Save on external storage and set-up time with a Ceiling Suspended Volleyball System by Jaypro Sports. This system stores fully assembled and close to the ceiling, raised and lowered using a 1 HP winch, and is offered with or without an attached referee stand. Additionally, the net height is infinitely adjustable to meet both men's and women's regulation heights.

## Ceiling Suspended Volleyball System

Conveniently raises and lowers volleyball system with a turn-key solution for quick set-up in minutes.

- > Meets NCAA and NFHS regulations
- > System raises to fold in either direction (specify fold direction when ordering)
- > Available with or without a 24" x 36" all-welded and attached referee stand with anti-skid diamond plate platform (250 lb capacity)
- > Dual Posilok™ safety straps automatically lock system in position should a malfunction occur during raising or lowering of unit
- > Engraved height markers for quick set-up (0-20" range)
- > Retractable foot system for maximum stability during playing conditions
- > Net height adjustment handles on both uprights
- > Exposed posts and frames fully padded for player safety
- > Collegiate volleyball net included
- > 1 pair of universal net antennae included

# FLEXNET™ a jaypro sports product

## Flex Net™

Ideal for volleyball uprights set between 35' and 37'.

- > Designed for international, collegiate, and high school competition play
- > Eliminates cumbersome cables by replacing them with heavy-duty woven nylon top and bottom bands
- > Headband attaches directly to winch leader strap for superb net tension
- > Adjustable straps attach to existing bottom band for additional length (not included with all nets)

Due to varying court sizes, the net body may not match your court width.

1Y X

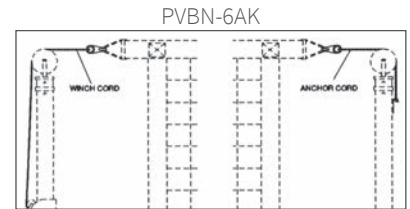

Item	For Uprights set between	Net Size	4' Strap Included	Price
<b>Flex Net™</b>

## Floor Sleeves &amp; Adapters

Chrome Finish

Brass Finish

Floor sleeves are generally 3", 3½" or 4". Jaypro Sports uprights are 3" or 3½". To ensure a proper fit, measure existing floor sleeves prior to selecting a system. See below for measuring instructions. Select the appropriate adapter that fits the measurements and system of choice. Reduce the inside diameter (ID) or shorten the depth of your floor sleeves with sleeve inserts shown below.

## 3½" Floor Sleeves and Covers

- > Heavy-duty cast brass or chrome finish construction
- > Spring loaded covers help prevent basketball dead spots
- > 3½" ID x 10" deep
- > 7½" OD lockable hinged cover plate

<b>PVB-75S</b>	Brass	16 lbs	\$457 pair	3Y
<b>PVB-75S-CP</b>	Chrome	16 lbs	\$457 pair	3Y

## 3" Floor Sleeves and Covers

- > Heavy-duty cast brass or chrome finish construction
- > Spring loaded covers help prevent basketball dead spots
- > 3" ID x 10" deep
- > 7½" OD lockable hinged cover plate

<b>PVB-70S</b>	Brass	16 lbs	\$445 pair	3Y
<b>PVB-70S-CP</b>	Chrome	16 lbs	\$445 pair	3Y

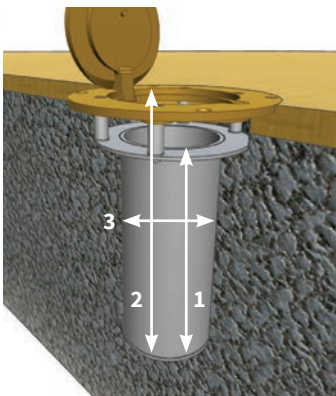

## 2¾" Floor Sleeves and Covers

- > Heavy-duty cast brass or chrome finish construction
- > Spring loaded covers help prevent basketball dead spots
- > 2¾" ID x 10" deep
- > 7½" OD lockable hinged cover plate

<b>BSO-2G</b>	Brass	23 lbs	\$349 pair	3Y
<b>BSO-2G-CP</b>	Chrome	23 lbs	\$349 pair	3Y

## Cover Plate

<b>PVB-711</b>	Brass	7½" OD	7 lbs	\$210 each	3Y
<b>PVB-75CVR-CP</b>	Chrome	7½" OD	7 lbs	\$210 each	3Y
<b>PVB-85CVR</b>	Brass	8½" OD	7 lbs	\$220 each	3Y

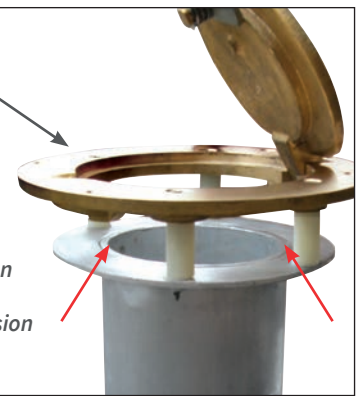

## Sleeve Insert Measurement

To ensure proper fit of sleeve inserts, provide the following dimensions of sleeves when ordering.

1. Depth of sleeve itself
2. Depth from bottom of sleeve to playing surface
3. Inside diameter of sleeve (do not measure cover plate)

Do not measure cover plate

Measure the distance between red arrows for accurate dimension

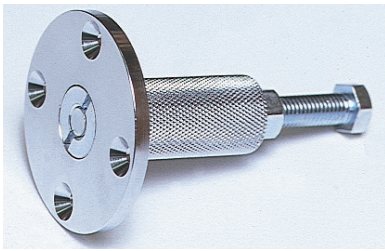

## Sleeve Insert/Adapter

- > Makes larger floor sleeve holes smaller
- > Specify current depth and inside diameter when ordering

Depths other than the standard 10" are special order items (non-returnable). Custom sizes (depths) may require longer lead time.

<b>PVB-DEP</b>	Sleeve Insert	6 lbs	\$77 each	3Y	★
<b>SVL-3238</b>	Modifies 3" inside diameter to 2¾" ID	12 lbs	\$75 each	3Y	★
<b>PVB-ID</b>	Modifies 3½" inside diameter to 3" ID	8 lbs	\$74 each	3Y	★
<b>SVL-3528</b>	Modifies 3½" inside diameter to 2¾" ID	14 lbs	\$82 each	3Y	★
<b>SVL-4035</b>	Modifies 4" inside diameter to 3½" ID	9 lbs	\$69 each	3Y	★

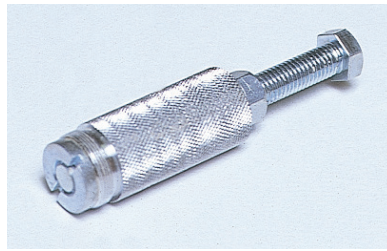

### Floor Anchor (1 1/4" Cylinder)

Ideal for systems with "T" style or round bases that anchor to floor.

- > Billet steel body gives 9000 lb pullout strength
- > Designed for all floor applications except floating wood floors
- > 3 1/4" chrome cover with 1 1/4" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > May be used without extension bolt on wood, tile or synthetic surfaces applied directly over concrete slab or on a floating wood floor for light-duty performance
- > Includes removable cylinder in case striping occurs

**FP-89** 3 lbs \$149 each **3Y**

### Floor Anchor (1 1/4" Cylinder)

Ideal for systems with "T" style or round bases that anchor to floor.

