

# WATER DELIVERIES BY WATERMASTER

## WATER SHORTAGES

Contact Watermaster to regulate diversions.

## WATERMASTER

Delivers on priority basis, oldest right 100%, then next right 100% and so on until all water delivered.

## BENEFICIAL USE

Must occur for water to delivered.

## FUTILE CALL

Junior water called for by senior right must reach senior diversion point and then senior place of use or cannot be delivered.

## TRIBUTARIES

Not regulated unless problem identified.

**NOTE:** in 57-B, all five creeks are covered as main sources so can be regulated by Watermaster. Example of a tributary source in this water district would be Little Hart Creek, not expected to be regulated unless problem occurs. IDWR will assist Watermaster in handling tributary issues.

The five source creeks are Bates, Browns, Catherine, Hart, and Pickett.

## GUIDELINES

See handout "Water District Guidelines Established By IDWR" for more details about how a water district should work.

\*MOPD: Y = Multiple Pts of Diversion, Pod Diversion Rates(s) is 0  
 U = Multiple Pts of Diversion, Pod Diversion Rates(s) Not 0  
 N = No Multiple Pts of Diversion (only 1)  
 from old Decree plus licenses & permits
