STANDARD CONTRACT TERMS Office Supplies and Office Related Products

This STANDARD CONTRACT (“**Contract**”) is agreed to between the State of Michigan (the “**State**”) and Staples Contract & Commercial LLC (“**Contractor**”), a Delaware Limited Liability Company. This Contract is effective on March 1, 2019 (“**Effective Date**”), and unless terminated, expires on May 31, 2022.

This Contract may be renewed for up two (2) additional one (1) year periods. Renewal is at the sole discretion of the State and will automatically extend the Term of this Contract. The State will document its exercise of renewal options via Contract Change Notice.

The parties agree as follows:

- Duties of Contractor.** Contractor must perform the services and provide the deliverables described in **Schedule A – Statement of Work** (the “**Contract Activities**”). An obligation to provide delivery of any commodity is considered a service and is a Contract Activity.

Contractor must furnish all labor, equipment, materials, and supplies necessary for the performance of the Contract Activities, and meet operational standards, unless otherwise specified in Schedule A.

Contractor must: (a) perform the Contract Activities in a timely, professional, safe, and workmanlike manner consistent with standards in the trade, profession, or industry; (b) meet or exceed the performance and operational standards, and specifications of the Contract; (c) provide all Contract Activities in good quality, with no material defects; (d) not interfere with the State’s operations; (e) obtain and maintain all necessary licenses, permits or other authorizations necessary for the performance of the Contract; (f) cooperate with the State, including the State’s quality assurance personnel, and any third party to achieve the objectives of the Contract; (g) return to the State any State-furnished equipment or other resources in the same condition as when provided when no longer required for the Contract; (h) not make any media releases without prior written authorization from the State; (i) assign to the State any claims resulting from state or federal antitrust violations to the extent that those violations concern materials or services supplied by third parties toward fulfillment of the Contract; (j) comply with all State physical and IT security policies and standards which will be made available upon request; and (k) provide the State priority in performance of the Contract except as mandated by federal disaster response requirements. Any breach under this paragraph is considered a material breach.

Contractor must also be clearly identifiable while on State property by wearing identification issued by the State, and clearly identify themselves whenever making contact with the State.

- Notices.** All notices and other communications required or permitted under this Contract must be in writing and will be considered given and received: (a) when verified by written receipt if sent by courier; (b) when actually received if sent by mail without verification of receipt; or (c) when verified by automated receipt or electronic logs if sent by facsimile or email.

5. **Performance Guarantee.** Contractor must at all times have financial resources sufficient, in the opinion of the State, to ensure performance of the Contract and must provide proof upon request. The State may require a performance bond (as specified in Schedule A) if, in the opinion of the State, it will ensure performance of the Contract.

6. **Insurance Requirements.** Contractor must maintain the insurances identified below and is responsible for all deductibles. All required insurance must: (a) protect the State from claims that may arise out of, are alleged to arise out of, or result from Contractor's performance; (b) be primary and non-contributing to any comparable liability insurance (including self-insurance) carried by the State; and (c) be provided by a company with an A.M. - Administrative Fee and Reporting.** In addition to the fees imposed by National Purchasing Partners Government Division (“NPPGov”) in a separate Vendor Administration Agreement entered into between NPPGov and Contractor, the Contractor must pay an administrative fee on all Net Sales made to the State and MiDEAL members under this Contract. As used herein, “Net Sales” means the gross sales price of the products sold under this Contract, less any rebates actually paid, discounts and allowances actually taken, rejections and returns to the extent credit is given or paid, and also excluding sales made via (i) Contractor’s retail website, or (ii) any Contractor retail channel if the sale is completed without a convenience and/or registered procurement card.

The administrative fee and reporting is as follows:

a. To the State:

- i. For sales made to the State, the administrative fee equals one percent (1%) of the total Net Sales.
- ii. For sales made to MiDeal Members pursuant to **Section 8**, the administrative fee is divided equally between the State and the MiDeal Member. The administrative fee to the State equals a half percent (.5%) of the total MiDeal Members Net Sales.

Contractor must submit an itemized purchasing activity report of all State and MiDeal Member purchases, which includes at a minimum, the name of the purchasing entity and the total dollar volume in sales. Reports should be mailed to DTMB-Procurement.