- > Billet steel body gives 9000 lb pullout strength
- > Designed for all floor applications except floating wood floors
- > 1 1/4" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > May be used without extension bolt on wood, tile or synthetic surfaces applied directly over concrete slab or on a floating wood floor for light-duty performance
- > Includes removable cylinder in case striping occurs

**FP-90** 3 lbs \$129 each **3Y**

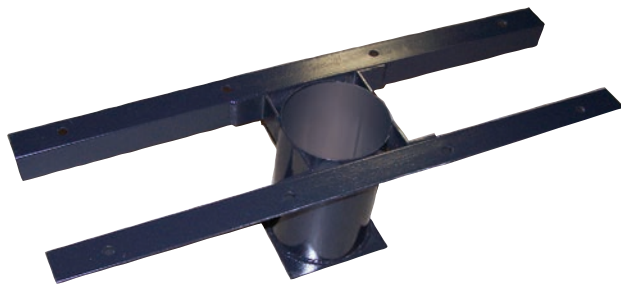

### Floating Wood Floor Anchor (1 1/4" Cylinder)

Brass cover plate and anchor work independently to allow for installation into floating wood floors.

- > Billet steel body gives 9000 lb pullout strength
- > 3 1/4" brass cover with 1 1/4" wide cylinder
- > 1/2" center - 13 thread with spring loaded closure plug
- > Includes removable cylinder in case striping occurs

**FP-100** 4 lbs \$169 each **3Y**

# Check It - Secure It - Test It - Respect It

Jaypro Sports is committed to safety on the field. Because of this we have created the Secure 4 Safety Program, which promotes soccer goal safety.

## ASTM Testing

In our ongoing effort to provide athletes with the safest environment possible, Jaypro Sports has worked with the ASTM (American Standards for Tests and Measurement) to create new standards for portable soccer goals in the U.S. Many of the goals in this catalog have been tested in accordance with the standards set forth by the ASTM committee for portable soccer goal safety. (ASTM Designation: F2056 and F2673). The United States Consumer Product Safety Commission has determined that portable official soccer goals should be anchored or counter-weighted at all times.

*All Jaypro Sports goals that meet NFHS, NCAA and FIFA specification are marked in this section, refer to [www.jaypro.com](http://www.jaypro.com) for more information on ASTM guidelines and standards.*

## Anchor Options

Throughout this section, Jaypro Sports has listed the counterweight required for each soccer goal on page 26. Even with the ASTM requirement met in our testing, all soccer goals not permanently anchored must have a certain counterweight on the rear frame of the goal. Please refer to [www.jaypro.com](http://www.jaypro.com) for a complete list of counterweight requirements for your particular goal. On-goal weights and in-ground anchors are available on pages 38-39 of this section.

**Model #:**  
**RCG-24S**  
**800-243-0533**  
**[www.jaypro.com](http://www.jaypro.com)**

**THIS GOAL MEETS ALL SAFETY REQUIREMENTS OF: ASTM F2056 & ASTM F2673**

WHEN COUNTER BALANCE WEIGHT IS USED AS THE ONLY MEANS OF PREVENTING TIPOVER, **A MINIMUM OF 150 LBS. MUST BE PLACED ON THE REAR CROSSBAR.** WEIGHT SHOULD BE DIVIDED EQUALLY AND PLACED NEAR EACH REAR CORNER.

SEE MANUFACTURER'S INSTRUCTIONS FOR MORE DETAILS ON ANCHORING.

# Training Goals & Rebounders

### Stable Anchored Base

The powder coated white ground base assembly lies flat on the ground. The ground stake is inserted through the middle of the base to anchor it to the ground. The upright is placed over a sleeve on the base assembly, resulting in a stable goal with no visible anchor to cause a tripping hazard.

## Portable Training Goal

Ideal for European style training.

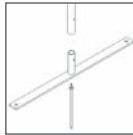

- > Lightweight and stable
- > 2" OD heavy-walled aluminum frame with stabilizing ground base plates
- > 4" sq mesh nylon net and carry bag included
- > Available in two sizes
- > Powder coated white

- > 3.5mm net included
- > Net pocket slides under backstay for secure fit
- > Dimensions: 6'W x 6'H x 7'D

**LG-540** 38 lbs \$199 each

# NETX1™ a **jaypro sports** product

“Body fit” rope allows for adjustment of the net body

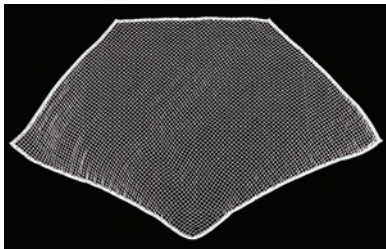

Without “body fit” rope

With “body fit” rope

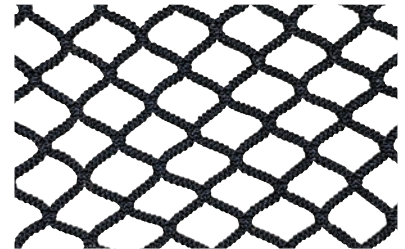

One piece design

True 7mm thickness

Robust and long lasting

## NETX1™ - Seamless One Piece Lacrosse Net

The NETX1™ lacrosse nets are the most robust and long-lasting lacrosse nets money can buy. The one-piece design eliminates the most common points of failure on traditional lacrosse nets: the diagonal seams, while providing a modern aesthetic that truly sets it apart. The UV/weather stabilized “double-needle” nylon twine has a true 7mm thickness (measured across the depth and width of the twine), with a minimum breaking strength of 770 lbs. The combination of the high strength twine and lack of diagonal seams means the net mesh will outlast every other net on the market, which means you will spend less time repairing your nets throughout the season and spare your fingers the agony of replacing your nets every few months. The included “body fit” ropes allow you to adjust the fit of the net body on your goals for a custom look while maintaining the slack in the net so that balls remain inside the goal without trampolining back out.

- > Meets NCAA and NFHS regulations
- > One-piece design eliminates the diagonal seams, the most common points of failure on lax nets
- > Weather-stabilized 7mm x 1½”square knotless nylon with a breaking strength of 770 lbs
- > 7mm “double-needle” twine actually measures 7mm across depth and width of twine
- > Included “body fit” ropes allow for adjustment of the fit of the net body without affecting net tension

130 lbs \$3,250 each FR 1Y

## Cable Suspended Tunnel Kit

- > Maximize overhead space when net is in stored position
- > Allows support cables to be placed higher in the ceiling (up to 30")
- > Net suspended on 1/8" aircraft cable every 3' on center
- > Net and attachments sold separately

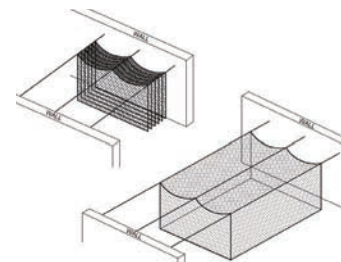

3Y

**BBC-SPDKT** \$1,650 each

## Cable Supported Tunnel Kit

- > (3) 100' rolls of 1/4" galvanized aircraft cable
- > Net attaches directly to cables running from wall to wall (attachment every 1')
- > Net slides easily against wall for storage
- > Ships complete with all necessary hardware
- > Net and attachments sold separately

