***A message from Carla J. Baker, NRP
President, Southeastern Emergency Equipment***

*Welcome and thank you for taking time to review the 24th edition of our EMS and Fire Catalog. We at Southeastern Emergency Equipment are honored by your interest in our company. Recognizing your time is precious, I will be brief and not elaborate on the areas of our company we believe every distribution company must have to function in today's ever-changing environment. **What's key is how we are different . . .***

■ **Led by...Dedicated to...We are EMS and Fire.**

At Southeastern Emergency Equipment, our connection to the EMS and Fire brotherhood is not just about transacting business; it's a way of life. You will never have to question our dedication and loyalty to the profession we hold so dear in our hearts. The majority of our front-line staff, including me, is a current or former EMS/Fire professional. As a result, we have experienced the unpredictable and ever-changing climate in which you work and relate to the unique physical, mental and emotional environment you face. We've been where you are and understand.

■ **Acceleration of Education and Clinical Services**

Like many of you, we have watched some EMS/Fire distributors shift toward an "order taking" mindset—at a time when respected industry leaders advocate the need for distributors to increase their footprint in areas related to training, education, and clinical services. We are gratified that our long-standing commitment to helping you choose the best products and being there to help you learn to use them is now considered cutting-edge. In fact, we have taken steps to increase our commitment to this vital service.

■ **Increased Commitment to Technology and Operational Efficiencies**

Our commitment to better serve you includes investing in a new company-wide operating system that helps us be more efficient and effective. We also are improving our operational processes. One immediate example is that every in-stock order placed is shipped same day. This means your orders arrive more quickly and helps you be more efficient.

■ **We are an Independent Company**

We've been serving our customers as an independent company since 1979. We're fully committed to remaining independent and to continuing our long-standing tradition of remarkable customer service. Our business decisions are based on doing what is right for our customers and our employees—both short- and long-term. This part of our "DNA" reflects our belief that business success extends far beyond the profit/loss statement.

■ **We are a Family of Companies**

Our sister company, Southeastern Specialty Vehicles (SSV), offers new and pre-owned ambulances, remounts and specialty vehicles such as QRVs. A second sister company, EMS American LLC, designs portable structures that can serve as temporary housing, food service facilities, mortuary units, etc. With the family of companies, Southeastern Emergency Equipment can be your one-stop shop.

To our current customers, THANK YOU for your business and your friendship – we truly value both. To those of you that haven't yet worked with us, we hope you will give us the opportunity to show you the "Southeastern Emergency Equipment difference."

Sincerely,

Carla J. Baker, NRP
President

Item 989803179181

HeartStart FR3 Defibrillator (Philips)

Our best professional-grade AED yet, the HeartStart FR3 is designed to make lifesaving faster, easier, and better.

Faster – helping you do your job faster as it significantly reduces deployment. It eliminates steps to help you start the right therapy – CPR or defibrillation.

Easier – helping make your job easier with the smallest and lightest professional-grade AED among leading global manufacturers. It is designed to be rugged, reliable, and ready to use.

Better – helping you improve your response by supporting a culture of continuous improvement, including optimizing training and fine-tuning SCA response.

- Automatically powers on by opening the FR3 carrying case so you can focus on pad placement from the start (rigid carrying case only).
- Peel and place SMART Pads III. There's no foil pouch to open when the pads are pre-connected.
- Receive patient-specific guidance with Philips SMART CPR for the most appropriate initial therapy –CPR or defibrillation – even for shockable rhythms.
- Minimize CPR interruptions and speed shock delivery with Philips Quick Shock.
- No need to change pads during pediatric cardiac arrest. Just use the same SMART Pads III for adults and children.
- Insert the Infant/Child Key to automatically decrease the defibrillation therapy and implement the configured infant/child CPR protocols..

861388	HeartStart FR3 Text bundle includes standard battery, SMART Pads III and user documentation	each	2,799.00
861389	HeartStart FR3 ECG bundle includes standard battery, SMART Pads III and user documentation	each	3,320.00

FR3 Carrying Cases (Philips)

There are three cases available for the FR3 defibrillator.

- **Rigid System Case** is designed for environments like Fire, EMS, military and heavy industry, or anywhere aggressive use is expected. It's made of very durable plastic, and will protect FR3 and its accessories in demanding applications. A Pads Sentry is included. 13.2" w x 10.3" h x 5.2" d.
- **Soft System Case** is lightweight and medium-sized, and allows room for a spare battery, spare pads, and an optional Infant/Child Key. This case is intended for environments where the defibrillator is protected from excessive moisture and harsh treatment. Includes a Pads Sentry. 10.15" w x 9.1" h x 4.86" d.
- **Small Soft Case** is for when ultimate portability is essential. Its small, lightweight design makes it ideal where size and weight are among top criteria for decision makers. This case is intended for environments where the defibrillator is protected from excessive moisture and harsh treatment. Pads Sentry included.

989803149971	FR3 rigid system case	each	243.00
989803179161	FR3 soft system case	each	164.00
989803179181	FR3 small soft case	each	160.00

SMART Pads III (Philips)

SMART Pads III have been streamlined for fast deployment. The time-consuming steps of removing the pads' packaging during the initial stages of the response have been eliminated. Also, they can be used on both adults and children (with optional Infant/Child Key) so there's no time wasted changing pad sets. Offset tabs enable a peel-and-place workflow that is easier and faster to use. The multifunction SMART Pads III connector is compatible with HeartStart manual defibrillators, and can be used for ECG monitoring, external pacing, and synchronized cardioversion as well as defibrillation.

989803149981	SMART Pads III	pair	46.00
989803149991	SMART Pads III	5 pairs/case	208.00

FR3 Infant/Child Key (Philips)

The FR3 Infant/Child Key with tether is designed for use with the HeartStart FR3 Defibrillator when treating an infant or child who is under 55 lbs. Once the Infant/Child Key is inserted, the FR3 automatically reduces the defibrillation therapy to an appropriate level for children.

989803150031	FR3 Infant/Child Key	each	97.00
--------------	----------------------	------	-------

FR3 Primary Disposable Battery (Philips)

FR3 primary battery is a lithium manganese dioxide disposable battery. 5 year shelf life. Typically 300 shocks, or 12 hours of monitoring time.

989803150161	FR3 Primary Disposable Battery	each	270.00
989803150171	FR3 FAA-Compliant Battery	each	261.00

FR3 Rechargeable Clinical Battery (Philips)

This rechargeable battery is intended for organizations that frequently use the FR3. It is often used with the 3-Lead Cable (989803150041) to keep per-use costs low.

- Provides ~100 shocks
- Provides up to 3.5 hours of operating time (3 hours with CPR meter)
- Fuel gauge on the FR3 shutdown display
- Long battery life cycle ~300 charge/discharge cycles
- Charger shared with the FR3 Training Pack

989803150241	FR3 Rechargeable Clinical Battery	each	500.00
861394	FR3 Rechargeable Battery Charger	each	310.00

FR3 Fast Response Kit (Philips)

The FR3 Fast Response Kit includes two pairs of gloves, an adult pocket mask, paramedic scissors, prep razor, and a large paper towel. These items are enclosed in a durable plastic housing that's been designed to fit conveniently inside the lid of the Philips Rigid System Case (989803150111).

989803150111	FR3 Fast Response Kit	each	51.00
--------------	-----------------------	------	-------

FR3 Data Card (Philips)

Stores 8 hours of ECG, patient event data, and 8 hours of voice recording (if desired) for download and retrospective review.

989803150061	FR3 data card	each	92.00
--------------	---------------	------	-------

FR3 Pads Sentry Replacement (Philips)

The Pads Sentry is designed for use in the Philips FR3 carrying cases, and provides support for the fast response features available on the Philips SMART Pads III. Once the pouch has been removed from SMART Pads III, they can be inserted into the Pads Sentry making them ready for fast deployment. The Pads Sentry also enables SMART Pads III to be tested when FR3 does its routine self-tests.

989803150011	FR3 pads sentry replacement	each	39.00
--------------	-----------------------------	------	-------

FR3 3-Lead ECG Cable (Philips)

The FR3 3-Lead ECG Cable gives trained responders the following features and benefits:

- Selectable Lead I, II, III for optimized view
- ECG trace using standard monitoring electrodes
- Event Marker to capture noteworthy events
- Heart Rate to evaluate patient stability
- No battery in ECG cable to limit life
- Includes storage bag

A software upgrade may be required. Please see "FR3 Software Upgrade Kit" on page 7.

989803150041	3-Lead ECG Cable	each	305.00
--------------	------------------	------	--------

CPRmeter Upgrade Kit for FR3 (Philips)

Q-CPR™ is a CPR measurement and feedback tool that has been demonstrated to improve CPR delivery and patient outcomes.

Why Philips added QCPR to the FR3

- AHA and ERC 2015 Guidelines compliant
- Provides visual targets where you want it—on the patient’s chest
 - Compression depth
 - Compression release
 - Compression rate
 - Compression inactivity
- Corrective feedback when targets are missed
- Compression counter
- Detects and alerts when hyperventilation occurs

NOTE: The CPR Meter Upgrade Kit for FR3 (989803149941) runs on software version PR2.1 or higher. For software versions below PR2.1, the FR3 Software Upgrade Kit (989803184831) is also needed.

989803149941	CPR Meter Upgrade Kit for FR3 includes CPR meter, cable link, CPR meter cradle (for rigid case), user documentation and 10 patient adhesives	each	1,295.00
--------------	----------------------------------------------------------------------------------------------------------------------------------------------	------	----------

FR3 Software Upgrade Kit (Philips)

An FR3 Software Upgrade Kit is required (in addition to hardware) for FR3 customers who want to add QCPR, 3-Lead and rechargeable battery functionality to their existing FR3 whose **software version is below PR2.1**. A software upgrade is not required to add the FAA-compliant battery functionality to an existing FR3.

NOTE: One upgrade kit can upgrade any number of FR3 units.

989803184831	FR3 Software upgrade kit to add Q-CPR, 3-Lead and Rechargeable Battery functionality to existing FR3	each	122.00
--------------	------------------------------------------------------------------------------------------------------	------	--------

FR3 CPRmeter Replacement Accessories (Philips)

989803162401	Replacement CPRmeter (does not include cable link, CPR meter cradle or adhesive pads)	each	1,200.00
989803149951	CPRmeter cable link for FR3	each	155.00
989803162231	CPRmeter cradle for FR3	each	23.00
989803163291	CPRmeter patient adhesive pads	10/pkg	50.00

Items 989803150181 (Pads III) and 989803150201 (Cable)

HeartStart FR3 Battery Charger
Item 861394

AED Trainer 3 Remote Control
Item 989803171631

AED Trainer 3 (Philips)

Designed to help prepare emergency responders to use the HeartStart FR3 and other AEDs. Together with appropriate manikins and other training tools, the AED Trainer 3 is intended to help provide realistic training on delivering correct treatment, including shock delivery and CPR, to a cardiac arrest victim.

The AED Trainer 3 guides you through each step of the training scenario with the same voice prompts as the FR3 AED. Like the FR3 AED, the AED Trainer 3 configuration can be customized and its operation easily updated.

- Provides 8 training scenarios that simulate realistic episodes of SCA and help responders become familiar with use of the FR3.
- Like the HeartStart FR3 AED, the AED Trainer 3 can be prepared with its training pads pre-connected and out of their packaging, ready for fast deployment.
- Includes Training Pads III and a reusable interconnect cable. There's no need to change the pads for children. The AED Trainer 3 comes with a Training Infant/Child Key to replicate the infant/child mode of the FR3 AED.

861467-OPTA01	AED Trainer 3	each	451.00
989803150191	FR3 Training Pack provides 4 simulation scenarios and includes training battery, set of Replacement Training Pads III, interconnect cable for Replacement Training Pads III and an external manikin adapter	each	305.00
989803150181	Replacement Training Pads III (requires Interconnect cable 989803150201 and typically provides 100 uses)	pair	26.00
989803150201	Interconnect cable for Training Pads III	each	19.00
861394	FR3 training battery charger	each	310.00
989803171631	Remote control for AED Trainer 3	each	48.00

HeartStart FRx Defibrillator (Philips)

The Philips FRx Defibrillator features technological advancements to help in treating the most common cause of SCA. It's designed to be easy to set up and use, as well as rugged and reliable for those who get there first.

Proven therapy

At the core of all HeartStart Defibrillators is SMART Biphasic technology. The Philips SMART Biphasic waveform is highly effective, yet minimizes harmful side effects. Its effectiveness is backed by over 40 published, peer-reviewed studies. SMART Analysis automatically assesses the victim's heart rhythm and is designed not to deliver therapy unless the rhythm is determined to be shockable – even if the Shock button is pressed. And the FRx is among the fastest in class at delivering a shock after CPR.

Designed for real world use

The Philips HeartStart FRx Defibrillator is exceptionally rugged. Designed to surpass rigorous testing requirements, the FRx withstands jetting water, loads up to 500 pounds, and a one-meter drop onto concrete.

Preconnected SMART Pads II

SMART Pads II can be used for both adults and children. They eliminate the expense of having to purchase different sets of pads for different patient types. SMART Pads II enable the FRx to keep pace with responders by adjusting to their actions.

Infant/Child key

Simply insert the Infant/Child key into the FRx to signal to the device that you're treating an infant or a child. The defibrillator adjusts to provide special pads placement and CPR instructions. The pads icons also flash to show you the optimized pads placement, and the device reduces the shock energy to a level more appropriate for an infant or a child.

Wireless Data Transfer

Infrared data port for easy transmission to a Smartphone or PC running Event Review software, without cables or hardware compatibility issues.

Built on a platform of proven ease-of-use

Small and lightweight – just 3.5 lbs – the FRx is equipped to direct you through the resuscitation of a SCA victim. The HeartStart FRx guides you through every step with clear, calm voice commands and descriptive visual icons.

861304-OPTC01	HeartStart FRx defibrillator with standard carrying case	each	2,099.00
861304-C03	HeartStart FRx defibrillator with hard-shell carrying case	each	2,179.00
861304-OPTR01	HeartStart FRx defibrillator Ready-Pack (includes standard carrying case, spare SMART Pads II)	each	2,127.00
861304-OPTA01	HeartStart FRx defibrillator, aviation bundle	each	2,122.00

FRx Infant/Child Key (Philips)

The infant/child key turns the HeartStart FRx into a pediatric defibrillator by adjusting the voice instructions and decreasing defibrillation therapy to treat infants and children. The same pad set works for adults, children, and infants.

989803139311	HeartStart FRx infant/child key	each	105.00
--------------	---------------------------------	------	--------

The HeartStart FRx

Defibrillator includes an Owner Manual, Quick Set-up guide, maintenance booklet, pre-installed battery, one set pre-installed SMART Pads II and a Quick Reference Guide and choice of carrying case.

The FRx Aviation Bundle

(861304-OPTA01) replaces the standard M5070A battery with the 989803139301 Aviation battery and includes aviation carrying case (zippered).

The FRx Ready-Pack has the device and spare pads pre-installed in carrying case.

The HeartStart FRx Defibrillator device includes an 8-year manufacturer's warranty at no charge. Battery includes 4-year warranty; pads are warranted until expiration date. Other accessories include a one-year warranty.

FRx Standard Carrying Case
Item 989803139251

FRx Hard-Shell Carrying Case
Item YC

Adapter for Zoll 1200, 1400, 1600 and M-series
Item 05-10100

Adapter for Medtronic Physio-Control Quick Combo LP9, 10C, 11, 12, 15, 20 and 500 defibrillators
Item 05-10000

FRx Replacement Carrying Cases (Philips)

Two carrying cases are available for the FRx defib illator:

- **FRx Standard Carrying Case** (item 989803139251) is constructed with easy-to-clean urethane. This case is durable enough to withstand bumps and drops, and provides easy access with a VELCRO® closure. The FRx case holds and protects your FRx Defib illator and optional accessories, including a spare battery, two pads sets, the Infant/Child Key and Quick Reference Guide. Includes strap. Dimensions: 9.5" w x 8.0" h x 5.0" d.
- **FRx Hard-Shell Carrying Case** (item YC) is a waterproof carrying case made of hardshell plastic suited for more rigorous use, particularly in wet outdoor settings. It can also accommodate a spare battery, spare pads cartridge, and the contents of the Fast Response Kit. Dimensions: 13.5" w x 12" h x 6" d.

989803139251	FRx standard carrying case, urethane	each	147.00
YC	FRx hard-shell carrying case, waterproof	each	227.00

SMART Pads II (Philips)

Save valuable time in an emergency with pads that can be used on adults, children and infants. SMART Pads II eliminate the expense of having to purchase a different pads set for different patient types. These pre-connected pads are packaged in a semi-rigid pads case for added protection, and are equipped with a HeartStart-compatible plug for easy hand-off o Philips ALS defib illators and to competitive defib illators with adapters. For patients less than 55 lbs. Use with the Infant/Child Key.

989803139261	SMART Pads II	each	56.00
--------------	---------------	------	-------

HeartStart Pads Adapters (Philips)

Smart Pads II can also be used with defib illators from other manufacturers, when equipped with Philips Heart Start Adapters.

05-10100	Removable adapter for Zoll 1200, 1400, 1600, M and X-series	each	42.00
05-10000	Removable adapter for Medtronic Physio-Control Quick Combo LP9, 10C, 11, 12, 15 and 500 defib illators LP9, LP10C, 11, 12, 15 and 500 defib illators	each	42.00
05-10200	Pads Adapter, adapts plug style pads into Hewlett Packard barrel style connector	each	42.00

Fast Response Kit (Philips)

The Fast Response Kit contains tools and supplies typically needed for patient care and personal protection: 2 pairs of hypoallergenic nitrile gloves, a pocket breathing mask, paramedic scissors, a chest hair razor and a large extra-absorbent paper towel. These items are housed in a zippered pouch which attaches securely to the handle of either the semi-rigid or vinyl carrying case.

68-PCHAT	HeartStart Fast Response Kit	each	38.92
----------	------------------------------	------	-------

FRx Long-Life Batteries (Philips)

The FRx Defibrillator uses a disposable, lithium manganese dioxide, long-life battery with a five-year shelf life plus a (typical) four-year installed life. A spare battery should be stored with the defibrillator. Additional batteries should be purchased for defibrillators used frequently for training and/or demonstrations. This battery is also compatible with HeartStart Onsite Defibrillators.

M5070A	HeartStart FRx lithium manganese dioxide battery	each	143.00
989803139301	HeartStart FRx aviation battery	each	176.00

HeartStart FRx Trainer (Philips)

Empower your students by teaching them how to use the HeartStart FRx Defibrillator to help save lives. The HeartStart FRx Trainer simulates how the HeartStart FRx Defibrillator will operate during a real-life cardiac arrest event. Clear, confident voice instructions and pre-configured rescue scenarios make training students easier and more rewarding. Voice instructions match those of the HeartStart FRx Defibrillator.

- Works with internal and external pads adapters, allowing the instructor to provide some or no clues toward pad placement, resulting in the most realistic training scenario.
- Resembles the HeartStart FRx Defibrillator, yet is sufficiently different to avoid inadvertent use in an actual emergency.
- Accepts Infant/Child Key for pediatric defibrillation training.
- CPR coaching helps train students in adult and infant/child CPR.
- Uses four standard "AA" batteries (not included), allowing you to manage training costs.

HeartStart FRx Trainer
Item 861306

861306	HeartStart FRx Trainer includes nylon carrying case, one set of reusable adult training pads and one external manikin adapter strip	each	369.00

HeartStart OnSite (HS1) Defibrillator (Philips)

Philips, the leader in portable defibrillation technology, designed the HeartStart OnSite Defibrillator for the ordinary person in the extraordinary moment. The first commercial defibrillator available without a prescription, the OnSite is designed to be the easiest to use and most reliable defibrillator available.

Innovative technology, based on extensive research and user feedback, has produced a defibrillator so easy to use that you can potentially save the life of a coworker, friend, or anyone else stricken with sudden cardiac arrest.

The HeartStart OnSite Defibrillator includes one pre-installed battery, one pre-installed SMART Pads Cartridge, Quick Set-up Guide, Maintenance Booklet, Quick Reference Guide, and Owners' Manual plus the user-selected carrying case.

The HeartStart OnSite Ready-Pack configuration has the AED and spare pads cartridge pre-installed in the standard carrying case.

The HeartStart OnSite Defibrillator device includes an 8-year manufacturer's warranty while the battery includes a 4-year warranty from time of installation. SMART Pads Cartridge warranty extends to the expiration date. Other accessories include a 1-year warranty.

- **Voice instructions.** Clear, natural voice instructions are paced to your actions, guiding you through the entire process; from assessing the patient and placing pads, to delivering a shock and performing CPR.
- **Low maintenance.** Battery powered by a simple, safe, long-life (four-year) battery.
- **Pads placement.** Guides the user to place pads on the patient. Best in class based on two studies.
- **Easy to carry.** Treats infants, children and adults with special cartridges.
- **Daily self-tests** check electrical components, subsystems and battery.
- **CPR coaching.** Simply follow the voice instructions on rescue breathing and hand placement, and listen to the metronome to coach you on the frequency of compressions.
- **A self-test** also verifies that the pads cartridge is installed and in working order.
- **A blinking green "Ready" light** means the OnSite has passed its last self-test, so you can be confident the defibrillator is ready for use.
- **Automatic self-tests** help ensure continued readiness.

M5066A-OPTC01	HeartStart OnSite defibrillator with standard carrying case	each	1,455.00
M5066A-OPTC02	HeartStart OnSite defibrillator with slim carrying case	each	1,389.00
M5066A-OPTC03	HeartStart OnSite defibrillator with hard-shell carrying case	each	1,581.00
M5066A-OPTR01	HeartStart OnSite defibrillator Ready-Pack (includes standard carrying case, spare adult SMART pads cartridge. Device and spare pads are pre-installed in carrying case.)	each	1,512.00

HeartStart OnSite Replacement Cases (Philips)

There are three carrying cases available for the HeartStart OnSite Defib illator:

- **Standard Carrying Case** (item M5075A) can accommodate one spare pads cartridge and a spare battery, in addition to the OnSite Defib illator. It also comes equipped with a pair of paramedic scissors. 9.5" w x 8.5" h x 4.8" d
- **Slim Carrying Case** (item M5076A) holds the OnSite Defib illator and a pair of paramedic scissors. 9.5" w x 8.5" h x 3.5" d
- **Hard-Shell Carrying Case** (item YC) is made of hardshell plastic suited for more rigorous use, particularly in wet outdoor settings. It can also accommodate a spare battery, spare pads cartridge, and the contents of the Fast Response Kit. 13.5" w x 12" h x 6" d

The Standard and Slim cases are constructed with semi-rigid materials and covered in durable red Cordura.® A window pocket inside both cases, the Standard and Slim, holds the OnSite Quick Reference Guide.

M5075A	OnSite standard carrying case	each	133.00

OnSite Adult SMART Pads Cartridge (Philips)

Appropriate for cardiac arrest victims weighing 55 pounds or more. Defib illation pads should be replaced after each use or once every two years.

M5071A	OnSite adult SMART pads cartridge	each	73.70
--------	-----------------------------------	------	-------

OnSite Infant/Child SMART Pads Cartridge (Philips)

Children weighing less than 55 pounds, including infants, should be treated using HeartStart Infant/Child SMART Pads. These pads instruct the defib illator to reduce the energy of its shock from 150 to 50 Joules (J), a more appropriate dosage. The Infant/Child Pads cartridge is marked with an indication of patient weight and with a teddy bear icon for easy identification. Defib illation pads should be replaced after each use or once every two years.

M5072A	OnSite infant/child SMART pads cartridge	each	118.80
--------	------------------------------------------	------	--------

OnSite Long Life Battery (Philips)

The OnSite Defib illator uses a disposable, lithium manganese dioxide, long-life battery with a five-year shelf life plus a (typical) four-year installed life. A spare battery should be stored with the defib illator. Additional batteries should be purchased for defib illators used frequently for training and/or demonstrations. This battery is also compatible with HeartStart FRx Defib illators.

M5070A	OnSite long life battery	each	143.00
--------	--------------------------	------	--------

Fast Response Kit (Philips)

The Fast Response Kit contains tools and supplies typically needed for patient care and personal protection: 2 pairs of hypoallergenic nitrile gloves, a pocket breathing mask, paramedic scissors, a chest hair razor and a large extra-absorbent paper towel. These items are housed in a zippered pouch which attaches securely to the handle of either the semi-rigid or vinyl carrying case.

68-PCHAT	HeartStart Fast Response Kit	each	38.92
----------	------------------------------	------	-------

HeartStart OnSite Trainer
Item M5085A

HeartStart OnSite (HS1) Trainer (Philips)

The HeartStart OnSite Trainer simulates how the HeartStart OnSite Defib illator will operate during a real-life cardiac arrest event.

- Clear, confident voice instructions and preconfigured scenarios make training students easier and more rewarding.
- Voice instructions match those of the HeartStart OnSite Defib illator.
- Works with internal and external pads adapters, allowing the instructor to provide some or no clues toward pad placement.
- Resembles the HeartStart OnSite Defib illator, yet is sufficiently different to avoid inadvertent use in an actual emergency.
- Uses four standard "AA" batteries (not included).

HeartStart OnSite Adult Pads Placement Guide
Item M5090A

M5085A	HeartStart OnSite trainer includes nylon carrying case, one set of reusable adult training pads and one external manikin adaptor strip	each	358.00
M5073A	HeartStart OnSite adult training pads with cartridge	each	84.00
M5093A	HeartStart OnSite adult training pads, no cartridge	each	34.00
M5090A	HeartStart OnSite adult pads placement guide ("Flat Man")	each	29.00
M5074A	HeartStart OnSite infant/child training pads with cartridge	each	91.00
M5094A	HeartStart-OnSite infant/child training pads, no cartridge	each	34.00
989803139281	HeartStart OnSite infant/child pads placement guide ("Flat Kid")	each	29.00

M5089A	External manikin adapters	5/pkg	58.00
T1950	"AA" battery	each	0.52

External Manikin Adaptor
Item M5089A

HeartStart FR2+ Defibrillator

After nine years on the market, the **Philips FR2+ was discontinued** in 2009.

Supplies and training accessories **are currently** still available.

If you should have questions or need assistance with selecting another Philips AED to meet your needs, please call your Southeastern Emergency Equipment District Sales Manager or customer service representative for more information and assistance.

FR2 Carrying Cases (Philips)

There are four carrying cases available for the HeartStart FR2-Series Defibrillator.

- **Standard Carrying Case**, either semi-rigid Cordura® (item M3868A) or vinyl (M3869A) are intended for use in environments where the defibrillator is protected from excessive moisture and harsh treatment. Both hold the device as well as its main accessories and supplies. 9.5" w x 8.5" h x 4.8" d.
- **Temperature Control Carrying Case** (item 9898-3133171) allows you to safely store your FR2 in the trunk or storage compartment of a vehicle during extreme winter and summer temperatures. 9.5" w x 8.5" h x 3.5" d.
- **Hard-Shell Carrying Case** (item YC) is made of hard-shell plastic and is suited for more rigorous use, particularly in wet outdoor settings. It can also accommodate a spare battery, spare pads cartridge, and the contents of the Fast Response Kit. 13.5" w x 12" h x 6" d.

FR2+ Standard Carrying Case
Item M3868A

FR2+ Temperature-Control Carrying Case
Item 9898-3133171

FR2+ Hard-Shell Carrying Case
Item YC

M3868A	HeartStart FR2 standard carrying case, red cordura	each	150.00
M3869A	HeartStart FR2 vinyl carrying case	each	150.00
989803133171	HeartStart FR2 temperature control carrying case	each	439.00
YC	Hard-shell carrying case, waterproof	each	220.00

FR2+ Adult Pads (Philips)

Soft, flexible and oval shaped, HeartStart Adult Defibrillator Pads conform to the body contours for ample surface contact and adhesion. The robust lead wire connector is ergonomically designed, enabling fast and easy insertion. These pads are the same as DP2/DP6. Philips changed part numbers and packaging.

- Includes rugged defibrillation pads connector.
- Recommended for patients 8 years and older, or above 55 lbs.
- Constructed of a thin flexible conductor sandwiched between a protective non-conductive backing and a hydro-gel adhesive.
- May be used for ECG monitoring, external pacing, synchronized cardioversion and defibrillation.

989803158211	Adult defibrillator pads for FR2-series defibrillators (same as DP2/DP6)	pair	34.60
989803158221	Adult defibrillator pads for FR2-series defibrillators (same as DP2/DP6)	5 pair	173.00

FR2 Infant/Child Reduced-Energy Defibrillator Pads (Philips)

HeartStart FR2 Infant/Child Defibrillator Pads are for treating infants and children under 55 lbs. with an FR2-series defibrillator. These special infant/child pads contain electronics that attenuate, or reduce, the energy of the defibrillator's shock from 150 to 50 joules, a more appropriate dosage of SMART Biphasic therapy for infants and small children.

The pads' design was carefully thought out to ensure that even for the most inexperienced user under the most stressful circumstances, it is instantly obvious that these pads are for children and infants only. This helps ensure the correct pads are chosen when you need to be prepared to treat both adults and children. The packaging, graphics and pink teddy bear-shaped connector clearly communicate pediatric use.

M3870A	FR2 infant/child reduced-energy defibrillator pads	pair	93.08
--------	----------------------------------------------------	------	-------

FR2+ Data Card and Tray (Philips)

The data card holds approximately 8 hours of incident and ECG information, or one hour with voice recording. One card can hold data from multiple cases. A flash data card reader enables data transfer from the card to a personal computer for use with HeartStart Event Review data management software.

M3854A	FR2+ data card and tray	each	103.00
--------	-------------------------	------	--------

FR2+ Rechargeable Battery (Philips)

This lithium-ion battery fully charges using the Charger (item M3849A) in just three hours to provide 100 shocks (typical) or five hours (typical) of ECG display time. The "fuel gauge" on the FR2 displays the battery's remaining power. Under normal conditions, the FR2 rechargeable battery withstands 300 charge-discharge cycles or 2.5 years of use.

M3848A	FR2+ rechargeable battery	each	307.00
--------	---------------------------	------	--------

FR2+-Series Disposable Batteries (Philips)

FR2+-series defibrillators come with a disposable lithium manganese dioxide battery which has a shelf life of 5 years, plus typical standby life of 5 years (4 years minimum).

M3863A	FR2+-series standard battery	each	233.54
989803136291	FR2+-series aviation battery	each	277.00

Fast Response Kit (Philips)

The Fast Response Kit contains tools and supplies typically needed for patient care and personal protection: two pairs of hypoallergenic nitrile gloves, a pocket breathing mask, paramedic scissors, a chest hair razor and a large extra-absorbent paper towel. These items are housed in a zippered pouch which attaches securely to the handle of either the semi-rigid or vinyl carrying case.

68-PCHAT	HeartStart Fast Response Kit	each	38.92
----------	------------------------------	------	-------

HeartStart Pads Adapters (Philips)

Smart Pads II can also be used with defibrillators from other manufacturers, when equipped with Philips Heart Start Adapters.

05-10100	Removable adapter for Zoll 1200, 1400, 1600, M and X-series	each	42.00
05-10000	Removable adapter for Medtronic Physio-Control Quick Combo LP9, 10C, 11, 12, 15 and 500 defibrillators	each	42.00
05-10200	Pads Adapter, adapts plug style pads into Hewlett Packard barrel style connector	each	42.00

Adapter for Zoll 1200, 1400, 1600 and M-series
Item 05-10100

Adapter for Medtronic Physio-Control Quick Combo LP9, 10C, 11, 12, 15, 20 and 500 defibrillators
Item 05-10000

HeartStart AED Trainer 2 (Philips)

For training many responders simultaneously, Philips HeartStart AED Trainer 2 is a more flexible and economical solution. AED Trainer 2 helps your responders learn to use FR2-series defibrillators in simulated sudden cardiac arrest episodes for an extremely realistic training experience. AED Trainer 2 looks and behaves like the FR2-series defibrillators, but cannot deliver an actual defibrillation shock.

It is pre-configured with 10 realistic training scenarios, developed in accordance with internationally recognized emergency responder training programs. Voice prompts in various languages and additional custom scenarios can be configured using the optional programming kit.

The AED Trainer 2 comes equipped with one set of adult-size reusable training pads, a quick reference instruction card, a user guide, and a carrying case. Also available is the all-in-one AED Little Anne Training System, for added realism. Uses 6 standard "C" batteries (not included).

AED Trainer 2
Item M3752A

Item 07-10900

HeartStart ForeRunner (FR) Defibrillator

Although **Philips' Forerunner (FR) defibrillator has been discontinued**, the supplies below are available.

If you should have questions or need assistance with this or another Philips AED, please call your Southeastern Emergency Equipment District Sales Manager or customer service representative for more information and assistance.

HeartStream ForeRunner (FR) Defibrillator Pads (Philips)

Soft, flexible and oval shaped, HeartStart Adult Defibrillator Pads conform to the body contours for ample surface contact and adhesion. The robust lead wire connector is ergonomically designed, enabling fast and easy insertion. These pads are the same as DP2/DP6. Philips changed part numbers and packaging.

- Includes rugged defibrillation pads connector.
- Recommended for patients 8 years and older, or above 55 lbs.
- Constructed of a thin flexible conductor sandwiched between a protective non-conductive backing and a hydro-gel adhesive.
- May be used for ECG monitoring, external pacing, synchronized cardioversion and defibrillation.

989803158211	Adult defibrillator pads (same as DP2/DP6)	pair	34.60
989803158221	Adult defibrillator pads (same as DP2/DP6)	5 pair	173.00

HeartStream Forerunner (FR) Battery Pack (Philips)

This disposable lithium manganese dioxide battery pack has a typical shelf life of five years and a typical standby life of one year.

PHIBT1	Disposable battery pack for FR AED	each	162.00
--------	------------------------------------	------	--------

NOTE: The Philips battery pack (item BT1) was discontinued in December 2016. PHIBT1 is an aftermarket replacement battery.

HeartStart AED Cabinets (Philips)

To mobilize an emergency medical response or deter AED theft, Philips offers three different battery-operated, alarmed wall cabinets. Basic Surface-Mounted Cabinet has a simple audible alarm. Two premium cabinets feature combination audible and flashing light alarms. They are made of sturdy heavy-gauge steel, and are large enough to accommodate additional medical supplies. You can also connect the premium cabinets' alarms to your internal security or facility's monitoring system so that a more coordinated emergency response can be mobilized centrally. Each cabinet requires two 9-volt batteries (not included).

- **Basic Surface-Mounted Cabinet** mounts on the wall. 16.5" w x 15" h x 6" d.
- **Premium Semi-Recessed Cabinet** is inserted into a wall cut-out. It's perfect where ADA regulations are a consideration. 16.5" w x 24.5" h x 2.5" d.
- **Premium Surface-Mounted Cabinet** provides easy installation without cutting into walls. 16" w x 22.5" h x 6" d.

989803136531	Basic surface-mounted cabinet	each	253.00
PFE7023D	Premium semi-recessed cabinet	each	469.00
PFE7024D	Premium surface-mounted cabinet	each	440.00
T1954	9 volt battery	each	1.78

Premium Semi-Recessed
Item PFE7023D

Basic Surface-Mounted
Item 989803136531

Premium Surface-Mounted
Item PFE7024D

Wall Mount Bracket (Philips)

The Wall Mount Bracket is designed specifically for housing a Philips HeartStart Defibrillator and its accessories. The defibrillator's carrying case can be tethered to the Wall Mount Bracket with a breakaway Secure-Pull Seal (item M3859A), to discourage tampering. A broken seal indicates that the defibrillator has been removed from the Wall Mount and accessories may need to be replenished. The Fast Response Kit (68-PCHAT) tucks neatly behind the defibrillator case.

989803170891	AED wall mount bracket	each	98.00
--------------	------------------------	------	-------

SOME CABINETS AVAILABLE IN STAINLESS STEEL.

Call Customer Service at (800) 334-6656 for information.

Window Cling

Let your guests and everyone on your premises know that you've secured your facility with a Philips HeartStart AED. These clings can be placed on glass in doors, windows, etc. and can be easily removed without residue or damage.

DPCLING	Philips AED window cling	each	2.95
---------	--------------------------	------	------

AED Wall Sign (Philips)

An AED wall sign hanging above a wall mount bracket or defibrillator cabinet gives even greater visibility to the defibrillator. Can be mounted three different ways to maximize visibility: T-mount, V-mount or corner mount.

989803170921	AED wall sign	each	36.00
--------------	---------------	------	-------

AED Awareness Poster Pack (Philips)

Place this poster away from the AED, in break areas, copy rooms or locker rooms—anywhere employees or members of the public can take a moment to raise their awareness about AEDs. Includes space for the AED coordinator to write-in the location of the nearest AED. Pack of four posters.

861476-ABA	AED awareness poster pack	4/pkg	22.00
------------	---------------------------	-------	-------

AED Signage Bundle (Philips)

This AED Signage Bundle includes an AED wall sign (989803170921), AED awareness placard (989803170901) and four AED posters (861476-ABA).

861478-ABA	AED signage bundle	each	66.00
------------	--------------------	------	-------

AED Awareness Placard (Philips)

Raise AED awareness by putting an AED Awareness Placard above every AED located in a public area. Easy-to-understand graphics raise awareness of passers-by about how to use an AED in an emergency.

989803170901	AED awareness placard	each	27.00
--------------	-----------------------	------	-------

Secure Pull Seal (Philips)

M3859A	Secure pull seal	10/pkg	11.00
--------	------------------	--------	-------

AED Inspection/Maintenance Tag

These tags, like those commonly found with fire extinguishers, allow you to record each time the AED is inspected. Printed on both sides. Includes cable tie.

AMP3737	AED inspection/maintenance tag	5/pkg	4.62
---------	--------------------------------	-------	------

TL1 AED Cabinet (HeartStation)

- Traditional HeartStation quality and value
- Accommodates EVERY major AED on the market
- Molded side handle is flush, preventing accidental openings and damage
- KEYLESS ALARM can be controlled from outside or inside the cabinet
- Alarm is ultra small so it doesn't waste cabinet space yet produces 90 decibels
- Magnetic door latch provides solid closure and trouble-free opening
- Entire cabinet front swings open to allow easy access
- Powder coat finish provides durable protection
- Welded 20 gauge steel throughout (20% thicker than 22 gauge)
- Impact-resistant acrylic window – 9 1/4" w x 10 5/8" h
- 15" h x 14" w x 6 3/4" d; weighs 10 lbs
- Uses three 1.5 Volt LR44 or AG13 batteries (batteries included)
- Shipped fully assembled in protective foam packaging
- One year limited warranty

Note: "FOR USE BY TRAINED RESPONDERS" is no longer printed on cabinet. Decal is included if required in your area.

HSTL1	TL1 AED cabinet	each	183.69
T1955	1.5 volt replacement battery	each	3.06

RC5300 AED Cabinet (HeartStation)

- Rugged 16 gauge welded steel (58% thicker than standard 20 gauge)
- Large 3/16" impact resistant acrylic window
- Distinctive slant top design indicates AED station (also eliminates clutter)
- 100 decibel high output alarm
- High intensity strobe light alarm
- System powered by 9 volt battery (battery included)
- Multiple cabinets can be keyed alike
- Flush, industrial strength hardware
- Powder coat finish with UV protection
- Shipped fully assembled
- One year warranty
- 17" w x 16" d x 6.25" h; weighs 18 lbs

HSRC5300	RC5300 AED cabinet with alarm	each	235.32
T1954	9 volt battery	each	1.78

RC2000 AED Cabinet (HeartStation)

Large cabinet allows for oxygen cylinder, first aid kit, and supplies.

