

THE WAY
FORWARD IS
SMART
HOME

2020

Smart home technology is increasing in popularity. Get clued up and kitted out with all the biggest brands at Rexel.

REXEL

a world of energy

Smart Home

The way forward is Smart Home

With the ever-growing demand for Smart Home, we've teamed up with leading brands in the industry to bring you a solid selection of the very best, market leading innovative solutions. Smart technology can now provide homeowners with security, comfort, convenience and energy efficiency, simply by using their voice or a smartphone app.

From light switches to security and everything in between, so many aspects of the modern home have seen an introduction of a smart technology product into their line-up, and Rexel has partnered with the industry leading brands to give you everything you need to create a truly smart home.

It's never been easier to shop with us. Our Smart Home essentials are available same day from our stockist branches* and the full range is available for next day delivery via the Rexel branch network and on rexel.co.uk/smart-home.

*For a full list of our Smart Home branches please see page 110.

Smart Control

Welcome to the helpful home

Every room in the home can now be simply controlled by the touch of an app, or a command to a voice assistant. Set the room temperature, dim the lights, check who's at the front door or get alerts from your outdoor security camera. Feel in control of your home, whether you are at home or away.

Google Nest Hub Max

Nest Hub Max with the Google Assistant helps your busy family stay in touch and on track. Leave video messages and make video calls. Check in on home when you're away with the built-in Nest Cam. See your own calendar, commute and stay entertained on the 10-inch HD screen and stereo speakers.

- Keep your family connected
- Your home looks out for you. And vice versa
- Make your Smart Home even smarter
- So many ways to stay entertained
- Hands-free help from the Google Assistant

Hands-free help from the Google Assistant. Get more done with just your voice.

"Hey Google, What's on my shopping list?"

"Hey Google, What's the weather this weekend?"

Google Nest WiFi

Nest Wifi blankets your whole home in reliable Wi-Fi coverage. Automatic updates help your network stay safe and sound. One Wifi router with one Wifi point is strong enough to handle up to 200 connected devices, and fast enough to stream multiple 4K videos at a time. Your Nest Wifi point has a speaker with the Google Assistant for extra help around the house. This is Wi-Fi the way it should be.

- Coverage in every corner
- Stream with speed
- Security that's a step ahead
- Hands-free help around the house
- Simple setup in a few steps
- Parental peace of mind
- Manage your connected home

Point

2501261231	GA00667-GB	Point
2501261232	GA00822-GB	Bundle - Router & Point

Scalable and flexible system – add additional points to cover homes of any size:

- Nest Wifi Router only – suitable for smaller homes 1 - 2 bedrooms
- Nest Wifi Router & Point Bundle – adequate coverage for most UK homes
- Nest Wifi Point Only - add to larger properties, homes with thicker walls or long, narrow layouts

Google Chromecast

Chromecast is designed to make the most of the apps and entertainment already on your phone. Shows, movies, live TV, YouTube, photos and more. It's all just a tap away from all of your family's devices.

Just plug Google Chromecast into your TV, power it on, and stream your favourite shows, movies and music right from your phone.

Just say what you want to watch from compatible apps and control your TV hands-free, with Chromecast and Google Home working seamlessly together. Play, pause, adjust the volume and more. No remote needed.

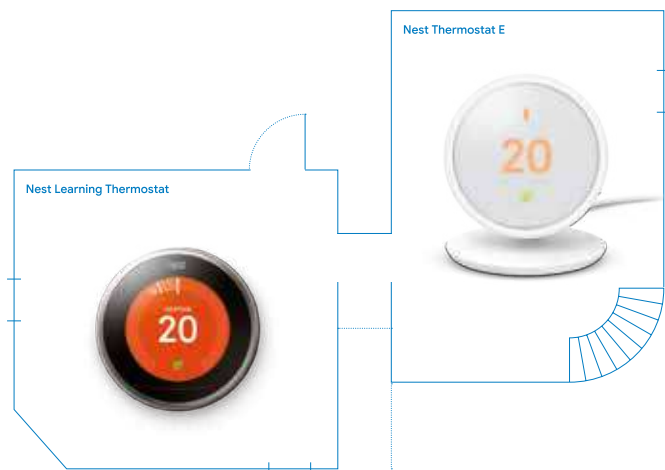

See Google voice products on pages 8-13.

Smart Heating

That warming feeling

Take complete control of your heating at home. Want to turn the thermostat up, make it warmer in the bedroom, turn off the heating when a window is opened or turn the heating on when you're 5 miles away from home? Intelligently designed to learn your behaviours and to heat your home how you want it, everything is possible with the Smart Heating range from Rexel.