3Y

**BBC-SPRTKT** \$459 each

## Wall Mounting Kit

- > (6) finished wood pads and steel mounting plates
- > Attach to concrete, block or steel framed walls
- > Wall anchors to be supplied by installer based on wall specifications

**BBC-WLKT** \$1,125 each 3Y

## Ceiling Suspended Retractable Batting Cage

- > 2" heavy-walled aluminum tube frame
- > Raise and lower from ceiling using a drive shaft powered by a 1 HP electric winch (key switch operated)
- > Net included
- > Ceiling mounting kit sold separately
- > Dimensions: 70'L x 12'W x 11'H
- > Note: 14' wide cages and custom sizes available (call for quote)

**BBC-700B** Baseball 675 lbs \$7,450 each

**BBC-700M** Multi-Sport 675 lbs \$9,949 each **FR 3Y 1Y ★**

## Indoor Multi-Sport Tunnel Net

- > #252 UV stabilized knotless nylon net with 3/4" sq mesh
- > Dimensions: 70'L x 12'W x 12'H
- > Custom size available (call for pricing)

**BBC-700N** \$2,549 each

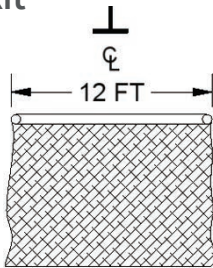

**1Y**

See page 67 for Baseball Tunnel Net options.

## Ceiling Mount Kits

### Parallel Ceiling Mounting Kit

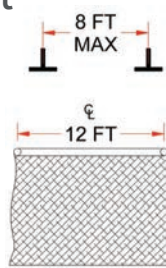

Direct Attached:  
For cages centered directly beneath a beam or bar joist (system will be attached directly to single beam or bar joist).

**BBC-UBKIT** \$489 each **3Y**

### Parallel Ceiling Mounting Kit

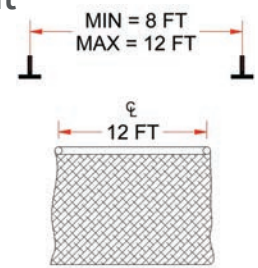

> Spanning Parallel 8' on Center or Less:  
For cages with a centerline located between two beams or bar joists spaced 8' apart or less.

**BBC-PARKITA** \$977 each **3Y**

### Parallel Ceiling Mounting Kit

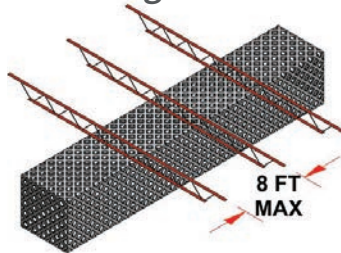

> Spanning Parallel 8'-12' on Center: For cages with a centerline located between two beams or bar joists spaced greater than 8' but not over 12' apart.

**BBC-PARKITB** \$2,499 each **3Y**

### Perpendicular Ceiling Mounting Kit

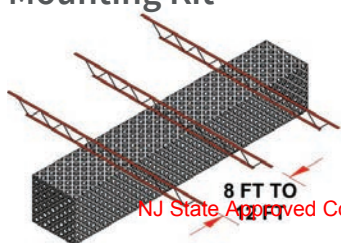

- > Spanning Perpendicular Not Greater Than 8' on Center: For cages oriented perpendicular to beams or bar joists spaced no greater than 8' apart.

**BBC-PERPKITA** \$1,845 each **3Y**

### Perpendicular Ceiling Mounting Kit

- > Spanning Perpendicular 8'-12' on Center: For cages oriented perpendicular to beams or bar joists spaced greater than 8' but not over 12' apart.

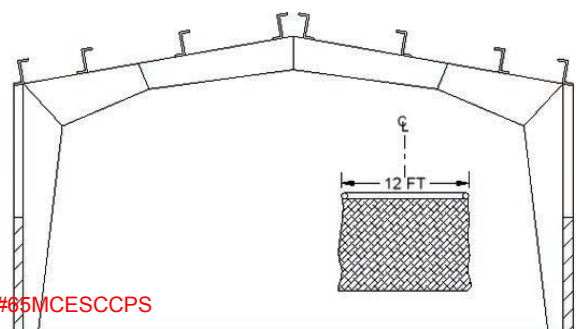

**BBC-PERPKITB** \$3,064 each **3Y**

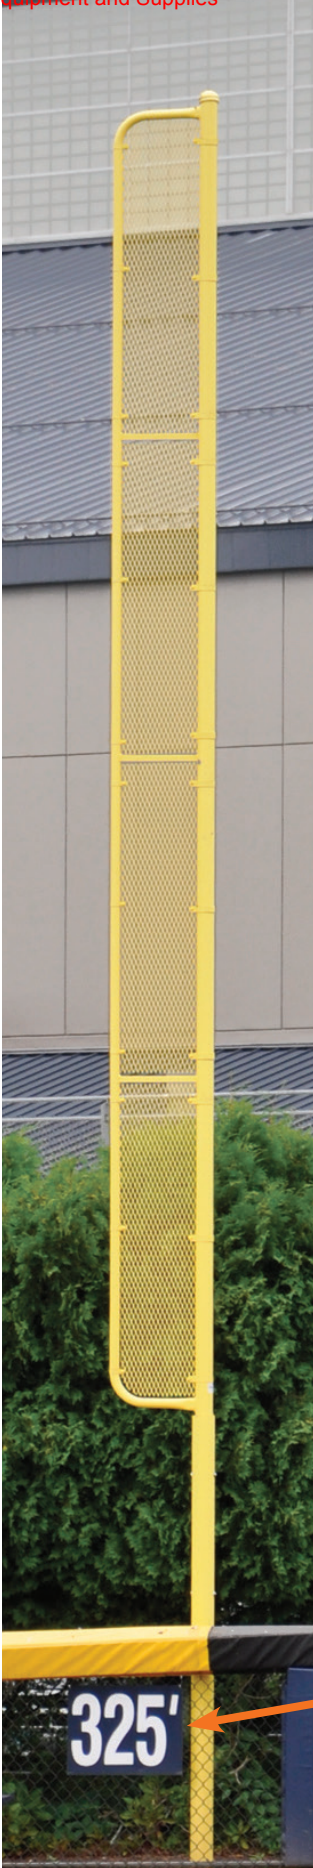

### Rigid Frame Ceiling Mounting Kit

- > Peaked or Rigid Frame Building (call for pricing)
- > For cages being placed in a peaked rigid frame building
- > Drive supports to be chained down from roof purlins with rigid winch support

**BBC-RIGKIT** Call for Pricing **3Y**

Foul Poles

### 20' Professional Foul Pole

- > Designed to optimize air passage and engineered to withstand up to 120 mph winds
- > Main upright is 3½" OD Schedule 40 zinc coated steel tubing
- > 18"W x 12"H all-welded wing panel with heavy-duty 1½" x 13 gauge expanded metal mesh
- > Single piece welded steel construction designed for permanent, semi-permanent or surface-mount installation
- > Wall-mount installation available

Bases

**Flex Style Bases**

- Ideal for recreational or competition level of play.
- > 3 impact bases are shock absorbing and compress on impact
- > 3 anchors and (3) 1½" solid rubber plugs included
- > Base Dimensions: 15" x 15" x 3"