- Multiple cabinets can be keyed alike
- Shipped fully assembled
- One year warranty
- AED bracket included
- Powder coat finish with UV protection
- Flush, industrial strength hardware
- Alarms powered by 12 volt lithium battery pack for higher output and longer life (battery included)
- Theft deterrent system
- High intensity strobe light alarm
- 120 decibel high output alarm (30 seconds) followed by intermittent service tone
- Rugged 14 gauge welded steel (97% thicker than standard 20 gauge)
- Large 3/16" impact resistant acrylic window
- Continual self-monitoring circuitry (9 volt battery included)
- 22" h x 16" w x 6.25" d; weighs 30 lbs

HSRC2000	HeartStart 2000 AED cabinet with alarm and AED bracket	each	508.40
HSRC2000S	HeartStart 2000 AED cabinet with alarm, security tie-in and AED bracket	each	508.40
HSRC2000SL	HeartStart 2000 AED cabinet with alarm, security tie-in, locking door handle and AED bracket	each	508.40
HSRC2000RSB	HeartStart 2000 AED recessed cabinet with alarm, security tie-in and AED bracket	each	553.69

HeartStart Data Messenger (Philips)

Data Messenger software lets you download, view, report, store and send Philips defibrillator data where it needs to go. You can forward patient data for retrospective analysis by your medical director or data administrator. Forward the event report as a PDF, or forward the case to any electronic patient care reporting system enabled with Philips Data Software Developer’s Kit.

- Compatible with Philips Onsite, FRx, FR3 and MRx defibrillators.

861451-A01	HeartStart Data Messenger software, single PC	each	215.00
861451-A03	HeartStart Data Messenger software, site-wide license	each	4,100.00

HeartStart Event Review (Philips)

With Event Review software you can download patient event data from your defibrillator or import events created in Data Messenger. Allows you to analyze defibrillator events and annotate them with your observations, then use Event Review reports to debrief responders to improve their next response.

- Compatible with Philips Onsite, FRx, FR2 and FR3 defibrillators.
- For Philips MRx or systems with both Philips AEDs and MRx’s, please see HeartStart Event Review Pro software below.

861489	HeartStart Event Review software, single PC	each	407.00
861489-A02	HeartStart Event Review software, site-wide license	each	1,025.00

HeartStart Event Review Pro (Philips)

Event Review Pro is Philips’ most comprehensive case management tool for the most demanding data managers and medical directors. It includes even more detailed data entry screens to record every aspect of the response, including detailed response times, interventions, and patient observations. In addition to the individual case reports, you get Utstein reporting and graphical summaries of your system’s overall response times to help you manage your service levels more efficiently.

- For Philips MRx or systems with both Philips AEDs and MRx’s.

861431-OPTA01	HeartStart Event Review Pro software, single PC	each	2,570.00
861431-OPTA06	HeartStart Event Review Pro software, multi-download license (20 downloads)	each	6,175.00

HeartStart Configure (Philips)

HeartStart Configure lets you review and change the configuration of your Philips OnSite, FRx and FR3 on a personal computer. With a few single-click commands, you can retrieve the current configuration from your defibrillator, reset the configuration to default values or revise individual settings according to your medical director’s preferred response protocol, and update your AED. You can save the configuration settings to a file within HeartStart Configure. This makes it easy to use the same configurations on all your AEDs and maintain a record of selected settings. For FR3, you can also set the language, including bilingual primary and secondary languages. You can set the device internal clock setting via FR3 Bluetooth module (item 989893150081).

- Compatible with Philips Onsite, FRx and FR3 defibrillators.

861487	HeartStart Configure software	each	67.00
--------	-------------------------------	------	-------

Infrared Data Cable/Adapter (Philips)

In addition to software, an Infrared Data Association (IrDA) adapter is required to transfer information to and from a HeartStart Onsite or HeartStart FRx defibrillator.

Configuration settings for HeartStart FR3 are changed via Bluetooth or data card.

ACT-IR	Infrared data cable/adapter	each	143.00
--------	-----------------------------	------	--------

Bluetooth Transceiver Module (Philips)

Enables the Philips FR3 to transmit event data to a computer equipped with HeartStart Data Messenger and HeartStart Event Review, Event Review Pro or HeartStart Configure. FR3 protocol configuration settings can be changed and FR3's internal clock can be synchronized with another clock.

989803150081	Bluetooth transceiver module to transmit event data	each	139.00
--------------	-----------------------------------------------------	------	--------

AEDs ■ AED Supplies

Supplies for HeartStart XLT/Laerdal 4000 (Philips)

Note: The Philips HeartStart XLT/Laerdal 4000 semi-automatic defibrillator has been discontinued. However, the following supplies are still available.

40457C	50 mm chemical thermal paper, gray grid	10/box	34.00
M3501A	XLT/Laerdal 4000 defibrillation pads, adult with white barrel-style connector	each	27.10
989803158211	Adult defibrillator pads (same as DP2/DP6)	pair	34.60
M3507A	XLT/Laerdal 4000 hands-free defibrillation cable with barrel-style connector	each	142.00
M3508A	XLT/Laerdal 4000 hands-free defibrillation cable with FR2 style/plug connector	each	132.00
M1191B	Reusable SpO ₂ finger sensor, adult	each	264.00
M1192A	Reusable SpO ₂ finger sensor, pediatric	each	264.00
M1943A	Nellcor SpO ₂ sensor adapter cable	each	180.00

Supplies for Cardiac Science AEDs

9131-001	Adult defibrillation pads for all Cardiac Science and Survivalink AEDs	each	48.68
9730-002	Pediatric defibrillation pads for Cardiac Science AEDs only	each	111.11
9146-101	PowerHeart AED G3 replacement battery	each	468.37
9145-101	PowerHeart AED G3 PRO replacement battery (PRO only)	each	608.88
9146-102	FirstSave AED G3 replacement battery (yellow)	each	468.37
9141R-001	Original Survivalink AED replacement battery	each	442.90

Supplies for LIFEPAK CR Plus and LIFEPAK Express

11403-000002	CR Plus Charge-Pak with one set defibrillation electrodes	set	120.77
11101-000016	Physio-Control infant/child electrode pads	each	134.05

Supplies for LIFEPAK 500 AED

11996-000017	Physio-Control Redi-Pak LIFEPAK electrode pads, adult	pair	51.18
11101-000016	Physio-Control infant/child electrode pads (use only with LP500 AED with pink connector)	each	134.05
KE1310P	MEDI-TRACE electrodes w/quick combo connector, adult (replaces 11996-000091)	pair	25.38
KE22550PC	Replaces Physio-Control Quick-Combo RediPack (11996-000017). For LP10C, LP12, LP500 and LP1000	pair	33.85
LP500B	LP500 battery, generic	each	258.00
11141-000013	LIFEPAK 500 replacement lithium battery	each	396.03

Supplies for LIFEPAK 1000 AED

11996-000017	Physio-Control Redi-Pak LIFEPAK electrode pads, adult	pair	51.18
KE22550PC	Medi-Track Cadence Pre-Connect adult Quick Combo defibrillation pads	pair	33.85
11101-000016	Physio-Control infant/child electrode pads	each	134.05
11141-000100	LP1000 non-rechargeable battery pack	each	447.69

Supplies for Zoll AED Plus and Zoll AED Pro

8900-0800-01	CPR-D Padz System - a one-piece (Z-shaped) pre-connected electrode with compression, depth and rate sensor. Comes with CPR barrier mask, pair of scissors, gloves, prep razor, towel and moist towelette.	each	195.00
8900-0810-01	Pedi-Padz II multifunction electrodes for AED Plus, AED Pro, E-Series and X-Series	each	109.62
8900-0802-01	Stat Pads II (There is no CPR feedback capability with these traditional 2-piece electrode pads.)	pair	47.98
8000-0807-01	Type 124 lithium batteries for Zoll AED Plus (includes 10 batteries with storage sleeve)	each	86.54
8000-0860-01	Non-rechargeable battery for Zoll AED PRO	each	184.62

Southeastern Emergency Equipment & ReNew Biomedical Partnership

Southeastern Emergency Equipment is pleased and excited to announce a partnership with ReNew Biomedical! We will now be able to service and maintain your medical equipment to prolong and extend the life of its use. We can service, maintain, and support defibrillators, ventilators, infusion pumps, AEDs, EKGs and vital signs monitors. Utilize and take advantage of this cost effective, hassle-free program to renew and maintain your equipment. This opportunity is made exclusively for the EMS and fire rescue market!

Together, we are able to offer the EMS and Fire Rescue market an affordable, low-cost, and effective way to preserve and maintain medical equipment, prolonging the life of your machines through use of ReNew's Preventative Maintenance programs and Service Contracts.

For more information on how you can save money on servicing and maintaining your equipment, contact your Southeastern District Sales Manager or call Customer Service at (800) 334-6656.

HeartStart MRx Monitor/Defibrillator for EMS by Philips

BUILT TOUGH AND READY FOR ACTION

For whatever situation you face in a day, the HeartStart MRx is built to be tough and ready for action. It is designed to meet stringent test requirements including spraying water, military helicopter vibration, mechanical shock, one-meter drop, electro-magnetic compatibility, and extreme environmental conditions (temperature, humidity, and altitude).

Rugged and reliable

- **Active ready-for-use visual indicator** flashes to signal the device has power and is in good functioning order to monitor and deliver therapy.
- **18 hours of continuous ECG monitoring** with two fully charged batteries.
- **Automatic lead switching** to the next preferred lead when a lead falls off or is cut when in monitor or manual defibrillation mode, letting you focus on the patient, not the monitor.
- **Enhanced ECG performance** with improved connection points, more robust cables, and rugged lead sets. The EMS lead sets also have labels that can be seen in low light environments.
- **Seamless wireless data transmission** of 12-lead ECGs, periodic clinical data, and event summaries over Wi-Fi or cellular broadband improves speed, reduces workflow complexity, and helps increase reliability.
- **Choice of color** with the tactical gray color designed to show less dirt and wear and tear over time. Original white MRx is still available.

Intuitive and easy-to-use

- **Intuitive design** with therapy controls and connections on the right, monitoring on the left.
- **Easy-to-use interface** with contrasting colors for sync button, printer button, and menu and soft keys around the monitor face make it easier to find what you need fast. The tactical gray MRx provides even greater contrast.
- **Large color display** shows 4 waveforms and numerics, or view all 12 leads at once with the 12-lead acquisition option.
- **Comprehensive automated** hourly, daily, weekly self-test results are available on the display.
- **Flexible Event Summary print option** allows configuration of the desired clinical data, including EtCO₂ waveform, in the Event Summary report.
- **Enhanced event markers** offer the ability to enter the dose and unit of measure providing greater flexibility in patient care.

M3536A

HeartStart MRx monitor/defibrillator for EMS

Available in numerous configurations to meet your needs. Please call for more information and pricing.

Tough enough for the US Army

The same MRx model Philips ships to all EMS customers is tough enough to receive an Airworthiness Certification from the United States Army. The MRx was subjected to extensive testing for the most rigorous and demanding environments faced by military personnel.

CLINICAL DECISION SUPPORT THERAPIES

For Philips, clinical decision support means delivering actionable clinical intelligence that can have a real impact on patient care, workflow, and financial outcomes. The smart clinical decision support solutions analyze, interpret, and present data in meaningful ways that provide valuable information about changes in a patient's status.

Only Philips has the advanced DXL 12-lead ECG algorithm, which takes STEMI decision support to a new level by providing unique data views that enable confident decision-making to help speed triage.

- Pinpoints the **STEMI-Culprit Artery** most likely responsible for the acute symptoms, which can assist in directing care in the field and treatment in the Cath Lab.
- Generates **Critical Values** for four distinct life-threatening conditions – acute MI, acute ischemia, complete heart block, and very fast heart rate – that require immediate clinical attention. An enhancement of the DXL 12-lead ECG algorithm assists in detecting STEMI imposters, potentially reducing false positives.
- Provides **Gender-Specific Diagnostic Criteria** to enhance recognition and interpretation of cardiac symptoms in women.

The MRx also offers predictive instruments designed to help support confident decision-making.

- Acute Cardiac Ischemia – Time Insensitive Predictive Instrument (ACI-TIPI)** uses the 12-lead ECG to provide a percentage score for predictable probability that the patient is experiencing acute ischemia.
- Thrombolytic Predictive Instrument (TPI)** uses the 12-lead ECG and other demographic information to help predict patient outcome with and without thrombolytic therapy.

12-lead ECG strip

STEMI decision support data

Patient age and chest pain status

STEMI-Culprit Artery Identification (Left Anterior Descending)

Acute cardiac ischemia predictive probability data

Predicted probability of acute ischemia.

Explanation of clinical factors behind the predicted probability.

Pinpoint the STEMI-Culprit Artery most likely responsible for the patient's acute symptoms, which can assist in directing care in the field and treatment in the Cath Lab.

ENHANCED RESUSCITATION THERAPIES

Philips continues to be the leader in developing meaningful innovations in resuscitation therapy, including the first biphasic waveform for an external defibrillator. Philips' evidence-based, proven resuscitation therapies are designed to work together to help you give sudden cardiac arrest (SCA) patients the best chance of surviving and returning to active living.

- **SMART Biphasic** therapy has been rigorously studied and is supported by substantial peer-reviewed, published data. It has been clinically proven to deliver high first shock efficacy for long-downtime SCA patients, as well as to effectively defibrillate across the full spectrum of patients, including those considered "difficult-to-treat."
- **Q-CPR** measurements and feedback tool is supported by more published data than any other CPR quality improvement tool. It has been demonstrated to improve CPR delivery and patient outcomes.
- **Quick Shock** enables fast time to shock. Delivering a shock quickly after chest compressions is critical as benefits of CPR oxygenated blood delivered to the vital organs – dissipate in seconds.
- **Noninvasive Pacing** using either demand or fixed mode. Supports protocols for demand mode only or, if configured, switches to fixed mode in the event a lead is lost, which allows the patient to be continuously paced.

Q-CPR CPR QUALITY IMPROVEMENT TOOL

- **Philips Q-CPR** is supported by more published research than any other CPR quality improvement tool and is available as a fully integrated option with the HeartStart MRx.
- The Q-CPR meter delivers instant audiovisual feedback so that every compression meets depth and rate, complete chest recoil, hands-off time, and ventilation rate to help improve patient chance of survival and increase the opportunity for a complete neurological recovery.
- Q-CPR supports AHA/ERC 2015 CPR Guidelines. The HeartStart MRx can be configured to display either AHA or ERC protocol for depth and rate.

Good compressions

Release pressure between compressions

Compress deeper

Compress slower

CPR timer and compression counter
Ventilation guidance
Real-time feedback directly on monitor
Delivering accurate compression depth on a compliant surface.

Q-CPR offers protocol management and enhanced visual feedback in code view or AED mode.

Turn voice prompts ON or OFF depending on your system's protocol.

Q-CPR at a glance

Ventilation rate	Yes
Ventilation feedback from bag valve mask (BVM) or intubation	Philips exclusive
Displays 2-minute progress bar	Philips exclusive
Chest compression depth too-shallow	Yes
Chest compression rate high	Philips exclusive
Chest compression rate low	Yes
Complete chest recoil	Yes
"Hands off" time – provide audio feedback after 15 seconds if no compression activity	Yes
Complaint vs. non-complaint surface capability	Philips exclusive

DATA MANAGEMENT

Philips' goal is operational efficiency, allowing you to focus more on patient care and less on moving data during treatment and transport. Philips does this through an open data management approach, which means timely transmission of data, interoperability with virtually any ePCR software to streamline information flow, and quality debriefing to help you and your medics continuously improve your emergency responsive services.

With Philips, you have many options to help optimize your operation

- Whatever your workflow...print, display, fax, email, Wi-Fi, cellular broadband, Bluetooth, or Ethernet... the MRx can accommodate it.
- Flexible, fast, and reliable solutions provide data to the intended recipients.
- The Wireless Link transmits 12-lead ECGs, periodic clinical data, and event summaries via Wi-Fi or cellular broadband much faster than Bluetooth, with increased reliability and fewer buttons to push.
- Reliable and trackable automated download and delivery solutions mean no files or data are left behind and medic involvement in administrative tasks is reduced.
- Move data at LAN speed, which enables rapid downloads and faster device return-to-service times.
- Automatic time setting when all events are transferred ensures the HeartStart MRx is in sync with the system of record from "911 call" to "device on."
- Using the Wireless Link, transmit data seamlessly at fast speeds via Wi-Fi or cellular Broadband without any further user interaction so you can focus on your patients.
- Uses same low-cost infrastructure as 12-lead transmission.

Collaborate with hospital care teams by providing critical patient data en route using Periodic Clinical Data Transmission

- Communicate/collaborate on critical care patients – stroke, trauma, respiratory, pediatric, cardiac – to help hospital care teams better prepare for arrival.
- Press "start data transmit" to automatically document critical events and vitals en route.
- Using the Wireless Link, transmit data seamlessly at fast speeds via Wi-Fi or cellular Broadband without any further user interaction so you can focus on your patients.
- Uses same low-cost infrastructure as 12-lead transmission.

Capture and store the entire code, including Q-CPR data, with HeartStart Event Review Pro to help your team reach its full potential

- A breakthrough application for post-event review that provides a robust, insightful view of a resuscitation event.
- Built-in, easy-to-use navigation to pinpoint areas in specific patient's code event to reinforce effective techniques and motivate change where needed.

NEW DATA TRANSMISSION OPTION: WIRELESS LINK

Wireless Link lets you transmit 12-lead ECG's, periodic clinical data, and event summaries via Wi-Fi or cellular broadband (2G/3G). Powered by your MRx, this small, lightweight device stores easily in the back or side pouch of your carry case, and delivers a seamless data transmission experience that's faster than Bluetooth with fewer buttons to push.

Multifunction Electrode Pads (Philips)

M3713A—Use these pads with your MRx when manually defibrillating anyone heavier than 22 lbs. Adult range is described as >25 kg (55 lbs). Child range is described as >10 kg to 25 kg (roughly 22 to 55 lbs).

M3717A—Use these pads with your MRx when manually defibrillating anyone weighing under 22 lbs. Infant range is described as <10 kg (roughly 22 lbs).

M3713A	Electrode pads, Adult/Child Plus, plug/FR2-style	each	29.00
989803166021	Electrode pads, Adult pre-connect pads, 10 sets, plug/FR2-style	10 sets	315.00
M3717A	Electrode pads, Pediatric Plus, 1 set, plug/FR2-style	1 set	37.20
M3501A	Electrode pads, Defibrillator, adult, 1 set, barrel-style	1 set	27.10
M3504A	Electrode pads, Defibrillator pediatric, 1 set, barrel-style	1 set	28.60

SMART Pads III (Philips)

SMART Pads III can be your total pad solution for MRx. SMART Pads III allow you to treat any patient (infant to adult) with one pad. This eliminates the need to carry separate infant/child pads, and will also reduce overall pad cost. Use of the MRx for defibrillation on infants/children is limited to the manual mode where the actual energy can be selected.**

989803149981	SMART Pads III	pair	46.00
989803149991	SMART Pads III	5 pairs	208.00

****NOTE: Use of the AED function on an MRx is for adults only. There is no mechanism (pad attenuator or key) that will allow a reduction in energy in AED mode. Please consult with Medical Control or established protocols before using the MRx in AED mode on patients <55 pounds.**

Barrel-Style cable
Item M3507A

Plug/FR2-style cable
Item M3508A

External Multifunction Cables and Test Loads (Philips)

M3508A	Hands-free defibrillator cable, plug/FR2-style	each	132.00
M3507A	Hands-free defibrillator cable, barrel-style	each	142.00
989803158661	Hands-free defibrillator cable, current Q-CPR connector only, plug/FR2-style	each	180.00
M4763A	Hands-free defibrillator cable, first-generation Q-CPR connector only, plug/FR2-style	each	192.00
M3725A	Test Load, plug/FR2-style (for use with M3508A defibrillation cable)	each	125.00
M1781A	Test Load, barrel-style (for use with M3507A defibrillation cable)	each	129.00

External Paddles (Philips)

M3543A	External paddles, water resistant	1 set	731.00
--------	-----------------------------------	-------	--------

ECG Monitoring Electrodes (Philips)

M2202A	Adult High-Tack foam ECG electrodes, wet gel/circular, 5 electrodes/pack (60 packs/case)	60/case	116.00
--------	------------------------------------------------------------------------------------------	---------	--------

12-Lead ECG Cables and Lead Sets (Philips)

M1663A	10-lead trunk cable, 12-pin connector (for 5-lead and 12-lead use), 2.0 meters long	each	268.00
989803176161	5-lead ruggedized EMS set, snap, shielded (AAMI), limb	each	120.00
989803176171	5-lead ruggedized EMS set , snap, shielded (AAMI), chest	each	140.00
989803144991	5-lead set, snap (AAMI) , limb (alternate part # M1644A)	each	104.00
989803144911	5-lead set, snap (AAMI), chest (alternate part # M1602A)	each	110.00
M3526A	3-lead set, snap (AAMI)	each	81.00
M3527A	7-lead set, snap (AAMI)	each	108.00
M5530A	Combiner plug for 3-lead set (connects to M3526A/M3527A)	each	12.00

3-Lead Cable Set (Philips)

M1500A	3-lead ECG trunk cable (AAMI)	each	136.00
M1605A	3-lead ECG lead set with snaps (AAMI)	each	105.00

5-Lead Cable Set (Philips)

M1520A	5-lead ECG trunk cable (AAMI)	each	180.00
M1625A	5-lead ECG lead set with snaps (AAMI)	each	115.00

SpO₂ Sensors and Cables (Philips)

M1191B	Reusable SpO ₂ sensor, adult finger (1 m)	each	264.00
M1191BL	Reusable SpO ₂ sensor, adult finger (3 m)	each	276.00
M1191T	Reusable SpO ₂ sensor, adult finger (Nell or 9-pin D-sub connector)	each	225.00
M1196A	Reusable SpO ₂ sensor, adult finger	each	113.00
M1196T	Reusable SpO ₂ sensor, adult finger (Nell or 9-pin D-sub connector)	each	92.00
M1194A	Reusable SpO ₂ sensor, adult/pediatric ear clip	each	264.00
M1192A	Reusable SpO ₂ sensor, pediatric/small adult, finger (1 m)	each	264.00
M1192T	Reusable SpO ₂ sensor, pediatric, finger, (Nellcor 9-pin D-sub connector)	each	225.00
M1193A	Reusable SpO ₂ sensor, neonate, foot	each	264.00
M1195A	Reusable SpO ₂ sensor, infant, finger	each	264.00
M1131A	Disposable SpO ₂ sensor, adult/pediatric, finger	20/case	244.00
M1132A	Disposable SpO ₂ sensor, infant, finger	20/case	297.00
M1943A	Nellcor SpO ₂ sensor adapter cable (1 m) use with M1191T, M1192T, M1196T	each	180.00
M1943AL	Nellcor SpO ₂ sensor adapter cable (3 m) use with M1191T, M1192T, M1196T	each	210.00
M1941A	Philips SpO ₂ extension cable (2 m)	each	120.00

NIBP Interconnect Tubing (Philips)

M1598B	Adult pressure interconnect cable (1.5 m)	each	73.00
M1599B	Adult pressure interconnect cable (3 m)	each	69.00

Reusable Blood Pressure Cuffs (Philips)

With rounded edges for greater comfort, Easy Care Multi-Patient Cuffs are durable, come in a wide range of sizes, and are treated with an antimicrobial agent that prevents growth of fungal, bacterial and algal organisms on the cuff.

- Note: these cuffs are replacing the Traditional Multi-Patient Cuffs (the 404 series, navy). The 404 series will only be available for a limited time. Please call customer service at (800) 334-6656 to check availability.

M4552B	Easy Care Cuff, infant, orange	each	27.00
M4553B	Easy Care Cuff, pediatric, green	each	29.00
M4554B	Easy Care Cuff, small adult, light blue	each	34.00
M4555B	Easy Care Cuff, adult, navy	each	32.00
M4556B	Easy Care Cuff, adult, XL, navy	each	40.00
M4557B	Easy Care Cuff, large adult, burgundy	each	33.00
M4558B	Easy Care Cuff, large adult, XL, burgundy	each	45.00
M4559B	Easy Care Cuff, thigh, gray	each	52.00

Disposable Blood Pressure Cuffs (Philips)

M4572B	Soft single-patient disposable cuff, infant, 1 cuff	each	8.40
M4573B	Soft single-patient disposable cuff, pediatric, 1 cuff	each	6.50
M4574B	Soft single-patient disposable cuff, small adult, 1 cuff	each	6.70
M4575B	Soft single-patient disposable cuff, adult, 1 cuff	each	7.20
M4576B	Soft single-patient disposable cuff, adult, extra long, 1 cuff	each	8.80
M4577B	Soft single-patient disposable cuff, large adult, 1 cuff	each	7.20
M4578B	Soft single-patient disposable cuff, large adult, extra long, 1 cuff	each	98.00
M4579B	Soft single-patient disposable cuff, thigh, 1 cuff	each	8.50

ETCO₂ Intubated Circuits (Philips)

M1920A	Filter Line set, adult/pediatric (orange)	each	13.44
M1921A	Filter H set, adult/pediatric (yellow)	each	20.92
M1923A	Filter H set infant/neonatal (yellow)	each	26.92

Non-Intubated Single Purpose Circuits (CO₂) (Philips)

M2526A	Smart CapLine, adult	each	18.64
M2524A	Smart CapLine, pediatric	each	19.36

Non-Intubated Dual Purpose Circuits (CO₂/O₂) (Philips)

M2522A	Smart CapLine, adult	each	21.12
M2520A	Smart CapLine, pediatric	each	21.12

Disposable Temperature Supplies (Philips)

21090A	Esophageal/rectal temperature probe, 36"	20/case	161.00
21091A	Skin surface temperature probe, 28"	20/case	150.00
M1837A	Esophageal/rectal temperature probe, 9FR, 36"	20/case	161.00

Reusable Temperature Supplies (Philips)

21075A	Esophageal/rectal temperature probe, adult, 10'	each	98.00
21076A	Esophageal/rectal temperature probe, pediatric, 10'	each	136.00
21082B	1.5 m, 2-pin extension cable for mini phone plug	each	60.00

Batteries and Chargers (Philips)

M3538A	Lithium Ion battery for MRx	each	415.00
M3539A	AC power module for MRx	each	424.00
M5529A	DC power module for MRx	each	783.00
CE5260-010	AC power module cord extender for MRx (non-Philips product)	each	11.45
989803135301	2-bay battery charger for MRx	each	1,385.00
989803135331	4-bay battery charger for MRx	each	2,570.00

Q-CPR Supplies (Philips)

989803162401	Replacement Q-CPR compression meter (latest generation). Does not include hands-free cable or adhesive pads.	each	1,200.00
989803163291	Q-CPR compression meter (latest generation) adhesive pads	10/pack	50.00
M4761A	First-generation Q-CPR compression replacement sensor	each	1,586.00
M4762A	First-generation Q-CPR sensor adhesive pads	10/pack	54.00

First-generation Q-CPR sensor
Item M4716A

Latest-generation Q-CPR meter
Item 989803162401

Paper (Philips)

989803138171	75mm chemical thermal paper	10 rolls	62.00
989803138181	75mm chemical thermal paper	80 rolls	487.00
40457C	50mm chemical thermal paper, gray grid	10 rolls	34.00
40457D	50 mm chemical thermal paper, gray grid	80 rolls	185.00

Carrying Cases (Philips)

989803180871	Black carry case (detachable pouch) includes two side pouches, rear pouch, and carry strap	each	345.00
M3541A	Red carry case (detachable pouch) includes two side pouches, a rear pouch, and carry strap	each	355.00
989803172501	Soft black carry case	each	345.00

Miscellaneous Supplies (Philips)

M3544A	Data Card tray	each	9.00
989803146981	Data Card and tray	each	105.00
989803176411	MRx paddle tray kit, includes paddle tray and signage	each	174.26
M4737A	MRx display cover	each	88.00
M3549A	MRx wide metal bedrail hook	each	64.00
989803176541	Quick disconnect DC power cable	each	220.00

Calibration Kits and Supplies (Philips)

MRx NBP Calibration Kit includes:

- MRx calibration kit DVD (1)
- NBP/CO₂ calibration instructions (1)
- MRx PLAST tube assembly (1)
- MRx NBP aneroid gauge (1)
- Adult pressure interconnect cable, 1.5 m (1)
- Easy Care cuff (2)
- Hose, adult (1)
- Bulb and valve kit (1)
- Y cuff adapter for two-hose cuffs (1)

MRx etCO₂ Calibration Kit includes:

- MRx calibration kit DVD (1)
- NBP/CO₂ calibration instructions (1)
- Calibration tube assembly (1)
- Filter Line set adult/pedi (1)
- Calibration regulator (1)
- Additional equipment required for calibration: CO and O gas (not included in kit)

453564063841	MRx NBP calibration kit	each	558.00
453564063851	MRx EtCO ₂ calibration kit	each	734.00
15210-64010	5% gas	6/case	343.20

Intellivue MP2 Patient Monitor (Philips)

Philips IntelliVue MP2 patient monitor is intuitive, tough, and packed with features. It delivers IntelliVue monitoring power and functionality in a compact and rugged housing to match the demands of a wide range of out-of-hospital environments. The IntelliVue MP2 offers a long battery run time, along with best-in-class measurements and the ease of use necessary to let users keep their focus where it matters most: providing care to the patient.

Hospital-quality applications for use in the field

- The flexible touchscreen display is configurable to your environment and presents up to 3 waveforms on a crisp and colorful 3.5" QVGA display. A redesigned user interface improves visibility of patient data, makes it easier to use and enhances compatibility with standard software.
- Intellivue MP2 is available with a wide range of clinical measurements, including 12-lead ECG (both conventional and with the EASI method), multi-lead arrhythmia and ST segment analysis, mainstream or sidestream CO₂, FAST-SPO₂, invasive pressure and temperature.
- Each NBP measurement now generates a column in the vital signs trend table. Measurements for other values are added to provide comprehensive vital signs data offering a more complete picture.
- The Smart Alarm Delay algorithm helps reduce the number of pulse oximetry nuisance alarms, allowing you to focus your attention where needed.
- Within the hospital environment the MP2 connects to Philips IntelliVue Information Center.

World-class technology that fits anywhere

- Small in size and big in capability, it's a very simple way to monitor a patient during transport. A simple step allows you to unplug and go, helping you to evaluate, diagnose and treat patients in need in difficult environments.

Approved for aeromedical use

- The MP2 offers rugged performance that meets critical transport requirements in adverse circumstances.

Key Advantages

- *Small, light, and easy to use, with robust performance in tough conditions*
- *Clinical Decision Support tools help you to respond quickly in challenging circumstances*
- *Best-in-class measurements and flexible measurement configurations*

Built to perform under harsh conditions, the MP2 is compliant with out-of-hospital transport standards for both land and air transport.

Strong on performance and light in weight, the IntelliVue MP2 is an excellent choice for monitoring patients during transport.

CLEARER DECISIONS IN TOUGH SITUATIONS

Seamless wired and wireless performance with easy switching between modes.

Comfortable handle for easy transport.

Night Vision Goggle (NVG) Display Filter enables use of Night Vision Goggles for night time flying.³

Lightweight. The basic monitor weighs just 1.5 kg (3.3 lbs.) and is small enough to take anywhere.

Photo near actual size.

Outdoor profile so the monitor can be used in bright sunlight and areas with higher ambient noise.

Crisp and colorful touchscreen display designed for easy information input and intuitive onscreen navigation.

Sturdy housing (Class 7M3) to withstand rough handling.

Long battery run time of up to 3 hours.⁴

Configurable Smart Keys

M8102A IntelliVue MP2 Patient Monitor

Available in numerous configurations to meet your needs. Please contact your District Sales Manager or call Customer Service at (800) 334-6656.

Defibrillation Electrodes (Heart Sync)

Heart Sync electrodes include direct connection to all major defibrillators.

- Remarkable 36-month shelf life
- Direct connection to all major defibrillators on the market.
- Heart Sync pads can be utilized to standardize most makes and models of defibrillators to one connection. This helps reduce confusion and waste, while increasing patient safety.

Item	Description	Replaces	Pkg	Price
HET100-Z	Defibrillation electrode, Zoll, radiolucent, adult	Zoll 8900-4003, 8900-2303, 8900-2100, 8900-2055	pair	22.00
HET100LO-Z	Defibrillation electrode, Zoll, radiolucent, lead out, adult	Zoll 8900-4003	pair	24.00
HE100PED-Z	Defibrillation electrode, Zoll, radiolucent, pediatric	Zoll 8900-2065, 8900-3000-01, 8900-1005-01	pair	22.00
HEC100-Z	Defibrillation electrode, Zoll, radio transparent, adult	Zoll 8900-4005, 8900-2105-01	pair	23.40
HET100-PC	Defibrillation electrode, Physio Control, radiolucent, adult	Physio 11996-000091	pair	22.00
HET100LO-PC	Defibrillation electrode, Physio Control, radiolucent, lead out, adult	Physio 11996-000017	pair	24.00
HE100PED-PC	Defibrillation electrode, Physio Control, radiolucent, pediatric	Physio 11996-000093	pair	22.00
HEC100-PC	Defibrillation electrode, Physio Control, radio transparent, adult	Physio 11996-000090	pair	23.40

NOTE: Pediatric pads are for manual defibrillation only; not AEDs

KE1410Z

KE1710H

KE1310P

Medi-Trace™ Defibrillation Electrodes

Medi-Trace Defibrillation Electrodes are value priced defibrillation electrodes appropriate for less clinically sensitive areas. They connect directly to your defibrillator without the use of adapters.

KE1010P	Replaces Physio-Control Fast Patch Adult Pads for LP5, LP7, LP8, LP10P, LP200 and LP300.	pair	17.69
KE1210H	Replaces adult HP pads with barrel connector for HP CodeMaster 100, Philips MRx with barrel connector and Philips XLT/Laerdal 4000 with barrel connector	pair	20.00
KE1410Z	Replaces adult defibrillation pads for Zoll 1400, 1600, M Series, E Series and CCT	pair	25.38
KE1710H	Replaces Philips HeartStart, Agilent HeartStream and Laerdal FR and FR2 Adult Pads For Philips, Agilent and Laerdal FR and FR2	pair	26.92
KE1310P	Replaces Physio-Control Quick-Combo Adult Pads for LP10C, LP11, LP12, LP15 and LP500	pair	25.38

NOTE: Pediatric pads are for manual defibrillation only; not AEDs

Medi-Trace™ Cadence Defibrillation Electrodes

Medi-Trace Cadence Defibrillation Electrodes employ a unique silver/silver chloride design resulting in a more uniform distribution of current during defibrillation, pacing and cardioversion. This uniform current distribution helps to reduce the risk of skin irritation. These electrodes incorporate radiotransparent wires to provide a clearer view of the patient during x-ray as well as long lead wires to facilitate easier patient positioning. There is no need for adapters or cable retrofitting since the Medi-Trace Cadence Electrodes come available with connectors for all the major defibrillators. In addition, a version with the leads sealed on the outside of the package to facilitate pre-connection to the defibrillator is also available.

Adult Quick-Combo, Zoll, HP/Philips Barrel (left to right)

■ Adult, Leads Out Electrodes

KE22550PC	Replaces Physio-Control Quick-Combo RediPack (11996-000017). For LP10C, LP12, LP15, LP500 and LP1000	pair	33.85
KE22770PC	Replaces Stat-Padz 8900-4003 for Zoll ALS monitors/defibrillators	pair	32.31
KE22661PC	Replaces HP/Philips barrel connector pad. For HP CodeMaster 100, Philips MRx with barrel connector and Philips XLT/Laerdal 4000 barrel connector	pair	32.31

KE22550P

■ Pediatric Electrodes

KE22550P	Replaces Physio-Control Quick-Combo for LP10C, LP11, LP12 and LP15 (not for AEDs)	pair	37.38
KE22770P	Replaces Pedi-Padz 8900-2065 for Zoll ALS monitors/defibrillators (not for AEDs)	pair	49.29
KE22661P	Replaces HP/Philips barrel connector pad. For HP Codemaster 100, MRx w/barrel connector (not for AEDs)	pair	54.77

KE22770P

KE22661P

NOTE: Pediatric pads are for manual defibrillation only; not AEDs

ConMed Multifunction Electrodes

- Direct connect to defibrillators; no adapters needed
- 36" adult lead wire; 24" pediatric lead wire
- Defibrillation, synchronized cardioversion, external pacing and ECG monitoring
- Suitable for use with manufacturer's defibrillators that meet AAMI DF-2 and AAMI DF-39 performance requirements

KC3200-1715	ConMed electrode w/quick combo connector for Physio-Control, adult	pair	21.55
KC3200-1711	ConMed electrode w/quick combo connector for R2/MRL, pediatric	pair	24.62
BL3112-1730	ConMed electrode w/quick combo connector for Physio-Control, pediatric	pair	24.62
BL3111-1720	ConMed electrode w/quick combo connector for Zoll, pediatric	pair	24.62

NOTE: Pediatric pads are for manual defibrillation only; not AEDs

ConMed PadPro Multifunction Electrodes

CN2516M	ConMed PadPro Multifunction Electrodes for Physio-Control Quick Combo, adult	pair	26.92
CN2603M	ConMed PadPro Multifunction Electrodes with connector for Physio-Control Quick Combo, pediatric	pair	27.40
CN2516Z	ConMed PadPro Multifunction Electrodes, radiotranslucent pad, adult	pair	22.44
CN2603Z	ConMed PadPro Multifunction Electrodes, radiotranslucent pad, pediatric (manual defibrillators only)	pair	30.80
CN2516P	ConMed PadPro Multifunction Electrodes, radiotranslucent, HP/Philips w/ barrel connector, adult	pair	22.44
CN2603P	ConMed PadPro Multifunction Electrodes, radiotranslucent, HP/Philips w/ barrel connector, pediatric (manual defibrillators only)	pair	40.00

NOTE: Pediatric pads are for manual defibrillation only; not AEDs

(PC#11171-000007)
Item Number MA1269
each 260.00

SET LNOP DCIP reusable sensor, pediatric
(PC# 11171-000010)
Item Number MA1276
each 275.00

LNOP Disposable Adhesive Sensor Adult

SET LNOP Adt adhesive disposable sensor,
adult (PC# 11171-000011)
Item Number 320.00MA1165
20/box 320.00

LNOP Disposable Adhesive Sensor Neonatal/Pediatric

SET LNOP NEO adhesive disposable sensor,
neonatal (PC# 11171-000013)
Item Number MA1798
20/box 430.00

SET LNOP NEO adhesive disposable sensor,
neonatal/pediatric (PC# 11171-000014)
Item Number MA1651
20/box 450.00

LNOP Reusable Patient Cables 4', 8' and 12'

SET PC-04 LNOP patient cable, 4'
(PC# 11171-000006)
Item Number MA1173
each 225.00

SET PC-08 LNOP patient cable, 8'
(PC# 11171-000008)
Item Number MA1005
each 250.00

SET PC-12 LNOP patient cable, 12'
(PC#11171-000009)
Item Number MA1006
each 275.00

Direct Connect Reusable Soft Sensor

SET adult reusable direct connect soft
sensor (PC# 11171-000051)
Item Number MA2652
each 746.15

We offer BLS/ALS education, simulation and many specialty courses often not found in other educational facilities.