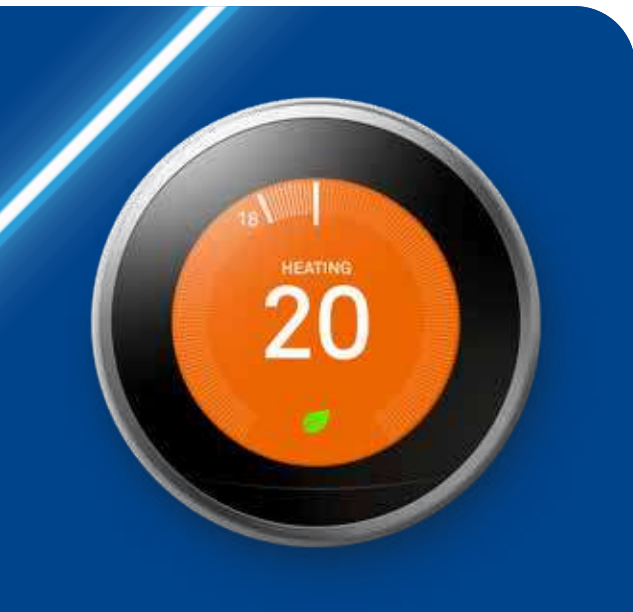

Google Nest Learning Thermostat

The Nest Learning Thermostat programs itself and automatically helps save energy when you're away. And you can control it using your phone, tablet or laptop.

- No more programming
- Home/away assist
- Remote control
- Know more, save more
- Look for the Leaf
- Control your hot water

You can easily control the temperature of your home with simple voice commands using your Google Assistant device such as "Hey Google, make it warmer" to give your system a 3° boost or be more specific with "Hey Google, set the temperature to 23°. This works seamlessly with your Nest Learning Thermostat to keep you comfortable.

Welcome to Hive.

We're one of the world's leading smart home providers, here to connect your home, give you peace of mind and make daily living easier. So you can make the most of your home – and find more time to do the things you love.

Hive View Outdoor

Our outdoor camera can help keep your home secure and give you more peace of mind from wherever you are.

Hive View

Hive View is our stylish indoor camera. Packed with must-have features like HD livestreaming, two-way audio, person detection and camera history that you can access anytime, anywhere, it's great for checking in on your home when you're away.

Available in Black & Brushed Copper or White & Champagne Gold.

Hive Plug

With the Hive Plug you can turn your appliances on and off from wherever you are with a tap of the Hive app. It simply plugs into your socket like an adaptor.

Hive Motion Sensor

Hive Motion Sensor sends you a notification when triggered. What's more, you can connect it with your other Hive devices to get your home working around you, like getting the lights to turn on when you walk into a room.

Wiser Multi-zone Wireless Heating System

The Wiser products are bundled into five core packs with the option to bolt on further devices to suit the property. One, two and three channel kits provide compatibility with combi-boilers and conventional heating systems.

The Wiser Heat HubR is the brains of the system, offering up to 3 channels, 16 zones and 32 devices in a system. Simply clip it onto an industry standard wall plate to benefit from OpenTherm®, Eco Mode and Digital Assistant integration. You can then control the wireless room thermostat and radiator thermostats via the Wiser Heat app with the potential to add more radiator thermostats to create more independent heating zones.

Wiser combines Smart Wireless heating controls with simplicity to bring you an all together easier, better and wiser heating solution for your home. Build your system as you go and tailor it to your needs.

- Smart heating & hot water control
- Easy zoning with radiator thermostats
- Quick & easy installation
- An affordable & expandable system
- Suitable for 99% of all UK boilers
- Boiler Plus compliant

Requires IOS or
Android device

Order No.	Model No.	Description
2501232697	WV714R9K0902	Wiser Multi-zone Kit 1: One channel thermostat system with two radiator thermostats to start zoning your system. Suitable for combination boilers. Control the room thermostat and radiator thermostats via the Heat Wiser app. Add more radiator valves to create more independent zones.
2501232698	WV724R9K0902	Wiser Multi-zone Kit 2: Two channel thermostat system with two radiator thermostats to start zoning your system. Suitable for convention boilers. Set schedules for the room thermostat, radiator thermostats and hot water via the Wiser Heat app. Add more radiator valves to create more independent zones.
2501232701	WT714R9K0902	Wiser Thermostat Kit 1: One channel thermostat pack ideal for combi-boilers. Enables you to control heating via the Wiser Heat app.
2501232700	WT724R9K0902	Wiser Thermostat Kit 2: Two channel thermostat pack ideal for conventional systems. Enables you to control heating and hot water via the Wiser Heat app. Wire in existing cylinder thermostat for hot water control.
2501232699	WT734R9K0902	Wiser Thermostat Kit 3: Three channel thermostat pack ideal for properties with two heating zones. Enables you to control heating and hot water via the Wiser Heat app. Wire in existing cylinder thermostat for hot water control.