The administrative fee and purchasing activity report are due within 45 calendar days from the last day of each calendar quarter.

b. To the MiDEAL Members:

- i. For sales made to MiDeal Members, the administrative fee remitted to the MiDEAL members equals a half percent (.5%) of the total Net Sales made to MiDeal Members.

8. Extended Purchasing Program.

- a. This contract is extended to:

 - 2) MiDEAL members. MiDEAL members include local units of government, school districts, universities, community colleges, and nonprofit hospitals within the State of Michigan. A current list of MiDEAL members is available at www.michigan.gov/mideal.
- b. Contractor must supply all Contract Activities at the established Contract prices and terms.
- c. Contractor must submit invoices to, and receive payment from, Participating Agencies or MiDeal Members on a direct and individual basis. The Contractor agrees that the State will have no liability, obligation or responsibility for any sales, purchases, or payments involving any Participating Agencies or MiDeal Members.

- d. **State Employee Purchases**
State employees, in their personal capacity, will be able to purchase deliverables from this Contract at the same pricing available to the State. The Contractor will supply deliverable(s) to State employees on a direct and individual basis. No administrative fees will be imposed on State employee purchases made in their personal capacity. The Contractor agrees that the State will have no liability, obligation or responsibility for any sales, purchases, or payments involving any State employee(s) who purchases any deliverables in their personal capacity under this section.
9. **Independent Contractor.** Contractor is an independent contractor and assumes all rights, obligations and liabilities set forth in this Contract. Contractor, its employees, and agents will not be considered employees of the State. No partnership or joint venture relationship is created by virtue of this Contract. Contractor, and not the State, is responsible for the payment of wages, benefits and taxes of Contractor's employees and any subcontractors. Prior performance does not modify Contractor's status as an independent contractor. Contractor hereby acknowledges that the State is and will be the sole and exclusive owner of all right, title, and interest in the Contract Activities and all associated intellectual property rights, if any, to the extent first reduced to practice in performance of the Contract Activities by Contractor. Such Contract Activities are works made for hire as defined in Section 101 of the Copyright Act of 1976. To the extent any Contract Activities and related intellectual property do not qualify as works made for hire under the Copyright Act, Contractor will, and hereby does, immediately on its creation, assign, transfer and otherwise convey to the State, irrevocably and in perpetuity, throughout the United States, all right, title and interest in and to the Contract Activities, including all intellectual property rights therein.
10. **State License Grant.** The State hereby grants to Contractor a limited, non-exclusive, non-transferable license to use, display, reproduce, distribute and transmit in digital form the State's (or individual agencies, department's or division's) name, trademarks, service marks or logos, for the sole and exclusive purpose of providing the Contract Activities and solely in accordance with the State's written specifications communicated to Contractor. Use of the State's (or individual agencies, department's or division's) name, trademarks, service marks or logos will be specified in the applicable Statement of Work.
11. **Software License.** Contractor hereby grants to the State and its authorized users the right and license to use the online purchasing portal in accordance with the terms and conditions of this Contract.
12. **Subcontracting.** Except for national couriers including UPS, Fed-Ex and the US Postal service, Contractor may not delegate any of its obligations under the Contract without the prior written approval of the State. Contractor must notify the State at least 90 calendar days before the proposed delegation and provide the State any information it requests to determine whether the delegation is in its best interest. If approved, Contractor must: (a) be the sole point of contact regarding all contractual matters, including payment and charges for all Contract Activities; (b) make all payments to the subcontractor; and (c) incorporate the terms and conditions contained in this Contract in any subcontract with a subcontractor. Contractor remains responsible for the completion of the Contract Activities, compliance with the terms of this Contract, and the acts and omissions of the subcontractor. The State, in its sole discretion, may require the replacement of any subcontractor. For the avoidance of doubt, Contractor's notice requirements outlined in this Section 12 are applicable to the State only, or as mutually agreed upon.
13. **Staffing.** The State's Contract Administrator may require Contractor to remove or reassign personnel by providing a notice to Contractor
14. **Background Checks.** Upon request, Contractor must perform background checks on all employees and subcontractors and its employees prior to their assignment. The scope is at the discretion of the State and documentation must be provided as requested. Contractor is responsible for all costs associated with the requested background checks. The State, in its sole discretion, cost and expense, may also perform background checks.
15. **Assignment.** Contractor may not assign this Contract to any other party without the prior approval of the State. Upon notice to Contractor, the State, in its sole discretion, may assign in whole or in part, its rights or responsibilities under this Contract to any other party. If the State determines that a novation of the

Contract to a third party is necessary, Contractor will agree to the novation and provide all necessary documentation and signatures.