Our courses are taught by experienced EMTs, paramedics, nurses, physician assistants, physicians, and other healthcare providers involved in day-to-day emergency care.

Paramedic Refresher Course

Rainbow RC-12 20-pin; 12' patient cable for use with Rainbow and M-LNCS sensors
Item Number MA2404
 each..... 400.00

LifePak 15 SpO₂ Monitoring Accessories

Nellcor Sensors and Cables

DuraSensor Reusable Clip Sensor Adult

Reusable clip sensor, adult
(PC# 11996-000060)
Item Number DS-100A
each 500.00

Oxiband Reusable Sensor Adult/Neonate

Reusable sensor, adult/neonate, includes 50
disposable adhesive bandage wraps (PC#
11996-000061)
Item Number NP-OXI-A/N
each 150.05

Oxiband Reusable Sensor Pedi/Infant

Reusable sensor, pedi/infant, includes 50
disposable adhesive bandage wraps
(PC# 11996-000062)
Item Number NP-OXI-P/I
each 150.05

Oxisensor II Disposable Sensor Adult

Disposable sensor, adult
(PC# 11996-000013)
Item Number D-25
each 20.37

Oxisensor II Disposable Sensor Pediatric

Disposable sensor, pediatric
(PC# 11996-000116)
Item Number D-20
each 20.37

Oxisensor II Disposable Sensor Infant

Disposable sensor, infant
(PC# 11996-000115)
Item Number I-20
each 34.42

Oxisensor II Disposable Sensor Neonatal/Adult

Neonatal sensor (PC# 11996-000117)
Item Number N-25
each 26.48

SpO₂ Cable Extension DEC-4 and DEC-8

DEC-4 cable, 4' (PC# 11996-000113)
Item Number NP-EC4
each 54.42

DEC-8 cable, 8' (PC# 11110-000176)
Item Number NP-EC8
each 54.42

LifePak 15 SpO₂ Monitoring Accessories

Masimo M-LNCS Sensors and Cables

M-LNCS Reusable Sensor

Adult and Pediatric

M-LNCS DCI adult reusable sensor, 3' for patients >30 kg
Item Number MA2501
 each 215.38
 M-LNCS DCI pediatric reusable sensor, 3' for patients 10-50 kg
Item Number MA2502
 each 230.77

M-LNCS Disposable Adhesive Sensor

Adult

M-LNCS Aadx adult disposable SpO₂ adhesive sensor, 18" for patients >30 kg
Item Number MA2508
 each 16.95

M-LNCS Disposable Adhesive Sensor

Pediatric

M-LNCS Ppdx pediatric disposable SpO₂ adhesive sensor, 18" for patients 10-50 kg
Item Number MA2510
 each 16.95

M-LNCS Disposable Adhesive Sensor

Infant

M-LNCS Inf infant disposable SpO₂ adhesive sensor, 18" for patients 3-20 kg
Item Number MA2512
 each 19.25

M-LNCS Disposable Adhesive Sensor

Neonatal/Adult

M-LNCS Neo neonatal/adult SpO₂ disposable adhesive sensor, 18" for patients <3 kg or >40 kg
Item Number MA2514
 each 19.25

M-LNCS Disposable Adhesive Sensor

Neonatal/Pre-Term

M-LNCS Neo neonatal/pre-term SpO₂ disposable adhesive sensor, 18" for patients <1 kg
Item Number MA2516
 20/box 19.25

Masimo Red Direct Connect Sensors

Red Direct Connect Reusable Sensor Adult

Red Direct Connect Reusable Sensor Pediatric

SET Red DCI-dc3 adult reusable direct connect sensor, 3' (PC# 11996-000331)
Item Number MA2053
 each 215.38

SET Red DCI-dc12 adult reusable direct connect sensor, 12' (PC# 11996-000332)
Item Number MA2054
 each 670.00

SET Red DCIP-dc3 pediatric reusable direct connect sensor, 3' (PC# 11996-000333)
Item Number MA2256
 each 230.77

SET Red DCIP-dc12 pediatric reusable direct connect sensor, 12' (PC# 11996-000334)
Item Number MA2257
 each 525.00

Defibrillators and Monitors ■ Miscellaneous LifePak Supplies

Lifepak Supplies

N6063	ECG paper for LP300, LP10, LP12 w/ 3-lead only	10 rolls/ box	20.39
N6082	12V, NICD battery for LP5, LP10, LP11	each	62.00

See our entire AED section beginning on page 2.

Southeastern Emergency Equipment & ReNew Biomedical Partnership

Southeastern Emergency Equipment is pleased and excited to announce a partnership with ReNew Biomedical! We will now be able to service and maintain your medical equipment to prolong and extend the life of its use. We can service, maintain, and support defibrillators, ventilators, infusion pumps, AEDs, EKGs and vital signs monitors. Utilize and take advantage of this cost effective, hassle-free program to renew and maintain your equipment. This opportunity is made exclusively for the EMS and fire rescue market!

Together, we are able to offer the EMS and Fire Rescue market an affordable, low-cost, and effective way to preserve and maintain medical equipment, prolonging the life of your machines through use of ReNew's Preventative Maintenance programs and Service Contracts.

For more information on how you can save money on servicing and maintaining your equipment, contact your Southeastern District Sales Manager or call Customer Service at (800) 334-6656.

Defibrillator Mounts (NCE)

An unsecured defibrillator in an emergency vehicle has the potential to seriously injure both patient and attendant when the vehicle goes around a corner or makes a sudden stop. Secure your equipment with a high-quality mount.

- One hand quick release
- Holds up to 12 G-Force
- 360 degree swivel
- Durable white-baked enamel
- Lifetime warranty
- Dimensions shown are L x W x H.

DIH8000A	Defibrillator mount for Philips MRx with red or black bag. 14.652" x 14.61" x 14.99"	each	700.00
DIH7000	Defibrillator mount for Lifepak 12 or Lifepak 15. 15.680" x 11.907" x 15.04"	each	660.00
DIH7000A	Defibrillator mount for Lifepak 12 with battery charger. 15.680" x 11.907" x 17.127"	each	700.00
DIH9000	Defibrillator mount for Zoll E-Series. 11.6" x 9.3" x 4.7"	each	700.00
DIX9000	Defibrillator mount for Zoll X-Series. 13.5" x 11.866" x 13.24"	each	838.00
DIH1800	Defibrillator mount for Zoll M-Series with Extreme Pack 2. 12.6" x 12" x 2.7"	each	660.00
DIH1801	Defibrillator mount for Zoll M-Series without Extreme Pack 2. 12.6" x 12" x 2.7"	each	640.00
DIH1805	Defibrillator mount for Zoll M-Series with Extreme Pack 2 and NIBP. 10.5" x 9.3" x 2.5"	each	670.00
DIWM1000	Universal wall mount. 13" x 17" x 14"	each	500.00

DIX9000

DIWM1000

Signigel Electrode Gel

A highly conductive multi-purpose gel that is bacteriostatic, water soluble, non-irritating, and non-staining. Recommended for ECG and defibrillation.

PKL15-60	Electrode gel, 60 gram tube	each	1.41
PKL15-25	Electrode gel, 250 gram tube	each	2.78

Surgical Clipper with Pivoting Head (3M)

This battery-powered precision clipper works with either a pushing or pulling motion by simply rotating the pivoting head. It will remove body hair or head hair and is effective in just one pass, even in body folds. Its lightweight and compact design allows it to glide easily across the skin without causing nicks or cuts. Single-use blades help reduce the possibility of cross-contamination and are easy to snap on and pop off. An 8-hour recharge provides approximately 60 minutes of run time. Starter Kit M9667 contains both surgical clipper and charger.

3M9667	Surgical clipper starter kit	each	136.86
3M9660	Surgical clipper blades	50/case	275.89

Prep Razors

DY4251	Gallant prep razor	50/box	22.77
DYND70837	Prep razor, 2-sided, fixed head	each	0.44

Red Dot® Skin Prep (3M)

Red Dot skin prep is a gentle, abrasive material used to remove the non-conductive skin layer to achieve a better quality trace. This product, when used properly, promotes better patient skin care, does not harm skin or hurt patient and helps to minimize the number of electrode changes due to poor or inadequate trace recognition. ¾" x 196" roll with dispenser.

3M2236	Red Dot trace prep	each	18.46
--------	--------------------	------	-------

EKG Caliper

Hardened steel arms and points for accurate measurement of tracing intervals. Point protector has built-in 40mm metric scale. Measures 4 ¾ inches

ADC395		each	8.11
--------	--	------	------

EKG Ruler

Seconds scale for PR, QRS, Cycle, Length, Coupling, Escape, and Parasystolic Intervals. Measures just 1 11/16" 3/8"; small enough to fit in a medical coat pocket. Complete with protective sleeve

ADC394	EKG ruler	each	6.71

Intellivue MP2 Patient Monitor (Philips)

World-class technology that fits anywhere

- Small in size and big in capability, it's a very simple way to monitor a patient during transport. A simple step allows you to unplug and go, helping you to evaluate, diagnose and treat patients in need in difficult environments.

Approved for aeromedical use

- The MP2 offers rugged performance that meets critical transport requirements in adverse circumstances.

Hospital-quality applications for use in the field

- The flexible touchscreen display is configurable to your environment and presents up to 3 waveforms on a crisp and colorful 3.5" QVGA display. A redesigned user interface improves visibility of patient data, makes it easier to use and to enhance compatibility.
- Intellivue MP2 is available with a wide range of clinical measurements, including 12-lead ECG (both conventional and with the EASI method), multi-lead arrhythmia and ST segment analysis, mainstream or sidestream CO₂, FAST-SPO₂, invasive pressure and temperature.
- The MP2 can transfer data seamlessly throughout the continuum of care.

Built to perform under harsh conditions, the MP2 is compliant with out-of-hospital transport standards for both land and air transport.

- The Smart Alarm Delay algorithm helps reduce the number of pulse oximetry nuisance alarms, allowing you to focus your attention where needed.
- Each NBP measurement now generates a column in the vital signs trend table. Measurements for other values are added to provide comprehensive vital signs data offering a more complete picture.
- Within the hospital environment the MP2 connects to Philips Intellivue Information Center for the wired or wireless networked central surveillance and clinical decision support.

For configuration options and pricing, please call Customer Service at (800) 334-6656.

740 Vital Signs Monitor (CasMed)

The 740 allows you to monitor blood pressure, SpO₂ and temperature for patients from neonates to adults, and provides leading-edge technology in a rugged, portable unit that weighs only 3 lbs. It features CasMed's proprietary Motion Artifact Extraction (MAXNIBP®) technology for fast and reliable blood pressure measurements. Oximetry choices include Masimo SET®, Nellcor® OxiMax® and Nonin®.

Four models offer various configurations:

- CAS 740-1 MAXNIBP
- CAS 740-2 MAXNIBP and SpO₂
- CAS 740-2T MAXNIBP and Temperature
- CAS 740-3 MAXNIBP, SpO₂ and Temperature

- Fast, accurate blood pressure readings for neonates through adults even in the most challenging situations such as high motion or low perfusion
- Monitor SpO₂ and temperature either continuously or in "spot-check" mode
- Accurate oral temperature in just 4 seconds
- Ideal for EMS applications

See page 74 for blood pressure cuffs for the 740 Monitor

For configuration options and pricing, please call Customer Service at (800) 334-6656.

Rad-57® Pulse CO-Oximeter (Masimo)

Protect against immediate and long-term health problems by quickly assessing and treating those exposed to carbon monoxide.

- Monitor for carboxyhemoglobin in firefighters on scene with the Rad-57.
- Recognition is the key to immediate on scene treatment. With early recognition, treatment for CO poisoning can begin immediately, which significantly reduces both immediate and long-term health risks.
- In emergency medical services, SpCO helps first responders assess both victims and other first responders for CO exposure.
- SpCO may help paramedics and emergency medical technicians facilitate earlier treatment and removal of those exposed to CO in homes, hotels, and places of work.
- SpCO may help firefighters reduce the risk of CO exposure that they frequently face. Chronic CO exposure may cause long-term cardiac and neurological damage.
- When even mild levels of CO are circulating in the blood, the heart and brain are deprived of critical oxygen.

MA3734	Rad 57 CO Monitor with SPO2, Rainbow sensor, cable and case	each	5,675.00
MA2208	Rad 57 case only, red	each	46.15

Rainbow® Sensors for Rad-57 (Masimo)

For use with the Masimo Rad-57, which helps first responders detect CO poisoning on the scene.

MA2696	Rainbow 3' reusable sensor for Rad-57, adult	each	884.62
MA2697	Rainbow 3' reusable sensor for Rad-57, pediatric	each	1,038.46
MA2405	Rainbow 1' RC cable, required for use with MA2696 and/or MA2697	each	376.00

MicroCO CO Analyzer (MicroDirect)

The MicroCO is an ideal tool for firefighter rehab and triage of suspected CO poisoning. Small, lightweight and powerful, it measures alveolar Carbon Monoxide in parts per million (ppm) concentrations and also calculates the percentage Carboxyhemoglobin (%COHb). Operating from a single 9 volt battery, the MicroCO combines accuracy and simplicity.

MDMC02	MicroCO CO2 analyzer	each	1,286.92
MDMC15	MicroCO CO2 analyzer calibration kit	each	190.38
MD3301	Cardboard mouthpieces	100/box	15.38

1200 Carbon Monoxide Monitor (Airspace Monitoring)

AGS with Snif technology, and now with a backlit LCD display, the 1200 monitor will accurately measure and display CO levels from 12 ppm to 250 ppm. It also includes alarms like the 1100 with a panel of flashing lights and 92 decibel audio that begins at 30 ppm and grows in intensity to 120 ppm. The Snif technology provides an update every 4 seconds when in alarm to help you find the source, see the trend and otherwise manage the CO event. When motion switch management is chosen, the monitor will turn itself on by any movement and if it doesn't sense CO or hasn't moved in 45 minutes, it will shut itself off. There is no routine bump testing or calibration required and the monitor is warranted for five years, even the sensor and its calibration is included in the warranty.

ASAI1200	1200 CO2 monitor	each	446.92
----------	------------------	------	--------

BW Clip CO Monitor (Airgas)

The BW Clip CO Monitor is your everyday companion for hazardous environments. It operates up to three years maintenance-free. Just turn on the device and it runs continuously - no need for calibration, sensor replacement, battery replacement or battery charging. That means great reliability and no downtime.

GA24XTM	BW Clip CO Monitor	each	150.00
---------	--------------------	------	--------

ToxiRAE 3 Gas Monitor (RAE Systems)

The ToxiRAE 3 is a full-featured single-gas monitor that offers unequalled cost of ownership value. The ToxiRAE 3 is compatible with the AutoRAE Lite bump and calibration station. The detector features a 2-year warranty.

- Large, easy-to-read display for gas concentration or days remaining (end-user adjustable)
- Event logging of up to 10 events

FRG01	ToxiRAE 3 gas monitor	each	239.09
-------	-----------------------	------	--------

Blue Sensor[®] Adult Electrodes (Ambu)

The large Ambu BlueSensor R features highly conductive wet gel, offset connector, superior adhesion, and a large measuring area to ensure an optimal signal during stress tests and monitoring applications. The medium-size Ambu BlueSensor SP features highly conductive wet gel, offset connector and superior adhesion to ensure optimal signal quality during stress test and monitoring.

- M electrodes feature highly conductive wet gel and superior adhesion to ensure optimal signal quality during short- to medium-term applications. Thanks to the special occlusive backing material, the electrode will not absorb liquids.
- R electrodes feature highly conductive wet gel, superior adhesion, and a large measuring area to ensure an optimal signal during stress tests and medium to long-term applications. Thanks to the comfortable foam backing, the electrode is gentle to the skin.
- SP features highly conductive wet gel and superior adhesion to ensure optimal signal quality during medium-term applications. Thanks to the foam backing, the electrode is gentle to the skin.

AUR-00-S/3	Blue Sensor R adult electrodes	3/pkg	1.71

AUSP-00-S/50	Blue Sensor SP adult electrodes	50/pkg	16.11

Medi-Trace™ 200 Series Electrodes (Medtronic/Covidien)

Medi-Trace 200 series electrodes are a cost-effective general adult monitoring electrode. The foam substrate repels fluids and conforms to body contours. They have a smaller footprint for convenient lead placement and a teardrop shape for easy removal from the liner and patient. The patented conductive adhesive hydrogel is designed to stay fresh up to 45 days out of the package.

KE210	Medi-Trace 210 electrode, adult	10/pkg	1.33
KE230	Medi-Trace 230 electrode, adult	30/box	4.50
KE233	Medi-Trace 233 electrode, adult	3/pkg	0.56

Medi-Trace™ 450 Series Foam Electrodes (Medtronic/Covidien)

Medi-Trace 450 series electrodes are high performance adult electrodes ideal for EMS use. The thin foam substrate incorporates an aggressive adhesive, is fluid-resistant, flexible and conforms easily to patient skin. Medi-Trace 450 series electrodes have a lift tab located on one edge to facilitate easy removal from the release liner as well as the patient.

KE22450	Medi-Trace 450 foam electrode, adult	50/pkg	7.62
---------	--------------------------------------	--------	------

Medi-Trace™ 530 Series Foam Electrodes (Medtronic/Covidien)

Utilizing a highly aggressive adhesive, the Medi-Trace 530 electrode is appropriate for the most challenging of monitoring environments. The high quality foam substrate conforms easily to the skin to ensure electrical contact for consistent tracings.

KE530	Medi-Trace 530 foam electrode, adult	30/pkg	6.00
KE533	Medi-Trace 533 foam electrode, adult (3/pack, 20 packs/box)	60/box	13.38
KE535	Medi-Trace 535 foam electrode, adult (5/pack, 12 packs/box)	60/box	13.38

ECG Monitoring Electrodes (Philips)

M2202A	Adult High-Tack foam ECG electrodes, wet gel/circular, (5 electrodes/pack, 60 packs/case)	300/case	116.00
--------	-------------------------------------------------------------------------------------------	----------	--------

Red Dot® Foam Electrodes (3M)

Each electrode has a unique 3M solid gel conductive column and a 3M SureSeal moisture vapor barrier cap to ensure product freshness.

3M2237	Red Dot foam electrodes (50/pack, 20 packs/case)	1000/case	249.49
3M2259-50	Red Dot foam electrodes, 5.1 cm	50/box	17.37

Red Dot® Repositionable Electrodes (3M)

These electrodes are designed with a larger conductive area to improve trace quality by reducing ECG artifact. They're repositionable once upon initial application allowing the electrodes to be moved rather than replacing them with new ones.

3M2670-5	Red Dot repositionable electrodes (5/pack, 200 packs/case)	1000/case	288.70
----------	------------------------------------------------------------	-----------	--------

Red Dot® Electrode with Foam Tape (3M)

The Red Dot 2560 electrode with foam tape and sticky gel is great for applications requiring high adhesion. It measures 4cm x 3.5cm and does not have an abrader.

3M2560	Red Dot electrode with foam tape and sticky gel (5 strips of 10 electrodes/bag, 20 bags/case)	100/case	249.34
--------	-----------------------------------------------------------------------------------------------	----------	--------

Red Dot® Diaphoretic Foam Electrodes (3M)

A rectangular-shaped electrode that offers a high-tack adhesive and foam backing designed for diaphoretic clinical situations. Red Dot electrodes have a 3M solid gel conductive column and 3M SureSeal moisture vapor barrier cap to ensure product freshness. Each electrode also has a border adhesive that works well on moist skin conditions.

3M2230	Red Dot diaphoretic foam electrodes	50/pkg	17.48
--------	-------------------------------------	--------	-------

Huggables® Pediatric/Neonatal ECG Electrodes (ConMed)

- Clear NeoDerm™ tape allows visual monitoring of the baby's skin condition at all times
- Huggables hug the skin, minimizing motion artifact

CN1620-001	Huggables pediatric/neonatal ECG electrodes (1/pack, 30 packs/box, 20 boxes/case)	600/case	7.31
CN1620-003	Huggables pediatric/neonatal ECG electrodes (3/pack, 10 packs/box, 20 boxes/case)	600/case	15.00

Adult Foam Conductive Adhesive Gel Electrodes (ConMed)

Designed with a larger tear-drop shape and a more robust foam adhesive, Positrace and Positrace RTL electrodes provide a more aggressive adhesive for more challenging or diaphoretic applications.

CN1870-030	Positrace diaphoretic foam conductive adhesive gel electrode (30/pack)	600/case	111.54
CN1870C-003	Positrace RTL diaphoretic foam conductive adhesive gel electrode (3/pack, 10 packs/box, 20 boxes/case)	600/case	6.35
CN1870C-004	Positrace RTL diaphoretic foam conductive adhesive gel electrode (4/pack, 10 packs/box, 15 boxes/case)	600/case	8.46
CN1870C-050	Positrace RTL diaphoretic foam conductive adhesive gel electrode (50/pack, 20 packs/case)	1000/case	198.72

Microdot® EMS Blood Glucose Monitoring System (Cambridge Sensors)

Developed to provide quality patient care, the Microdot and Microdot Xtra Blood Glucose Monitoring Systems provide accurate results, convenience, speed and safety. Glucometer and all supplies are included in one zippered case.

- Requires only 0.6µL sample
- Test results in 10 seconds
- No code (Microdot Xtra); no code chip required (Microdot)
- Strip eject button provides safe disposal of used test strips
- Beeper to assist in testing
- Insulin data entry
- 4 programmable alarms
- 500 data memory (glucose and insulin)
- PC download

CS201-01	Microdot Xtra glucometer	each	0.00*
CS200-50	Microdot Xtra glucometer strips	50/bottle	20.92
CS100-01	Microdot glucometer	each	0.00*
CS169-50	Microdot glucometer strips	50/bottle	29.94
CS120-02	Microdot glucometer hi/lo control solution	each	19.00
CS921-21	Microdot lancet, 21G, blue	200/bottle	26.00
CS925-25	Microdot lancet, 25G, purple	200/bottle	26.00

* **Free Glucometer** when you purchase at least two bottles of CS200-50 or CS169-50 in the same transaction

Ascensia Contour™ Meter (Bayer)

The Ascensia Contour codes automatically the moment you put in the test strip so you don't have to worry about coding the meter each time you use a new bottle of strips. It takes a very small blood sample size (0.6 uL). It also has automatic control marking to eliminate the need to manually mark control tests. It produces results in 5 seconds and has a 480 test memory with time and date.

BY9556C	Ascensia Contour glucometer	each	0.00
BY7109	Control solution, normal, for Ascensia Contour meter	each	7.00
BY7110	Control solution, low, for Ascensia Contour meter	each	7.00
BY7111	Control solution, high, for Ascensia Contour meter	each	7.00
BY7099	Test strips for Ascensia Contour meter	50/box	26.00

* **Free Glucometer** when you purchase at least two boxes of BY7099 in the same transaction

Ascensia Contour® TS Test Strips (Bayer)

- Compatible with Contour, Contour USB and Contour Link meters
- Tiny 0.6 µL blood sample
- 5-second test time

BY1820	Contour TS test strips	50/box	21.54
--------	------------------------	--------	-------

One Touch Ultra Test Strips (LifeScan)

- Checks each blood sample twice, automatically
- Eliminates falsely elevated results from other sugars

OTU50I	One Touch Ultra test strips	50/box	89.00
OTU100I	One Touch Ultra test strips	100/box	153.77

Glucometry Accessories

J8089	Monolet lancet, plastic blade, blue	200/box	10.00
990350	Safe-T-Lance® lancet, normal fl w, 21G	150/box	54.57
170951	Safe-T-Pro lancet	200/box	93.00
SLB250100	Surgilance lancet, 2.3mm	100/box	14.65
J3001	Surgilance lancet, 1.8 mm	100/box	13.60
J3000	Surgilance lancet, 2.2 mm	100/box	17.68
SLN3001001501	Surgilance One Step Plus lancet, 2.8 mm, pink	100/box	13.60

J8083	UniStik 3 lancet, 1.8mm	50/box	11.38
CR2032	Battery, 3V for Elite glucometer	each	4.59

Diagnostic Equipment ■ Blood Pressure

Economy Aneroid Sphygmomanometer (Southeastern)

This basic sphygmomanometer is the most economical model offered. The gauge is backed by a five-year calibration warranty. Graduated to 300 mmHg with a no stop pin manometer, this reliable model features a standard bulb, standard air release valve and calibrated blue nylon cuff with hook and loop closure.

H6040	Economy aneroid blood pressure cuff, adult	black	each	7.54
H6015	Economy aneroid blood pressure cuff, large adult	black	each	11.00
H6014E	Economy aneroid blood pressure cuff, child	navy blue	each	8.69
H6013E	Economy aneroid blood pressure cuff, infant	navy blue	each	9.08
H6016E	Economy aneroid blood pressure cuff, thigh	navy blue	each	11.00

Diagnostix 776 Pocket Aneroid Blood Pressure Cuff (ADC)

- Chrome-plated precision-crafted 300mmHg no-pin stop manometer
- Adcuff nylon cuff
- ADC's proprietary Size Guide marking system

ADC776Z	Diagnostix 776 pocket aneroid blood pressure cuff	navy blue	each	10.87
---------	---------------------------------------------------	-----------	------	-------

Diagnostix™ 700 Series Blood Pressure Cuff (ADC)

Chrome-plated, precision-crafted 300mmHg manometer. Adcuff™ nylon cuff with ADC's proprietary Size Guide™ marking system prevents mis-cuffing. Adfl w™ chrome-plated brass air release valve with micro-threads for precise deflation control. Leatherette carrying case with durable nylon zipper.

ADC700XLF	Diagnostix 700 series blood pressure cuff, large adult	black	each	70.89
ADC700LF	Diagnostix 700 series blood pressure cuff, adult	maroon	each	62.81

Diagnostix™720 Series Blood Pressure Cuff (ADC)

Precision-crafted 300mmHg Japanese-engineered manometer with classic black baked enamel finish, exceeds industry performance standards. Adcuff™ nylon cuff with ADC's proprietary Size Guide™ marking system prevents mis-cuffing. Adfl w chrome-plated brass air release valve with micro-threads for precise deflation control. Leatherette carrying case with durable nylon zipper.

ADC720BKLF	Diagnostix 720 series blood pressure cuff	black	each	52.29
------------	-------------------------------------------	-------	------	-------

System 5 Blood Pressure System (ADC)

A multi-pocketed, heavy duty 600D nylon attaché style case that keeps each component securely in place, yet instantly accessible. Dual zipper closure permits rapid access and protects against the elements. Measures a compact 10" x 9" x 4" when closed, weighs just 2 1/2 lb. Includes child, small adult, adult, large adult and thigh Adcuff™ nylon cuffs featuring the Size Guide™ marking system. Meets or exceeds ANSI/AAMI/ISO 81060-1

ADC740LF	System 5 blood pressure system, latex free	navy blue	each	216.97
ADC746LF	System 5 blood pressure system, latex free	orange	each	216.97
ADC804	System 5 blood pressure system replacement palm aneroid		each	82.38

Multikuf™ Blood Pressure System (ADC)

Three-cuff model includes adult, small adult, and large adult Adcuffs™ with one-tube bladder with quick-release luer slip connector. Four-cuff model also includes child cuff. Black Nylon zipper case keeps each component in place, yet instantly accessible

ADC731BK	Multikuf blood pressure system	black	each	162.36
ADC731DB	Multikuf blood pressure system	navy blue	each	162.36
ADC731OR	Multikuf blood pressure system	orange	each	162.36

Trigger Aneroid Family Kit (Welch Allyn)

Gear free, shock resistant, jewel movement. Laser engraved dial. 15-year calibration warranty. Zipper case; Four-cuff kit: size 09 to size 12. FlexiPort reusable, 1-tube cuffs.

WA5098-30	Trigger aneroid family kit		each	325.00
-----------	----------------------------	--	------	--------

Diagnostix™ 750 Series Mobile Aneroid (ADC)

A large face aneroid that offers the superb precision, styling, and dependability synonymous with the ADC name.

- Large, easy-to-read, 6" luminescent dial for high visibility in virtually any light condition
- Adcuff™ inflation system includes latex-free Adcuff nylon cuff, Adfl w bulb and valve and eight-foot length (when extended) of coiled tubing
- Assembled, inspected and packaged in the U.S.A. from foreign components

ADC752M	Diagnostix 750 series mobile aneroid with rolling stand	each	273.52
---------	---------------------------------------------------------	------	--------

Prosphyg™ 760 Series Blood Pressure Cuff (ADC)

- Contemporary black enamel 300mmHg manometer
- Adcuff™ nylon cuff with ADC's proprietary Size Guide™ marking system
- Chrome-plated brass air release valve
- Leatherette carrying case with durable nylon zipper
- Assembled, inspected and packaged in the U.S.A. from foreign components

ADC760BKLF	Prosphyg 760 series blood pressure cuff, adult, latex free	black	each	35.25
ADC760BDLF	Prosphyg 760 series blood pressure cuff, adult, latex free	maroon	each	35.25
ADC760DBLF	Prosphyg 760 series blood pressure cuff, adult, latex free	navy blue	each	35.25
ADC760XLF	Prosphyg 760 series blood pressure cuff, large adult, latex free	black	each	42.84
ADC760CLF	Prosphyg 760 series blood pressure cuff, child, latex free	black	each	35.25
ADC760ILF	Prosphyg 760 series blood pressure cuff, infant, latex free	black	each	35.25
ADC760BK	Prosphyg 760 series blood pressure cuff, adult	black	each	34.90
ADC760DB	Prosphyg 760 series blood pressure cuff, adult	navy blue	each	34.90
ADC760OR	Prosphyg 760 series blood pressure cuff, adult	orange	each	35.25
ADC760DBX	Prosphyg 760 series blood pressure cuff, large adult	navy blue	each	42.84
ADC760XOR	Prosphyg 760 series blood pressure cuff, large adult	orange	each	42.84
ADC760C	Prosphyg 760 series blood pressure cuff, child	black	each	34.90
ADC760T	Prosphyg 760 series blood pressure cuff, thigh	black	each	48.30

Advantage™ Ultra Digital BP Monitor (ADC)

- Measures systolic, diastolic pressure, and pulse
- Automatic inflation and deflation control
- Averages 3 readings for superior reporting accuracy
- Irregular Heartbeat Detection
- Displays AM and PM readings separately to help detect morning hypertension.
- USB cable for easy PC hook-up
- AC adapter
- 4 "AA" batteries included
- Deluxe storage case
- 5-year warranty

ADC6017	Advantage Ultra digital blood pressure monitor, adult, blue	each	69.95
---------	-------------------------------------------------------------	------	-------

Aneroid Blood Pressure Cuffs, Classic Series (Barrington Ventures)

- Precision crafted 300mmHg no-pin stop, spring loaded, chrome-plated manometer
- Manometer face plate features bold luminescent numerals and extended graduation marks for easy reading in any light condition
- Double stitched nylon cuff includes unique marking system to prevent users applying the wrong size cuff on patients
- Chrome-plated brass air release valve with filter screen
- Vinyl carrying case with deluxe nylon zipper
- Inspected and packaged in the USA from foreign components
- Lifetime calibration warranty
- Two-year warranty on inflation system
- Navy blue color

BV20-202-184	Aneroid blood pressure cuff, Classic Series, adult, latex free	each	27.20
BV20-202-185	Aneroid blood pressure cuff, Classic Series, large adult, latex free	each	33.00
BV20-202-183	Aneroid blood pressure cuff, Classic Series, child, latex free	each	27.20
BV20-202-182	Aneroid blood pressure cuff, Classic Series, infant, latex free	each	27.20
BV20-202-186	Aneroid blood pressure cuff, thigh, latex free	each	39.00
BV20-201-184	Aneroid blood pressure cuff, Classic Series, adult	each	24.72
BV20-201-183	Aneroid blood pressure cuff, Classic Series, child	each	20.00
BV20-201-186	Aneroid blood pressure cuff, Classic Series, thigh	each	18.50

Lifesource Wrist Blood Pressure Monitor (Barrington Ventures)

The UB-521 wrist monitor is smaller, lighter, and less expensive than other wrist monitors. It measures blood pressure during cuff inflation for a faster, more comfortable reading. The automatic memory keeps your last 90 blood pressure measurements for effective tracking. The average reading feature automatically calculates the “average” of the total readings stored in memory. The UB-521 also has the Irregular Heartbeat feature. This feature provides blood pressure and pulse rate measurements even when an irregular heartbeat occurs and alerts the user. A rigid carrying case is included to protect the monitor when not in use.

BVUB-521	Lifesource wrist blood pressure monitor	each	55.00
----------	-----------------------------------------	------	-------

Caliber® Aneroid Sphygmomanometer (Mabis)

- Designed for many years of demanding service in the hospital and EMS
- Blue aneroid gauge and matching calibrated blue nylon cuff
- Deluxe air release valve
- Twenty-year calibration warranty
- Zippered carrying case
- Navy blue color

MA01-130-011	Caliber aneroid blood pressure cuff, adult	each	44.54
MA01-130-016	Caliber aneroid blood pressure cuff, large adult	each	35.97
MA01-130-015	Caliber aneroid blood pressure cuff, child	each	34.29
MA01-130-013	Caliber aneroid blood pressure cuff, infant	each	34.29
MA01-130-017	Caliber aneroid blood pressure cuff, thigh	each	49.14

Signature® Aneroid Sphygmomanometers (Mabis)

The Signature Series offers superior performance and unsurpassed quality.

The deluxe air release valve delivers a precise deflation rate. Range markings on the cuff assist in proper cuff placement and size selection. Includes deluxe air release valve, inflation bulb, blue nylon calibrated cuff and deluxe zippered carrying case.

Adult cuff measures 54/5Wide and 21" long; comfortably fits a m girth of 11" to 162/5.

MA01-100-011	Signature aneroid blood pressure cuff, adult	navy blue	each	48.10
--------------	----------------------------------------------	-----------	------	-------

Caliber® Adjustable Aneroid Sphygmomanometers (Mabis)

Specially designed so the user can easily set the gauge to zero if needed. Insert a mini-screwdriver (included) into the stem of the gauge and turn the screwdriver until the needle returns to zero.

- Blue aneroid gauge and matching calibrated blue nylon cuff
- Zippered carrying case
- Twenty-year calibration warranty
- Deluxe air release valve
- Navy blue color

MA01-133-011	Caliber adjustable aneroid blood pressure cuff, adult		each	37.97
MA01-133-016	Caliber adjustable aneroid blood pressure cuff, large adult		each	51.82
MA01-133-015	Caliber adjustable aneroid blood pressure cuff, child		each	43.02

Diagnostix™ 703 Series Blood Pressure Cuff (ADC)

- Palm style manometer with integral latex-free bulb and trigger-style air release valve
- Precision-crafted 300mmHg Japanese-engineered movement tested to 50,000 cycles
- Movement housed in a zinc cage that suspends within the polymer housing for enhanced shock resistance
- Adcuff™ nylon cuff with ADC's proprietary Size Guide™ marking system
- Complete with leatherette carrying case with self repairing nylon zipper
- Assembled, inspected and packaged in the U.S.A. from foreign components

ADC703	Diagnostix 703 series blood pressure cuff, adult	navy blue	each	95.46
ADC703BDLF	Diagnostix 703 series blood pressure cuff, adult, latex free	maroon	each	95.46

MatchMates® Dual Head Combination Kit (Mabis)

- MatchMates® aneroid sphygmomanometer with calibrated nylon cuff and dual head stethoscope
- Stethoscope includes: binaural, lightweight anodized aluminum chestpiece, 22" vinyl Y-tubing, spare diaphragm and a pair of mushroom eartips
- Lifetime replacement warranty on gauge
- Carrying case: 9" x 5" x 2"

MA01-260BK	MatchMates dual head combination kit	black	each	34.95
MA01-260BU	MatchMates dual head combination kit	maroon	each	34.95
MA01-260NV	MatchMates dual head combination kit	navy blue	each	34.95
MA01-260PU	MatchMates dual head combination kit	purple	each	34.95
MA01-260RE	MatchMates dual head combination kit	red	each	34.95
MA01-260RB	MatchMates dual head combination kit	royal blue	each	34.95
MA01-260TL	MatchMates dual head combination kit	teal	each	34.95

MatchMates® Sprague Rappaport-Type Combo Kit (Mabis)

- MatchMates® aneroid sphygmomanometer with calibrated nylon cuff and 31 sprague rappaport-type stethoscope
- Select colors available in latex-free and latex
- Stethoscope includes: (3) bells, (adult, medium, and infant), (2) diaphragms (small and large) and 3 types of eartips
- Oversized, matching carrying case
- Lifetime replacement warranty on gauge

MA09-361-211	MatchMates Sprague Rappaport-type combination kit, latex free	royal blue	each	48.92
MA01-360BK	MatchMates Sprague Rappaport-type combination kit	black	each	38.95
MA01-360BU	MatchMates Sprague Rappaport-type combination kit	burgundy	each	38.95
MA01-360HG	MatchMates Sprague Rappaport-type combination kit	green	each	38.95
MA01-360MA	MatchMates Sprague Rappaport-type combination kit	maroon	each	38.95
MA01-360NV	MatchMates Sprague Rappaport-type combination kit	navy blue	each	38.95
MA01-360OR	MatchMates Sprague Rappaport-type combination kit	orange	each	38.95
MA01-360PU	MatchMates Sprague Rappaport-type combination kit	purple	each	38.95
MA01-360-RE	MatchMates Sprague Rappaport-type combination kit	red	each	38.95
MA01-360RB	MatchMates Sprague Rappaport-type combination kit	royal blue	each	38.95
MA01-360TL	MatchMates Sprague Rappaport-type combination kit	teal	each	38.95

UltraCheck® Blood Pressure Cuffs (CasMed)

UltraCheck blood pressure cuffs are reusable, constructed from lightweight, soft nylon coated with antimicrobial protection. They are easy to disinfect and clean and have Velcro closures. Cuffs are stain and fluid resistant.

CASUS1826ML	UltraCheck blood pressure cuff, small adult for CAS 740 / 750	each	14.26
CASUS2635ML	UltraCheck blood pressure cuff, adult, for CAS 740 /750	each	16.66
CASUS3242ML	UltraCheck blood pressure cuff, large adult for CAS 740 /750	each	18.76
CASUS0814ML	UltraCheck blood pressure cuff, infant, for CAS 740 /750	each	10.58
CASUS2635MQ	UltraCheck blood pressure cuff, adult for MRL PIC/Propaq	each	16.66
CASUS3242MQ	UltraCheck blood pressure cuff, large adult for MRL PIC/Propaq	each	18.76
CASUS0814MQML	UltraCheck blood pressure cuff, infant, for Procyon and IPRO	each	12.78
CASUS2635HP-05	UltraCheck blood pressure cuff, adult with single tube HP fitting	each	15.82
CASUS3242HP-05	UltraCheck blood pressure cuff, large adult with single tube HP fitting	each	17.82
CASUS0814HP-05	UltraCheck blood pressure cuff, infant with single tube HP fitting	each	10.06
CASUS4250HP	UltraCheck blood pressure cuff, thigh, with single tube HP fitting	each	22.22
CASUS4250ML	UltraCheck blood pressure cuff, thigh, with single tube ML	each	23.39

Many other configurations are available. Please call customer service at (800) 334-6656.