**BB-200** 33 lbs \$199 set **3Y**

**Pro-Style Hollywood Bases**

- Used by the pros and ideal for advanced levels of play.
- > 3 bases with a tapered lip that digs into the dirt (bases do not compress)
- > 3 anchors and (3) 1½" solid rubber plugs included
- > Base Dimensions: 15" x 15" x 3"

**BB-500** 39 lbs \$199 set **3Y**

**Breakaway Style Bases**

Fully compliant with Little League® Rule 1.06

- > 3 quick release bases disengage from stationary rubber base plate upon impact
- > 3 anchors and (3) 1½" solid rubber plugs included
- > Base Dimensions: 15" x 15" x 3"

**BB-700** 39 lbs \$299 set **3Y**

**Bolco Style Bases**

- > 3 bases are heavy-duty injected vinyl cover with a bonded polyester foam core
- > (3) 1" anchors and bolt-on plates included
- > Base Dimensions: 15" x 15" x 3"

**BB-600** 28 lbs \$215 set **3Y**

**Double First Base**

- > Double first base reduces collisions and compresses on impact
- > 2 anchors and (2) 1½" solid rubber plugs included
- > Base Dimensions: 30" x 15" x 3"

**BB-400** 26 lbs \$149 each **3Y**

**Recreation Double First Base**

- > Foam-filled with nylon quilted cover
- > Straps and 3 spikes included
- > Base Dimensions: 30" x 15" x 3"

**BB-150** 5 lbs \$49 each **3Y**

**Official Size Economy Bases**

- > 3 foam-filled bases with heavy-duty quilted covers
- > 2 nylon straps and 4 steel anchors included
- > Base Dimensions: 15" x 15" x 3"

**BB-100** 10 lbs \$56 set **3Y**

**Home Plate Extension**

- > Provides an extended strike zone
- > More visible for umpires to make calls
- > White molded vinyl composition

**HPEXT** 2 lbs \$20 each **3Y**

**Rubber Throw Down Home Plate & Bases**

- > Heavy-duty molded rubber with waffle bottom
- > Bases are 13½" square and 1/2" thick

**HP-300** Home Plate 7 lbs \$18 each **3Y**

# THE TITAN™

## CVX SERIES

### Clear View Shot Design Technology

Minimizes the distraction of a structure typically located at the center of the backboard.

### Installation

Surface mount design uses an anchor bolt system for precise leveling and height adjustment of goal.

### Lift Assist Technology

A heavy-duty actuator with dual assist springs makes for effortless height adjustment.

Crank handle removes to prevent unauthorized adjustment.

Duplex coated with hot-dip galvanization and a no rust/no flake black powder coat finish.

Pivoting direct goal mount design endures the most rigorous play and protects the glass backboard.

Safety pin stop keeps actuator from over extending.

1/2" thick tempered glass backboard will not scratch, tint or shatter.

# Hoop Rejuvenator™

## HOOP REJUVENATOR™

a **jaypro sports** product

### Hoop Rejuvenator™ Kit

Is your basketball gooseneck system leaning, rusting or non-regulation height? Is budget a concern? Upgrade your existing system with the Hoop Rejuvenator™ by Jaypro Sports. Replace rusted backboards or regain regulation heights without the added cost of excavating and replacing your system.

- > Plumbs backboards on leaning goosenecks
- > Designed to fit standard mount plates and gooseneck systems 4½" OD and up
- > Acrylic, rectangular steel or aluminum fan backboard choices
- > H-frame kit or direct mount kit
- > Allows for goal height adjustment after court resurfacing (up to 6" for H-frames and 5" for direct mount units)
- > Ultimate Breakaway Playground Goal (UBG-500F) included
- > Stainless steel hardware and zinc galvanizing spray to cover rust spots included
- > NOTE: 3½" OD goosenecks only use aluminum fan backboard (HRKIT-FA)

## Hoop Rejuvenator™ H-Frame Kits

### Acrylic

### Hoop Rejuvenator™ H-Frame Kit

- > 72" x 42" Rectangular Acrylic Backboard
- > Ultimate Breakaway Playground Goal (UBG-500F)
- > H-frame kit included **FR 3Y X**

**HRKIT-AC** 215 lbs \$1,499 each

### Aluminum Fan

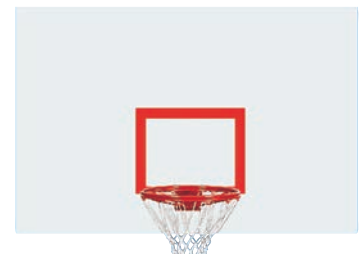

### Hoop Rejuvenator™ H-Frame Kit

- > 54" x 36" Aluminum Fan Backboard
- > Ultimate Breakaway Playground Goal (UBG-500F)
- > H-frame kit included **FR 3Y X**

**HRKIT-FA** 119 lbs \$1,249 each

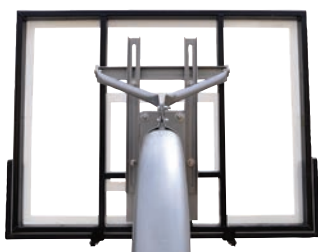

### Steel

### Hoop Rejuvenator™ H-Frame Kit

- > 72" x 42" Rectangular Steel Backboard
- > Ultimate Breakaway Playground Goal (UBG-500F)
- > H-frame kit included **FR 3Y X**

**HRKIT-RC** 206 lbs \$1,549 each

### H-Frame Design:

The H-Frame design is to be used on systems where the gooseneck mounts near the center of the backboard, not at the rim but above it.

## Unbreakable Replacement Package

- > 42" Unbreakable Glass Backboard (GBRUB-42)
- > Collegiate "Revolution" Goal (GBA-642)
- > Safe-Pro Edge Padding (MBBP-6)
- > Specify edge padding color when ordering

FR 3Y 1Y

**BBRP-42** 228 lbs \$1,345 package

## Glass Conversion Package

- > Same as above but with a 42" Rectangular Glass Conversion Backboard (GCBB-35)

FR 3Y 1Y

**GCBB-35PKG** 250 lbs \$1,345 package

## Unbreakable Rectangular Glass Backboard

- > NCAA and NFHS compliant
- > Unique design allows impact load on goal to transfer directly to an engineered lower reinforced steel frame member without putting stress on glass
- > Direct mount (4" x 5" hole pattern) or 4 corner mounting (35 1/2" x 62/66")
- > 1/2" thick rectangular tempered glass
- > Lightweight high strength clear anodized aluminum channel outer frame
- > Predrilled for Safe-Pro Edge Padding (MBBP-6)
- > Goal and net sold separately

**GBRUB-42** 72" x 42" Backboard 195 lbs \$899 each

**GBRUB-54** 54" x 42" Backboard 160 lbs \$695 each

FR 3Y

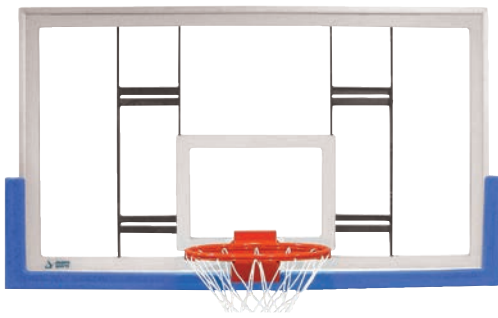

*Note: The glass itself is not unbreakable. Breakage in transit, during mounting, malicious act or deliberate attempts to damage are not covered under warranty. Boards used with height adjusters below 10' are not covered under warranty.*