- 16. Change of Control.** Contractor will notify, at least 90 calendar days before the effective date, the State of a change in Contractor's organizational structure or ownership. For purposes of this Contract, a change in control means any of the following: (a) a sale of more than 50% of Contractor's stock; (b) a sale of substantially all of Contractor's assets; (c) a change in a majority of Contractor's board members; (d) consummation of a merger or consolidation of Contractor with any other entity; (e) a change in ownership through a transaction or series of transactions; (f) or the board (or the stockholders) approves a plan of complete liquidation. A change of control does not include any consolidation or merger effected exclusively to change the domicile of Contractor, or any transaction or series of transactions principally for bona fide equity financing purposes.

In the event of a change of control, Contractor must require the successor to assume this Contract and all of its obligations under this Contract.

- 17. Ordering.** Contractor is not authorized to begin performance until receipt of authorization as identified in Schedule A.
- 18. Acceptance.** Contract Activities are subject to inspection and testing by the State within 30 calendar days of the State's receipt of them ("**State Review Period**"), unless otherwise provided in Schedule A. If the Contract Activities are not fully accepted by the State, the State will notify Contractor by the end of the State Review Period that either: (a) the Contract Activities are accepted but noted deficiencies must be corrected; or (b) the Contract Activities are rejected. If the State finds material deficiencies, it may: (i) reject the Contract Activities without performing any further inspections; (ii) demand performance at no additional cost; or (iii) terminate this Contract in accordance with Section 25, Termination for Cause.

Within 15 business days from the date of Contractor's receipt of notification of acceptance with deficiencies or rejection of any Contract Activities, Contractor must cure, at no additional cost, the deficiency and deliver unequivocally acceptable Contract Activities to the State. If acceptance with deficiencies or rejection of the Contract Activities impacts the content or delivery of other non-completed Contract Activities, the parties' respective Program Managers must determine an agreed to number of days for re-submission that minimizes the overall impact to the Contract. However, nothing herein affects, alters, or relieves Contractor of its obligations to correct deficiencies in accordance with the time response standards set forth in this Contract.

If Contractor is unable or refuses to correct the deficiency within the time response standards set forth in this Contract, the State may cancel the order in whole or in part. The State, or a third party identified by the State, may perform the deficient Contract Activities and recover the difference between the cost to cure and the Contract price plus an additional 10% administrative fee.

- 19. Delivery.** Contractor must deliver all Contract Activities F.O.B. destination, within the State premises with transportation and handling charges paid by Contractor, unless otherwise specified in Schedule A. All containers and packaging become the State's exclusive property upon acceptance.
- 20. Risk of Loss and Title.** Title and risk of loss or damage to the products remains with Contractor until conforming products are delivered to and accepted by the State. Contractor is responsible for filing, processing, and collecting all damage claims incurred prior to delivery and in transit. The State will record and report to Contractor any evidence of visible damage within 3 business days. If the State rejects the products, Contractor must remove them from the premises within 20 calendar days after notification of rejection and accept the rejected goods as is. Rejected products not removed by Contractor within 20 calendar days will be deemed abandoned by Contractor, and the State will have the right to dispose of it with no further obligation to Contractor. Contractor must reimburse the State for costs and expenses incurred in storing or effecting removal or disposition of rejected products.
- 21. Warranty Period.** The warranty period, if applicable, for Contract Activities is a fixed period commencing on the date specified in Schedule A. If the Contract Activities do not function as warranted during the warranty period, the State may return such non-conforming Contract Activities to the Contractor for a full refund.

- 22. Terms of Payment.** Invoices must conform to the requirements communicated from time-to-time by the State. All undisputed amounts are payable within 45 days of the State's receipt, except as otherwise agreed. Contractor may only charge for Contract Activities performed as specified in Schedule A. Invoices must include an itemized statement of all charges. The State is exempt from State sales tax for direct purchases and may be exempt from federal excise tax, if Services purchased under this Agreement are for the State's exclusive use. Notwithstanding the foregoing, all prices are inclusive of taxes, and Contractor is responsible for all sales, use and excise taxes, and any other similar taxes, duties and charges of any kind imposed by any federal, state, or local governmental entity on any amounts payable by the State under this Contract.