Life Is On **Drayton**
by Schneider Electric

Wiser Radiator Thermostat

Radiator thermostats enable your Wiser system to enter a whole new level of smart with a connection to the boiler via the Heat HubR. They allow you to control the on/off times and temperatures of individual rooms using the intuitive Wiser app.

- Mounts on over 90% of existing radiator valves
- Revolutionary twist top with spring back for boosting at the thermostat
- Programming & settings via the app
- ErP rating 5%
- Open window detection
- Create up to 16 heating zones (individual rooms)

Order No.	Model No.	Description
2501232702	WV704ROA0902	Radiator Thermostat

Wiser Plug

Set schedules for home appliances from the Wiser Heat app, this smart plug can be controlled from your phone or by using voice activation with the Google Assistant and Amazon Alexa. The built in range extender also enables connectivity to Wiser devices sited further away from the Heat Hub.

- Programmable via Wiser Heat App
- Works with Amazon Alexa, Google Assistant and IFTTT
- Set schedules via the app, 7 days a week, 8 events per day
- Requires Wiser Heat HubR
- Add up to 10 plugs per system
- Syncs with Wiser's "Away Mode"

Smart Electrical

Switch it on

Turn off the kids' bedroom light, dim the living room lights, turn on the TV or use a 'magic' button to deliver a whole host of commands, the Rexel range of Smart Electrical and Lighting products bring home automation to life, making your home life that much easier.

Control with a command to a voice assistant at home, or with the smartphone app at home or on the go, you will never have to worry if you have turned the iron off again.

Smart Series Dimmers

Smart Series Dimmers allow you to control the look and feel of your home lighting. Entertaining? Quiet evening in? Create the perfect mood, room-by-room.

- Simple to install and require no extra wiring
- Use home automations to set schedules for lights to come on at certain times to simulate occupancy
- Two-way communication allows you to instantly see the state of each Smart Series Dimmer from wherever you are

Once installed, pair this smart dimmer with the Lightwave Link Plus and use the Lightwave app to control every aspect of your smart lighting.

 Lightwave

Link Plus — Smart Series Hub

Put control of the whole house in the palm of your hand with the Link Plus. Connect the Link Plus to your router and use the Lightwave app to control all the Lightwave devices throughout your house. If you've forgotten to turn a light off, don't worry about wasting energy, turn it off remotely at the touch of a button. Custom routines that carry out several tasks at once, take the hassle out of early mornings. Plus, it works with Google Assistant, Amazon Alexa, and Apple Homekit straight out of the box; plenty of options to play around with.

- Connect the Link Plus to your wireless router and use the app to control your smart home
- Automations provide a host of clever features, including timers, group actions, triggers and wireless two-way switching
- Start with just one device and expand your system to transform your entire home

Smart Security

Feel safe, at home or away

The biggest benefit of smart home technology is the easy addition of bespoke, controllable security measures you can add to your home. Smart Security products not only offer an extra level of protection for your home, but also the ability to monitor the status of your home around the clock, whether at home or away.

Not at home? Access all your devices to live view your home from any angle or, get alerts on the go so you're always in the know. Another benefit of a smart home is the ability to simulate occupancy while you're away, to give you total peace of mind.

There are a huge range of smart security products in the market. Rexel have been smart and handpicked a selection of products to suit all budgets, whether you're installing a single outdoor camera or video doorbell, or a whole home security solution. We have everything you need, when and where you need it.

