

AMERIGLO HAVEN® HANDGUN RED DOT SIGHT

The AMERIGLO Haven® sight is designed for the good guys. It offers everyday reliability, for everyday carry, in any environment. Defending your family and your home requires 24/7 reliability, immediate target acquisition, intuitive controls, and innovative electronics you can trust to work every time. Get the power and confidence you need to protect with certainty.

BUILT TO PROTECT HARDWORKING, LAW-ABIDING MEN AND WOMEN FROM HARM.

POWER PROTECT™

Smart electronics offer a 12-hour runtime followed by a 12-hour, motion-activated auto-on, providing up to two years of battery life at a mid-setting.

CARRY-READY™ COMBO

Options include a set of optic-compatible iron sights for GLOCK® pistols (GL-524) to provide the optimum sight picture when paired with the Haven® optic as a convenient, out-of-the-box solution for the GLOCK MOS.

CARRY-LOC™

Allows users to set their optic to the desired illumination brightness and then disable the illumination control buttons, eliminating the risk of inadvertent button presses.

FEATURES & BENEFITS

RELIABLE CONSTRUCTION

Optimized glass coatings, waterproof to 1m and aircraft-grade housing to withstand bumps and drops

INTUITIVE CONTROLS

11 easy-to-use brightness settings, including 2 night vision settings, with proprietary Carry-Loc™ lock-in mode

RAPID TARGET ACQUISITION

Large window & high visibility vertical post on the rear deck result in faster dot acquisition

Guaranteed to survive continuous firing and recoil from today's most popular handguns and compatible with today's most common IWB/OWB holsters.

SIDE-LOADING BATTERY

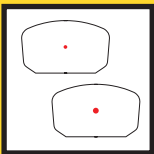

No need to re-zero after a battery change