SoftCheck® Blood Pressure Cuffs (CasMed)

SoftCheck Blood Pressure Cuff with a single tube has soft fabric which prevents perspiration under cuff.

CASVST1826ML	SoftCheck blood pressure cuff, small adult, for CAS 740 /750	each	4.05
CASVST2635ML	SoftCheck blood pressure cuff, adult, for CAS 740 /750	each	5.38
CASVST3242ML	SoftCheck blood pressure cuff, large adult, for CAS 740 /750	each	6.14
CASVST1320ML	SoftCheck blood pressure cuff, child, for CAS 740 /750	each	3.50
CASVST4250ML	Soft-check blood pressure cuff, thigh, for CAS 740 /750	each	11.88
CASVST0814ML	Soft-check blood pressure cuff, infant, for CAS 740 /750	each	2.98
CASVST2635HP	SoftCheck blood pressure cuff, adult, for HP Agilent, Philips	each	5.48
CASVST2635MQ	SoftCheck blood pressure cuff, adult, for MRL Pic/Propaq	each	5.48

Durashock Blood Pressure Cuffs (Welch Allyn)

- Gear free
- Shock resistant
- 5-year calibration warranty
- Inflation bulb and valve
- FlexiPort reusable 1-tube cuff

WADS44-11	Durashock blood pressure cuff, adult	each	62.50
WADS44-12	Durashock blood pressure cuff, large adult	each	68.00
WADS44-09	Durashock blood pressure cuff, child	each	62.50

Pro's Combo III™ Pocket Aneroid Kit (ADC)

A combination of ADC's finest pocket aneroid and one of its most popular acoustic scopes. Together they provide outstanding performance with rugged durability.

- Chrome-plated pocket aneroid (Diagnostix™ 700) with luminescent dial provides day-in, day-out dependability
- Adcuff™ nylon cuff with ADC's proprietary Size Guide™ marking system
- Color-coordinated matching professional Adscope™ 603 stethoscope
- Extra-large, color-matched dual-pocket nylon carry case
- Assembled, inspected and packaged in the U.S.A. from foreign components

ADC778-603BK	Pro's Combo III™ pocket aneroid with Adscope	black	each	116.75
ADC778-603DG	Pro's Combo III™ pocket aneroid with Adscope	green	each	116.75
ADC778-603NV	Pro's Combo III™ pocket aneroid with Adscope	navy blue	each	116.75
ADC778-603OR	Pro's Combo III™ pocket aneroid with Adscope	orange	each	116.75
ADC778-603RB	Pro's Combo III™ pocket aneroid with Adscope	royal blue	each	116.75
ADC778-603RE	Pro's Combo III™ pocket aneroid with Adscope	red	each	69.91

Medic-Kit3™ EMT Kit (Mabis)

- Includes three cuffs: adult, child, and large adult
- The easy access, fold-open carrying case is made of heavy-duty blue nylon for many years of rugged service
- Features a chrome-plated, German-crafted palm aneroid gauge
- Has additional pockets for infant and thigh cuffs

MA01-350-018	Medic-Kit3 EMT kit, navy blue		each	123.60
MA01-350-058	Medic-Kit3 EMT kit, orange		each	123.60

Medic-Kit5™ EMT Kit (Mabis)

Medic-Kit 5 was designed with the EMT/paramedic in mind.

- Includes five cuffs—adult, infant, child, large adult and thigh
- The easy access, fold-open carrying case is made of heavy-duty blue nylon for many years of rugged service
- Chrome-plated, German-crafted palm aneroid gauge
- Lifetime calibration warranty

MA01-550-018	Medic Kit 5	navy blue	each	147.97
MA01-550-058	Medic Kit 5	orange	each	151.97

Blood Pressure Accessories (ADC)

ADC804	Gauge for ADC 703, 705, 731, 732, 740, 788 series		each	82.38
ADC804C	Luer connector for ADC 804 gauge only		each	0.92
ADC804N	Gauge for ADC 760, 768, 769 series		each	82.38
ADC850DB	Adcuff™ and bladder replacement, 1 tube, adult, navy blue		each	20.91

e-sphyg™ Digital Pocket Aneroid Stethoscope (ADC)

The e-sphyg replaces your mechanical gauge and its fragile, vulnerable design with a digital instrument that can stand up to the toughest use.

- Systolic assist alerts practitioner to the onset of Korotkoff sound
- Extra large backlit LCD with 7/8" digits, is easy to read in virtually any light
- Lifetime calibration warranty
- Manometer works with virtually every cuff on the market
- 2 "AAA" batteries (included)
- Black color

ADC7002XLF	e-sphyg™ digital pocket aneroid stethoscope, large adult, latex free	each	85.34

Adscope-lite™ Stethoscope (ADC)

The Adscope-lite™ is an affordably priced stethoscope that combines superior acoustic response with an ultra-lightweight design.

- Combination diaphragm/bell adult chestpiece precisely machined to exacting tolerances from lightweight aluminum
- Extra large 1 3/8" diameter bell
- Highly sensitive 1 3/4" diaphragm
- Non-chill bell and diaphragm retaining rim for patient comfort
- Clinician headset boasts reinforcing yoke molded into the flexible 22" PVC tubing
- Lightweight aluminum binaurals in matching satin finish
- Adsoft™ threaded PVC eartips for the ultimate in wearing comfort and acoustic seal
- Includes spare diaphragm and eartips
- Weighs 3.5 oz. Overall length 31"
- Assembled, inspected and packaged in the USA
- Five-year warranty covers all parts

ADC609BK	Adscope-lite stethoscope	black	each	24.63

Proscope™ Dual Head Stethoscope (ADC)

The Proscope™ Dual Head combines lightweight construction with truly affordable pricing.

- Combination diaphragm/bell chestpiece for wide frequency response
- Lightweight aluminum chestpiece construction
- Non-chill diaphragm rim for patient comfort
- Diaphragm diameter 1¾", bell diameter ¾"
- Proprietary diaphragm enhances acoustic response by 50% over traditional designs
- Flexible 22" PVC tubing
- Spare pair of black mushroom eartips included
- Inspected and packaged in the U.S.A.
- Weighs 3 oz. / Overall length 32.5"
- One-year warranty

Littmann® Cardiology III Stethoscopes (3M)

The Littmann Cardiology III stethoscope offers two tunable diaphragms which allows the user to conveniently alternate between low- and high-frequency sounds without turning over the chestpiece. The large side can be used for adult patients, while the small side is especially useful for pediatric or thin patients, around bandages and for carotid assessment. The pediatric side of the chestpiece easily converts to a traditional bell by simply replacing the diaphragm with the nonchill bell sleeve included with each stethoscope.

3M3128	Littmann Cardiology III stethoscope, 27"	black	each	266.74

Fingertip Pulse Oximeter (Southeastern)

This inexpensive, accurate pulse oximeter allows it to be used for adult applications in many different areas such as hospital, homecare and EMS. Includes blue protective rubber case.

- Convenient, compact and portable
- Bright, 6-way OLED color display
- Displays SpO2, heart rate and waveform
- Auto-off function (after 8 seconds of no use)
- 30 hrs of use on two AAA-size batteries
- Adjustable 10 level brightness
- FDA-approved

MD300C2	Fingertip pulse oximeter	each	65.00
---------	--------------------------	------	-------

Onyx® Vantage Finger Pulse Oximeter (Nonin)

The Onyx Vantage 9590 provides a fast, accurate, cost-effective solution for spot-checking oxygen saturation and pulse rate in pediatric to adult patients.

- Units work on pediatric to larger adult patients and can be used on finger, thumbs or toes
- 4-year warranty and up to 6,000 spot checks on two AAA batteries

NO9590	Onyx Vantage finger pulse oximeter, black	each	179.00
NO9590RE	Onyx Vantage finger pulse oximeter, red	each	179.00
NOJM2-CC	Onyx Vantage finger pulse oximeter, hard protective case only, black	each	25.00
NO9500CC-B	Onyx Vantage finger pulse oximeter, soft case only, black	each	18.00

Digit Finger Pulse Oximeter (BCI)

- Displays SPO2, Pulse rate and pulse strength
- Large LED display
- Auto Shut-off
- Low battery indicator
- High Impact Polycarbonate shield
- 2 year warranty
- Comes w/ Lanyard, 2-AAA Batteries, operation manual

BCI3420Y	Digit pulse oximeter	each	206.00
BCI3427	Digit pulse oximeter carry case	each	32.10
BCI3426	Digit pulse oximeter lanyard	each	6.64

8500 Digital Handheld Pulse Oximeter (Nonin)

Provides an easy and accurate assessment of oxygen saturation and pulse rate from adults to neonates. With 100 hours of battery life, the 8500 provides a cost-effective, environmentally friendly solution for your monitoring needs.

NO8500C	8500 Digital Handheld Pulse Oximeter unit with black case	each	437.92
NO8500	8500 Digital Handheld Pulse Oximeter unit only	each	524.00
NO8500CC-B	8500 Digital Handheld Pulse Oximeter, old style carrying case only	each	49.50

3301 Handheld Pulse Oximeter (BCI)

- Includes, monitor, oximetry finger senso , three“C” size batteries and manual
- Displays SPO2, Pulse rate and Pulse strength
- Storage data for up to 99 patients; 2 year warranty

BCI3301	3301 handheld pulse oximeter	each	937.86
BCI3315	3301 handheld pulse oximeter carrying case, belt clip, shoulder strap	each	75.12
BCI3318	3301 handheld pulse oximeter protective rubber boot with strap	each	68.28
BCI3311	3301 handheld pulse oximeter 5' extension cable	each	75.12

Nellcor™ SpO₂ Sensors (Medtronic/Covidien)

- Sterile, single-patient use sensors for neonates, pediatrics and adults
- Tear-resistant bandages for durability
- Compatible with current Nellcor pulse oximeters with OxiMax™ technology and previous generations

D-25	Nellcor Oxisensor II SpO2 sensor, disposable adult	each	20.37
D-20	Nellcor Oxisensor II SpO2 sensor, disposable pediatric	each	20.37

Reusable Oximetry Finger Sensors (Sensoronics)

These reusable SpO2 sensors are compatible with the following oximeters.

- BCI-3401, 3304, 3303, 3302, 3301, 3300; Spacelabs Burdick-PRO2; Dräger-Oxipac 2000
- Nellcor®-N100 (req. preamp cable), N180, N200 (req. preamp cable), N-20, NPB-40, NPB-75, NPB-290/ 5, N-390, N-395, N-3000, N-6000
- Nonin-8500, 8600, 8700, 8800

SESRP-BCI-3A	Reusable finger clip oximetry sensor, BCI, adult, 3'	each	84.62
SESRP-MALNC-3A	Reusable finger clip oximetry sensor, LNCS, adult, 3'	each	84.62
SESRP-NCR-3A	Reusable finger clip oximetry sensor, Nellcor, adult, 3'	each	84.62
SESRP-NCR-9A	Reusable finger clip oximetry sensor, Nellcor, adult, 9'	each	84.62
SESRP-NON-3A	Reusable finger clip oximetry sensor, Nonin, adult, 3'	each	84.62
SESB-BCI-3A	Reusable soft silicone oximetry sensor, BCI, adult, 3'	each	92.31
SESB-BCI-3P	Reusable soft silicone oximetry sensor, BCI, pediatric, 3'	each	92.31
SESB-NON-3P	Reusable soft silicone oximetry sensor, Nonin, pediatric, 3'	each	92.31

Diagnostic Equipment ■ Thermometry

Adtemp™ 419 Hypothermia Thermometer (ADC)

- Extended range 78.0°F - 111.9°F ±.2°F or 25.5°C - 44.3°C ±.1°C
- Replaceable 1.55v (LR41) type battery provides up to 1,500 measurements
- Clear two-piece plastic storage case
- Oral, rectal, ancillary

ADC419	Adtemp 419 hypothermia thermometer	each	9.99
ADC416-100	Adtemp digital disposable sheaths	100/box	4.63

Adtemp™ 421 Digital Ear Thermometer (ADC)

- Range 89.6°F-108°F ± .4°F or 32°C-42.2°C ± .2°C depending on scale selection
- Probe cover FREE design is less costly and more convenient to use
- Compact ergonomic design fits comfortably in operator's hand and patient's ear
- Audible fever alarm at 99.5°F (37.5°C)
- 12 reading memory
- Complete with lithium battery, storage/travel case and operating instructions

ADC421	Adtemp 421 digital ear thermometer	each	40.00
--------	------------------------------------	------	-------

Adtemp™ 10-Second Digital Thermometer (ADC)

- 18-second oral, 10-second rectal temperature measurement
- Range 90°F - 109.9°F ±.2°F or 32°C - 43.2°C ±.1°C depending upon scale selection
- Replaceable 1.55v (LR41) type battery provides up to 1,500 measurements
- Includes five probe sheaths
- Clear plastic scabbard storage case

ADC415	Adtemp IV 415 digital thermometer	each	8.33
ADC416-100	Adtemp digital disposable sheaths	100/box	4.63

Adtemp™ 413 30-40 Second Digital Thermometer (ADC)

- Compact size - under 5" long, weighs just 11 grams
- Range 90°F-109.9°F ±.2°F
- Reads in as little as 30 seconds (typical response time 30-40 seconds)
- Replaceable 1.55v (LR41) type battery provides up to 1,500 measurements
- Scabbard carry case keeps instrument sanitary

ADC413	Adtemp 413 30-40 second digital thermometer	each	6.48
--------	---------------------------------------------	------	------

Adtemp™ 424 Infrared Tympanic Ear Thermometer (ADC)

Easy to use Tympanic thermometer measures core temperature instantly. Convenient, economical probe covers make it the ideal instrument for use on all types of patients.

- Multiple use (wide range 89.6°F - 108°F +/- .4°F(32°C - 42.2°C +/- .2°C)
- °F/°C switchable display
- Fever alarm at 99.5°F (37.5°C)
- Last reading memory
- Compact design - 5½" long, weighs 1.6oz. including battery
- Powered by 1.55v (CR2032) Lithium battery (included)
- Includes 20 probe covers in convenient dispenser
- Desktop storage caddy

ADC424	Adtemp 424 infrared ear thermometer	each	41.75
ADC425-40	Adtemp tympanic sheaths	40/pkg	5.01

Adtemp™ 427 Temple Touch Thermometer (ADC)

- Non-invasive temple temperature measurement using patented conductive technology delivers clinically accurate readings in about six seconds
- Auto off function conserves battery life
- Last reading memory
- Dual scale (°F/°C)
- Water resistant
- Uses two "AAA" batteries (included)
- Temp range 95°F to 107.6°F +/- .2°F (35°C to 42°C +/- .1°C)**
- Compact design measures just 4.7" x 1.17" x 1"
- Weighs 1.3oz including batteries

ADC427	Adtemp 427 temple touch thermometer	each	14.41
--------	-------------------------------------	------	-------

Temporal Scanner (Exegen)

- Soft-Glow display
- Eight temperature memory
- Silent mode
- Fahrenheit or Celsius mode

124275	Temporal scanner	each	710.00
--------	------------------	------	--------

SureTemp® Plus 690 Electronic Thermometer (Welch Allyn)

- Prominent recall button for display of last temperature taken
- Battery life indicator
- Removable probe well for easy cleaning
- Convenient storage for 25 probe covers
- Mode selection button for selecting oral, pediatric axillary or adult axillary
- Interchangeable probe with push-button probe cover ejection

WA01690-200	SureTemp Plus 690 electronic thermometer, 4' cord and oral probe with oral probe well	each	297.00
WA01690-400	SureTemp Plus 690 electronic thermometer, wall mount, 4' cord and oral probe with oral probe well	each	311.00
WA02893-000	SureTemp Plus 690 thermometer probe and well kit, 4', oral	each	89.00
WA02892-000	SureTemp Plus 690 thermometer probe and well kit, 4', rectal	each	89.00
WA05031-750	SureTemp Plus 690 probe covers	250/box	12.83
WA21326-0000	SureTemp Plus 690 wall mount	each	41.50

Filac™ 3000EZ Electronic Thermometer (Medtronic/Covidien)

The Filac 3000EZ electronic thermometer features an easy-to-use, intuitive icon-based user interface, easy-to-read LCD display with backlight as well as a durable, robust design.

KE504000	Filac 3000EZ electronic thermometer	each	230.77
KE500036	Filac 3000EZ rectal probes, 4'	each	100.00
KE502000	Filac 3000EZ probe covers	25/box	24.00
KE5000038	Rilac 3000EZ rectal isolation chamber	each	19.69
KE500046	Filac 3000EZ wall mount base with lock	each	30.00

Deluxe Digital Thermometer (Mabis)

- Peak temperature tone
- Memory recall of last reading
- Auto shut-off
- Fast, 60-second readout
- Clinical accuracy to 2/10 th of a degree
- Waterproof for easy cleaning

S3606	Deluxe digital oral thermometer	each	6.14
S3607	Thermometer sheaths, disposable	100/box	4.18

Digital Pacifier Thermometer with Musical Fever Alarm (Mabis)

- Soothing "Twinkle, Twinkle, Little Star" lullaby fever alarm
- Waterproof
- Memory recall of last reading
- Non-replaceable battery sealed for safety
- Fast 90-second readout
- Orthodontic nipple
- Automatic shut-off

MA15-690-000	Digital pacifier the mometer with musical fever alarm	each	8.48
--------------	-------------------------------------------------------	------	------

RediScan™ Infrared Thermometer with Digital Readout (Mabis)

The RediScan is easy-to-use with a professionally accurate, one-second-readout and a Nite-Glo® feature that backlights the display. A fever alarm sounds instantly if the temperature is above normal, and a 10-reading memory recall allows the user to track the progress of the temperature. Includes a convenient storage bag, English and Spanish detailed guidebook, 2 AAA batteries and a 5-year limited warranty.

MA18-535-000	RediScan infrared thermometer with digital readout	each	93.98
--------------	----------------------------------------------------	------	-------

ZooTemps™ Digital 20-Second Thermometers (Mabis)

This 5-pack of thermometers includes a protective half storage case, replaceable LR41 battery and 5 probe covers

- Soft, flexible tip
- Large display
- Low battery indicator
- Automatic shut-off
- F/C switchable
- Peak temperature tone
- Memory recall of last reading
- Water resistant
- Fever alarm sounds at 99.5°F
- 5-year limited warranty

MA15-705-000	Zoo Temp digital thermometer	each	8.46
--------------	------------------------------	------	------

Temp Assure Disposable Forehead Thermometer (Medline)

DVPTA105	Temp Assure disposable forehead thermometer	100/box	117.16
----------	---------------------------------------------	---------	--------

Otoscope and Ophthalmoscope (ADC)

Available as otoscope/ophthalmoscope set (ADC5110) or otoscope (ADC5111). Includes hard carry case.

- Fiber optics for cool, obstruction-free light transmission
- 2.5v Xenon lamp for true tissue color
- Wide angle swivel 2.5x viewing lens permits instrumentation
- Insufflator port (fitting and insufflator sold separately) for pneumatic otoscopy

ADC5182	Otoscope specula, disposable, 2.75 mm	850/box	45.34
ADC5185	Otoscope specula, disposable, 4.25 mm	850/box	45.34
ADC5110	Otoscope/Ophthalmoscope set	each	283.23
ADC5111	Otoscope pocket set	each	140.58

AED Trainer 3
Item 861467-OPTA01

HeartStart FR3 Training Pack
Item 989803150191

AED Trainer 3 Replacement Training Pads III and Interconnect Cable
Items 989803150181 (Pads III) and 989803150201 (Cable)

HeartStart FR3 Battery Charger
Item 861394

AED Trainer 3 Remote Control
Item 989803171631

AED Trainer 3 (Philips)

Designed to help prepare emergency responders to use the HeartStart FR3 and other AEDs. Together with appropriate manikins and other training tools, the AED Trainer 3 is intended to help provide realistic training on delivering correct treatment, including shock delivery and CPR, to a cardiac arrest victim.

The AED Trainer 3 guides you through each step of the training scenario with the same voice prompts as the FR3 AED. Like the FR3 AED, the AED Trainer 3 configuration can be customized and its operation easily updated.

- Provides 8 training scenarios that simulate realistic episodes of SCA and help responders become familiar with use of the FR3.
- Like the HeartStart FR3 AED, the AED Trainer 3 can be prepared with its training pads pre-connected and out of their packaging, ready for fast deployment.
- Includes Training Pads III and a reusable interconnect cable. There's no need to change the pads for children. The AED Trainer 3 comes with a Training Infant/Child Key to replicate the infant/child mode of the FR3 AED.

861467-OPTA01	AED Trainer 3	each	451.00
989803150191	FR3 Training Pack provides 4 simulation scenarios and includes training battery, set of Replacement Training Pads III, interconnect cable for Replacement Training Pads III and an external manikin adapter	each	305.00
989803150181	Replacement Training Pads III (requires Interconnect cable 989803150201 and typically provides 100 uses)	pair	26.00
989803150201	Interconnect cable for Training Pads III	each	19.00
861394	FR3 training battery charger	each	310.00
989803171631	Remote control for AED Trainer 3	each	48.00

HeartStart FRx Trainer (Philips)

Empower your students by teaching them how to use the HeartStart FRx Defibrillator to help save lives. The HeartStart FRx Trainer simulates how the HeartStart FRx Defibrillator will operate during a real-life cardiac arrest event. Clear, confident voice instructions and pre-configured rescue scenarios make training students easier and more rewarding. Voice instructions match those of the HeartStart FRx Defibrillator.

- Works with internal and external pads adapters, allowing the instructor to provide some or no clues toward pad placement, resulting in the most realistic training scenario.
- Resembles the HeartStart FRx Defibrillator, yet is sufficiently different to avoid inadvertent use in an actual emergency.
- Accepts Infant/Child Key for pediatric defibrillation training.
- CPR coaching helps train students in adult and infant/child CPR.
- Uses four standard "AA" batteries (not included), allowing you to manage training costs.

861306	HeartStart FRx Trainer includes nylon carrying case, one set of reusable adult training pads and one external manikin adapter strip	each	369.00
989803139271	HeartStart FRx training pads, complete (pads case and pads)	each	84.00
M5090A	HeartStart adult pads placement guide ("Flat Man")	each	29.00
989803139281	HeartStart infant/child pads placement guide ("Flat Kid")	each	29.00
989803139291	HeartStart FRx replacement training pads (pads only, no pads case)	each	28.77
989803139321	HeartStart FRx training toolkit includes CD and DVD with PowerPoint Presentation and video on how to operate and maintain the HeartStart FRx	each	34.00
M5088A	Internal manikin adapter	each	34.00

HeartStart OnSite (HS1) Trainer (Philips)

The HeartStart OnSite Trainer simulates how the HeartStart OnSite Defibrillator will operate during a real-life cardiac arrest event.

- Clear, confident voice instructions and preconfigured scenarios make training students easier and more rewarding.
- Voice instructions match those of the HeartStart OnSite Defibrillator.
- Works with internal and external pads adapters, allowing the instructor to provide some or no clues toward pad placement.
- Resembles the HeartStart OnSite Defibrillator, yet is sufficiently different to avoid inadvertent use in an actual emergency.
- Uses four standard "AA" batteries (not included).

The Southeastern Emergency Medicine Training & Education Center

Our Training & Education Center is located on the same campus as our headquarters in Youngsville, NC (just north of Raleigh). It features the latest in AV technology to ensure courses are presented in a professional and academically sound environment.

The Center is equipped with a vast array of emergency supplies and equipment as well as cutting-edge patient simulators and support materials that ensure participants train in a real-world environment.

- Philips Healthcare MRx monitors/defibrillators
- Philips Healthcare AEDs
- Laerdal Patient Simulators
- Laerdal-supported CPR feedback devices
- Stryker stretchers
- Fully-stocked hospital-style crash carts
- Emergency responder bags and accessories
- Ambulances (if needed for training purposes)

Philips MRx

Laerdal SimPad

For more information on our full array of training and education services, see pages 124-125.

LA185-10050

LA198-80150

ShockLink™ (Laerdal)

ShockLink is a compact solution for standardized CPR-D training that enables users to adapt their own AED or advanced defibrillator for use as a training tool in a realistic and controlled environment. ShockLink allows you to use adhesive training pads on your manikins and simulates multiple shockable rhythms, but when used with Resusci Anne QCPR AED and SimPad SkillReporter, it becomes part of an integrated platform for high-performance CPR teams training. When used with Resusci Anne QCPR AED and SimPad SkillReporter, heart rhythms and shocks delivered are automatically captured in the screen for future analysis and debriefing.

- Adult defibrillation (up to 360 J)
- Child/infant defibrillation (from 10 J)
- Measure defibrillation energy and pacing
- ECG library when used with remote control
 - Sinus Rhythm -VF
 - VT Slow -PEA
 - VT Fast -Asystole
 - SVT -Bradycardia

LA185-10050	ShockLink system includes ShockLink device, defibrillator training pads for ShockLink, remote control, ShockLink pouch and user guide	each	795.00
LA198-80150	Defibrillator training pads for ShockLink	each	26.50

AED Practi-Trainer (WNL Products)

This AED training unit includes a replaceable scenario/language module. When ECC guidelines are updated, you only need to upgrade your plug-in module - no need to buy an entirely new unit or send it out for re-programming. Includes one complete unit with 8 English and Spanish pre-programmed scenarios, remote control, 1 set of child pads and connector, 1 set of adult pads and connector, manual and carry case.

- Uses 3 AA batteries (not included) or A/C adapter (you provide)
- 1 year warranty

WNLWL220E505	AED Practi-Trainer	each	149.94
WNLXFTAP	AED Practi-Trainer training pads	pair	7.95
T1950	"AA" battery	each	0.52

Basic Buddy® AED Training Package (Nasco)

Includes the LifePak™ CR Plus AED Trainer plus a Basic Buddy™ manikin. Only use AED training pads designed for foam body manikins.

LF03734U	Basic Buddy AED Training Package	each	575.00
----------	----------------------------------	------	--------

SimPad® Plus System (Laerdal)

SimPad PLUS is an operating device used to control Laerdal manikins and simulators and can be used with task trainers and standardised patients. It allows instructors, new or experienced, to deliver highly-effective simulation-based training.

The SimPad Plus system includes:

- SimPad PLUS device, link box and handheld remote control
- Lithium ion battery, AC adapter and power cord
- USB and Ethernet cables
- Wrist strap and protective sleeve
- Nametags, manikin strap, headset, microphone and quick start guide

NOTE: LLEAP for SimPad PLUS Software (LA204-50150) is required for use.

LA204-30001	SymPad Plus system	each	1,530.00
LA204-50150	LLEAP software for SimPad Plus license	each	2,550.00
LA200-30350	Lithium-ion battery for SimPad Plus	each	295.00
LA204-30001PP	SimPad Plus protection plan	each	864.00

SimPad Plus with SkillReporter (Laerdal)

The new SimPad Plus with SkillReporter includes the same easy setup and intuitive operation as the discontinued SimPad SkillReporter, plus faster startup time and Bluetooth connectivity.

SimPad Plus with SkillReporter facilitates real-time feedback, records data, and calculates overall performance for thorough training and debrief on CPR performance. Users can connect to multiple manikins (up to 6) with either the available Multi-Manikin Router or new Bluetooth connection. Includes:

- SimPad Plus device with activated SkillReporter software
- AC power supply (power and charger)
- Rechargeable lithium-ion battery
- SimPad Plus sleeve (protective case for SimPad Plus)
- USB cable – attaches SimPad Plus to PC for updates and downloads
- Wrist strap for SimPad Plus
- User guide

NOTE: SimPad SkillReporter (LA202-30001) has been discontinued. Service and software support for this product will be available until November 2021.

LA206-30001	SimPad Plus with SkillReporter	each	1,750.00
LA202-40050	Multi-manikin router for SimPad Plus with SkillReporter	each	231.00
LA202-40100	Stand for SimPad	each	42.00
LA30002PP	SimPad Protection Plan renewal, 2-year extension	each	912.00
LA204-30001PP	SimPad Plus Protection Plan	each	864.00

SimMan® ALS (SimPad Plus and SimPad Capable) (Laerdal)

SimMan ALS is a mobile, durable solution that will meet the training needs of pre-hospital and in-hospital emergency care providers. SimMan ALS can be used for the complete training of the American Heart Association (AHA) Advanced Cardiac Life Support (ACLS) Course as well as a wide range of skills from basic assessment to critical care. SimMan ALS can be operated via a LLEAP- Laerdal Learning Application PC or the SimPad PLUS remote along with a simulated patient monitor. SimMan ALS features:

- Wireless, rugged, and self-contained design with internal compressor allowing training to take place in clinically relevant environments
- QCPR measurement and scoring that complies with 2010 / 2015 CPR guidelines
- Accurate pad placement for defibrillation and cardioversion with live shock
- Difficult airway management including surgical and needle cricothyrotomy, airway resistance, and airway complications such as tongue edema. Airway allows for use of ET tube, Combitube, LMA, I-gel and other airway placement devices
- Breathing assessment with bilateral and unilateral chest rise as well as normal and abnormal breath sounds with anterior and posterior auscultation sites
- Fluid resuscitation via intraosseous access (tibia) and pre-ported IV access
- Optional diagnostic ultrasound training using the Laerdal- SonoSim Ultrasound solution

For more information on this product, please contact your Southeastern District Sales Manager or call (800) 334-6656.

MegaCode Kelly Advanced (SimPad Plus and SimPad Capable)

(Laerdal)

The advanced life support manikin for realistic training focusing on a wide variety of advanced lifesaving skills for pre-hospital emergencies from advanced airway scenarios to IV therapy. MegaCode Kelly with SimPad allows cardiac defibrillation, pacing and ECG interpretation of over 1400 rhythm variations. This flexible manikin platform, complete with scenario based simulation curriculum provides a wide range of multiple accessory modules to accommodate training, including CPR, ACLS, NBC, trauma, bleeding control and first aid. Integrate pre-programmed simulation content designed to provide students with realistic scenario-based clinical training focusing on specific learning objectives geared toward patient assessment, patient diagnosis, interventions and management of care to improve to student’s critical thinking and decision making skills.

- Airway/Intubation Trainer—obstructed airway, endotracheal, nasotracheal intubation, ventilation, surgical and needle cricothyrotomy, suctioning techniques, stomach auscultation
- Cardiac-Related Skills—cardiac rhythm variations, manual chest compressions, pacing, defibrillation and synchronized cardioversion
- Circulatory Skills and IV Drug Administration—bilateral carotid pulse, brachial and radial pulses, blood pressure, IV cannulation, venipuncture, subcutaneous and intramuscular injections, tension pneumothorax decompression
- Trauma module set—trauma head, avulsed ear, avulsed eye, lacerations, impaled object and face contusions. abdominal wound and clavicle fracture lay-on. Crushed foot with exposed bone and soft tissue amputation

LA200-05050	MegaCode Kelly Advanced	each	8,670.00
LA200-05050B	MegaCode Kelly Advanced, brown skin	each	8,500.00

MegaCode Kid Advanced (SimPad Plus and SimPad Capable)

(Laerdal)

MegaCode Kid is a realistic manikin for training in a wide range of pediatric advanced life saving skills in pre-hospital emergencies. MegaCode Kid operated via the SimPad System will improve your ability to deliver highly effective simulation based training and achieve your learning objectives. MegaCode Kid features:

- Realistic airway for insertion of standard airway devices
- Intravenous drug administration via IV bolus or drip using the multi-venous pediatric IV arm
- Realistic needle insertion and feel at the medial malleolus and tibial tuberosity for intraosseous infusion

LA231-05050	MegaCode Kid Advanced (SimPad Plus and SimPad capable)	each	5,550.00
LA231-15050	ECG Kid (SimPad ECG capabilities only)	each	3,200.00
LA231-01150	MegaCode Kid soft carry case	each	156.00

Nursing Kelly (SimPad Plus and SimPad Capable) (Laerdal)

A full-body adult manikin designed for scenario-based training for a wide variety of basic to advanced patient care and management skills. Coupled with the SimPad system, training can be delivered efficiently and effectively and for the best possible educational experience. Nursing Kelly is educationally effective for clinical training from basic to advanced patient care and management skills. This flexible manikin platform allows multiple accessory modules to be added including wound assessment and treatment and NBC module. Includes:

- Head with anatomical landmarks, trachea, and esophagus, along with simulated lungs and stomach, allowing the practice of trach care, NG tube insertion, and gastric lavage/gavage
- IV training arms allow peripheral intravenous therapy and site care as well as subcutaneous and intramuscular injection sites
- Practice of standard patient assessment techniques such blood pressure auscultation and palpation
- Interchangeable stoma sites depict colostomy, ileostomy and suprapubic cystostomy

LA30005050	Nursing Kelly (SimPad Plus and SimPad capable)	each	4,970.00
LA276-15001	Simulated NBC (nuclear, biological, chemical) module	each	1,420.00
LA381500	Trauma module set	each	2,250.00
LA381450	Nursing wound module set	each	2,250.00

SAVE TIME BY ORDERING ONLINE
Store.Seequip.com

Nursing Anne (SimPad Plus and SimPad Capable) (Laerdal)

Nursing Anne is a SimPad Plus-capable manikin designed for scenario-based training for the care and management of basic patient handling skills to advanced nursing skills. This flexible manikin platform allows multiple accessory modules to be added for practice of wound care, fundus skills and assessment, breast exam and mastectomy care. Nursing Anne operated via the SimPad Plus System will improve your ability to deliver highly effective simulation based training and achieve your learning objectives. Nursing Anne allows for:

- NG tube insertion care, medication administration and removal; gastric lavage and gavage.
- Articulating IV training arm allows peripheral intravenous therapy with IV bolus or push injection.
- Venipuncture possible in the antecubital fossa or dorsum of the hand.
- Interchangeable genitalia with connectors and urinary and colon reservoirs facilitate urologic care procedures and gastrointestinal procedures.

LA325-05050	Nursing Anne manikin	each	5,150.00
LA325-05050B	Nursing Anne manikin, brown skin	each	5,150.00
LA325-05050T	Nursing Anne manikin, tan skin	each	5,150.00
LA325-00750	Nursing Anne breast exam module	each	735.00
LA325-00450	Nursing Anne fundus skills and assessment module	each	529.00
LA325-00650	Nursing Anne mastectomy module	each	529.00
LA325-00550	Nursing Anne wound care assessment set	each	2,046.00

Nursing Kid (SimPad Plus and SimPad Capable) (Laerdal)

Realistically representing a six-year-old child, Nursing Kid is designed for skill and scenario-based training of the care and management of a variety of pediatric patients. This child is ideal for clinical training of common and uncommon in-hospital pediatric patients including wound assessment and care, first aid, and child abuse training. Nursing Kid operated via the SimPad Plus System provides training targeting key skills specific to pediatric care providers. Nursing Kid allows for:

- Auscultation and recognition of normal and abnormal heart and breath sounds
- Basic to advanced nursing techniques including intubation, venous cannulation, catheterization
- Realistic NG tube insertion, care, removal and medication administration

LA350-05050	Nursing Kid manikin	each	2,870.00
LA350-05050B	Nursing Kid manikin, brown skin	each	2,810.00

Nursing Baby (SimPad Plus and SimPad Capable) (Laerdal)

Nursing Baby is a full-size infant manikin that realistically simulates a 6-month old patient. It is specifically designed for training professionals in the practice of basic and advanced infant patient care procedures. Nursing Baby features:

- Patient care skills such as tracheostomy care and suctioning (oral and nasal), NG and OG tube insertion
- Intraosseous puncture and infusion as well as intramuscular injection site identification
- Variable fontanelles simulating normal, bulging and depressed

LA365-05050	Nursing Baby (SimPad Plus and SimPad capable)	each	2,805.00
-------------	-----------------------------------------------	------	----------

SimPad® Touchscreen Simulated Patient Monitor (Laerdal)

When used with the SimPad Plus or SimPad System, this 23" touchscreen panel simulates heart rate, SpO₂, blood pressure, respiratory rate, temperature, ECG and etCO₂. Use it with:

- ALS Simulator
- Nursing Kid
- Nursing Baby
- Resusci Anne Advanced SkillTrainer with SimPad
- MegaCode Kelly
- Nursing Anne
- Nursing Kelly
- MegaCode Kid
- Resusci Anne Simulator with SimPad
- SimMan ALS

LA400-29301	SimPad simulated touchscreen 23" patient monitor	each	3,155.00
LA200-11950	SimPad Patient Monitor software license	each	1,117.00

Resusci Anne® QCPR® (Laerdal)

The Resusci Anne QCPR is an adult CPR training manikin now improved for multiple feedback options that provide opportunity to focus on student competency. Measurement, assessment and quality feedback are key factors in developing competency. Resusci Anne QCPR works with SimPad® SkillReporter™, SkillGuide and Resusci Anne Wireless SkillReporter Software (PC) feedback devices (not included).

- Realistic anatomy including head tilt, chin lift, compression depth, compression force and chest rise
- Sensor indicates correct hand placement
- Ventilation system provides appropriate chest rise with BMV (Bag Valve Mask) and MTM (Mouth to Mouth)
- Enhanced measurement and feedback capabilities
- Wireless connectivity with SimPad SkillReporter or Resusci Anne Wireless SkillReporter software
- Wired connectivity with SkillGuide or SimPad SkillReporter
- Guidelines compliant

LA171-00150	Resusci Anne QCPR, torso with carry case	each	1,550.00
LA172-01250	Resusci Anne QCPR with airway head, full body with trolley suitcase	each	2,629.00
LA318003	Resusci Anne wireless skill reporter software only	each	1,090.00
LA170-30050	SkillGuide	each	63.00

Quality CPR Saves Lives

There are many factors that contribute to survival from a sudden cardiac arrest, but none as powerful as receiving quality CPR*. The Resusci Anne[®] QCPR manikin provides learners the ability to accurately assess their performance real-time or in debriefing to maximize their psychomotor skills for improved CPR competence. By incorporating a ShockLink[™] System for defibrillation training, learners can easily integrate most defibrillators into a realistic and controlled training environment.

To learn more about Laerdal's complete line of CPR training solutions, contact your Southeastern representative at (800) 334-6656 or visit store.seequip.com

ShockLink[™] System

Resusci® Baby QCPR® (Laerdal)

The Resusci Baby QCPR is an infant CPR training manikin now improved for multiple feedback options that provide opportunity to focus on student competency. Measurement, assessment and quality feedback are key factors in developing competency. Resusci Baby with QCPR manikin provides thorough and realistic CPR training.

Enhanced measurement of compressions and ventilations allows for comprehensive and accurate guidance. Detailed feedback and debriefing functionalities enables students to learn and improve CPR performance better than ever before. Resusci Baby QCPR works with following feedback devices (sold separately).

- SimPad® SkillReporter™
- SkillGuide

Many other configurations of Resusci Baby QCPR are available. Contact your Southeastern District Sales Manager or call (800) 334-6656.

LA161-01250	Resusci Baby QCPR with suitcase	each	920.00
LA202-30001	SimPad SkillReporter	each	1,620.00
LA202-50050	SimPad SkillReporter software	each	1,040.00
LA170-30050	SkillGuide	each	63.00

SkillGuide(Laerdal)

The new SkillGuide for the QCPR manikins enhances the ability to measure, track and improve your CPR skills. Small, portable and light weight, **it is compatible with Resusci Anne with QCPR and Resusci Baby with QCPR.**

LA170-30050	SkillGuide	each	63.00

Resusci Anne Simulator with SimPad (Laerdal)

The Resusci Anne Simulator with SimPad has been designed for the unique training needs of emergency care in both pre-hospital and in-hospital environments. The SimPad System will work wirelessly via Wi-Fi with Resusci Anne Simulator transforming the simulation exercise into a mobile and dynamic learning experience enabling learning opportunities to evolve in real time. SimPad sold separately.