The State has the right to withhold payment of any disputed amounts until the parties agree as to the validity of the disputed amount. The State will notify Contractor of any dispute within a reasonable time. Payment by the State will not constitute a waiver of any rights as to Contractor's continuing obligations, including claims for deficiencies or substandard Contract Activities. Contractor's acceptance of final payment by the State constitutes a waiver of all claims by Contractor against the State for payment under this Contract, other than those claims previously filed in writing on a timely basis and still disputed.

The State will only disburse payments under this Contract through Electronic Funds Transfer (EFT) or as otherwise provided in the Statement of Work. Contractor must register with the State at <http://www.michigan.gov/SIGMAVSS> to receive electronic fund transfer payments. If Contractor does not register, the State is not liable for failure to provide payment. Without prejudice to any other right or remedy it may have, the State reserves the right to set off at any time any amount then due and owing to it by Contractor against any amount payable by the State to Contractor under this Contract provided that Contractor has not issued credit for such amounts. If, under the terms of this Contract, the parties have agreed that a credit is owed the State, Contractor's invoice will reflect the credit within one of its next two invoices to the State immediately following the date that the parties have agreed a credit is owed. If the Contractor has not included the credit in one of those next two invoices, the State may then set off the agreed upon credit amount in paying the amount then due and owing in the third invoice following the date the parties agreed a credit is owed the State. In all other cases, other than credits, the State shall provide ten (10) days' prior written notice to Contractor prior to affecting its set-off rights described herein.

- 23. Liquidated Damages.** Liquidated damages, if applicable, will be assessed as described in Schedule A.
- 24. Stop Work Order.** The State may suspend any or all activities under the Contract at any time. The State will provide Contractor a written stop work order detailing the suspension. Contractor must comply with the stop work order upon receipt. Within 90 calendar days, or any longer period agreed to by Contractor, the State will either: (a) issue a notice authorizing Contractor to resume work, or (b) terminate the Contract or purchase order. The State will not pay for Contract Activities, Contractor's lost profits, or any additional compensation during a stop work period.
- 25. Termination for Cause.** The State may terminate this Contract for cause, in whole or in part, if Contractor, as determined by the State: (a) endangers the value, integrity, or security of any location, data, or personnel; (b) becomes insolvent, petitions for bankruptcy court proceedings, or has an involuntary bankruptcy proceeding filed against it by any creditor; (c) engages in any conduct that may expose the State to liability; (d) breaches any of its material duties or obligations; or (e) fails to cure a breach within the time stated in a notice of breach. Any reference to specific breaches being material breaches within this Contract will not be construed to mean that other breaches are not material.

If the State terminates this Contract under this Section, the State will issue a termination notice specifying whether Contractor must: (a) cease performance immediately, or (b) continue to perform for a specified period. If it is later determined that Contractor was not in breach of the Contract, the termination will be deemed to have been a Termination for Convenience, effective as of the same date, and the rights and obligations of the parties will be limited to those provided in Section 26, Termination for Convenience.

The State will only pay for amounts due to Contractor for Contract Activities accepted by the State on or before the effective date of termination, subject to the State's right to set off any amounts owed by the Contractor for the State's reasonable costs in terminating this Contract. The Contractor must pay all reasonable costs incurred by the State in terminating this Contract for cause, including administrative

costs, attorneys' fees, court costs, transition costs, and up to 50 % of costs the State incurs to procure the Contract Activities from other sources.

Termination by Contractor. If the State breaches a material provision of this Contract, then the Contractor will provide the State with written notice of the breach and a time period (not less than thirty (30) calendar days) to cure the breach. The Contractor may terminate this Contract if the State (i) materially breaches its obligation to pay the Contractor undisputed amounts due and owing under this Contract, or (iii) does not cure the material breach within the time period specified in a written notice of breach, or as otherwise provided by law.

