GUIDE TO COURSE INFORMATION

Course Numbering System

The system of numbering courses prescribes that all courses use three digits to indicate the course level and/or type of course, and a three-letter subject designator to indicate the department or college.

- The first, or left, digit of the course catalog number indicates level.
- The second, or middle, digit may or may not indicate the study area, depending upon the curriculum structure of the particular department.

The following course catalog numbering guideline indicates the level and type of course:

Remedial and noncredit courses	000-099
Freshman-level courses	100-199
Sophomore-level courses	200-299
Junior- and senior-level courses	300-499
Joint undergraduate- and graduate-level courses	500-599
First-year graduate-level courses	600-699
Second- and third-year graduate-level courses	700-899
Readings, research, and individual study courses at the doctoral level only	900-996
Master's thesis	997
Individualized study program	998
Doctoral dissertation	999

Crosslisted Course: Two or more different subject designators, same or different course numbers, but with the same title and catalog description, e.g., **ANT/NAT 447**. Crosslisting may occur within a school or college, or between or among schools/colleges.

Double Numbered Course: Same subject designator, two different course numbers at the same or different levels, usually undergraduate and graduate, e.g., **ANT 447/647**.

Experience Credit, Independent Study, Honors Thesis, Readings and Research Courses

All-University courses allow students considerable flexibility in developing individual academic programs. Students enrolled in any school or college within the University may enroll in these courses.

Students are advised to check carefully with their faculty advisors and the dean of their school or college before registering for an all-University course to be sure that the course will be accepted toward the completion of their degree requirements.

All students registering for Independent Study, Experience Credit, or Honors Thesis classes must make arrangements with a faculty sponsor prior to registration. **Students cannot register for Independent Study classes via MySlice registration.** Proposal for Independent Study Course forms, available in deans' offices and online, must be completed and submitted to the Registrar's Office, 106 Steele Hall. The form must have the signatures of the faculty sponsor, the chairperson of the department in which the student is taking the class, and for undergraduates the dean of the student's home college. Some classes may have an associated class fee.

Selected Topics Course (title may vary)

(Subject) (Catalog Number, usually ending in 00) Selected Topics 1-3 credits

Exploration of a topic (to be determined) not covered by the standard curriculum but of interest to faculty and students in a particular semester.

Experience Credit Course

(Subject) (Catalog Number, usually ending in 70) Experience Credit 1-6 credits

Participation in a discipline- or subject-related experience. Students must be evaluated by written or oral reports or an examination. Limited to those in good academic standing. The student must get permission, in advance, from assigned instructor, department chair, or dean.

International Course

(Subject) (Catalog Number, usually ending in 80) (Title and Name of Institution) 1-12 credits

Offered through Syracuse University Abroad (SU Abroad) by an educational institution outside the United States. Student registers for the course at the foreign institution and is graded according to that institution's practice. SU Abroad works with SU's academic department to assign the appropriate course level, title, and grade for the student's transcript.

Independent Study Course

(Subject) (Catalog Number, usually ending in 90) Independent Study 1-6 credits

In-depth exploration of a problem or problems. Individual independent study upon a plan submitted by the student. The student must get permission, in advance, from assigned instructor or department chair. May be repeated for credit.

Honors Thesis Course

(Subject) (Catalog Number 499) Honors Thesis 3-6 credits
The "499" number is used as needed by all departments in the University.