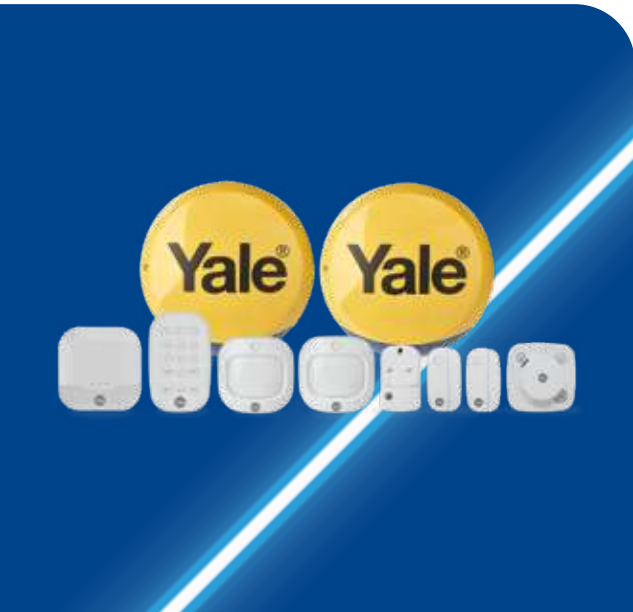

Sync Alarm Kits

The Sync Smart Home Alarm gives you peace of mind that your home is secure and protected, putting you firmly in control. Check in from anywhere in the world and receive alerts and notifications when your alarm is triggered; you'll always be in the know. All this and no monitoring fees. These kits cover requirements of most common installations, but can be configured by connecting additional devices to create the perfect Smart Home alarm system.

Wireless installation with 200m range - perfect for also protecting a garage, out buildings, or shed.

- Intelligently connected, the Sync alarm works with Philips Hue, Amazon Echo and Google Assistant. Use home automations to set schedules for lights to come on at certain times to simulate occupancy
- The geolocation feature reminds you to set the alarm when you're leaving home; one less thing to worry about
- Full control when home or away via the Yale home app; receive real time notifications and alerts from your Smart Home to your phone or Apple Watch

Google Nest Protect Smoke and CO Alarm

Nest Protect looks for fast-burning fires, smouldering fires, and carbon monoxide. It also speaks up when there's a problem, can be silenced from a phone when you're home, and sends a phone alert if you're gone.

- Get alerts on a phone
- Know what's happening and where
- A light in the dark
- Split-Spectrum Sensor
- Hush from the Nest app
- 10-year life span
- Sleep safe and sound

The Google Nest Protect smoke and CO alarm looks for fast-burning fires, smouldering fires and carbon monoxide. It tells you where the danger is and alerts your phone in case you're not home.

View Indoor Camera White

Hive View is our stylish new smart indoor camera. Packed with must-have features like HD livestreaming, person detection and camera history that you can access anytime, anywhere, it's great for checking in on your home when you're away.

- If your camera detects motion or sound when you're out it automatically starts recording. It also sends a notification to your smartphone, tablet or laptop.
- Hive View securely livestreams to your Hive app in 1080p HD. And with night vision you can check that everything is in order day or night.
- You can set your Hive View so it only detects people. That means it will ignore pets and only send you a notification when necessary.

Wi-Fi Outdoor All-In-One HD1080p Camera

The All-in-One Camera keeps your home secure, wherever you are. Receive instant alerts of what's going on at home, even when you're away. With live-viewing, real-time two-way audio, motion detection and a built-in spotlight, all accessible through the Yale View app - it's everything you need to keep track of postal deliveries, friends visiting or the dog walker arriving at home.

- With Amazon Alexa and Google Voice Assistants, so you can ask your chosen assistant to 'show me the front door' on supported screen based devices.
- No Monthly Fees - add a micro SD card to the camera to capture recordings of any motion events, and playback all clips through the app without the need to remove the card from the camera. The All-in-One can also be linked via WIFI to a Yale DVR for 24-hour recording.

Smart Lamps

From voice control, app control or switch control, Smart Lamps are a convenient lamp option with easy installation.

Automate your lights into groups with programs and control from anywhere via your internet connection with your voice.

We offer different types of lamps from Dimmable, Tunable White and RGB+W:

Dimmable

Lamps can be dimmed from 100% -3%

Tunable White

The colour temperature of the lamp can be changed from daylight (6,500k) through to warm white (2,700k)

RGB+W

Multicolour selection (by mixing red, green, blue) and tunable white

LED Smart Lamps

Why upgrade to smart lamps?

Convenient

- Control lights with your voice
- Automate your lights into groups with programs
- Controllable from anywhere (via gateway with internet connection)

Easy

- Installation in seconds
- Compatible with major systems (Alexa) through Zigbee 3.0

What types of smart lamps are available?

- Dimmable, Tunable White or RGB+W

What are the different ways to control smart lamps?

- **Voice control**
- **App control**
- **Switch control**

Requires IOS or Android device