## 48" Rectangular Glass Backboard

- > Similar features to the Unbreakable Glass Rectangular Backboard
- > Direct mount (5" x 5" hole pattern) or 4 corner mounting (42" x 63/66")
- > Goal and net sold separately

**GBAFR-48** 72" x 48" Backboard 200 lbs \$899 each

FR 3Y

## 42" Rectangular Glass Conversion Backboard

- > NCAA and NFHS compliant
- > Converts fan-shaped backboard to rectangular backboard
- > Eliminates need to alter playing court or backstop system
- > Direct mount (4" x 5" hole pattern) or 4 corner mounting (20" x 35")
- > 1/2" thick rectangular tempered glass
- > High-strength clear anodized aluminum frame
- > Goal and net sold separately
- > Backboard: 72"W x 42"H

**GCBB-35** 230 lbs \$915 each

FR 3Y

## Patented Perforated Polycarbonate Backboard

- > Retrofits most indoor/outdoor support structures
- > 1/2" thick polycarbonate backboard is shatterproof
- > 250x stronger and 30% lighter than conventional glass backboards
- > Perforated holes release ball's energy achieving a "true bounce" off backboard
- > Sound and wind resistant construction
- > Graffiti, UVF and scratch resistant coating
- > Available in 3 sizes
- > See chart for custom trim colors
- > Goal and net sold separately
- > Call for freight quote

## Basketball Accessories

### LED Backboard Light Kit

- > Backboard lights up when shot clock or game time reaches zero and when final segment counts down to zero
- > 5 bright LED strips fit 72"W x 42"H backboards
- > Requires 9VDC-17VDC (formal specified voltage is 10.5VDC)
- > Specify shot clock manufacturer/model when ordering (connects with most shot clocks)
- > Kit includes all items required for your specific shot clock model
- > Connection by a qualified installer recommended
- > Call for freight quote

**BB-LED42** 25 lbs Call for Pricing 1Y

### Shot Clock Mounting Bracket

- > Designed for Jaypro Sports Elite Portable systems
- > Shot clock not included

**PBEL-SCBEA** 30 lbs \$386 each 3Y

### Basketball Court Stencil

- > Precision cut stencils
- > Easily paint a regulation basketball court on a driveway, patio or play area
- > Paint roller included
- > Finished Court Size: 21'W x 13'L

**BGS-1** 5 lbs \$49 each 1Y

### Possession Indicator

- > Red LED display in a durable plastic case
- > Toggle switch operation, top red indicator lights and AC adapter with 15' long cord

**POSIND1** 3 lbs \$141 each 3Y

### Tabletop Scoreboard

- > Rear control panel with visual display
- > Amber and gold LED lights
- > Scores up to 199 and timer up/down to 99:59
- > Buzzer sounds automatically/manually at end of period
- > Uses 110v with 15' power cord
- > Dimensions: 24"W x 15"H x 10"D

**TTS10** 12 lbs \$679 each 3Y

### Portable Basketball System

Designed to meet the demands of adult recreation with the flexibility to meet the needs of elementary level activities.

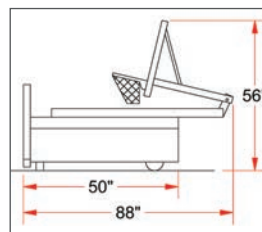

- > Folds down to compact storage position
- > Designed to fit through standard doorways with 48" width
- > Height setting adjusts from 6'6" to 10' - no tools required
- > 48" extension arm at 10' high for "play safe area"
- > 48" x 32" x 3/8" acrylic backboard
- > Direct mount "Revolution" breakaway goal
- > Black backboard edge padding sold separately
- > Portable system vinyl padding - see chart on page 93 for vinyl colors (specify when ordering)
- > Rear anchor kit sold separately
- > Customer supplied ballast required is 300-350 lbs
- > Some assembly required

**PBB-200** System 500 lbs \$3,125 each FR ●● 3Y

**EP-48** Backboard Edge Padding (black only) 16 lbs \$179 each 3Y

**AB-4832** Replacement Backboard - 32" x 48" 75 lbs \$425 each 3Y

**WARNING!** Failure to install customer supplied ballast according to instruction provided could result in serious injury.

# Rectangular Glass Board Wall Mounted Backstops

Jaypro Sports easy-to-install rectangular glass board kits include numerous features that excel over any competitor system:

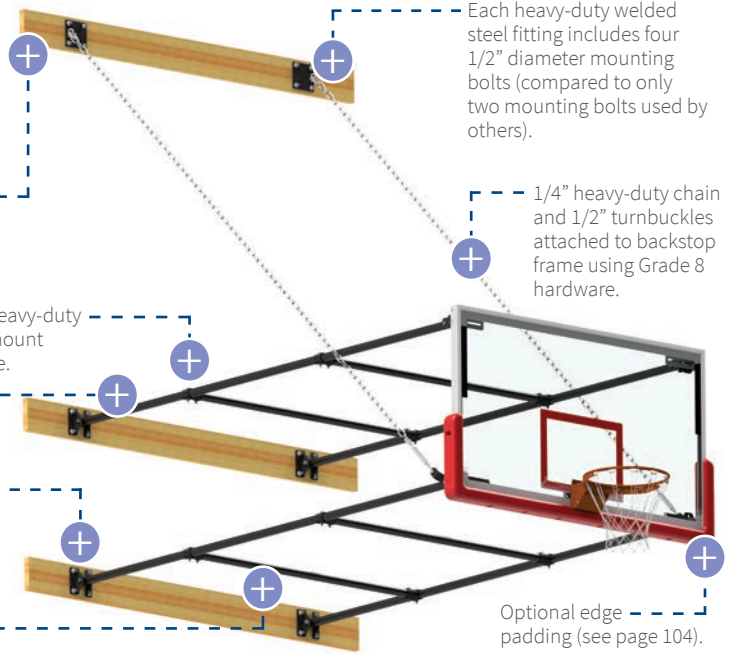

**Exclusive Feature:** 2" x 8" Southern Yellow Pine mounting wood boards are pre-drilled and counter-bored, edges rounded and surfaces sanded with lacquer finished front, back and all edges. No drilling, cutting, or finishing needed.

**Exclusive Feature:** Heavy-duty formed steel fittings mount board directly to frame.

Heavy-walled 1.90" OD frame pipes cut and drilled in the field to desired extension off wall.

**Exclusive Feature:** Heavy-duty steel fittings with four 1/2" attachment bolts and grade 5 steel hinge bolts.

Durable black powder coat finish on all fittings and backstop frame.

### Wall Mounted Backstops Include:

- > 42" Unbreakable Rectangular Glass Backboard (GBRUB-42)
- > "Revolution" Breakaway Goal (GBA-642)

### Wall Mounted Backstop Options:

- > Manual or Electric Height Adjuster (see page 109)
- > Board Edge Padding (see page 104)
- > Wall Anchors sold separately (see page 110)

## Stationary Backstop System

- > Stationary wall mounted backstop

Wall Ext.	Item	Weight	Price
2'-4'	<b>N24GB</b>	350 lbs	\$1,695

8'-10'	<b>S810GB</b>	499 lbs	\$2,195
10'-12'	<b>S1012GB</b>	518 lbs	\$2,249

## IMPORTANT NOTES FOR WALL MOUNTED BACKSTOPS:

1. Wall-mounted basketball systems should only be installed on walls capable of supporting the weight of the backstop plus the additional weight of a player hanging off the rim. Consult an architect, structural engineer or contractor if necessary.
2. Wall-mounted backstops require an unobstructed wall and minimum ceiling height. Such requirements are dependent on backstop style and distance from the wall. Refer to the product spec sheet for additional information.
3. Jaypro Sports bears no responsibility for the structural integrity of the wall the backstop is mounted to.
4. Installation should only be done by a qualified installer using suitable wall anchors. Contact Jaypro Sports for assistance in locating a qualified installer.
5. Jaypro Sports recommends all backstops be inspected and serviced on an annual basis to ensure wall anchors are sound, fasteners are secured and worn. Contact Jaypro Sports for assistance in locating a qualified installer.