- 26. Termination for Convenience.** The State may immediately terminate this Contract in whole or in part without penalty due to appropriation or budget shortfalls. The State may terminate this Contract in whole or in part without penalty for any other reason, after first providing Contractor at least thirty (30) days' notice of the State's intent to terminate. The notice in either case will specify whether Contractor must: (a) cease performance of the Contract Activities immediately, or (b) continue to perform the Contract Activities in accordance with Section 27, Transition Responsibilities. If the State terminates this Contract for convenience, the State will pay all reasonable costs, as determined by the State, for State approved Transition Responsibilities.
- 27. Transition Responsibilities.** Upon termination or expiration of this Contract for any reason, Contractor must, for a period of time specified by the State (not to exceed 180 calendar days), provide all reasonable transition assistance requested by the State, to allow for the expired or terminated portion of the Contract Activities to continue without interruption or adverse effect, and to facilitate the orderly transfer of such Contract Activities to the State or its designees. Such transition assistance may include, but is not limited to: (a) continuing to perform the Contract Activities at the established Contract rates; (b) taking all reasonable and necessary measures to transition performance of the work, including all applicable Contract Activities, training, equipment, software, leases, reports and other documentation, to the State or the State's designee; (c) taking all necessary and appropriate steps, or such other action as the State may direct, to preserve, maintain, protect, or return to the State all materials, data, property, and confidential information provided directly or indirectly to Contractor by any entity, agent, vendor, or employee of the State; (d) transferring title in and delivering to the State, at the State's discretion, all completed or partially completed deliverables prepared under this Contract as of the Contract termination date; and (e) preparing an accurate accounting from which the State and Contractor may reconcile all outstanding accounts (collectively, "**Transition Responsibilities**"). This Contract will automatically be extended through the end of the transition period.
- 28. General Indemnification.** Contractor must defend, indemnify and hold the State, its departments, divisions, agencies, offices, commissions, officers, and employees harmless, without limitation, from and against any and all third party actions, claims, losses, liabilities, damages, costs, attorney fees, and expenses (including those required to establish the right to indemnification), arising out of or relating to: (a) any breach by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable) of any of the promises, agreements, representations, warranties, or insurance requirements contained in this Contract; (b) any infringement, misappropriation, or other violation of any intellectual property right or other right of any third party; (c) any bodily injury, death, or damage to real or tangible personal property occurring wholly or in part due to action or inaction by Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable); and (d) any acts or omissions of Contractor (or any of Contractor's employees, agents, subcontractors, or by anyone else for whose acts any of them may be liable).

The State will notify Contractor in writing if indemnification is sought; however, failure to do so will not relieve Contractor, except to the extent that Contractor is materially prejudiced. Contractor must, to the satisfaction of the State, demonstrate its financial ability to carry out these obligations.

The State is entitled to: (i) regular updates on proceeding status; (ii) participate in the defense of the proceeding; (iii) employ its own counsel; and to (iv) retain control of the defense if the State deems necessary. Contractor will not, without the State's written consent (not to be unreasonably withheld), settle, compromise, or consent to the entry of any judgment in or otherwise seek to terminate any claim,

action, or proceeding. To the extent that any State employee, official, or law may be involved or challenged, the State may, at its own expense, control the defense of that portion of the claim.

Any litigation activity on behalf of the State, or any of its subdivisions under this Section, must be coordinated with the Department of Attorney General. An attorney designated to represent the State may not do so until approved by the Michigan Attorney General and appointed as a Special Assistant Attorney General.

- 29. Infringement Remedies.** If, in either party's opinion, any piece of equipment, software, commodity, or service supplied by Contractor or its subcontractors, or its operation, use or reproduction, is likely to become the subject of a copyright, patent, trademark, or trade secret infringement claim, Contractor must, at its expense: (a) procure for the State the right to continue using the equipment, software, commodity, or service, or if this option is not reasonably available to Contractor, (b) replace or modify the same so that it becomes non-infringing; or (c) accept its return by the State with appropriate credits to the State against Contractor's charges and reimburse the State for any losses or costs incurred as a consequence of the State ceasing its use and returning it.
- 30. Disclaimer of Damages and Limitation of Liability.** Neither the Contractor nor the State is liable for consequential, incidental, indirect, or special damages, regardless of the nature of the action. IN NO EVENT WILL EITHER PARTY'S AGGREGATE LIABILITY TO THE OTHER UNDER THIS CONTRACT, REGARDLESS OF THE FORM OF ACTION, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR BY STATUTE OR OTHERWISE, FOR ANY CLAIM RELATED TO OR ARISING UNDER THIS CONTRACT, EXCEED TWICE THE AGGREGATE CONTRACT PRICE. As used in this clause "Aggregate Contract Price" means the total price for the Initial Term and all Renewal Terms of this Contract. This limitation of liability does not apply to claims for infringement of United States patent, copyright, trademark or trade secrets; to claims for personal injury or damage to property caused by the gross negligence or willful misconduct of the Contractor; or to court costs or attorneys' fees awarded by a court in addition to damages after litigation based on this Contract.
- 31. ORDERING AND PRICING GUIDELINES