- High quality airway management with a BVM and supraglottic airways
- Spontaneous breathing
- ECG and live defibrillation
- IV
- Blood pressure
- Voice, lung and heart sounds for basic simulation training
- Quality QCPR feedback on the SimPad Plus or SimPad

LA150-20001	Resusci Anne Simulator with SimPad	each	11,875.00
LA200-30150	SimPad only	each	3,200.00

Resusci Anne Advanced SkillTrainer with SimPad (Laerdal)

By combining the functionality of the Resusci Anne Advanced SkillTrainer with the SimPad System, instructors and trainers have the ability to offer a more comprehensive, high quality, cost-effective simulation-based training program focusing on advanced skills practice. The anatomically realistic airway allows training in basic to intermediate airway management. With the SimPad remote control with Q-CPR feedback, instructors can monitor, assess and debrief students easily and efficiently. The touch screen remote control allows for flexibility in simulation based training to maximize overall learning objectives. SimPAD sold separately.

LA151-20089	Resusci Anne Advanced SkillTrainer	each	6,855.00
LA200-30150	SimPad only	each	3,200.00

Resusci Anne® Wireless SkillReporter™ Software (Laerdal)

The Wireless SkillReporter and its easy-to-use software, Multi-Manikin Overview options and realtime performance feedback will help you train multiple students in their actual working environment. Can control up to six manikins via bluetooth. Manikin not included. Please order separately. PC not included.

- Real-time performance feedback on CPR Skills
- Software is compatible with Resusci Anne and Resusci Baby Q CPR manikins and Resusci Anne SkillReporter manikins
- Operating System requirements: Windows XP, Vista or Windows 7, Windows 8 (except the W8 RT Light version)

LA318000	Resusci Anne Wireless SkillReporter Complete includes software, wireless kit and bluetooth adapter (for SkillReporter manikins only)	each	1,150.00
LA318003	Resusci Anne wireless skill reporter software only	each	1,090.00
LA318001	Resusci Anne wireless skill reporter USB antenna for laptop	each	182.00

CPRmeter™ (Laerdal)

Using Laerdal's latest generation of Q-CPR technology, the CPRmeter records and documents CPR performance. This opportunity to debrief events objectively is essential to facilitate team improvement and establish best practice to help improve patient outcomes.

The opportunity for trained responders to immediately self-evaluate their CPR performance is both an empowering and motivating feature of the CPRmeter. This can help reassure that optimal CPR has been delivered or highlight areas for improvement for discussion during the de-brief. The provided MicroSD card can capture comprehensive CPR event statistics for in-depth evaluation and debriefing. A quick download into the Q-CPR Review software enables the user to:

- Create a graphical view of a CPR case for debriefing
- Create and print an individual CPR Report Card
- Compile CPR event statistics for multiple cases

LA801-00149	CPRmeter	each	895.00
LA801-10550	CPRmeter carry case	each	62.00
LA801-10850	CPRmeter patient adhesives	10 sets of 3	65.00
LA801-10650	CPRmeter reusable silicone cover kit	each	40.00

Little Anne® AED Training System (Laerdal)

The Little Anne AED Training System combines Little Anne AED manikin and your choice of AED Trainer (3 or 2). The Little Anne AED Training System offers all the essential features necessary for learning adult CPR, defibrillation and defibrillator pad placement.

- Anatomically correct landmarks and sternal notch allow the student to practice identification of all anatomical landmarks relevant to adult CPR and defibrillation.
- Natural obstruction of the airway allows students to learn the important technique of opening the airway as in a real-life situation. This teaches how to effectively administer air to the patient. Abdominal thrusts can also be practiced.
- The realistic airway function means that the airway remains obstructed without proper head tilt/chin lift or jaw thrust manoeuvres. Chest rise is seen with correct ventilations.
- Oral and nasal passages allow realistic nose pinch required for mouth-to-mouth ventilation.

For complete system, order Little Anne AED and either AED Trainer 3 or 2.

LA020060	Little Anne AED (Laerdal part number 122-01050)	each	637.50
861467-OPTA01	AED Trainer 3	each	451.00
M3752A	AED Trainer 2	each	341.00

Little Anne® CPR Training Manikin (Laerdal)

The Little Anne CPR training manikin has been enhanced to provide more realistic adult CPR training without compromising quality or usability. It is durable and designed for convenience making hands-on practice possible for every student.

- Realistic airway construction means that the airway naturally remains obstructed without the use of proper head tilt, chin lift or jaw thrust
- Little Anne's anatomically correct torso and sternal notch allow the student to practice identification of all anatomical landmarks relevant to conducting adult CPR
- Realistic oral and nasal passages allow for mouth-to-mouth ventilation.
- **Feedback devices can be used to conduct Q CPR training.**
- Due to the highly realistic chest movement and compression resistance feedback devices, such as the CPRmeter, can be used to enhance training and ensure real time feedback and quality debriefing is provided.
- Audible feedback reinforces correct compression depth. An optional "clicker" feature signals when the correct compression depth is achieved.

LA020024	Little Anne Four Pack	each	885.00

Little Family Pack of Manikins (Laerdal)

Designed to reflect the realistic anatomical differences among an adult, a child and an infant, the new Family Pack comes complete with one Little Anne, one Little Junior and one Baby Anne, all in their individual cases.

Little Anne Manikin

- Manikin
- Soft Pack training mat (1)
- Resusci manikin faces (2)
- Little Anne airways (2)
- Manikin wipes (6)
- Directions for use

Little Junior Manikin

- Manikin (1)
- Soft Pack training mat (1)
- Faces (2)
- Airways (2)
- Manikin wipes (6)
- Directions for use

Baby Anne

- Manikin (1)
- Soft Pack (1)
- Airways (6)
- Foreign body practice objects (10)
- Directions for use

LA02008001	Little Family Pack, Light Skin	each	556.00
LA02008501	Little Family Pack, Dark Skin	each	556.00

CPR Prompt® Training Manikins (Nasco)

Comprehensive design allows for practice of Heimlich maneuver and abdominal thrusts, as well as CPR and mouth-to-mouth breathing. Realistic anatomical markings (Adams apple, carotid arteries, navel, rib cage, chest notch) make it easy to learn correct hand placement for checking pulse, performing chest compressions, and more.

CPR Prompt 7-pack includes five adult/child manikins, two infant manikins, 50 adult/child face shield/lung bags, 20 infant face shield/lung bags and nylon carry case.

CPR Prompt 5-pack includes five manikins with age selector dial that adjusts chest compression piston for learning adult or child techniques. Each set is packed in a rugged nylon carrying case with a supply of 50 face-shield lung bags and an insertion tool.

Only use AED pads designed for foam body manikins.

LF06700U	CPR Prompt 7-pack training and practice manikins, 5 adult/child, 2 infants, blue	each	525.00
LF06100U	CPR Prompt 5-pack training and practice manikins, adult/child, blue	each	430.00
LF06050U	CPR Prompt 5-pack training and practice manikins, infant, blue	each	295.00

Basic Buddy® CPR Manikins (Nasco)

The Basic Buddy CPR Manikin is a dramatic, inexpensive, and state-of-the-art manikin designed for teaching individuals or large groups the life-saving techniques of CPR. This manikin offers a realistic and affordable way to provide each student with their own CPR manikin.

Basic Buddy 10-pack consists of 10 adult/child manikins, 100 lung/mouth protection bags, 10 lung insertion tools, two carrying cases, and two instruction manuals.

Basic Buddy 5-pack consists of five adult/child manikins, 50 lung/mouth protection bags, five lung insertion tools, one carrying case, and an instruction manual.

Baby Buddy 5-pack consists of five infant manikins, 50 lung/mouth protection bags, carrying bag, five lung insertion tools, and an instruction manual.

NOTE: Only use AED pads designed for foam body manikins.

LF03695U	Basic Buddy, 10-pack	each	775.00

Instructors' Economy Starter Package (Simulaid)

This package is intended to give instructors the opportunity to replace older equipment or purchase start-up needs in the most economical way possible. Includes:

- Economy Adult Sani-Manikin 4 pack with carry storage bag (1)
- Adult face shield lung systems (200)
- Sani-Baby Manikin 4 pack with carry storage bag (1)
- Baby face shield lung systems (200)

SI2151	Instructor's economy starter package	each	784.00
--------	--------------------------------------	------	--------

Economy Adult Sani-Manikin (Simulaid)

Manikin features realistic head tilt, single-use airway/lung/face shield system, simulated chest rise, palpable landmarks, and xiphoid process for reference in hand placement. The manikin is light in weight, yet durable for extended training life.

SI2145	Economy adult Sani-Manikin with carry bag	4/pkg	353.00
SI2144	Economy adult Sani-Manikin without carry bag	each	97.00
SI2135	Face shield lung system	100/case	40.00

Brad® CPR Manikin (Simulaids)

These economical CPR manikins are constructed of soft, realistic vinyl plastic over polyurethane foam. Also included are three disposable/lung airways.

SI2801	Brad CPR manikin with carry bag	each	217.00
SI2850	Brad CPR manikin with electronics and carry bag	each	626.00
SI2805	Brad CPR manikin airway system	24/pkg	64.00
SI2023	Brad CPR manikin channel design mouth/nosepiece	10/pkg	51.00

Little Junior® (Laerdal)

The Little Junior manikin meets your need for a low-cost, lifelike child CPR trainer and is the perfect supplement to the Resusci Junior manikin. This package of four Little Junior manikins makes hands-on practice affordable for every student.

- Educationally effective by offering all of the essential features necessary for learning child CPR
- Affordability through increased hands-on practice by allowing higher student-to-manikin ratios
- Realistic anatomical landmarks provide the essential features necessary to teach quality appropriate CPR techniques
- Logistically convenient lightweight design makes Little Junior easy to transport
- Durable construction allows unequalled long-term use

LA18002050	Little Junior with soft pack and training mat	each	206.00
LA18002250	Little Junior four pack	4/pkg	760.00
LA183211	Airways for Resusci Junior / Little Junior	100/case	200.00
LA184511	Manual clicker activator for Little Junior	each	5.85

Resusci® Junior Basic and SkillGuide® (Laerdal)

The high-quality child CPR and water rescue trainer. The Resusci Junior manikin offers realistic, high-quality child CPR education. It has full-body construction and use of an optional SkillGuide performance indicator. Students can quickly sharpen their skills in performing child CPR to high standards.

- Educationally effective by focusing on the performance level of key CPR skills and techniques for children
- Enhanced student motivation through use of the optional SkillGuide indicator that allows real-time CPR performance feedback during training
- Cost efficient through easy to use and maintain disposable airways
- Realistic anatomical body and landmarks provide the essential features necessary to learn realistic child handling and quality child CPR skills
- Logistically convenient transportation provided by a durable hard case

LA18001101	Resusci Junior with SkillGuide	each	1,342.00
LA18001201	Resusci Junior with water rescue	each	893.00
LA18001001	Resusci Junior manikin with hard case	each	832.00
LA18001301	Resusci Junior manikin without case	each	765.00

Baby Anne® (Laerdal)

This low-cost, lifelike infant CPR trainer is the perfect supplement to the Resusci Baby manikin. The Baby Anne manikin was developed to provide effective infant CPR training without compromising realism or quality. The convenient packaging of four Baby Anne manikins makes hands-on practice affordable for every student. Educationally effective by offering all the essential features necessary for learning infant CPR. Affordability allows increased hands-on practice. Realistic chest compressions and chest rise allow students to learn proper techniques. Logistically convenient, lightweight and portable. 4-pack weighs under 12.1 lb. making Baby Anne easy to transport. Practical because it is inexpensive and easy to maintain. Durable construction allows unequalled long-term use.

LA050000	Baby Anne manikin with soft pak	each	119.00
LA050002	Baby Anne manikin with soft pak (dark skin)	each	119.00
LA050010	Baby Anne manikin four pack with soft pak	each	435.00

Pediatric ALS Trainer (Simulaids)

This pediatric ALS trainer features include:

- Bag valve mask ventilation
- Intubation head
- Oral or nasal intubation
- Sellicks Maneuver
- Accepts NG tube
- Four lead monitoring
- Brachial pulse
- External chest compressions
- Jaw thrust
- IV sites in hand and arm,
- I/O legs for intraosseous needle insertion and aspiration of bone marrow (2)
- Scalp vein for palpation
- Cranial sutures
- Fontanels
- Soft carry bag

SI090	Pediatric ALS Trainer with carry bag	each	894.00
SI091	Pediatric ALS Trainer complete with arrhythmia simulator	each	1,614.00
SI092	I/O bone and blood capsule for Pediatric ALS trainer	12/pkg	107.00
SI093	Leg skins I/O for pediatric ALS trainer	4/pkg	53.00
SI094	Arm/hand skins for Pediatric ALS trainer	2/pkg	41.00
SI095	Arm/hand vein set for Pediatric ALS trainer	each	14.00
SI098	Replacement lung and stomach for Pediatric ALS trainer	4/pkg	19.00

Basic Casualty Simulation Kit (Simulaids)

The most economical way to get started in simulated injuries. Re-useable wounds and refillable accessories let you practice bandaging and splinting techniques repeatedly. Compound fracture Tibia

- 12 assorted stick-on lacerations and open fractures
- Rugged plastic case
- Assembled reservoir bag and pump on Tibia
- Atomizer mist sprayer
- Coagulant makeup blood
- Casualty simulation wax
- Blood powder to make 1 gallon simulated blood
- Broken Plexiglas™ (simulating glass imbedded wound) (1 pkg)
- Grease paint white, blue, brown and red (1 each)
- Adhesive stick (1)
- Spatulas (2)
- Wood tongue depressors (2)

SI815	Basic Casualty Simulation Kit	each	200.00
-------	-------------------------------	------	--------

Multiple Casualty Simulation Kit (Simulaids)

Multiple Casualty Simulation Kit is more versatile than the basic kit. This unit gives you more complex wounds for testing higher levels of skill in bandaging and patient care, while keeping initial expenditures low. The kit comes in a heavy duty plastic tool box with a lift out tray for your convenience. Kit contains:

- Bleeding strap on wounds complete with reservoir bags with pump assembly
- Open amputation (1)
- Compound fracture of tibia (1)
- Compound fracture of humerus (1)
- Sucking wound of chest (1)
- Gunshot wound of palm (1)
- Assorted lacerations and open fractures (24)
- Bottle coagulant makeup blood (1)
- Blood powder thickener (1 pkg)
- Blood powder (3 pkgs)
- Adhesive stick (1)
- Casualty simulation wax (1)
- Broken plexiglas™ (simulating glass imbedded wound) (1 pkg)
- Grease paint: white, blue, brown and red (1 of each)
- Spatulas (3)
- Wood tongue depressors (3)

SI816	Multiple Casualty Simulation Kit	each	376.00
-------	----------------------------------	------	--------

EMT Casualty Simulation Kit (Simulaids)

This complex kit uses components applied to human and manikin patients to get the widest variety of training situations possible. Kit includes:

- Bleeding strap on wounds with reservoir bags with pump assembly (1)
- Jaw wound (1)
- Abdominal wound with protruding intestines (1)
- Sucking wound of chest (1)
- Compound fracture of humerus (1)
- Upper arm (1)
- Compound fracture of femur (1)
- Upper leg (1)
- Laceration of the forehead (1)
- Leg amputation (1)
- Compound fracture of tibia (1)
- Lower leg (1)
- Gunshot wound of palm (1)
- Non-bleeding wounds (1)
- Phosphorous hand burn (1)
- Face in shock (1)
- 1st, 2nd and 3rd degree burn of the face, chest, back, hand and forearm (1 of each)
- Assorted stick-on lacerations and open fracture wounds (36)

SI818	EMT Casualty Simulation Kit	each	1,055.00
-------	-----------------------------	------	----------

Trauma Modules (Laerdal)

Trauma Module sets may be added to manikins for realism in trauma life support and lifesaving first aid scenarios.

- Trauma head cover features an avulsed ear, avulsed eye, lacerations of the lip, neck, and scalp, nasal bleeding, impaled object, and face contusions.
- Seat belt contusion with compound clavicle fracture (lay-on)
- Compound radius fracture (lay-on)
- 1st, 2nd, and 3rd degree burn arm
- Hand with open fracture of index finger, exposed tendons, and multiple lacerations
- Abdominal wound with exposed viscera (lay-on)
- Impaled object in thigh
- Compound femur fracture
- Crushed foot with exposed bone and soft tissue and amputation of the small toe (rt)
- Projectile entry / exit wounds (small and large caliber)

LA27610001	Trauma modules	each	1,360.00
------------	----------------	------	----------

Training and Education ■ Simulation Accessories

Cardiac Simulators (Symbio)

Connect directly to your defibrillator and external pacer for safe simulation of cardioversion and electrical capture. CS1201 generates fibrillations, tachycardias, and bradycardias, as well as ST segment and T wave abnormalities.

ECG waveforms – VF, VT-HI, VT-LO, T de P, AFIB, AFLTR, PSVT, STACH/anterior ST depression, NSR, ASYS, SINUS/AMI, SINUS/AMI/ PVC, SINUS/antero-septal ST elevation, 2nd I /lateral ST elevation, S BRDY/inferior ST elevation, S BRDY/IMI, 1st/RBBB, 2ND II/LBBB/PVC, 2nd II/LBBB,

Convert – simulate cardioversion by activating convert* feature.

Defibrillator discharge - indicator illuminates for two seconds when simulator is shocked by a defibrillator set to 50J, or more.

Pacer pulse - paced beat is displayed and indicator blinks off when simulator is paced by an external pacer. Use capture control* to vary the pacing capture level.

Connectors – V1, V2, V3, V4, V5, V6, RA, LA, LL, RL and PADS.

Battery – powered by four AA alkaline batteries. Low battery indicator illuminates when battery needs to be replaced. Battery saver feature powers off simulator automatically when not in use. Battery life is approximately 15 hours.

SYCS1201-006	ECG 12-lead simulator for Philips HeartStream Flat Plug Style	each	669.23
SYCS1201-001	ECG 12-lead simulator for Physio Quick-Combo	each	669.23
SYCS1201-000	ECG 12-lead simulator for Zoll	each	669.23

Practi-Mat Kneeling Pads (WNL Products)

Practi-Mat kneeling pad is a great solution for reducing knee pain and lower back stress when performing manikin training. Made of 1" thick closed-cell Nitrile blend foam. Built-in carrying handle, Conveniently packaged in a durable nylon carrying case.

WNLMAT	Practi-Mat kneeling pads with carry case	5/pkg	24.95
--------	------------------------------------------	-------	-------

Airway Management Trainer (Laerdal)

The Laerdal Airway Management Trainer's lifelike upper torso and head simulates real-world complications when practicing a variety of intubation, ventilation and suction techniques. Realistic representation of human anatomy, tissue and skin allows students to undertake training that is directly transferable to the clinical setting. Minimal maintenance and robust design delivers cost-effective training. Base plate mount allows stable practicing conditions. A hard carry case provides easy transportation and safe storage.

- Realistic anatomical features allow demonstration of Sellick Maneuver and laryngospasm
- Airway demonstration model is standard with each trainer
- Provides auscultation of breath sounds
- Provides visual inspection of lung expansion
- Bag-Valve-Mask ventilation can be practiced
- Correct tube placement can be checked by practical inflation test
- Practicing use of LMA (Laryngeal Mask Airway) and Combitube®
- Practicing of oral and nasal intubation
- Stomach inflation and vomiting situation can be simulated

LA25000033	Laerdal Airway Management Trainer	each	2,215.00
------------	-----------------------------------	------	----------

Deluxe Difficult Airway Trainer (Laerdal)

- Management of the obstructed airway
- Manually inflatable tongue to simulate obstructed airway or tongue edema
- Anatomically correct internal anatomy facilitates airway management skills using manual maneuvers and mechanical devices

LA261-10001	Deluxe Difficult Airway Trainer	each	2,480.00
-------------	---------------------------------	------	----------

Adult Airway Management Trainer Torso (Simulaids)

Features anatomical landmarks including sternum and ribcage plus substernal notch. The manikin contains teeth, uvula, vocal cords, glottis, epiglottis, larynx, arytenoid cartilage and trachea. Additional features include esophagus and inflatable lungs and stomach, NG tube placement and bag valve mask ventilation. Soft carry bag included. Accepts Combitube™, E.O.A., E.G.T.A., P.T.L., and L.M.A. Airway.

SI086	Adult Airway Management Trainer Torso with carry bag	each	1,226.00
SI072	Adult Airway Management Trainer Torso replacement lungs/stomach	3/pkg	16.00

Economy Adult Airway Management Trainer (Simulaids)

This detailed adult intubation head comes mounted for clinical teaching and practice of advanced airway management. Intubation procedures and skills, including anatomy knowledge and recognition, endotracheal intubation, nasotracheal intubation, use of field emergency airway adjunct tubes like LMAs and Combitube, securing and suctioning, and maintenance of the installation can all be practiced with this unit. Includes soft carry bag, lubricant and instructions for use.

SI500	Economy Adult Airway Management Trainer	each	894.00
-------	-----------------------------------------	------	--------

Adult Airway Management Trainer with Stand (Nasco)

Simulates a non-anesthetized patient for practicing intubation, ventilation, suction, and CPR techniques. Realistic anatomy and landmarks include teeth, tongue, oral and nasal pharynx, larynx, epiglottis, arytenoids, false cords, true vocal cords, trachea, lungs, esophagus and stomach. The trainer allows you to practice oral, digital and nasal intubation, as well as E.T., E.O.A., P.T.L., L.M.A., and Combitube® insertion. Features durable, rugged, one-piece construction and bifurcated lungs. The Adult Airway Management Trainer Head represents a small adult, making it ideal for practicing more difficult approaches and for training purposes. Includes training stand to mount head, pump spray lubricant, hard carry case, manual Carotid pulse and three-year warranty.

LF03601U	Adult Airway Management Trainer with stand	each	745.00
----------	--------------------------------------------	------	--------

Pediatric Airway Management Trainers (Simulaid)

Features landmarks including uvula, vocal cords, glottis, epiglottis, larynx, arytenoids cartilage, trachea, esophagus, and inflatable lungs and stomach. Perform nasal and oral intubation. Vocal cords are highlighted in white for easy laryngoscope viewing. Carry bag and lubricant included.

SI125	3-Year-Old Child Trainer with carry bag	each	679.00
SI115	Infant Trainer with carry bag	each	679.00
SI122	Child replacement lungs/stomach	3/pkg	24.00
SI121	Infant replacement lungs/stomach	3/pkg	24.00

Infant Airway Management Trainer (Laerdal)

The Laerdal Infant Airway Management Trainer provides the realistic anatomy of a three-month-old infant for teaching and practicing basic and advanced airway management skills. Realistic representation of human anatomy, tissue and skin material. Allows students to undertake training that is directly transferable to the clinical setting. Minimal maintenance and robust design enable cost-effective training. A base plate mount allows stable practicing conditions and easy transportation. The cover prevents dust from coming into contact with the head during storage.

- Stomach inflation
- Realistic tissue simulation
- Sellick Maneuver can be performed
- Bag-Valve-Mask ventilation can be practiced
- Practicing use of LMA (Laryngeal Mask Airway)
- Practicing of oral and nasal intubation
- Realistic anatomy of the tongue, oropharynx, epiglottis, larynx, vocal cords, and trachea
- Correct tube placement can be checked by practical inflation test

LA250-00250	Infant Airway Management Trainer	each	745.00
-------------	----------------------------------	------	--------

Pediatric Intubation Trainer (Laerdal)

Anatomically accurate reproduction of a pediatric torso designed for teaching the differences in pediatric and adult anatomy for airway management procedures. Anatomically accurate airway allows sizing and insertion of various airway adjuncts:

- Oropharyngeal and nasopharyngeal airway insertion
- Endotracheal tube insertion and securing
- Bag-Valve-Mask ventilation
- Tracheal suctioning
- Manually generated carotid pulse
- Closed chest compressions
- Pediatric Intubation Trainer includes: Trainer, Manikin Lubricant, Shorts, Carry Case, and Directions for use.

LA255-00001	Pediatric Intubation Trainer	each	1,435.00
-------------	------------------------------	------	----------

Neonatal Intubation Trainer (Laerdal)

Ideal for newborn intubation training Laerdal Neonatal Intubation Trainer allows teaching of intubation skills on the newborn baby. Robust and realistic, this model allows students to undertake training that is directly transferable to the clinical setting.

- Intubation (oral and nasal)
- Bag-Valve-Mask ventilation
- Correct tube placement can be checked by practical inflation test
- Realistic anatomy of a newborn baby

LA250-00101	Laerdal Neonatal Intubation Trainer	each	607.00
-------------	-------------------------------------	------	--------

Nita Newborn Infant Venous Access Simulator (Laerdal)

A unique, anatomically correct representation of a 4 lb., 16" female baby developed to teach and practice the vascular accessing of newborns and infants, including the availability of those veins uniquely used in this age group. There are barely discernable blue veins under the replaceable translucent "skins" on the head, right and left arms and the right leg. Veins are now made with latex-free Dermalike™ - with 50% less needle drag when accessing and improved tear resistance to permit a greater number of needle "sticks". The veins presented include the temporal, external jugular, post-auricular, basilic, cephalic, saphenous and popliteal. When accessing a "pop" is felt as the needle enters the vein followed by a realistic flashback of simulated blood confirming proper needle placement. The veins were specifically designed to have a small internal diameter, as you would find on a small baby, to make accessing more challenging, improving technique and confidence. You can practice accessing, securing, dressing, site care, and maintenance for standard IVs and PICC (Peripherally Inserted Central Catheter). A redesigned umbilicus and umbilical valve allows repeated catheterization with a 5FR umbilical catheter with proper placement verified by a blood return. Nasal and oral openings allow placement of nasal cannulas, as well as endotracheal, nasogastric, and feeding tubes to teach suctioning, securing, dressing, cleansing, and maintenance. A great tool for teaching, training, competency testing and skills assessment.

VT1800	Nita Newborn Infant Venous Access Simulator	each	653.00
--------	---------------------------------------------	------	--------

Cricothyrotomy Simulator (Nasco)

Designed for learning and practicing the technique necessary to perform an emergency cricothyrotomy. Palpable landmarks include the cricoid and thyroid cartilage. The prominentia laryngea is prominent on the hyperextended neck. All landmarks are accurately placed and allow for fast action. The “trachea” in this simulator is replaceable as the “airway” passes completely through from top to bottom. This allows checking the stylet and obturator placement once the “stab” has been made.

Complete with a full-size neck, ties can be used to hold the obturator in a secure position. Life/form™ Cricothyrotomy Simulator comes complete with five replacement skins and five cartilage inserts, REN cleaner, instruction guide, and a durable carrying case. Three-year warranty.

LF01082U	Cricothyrotomy simulator	each	685.00
LF01081U	Cricothyrotomy replacement kit (includes three skins and three inserts)	each	199.00
LF01075U	Cricothyrotomy replacement skin	3/pkg	185.00

Pneumothorax Trainer (Laerdal)

The Pneumothorax Trainer, with bilateral tension pneumothoraces and decompression portals in each axilla and subclavian region, is specifically designed for training professionals in the practice of chest decompression.

- Anatomical landmarks aid in site location
- Bilateral mid-axillary and mid-clavicular sites available for decompression
- Heimlich Abdominal Thrust Maneuver may be performed
- Includes: Torso manikin, bladder replacement kit, manikin lubricant, tank top, carry case and directions for use

LA26005001	Pneumothorax Trainer	each	1,235.00
------------	----------------------	------	----------

Tension Pneumothorax Simulator (Simulaids)

This model allows medical personnel to practice proper needle insertion which enables built-up air pressure to escape the thorax. The model accepts needle and thoracotomy in second intercostal space in the midclavical line or fifth intercostal space in the midaxillary line. Complete with foot pump, replacement 2-piece pleural chamber, ribcage and soft lifelike skin. Soft carry bag included. Procedural needle not included.

SI1800	Tension Pneumothorax Simulator	each	584.00
SI1801	Pneumothorax replacement skin	each	114.00
SI1805	Pneumothorax 2-piece pleural cavity	each	39.00

Multi-Venous IV Training Arm Kits (Laerdal)

This lifelike adult arm reproduction with multi-vein system is designed for peripheral intravenous therapy. Each kit contains one of the following:

- Arm reproduction
- Replacement skin and multi-vein system
- Bottle of red simulated blood
- Can of manikin lubricant
- Blood bag with tubing and connector
- Clamp and hook
- Set shoulder attachment hardware
- Carry case and directions for use

LA27000001	Multi-Venous IV Training Arm kit, adult male	each	701.00
LA27000001B	Multi-Venous IV Training Arm kit, adult male, dark skin	each	687.00
LA37550001	Multi-Venous IV Training Arm kit, adult female	each	687.00
LA312029	Multi-Venous IV Training Arm replacement skin vein set, male	each	211.00
LA325-00350	Multi-Venous IV Training Arm replacement skin vein set, female	each	204.00

Advanced Venipuncture and Injection Arm (Nasco)

This training arm provides complete venous access for IV therapy and phlebotomy, plus sites for intramuscular and intradermal injections. An extensive 8-line vascular system allows students to practice venipuncture at all primary and secondary locations, including starting IVs and introducing IV catheters. The replaceable skin rolls as the veins are palpated, and a discernable “pop” is felt when entering the veins. Includes:

- Simulated blood (2 quarts)
- 3 cc syringe (1)
- 12 cc syringe (1)
- Needle (1)
- Fluid bags (2)
- Instruction manual (1)
- Carrying case (1)

LF01121U	Advanced Venipuncture and injection arm	each	625.00
LF01122U	Advanced Venipuncture and injection arm skin and vein replacement	each	172.00
LF01022U	Advanced Venipuncture and injection arm fluid supply stan	each	47.50

Venipuncture and Injection Training Arm (Nasco)

Teach venipuncture and injection techniques including starting IVs and introducing over-the-needle IV catheters. The skin actually rolls as you palpate the vein and the characteristic “pop” can be felt as the needle penetrates the vein. Veins are accessible at the antecubital fossa, along the forearm, and at the back of the hand, making it possible to practice venipuncture at any of the common sites. Practice of intramuscular injection is equally realistic. A foam pad simulates muscle tissue, and the boundaries are identified by natural bonelike landmarks. Designed with replaceable skins and veins. Includes:

- Arm with skin (1)
- 22 gauge needle (1)
- Butterfly set (1)
- Infusion set (1)
- 3 cc syringe (1)
- 12 cc syringe (1)
- Arterial blood (1 pint)
- Fluid supply bags (fluid supply stand not included)
- Instruction manual (1)
- Hard carry case (1)

LF00698U	Venipuncture and Injection Training Arm	each	536.00
LF01022U	Venipuncture and injection arm fluid supply stan	each	47.50

Geriatric IV Arm (Simulaids)

Developed from a live cast, this arm is unique to the industry. Its properties include veins that roll away or disappear as you attempt to catheterize the vessel and a specially developed skin that is exceptionally thin. If your students work with the aged, this adjunct to your teaching lab will enable them to better serve in the future.

SI610	Geriatric IV Arm	each	584.00
-------	------------------	------	--------

IV Arm and Hand (Simulaids)

Detailed exercises in venipuncture can be mastered on a realistic model before administration to live patients. Demonstrate sterile technique, sharps injury protection, taping and securing techniques, and infusion or withdrawal procedures. Features include: lifelike vein roll-over, durable for repeated use, palpation of vein for location. Characteristic “pop” can be felt when needle penetrates vein. Carry tray and blood included.

SI140	IV arm and hand trainer	each	447.00
SI146	IV training arm only	each	259.00
SI147R	IV training hand only	each	259.00

Advanced IV Hand (Nasco)

The ideal simulator for advanced IV training. The dorsal surface of the incredibly realistic hand includes injectable metacarpal, digital, and thumb veins. Students have the opportunity to develop important manipulation skills provided by the flexion of the wrist. The skin rolls as you palpate the veins and you’ll feel the characteristic “pop” when the vein is entered. The simulated veins and skin are completely replaceable. Under normal use, hundreds of injections may be performed before the veins or skin need to be replaced. Comes in storage box. Includes:

- Arterial blood (1 pint) (stand not included)
- IV bags (2)
- Butterfly set (1)
- 3 cc syringe (1)
- 12 cc syringe (1)
- 22 gauge needle (1)

LF01139U	Advanced IV Hand, light	each	283.00
LF01146U	Advanced IV Hand, dark	each	283.00
LF01022U	Venipuncture and injection arm fluid supply stan	each	47.50

Infant IV Leg (Laerdal)

The Infant IV Leg is designed for training extremity venipuncture procedures and intravenous fluid administration in the superficial veins of the foot.

LA365000101	Infant IV leg	each	236.00
-------------	---------------	------	--------

FAST1® Trainer (Simulaids)

This small trainer provides critical anatomic landmarks for training care givers in the use of the FAST1.

SI204	FAST1 Trainer with FAST 1 Training Kit	each	264.00
SI201	FAST1 Trainer	each	114.00
SI202	FAST1 Trainer refill disk	4/pkg	30.00
SI203	FAST1 Trainer replacement skin	each	58.00

Single Intraosseous Infusion Leg (Nasco)

This simulator is a single leg with the ability to be placed on the Life/form® Infant CRi-Sis™ Manikin. The leg comes complete with 10 replaceable bones, two sets of replacement skins, and a fluid administration kit enabling you to actually visualize a flashback and infuse fluid into the leg. Intraosseous infusion needle included.

LF03622U	Single Intraosseous Infusion Leg	each	405.00
----------	----------------------------------	------	--------

Infant Intraosseous Infusion Simulator (Nasco)

The Intraosseous Infusion Simulator is designed to demonstrate and simulate the intraosseous infusion procedure. The bones used in the model have been designed with four sides, each side having the ability to be punctured several times. In addition, three palpable landmarks, including patella, tibia, and tibial tuberosity are located in both legs. Both legs have also been designed so that aspiration is possible. Life/form™ Intraosseous Infusion Simulator represents a six-month-old infant. Included with the simulator are:

- Replaceable bone inserts (10)
- Replacement leg skins (2 sets)
- White towelettes (2)
- Syringe with tubing (1)
- Blood powder (1)
- Sealing wax (1)
- Liquid lubricant (1/2 z)
- Mixing bottle (1)
- Needle (1)
- Hard carrying case. (1)

LF01108U	Infant Intraosseous Infusion Simulator	each	650.00
LF01109U	Infant Intraosseous Infusion Simulator bone replacement kit	10/pkg	130.00
LF01110U	Infant Intraosseous Infusion Simulator skin replacement kit	each	78.00
LF03619U	Infant Intraosseous Infusion Simulator leg skin replacement kit	each	81.95

Obstetrical Manikin (Simulaids)

This is an anatomically correct pelvic model with full term newborn and placenta to give your trainees realistic practice in multiple techniques, and to learn the procedure for emergency childbirth. It comes with disposable umbilical cords, clamps, easily replaceable spare vulva, powder to make simulated blood, a modular pregnant belly overlay, and a clear abdominal overlay. The modular overlay has a self-contained fetus for practicing the Leopolds maneuver. A soft carry bag is included.

SI180	Obstetrical Manikin with Carry Bag	each	647.00
-------	------------------------------------	------	--------

Training and Education ■ CPR Training

CPR Micromask® (MDI)

The mask with the removable/disposable, filtered valve allows the professional rescuer to be prepared to give CPR efficiently. Features a cushion inflation tube allowing the rescuer to adjust the cushion to the desired shape and firmness. Includes zippered pouch with belt loop and a pair of nitrile gloves.

MDI73-500	CPR Micromask with O2 inlet	each	13.10
MDI73-402	CPR Micromask with valve	each	11.68
MDI73-200	CPR Micromask training mouthpiece only (mask not included)	each	1.43
MDI73-204V	CPR Micromask replacement valve only (mask not included)	each	3.74

CPR Practi-Shield (WNL Products)

Ideal for CPR training, offering cost-effective barrier protection for students sharing a manikin. Individually folded and packed in a dispenser box. For training purposes only.

WNL3136	CPR Practi-Shield	36/box	9.94
---------	-------------------	--------	------

CPR Practi-Valve (WNL Products)

This Practi-Valve will fit all CPR masks (15mm I.D. or 22mm O.D.) For training purposes only. Note: Blue mouthpieces with filter only - mask not included.

WNL5000-TV	CPR Practi-Valve	10/box	11.90
------------	------------------	--------	-------

Student CPR Training Kit (WNL Products)

This training kit is an economical, time saving product for classroom training of CPR. Contains one pair vinyl gloves and one CPR barrier.

WNL1100	Student CPR training kit	each	0.45
---------	--------------------------	------	------

ALS Baby® (Laerdal)

The Laerdal ALS Baby manikin is a three-month-old infant with an anatomy that offers exceptional realism for individual training. It offers the opportunity to practice advanced resuscitation skills, including airway management, professional rescuer CPR, vascular access and 4-lead ECG monitoring.

- 3-lead, 4 connectors ECG monitoring
- Realistic airway anatomy with tongue, oropharynx, epiglottis, larynx, vocal cords and trachea
- Sellick Maneuver can be performed
- Compatible with the HeartSim® 200 Rhythm Simulator (must be purchased separately)
- CPR can be performed
- Practicing of bag-valve-mask ventilation, oral and nasal intubation and use of LMA (Laryngeal Mask Airway)
- Intraosseous needle insertion with aspiration of bone marrow

LA08003140	ALS Baby with HeartSim® 200 Rhythm Simulator	each	3,135.00
LA08003040	ALS Baby (manikin only)	each	1,795.00
LA082025	ALS Baby lungs/stomachs	6/pkg	58.65
LA082305	ALS Baby leg replacement pads	5/pkg	237.00
LA252090	ALS Baby airway lubricant spray can (180ml)	each	29.75

Central Venous Cannulation Simulator (Nasco)

ACLS and ATLS participants will find this simulator to be the ideal trainer. Anatomically accurate, palpation is exactly the same as on a patient. The sternal notch, sternocleidomastoid, clavicle, and other supporting features make this simulator a pleasure to work with. Internal features include a replaceable muscle and bone section, subclavian, internal jugular, external jugular, and carotid. Includes replaceable skin, tubing sealant, needles, one quart of Life/form™ Blood, and instruction guide in a hard storage case.

LF01087U	Central Venous Cannulation Simulator	each	860.00
LF01093U	Central Venous Cannulation Simulator bone and muscle replacement kit	each	199.00
LF01112U	Central Venous Cannulation Simulator skin repair kit	each	33.00

Traction Splint Trainer (Simulaids)

The Traction Splint Trainer can be set to correspond to an individual's body weight. This allows the instructor to determine if the student is correctly applying the rule of thumb that states "10% of the body weight traction results in adequate relief for, but no further damage, to the patient." The Traction Splint Trainer can be adjusted for body weights ranging from 100 lbs to 300 lbs. The electrical, push-button panel makes simplified selection easy. This trainer comes completely assembled and requires attachment to a base to secure it during training sessions. After applying traction, the deformity of the thigh recedes and splint can be applied, including any standard ankle hitch.