# Height Adjusters for Glass Board Wall Mounted Backstops

Adjust the height of your backboard and rim from 8' to 10'. Lightweight and easy to operate. Constructed of extruded aluminum interlocking channels, which provide tighter clearances resulting in less shake than other height adjusters on the market – even at the lower playing heights. Choose either manual operation or electric control. The electric height adjuster is driven by a 1/10 HP linear actuator, requiring 120 volt power. Electric height adjusters may be hard wired, or temporarily powered off a standard 120 volt electric wall outlet.

## Wall Mount Height Adjuster Kits:

Kits include the height adjuster, board mounts, and hardware required to install with Jaypro Sports rectangular glass board wall mounted backstops.

**Manual Height Adjuster Wall Mount Kit:** Easily raises and lowers the backboard manually. Method of operation can be done at floor level using a manual hand crank (HA-1H) or a Cordless Drill Operator (CD-80H). Method of operation for manual height adjusters are sold separately.

**Key Switch Electric Height Adjuster Wall Mount Kit:** Electric control of height adjuster using a three-position, momentary operated key switch. Requires dedicated 120 volt, 15/20 amp circuit for the key switch and motor. Key switch included in kit.

**Power Wand Electric Height Adjuster Wall Mount Kit:** Electric control of height adjuster without the added expense of hard wiring. Height adjuster comes with built-in power wand receptacle. Simply plug the Power Wand (HAPW-100) into the receptacle of any 120 volt, 15/20 amp wall outlet. Power Wand sold separately.

**Electric Height Adjuster Wall Mount Kit:** Electric control of height adjuster using an advanced control system such as radio remote controller, MEC2, or ETEC system, sold separately.

### Method of Operation

A) Manual Hand Crank (HA-1H), sold separately	<b>AHA-WM</b>	\$1,343 180 lbs
B) Cordless Drill Operation (CD-80H), sold separately		

Key Switch (KS-13) operation included	<b>EHA-WM-KS</b>	\$2,576 212 lbs
---------------------------------------	------------------	--------------------

Power Wand Controller (HAPW-100), sold separately	<b>EHA-WM-PW</b>	\$2,674 216 lbs
---	------------------	--------------------

For use with Radio Remote, MEC2, or ETEC systems, sold separately	<b>EHA-WM</b>	\$2,530 211 lbs

# Height Adjusters for Existing Ceiling Suspended Backstops

Take the guess work out of how to add a height adjuster to an existing ceiling suspended backstop.

- > Kit fits most common backstop frames
- > Height adjuster (choose manual or electric)
- > 42" unbreakable glass rectangular backboard (GBRUB-42)
- > "Revolution" breakaway goal (GBA-642)
- > Mounting hardware to attach to center strut (6" OD to 6 5/8" OD) or double drop (H-frame) backstops included

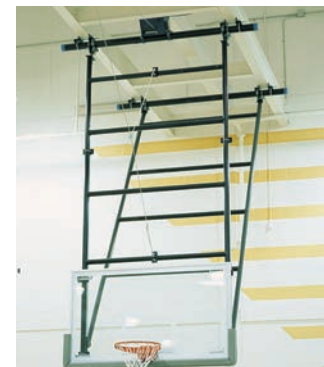

To order, choose your style of backstop and desired height adjuster. Double drop kits have mounting holes drilled in the field so they can fit almost any frame width. Call customer service if you have any configuration not listed below.

Center Strut Frame

Double Drop Frame

Product	Method of Operation	Center Strut Item	Weight	Price	Double Drop Item	Weight	Price

## Athletic Field/Facility New Construction and Renovations

Renovating a facility or upgrading an athletic field is an enormous undertaking. Jaypro Sports eases that burden by bringing over 65 years of real-world experience to the table and implementing superior institutional sports equipment made for champions. The Custom Projects Team assists from start to finish and delivers results to any new construction or facility upgrade project.

### Outdoor Complexes

Field Netting • Benches/Bleachers • In-Ground Track • Field Maintenance • Soccer Football • Baseball • Basketball • Lacrosse/Field Hockey

### Indoor Facilities

Divider Curtains • Benches/Bleachers • PE Equipment • Equipment Control Systems  
Basketball Backstops • Batting Cages • Volleyball Systems • Wall Padding

### Architect Approved Athletic Equipment

Many Jaypro Sports products are architect approved and files are available online to help designers and architects with projects. Visit [www.jayprospecs.com](http://www.jayprospecs.com) to download CSI Specifications, Product Cut Sheets, Installation Instructions, Technical/Architectural Files and more.

# Replacement Parts

**Hoist Pulley Fitting**  
Mounts to 3/2" OD pipe, rated for 1,550 lbs  
**CA35HD-SP-A**  
9 lbs \$150 each

**Wall Pulley Fitting**  
Mounts to structural wall, rated for 1,550 lbs, anchors by others  
**D-Plate2-A**  
14 lbs \$150 each

**Brace Attachment Fitting**  
Mounts to 3/2" OD pipe, hinge accommodates 2 3/8" OD pipes  
**HP35-238A-A**  
6 lbs \$97 each

**Safe Strap Mast Attachment Fitting**  
Mounts to 6 5/8" OD masts only  
**PL658-A**  
10 lbs \$75 each

**Mast Brace & Pulley Fitting**  
Mounts to 6 5/8" OD mast, hinge accommodates 2 3/8" OD pipes  
**PT65-238-SP-A**  
12 lbs \$134 each

**Cable & Safe Strap Retractor System**  
Retracts cable and safe strap out of playing area  
**SSR-25**  
3 lbs \$104 each

**Cross Over / Under Fitting**  
Connects perpendicular 3/2" OD pipes  
**S35-X-A**  
9 lbs \$59 each

**Standard Beam Clamp Fitting**  
Mounts 3/2" OD pipe only, rated for 1 Ton  
**UDC2-12-A**  
6 lbs \$53 each

**Backstop 50' Cable Kit**  
Replacement 1/4" lifting cable kit  
**RC-53**  
8 lbs \$104 each

**Backstop 75' Cable Kit**  
Replacement 1/4" lifting cable kit  
**RC-78**

# Gym Divider Curtains

Jaypro Sports offers a variety of functional and attractive divider curtains that help divide any sports facility or institutional space. From power-controlled to manual curtains, we custom design divider curtains for any facility size requirements. Also available in solid vinyl or vinyl coated mesh with several color options.