****An order is defined as a single order shipping to a single destination.**

****Pricing is predicated on Factory Direct Ordering for best value and product selection.**

**** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories.**

****Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase orders -- but**

****Full line catalogs, cut sheets, specification, color & finish cards are available on request.**

****The current list price in effect at time of order will determine the purchase price.**

A variety of freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing) is included to offer the best value pricing option to all members. FOB FACTORY pricing provides deeper product discounts with the provision to provide pass-thru actual freight charges as applicable. The actual freight charges will be applied as a line item charge on the invoice. Based on the logistics of shipping relative to the factory and ordering entity state of designation, freight rates can vary significantly. Freight quotes will be provided to member entities prior to order placement to determine BEST VALUE and lowest cost on an order by order basis.

The "Tailgate Dock Delivered" and "Delivered and Installed " pricing columns can only be selected as a pricing tier if the end user has a formal, functional and accessible Receiving Dock and if staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - the "Discount Including Full Installation "pricing tier must be selected.

ORDERING AND PRICING GUIDELINES

**An order is defined as a single order shipping to a single destination.

**Pricing is predicated on Factory Direct Ordering for best value and product selection.

** Pricing tiers are determined by the total list price of all product offered within a single brand. The aggregate total determines the pricing tier, and as applicable - the corresponding discount percent applies for product categories.

**Brands may be combined on a single purchase order to streamline the order process and eliminate the need to generate multiple purchase

**Full line catalogs, cut sheets, specification, color & finish cards are available on request.

**The current list price in effect at time of order will determine the purchase price.

A variety of freight terms are included in the pricing schedule above. FOB FACTORY (additional freight charges will be added) and Tailgate Dock Delivered (delivered pricing) is included to offer the best value pricing option to all members. FOB FACTORY pricing provides deeper product discounts with the provision to provide pass-thru actual freight charges as applicable. The actual freight charges will be applied as a line item charge on the invoice. Based on the logistics of shipping relative to the factory and ordering entity state of designation, freight rates can vary significantly. Freight quotes will be provided to member entities prior to order placement to determine BEST VALUE and lowest cost on an order by order basis.

The "Tailgate Dock Delivered" and "Delivered and Installed " pricing columns can only be selected as a pricing tier if the end user has a formal, functional and accessible Receiving Dock and if staff is available to assist in the off-load of product. LTL carriers do not provide assistance in the off-load of product or assist in moving product from a "drop spot" inside a building structure. Please understand that IF a formal dock is not available and if manpower resources are not provided to assist in the offload of product to an internal staging area with a building structure - the "Discount Including Full Installation "pricing tier must be selected.

If any provision below is not required by federal law for this Contract, then it does not apply and must be disregarded. If any provision below is required to be included in this Contract by federal law, then the applicable provision applies and the language is not negotiable. If any provision below conflicts with the State's terms and conditions, including any attachments, schedules, or exhibits to the State's Contract, the provisions below take priority to the extent a provision is required by federal law; otherwise, the order of precedence set forth in the Contract applies. Hyperlinks are provided for convenience only; broken hyperlinks will not relieve Contractor from compliance with the law.

1. Federally Assisted Construction Contracts

If this contract is a “**federally assisted construction contract**” as defined in [41 CRF Part 60-1.3](#), and except as otherwise may be provided under [41 CRF Part 60](#), then during performance of this Contract, the Contractor agrees as follows:

(1) The Contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The Contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The Contractor will, in all solicitations or advertisements for employees placed by or on behalf of the Contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The Contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the Contractor's legal duty to furnish information.

(4) The Contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the Contractor's commitments under this section, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The Contractor will comply with all provisions of [Executive Order 11246](#) of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The Contractor will furnish all information and reports required by [Executive Order 11246](#) of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the Contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this Contract may be canceled, terminated, or suspended in whole or in part and the Contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in [Executive Order 11246](#) of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in [Executive Order 11246](#) of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The Contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of [Executive Order 11246](#) of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The Contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a Contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the Contractor may request the United States to enter into such litigation to protect the interests of the United States.