SI031	Traction Splint Trainer	each	1,836.00
-------	-------------------------	------	----------

Chester Chest® with Advanced Arm (Laerdal)

Lifelike model of human torso with detachable right arm designed for the insertion care, and removal of common long-term vascular access routes. The basilic vein is slightly raised for easy identification. Posterior to the PICC insertion site is a recessed area for the placement of a peripheral port. The base of the recessed area is made of soft material that permits the port to “float” when accessed. This area is covered with a removable tissue-like flap which, when placed over the port, provides the realistic feel of palpating and accessing. An additional feature of the new arm is a pre-positioned 20g IV catheter in the forearm. The New Advanced Arm has a greater degree of rotation and extension than the previous arm, just as you would experience on a patient when accessing the PICC or catheter sites. Chester Chest can be used in either an upright or supine position.

VT2400	Chester Chest with Advanced Arm	each	753.00
--------	---------------------------------	------	--------

WMD/CBRNE/DECON Full-body Trainer (Simulaids)

This 5'5", full-body trainer combines our standard intubation head and IV arm with a non-electronic body. BLS services utilizing advanced skills, like airway maintenance and IV administration, will appreciate this unit. The addition of a casualty simulation kit to this manikin broadens its use for MCIs. Couple those options and a WMD (Weapons of Mass Destruction) or CBRNE (Chemical, Biological, Radiological, Nuclear, Explosive) scenario where DECON (decontamination) processes are scheduled and you have the perfect setup for use in processing through decontamination stations. Water won't hurt this trainer, and you can initialize advanced life support treatment as you are flushing contaminants. No ECG features.

SI088FB	WMD/CBRNE/DECON Full-Body Trainer	each	1,913.00
---------	-----------------------------------	------	----------

Crash Kelly (Laerdal)

Crash Kelly is a durable, rugged training manikin with an intubation head for advanced airway management training and realistic articulation allowing the manikin to be placed in various settings for extrication or rescue. Crash Kelly is the ideal manikin for training in airway management, extrication and rescue exercises.

LA20110001	Crash Kelly manikin	each	2,275.00
------------	---------------------	------	----------

Rescue Randy (Simulaids)

Rescue Randy was developed for lifelike adult or juvenile victim handling, transportation and extrication training. These manikins can be safely used in situations too hazardous or uncomfortable for human volunteers. Made of durable vinyl with 4,100 lb. test plastic-coated cables. Features include: articulated joints, weight distribution according to human weight distribution chart. Used by the U.S. military, fire and police departments, safety teams and emergency personnel for rescue and extrication from pole top, confined spaces, collapsed buildings, smoke rooms and ladder carry-down protocols worldwide.

SI1344	Rescue Randy 55", 145 lbs.	each	1,128.00
SI1345	Rescue Randy, 55", 165 lbs.	each	1,286.00
SI1475	I.A.F.F. Rescue Randy (with additional reinforcement) 61", 165 lbs.	each	1,349.00

Emergency & Critical Care Pocket Guide

The most popular pocket reference in emergency nursing - now in a new edition! The Emergency & Critical Care Pocket Guide has been an essential resource for physicians, paramedics, and nurses for over a decade. The Pocket Guide consolidates the critical information found in desk references into a convenient 3" x 5" pocket-size format that is handy enough to take with you anywhere. The newly updated Eighth Edition features:

- Updated poisons
- Emergency medications
- Common drugs sections
- Updated pediatric medications
- Revised Spanish section
- Clear ECG rhythm images
- Straightforward medical emergency treatments

P7800EC	Emergency & Critical Care Pocket Guide	each	23.95
---------	----------------------------------------	------	-------

EMS Field Guide (ALS Version)

The original EMS field guide has grown into the most used reference guide in EMS history. This is the guide that EMS Magazine calls "The original and still the best." The Nineteenth Edition of the EMS Field Guide, ALS Version has been updated with the new 2010 CPR and ACLS algorithms from the AHA. This handy guide makes it easy for paramedics, nurses and physicians to look up their patients' medications, check drug doses, quickly interpret 12-Lead EKGs and much more. This field guide is 3 x 5", fits easily in our pocket, has color-coded tabs and is waterproof, alcohol-fast and durable.

P7800	EMS Field Guide (ALS Guide)	each	21.95
-------	-----------------------------	------	-------

EMS Field Guide (Basic & Intermediate Version)

Designed for both beginning and experienced EMTs, the EMS Field Guide, Basic & Intermediate Version is the ideal quick reference. Now in its Ninth Edition, this field guide has been an essential resource for EMS professionals for over a decade. Whether you're a student, or a 20-year veteran of emergency medical services, this guide gives you quick access to vital information needed to perform your job. This newly updated edition includes:

- EMS protocols
- Spell-checking
- EKGs
- Defibrillation
- Home medications

P7800BLS	EMS Field Guide (Basic & Intermediate Version)	each	23.95
----------	------------------------------------------------	------	-------

Pet Emergency Pocket Guide

The Pet Emergency Pocket Guide is a practical reference for pet owners that provides complete planning, response and survival guidelines for both common and uncommon pet emergencies, presented in an easy to use and convenient pocket-sized format. This compact tool delivers step-by-step instructions for daily care, first aid, illness and injury assessment, emergency planning, and natural disaster preparation and survival. It features tabbed, color-coded and illustrated sections that make it easy to use, with checklists and inventory lists for creating your own pet emergency, travel, and evacuation kits. This new Second Edition features the following:

- Updated content as suggested by emergency veterinarians
- Expanded Glossary of Signs & Conditions, including new entries and illustrations
- Reorganized content and tabs for ease-of-use
- Updated toxic food list and detailed reactions for dogs
- Information about preventing dog bites and scratches, as well as how to break up dog fights
- Common plants that are poisonous to cats
- New section for 'Pocket Pets', including basic information and signs and conditions for ferrets, guinea pigs, hamsters, gerbils, mice, rats, rabbits, birds, turtles and snakes
- New graphics, charts and an updated design

P7800PG Pet Emergency Pocket Guide each 14.95

Medical Visual Language Translator

The Medical Visual Language Translator facilitates fast communication between medical personnel and patients and contains essential content for dealing with and treating medical needs and emergencies. Helps exchange information with patients about symptoms and conditions including falls, bites, wounds, allergic reactions, toxic ingestions, critical pain and illness identification, as well as medication dosage and treatment options. The new 24-panel version gives you four more panels of content, with additional food identification graphics and language identification panel to assist in finding an interpreter when necessary.

KP6L-MED-GEN09 Medical Visual Language Translator each 50.40

Pedi-Wheel

The Pedi-Wheel is a convenient pocket reference tool that puts vital pediatric data at your finger tips. This sturdy, full-color, water resistant device provides virtually all of the information you will need to successfully perform during a pediatric emergency. An incredibly valuable reference for medical professionals and students because we've compiled volumes of vital pediatric information into this slide chart that is only the size of a compact disc. The Pedi-Wheel is perfect for every day use or as a study aid. Turn the dial to your patient's age on one side and the following information appears in the window: average weight, blood pressure, heart rate, respiratory rate, suggested sizes for ET tubes and laryngoscope blades, as well as the average length of a properly inserted ET tube at the teeth or gum line. Age categories range from premie to 16 years-old.

P7803 Pedi-Wheel each 9.94

Pedi-Sleeve® Pediatric Dosing System (M.E.D.I.C.)

Currently, treating the pediatric patient and reading a length-based resuscitation tape has been difficult and sometimes awkward. Pedi-Sleeve is a three-page protected sleeve worn on the forearm of the healthcare professional that displays pediatric medication dosing and equipment sizes. This means the exact dose in milliliters is always just a glance away, making drug calculations—the number one source of pediatric medication dosing errors—unnecessary and obsolete. Inserts can be customized to reflect individual protocols as well as future guideline changes. Pedi-Sleeve Kit comes with nine color sleeves which reflect the colors of industry-standard length-based resuscitation tapes.

See page 241 for more information on Pedi-Sleeve, including part numbers and pricing.

Pediatric Drug Chart™

The Pediatric Drug Chart has been completely updated to include current AHA Guidelines. Includes new EMS and ACLS medications and the Laryngeal Mask Airway sizes. You can easily carry it in your trauma or pediatric drug kit, attach it to a wall, or the side of drug/crash cart to keep it handy when needed. This chart makes it easy for physicians, nurses and paramedics to look up correct pediatric drug doses, because the math is already done. All doses are shown in ml. The built-in length/weight ruler makes it easy for the provider to estimate patient weights. Includes:

- Current AHA Guidelines
- Updated Pediatric Emergency Medications
- New Emergency Drugs
- ET Tube, LMA, Suction Catheter and Nasogastric Tube Sizes
- Pediatric Cardiac Algorithms
- Vital Signs
- Infant Burn Charts
- APGAR Scale
- Infant and Child Glasgow Coma
- Length / Weight Ruler
- IV Drips
- Nebulized Pediatric Medications
- Temperature

P7801	Pediatric Drug Chart	each	11.95

EMS TRAINING ■ CPR/FIRST AID/AED COURSES AED IMPLEMENTATION PROGRAMS ■ HEALTHCARE PROVIDER COURSES

■ EMS TRAINING

Our EMS programs are accredited by the North Carolina Office of EMS and/or CAPCE*

Our primary objective is to provide quality training and education through our network of seasoned EMS educators—paramedics, emergency physicians, PAs and RNs—each of whom provide emergency care.

We offer BLS/ALS education, simulation and many specialty courses often not found in other educational facilities. Participants can be confident that educational programs provided by Southeastern will be accepted in most states.

Courses are offered throughout the year and online and at our Emergency Medicine Training & Education Center (see facing page). Course schedules and registration information can be found by visiting the Training & Education section of www.SEEquip.com or our Training & Education website, www.SEEtraining.com.

* Commission on Accreditation for Pre-Hospital Continuing Education

■ AMERICAN HEART ASSOCIATION (AHA)

As an AHA-approved training facility, we offer a variety of courses.

FOR HEALTHCARE PROFESSIONALS

- Basic Life Support (BLS) for Healthcare Providers
- BLS for Healthcare Providers Hybrid Renewal
- HeartCode™ ACLS, BLS and PALS (eLearning – requires in-person skills testing)
- Advanced Cardiovascular Life Support (ACLS)
- Pediatric Advanced Life Support (PALS)

WORKPLACE

- Heartsaver CPR & AED
- Heartsaver First Aid with CPR & AED
- Heartsaver Bloodborne Pathogens
- We also offer AED Implementation Programs that include AED sales and registration, site surveys, medical direction (if needed), Policies and Procedures, web-based tracking to prevent expiration of pads, batteries and training certifications, and post-event follow-up.
- Any Heartsaver course can be completed in a hybrid/eLearning format as well

FOR THE COMMUNITY

- Family & Friends CPR
- Family & Friends First Aid for Children
- Heartsaver CPR in Schools

Education and Clinical Services

Read what recent students have written in course evaluations

- I've been in EMS 30 years. This is one of the best classes I have ever had.
- Not your normal refresher...great to interact with medics from other states.
- Instructors did not read slides. The training room and amenities were great. They exceed the normal environment i.e. community college.
- I brought stuff home 'd forgotten or never knew. (That) equals success.
- Great snacks and drinks.
- Kept it interactive and pertinent. Even though the chairs were comfy, I didn't fall asleep.

■ ABOUT OUR COURSES

Our primary focus is to enhance the level of EMS and emergency care education so that all responders—from lay public to EMS to nurses and hospital physicians—can be better prepared to handle critical situations. Our motto is, and will continue to be, “Because Education Never Ends”.

ON-THE-STREET AND CLINICAL EXPERTISE

We offer courses taught by experienced EMTs, paramedics, nurses, physician assistants, physicians, and other healthcare providers involved in day-to-day emergency care. Our staff provides real-world experience and hands-on training in a classroom setting that will leave participants feeling confident they can handle emergency situations.

ONLINE AND ON-SITE

Courses are offered both online (hybrid) and at our Training & Education Center. Additional information and registration information can be found by visiting our website at www.SEEquip.com. All hybrid courses require in-person skill check.

YOUR LOCATION

As with AHA courses, we also offer the option of conducting classes at client locations, keeping staff from having to travel*. Thanks to our customized trailer, we can also bring the equipment to you.

CUSTOMIZED TRAINING

We also develop EMS-related courses to meet individual customer needs. If you would like to talk with us about a custom course, or if there is a “standard course” you would like to see offered, please contact us at 1-800-334-6656 or via e-mail to training@seequip.com.

*Note: Customized training may be limited to certain geographical areas.

We bring the equipment to you.

The Southeastern Emergency Medicine Training & Education Center

Our Training & Education Center is located on the same campus as our headquarters in Youngsville, NC (just north of Raleigh). It features the latest in AV technology to ensure courses are presented in a professional and academically sound environment.

The Center is equipped with a vast array of emergency supplies and equipment as well as cutting-edge patient simulators and support materials that ensure participants train in a real-world environment.

- Philips Healthcare MRx monitors/defibrillators
- Philips Healthcare AEDs
- Laerdal Patient Simulators
- Laerdal-supported CPR feedback devices
- Stryker stretchers
- Fully-stocked hospital-style crash carts
- Emergency responder bags and accessories
- Ambulances (if needed for training purposes)

Philips MRx

Laerdal SimPad

Since the Training & Education Center opened in 2008, we have provided numerous educational programs to all sectors of the healthcare spectrum as well as to the general public. Our courses have attracted participants from across the U.S. and other countries.

Endotrol Oral/Nasal Endotracheal Tube (Medtronic/Covidien)

The Endotrol oral/nasal endotracheal tube has a directional distal tip control designed for fast, easy intubation in emergency situations when the intubating pathway is abnormal. Often referred to as a “trigger tube,” it features a moveable tip that enables manipulation of the tube tip for easier placement within the trachea.

N7652	Endotrol oral/nasal endotracheal tube, 6.0	each	11.60
N7653	Endotrol oral/nasal endotracheal tube, 7.0	each	11.60
N7654	Endotrol oral/nasal endotracheal tube, 8.0	each	11.60
N7655	Endotrol oral/nasal endotracheal tube, 9.0	each	11.60

Bougie-to-Go™ Endotracheal Tube Introducer (SunMed)

- Innovative compact packaging is designed specifically for EMS professionals
- Low density polyethylene provides proper stiffness for ease of insertion
- Calibrated to ensure accurate distance insertion
- Adult size fits in 6mm to 11mm tubes
- Single use, sterile

SU9-0212-82	Bougie-to-Go endotracheal tube introducer	each	6.47
-------------	-------------------------------------------	------	------

Bougie Endotracheal Tube Introducers (SunMed)

SU9-0212-70	Bougie ET tube introducer, adult, 15FR x 70cm with Coude tip	each	6.47
SU9-0211-70	Bougie ET tube introducer, 10FR x 70cm with Coude tip	each	6.47

Malleable Endotracheal Tube Introducers (SunMed)

- Combines benefits of an introducer and stylette into one unit
- Pediatric size features calibrated markings on both ends allowing it to be used as a straight or coudé tip
- Single use, sterile

SU9-0213-82	Malleable ET tube introducer, pediatric, 10FR x 70cm	each	6.47
SU9-0213-92	Malleable ET tube introducer, adult, 15FR x 70cm	each	6.47

Flexi-Slip Stylet (Teleflex)

RU502503	Flexi-Slip stylet, 10FR	each	2.46
RU502505	Flexi-Slip stylet, 12FR	each	2.46
RU502507	Flexi-Slip stylet, 14FR	each	2.46

Slick Stylet with Stopper (Teleflex)

RU500	Slick Stylet with stopper, 6FR	each	3.53
RU750	Slick Stylet with stopper, 8FR	each	3.53
RU1000	Slick Stylet with stopper, 10FR	each	5.04

Thomas® Select™ Tube Holder (Laerdal Medical)

Similar in shape to the Thomas Tube Holder, a larger opening allows the Thomas Select Tube Holder to accommodate a wider range of Supraglottic Airway Devices (SGAs), Laryngeal Masks (LMAs) and endotracheal (ET) tubes. Combined with a push-screw mechanism, tubes can be secured in a fast and efficient manner.

LA600-42500	Thomas Select tube holder	each	5.00
-------------	---------------------------	------	------

Thomas® Tube Holder (Laerdal)

The original Thomas Tube Holder is a tried and trusted tube holder, and an industry leader for the last two decades. Designed to secure a range of advanced airway devices, Thomas Tube Holders are easy to apply and provide a reliable hold over tape fastening methods.

LA500	Thomas tube holder, adult	each	4.00
LA400P	Thomas tube holder, pediatric	each	4.00

Endotracheal Tube Holder (Ambu)

Ambu's endotracheal tube holder allows the rescuer to apply holder with one hand in just seconds. It is easy to use and can be placed on patients needing a 3mm-9mm ET tube. Quick connect ratchet system for ease of use and one-hand operation. Rubber or soft Velcro strap. See- thru design. For adults and children.

AU320-264-040	ET tube holder with blue rubber strap	each	3.67
AU320-264-041	ET tube holder with white velcro strap	each	3.67

Endotracheal Tube Holder (Precision Medical)

This Endotracheal Tube Holder is fully padded to protect lips and teeth. It has a sturdy bite block to prevent tube occlusion. Available in adult size only.

PM1110	ET tube holder	10 /box	35.25
--------	----------------	---------	-------

Easy Cap II CO₂ Detectors (Medtronic/Covidien)

Reliable carbon dioxide detectors help verify endotracheal tube placement. Responds quickly to exhaled CO₂ with a simple color change from purple to yellow. Breath-to-breath response. Constant visual feedback for up to 2 hours.

N7697	Easy-Cap CO2 detector	each	12.23
N7698	Pedi-Cap CO2 detector	each	12.23

CO₂ Easy™ Carbon Dioxide Detector (Westmed)

Featuring the largest visual indicator available, the CO₂ Easy is ideally mounted up front where clinicians and first responders can effectively view critical carbon dioxide levels without looking away from the patient. The non-toxic, pH sensitive indicator uses familiar purple-to-yellow color conversion when CO₂ is exhaled.

WE562134	CO ₂ Easy detector, adult	each	10.00
WE562135	CO ₂ Easy detector, pediatric	each	10.00

TubeChek (Ambu)

The disposable Ambu TubeChek is a device that reliably confirms if endotracheal tube placement is correct. This tool uses the anatomical differences between the esophagus and trachea to confirm correct ET tube placement. If there is negative pressure, the esophagus has been intubated; if air can be aspirated, correct tracheal intubation has been achieved. Illuminates in the dark

N7696	TubeChek, bulb style	each	2.80
-------	----------------------	------	------

PosiTUBE (Para Products)

Inadequate light, loud noises and other factors can make successful intubation of a patient difficult in the field. Even in a more controlled setting, it's often a challenge to differentiate between the patient's trachea and esophagus. With PosiTUBE you can immediately verify proper placement of the endotracheal tube or double lumen airway. You can then oxygenate your patient with complete confidence.

N7580	PosiTUBE	each	3.99
-------	----------	------	------

Beck Airway Airflow Monitor (B.A.A.M.) (Great Plains)

The B.A.A.M. is attached to the endotracheal connector on either a nasal or oral intubated patient. If no whistle sound is elicited on exhalation and inhalation, then the tube is either not in the trachea or the airway is obstructed. Positive whistle sounds indicate patency of the airway.

N6050	B.A.A.M. airway airflow monitor	each	9.00
-------	---------------------------------	------	------

EID100 Esophageal Intubation Detector (Teleflex)

The EID100 esophageal intubation detection device gives immediate confirmation of endotracheal tube placement. It features a 90 degree elbow and a "pistol grip," which allows you to hold the handle while gripping the elbow and endotracheal tube with your finger. The "pistol grip" facilitates a horizontal pull preventing accidental extubation, thus eliminating any vertical movement of the endotracheal tube.

N7695	EID 100 esophageal intubation detector, syringe style	each	5.41
-------	-------------------------------------------------------	------	------

Nasal Intubation Spray

Constricts blood vessels in nose to help reduce bleeding during nasal intubations.

WH5711-35	Nasal spray, oxymetazoline, 0.05%, 15ml	each	3.95
-----------	-----------------------------------------	------	------

King Vision Portable Video Laryngoscope (Ambu)

The King Vision is an affordable, durable and portable video laryngoscope. It is designed for indirect laryngoscopy, difficult endotracheal intubations and routine intubations. It accommodates minimum mouth openings of 13mm for the standard blade and 18mm for the channeled blade making it effective for the majority of adult patients. The King Vision combines the best features of traditional laryngoscopes, fiber optic laryngoscopes and new cutting-edge visualization technology to offer clinicians an immediate and clear view of the vocal cords. This results in a more accurate intubation while minimizing soft tissue manipulation.

- Lightweight, self-contained, battery operated and water resistant. The reusable display comes packaged in a protective, foam case. Blades are individually packaged. The disposable blades allow economical use of the King Vision for all of your intubations

AUKVLKIT3	King Vision Kit (display head, 3 channel blades, standard blade, carry case for head only)	each	1,599.00
AUKVIS01	King Vision display head only with carry case	each	1,499.00
AUKVL03	King Vision standard blade	each	29.95
AUKVL03C	King Vision channel blade	each	29.95
AU900002116	King Vision pocket DVR recorder	each	338.95
AUKVCABL	King Vision video out cable	each	40.00

GreenLine®/D™ Disposable Fiber Optic Laryngoscope (SunMed)

- Disposable blade solves contamination problems and eliminates the cost and time spent cleaning blades and returning them for use
- Answers the professional's request for a non-plastic single-use blade suitable for everyday hospital use
- Polished acrylic stem produces exceptional illumination
- Compliant with ISO standard 7376
- Green System compatible
- Constructed of surgical stainless steel

SU5-5332-01	GreenLine/D disposable F/O blade, Macintosh, size 1, infant	each	4.73
SU5-5332-02	GreenLine/D disposable F/O blade, Macintosh, size 2, child	each	4.73
SU5-5332-03	GreenLine/D disposable F/O blade, Macintosh, size 3, medium adult	each	4.73
SU5-5332-04	GreenLine/D disposable F/O blade, Macintosh, size 4, large adult	each	4.73
SU5-5333-00	GreenLine/D disposable F/O blade, Miller, size 0, newborn	each	4.73
SU5-5333-01	GreenLine/D disposable F/O blade, Miller, size 1, infant	each	4.73
SU5-5333-02	GreenLine/D disposable F/O blade, Miller, size 2, child	each	4.73
SU5-5333-03	GreenLine/D disposable F/O blade, Miller, size 3, medium	each	4.73
SU5-5333-04	GreenLine/D disposable F/O blade, Miller, size 4, large adult	each	4.73
SU5-5333-57	GreenLine/D disposable F/O kit includes medium handle, Macintosh blades size 2, 3 and 4 and Miller blades size 0, 1, 2 and 3	each	114.29
SU5-0236-69	GreenLine/D disposable F/O handle	each	14.67

LED Disposable Standard/D™ Laryngoscope Blades (SunMed)

- Compatible with all conventional laryngoscope systems
- Surgical stainless steel single-use laryngoscope
- Helps prevent cross-contamination
- Patented safety heel inhibits blade tip from contacting handle
- Clean, cool, white LED illumination

SU5-5132-01	LED disposable standard/D™ laryngoscope blade, Macintosh, size 1	each	7.38
SU5-5132-02	LED disposable standard/D™ laryngoscope blade, Macintosh, size 2	each	7.38

GreenLine® Reusable Fiber Optic Handles (SunMed)

These reusable handles are for use with disposable blades.

- Chrome-plated brass
- Knurled finish or secure grip
- Batteries not included

SU5-0236-09	GreenLine F/O handles, medium, uses two "C" batteries (not included)	each	53.85
SU5-0236-10	GreenLine F/O handles, penlight, uses two "AA" batteries (not included)	each	53.85
SU5-0240-52	GreenLine F/O lamp with gold cartridge	each	18.54
SU5-0240-53	GreenLine F/O lamp without gold cartridge	each	20.72
T1950	"AA" battery	each	0.52
T1951	"C" battery	each	0.97

SunBrite™ LED Economical Laryngoscope Handles (SunMed)

These economical handles offer a lifetime warranty.

SU5-0236-90	SunBrite LED handle, penlight, uses 2 "AA" batteries (not included)	each	94.12
SU5-0236-99	SunBrite LED handle, medium, uses 2 "C" batteries (not included)	each	94.12
T1950	"AA" battery	each	0.52
T1951	"C" battery	each	0.97

Conventional Chrome-Plated Brass Laryngoscope Handles

(SunMed)

SU5-0237-01	Conventional laryngoscope handle, penlite (2 "AA" batteries not included)	each	26.91
SU5-0237-03	Conventional laryngoscope handle, medium (2 "C" batteries not included)	each	32.63
T1950	"AA" battery	each	0.52
T1951	"C" battery	each	0.97

The Southeastern Emergency Medicine Training & Education Center

Our Training & Education Center is located on the same campus as our headquarters in Youngsville, NC (just north of Raleigh). It features the latest in AV technology to ensure courses are presented in a professional and academically sound environment.

The Center is equipped with a vast array of emergency supplies and equipment as well as cutting-edge patient simulators and support materials that ensure participants train in a real-world environment.

- Philips Healthcare MRx monitors/defib illators
- Philips Healthcare AEDs
- Laerdal Patient Simulators
- Laerdal-supported CPR feedback devices
- Stryker stretchers
- Fully-stocked hospital-style crash carts
- Emergency responder bags and accessories
- Ambulances (if needed for training purposes)

Philips MRx

Laerdal SimPad

For more information on our full array of training and education services, see pages 124-125.

King Disposable Supraglottic Airway Kits (Ambu)

The King LTS-D kit contains one each of King LTS-D supraglottic airway, ET tube holder with bite block, luer lock syringe and 50-60cc lubricating jelly packet.

The King LTS-D mini-kit contains one each of King LTS-D supraglottic airway, luer lock syringe and 50-60cc lubricating jelly packet.

The King LT-D kit contains one each of King LT-D supraglottic airway, luer lock syringe and 50-60cc lubricating jelly packet.

KLTS403K	LTS-D supraglottic airway kit, size 3.0	each	55.00
KLTS404K	LTS-D supraglottic airway kit, size 4.0	each	55.00
KLTS405K	LTS-D supraglottic airway kit, size 5.0	each	55.00
KLTS403K-NG	LTS-D supraglottic airway kit with NG tube, size 3.0	each	53.50
KLTS404K-NG	LTS-D supraglottic airway kit with NG tube, size 4.0	each	53.00
KLTS405K-NG	LTS-D supraglottic airway kit with NG tube, size 5.0	each	53.00
KLTS413	LTS-D supraglottic airway mini-kit, size 3.0	each	42.00
KLTS414	LTS-D supraglottic airway mini-kit, size 4.0	each	42.00
KLTS415	LTS-D supraglottic airway mini-kit, size 5.0	each	42.00
KLTD202P	LT-D supraglottic airway kit, size 2.0	each	44.00
KLTD2025P	LT-D supraglottic airway kit, size 2.5	each	44.00
KLTD203	LT-D supraglottic airway kit, size 3.0	each	44.00
KLTD204	LT-D supraglottic airway kit, size 4.0	each	44.00
KLTD205	LT-D supraglottic airway kit, size 5.0	each	44.00

King LTS-D™ Disposable Supraglottic Airways (Ambu)

The King LTS-D is a simple-to-use airway tool that provides a patent airway and positive pressure ventilation with seal pressures. It offers the unique ability to easily pass a gastric tube through a second channel of the airway and into the esophagus and stomach. The distal tip and cuff assist in the airway's passage behind the larynx and into the normally collapsed esophagus. Suction with up to an 18FR suction catheter for gastric access.

KLTS403	LTS-D supraglottic airway, size 3.0	each	48.00
KLTS404	LTS-D supraglottic airway, size 4.0	each	48.00
KLTS405	LTS-D supraglottic airway, size 5.0	each	48.00
KLTS420	LTS-D supraglottic airway, pediatric, size 0	each	51.00
KLTS421	LTS-D supraglottic airway, pediatric, size 1	each	51.00
KLTS422	LTS-D supraglottic airway, pediatric, size 2	each	51.00
KLTS4225	LTS-D supraglottic airway, pediatric, size 2.5	each	51.00

King LT-D™ Disposable Supraglottic Airways (Ambu)

The King LT-D, is an alternative to tracheal intubation or mask ventilation. It is easy to insert and is strategically designed to minimize airway trauma. This sterile, single-use supraglottic airway provides a patent airway for superior patient ventilation.

KLTD202	LT-D supraglottic airway, size 2.0	each	44.00
KLTD2025	LT-D supraglottic airway, size 2.5	each	44.00

i-gel Supraglottic Airway (Intersurgical)

i-gel fits anatomically in unison with the airway, creating higher seal pressures without compression and trauma to the airway and surrounding structures. i-gel O2 Resus Pack includes an i-gel O2 with hook ring, sachet of lubricant, airway support strap and a 12FG suction tube.

IS8703030	i-gel O2 Resus Pack for small adults, size 3.0	each	30.00
IS8704030	i-gel O2 Resus Pack for medium adults, size 4.0	each	30.00
IS8705030	i-gel O2 Resus Pack for large adults, size 5.0	each	30.00
IS8201030	i-gel supraglottic airway for neonates, size 1.0	each	23.10
IS8215030	i-gel supraglottic airway for infants, size 1.5	each	23.10
IS8202030	i-gel supraglottic airway for small pediatrics, size 2.0	each	23.10
IS8225030	i-gel supraglottic airway for large pediatrics, size 2.5	each	23.10
IS8203030	i-gel supraglottic airway for small adults, size 3.0	each	23.10
IS8204030	i-gel supraglottic airway for medium adults, size 4.0	each	23.10
IS8205030	i-gel supraglottic airway for large adults, size 5.0	each	23.10

LMA Supreme® (LMA North America)

The LMA Supreme™ inspires confidence beyond any other laryngeal mask. The integrated drain tube is designed to channel fluid and gas safely away from the airway. Subtle refinements in the mask make correct placement easier. And, every LMA Supreme™ comes packaged sterile, new, and ready for one-time use when you need it.

LMA175010	LMA Supreme, size 1	each	30.77
LMA175015	LMA Supreme, size 1.5	each	30.77
LMA175020	LMA Supreme, size 2	each	30.77
LMA175025	LMA Supreme, size 2.5	each	30.77
LMA175030	LMA Supreme, size 3	each	30.77
LMA175040	LMA Supreme, size 4	each	30.77
LMA175050	LMA Supreme, size 5	each	30.77

Combitube® Esophageal/Tracheal Double-Lumen Airway

(Mallinckrodt)

- Unique design provides patient airway with either esophageal or tracheal placement
- Blind placement eliminates the need for a laryngoscope
- Reduces risk of aspiration of gastric contents
- Requires no restraining devices
- Single-patient use
- Kit includes two inflation syringes, elbow and a suction catheter

MA5-18437	Combitube roll-up kit, 37FR; for patients 4'-6' tall	each	55.46
MA5-18537	Combitube tray kit, 37FR; for patients 4'-6' tall	each	67.16
MA5-18441	Combitube roll-up kit, 41FR; for patients 5' tall and above	each	55.46
MA5-18541	Combitube tray kit, 41FR; for patients 5' tall and above	each	67.16
MA5-18141	Combitube trainer airway kit (for training only)	each	79.45

Color-Coded Berman Airways (Telefl x)

The dual channel Berman airway is constructed of semi-rigid, nontoxic polyethylene. Easily inserted. Allows for suction catheter insertion or withdrawal and ensures an unobstructed pathway for ventilation. Not individually wrapped.

SEEBAK-BX	Color-coded berman airway kit in plastic case (contains one each of eight airways, 40mm-110mm)		kit	4.75
SEEBAK	Color-coded berman airway kit in Ziplock bag (contains one each of eight airways sizes 40mm-110mm)		kit	3.00
RU121801	Color-coded berman airway, 40mm	pink	each	0.18
RU121850	Color-coded berman airway, 50mm	light blue	each	0.18
RU121802	Color-coded berman airway, 60mm	black	each	0.18
RU121870	Color-coded berman airway, 70mm	white	each	0.18
RU121803	Color-coded berman airway, 80mm	green	each	0.18
RU121804	Color-coded berman airway, 90mm	yellow	each	0.18
RU121805	Color-coded berman airway, 100mm	lavender	each	0.18
RU121806	Color-coded berman airway, 110mm	orange	each	0.18

**Color-Coded Berman Airways (individually wrapped)** (SunMed)

Color-coded for easy identification. Polyethylene plastic. Vented. Disposable and individually wrapped.

SEEAIR-1	Color-coded Berman airway kit (contains one each of eight airways, sizes 00 to 6)		each	2.80
SU1-1506-40	Color-coded Berman airway, size 00, 40mm, individually wrapped	pink	each	0.32
SU1-1506-50	Color-coded Berman airway, size 0, 50mm, individually wrapped	blue	each	0.32
SU1-1506-60	Color-coded Berman airway, size 1, 60mm, individually wrapped	black	each	0.32
SU1-1506-70	Color-coded Berman airway, size 2, 70mm, individually wrapped	white	each	0.32
SU1-1506-80	Color-coded Berman airway, size 3, 80mm, individually wrapped	green	each	0.32
SU1-1506-90	Color-coded Berman airway, size 4, 90mm, individually wrapped	yellow	each	0.32
SU1-1506-99	Color-coded Berman airway, size 5, 100mm, individually wrapped	red	each	0.32
SU1-1506-11	Color-coded Berman airway, Size 6, 110mm, individually wrapped	orange	each	0.32

Cath-Guide® Guedel Airways, Individually Wrapped (Telefl x)

HU1171	Cath-Guide guedel airway, size 0	each	1.09
HU1170	Cath-Guide guedel airway, size 1	each	1.09
HU1169	Cath-Guide guedel airway, size 2	each	1.09

SU1-5075-28	Robertazzi nasopharyngeal airway, 28FR	each	4.15
SU1-5075-30	Robertazzi nasopharyngeal airway, 30FR	each	4.15
SU1-5075-32	Robertazzi nasopharyngeal airway, 32FR	each	4.15
SU1-5075-34	Robertazzi nasopharyngeal airway, 34FR	each	4.15
SU1-5075-36	Robertazzi nasopharyngeal airway, 36FR	each	4.15

Nasal Airway Kit (Southeastern)

SEENASK	Nasal airway kit contains one each of six airways (22-32FR), four packets of lubricant, all in poly bag	each	16.75
SEENSKIT	Nasal airway kit contains one each of eight airways (20-32FR), four packets of lubricant, all in ziplock bag	each	30.00
SEEPEDNA	Nasal airway kit contains one each of four airways (12-18FR), four packets of lubricant, all in ziplock bag	each	14.00

Bitestick (ADC)

Depresses tongue and provides airway for seizure patients. One piece, nontoxic, unbreakable and reusable.

ADC4010	Bitestick	each	6.18
---------	-----------	------	------

Rescuer® Emergency CPAP System (BLS Systems)

This award-winning disposable CPAP system allows you to produce 15cm of CPAP pressure at only 10Lpm. This means you can triple your oxygen tank life. Controlled airway pressure provides rapid relief for maximum patient benefit with minimal oxygen consumption.

- Low-cost and 100% disposable
- Begin CPAP therapy with only 5Lpm
- Provides filtration on inhalation and exhalation to reduce risk of transmitting airborne pathogens
- Multi-function medication port accommodates manometer
- Anti-suffocation valve
- Simple-to-operate adjustable PEEP
- Oxygen supplied by standard flowmeter
- High-quality CPAP mask with adjustable forehead pads (BLS-8700, BLS-8705)
- 360° swivel elbow

- Download FREE Layar App (from your App Store)
- Scan this page
- View custom product info

BLS-8700KIT	Rescuer CPAP device with premium adjustable large adult cushion mask and nebulizer tee	each	39.95
BLS-8700	Rescuer CPAP device with premium adjustable large adult mask	each	42.50
BLS-8705	Rescuer CPAP device with premium adjustable medium mask	each	42.50
BLS-8750	Rescuer CPAP device with economy large adult cushion mask	each	39.50
BLS-8755	Rescuer CPAP device with economy medium cushion mask	each	39.50
BLS-8700M	Rescuer CPAP premium mask only, adjustable large adult	each	29.35
BLS-8710M	Rescuer CPAP premium mask only, adjustable small adult	each	29.35
BLS-8705M	Rescuer CPAP premium mask only, adjustable medium	each	29.35
BLS-4000M	Rescuer CPAP manometer	each	5.00

Rescuer® II Compact CPAP System (BLS Systems)

The Rescuer II Compact CPAP System is smaller and simpler to operate than its companion product, the Rescuer Emergency CPAP System. The Rescuer II includes a calibrated pressure manometer that allows the user to read the pressure in the system during operation.

BLS-8805	Rescuer II CPAP device with medium adult mask	each	37.50
BLS-8800	Rescuer II CPAP device with large adult mask	each	37.50

PortO₂Vent™ Oxygen Delivery System (Emergent)

The PortO₂Vent Oxygen Delivery System is a gas-powered device that delivers non-invasive CPAP to spontaneously breathing patients who are awake and can maintain a patent airway. It delivers CPAP at operator adjustable levels throughout the breathing cycle, independent of the patient's inspiratory flow requirements.

1900-001	PortO ₂ Vent unit	each	1,000.00
1900-124	PortO ₂ Vent breathing circuit and mask	each	74.00
1900-222	PortO ₂ Vent Soft-Seal mask, small adult	each	17.50
1900-333	PortO ₂ Vent Soft-Seal mask, medium adult	each	16.46
1900-444	PortO ₂ Vent Soft-Seal mask, large adult	each	19.92
1900-654	PortO ₂ Vent black neoprene head harness for Soft-Seal mask	each	7.00

WhisperFlow® CPAP Procedure Packs (Philips)

989803164971	WHISPERPAK (includes large SealFlex ribbed cushion mask, "H" style head strap, bacterial filter, 7.5 cmH2O CPAP valve, 36" collapsible hose)	each	36.09
989803165031	WHISPERPAK (includes large SealFlex ribbed cushion mask, "H" style head strap, bacterial filter, 10.0 cmH2O CPAP valve, 36" collapsible hose)	each	37.10
989803165041	WHISPERPAK (includes large SealFlex ribbed cushion mask, 4-pt non-latex head strap, bacterial filter, 7.5 cmH2O CPAP valve, 80" smooth inner wall hose)	each	34.25
989803165281	WHISPERPAK (includes large SealFlex ribbed cushion mask, "H" head strap, 10.0 cmH2O CPAP valve, bacterial filter, 80" smooth inner wall hose)	each	35.00
989803165061	WHISPERPAK (includes large Performa Trak mask, 10.0 cmH2O CPAP valve, bacterial filter, 80" smooth inner wall hose)	each	48.50
989803165211	WHISPERPAK (includes medium SealFlex ribbed cushion mask, multi-strap "H" head strap pack, 7.5 cmH2O CPAP valve, bacterial filter, 80" smooth inner wall hose)	each	46.00

Respiratory Care ■ BVMs/Manual Resuscitators

Patriot™ Manual Resuscitator/BVM (Southeastern)

This competitively-priced, high-quality BVM Includes bacterial/viral filter, oxygen reservoir and mask. Single patient use helps prevent cross-contamination. No cleaning, disinfecting or reprocessing required. The Patriot is completely disposable. Attached bacterial/viral filter, oxygen reservoir and mask means The Patriot is ready for immediate use which reduces response times.