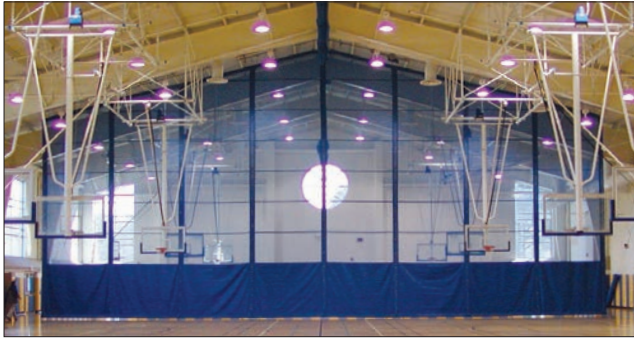

Call for details and pricing.

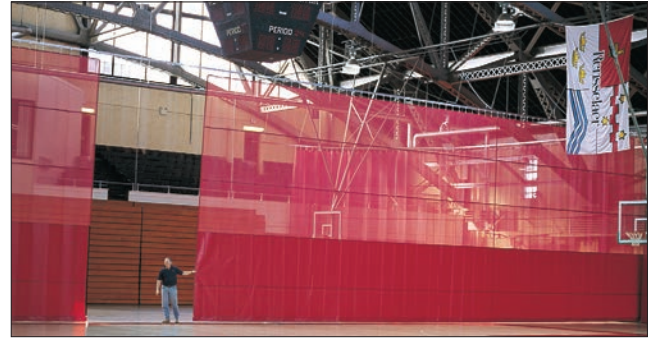

**Roll Up Curtain (RC-690):** Raised and lowered by heavy-duty hoist belts and stores in a 2' storage space close to the building structure.

**Slope Fold Curtain (SC-685):** Engineered to fit against the roof frame and conform to virtually any slope while providing maximum clearance for all sporting activities.

**Walk Draw Curtain (WC-660):** Designed for manual operation, this curtain is moved by pulling it along a ceiling suspended track to store along a perimeter wall.

**Top Roll Curtain (TC-701):** Uses no hoist cables or straps to raise and lower the curtain and stores tighter than many other curtain designs for additional clearance with low ceilings.

**Fold-Up Curtain (FC-680):** Mounted to the building structure, this curtain uses accordion style vertical folding action making it virtually invisible in the raised position.

# Mini Top Roll Curtain

## Mini Top Roll Curtain

- > Use in different locations to create closed off areas
- > Designed to be compact and tight fitting to ceiling structure
- > Disappears up into or behind ceiling structure and rolls down at the touch of a button
- > 14 oz or 18 oz reinforced vinyl and 9 oz vinyl coated polyester mesh
- > Driven by an internal tubular motor requiring 120 volt power
- > Print school graphics or advertising on curtain
- > Developed for and used at Barclay's arena in Brooklyn, NY

**TC-710**

## Perimeter Divider Curtains & Netting

### Motorized Perimeter Netting & Curtains

Jaypro Perimeter Curtains are ideal for completely following the inside or outside perimeter of running tracks within multi-use facilities and field houses. These curtains are designed to separate the running track from interior basketball or volleyball courts, thereby maximizing facility use and flexibility. Adjoining curtains are overlapped and offset to allow for easy egress.

Curtains are constructed of heavy duty reinforced vinyl and vinyl coated polyester mesh or netting. The one side fold action is accomplished by cables running vertically through "D-Rings" attached to the curtain and anchored to the bottom tube. The radius curtains utilize precision universal joints to allow the drive system to closely follow the required curvature. The smooth folding action is achieved by a heavy duty direct drive winch. The curtain is mounted to existing building structure and curves to match existing facility curvatures.

**FC-680P**

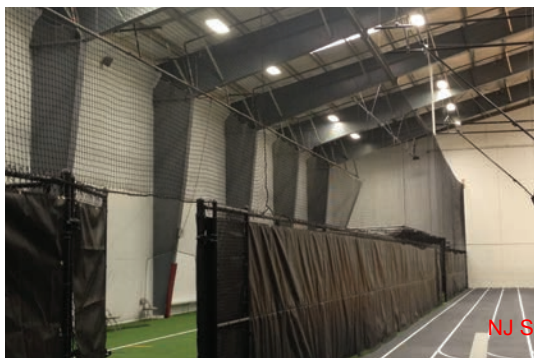

Call for Pricing and Details

### Non-Motorized Netting

Jaypro makes nets to separate outdoor athletic fields in large complexes and to divide indoor athletic facilities. We also provide complete perimeter and ceiling netting protection for your athletic facility. Our netting is found on tennis courts, basketball courts, soccer fields, and golf courses. Everything we make is customized to your needs as no two facilities are alike. Call or e-mail us to discuss your project.

NJ State Approved Co-op #65MCECCPS

When it comes to gymnasium equipment control systems, Jaypro Sports continues to hold dominant control above the competition. Jaypro Sports was the FIRST in the industry to introduce keyless control systems and was the FIRST to introduce simultaneous UP and DOWN equipment operation. Jaypro Sports offers two state-of-the-art wall mounted touchscreens to control your gymnasium equipment and/or auxiliary components. Each system is specifically tailored to your facility and can save thousands of dollars on installation and operational costs.

## Master Equipment Controller 2

Similar to your touchscreen smartphone, this slick wall mounted touchscreen is one of the best upgrades for any facility. The MEC2 features intuitive menus to allow anyone to easily program at any point in time, without switches or removal of the screen. Simply put, the MEC2 is the leading economical equipment control system in the industry!

### Key Features Include:

- > \*EXCLUSIVE\* Wall mounted 5" capacitive touchscreen
- > Low voltage touch screen, making this system safer than key switches
- > Single and/or grouped operation of up to 8 devices
- > Capable of operating 256 motorized devices and/or 512 auxiliary devices
- > Multiple logins with tiered access levels
- > Easily retrofits from existing methods of operation (key switch, radio remote, etc.)
- > Direct replacement for MEC-99 without additional power requirements
- > System can save thousands of dollars on electrical work and operating costs
- > \*EXCLUSIVE\* Easily expandable at any point in time with multiple expansion relay board sizes to suit any facility

### MEC2

Call for Pricing

## Easy Touch Equipment Controller

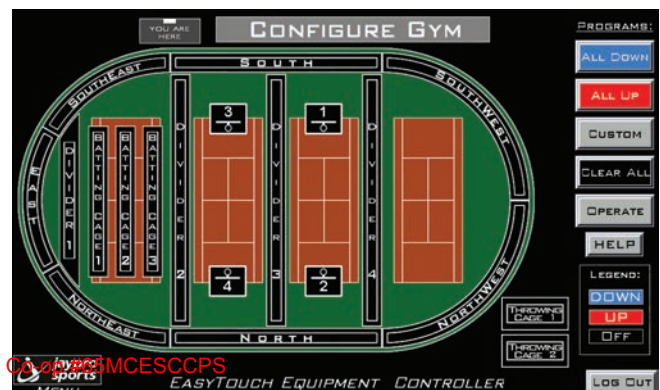

With all the same benefits as the MEC2, the ETEC features additional unparalleled benefits, making this system the ultimate gymnasium equipment controller in the industry. The ETEC allows you to simultaneously raise your divider curtains and side court backstops, while lowering you main court backstops. The ETEC is truly a must-have control system for large facilities with quick turn-around time.

