HAVEN® HANDGUN RED DOT SIGHT

Designed from the ground up to fit the personal defense needs of American gun owners, the Haven is available with a 3.5 or 5.0 MOA dot, or as a Carry-Ready™ Combo which includes optic-compatible iron sights for the GLOCK MOS system. Using the proven Trijicon RMR® footprint, the Haven red dot is ready for immediate installation on today's most popular optics-ready pistols.

RELIABLE CONSTRUCTION

Optimized glass coatings, waterproof to 1m and aircraft-grade housing to withstand bumps and drops

INTUITIVE CONTROLS

11 easy-to-use brightness settings, including 2 night vision settings, with proprietary Carry-Loc™ lock-in mode

RAPID TARGET ACQUISITION

Large window & high visibility vertical post on the rear deck result in faster dot acquisition

SIDE-LOADING BATTERY

No need to re-zero after a battery change

CARRY-READY™ COMBO

Options include a set of optic-compatible iron sights for Glock® pistols (GL-524) to provide the optimum sight picture when paired with the Haven™ optic as a convenient, out-of-the-box solution for the Glock MOS.

POWER PROTECT™

Smart electronics offer a 12-hour runtime followed by a 12-hour, motion-activated auto-on, providing up to two years of battery life at a mid-setting.

CARRY-LOC™

Allows users to set their optic to the desired illumination brightness and then disable the illumination control buttons, eliminating the risk of inadvertent button presses.

Optics-Ready Handgun Compatibility*

GLOCK® MOS™ (excludes Slimline models)	Walther Arms Q4/A5/PDP
Springfield Armory® OSP™ (full-size models)	CZ-P10 F/C
Smith & Wesson® C.O.R.E.	Taurus® G3/G3C T.O.R.O
FN 509® MRD & Tactical Series/FNX	Beretta APX RDO

*including, but not limited to

Specifications

Housing Material	Aluminum
Waterproof	1m (30 minutes)
Temperature Range	-4°F to 122°F

TROOPER SERIES

Modeled after the sight selected by the Federal Government for duty use, the AMERIGLO® Trooper series is a three-dot green tritium design. It offers an instant sight picture and proven accuracy you can trust to defend night and day.

ProGlo front sight with green tritium and LumiGreen or Orange outline

Serrated, subdued tritium rear sight promotes front-sight focus

Inspired by our U.S. Federal Government contract sights

Fits all Glock slides, including MOS.

CAP SERIES

The AMERIGLO® CAP sights (Combative Action Pistol) are high-visibility night sights created for personal carry situations, enabling shooters to acquire their tritium front sight even in times of high stress. Fast and highly visible, the CAP sights are a “Cover Point of Impact” sight allowing the shooter to cover the target they want to hit. T-Cap front sights are also available, offering a thin front post.

PROTECTOR SERIES

AMERIGLO® Protector night sights are designed for quicker front sight acquisition and concentration on the front sight blade. The black, serrated rear sight reduces glare and offers assistance with one-handed slide manipulations, while the front sight offers a tritium ProGlo LumiGreen or Orange aiming point. Ideal for any concealed carry or personal defense weapon.

ProGlo front sight with green tritium and LumiGreen or Orange outline

Serrated rear sight promotes front-sight focus

Inspired by our U.S. Federal Government contract sights

Fits all Glock slides, including MOS.

GHOST RING SERIES

For shooters seeking an alternative to the traditional post-and-notch sight design, there's AMERIGLO® Ghost Ring night sights. This unique design utilizes an aperture-style rear sight with two tritium mini-dots and a bright tritium front sight, which leads the eye to automatically center itself in the rear ring while focusing on the front sight. The result: immediate front sight acquisition.

GLOCK SETS

Item	Model	Front Outline

WARRANTY INFORMATION

TRITIUM WARRANTY

AMERIGLO® green and yellow tritium lamps are warranted to glow for twelve (12) years from date of original manufacture.

HAVEN WARRANTY

The original owner of the AMERIGLO® product is entitled to repair or replacement (at our option) of this registered item if it should fail due to defects in material or workmanship during normal use. This warranty specially applies to the metal structure of the product and does not apply to the illumination system. Optical elements are warranted to be free of defects in material and workmanship during normal use for a period of 5 years from the date of manufacture. Electronics are warranted to be free of defects in material and workmanship during normal use for a period of 3 years from the date of manufacture. If repair is necessary, please contact our Service and Repair Department for return instructions. This warranty does not apply to defects caused by anything which is deemed abnormal, abusive, or improper including any fault resulting from an accident or improper service. Please note that the manufacturer's warranty will be void and the product cannot be serviced if it is exported from the United States in violation of U.S. Export Control Laws and Regulations. Any attempt at disassembly or repair will annul this warranty. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.