- Available in most commonly used sizes—adult (1500ml), child (550ml) and infant (300ml)
- Easy-to-read, colorful packaging ensures correct resuscitator size selection
- Drawstring bag can conveniently hang inside ambulances for immediate access
- Face mask appropriate to patient size is conveniently packaged with resuscitator
- Patient port swivel allows caregiver to move easily around patient while maintaining proper resuscitation
- Pliable bag body provides very good tactile feel of lung compliance to assess resuscitation effort
- Red fits-all oxygen tubing connector provides quick visualization of oxygen connection

SEE1000	Patriot disposable BVM, adult	each	10.25
SEE2000	Patriot disposable BVM, child	each	10.25
SEE3000	Patriot disposable BVM, infant	each	10.25

Med-Rescuer® Disposable Resuscitator (BLS Systems)

360 degree swivel connector. Medication port for use with MDI or syringe. Manometer port. Integrated PEEP connection, no adapter necessary. All models complete with reservoir.

BLS-4000	Rescuer BVM, adult w/handle	each	10.75
BLS-4010	Rescuer BVM, child w/handle	each	10.75
BLS-4025	Rescuer BVM, infant w/handle	each	10.75

SPUR® II Disposable Resuscitator (Ambu)

Ambu SPUR II is the only single use resuscitator that is made from a SEBS polymer instead of PVC. This classifies Ambu SPUR II as more environmentally safe and fully disposable, thus eliminating all risk of cross contamination. All SPUR II bags come in individual, resealable carrying bags, complete with one or more masks and special accessories.

- Unique single-shutter valve system for very low inspiratory and expiratory resistance
- Crystal clear valve housing provides an unimpeded view of the valve operation
- SafeGrip surface and integrated handle for user comfort

AU520211033	SPUR II, adult w/built-in meter dose inhaler w/CDC HEPA, medium mask	each	15.70
AU520-611-700	SPUR II, adult w/CO2 detector	each	25.09
N7064	SPUR II, adult w/medium adult mask and medication port	each	12.71
AU5220-211-000B	SPUR II, adult, w/medium adult mask w/oxygen reservoir bag (boxed)	each	12.71
AU530-215-000B	SPUR II, pediatric w/infant and toddler masks (boxed)	each	39.94
AU530-213-000B	SPUR II, pediatric, w/toddler mask and oxygen reservoir bag (boxed)	each	24.20
N7062	SPUR II, pediatric w/infant mask and medication port	each	16.85
N7061	SPUR II, pediatric w/neonatal, toddler, infant masks and medication port	each	20.04
N7063	SPUR II, pediatric w/toddler mask and medication port	each	16.85
AU544-211-000	SPUR II, infant w/neonatal mask	each	16.85
AU540-211-000	SPUR II, infant, w/neonatal mask, oxygen reservoir bag	each	16.85

PEEP Valves (Ambu)

The Ambu Disposable PEEP Valves have been designed to provide unique resistance characteristics when used with manual resuscitators, ventilators, anaesthesia machines and CPAP systems where specified by the manufacturer.

- adjustable between 1.5-20 H₂O cm
- 30 mm connector
- MR conditional

AU199-002-020	Disposable PEEP valve	each	5.66
AU199-003-020	Disposable PEEP valve with adapter	each	6.42

The BAG II® Disposable Resuscitator (Laerdal)

- Universal Star-Lumen oxygen tubing
- Closed system oxygen reservoir
- Adjustable hook and loop handle
- Swivel elbow - swivels a full 360 degrees
- Transparent PVC construction
- Reinforced non-kink oxygen tubing

LA845011	The BAG II BVM, adult, with #5 mask	each	16.00
LA845041	The BAG II BVM, adult, with #4 mask	each	16.00
LA845021	The BAG II BVM, child, with #3 mask	each	16.00
LA845031	The BAG II BVM, infant, with #1 mask	each	16.00

Smart Bag® MO Disposable Resuscitators (O-Two Systems)

The Smart Bag MO has been designed to allow the provision of consistent ventilations while almost completely eliminating the risks associated with conventional BVM ventilation. The unique actuating mechanism hidden inside the neck bushing actually responds to the rescuer and the patient. By responding to the rescuer’s squeeze and release of the BVM, the Smart Bag limits the excessive flow of gas into the patients airway, significantly reducing the risk of gastric insufflation by effectively lowering the airway pressure generated. In a normally compliant and resistant airway, the airway pressure is limited to below the esophageal sphincter opening pressure of 19 cmH₂O. The Smart Bag MO comes with a manual override to “disable the actuator”.

OT01BM3200	Smart Bag MO, adult w/universal mask	each	23.46
OT01BM3200W	Smart Bag MO, adult w/inflated cuff mas	each	23.46
OT01BM3210-MO	Smart Bag MO, child w/universal mask	each	24.88
OT01BM3210W	Smart Bag MO, child w/inflated cuff mas	each	24.88

Disposable Bag Valve Mask Resuscitator (LSP)

- Integrated swivel allows the caregiver to change position
- Comes complete with mask, reservoir bag and 7’ oxygen tubing
- Standard pressure relief valve on pediatric and infant bags
- The new positional exhalation port is easily adjusted to any desired position to avoid exhaled gases.

LSP670-040	Disposable BVM, adult	each	15.00
LSP670-101	Disposable BVM, child	each	15.00
LSP670-200	Disposable BVM, infant	each	15.00

Disposable Resuscitator (Teleflex)

The Rusch disposable BVM combines dependable performance at an economical price.

RU157100300	Disposable BVM, adult	each	15.23
RU157300100	Disposable BVM, child	each	15.23
RU157400100	Disposable BVM, infant	each	15.23

Lifesaver® Disposable BVM (Hudson)

Lifesaver disposable manual resuscitators combine quality, features and performance. Unique right-angled oxygen tubing connector swivels 360 degrees. Includes STAR-LUMEN tubing and universal oxygen connector. All configurations include swivel flow diverter for connection of PEEP valve. Individually packaged, in convenient, tamper-evident, drawstring bag.

HU5372	Lifesaver BVM, adult	each	14.60
HU5367	Lifesaver BVM, pediatric	each	15.80
HU5362	Lifesaver BVM, infant	each	16.35

Easy Grip® Disposable Bag Valve Mask Resuscitator (O-Two Medical Technologies)

Easy Grip™ Bag Valve Mask Resuscitators provide improved resiliency in performance that incorporates immediate lung condition feedback (“feel”) directly to the fingertips. The Easy Grip design improves grasp even with a wet or slippery bag, and the unequalled rapid recoil time allows for quick response to the patient’s respiratory needs. Child and infant resuscitators come complete with a pressure relief valve set at 40cm H₂O that can be overridden by the operator by manually holding the valve in a depressed position or locking it into the off position

OTBM3500	Easy Grip BVM, adult	each	15.25
OTBM3510	Easy Grip BVM, child	each	15.37
OTBM3520	Easy Grip BVM, infant	each	15.37

Pocket BVM (PerSys Medical)

This hand-held disposable device is used for manual resuscitation and emergency respiratory support.

PSPBVM-C	Pocket BVM, adult	each	43.75
PSPBVM-G	Pocket BVM, adult with 6’ oxygen tubing	each	49.50

BVM Assist Kit (Southeastern)

BVMASSIST	BVM Assist Kit includes ventilator adapter, nebulizer tee adapter (22 mm OD x 18 mm ID / 22 mm OD x 22mm OD) and 6” oxygen tubing	each	1.70
BVMASSISTDC	BVM Assist Kit includes ventilator adapter, nebulizer tee (22 mm OD x 18 mm ID x 22 mm ID) and 6” oxygen tubing	each	1.33

Basic Cricothyrotomy Kit (Southeastern)

This basic cricothyrotomy kit provides everything you need to establish a patent airway during certain life-threatening situations. It includes:

- Jelco IV catheter, 14 ga x 2" (1)
- Povidone iodine wipes (2)
- Sodium Chloride 0.9% 10ml needleless prefilled syringe (1)
- Gauze pads, sterile, 4" x 4" 8 ply, 2 per pack (1)
- Contents sheet
- Packed in poly bag

SEECRIC	Basic cricothyrotomy kit	each	3.80
---------	--------------------------	------	------

Melker Emergency Cricothyrotomy Catheter Set (Cook Medical)

Used for emergency airway access when conventional endotracheal intubation cannot be performed. Airway access is achieved by standard wire-guided (Seldinger) technique via the cricothyroid membrane. Subsequent dilation of the tract and tracheal entrance site permits passage of the emergency airway. Catheter is cuffed to protect and control airway once placed. Airway catheter is radiopaque. Special Operations Set is custom packaged in slip peel-pouch design for easy transportation. Dilator is pre-inserted into airway catheter. Includes two 18 gauge introducer needles, 5cm and 7cm.

CC175437	Melker cricothyrotomy kit, 3.5mm uncuffed catheter	each	223.42
CC175438	Melker cricothyrotomy kit, 4.0mm uncuffed catheter	each	223.42
CC144501	Melker cricothyrotomy kit, 6.0mm uncuffed catheter	each	225.62
CC274208	Melker cricothyrotomy special operations kit, 5.0mm uncuffed catheter in a slip peel-pouch package	each	343.78

QuickTrach® (Teleflex)

The Rusch QuickTrach allows quick and safe access for ventilation in the presence of acute respiratory distress with upper airway obstruction. The kit consists of a preassembled emergency cricothyrotomy unit with a 10ml syringe, padded neck strap and a flexible connecting tube.

RU120900040	QuickTrach, adult	each	171.38
RU120900020	QuickTrach, child	each	171.38

**Led by...Dedicated to...
We are EMS and Fire.**

Pneumothorax Kit (Southeastern)

Southeastern offers both multiple- and single-patient pneumothorax kits.

Multiple-Patient

- 14ga x 3.25" IV catheters (4)
- Sterile 4x4 gauze pads (6)
- PVP swabsticks (4)
- 20cc syringes (2)
- Stopcocks (2)
- Sterile gloves (2 pair)

Single-Patient

- 14ga x 3.25" IV catheter (1)
- Sterile 4x4 sterile gauze pads (2)
- PVP swabstick (1)
- 20cc syringe (1)
- 3-way stopcock with 20" tubing (1)

SEEPNEK	Pneumothorax kit, multiple-patient	each	51.75
SEEDEK	Pneumothorax kit, single-patient	each	29.90

ARS[®] for Needle Decompression (North American Rescue)

The new and improved ARS (Airs Release System) for needle decompression increases the likelihood of success in the management of casualties who present with the signs and symptoms of a tension pneumothorax.

- No-flash chamber ca
- Easy identification
- Textured twist top
- Rugged needle/catheter protective tube

NAZZ-0298	ARS for needle decompression, 10ga x 3.25"	each	17.97
NAZZ-0056	ARS for needle decompression, 14ga x 3.25"	each	10.78

Emergency Pneumothorax Set (Cook Medical)

Used to treat simple tension pneumothorax. Set contains reinforced FEP catheter needle, vinyl connecting tube, Cook Chest Drain Valve, Molnar disc with pull tie, syringe, alcohol prep, ChloroPrep One-Step and transport tape.

CC219184	Emergency pneumothorax set	each	169.29
----------	----------------------------	------	--------

Simple Pneumothorax Aspiration Accessory Set (Cook Medical)

Used in conjunction with pneumothorax aspiration catheters if incomplete expansion of the lung persists after mechanical aspiration of air. Connection of the one-way Cook Chest Drain Valve to the catheter permits continued re-expansion of the lung by natural forces, preventing inadvertent backflow of air into the pleural space.

CC155900	Pneumothorax aspiration accessory set	each	94.58
----------	---------------------------------------	------	-------

ParaPAC Transport Ventilator (Smiths Medical)

Designed specifically for use by respiratory therapists, paramedics, and trained emergency personnel, ParaPAC® enables greater control of breathing parameters. The dual controls allow easy selection of tidal volume and frequency to match your patient’s ventilatory requirements. Suitable for ventilation during emergency or controlled transportation of adults, children and infants. MRI compatibility gives maximum flexibility for transport within the hospital.

- Separate controls for tidal volume and frequency
- Unique CMV/Demand - Demand feature
- Patented mode of operation
- Adjustable pressure relief with audible alarm
- Air mix facility
- Optional PEEP facility
- Integrated pressure monitoring/alarm system
- Low gas supply indicator
- Pneumatically powered
- Lightweight and durable

SM120003	ParaPAC ventilator with alarms	each	11,600.00
SM120002	ParaPAC ventilator without alarms	each	9,600.00
SM122002	ParaPAC ventilator circuit with PEEP	10/case	290.00
SM122003	ParaPAC ventilator circuit	10/case	199.90

AHP300™ Transport Ventilator (Allied Healthcare)

The AHP300 Transport Ventilator offers invasive and non-invasive support for infant (5 kg and up) to adult patients, with a flexible array of ventilation options including Pressure Control/Volume Control ventilation, SIMV/Assist Control spontaneous breath support, and stand-alone CPAP/BiLevel support. The AHP300 offers value-added features for intra-hospital and inter-hospital transport.

- Quick Start Ventilation - Featuring programmable presets, the AHP300 allows trained caregivers to rapidly recall up to 5 saved ventilation protocols.
- Long Battery Life - Up to 7.5 hours on internal battery, with auxiliary battery capability for up to 21 hours of battery life.
- Oxygen Conserve Mode - Allows the use of low pressure sources (oxygen concentrator, liquid oxygen, etc.) to extend available oxygen.

AHP300	AHP300 transport ventilator, gray	each	6,475.00
AHP300-Y	AHP300 transport ventilator, yellow	each	6,475.00
LSPL599-600	AHP300 adult single limb ventilator circuit	each	130.77
AHP300-BAG	AHP300 transport ventilator circuit bag	each	65.20
AHP300-CASE	AHP300 transport ventilator wrap case	each	201.42
AHP300-WMSYS	AHP300 transport ventilator wall mount system	each	400.00
AHP300-HDLHOOK	AHP300 transport ventilator carrying handle with static hooks	each	126.09
AHP300-HASWHO	AHP300 transport ventilator carrying handle with swivel hooks	each	193.50

AutoVent™ 4000 Automatic Transport Ventilator (LSP)

The AutoVent 4000 Series Transport Ventilator offers the capabilities of ventilation and CPAP in one system.

- Pneumatically powered, durable and light with basic models weighing less than 5 lbs.
- Independent settings for breaths per minute, inspiratory time, tidal volume and airway pressure relief.
- Manual breath button and anti-breath stacking is standard on all models.
- Manometer gauge, along with a full set of alarms, ensures optimal performance and patient safety.

LSPL760	Autovent 4000 ventilator	each	3,587.50
LSPL760CPAP	Autovent 4000 ventilator with CPAP	each	4,791.88
LSPL761	AutoVent 4000 ventilator with air mix mode	each	4,458.75
LSPL761CPAP	Autovent 4000 ventilator with air mix mode and CPAP	each	5,663.13
LSPL762	AutoVent 4000 ventilator with air mix mode and electronic alarm package	each	5,125.00
LSPL762CPAP	Autovent 4000 ventilator with air mix mode, electronic alarm package and CPAP	each	6,329.38
LSPL763	AutoVent 4000 ventilator with electronic alarm package	each	4,253.75
LSPL763CPAP	Autovent 4000 ventilator with electronic alarm package and CPAP	each	5,458.13
LSP800148	Autovent 4000 ventilator circuit with CPAP	each	18.38
LSPL599-130	Autovent 4000 ventilator circuit without CPAP	each	10.15
LSPLPEEP	PEEP valve w/adapter for Autovent 3000	12/case	45.00

Control your patient's breathing parameters with ParaPAC®

Respiratory Care ■ Masks

Disposable Cushion Face Mask (Teleflex)

- Extremely pliable bladder for excellent sealing
- "No-Valve" construction provides an extended shelf life without fear of deflation
- Crystal clear cone for easy assessment of patient condition

RU158600	Disposable cushion face mask, large adult, #5	each	2.02
RU158400	Disposable cushion face mask, medium adult, #4	each	2.02
RU158300	Disposable cushion face mask, small adult, #3	each	2.02
RU158200	Disposable cushion face mask, pediatric, #2	each	2.02
RU158100	Disposable cushion face mask, infant, #1	each	2.02
RU158000	Disposable cushion face mask, neonatal, #0	each	2.02

Disposable Face Masks (Ambu)

Ambu disposable face masks are designed for use with manual and automatic resuscitators and ventilators.

- Crystal clear dome for easy observation of the patient's condition
- Supplied with hook ring that can easily be removed if not needed
- Single patient

AU252-051	Disposable face mask, neonate	each	1.94
AU252-052	Disposable face mask, infant	each	1.94
AU252-053	Disposable face mask, toddler	each	1.94
AU252-054	Disposable face mask, small adult/child	each	1.94
AU252-055	Disposable face mask, medium adult	each	1.94
AU252-056	Disposable face mask, large adult	each	1.94

Tracheostomy Masks (Telefl x)

For use for tracheostomy and laryngectomy aerosol therapy. Tubing connector swivels 360 degrees and accepts 22mm I.D. corrugated tubing. Adult and pediatric sizes available.

HU1075	Tracheostomy masks, adult	each	1.07
HU1076	Tracheostomy masks, pediatric	each	1.30

Tracheostomy Mask Kit (Carefusion)

This adult tracheostomy under-the chin-style mask kit features

- 6" fl x tube
- Six diluter jets (24%, 28%, 31%, 35%, 40% and 50% oxygen concentrations)
- Humidification hood
- 7' crush resistant tubing

CD001248	Tracheostomy mask kit, adult with 6' fl x tube	each	5.69
----------	------------------------------------------------	------	------

Pet Oxygen Mask Kit

The Pet Oxygen Mask Kit is designed to provide supplemental oxygen to animals suffering from respiratory distress, smoke inhalation, or for general recovery from anesthesia. The masks are used on animals by general and specialty veterinary facilities, emergency referral clinics and fire and rescue departments.

SXV7148	Pet oxygen mask kit contains one each of small, medium and large pet oxygen masks	each	100.00
---------	-----------------------------------------------------------------------------------	------	--------

SMART TRIAGE

The most widely used system in the world, the SMART Incident Command System™ is a scalable approach to triage, working from the first responder on scene through the evacuation process to the receiving hospital.

Learn about the entire SMART Incident Command System beginning on page 410.

Micro Mist® Nebulizer

- Optimal particle size delivered at efficient nebulization rates (MMAD = 2.1 microns)
- 84" tubing
- Easy-seal, threaded cap and 8cc capacity anti-spill jar to prevent leakage
- Jet stays in place unless intentionally removed
- Consistent performance at angles up to 90 degrees allowing medication delivery to patients positioned horizontally or with special requirements

HU1884	Micro Mist nebulizer with tee, 7' tubing, mouthpiece, reservoir tube and connector	each	1.05
N7281R	Micro Mist nebulizer with tee, mouthpiece and reservoir tube	each	0.91
N7281M	Micro Mist nebulizer with elongated adult mask	each	1.34
N7281PM	Micro Mist nebulizer with elongated pediatric mask	each	1.96
N7281	Micro Mist nebulizer with tee and mouthpiece	each	0.84
HU1880	Micro Mist nebulizer only	each	0.50

Up-Draft II® Opti-Neb® Nebulizer (Telefl x)

The compact, high output Up-Draft II Opti-Neb nebulizer produces a concentrated mist at flow settings as low as 5 LPM with a minimal residual of medication.

- Jet stays in place unless intentionally removed
- Anti-spill design prevents loss of medication in any position
- Nebulizes at angles up to 45 degrees to accommodate special treatment requirements
- 84" tubing

HU1705	Nebulizer w/adult mask	50/case	95.08
HU1734	Nebulizer w/tee, mouthpiece, and reservoir tube	50/case	54.08

Neb-U-Mask® System (Telefl x)

The Neb-U-Mask is a combination device that allows for the concurrent delivery of aerosolized medications and high concentrations of oxygen or heliox. The system is composed of an innovative wye design featuring a nebulizer connection and MDI adapter, a high concentration mask and a 750ml gas reservoir bag. The nebulizer connection features a valved port, which maintains a closed system when the neb is not in use.

HU1895	Neb-U-Mask, adult	each	15.35
HU1896	Neb-U-Mask, pediatric	each	15.35

BVM Nebulizer Assist Kit (Southeastern)

Allows for supplying medication while "bagging." Comes with nebulizer kit with tee, tubing, "T" mouthpiece, neb tee connector, multi-adapter and elbow adapter.

SEENEBK	BVM nebulizer assist kit	each	6.27
---------	--------------------------	------	------

Aerosol Masks, Elongated

Clear, soft vinyl for patient comfort. Adjustable nose clip assures comfortable fit. Specifically designed for aerosol therapy. Connector accepts 22mm aerosol tubing.

N7281-ADULT	Aerosol mask, elongated, adult	each	0.49
N7281-PEDI	Aerosol mask, elongated, child	each	0.77

Dragon Pediatric Aerosol Mask (CareFusion)

The Asthmatic Dragon is a pediatric nebulizing mask that is more “toy-like” making children more apt to accept treatment without fear and resistance. When the child takes a deep breath and exhales, the exhaled air exits through the dragon's nostrils making the dragon appear to be huffing and puffing.

N7281NICKIT	Dragon mask, nebulizer and tubing	each	2.54
CD001266	Dragon mask only	each	1.69

MAD Nasal™ Intranasal Mucosal Atomization Device (LMA North America)

The MAD is used for delivery of atomized medication to the nasal, oral, laryngeal, tracheal and pulmonary mucosal surfaces. Reliable atomization of topical solution across the nasal and oropharyngeal mucous membranes.

- No needles
- Works in any position
- Complete control
- Consistent, reliable spray every time

WTMAD100	MAD with 3ml syringe	each	7.65
WTMAD300	MAD with no syringe	each	6.36

Adapters and Connectors

Nonbreathing Masks

N7295	Nonbreathing mask, safety vent, adjustable nose clip, 750ml reservoir bag and 84" tubing, adult	each	2.72
HU1059	Nonbreathing mask, safety vent, adjustable nose clip, 750ml reservoir bag and 84" tubing, adult	each	1.28
N7284	Nonbreathing mask, safety vent, adjustable nose clip, 750ml reservoir bag and 84" tubing, pediatric	each	1.28
N7293	Nonbreathing mask, safety vent	each	1.05
RU395497	Nonbreathing mask, safety vent, adjustable nose clip, 750ml reservoir bag and 84" tubing, infant	each	4.63
N7298	Nonbreathing mask, NO safety vent, adjustable nose clip, 750ml reservoir bag and 84" tubing, adult	each	1.28
SU2201	Nonbreathing mask, pediatric with safety vent	each	1.25

High Concentration Masks, Elongated

Under the chin design, adjustable nose clip, swivel adapter, 750ml reservoir bag and 84" tubing.

N7286	High concentration mask, elongated, adult	each	2.22
N7288	High concentration mask, elongated, child	each	2.50
HU1011	High concentration mask, elongated, pediatric	each	1.58

Multi Vent Masks

Provides a safe, simple, reliable method of accurately administering oxygen concentrations of 24, 26, 28, 30, 35, 40, and 50 percent. Comes complete with low-oxygen concentration diluter, medium concentration diluter, locking ring, high humidity adapter, 7' oxygen tubing.

N7299	Multi vent mask, adult	each	1.73
N7300	Multi vent mask, pediatric	each	3.91

Medium Concentration Oxygen Masks

Soft vinyl for patient comfort, adjustable nose clip and 84" tubing.

N7285	Medium concentration mask, elongated, adult	each	1.50
N7287	Medium concentration mask, elongated, pediatric	each	1.63
N7280	Medium concentration mask, short, adult	each	1.41
N7283	Medium concentration mask, short, pediatric	each	1.01
RU396218	Medium concentration mask, short, infant (by Rusch)	each	1.14

Non Rebreather Masks (B&F Medical)

BF61075	Tracheotomy mask, adult, with elastic strap	each	2.52
BF64059	Non-rebreathing mask, adult, without safety vent	each	1.17

Three-In-One Mask (Telefl x)

Can be used as a medium concentration, high concentration or nonbreathing mask. Includes mask with latex-free flapper valve, nonbreathing bag assembly, 7-ft. oxygen supply tubing, and oxygen connector. Adjustable nose clip. 750ml reservoir bag.

N7301	Three-in-one mask	each	1.17
-------	-------------------	------	------

Airlife™ Oxygen Masks (Cardinal)

Made from soft, high-grade vinyl resins. Smooth, feathered edges are designed for patient comfort while reducing irritation points. Designed for anatomical compatibility

CD001211	High-concentration, nonbreather mask with safety vent and 7' tubing, adult	each	2.89
CD001269	High-concentration, nonbreather mask with safety vent and 7' tubing, pediatric	each	3.46

Nasal Cannulas

N7294	Sofflex nasal cannula, adult, over-the-ear, 7' tubing , non-fla ed (by Smiths Medical)	each	0.96
N7297	Nasal cannula, adult, with 7' sure fl w tubing (by Allied)	each	0.35
HU1103	Nasal cannula, adult, over-the-ear, 7' tubing, non-fla ed (by Telefl x)	each	0.41
N7296	Nasal cannula, adult, over-the-ear, fla ed nasal tip, 7' tubing (by Telefl x)	each	0.43
HU1820	Softech cannula, adult (by Telefl x)	50/case	31.06
SU8-3550-02	Nasal cannula, child (by SunMed)	each	1.35
N7292	Softech cannula, pedi, 7' Star-Lumen tubing, standard connector, curved (by Telefl x)	each	1.00
HU1101	Nasal cannula, pediatric, adjustable elastic band, 7' tubing, non-fla ed (by Telefl x)	each	1.72
SU8-3550-01	Nasal cannula, infant (by SunMed)	each	1.35
N7291	Nasal cannula, infant, straight tip, 7' oxygen tubing w/no-crush tubing and oxygen connector (by Hospitak)	each	1.96

Prefilled Humidifie (CareFusion)

Filled with sterile water for inhalation. This humidifier s stem features a dual-purpose reservoir with a snap-open trigger, which makes a round opening for secure attachment of a humidifier adap er. The oxygen pathway is designed to help prevent particulate from reaching oxygen delivery tubing.

N7157	Prefilled humidifi , 500ml with adapter	each	3.32
-------	-----------------------------------------	------	------

Disposable Humidifie (Telefl x)

Disposable, durable plastic with preset audible alarm at 4 psi pressure relief. Unique diffuser desi ned to provide patient with comfortable, therapeutic humidity and minimal noise. 500ml usable volume

HU3230	Disposable humidifie	each	1.65
--------	----------------------	------	------

Oxygen Hose (Southeastern)

All hoses have hand tight DISS fitting. Additional lengths available. Call customer service at (800) 334-6656 for personal assistance.

N2551	Oxygen hose, 3', hand tight DISS fitting	each	31.20
N2555	Oxygen hose, 6', hand tight DISS fitting	each	34.29
N2554	Oxygen hose, 7', hand tight DISS fitting	each	23.85
N2553	Oxygen hose, 10', hand tight DISS fitting	each	32.90

Oxygen Supply Tubing (Telefl x)

N7289	Oxygen tubing, 7'	each	0.48
N7289C	Oxygen tubing connector	each	0.14

Unibody All-Brass Regulators (Southeastern)

Uni-body all brass regulators are economically priced to meet your budget needs. Flowrate: 0.25, 0.5, 1, 2, 3, 4, 6, 8, 10, 15, 25 LPM.

N7013	Unibody all-brass regulators, constant flow with 1 DISS outlet	each	95.00
N7012	Unibody all-brass regulators, constant flow	each	79.50

Heavy Duty EMS Regulator (Inovo)

Two DISS outlets with check valves. FDA recommended brass- Viton sealer washer. Twelve position flow dial. Nickel plated for protection against elements. Solid all brass construction. UL listed impact resistant gauge

IN2925-R-2	Heavy duty EMS regulator, 0-25 LPM, with barb and two DISS outlets	each	128.46
------------	--------------------------------------------------------------------	------	--------

Oxygen Regulator

Anti-blowout design with no snap rings. Low profile gauge with impact resistant rubber boot. Sure-grip knob with 12 click stop positions. Flow rate: 0, 1/4, 1/2, 1, 2, 3, 4, 6, 8, 10, 15, 2 LPM. All metal construction, unibody window design

N6998	Oxygen regulator, aluminum/brass, constant flow, 2 DISS outlets	each	194.71
N6999	Oxygen regulator, aluminum/brass, constant flow	each	174.74

Oxygen Regulator with Quick Disconnect (Southeastern)

Allows you to connect your demand valve or ventilator to your small oxygen cylinder and disconnect quickly to your on-board oxygen system. Five-year warranty. Flow ranges of 0, 1/4, 1/2, 1, 2, 3, 4, 6, 8, 10, 15 and 25 LPM.

N6997	Oxygen regulator with quick disconnect	each	150.00
-------	----------------------------------------	------	--------

Rhino Brass Regulator (LSP)

Features a unique protective aluminum shroud that is integral to the regulator body and is designed to prevent gauge damage and contamination. Comes with a 10-year warranty against breakage and a replaceable shroud lens cover which prevents dirt and liquids from contaminating it. All brass construction. Flow Rates: 0, 1/2, 1, 2, 4, 6, 8, 10, 12, 15, 20 or 25LPM.

LSP370-220A	Rhino brass regulator, constant fl w with 2 DISS outlets	each	264.45
-------------	----------------------------------------------------------	------	--------

InGage™ Line Regulator

This medical gas regulator features a unique pressure gauge built into the body with a window to show the cylinder pressure. The InGage has a color-coded 0-3000 PSI operating range. The yoke connector has a special 10-micron sintered metal inlet filter and an all-brass construction in the high-pressure zones. The regulator has a single stage, piston type, backpressure compensated, pressure reducing cartridge with an internal relief valve. The “click style” flowmeter module offers 12 flow settings and, unlike the Thorpe tube style, will operate in any position or while moving.

N6986	InGage demand valve regulator w/2 DISS fitting	each	198.78
-------	------------------------------------------------	------	--------

N6991	InGage constant flow regulator	each	218.66
-------	--------------------------------	------	--------

Pressure Reducer Regulator

For the large “H” and “M” oxygen cylinders onboard the ambulance. Includes CGA-540 fitting. Reduces large cylinder pressure to a regulated 50 psi. Smaller, more rugged unibody design.

N7014F	Pressure reducer regulator	each	114.75
--------	----------------------------	------	--------

Flowmeter 0-25 LPM

Medical gas flowmeter is a calibrated, 12 positions, fixed orifice, non-gravity sensitive type. The flowmeter has a metal inlet filter and effectively functions as back pressure compensated device.

- All metal construction, unibody window design
- Large window, high visibility, night glow numbers
- Sure-grip knob with 12 click stop positions
- Flow range: 0, 1/4, 1/2, 1, 2, 3, 4, 6, 8, 10, 15, 25 LPM

N7324	Flowmeter 0-25 LPM with DISS outlet	each	42.25
-------	-------------------------------------	------	-------

Tube Flowmeter

The polycarbonate housings are extremely durable. They are impervious to chemical solutions normally used in a clinical setting preventing clouding and spidering. The polycarbonate flow tubes ensure durability. These flowmeters use black glass flow indicator balls. Their exceptional sphericity and uniform weight contribute to a more accurate flowmeter than those using plastic floats.

N7325	Tube flowmeter with Ohio adapter	each	49.72
-------	----------------------------------	------	-------

N7326	Tube flowmeter with Puritan Bennett adapter	each	40.88
-------	---------------------------------------------	------	-------

Portable Emergency Oxygen Manifold (Western Enterprises)

Flowmeters are individually controlled. Cannulas, breathing masks and compact carrying case included. Lightweight aluminum construction. Standard DISS 1240 inlet and a 100PSI relief valve safety feature. 8 easy-to-read click-style flowmeters from 0-25LPM. Used for mass casualty, EMS and triage situations. Pressure gauge on manifold

WEMD-8	Portable emergency oxygen manifold	each	848.30
--------	------------------------------------	------	--------

Oxygen Cylinders, Carts and Stands

N7457	"D" cylinder, aluminum, with built-in on/off toggle	each	64.54
LCLIFE-EMS-D	"D" cylinder, aluminum, with knurled valve	each	70.00
N7455	Jumbo "D" cylinder, aluminum with built-in on/off toggle	each	113.77
N7453	"E" cylinder, aluminum, with built in on/off toggle	each	73.77
N7456	"M" cylinder, steel	each	310.16
MM1402ED	"M9" cylinder, aluminum, with toggle valve	each	58.38
WEPX1025	Cylinder stand for "C", "D" and "E" cylinders	each	66.48
WEPX-1027	Cylinder rack for "C", "D" and "E" cylinders, 12 bottles	each	99.73

IT'S IN THE BAG

*CONTENTS NOT INCLUDED

IRON DUCK
BUILT FOR LIFE

The Breathsaver Series popular and versatile airway management bags efficiently organize tank, valve masks, airway adjuncts, hand-held suction and trauma supplies. Quality materials, exacting workmanship and task-specific design. It's in the bag. **See pg. 326 for details.**

Breathsaver ID34016D

Breathsaver Plus ID34016DP

Ultra Breathsaver ID34018

Floor-Mounted Cylinder Base (Cast Products)

Lightweight aluminum floor-mounted cylinder base provides secure retention of single or dual steel or aluminum oxygen cylinders. Threaded thumbscrew holds cylinder in place and prevents swaying, tipping or rattling. Holds either “D” or “E” size cylinders. Will not accept Jumbo “D” cylinders. Does not interfere with regulator controls.

CPC2050	Floor-mounted cylinder base, single	each	48.03
CPC2051	Floor-mounted cylinder base, dual	each	97.73

Wall-Mounted Cylinder Bracket (Cast Products)

These wall-mounted cylinder brackets can be used with either “D” or “E” size steel or aluminum cylinders. Features an aluminum ring that fits over the cylinder and slides into a wall-mounted bracket allowing the cylinder to be removed. Holds two cylinders side by side. The cylinders are held in place by a retaining plate that is secured with a threaded bolt and wing nut. Will not accept Jumbo “D” size cylinders.

CPOA0006-1	Wall-mounted cylinder bracket, single	each	58.18
CPOA0008-1	Wall-mounted cylinder bracket, dual	each	60.15

Universal Oxygen Cylinder Brackets

This oxygen cylinder bracket accommodates steel and aluminum cylinders including “D,” “E” and Jumbo “D” sizes. This bracket meets the KKK-1822-C specification. Constructed of stainless steel and aluminum alloy, Model 521 will not rust or corrode. Neck support bracket is changed with common tools to fit either “D” or “E” size cylinders. Heavy duty nylon strap and metal buckle keep cylinder in place.

FW521	Universal oxygen cylinder bracket	each	319.00
ZIQR-D-2	Strapless “D” cylinder bracket	each	283.50

Oxygen Cylinder Lift (Zico)

Zico Cylinder Lifts transport, raise, and lower “M” through “J” cylinders so you can easily remove the empty cylinder and replace it with a full one. Lifts keep heavy cylinders secured through the entire exchange process. Heavy-duty wheels allow you to service multiple ambulances with a single unit. Each unit operates off of a supplied 12v battery. A wall charger is provided.

ZIQR-CL	Oxygen bottle cart lift for M, G and J cylinders, with 110 volt charger	each	2,533.06
---------	-------------------------------------------------------------------------	------	----------

Cylinder Accessories

N7174	Wrench for “D” and “E” cylinders, metal	each	1.83
N7175	Wrench with metal chain for “D” and “E” cylinders, nylon	each	1.04

“Pigtail” Quick Connect Kit (Southeastern)

Sometimes called a “pigtail”, this kit will allow you to quickly disconnect from your portable O2 tank and quickly connect to your on-board O2 tank.

QDISSKIT	“Pigtail” quick connect kit	each	65.00
----------	-----------------------------	------	-------

DISS “Y” Assembly with Check Valves

PM7211	DISS “Y” assembly w/check valves	each	31.81
--------	----------------------------------	------	-------

Mouth to Mask Resuscitator (Southeastern)

The Mouth to Mask Resuscitator is designed for both adult and child applications. For ease of use, simplified graphic anatomical illustrations are printed on the case. The patented one way valve filtering system incorporates a highly effective bacterial filter to protect both the rescuer and the victim, thereby ensuring the safest emergency resuscitation environment.

N7491	Mouth to mask resuscitator with 1-way valve, filter, oxygen inlet, head strap, case	each	4.62
N7490	Mouth to mask resuscitator with 1-way valve, filter and case	each	6.34
N7492	Mouth to mask resuscitator replacement kit (contains 1-way valve and filter)	each	4.30

Laerdal Pocket Mask®

The Laerdal Pocket Mask offers superior protection for both rescuer and victim. The Laerdal Pocket Mask combines a low resistance one-way valve with a disposable hydrophobic filter to help prevent the passage of liquids and secretions. The distance to the patient allows the rescuer to check mouth color, secretions and chest movement. An optional oxygen inlet facilitates delivery of supplemental oxygen during ventilation of a non-breathing patient or for inhalation by a spontaneously breathing patient. Either residing in your pocket or in the new soft pack with belt loop, it can be carried with you at all times.

- Replaceable, disposable one-way valve and filter
- Can be used on adult, child and infant

LA830011	Pocket Mask with oxygen inlet, head strap, gloves and wipe in hard yellow case	each	21.00
LA820019	Pocket Mask in hard yellow case	each	14.00
LA820050	Pocket Mask with gloves in blue soft case, pediatric	each	15.00

CPR Resuscitator Masks (WNL Products)

The masks come completely assembled with the one-way valve and head strap already attached. Masks include gloves and an antiseptic wipe. Adult mask includes an oxygen inlet. The infant mask fits conveniently inside the adult mask.

WNLFAK5000SGI	CPR resuscitator with adult/child mask, gloves and wipe in soft red nylon case	each	9.28
---------------	--------------------------------------------------------------------------------	------	------

Laerdal Face Shields

Laerdal's most value-priced, convenient to carry single-use CPR barrier. Offering protection to both rescuer and victim when used by CPR-trained rescuers. Ideal for carrying every day, for inclusion with corporate CPR training courses and in first aid kits.

- Bi-directional filter
- Helps prevent direct contact with victims mouth, nose and face
- Fits into wallets, pockets, small handbags and first aid kits

LA4600001	Face Shields only	50/box	102.00
LA460000	Face Shields only	10/box	20.00

Laerdal Compact Suction Unit® (LCSU) 4

Laerdal's LCSU® 4 suction unit combines rugged design with lightweight portability, an essential tool for every first responder.

LA880051	Laerdal Compact Suction Unit (LCSU) 4, 800ml	each	649.00

LA884301	LCSU 2 battery	each	122.60

DCell Suction Device (SSCOR)

The SSCOR DCell Suction device is the world's first and only full size portable suction device powered by 12 off-the-shelf alkaline batteries. This makes it ideal for emergencies when external power sources are not available. With "D" cell alkaline batteries that can run the device for 6-9 hours without the need to recharge, the SSCOR DCell Suction device ensures that medical vacuum is available when power sources fail.

- Intended for storage for extended periods in disaster preparedness equipment caches where it does not need to be maintained on charge.
- Can be used for most procedures generally performed with wall vacuum.
- Variable regulator allows the negative pressure to be adjusted quickly between -50mmHg to -525mmHg with a quarter turn of the knob.
- Accommodates most standard hospital suction canisters.
- Can operate indefinitely with replaceable, off the shelf alkaline batteries or be powered from an external power source using an AC power adapter or a DC power cord.