### Additional Key Features Include:

- > Wall mounted high resolution LCD touchscreen available in three sizes, 6", 8", or 10.4" with locking enclosure
- > System allows for simultaneous UP and DOWN equipment operation to, for example, quickly turn a basketball facility into a volleyball facility
- > Easily save or edit user programs such as "GAME DAY" or "PRACTICE" with the press of one button
- > On-the-fly quick selection programming with intuitive graphical interface
- > Displays the actual layout of your facility with no confusing codes to remember
- > \*EXCLUSIVE\* Advanced auxiliary component control to allow dimmable lighting and variable speed control fan control
- > \*EXCLUSIVE\* Display your school colors, logo, and/or mascot on the ETEC lock screen and equipment layout screen

# WallGUARD™ a **jaypro sports** product

## Four levels of player protection to meet various facility needs and atmospheres.

- > Provides excellent wall protection to absorb player impact
- > Reduces noise levels in any facility
- > Wall padding should be installed on all rigid surfaces located in close proximity (within 10') to active playing areas

## Mounting options include:

- > 1" lip, top and bottom
- > Z-clip top, 1" lip bottom
- > Z-clip top and bottom

## WallGUARD™ Basic Wall Padding

### (Level 1) Padding

- > Economy wall padding for areas where impact is less likely
- > 2" thick polyurethane foam with 7/16" Oriented Strand Board backing
- > Minimum of 14 oz fire-retardant vinyl in a variety of colors

## WallGUARD™ Impact Wall Padding

### (Level 2) Padding

- > Optimal for high activity facilities and/or close proximity to activity areas
- > 2" thick high impact foam with 7/16" Oriented Strand Board backing
- > Minimum of 14 oz fire-retardant vinyl in a variety of colors
- > Exceeds impact standards as defined in ASTM F2440-04

## WallGUARD™ Fire Wall Padding

### (Level 3) Padding

- > Class A wall padding for areas where impact is less likely
- > 2" thick fire retardant foam with 7/16" Oriented Strand Board backing
- > Minimum of 14 oz fire-retardant vinyl in a variety of colors
- > Certified class A fire rating in accordance with NFPA 255/ASTM E-84

## WallGUARD™ Fire/Impact Wall Padding

### (Level 4) Padding

- > Highest rated wall padding for maximum player safety and building protection
- > Optimal for high activity facilities and/or close proximity to activity area
- > 2" thick fire retardant and high impact foam with 7/16" Oriented Strand Board backing
- > Minimum of 14 oz fire-retardant vinyl in a variety of colors
- > Exceeds impact standards as defined in ASTM F2440-04
- > Certified class A fire rating in accordance with NFPA 255/ASTM E-84

# FIELDPRO™ NET SYSTEM a jaypro sports product

## Portable FieldPro™ Net System

Ideal where in-ground net systems are not appropriate.

- > 12' tall net system
- > 2¾" dia aluminum pole on tip & roll base for easy transport
- > Base has (4) 5 gallon jugs (filled in the field) to weight it down
- > (2) 10" dia no-flat tires
- > Cable clamps and sliding rings for easy net assembly
- > Corrosion-resistant hardware included
- > Optional vinyl base covers sold separately
- > Typical pole spacing is 18' apart (should not exceed 20')
- > Pole can be powder coated black (specify when ordering)
- > Can be used inside as a space divider
- > Sold per base dependent on overall length needed (specify when ordering)
- > Call for pricing and details

## Configure a Portable Net System

Follow steps 1 through 3 to create a unique model number in the boxes below.

**MODEL # :**  -  X

**STEP 1:** Select Net (enter net letter in box "1")

- A** #36 knotted multi-sport UV treated nylon net with 1¾" sq mesh and 1/4" rope border
- C** HTPP knotless UV treated net with 1¾" sq mesh and 1/4" rope border

**STEP 2:** Identify Length of System (enter numerical length in box "2")

Determine the length of the net in feet (i.e. 180). Keep in mind typical pole spacing is 18' apart and should not exceed 20'.

**STEP 3:** Call 1-800-243-0533 to provide your unique model number for details and pricing.

## Optional Feature

Consider the following optional features when speaking with us about your Portable FieldPro™ Net System.

- PFN-BCVR** Portable net system base cover (standard color is red). See chart on page 15 for vinyl colors (specify preferred color when ordering).  
2 lbs \$49 each

### FieldPro™ Soccer Net System

Stop wasting time chasing missed shots or errant passes during practice and games. Ensure the safety of athletes, coaches and spectators.

- > Designed to fit behind soccer goals
- > (4) 4" OD heavy-walled aluminum uprights with ground sleeves and covers
- > #36 knotted black nylon net with 3½" sq mesh and 1/4" rope border
- > Pulley system to raise/lower net included
- > Corrosion resistant hardware included
- > Dimensions: 65'W x 20'H

**FNSB-65**

250 lbs

\$2,250 each

## Perimeter Net Systems for All Turf Fields

In today's congested sports complexes with multi-use fields in close proximity to each other, keeping balls within the confines of the field is important. Stop wasting time during practices and games chasing missed shots or errant passes. Ensure the safety of athletes, coaches, and spectators alike on adjacent fields and tracks. FieldPro™ Net Systems by Jaypro Sports offer ultimate design flexibility to suit all perimeter netting needs.

### Five Different Heights and Pole Styles

**10' Straight Pole** with multi-sport net is ideal for use as a Lacrosse or Field Hockey backstop net. The net is clipped at the top and bottom of each pole for easy removal.

**15', 20' and 30' Straight Pole** comes with an easy to use hoist system allowing quick and easy lowering or removal of the net after the game, season or before a big storm. Reinstalling the net is a snap - all from ground level with no need for a ladder.

**20' Offset Pole** provides 3' of offset which is ideal for use around the perimeter of soccer and baseball/softball fields. It's also an added measure of safety from ricocheting balls.

### Basic Features & Recommendations

- > Pulley system to raise/lower net (excluding 10' poles)
- > Ground sleeves and caps allow for complete system removal (optional but recommended)
- > Corrosion-resistant hardware included
- > Optional vinyl base covers sold separately
- > Pole can be powder coated black (specify when ordering)
- > Typical pole spacing is 18' apart and should not exceed 20'
- > It is recommended net systems are set back at least 25' from the playing field
- > Call for pricing and details

## Terms & Conditions

### Contact your local Jaypro Representative or Jaypro for detailed Information on Terms & Conditions

**Returns:** Jaypro will accept the authorized return of all standard products for any reason within 30 days of the ship date. *SPECIAL ORDER/ CUSTOM COLOR ITEMS ARE NOT RETURNABLE.* Customers must obtain a return authorization number from Jaypro after supplying the invoice number, item number, and reason for return. Customer is responsible for a 20% restocking fee and return freight charges.

**Freight Damages & Discrepancies:** Damages or shortages must be reported within 7 days of the delivery date. It is the responsibility of the customer to sign the delivery receipt as damaged or short. If Jaypro is notified within this time frame, we will replace as needed and file the claim with the carrier.

**Payment Terms:** We accept checks, American Express, Discover, MasterCard, and Visa. Approved accounts are required to submit a purchase order and will be billed Net 30 from the invoice date. All past due accounts are subject to a 1.5% per month (18% per year) interest charge and collection costs. Any approved account choosing to pay by credit card after the invoice date may be subject to a 3% credit card processing fee.

We reserve the right to correct typographical errors. NJ State Approved Co-op #6501 ESCNJCS of Terms & Conditions.
