become threatened.

In response, MCF works with willing landowners to determine preservation options that best meet their needs and that of the community. Many options are available to both private landowners and municipalities in rural, suburban and urban areas to assist them in meeting their park, open space, farmland, and green space goals.

At the heart of MCF's mission is connecting people with nature, in the lands preserved and parks created, by offering programs and events. Kids for Conservation, Project Pollinator and other programs offer opportunities to families to be part of our work. We continually seek volunteers to assist us with our program offerings.

Donation and event proceeds are dedicated to the preservation of additional lands, and education and advocacy efforts to protect the environment. MCF is an integral nonprofit member of the NJ Keep It Green Campaign which insures plentiful state funding to continue land preservation and stewardship.

To learn more about our work and volunteer opportunities, please visit our website at www.monmouthconservation.org. MCF can also be reached by calling 732-671-7000 or emailing info@monmouthconservation.org.