SSDM10-001	DCell suction device. Requires 12 "D" cell batteries (not included).	each	1,250.00
SS80529	DCell suction device AC power adapter	each	115.00
SS80665	DCell suction device DC power cord	each	15.00
T1952	"D" cell alkaline battery (12 required)	each	1.00

Quickdraw® Suction Unit (SSCOR)

Quickdraw is the ideal battery-operated portable suction device to carry in your ‘first i ’ kit and have on hand every time you are with the patient. It weighs less than 3 pounds and is powered by either 10 “AAA” alkaline batteries (not included) or a sealed lead acid battery.

Quickdraw (Alkaline-powered)

- Suction unit
- Canister
- Alkaline battery pack
- “AAA” battery holder
- Batteries are not included

Quickdraw (Sealed lead acid rechargeable battery)

- Suction unit
- Canister
- Rechargeable sealed lead acid battery
- DC charging cable

SS2400	Quickdraw suction unit, rechargeable battery powered	each	607.00
SS2403	Quickdraw suction unit, alkaline battery powered (10 “AAA” batteries not included)	each	464.00
SS2480-20	Quickdraw suction canister, integral catheter	each	14.95
SS2488-20	Quickdraw suction canister, barbed fittin	each	14.95
SS2480-36	Quickdraw tubing and catheter combo	each	4.09
SS80636	Quickdraw replacement rechargeable battery	each	45.00
T1949	“AAA” battery	each	0.54

S-SCORT® III Suction Unit (SSCOR)

The S-SCORT III provides all of the power and versatility necessary to quickly and effectively clear an airway, weighs only 7 pounds and is economical to purchase and maintain. The components of the S-SCORT III are encased in protective foam for exceptional protection and durability. The S-SCORT III delivers >30 LPM clinical airfl w and vacuum is regulated by a two position regulator, allowing the operator to choose between full power (>525mmHg) and reduced power (120mmHg +/- 15%) for endotracheal and pediatric suction procedures. The device is powered by an internal sealed lead acid battery, which is maintained by an AC/DC charger or a DC power cord.

SS74000	S-SCORT III suction unit	each	607.00
SS80638	S-SCORT III suction unit battery	each	45.00

Tote-L-Vac Suction Unit (Aeros)

The Tote-L-Vac is a very compact battery powered aspirator designed for EMS and patient transport applications. Packaged in a compact durable soft case, it provides the high vacuum and fl w needed in emergency situations. A sealed lead acid battery powers the Tote-L-Vac and no tools are required for changing out the battery. Tote-L-Vac is one of the smallest battery powered aspirators available on the market today.

V-VAC Manual Suction Unit (Laerdal)

The V-VAC Suction Unit is a manual portable unit designed to provide quick and effective suction. Weighs less than 0.3 kg and can be adjusted to accommodate different hand sizes.

- Adjustable stroke distance - for high or low vacuum
- Suction range of 170 - 380 mmHg
- 70 suction liters per min (LMP)
- Catheter connection
- Disposable one-piece cartridge (canister) eliminates the need for cleaning contaminated parts
- Reusable handle - easy to clean for repeated use

LA985015	V-Vac suction unit includes handle, two cartridges, short catheter and adapter tip, double male connector	each	125.00
LA985001	V-Vac cartridge	each	23.60
LA985002	V-Vac adapter tips	4/pkg	29.05
LA985003	V-Vac double male connectors	10/pkg	6.25
LA985004	V-Vac catheters, 8", 18FR	4/pkg	14.00
LA985030	V-Vac replacement handle	each	101.00

RS-4X Aspirator (Rico)

The Rico RS-4X can be wall or shelf mounted and is designed to operate from the vacuum system of any ambulance or from an electric vacuum pump. Consists of a regulating valve, vacuum gauge (which connects via an adapter to the vacuum outlet) and disposable canister. A wall mount holds the disposable Guardian canister. Patient hose included.

RI1001B	RS-4X aspirator	each	114.72
RI1019	RX-4X Sani Liners	24/pkg	9.39
PM2301	RS-4X vacuum adapter, Ohio 1/8 NPT	each	18.75

Res-Q-Vac® Handheld Suction Device (Vortran)

RES-Q-VAC is a hand-operated advanced suction system which provides a full range of suction options for every medical requirement. It consists of a high-quality non-electric suction pump and disposable canisters with appropriate catheters. The system is totally portable and has a very long shelf life providing suction anywhere and anytime it is needed.

RPP1F1S110NLED	Res-Q-Vac First Responder Kit with LED Light contains pump, FSP canister, soft Yankauer, 3.5"/14" 10FR catheters and carry bag	each	106.61
RPP1N1S000S	Res-Q-Vac, adult, soft wide-bore	each	75.80
RPP1N00110S	Res-Q-Vac, neonatal/pediatric, 10FR catheter	each	75.95
RPR1F1R110N	Res-Q-Vac rigid replacement catheter, standard bore, Full Stop Protection	each	25.00
RPR1N00110S	Res-Q-Vac replacement canister, neonatal/pediatric, 10FR catheter	each	16.25
RPR1N1R000S	Res-Q-Vac replacement canister, adult, rigid Yankauer	each	17.64
RPR1N1S000S	Res-Q-Vac replacement canister, adult, soft wide-bore	each	16.10

Res-Cue Pump (Ambu)

Kit is a cost effective alternative to electrical and foot powered devices. The Res-Cue Pump is a portable, hand-operated emergency suction pump.

- Compact and light weight - small and handy unit takes up very little space
- Easy to squeeze - requires extremely little force
- Adjustable vacuum - 100%, adult or 50%, children
- Overfill protection prevents contamination inside the pump/handle
- Disposable collection container - no cleaning/sterilization required
- Replacement Canister Kit for the Ambu Res-Cue Pump. Contains one disposable canister, cap, disposal bag and two suction catheters.

AU276-000-001	Res-Cue Pump	each	53.31
AU276-000-010	Res-Cue Pump replacement canister kit	each	10.58

Rescuer® MVP Manual Vacuum Pump (BLS Systems)

GO7000-MVP	Rescuer MVP	each	60.00
GO7000-AD	Rescuer MVP replacement canister, adult and child canister	each	13.00

Big Yank™ Suction System (ConMed)

Big Yank™ suction system, standard bulb tip, 11/32" integral blister tube, canister connector pre-attached

CN0034910U	Big Yank suction system	each	15.00
------------	-------------------------	------	-------

Meconium Aspirator

For removing deep tracheal meconium aspiration, the meconium aspirator allows gentle but firm suction.

L5190	Meconium aspirator	each	5.38
-------	--------------------	------	------

Syringe Bulbs

L5512	Syringe bulb, 2 oz, non-sterile	each	0.44
L5511	Syringe bulb, 2 oz, sterile	each	0.86

Suction Catheters (Dynarex)

This catheter is sterile, coil-packed and includes a control valve. Suction catheter kits contain pop-up solution cup, suction catheter with control valve and two sterile gloves.

DY4806	Suction catheter, 6FR	each	0.25
DY4808	Suction catheter, 8FR	each	0.25
DY4810	Suction catheter, 10FR	each	0.25
DY4812	Suction catheter, 12FR	each	0.25

DY4816	Suction catheter, 16FR	each	0.25
DY4818	Suction catheter, 18FR	each	0.25
DY4826	Suction catheter kit (pop-up solution cup, 6FR suction catheter with control valve, 2 sterile vinyl gloves)	each	0.56
DY4828	Suction catheter kit (pop-up solution cup, 8FR suction catheter with control valve, 2 sterile vinyl gloves)	each	0.56
DY4834	Suction catheter kit (pop-up solution cup, 14FR suction catheter with control valve, 2 sterile vinyl gloves)	each	0.56

Argyle™ Suction Catheters (Kendall)

These suction catheters feature a chimney valve with a large opening on the control vent that minimizes residual suction.

KE30500	Argyle graduated suction catheter, 5FR, straight packed	each	0.54
KE30620	Argyle graduated suction catheter, 6FR, coil packed	each	0.56
KE30820	Argyle graduated suction catheter, 8FR, coil packed	each	0.56
KE31015	Argyle graduated suction catheter, 10FR, coil packed	each	0.56
KE31220	Argyle graduated suction catheter, 12FR, coil packed	each	0.56
KE31420	Argyle graduated suction catheter, 14FR, coil packed	each	0.56
KE31620	Argyle graduated suction catheter, 16FR, coil packed	each	0.56
KE31820	Argyle graduated suction catheter, 18FR, coil packed	each	0.56

HI-D® – The “Big Stick” Suction Tip (SSCOR)

The SSCOR HI-D suction tip has an inner diameter nearly twice as large as traditional surgical suction tips .25” and nearly as large as the inner diameter of the suction tubing. This larger diameter allows a patient’s airway to be cleared more efficiently with the HI-D than with the traditional surgical suction tip. The HI-D also has a thumb port so the caregiver can regulate the suction at the distal end of the suction tip as well as side eye holes to prevent soft tissue damage.

SS44241	Hi-D Big Stick suction tip	each	2.14
---------	----------------------------	------	------

Salem Sump Tubes (Kendall)

KE8888268060	Salem sump tube, 6FR	each	8.11

APEX Pro™ 2-Ply Gloves (Digitcare)

APEX Pro 2-Ply Glove is a true innovation in an otherwise static glove market. Digitcare’s 2-ply technology white exterior and black interior increases strength, durability and puncture resistance. The glove’s exterior offers excellent contrast against infectious fluid and blood. The “game changer” is the pH value of the glove that has been formulated to match the pH of human skin. This keeps the skin in balance and reduces the likelihood of contact dermatitis. **12” cuff, 8.3 mil finger thick n ess.**

Safe-Touch Blue Nitrile Exam Gloves (Dynarex)

For all-around industrial and medical use. Resistant to many chemicals, Dynarex nitrile gloves are formulated to go on easy and provide consistent quality at a reasonable price. The nitrile material provides an added degree of durability. They also feature textured finger tips that provide enhanced grip and dexterity.

DY2511	Safe-Touch Blue nitrile exam gloves, small	100/box	6.96
DY2512	Safe-Touch Blue nitrile exam gloves, medium	100/box	6.96
DY2513	Safe-Touch Blue nitrile exam gloves, large	100/box	6.96

Tillotson True Advantage Nitrile Exam Gloves (Dynarex)

Manufactured using a patented non-sulfur based curing process which connects the polymer molecules when compared to the curing methods of other nitrile gloves. This allows the polymer more freedom of movement, allowing the glove to conform to the hand rather than constrict it. **5 mil finger thick ness.**

DY6502	True Advantage nitrile exam gloves, small	100/box	11.00

3M1860S	1860 N95 particulate respirator, small	each	1.14

SaniFold® N95 Particulate Respirator (Gateway Safety)

Individually and hygienically sealed, SaniFold respirators ensure the sanitary condition of each mask when opened.

- Foldable design is ideal for easy carrying and storage
- Large, flexible shell creates an “air pocket” that makes breathing easier
- Ultra-soft polypropylene lining provides superior comfort
- NIOSH approved N95 level protection

GW80201	SaniFold N95 particulate respirator, unvented	each	0.57
GW80202V	SaniFold N95 particulate respirator, vented	each	1.12

PeakFit® N95 Particulate Respirator (Gateway Safety)

The peak of safety and comfort in NIOSH-approved, disposable respiratory protection, PeakFit offers the perfect fit. Large, contoured design makes breathing easy, reducing worker fatigue. Molded nose bridge with no metal nosepiece — no pinching required. Adjustable, one-piece cloth head strap is more durable and comfortable than conventional, stapled versions.

GW80101	PeakFit N95 particulate respirator, unvented	20//box	12.52
---------	----------------------------------------------	---------	-------

CriticalCover® PFL® N95 Particulate Respirator (Alpha Pro Tech)

This N95 particulate respirator meets the World Health Organization (WHO) and the Centers for Disease Control (CDC) recommended protection levels (where applicable) for many airborne contaminants. NIOSH-certified, the PFL N95 mask delivers the appropriate amount of filtration efficiency and when combined with a trio of patented and unique design features, also delivers the user a comfortable, custom-fitting face mask.

AL695	N95 particulate respirator	35//box	29.98
-------	----------------------------	---------	-------

N95 Particulate Filter Respirator and Surgical Mask (Kimberly-Clark)

N95 Particulate Filter Respirator and Surgical Mask is constructed with a fluid-resistant layer and a patented combination of materials to resist fluid penetration. Pouch-style, large breathing chamber for added comfort. Two polyurethane headbands secure the mask to the face to help ensure a tight facial seal and prevent leakage around the mask edges. Provides a minimum of 95% filtration efficiency of 0.3 micron particles.

X2400S	N95 respirator and mask, small	35/box	33.83
X2400	N95 respirator and mask, regular	35/box	33.83
X2401	Fit Test Kit includes 1 hood, 2 nebulizers and parts, Fit test solutions, stop watch, wall chart, video tape, cleaning tools and certificate of training. Perform approximately 200 Fit tests.	each	206.15

FluidShield Fog-Free Procedure Mask with Visor (Kimberly-Clark)

- Pleat-style with earloops

S3723	FluidShield mask with splashguard visor	25/box	36.75
S3724	FluidShield mask with wraparound splashguard visor	25/box	29.97

Critical Cover® Combo® Masks with Shield (Alpha Pro Tech)

The Combo facemask and face shield is hypoallergenic with an optically clear shield. The face shield is attached to the mask with snaps so that it can be easily removed where applicable. The face shield is 7 millimeters thick with an anti-fog coating, low glare and is distortion free.

AL5194E	Face shield/eye mask combo	25/box	47.58
---------	----------------------------	--------	-------

Molded Mask (Dynarex)

Over 99% filtration efficiency with molded contour shape to prevent moisture seepage. Flared soft edges to fit all facial contours.

S3727	Molded mask, blue	50/box	5.77
-------	-------------------	--------	------

Humane Restraint Transport Hood

The TranZport Hood deters spitting and biting. No straps or ties for easy application and removal. Plastic sizing tab makes this item one-size-fits-all for juvenile to adult populations. Dark mesh allows for good visual observation of the subject

HRNIK7000	Humane restraint transport hood	each	10.00
-----------	---------------------------------	------	-------

Quantum Containment Unit™ (Quantum EMS)

The Quantum Containment Unit is for transporting a contaminated patient requiring en route monitoring. The 300 micron polyurethane chamber is at negative pressure with respect to the surrounding area to prevent pathogenic microorganisms from escaping. Negative pressure is maintained by a filter motor attached to the feet end. Its flat base allows for use with medical cots and other patient transport devices.

- Waterproof to prevent any BBP or bodily fluid exposure. Three input filters filter the outside air. Suction engine capacity is 160 liters. Military grade zipper creates tight seal of compartment. Battery life is eight hours.

Q-CONT	Quantum Containment Unit	each	7,999.00
--------	--------------------------	------	----------

Technician™ Impact Safety Goggles (Gateway Safety)

These goggles are designed to fit tightly, wear comfortably and shield the entire eye area. A durable, polycarbonate lens combines with a soft vinyl frame and hassle-free headband to create protection that workers will wear. Ventilation is incorporated into each design. Features four, patented indirect vents that construct a path of three 90° angles to prevent splash entry.

S3726	Technician impact safety goggles	each	1.77
-------	----------------------------------	------	------

Utility™ VS Eyewear (Gateway Safety)

- Classic style combines a panoramic view with durable impact protection
- Large, vented side shields help minimize fogging and provide extra coverage
- Uncoated lenses for cost-effective options
- Meets ANSI Z87.1+ and CSA Z94.3 standards

S3030	Utility VS protective eyewear, regular size, clear frame and lens	each	1.11
-------	-------------------------------------------------------------------	------	------

Nemesis Safety Eyewear (Halyard Health)

Sporty, flexible, lightweight design. Soft-touch temples for added comfort. Single-lens wraparound protection. Every pair includes a neck cord. Available in reader style lenses 99.9% UV protection. Meets ANSI Z87.1+ Impact Standard.

KC25679	V30 NEMESIS eyewear, clear anti-fog lens, black frame	pair	6.40
KC25676	V30 NEMESIS eyewear, clear lens, black frame	pair	5.32
KC22475	V30 NEMESIS eyewear, smoke anti-fog lens, black frame	pair	8.41

StarLite Squared Safety Glasses

- Indoors or outdoors
- Scratch-resistant, hard-coated 100% polycarbonate lens that lasts longer than non-treated lenses
- Snug and comfortable fit; helps minimize slippage and provides full brow protection
- Incredibly light eyewear - weighing less than an ounce - that provides superior impact protection
- Soft, pliable temples and a finger tip nose piece offer long-wearing comfort for end users

GW4480	StarLite Squared eyewear, clear temple, clear lens	each	1.66
--------	----------------------------------------------------	------	------

Scorpion Eyewear

- Free lanyard retainer helps prevent loss and damage
- Meets or exceeds ANSI Z83.1 standard
- Scratch- and impact-resistant, hard-coated lens blocks more than 99.9% of UV-A and UV-B light
- Four-point ratchet temple fits virtually any worker...better!
- Adjustable length temples and finger-tip nose piece offer custom, flexible fit
- Frame support behind lens provides added durability yet lightweight for extreme comfort

GW16GB0M	Scorpion eyewear, black frame, indoor-outdoor, clear mirror lens	each	3.83
GW16GB80	Scorpion eyewear, black frame, clear lens	each	2.80

Strobe Protective Eyewear

- Lightweight
- Resists fogging, scratching static and chemicals
- High impact polycarbonate lens

S3020	Strobe protective eyewear, blue frame, clear lens	each	1.49

Personal Protection Kit #1 (Protect Aide)

This kit comes with one each of:

- Full-length impervious open-back gown
- FluidShield Procedure Mask with wraparound SplashGuard visor
- Pair of high-risk, powder-free, 12" cuffed gloves
- Antimicrobial alcohol gel wipe
- Red biohazard waste bag
- Black waste bag
- Pair impervious knee-high boot covers
- Packaged in a waterproof plastic sleeve

G4392	Personal protection kit , universal size	each	12.00
-------	------------------------------------------	------	-------

Personal Protection Kit #2 (Protect Aide)

This kit comes with one each of Personal Protection Kit #1 except boot covers:

- Full-length impervious open-back gown
- FluidShield Procedure Mask with wraparound SplashGuard visor
- Pair of high-risk, powder-free, 12" cuffed gloves
- Antimicrobial alcohol gel wipe
- Red biohazard waste bag
- Black waste bag
- Packaged in a waterproof plastic sleeve

G4391	Protectaide personal protection pack, ISO kit	each	8.50
-------	-----------------------------------------------	------	------

Total Release Sanitizing Fogger (SaniGuard)

Sanitize an entire ambulance in 15-20 minutes with one fogger. The world's first, and only, patented and extensively tested product that enables you to sanitize an ambulance or up to 12' x 12' area with the same kill-on-contact power of conventional SaniGuard sprays. This fogger dries on contact. Use it to sanitize ambulances and fire vehicles, transport vehicles, fire station living areas, eating/food prep areas and more.

Kills germs that cause MRSA, VRE, RSV, Staph, HIV-1, Herpes Simplex (1 and 2), Influenza A/Brazil and A(PR), Rubella, Hepatitis B, E coli, and more. **One 3.2 ounce fogger sanitizes an ambulance.**

DE55001	Total Release Fogger, 3.2 oz can (sanitizes an ambulance in 15-20 minutes)	each	8.67
---------	----------------------------------------------------------------------------	------	------

Insect Defense (SaniGuard)

Eliminate harmful insects including bed bugs, ants, bees, dust mites, flea, fly, lice, moths, mosquitoes, roaches, spiders, termites, ticks, wasps and more.

- Combines plant-based active ingredients and fragrances with other naturally occurring ingredients that also help to combat insect infestation.
- Kills both via dehydration (for crawling insects) as well as being toxic to all insects but not humans or animals.
- Includes naturally occurring ingredients to attract insects to the treated area so you can be sure you are not missing any that may hide or not be present when the initial application is applied.
- Keeps working after it is applied thanks to a proprietary process which bonds nanoparticles during production, ensuring Insect Defense remains on the treated surface longer!

DE42480	Insect Defense spray	each	9.50
---------	----------------------	------	------

Sani-Cloth® HB Germicidal Disposable Wipes (PDI)

Sani-Cloth HB Germicidal Disposable Wipes are alcohol-free and is effective against over 100 microorganisms. EPA registered; meets CDC and OSHA guidelines.

PDIQ08472	Sani-Cloth HB wipes, 6" x 6¾"	160/tub	7.69
PDIQ85484	Sani-Cloth HB wipes, 8" x 14"	65/tub	9.18
PDIP10901	Sani-Cloth universal bracket	each	28.46

Sani-Cloth® Plus Germicidal Disposable Wipes (PDI)

Sani-Cloth Plus Germicidal Disposable Wipes contains 14.85% alcohol. Cleans, disinfects and deodorizes hard, non-porous surfaces. Sani-Cloth Plus kills RSV in one minute; HBV and HIV-1 in 2 minutes; TB, MRSA, VRE, Staphylococcus aureus, Salmonella cholerasuis.

PDIQ89072	Sani-Cloth Plus wipes, 6" x 6¾"	160/tub	9.39
PDIQ85084	Sani-Cloth Plus wipes, 8" x 14"	65/tub	8.61

Super Sani-Cloth Germicidal Disposable Wipes (PDI)

Super Sani-Cloth Germicidal Wipes contain 55% alcohol to achieve faster kill times. Cleans, disinfects and deodorizes hard non-porous surfaces. Kills a broader range of bacteria and viruses including: RSV and TB in 1 minute; HBV and HIV-1 in 2 minutes. The only wipe proven effective against MRSA, VRE and E-Coli.

PDIH04082	Super Sani-Cloth wipes, individual packets, 5" x 8", 10/box, 50/case	50/case	88.62
PDIU87295	Super Sani-Cloth wipes, individual packets, 11½" X 11¾", 3/box, 50/case	50/case	27.29
PDIQ55172	Super Sani-Cloth wipes, 6" x 6¾"	160/tub	7.59

Cavicide® (Metrex)

CaviCide is a convenient, ready-to-use, intermediate-level disinfectant which is effective against TB, HBV, viruses, bacteria, and fungi. CaviCide does the job of three products, thus saving money by reducing repetitive inventory and time. Safe for non-porous surfaces. 3-in-1 cleaner, disinfectant and decontaminant. Non-toxic.

MX13-1024	Cavicide, 24 oz spray	each	9.96
MX13-1000	Cavicide, 1 gallon bottle	each	26.00
MX13-1100	Caviwipes™	160/tub	9.59

Microdot® Bleach Wipes (Cambridge Sensors)

This bleach wipe is a one-step cleaner and disinfectant that kills:

- C DIFF in one step in three minutes
- HBV in 30 seconds
- HCV in 30 seconds

CS600-12	Microdot bleach wipes	160/tub	13.95
----------	-----------------------	---------	-------

Envirocide® (Metrex)

Envirocide surface disinfectant and cleaner can also be used as an instrument cleaner or as a sterilization pre-soak. Effective against HIV-1, Polio virus types 1 & 2, Salmonella, Staph, Pseudomonas and more.

S3640	Envirocide, 24oz spray	each	15.00
S3641	Envirocide, 1 gallon refill	each	43.14

RED Z Absorbent Powder (Safetec)

Solidifier decontaminant and deodorizer.

SA41101	Red Z absorbent powder, 5 oz shaker top bottle	bottle	7.35
---------	------------------------------------------------	--------	------

EZ-Cleans Plus Spill Clean Up Kit (Safetec)

A responsible method for the clean up of potentially infectious and harmful blood and body fluid spill. Minimizes cross contamination. Safe, convenient, effective and inexpensive.

- Germicidal disinfectant with dry wipe
- Gloves
- Instructions - universal and easy to follow
- Disposable bag (red or white) with twist ties
- Pick-up scoop with scraper
- Red Z pouch
- Antimicrobial hand wipe

SA17121	EZ-Cleans Plus spill clean up kit	each	7.35
---------	-----------------------------------	------	------

Antiseptic Towelette (Dynarex)

Antiseptic towelette for general wash up. Cleans and refreshes hands, face and body without soap and water. Each antiseptic towelette provides effective antiseptic cleansing and is saturated with benzalkonium chloride solution and 5% alcohol. Made of high quality paper tissue.

S3709	Antiseptic towelette	100/box	2.10
-------	----------------------	---------	------

Lysol® I.C.™ Disinfectant Spray

95029	Lysol I.C. disinfectant spray, 19 oz	each	11.26
-------	--------------------------------------	------	-------

Alcare Plus® Antiseptic Handrub

Alcare Plus Antiseptic Handrub is a foamed, alcohol-based handrinse with broad spectrum antimicrobial action against pathogenic microorganisms that provides the same benefits as Alcare Antiseptic Handrub but is not a surgical scrub. The Alcare Plus formulation of 62% alcohol and enhanced emollients provides hand antiseptics and moisturizing at the same time. For use where immediate, waterless hand degerming compliance is needed.

GM6399-57	Alcare Plus handrub, 5.4 oz	24/case	174.75
S3665	Alcare Plus handrub, 9 oz	each	11.00
S3665D	Alcare Plus wall bracket for 9 oz container	each	12.25

Epi-Clenz Foaming Instant Hand Sanitizer

Contains ethyl alcohol and moisturizers to clean hands while killing most common germs, as well as aloe vera and vitamin E to soothe the skin.

MSC097030	Epi-Clenz hand sanitizer, 4 oz	bottle	1.92
MSC097042	Epi-Clenz hand sanitizer, 16 oz	12/case	117.50

Quik-Care® Aerosol Foam Hand Sanitizer (Ecolab)

Quik-Care is a waterless, foaming antimicrobial hand sanitizer formulated with 62.5% ethyl alcohol (by volume) as well as skin conditioners and emollients to help moisturize and improve skin health with continued use. Quik-Care is ideal for situations when there is simply no time or place to wash with soap and water. Kills germs on hands that can lead to infections, yet its emollients are gently soothing to the skin. Convenient no-rinse formula encourages frequent hand hygiene. Fragrance-free formula helps reduce the opportunity for irritation and allergic reactions. Dries within seconds, reducing the application time for staff.

EC68132100	Quik-Care waterless foam hand sanitizer, 1.5 oz	each	3.25
EC61032713	Quik-Care waterless foam hand sanitizer, 7 oz	12/case	59.00
EC61032729	Quik-Care waterless foam hand sanitizer, 15 oz	each	9.10
EC92022357	Quik-Care waterless foam hand sanitizer holder for 15 oz container	each	4.88

Instant Hand Sanitizer (Safetec)

Kills 99.9% of germs in 15 seconds. Evaporates completely. No rinsing. Contains aloe vera for prevention of drying out the skin.

SA17350	Instant hand sanitizer, 4 oz	bottle	2.08
SA17360	Instant hand sanitizer, 800ml (refill only)	each	8.82
SA27500	Instant hand sanitizer dispenser	each	10.50

Vionex Hand Hygiene Products (Metrex)

Metrex offers a wide range of hand hygiene products that provide the first line of defense from organisms that cause healthcare-related infections.

MX10-1624	Vionex no rinse hand gel, 4 oz flip-top	each	4.43
MX10-1628	Vionex no rinse hand gel, 18 oz pump bottle	each	10.92
MX10-1510	Vionex towelettes	50/box	11.01

p.a.w.s.® Antimicrobial Hand Wipes (Safetec)

p.a.w.s. Antimicrobial Hand Wipes kill 99.99% of germs on hands. Provides sanitizing and antimicrobial action with a pre-moistened towelette. Formulated with 66.5% ethyl alcohol to provide the most rapid and greatest reduction of microbial counts on the skin. Contains aloe vera to condition skin. Wipe size is 5" x 8".

SA34400	p.a.w.s. antimicrobial towelettes	100/box	7.06
---------	-----------------------------------	---------	------

Sani-Hands® Antimicrobial Handwipes (PDI)

Pre-moistened wipe delivery system. 65.9% ethyl alcohol. Proven more effective than alcohol gels alone. Friction of wipe removes soil and bacteria. Kills 99.99% of germs. Helps reduce the risk of cross-contamination and spread of infection. Contains moisturizing aloe and Vitamin E which helps retain moisture in skin with no gummy residue. Dries quickly so no need to "wave" hands to air dry. Fragrance-free and dye-free which minimizes allergic reactions and sensitivity. FDA food compliant. Convenient quick-pull canister and individual packet options.

PDID43600	Sani-Hands handwipes, individual packets, 5" x 8"	100/box	6.22
PDI13472	Sani-Hands handwipes	135/tub	6.37

Sani-Cloth® Bleach Germicidal Disposable Wipe (PDI)

Ideal for disinfecting high risk areas endemic with multidrug-resistant organisms, Clostridium difficile species and Norovirus. Effective against 50 microorganisms in 4 minutes.

PDIP28072	Sani-Cloth bleach wipes, 5" x 7", 75/tub, 12 tubs/case	12/case	126.95
PDIP25784	Sani-Cloth bleach wipes, 7½" x 15"	65/tub	19.64

Biohoop Bag (Hartwell Medical)

Largest opening of any collection bag. Semi-rigid rim keeps the bag open, providing a large target for the patient that will not collapse in use. Large 8" x 13¾" bag holds up to 3 liters. Cinchable strap allows instant closure with just a quick pull, eliminating spills and odor. Handy hook places the BioHoop within easy reach on ambulance cot rails, grab rails, hospital beds or wheelchairs.

S3507	Biohoop bag	12/pkg	24.22
-------	-------------	--------	-------

Convenience Bag (GKR Industries)

Disposable bag for vomit and urine disposal. Inner valve seals shut, prevents contents from leaking or spilling even if dropped. No strings, no ties, no odor, no mess, no cleanup.

S3703	Convenience bag	12/pkg	24.70
-------	-----------------	--------	-------

ViaValve™ Safety IV Catheters (Smiths Medical)

ViaValve Safety IV Catheters provide blood control to help reduce the risk of blood exposure and contamination. A unique valve inside the catheter hub impedes blood flow from the patient's vein upon initial venipuncture. Maintaining a clean access site helps prevent the transfer of bloodborne pathogens from patient to caregiver on soiled gloves, clothing, bedding and dressings.

- Fully encased needle protection with proven safety, efficacy and control you want in a safety IV Catheter.
- V-Point needle for best-in-class sharpness, smoother vein insertion.
- Reassuring click of the locking tabs signal safety activation.

SM3268	ViaValve Safety IV catheter, 14ga x 1¼"	orange	50/box	221.40

SM3260	ViaValve Safety IV catheter, 22ga x 1", Flash-Vue	blue	50/box	221.40

End cap helps steady the needle to facilitate catheter threading

Push-off tab keeps fingers away from the catheter hub, reducing the potential of touch contamination

Ribbed catheter hub improves grip and securement

Ribbed finger pads enhance control during catheter insertion, threading and safety activation

Integral valve helps prevent blood exposure throughout the IV insertion

Ocrilon® polyurethane catheter softens in the vein and becomes more pliable allowing longer, less invasive in-dwell

FLASH-VUE™ window near the needle tip confirms venous access

V-Point reduces insertion force by 25% to 30% compared to leading competitor's J-Point needles, helping minimize pain and venous trauma during insertion!

Safety Features

- > Audible "click" of the needle guard when safety is activated signifies the needle is contained for handling and disposal
- > Safety guard surrounds the needle to help prevent unintended contact with the needle

Introducer and Needle Housing

- > Allows for one-handed or two-handed insertion, threading and disconnection

smiths medical
bringing technology to life

Protectiv® and Protectiv Plus Safety IV Catheters (Smiths Medical)

Protectiv and Protectiv Plus Safety IV Catheters offer distinct product safety features, with documented results in reducing accidental needlesticks.

- Protectiv Plus IV Safety Catheters come with Ocrilon Polyurethane Catheter material.
- Fully encased needle protection with proven safety, efficacy and control you want in a safety IV Catheter.
- Encased protection designed to cover the needle throughout use.
- V-Point needle for best-in-class sharpness, smoother vein insertion.
- Reassuring click of the locking tabs signal safety activation.
- Needle gasket design to minimize blood exposure.

Angiocath™ IV Catheters (BD)

These longer-than-standard and large bore IV catheters are often used for needle decompression in cases of tension pneumothorax.

BD382287	Angiocath IV catheter, 10ga x 3"	10/box	278.42
BD382277	Angiocath IV catheter, 12ga x 3"	10/box	278.42
BD382268	Angiocath IV catheter, 14ga x ¾"	10/box	265.32

Surflo® Non-Protective ETFE IV Catheters (Terumo)

An ultra-sharp double-bevel introducer needle plus a medical grade lubricant allow for easier penetration and smoother travel through tissue. Preview chamber in clear sure-grip hub gives immediate indication of proper placement.

SROX1451	Surflo IV catheter, non-protective, 14ga x 2"	orange	50/box	106.67
SROX1832	Surflo IV catheter, non-protective, 18ga x 1¼"	green	50/box	106.67
SROX1851	Surflo IV catheter, non-protective, 18ga x 2"	green	50/box	106.67
SROX2032	Surflo IV catheter, non-protective, 20ga x 1¼"	pink	50/box	106.67
SROX2225	Surflo IV catheter, non-protective, 22ga x 1"	blue	50/box	106.67
SROX2419	Surflo IV catheter, non-protective, 24ga x ¾"	yellow	50/box	106.67

Nexiva™ Closed IV Catheter System (BD)

Made of BD Vialon™ catheter biomaterial, this catheter system is designed to reduce insertion attempts, increase protection against blood exposure and needlestick injuries, as well as simplify IV therapy process and enhance patient safety and satisfaction.

BD383519	Nexiva closed IV catheter system with single port, 18ga x 1¼"	20/box	176.62
BD383540	Nexiva closed IV catheter system with dual port, 18ga x 1¾"	20/box	220.78
BD383536	Nexiva closed IV catheter system with dual port, 20ga x 1"	20/box	210.74
BD383532	Nexiva closed IV catheter system with dual port, 22ga x 1"	20/box	210.74
BD383530	Nexiva closed IV catheter system with dual port, 24ga x ½"	20/box	220.78

The Southeastern Emergency Medicine Training & Education Center

Our Training & Education Center is located on the same campus as our headquarters in Youngsville, NC (just north of Raleigh). It features the latest in AV technology to ensure courses are presented in a professional and academically sound environment.

The Center is equipped with a vast array of emergency supplies and equipment as well as cutting-edge patient simulators and support materials that ensure participants train in a real-world environment.

- Philips Healthcare MRx monitors/defibrillators
- Philips Healthcare AEDs
- Laerdal Patient Simulators
- Laerdal-supported CPR feedback devices
- Stryker stretchers
- Fully-stocked hospital-style crash carts
- Emergency responder bags and accessories
- Ambulances (if needed for training purposes)

Philips MRx

Laerdal SimPad

For more information on our full array of training and education services, see pages 124-125.

Basic IV Sets (Amsino)

AM108301	Basic IV set, adult, 10 drops/ml, 83"; non-vented, roller clamp, 1 "Y" site, rotating male luer lock, PE poly pouch	each	1.00
----------	---------------------------------------------------------------------------------------------------------------------	------	------

AM108305	Basic IV set, adult, 10 drops/ml, 89"; non-vented, 1 pre-pierced "Y" Site, 1 AMSafe needle-free "Y" Site with pre-attached extension set, Roberts clamp, rotating male luer lock, PE poly pouch	each	2.93
----------	-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

AM108306	Basic IV set, adult, 10 drops/ml, 83"; non-vented, roller clamp, 1 pre-pierced "Y" site, 1 AMSafe needle-free "Y" site, rotating male luer lock, PE poly pouch	each	2.43
----------	----------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

AM608305	Basic IV set, pediatric, 60 drops/ml, 89"; non-vented, roller clamp, 1 pre-pierced "Y" site, 1 AMSafe needle-free "Y" site, roller clamp with pre-attached extension set, Roberts clamp, rotating male luer lock, PE poly pouch	50/case	158.66
----------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

AM608306	Basic IV set, pediatric, 60 drops/ml, 83"; non-vented, roller clamp, 1 pre-pierced "Y" site, 1 AMSafe needle-free "Y" site, rotating male luer lock, PE poly pouch	each	2.56
----------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

IV Administration Sets (Kawasumi)

KAIV009Y	IV set, MacroDrip, 10 drop/ml, 72"; 1 "Y" site	each	1.23
----------	------------------------------------------------	------	------

KAIV013Y	IV set, MicroDrip, 60 drop/ml, 72"; 1 "Y" site	each	1.38
----------	------------------------------------------------	------	------

KAIV016Y	IV set, MacroDrip, 10 drop/ml, 96"; 2 "Y" sites	each	1.42
----------	-------------------------------------------------	------	------

IV Sets (B. Braun)

BB352239	EMS IV set, 10 drops/mL, 88", non-vented IV set with Safeline injection site 12" above and Safeday injection site 6" above distal end	each	2.22
----------	---------------------------------------------------------------------------------------------------------------------------------------	------	------

BB352379A	EMS IV set, 60 drops/mL, 86", universal spike, roller clamp, Ultrasite injection sites 8" and 3" above distal end, Spin-Lock connector	each	3.24
-----------	----------------------------------------------------------------------------------------------------------------------------------------	------	------

BBUS1150	EMS IV set, 15 drops/mL, 86", universal spike, roller clamp, Ultrasite injection sites 8" and 3" above distal end, Spin-Lock connector	each	8.31
----------	----------------------------------------------------------------------------------------------------------------------------------------	------	------

BBUS1160	EMS IV set, 15 drops/mL, 86", universal spike, roller clamp, Safeline injection site 8" and UltraSite injection site 3" above distal end, Spin-Lock connector	50/case	169.23
----------	---------------------------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

BBUS1165	EMS IV set, 60 drops/mL, 86", universal spike, roller clamp, Safeline injection site 8" and UltraSite injection site 3" above distal end, Spin-Lock connector	each	2.29
----------	---------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

BB352242	IV set with extension, 1.6 drips/mL, 2-site needleless, split septum, 9"	each	2.25
----------	--------------------------------------------------------------------------	------	------

BB352241	IV set with extension, 10 drips/mL, 2-site needleless, split septum, 84"	each	5.66
----------	--------------------------------------------------------------------------	------	------

BB352243	IV set with extension, 10 drips/mL, 2-site needleless, split septum, 88"	each	3.30
----------	--------------------------------------------------------------------------	------	------

BB352240	IV set with extension, 15 drips/mL, 2-site needleless, split septum, 88"	each	3.08
----------	--------------------------------------------------------------------------	------	------

IV Solution Sets (Baxter)

BA2C6401	IV set, 10 drops/ml, Interlink injection site, lever lock cannula (detached), luer lock adapter, 76"	48/case	206.14
----------	------------------------------------------------------------------------------------------------------	---------	--------

BA2C6425	IV set, 10 drops/ml, 2 Interlink injection sites, male luer lock adapter, 100"	48/case	234.18
BA2C6425-EA	IV set, 10 drops/ml, 2 Interlink injection sites, male luer lock adapter, 100"	each	5.05

BA2C8537	IV set, Continu-Flo, 10 drops/ml, 3 Clearlink luer activated valves, male luer lock adapter, retractable collar, 109"	48/case	314.68
----------	-----------------------------------------------------------------------------------------------------------------------	---------	--------

BAEMS3110	IV set, Clearlink and Interlink system, duo vent spike, male luer lock, 10 drops/ml	48/case	122.77
-----------	-------------------------------------------------------------------------------------	---------	--------

MiniDrip IV Sets (Baxter)

BA2C8402	IV set, 60 drops/ml, Clearlink luer activated valve, male luer lock adapter, 76"	each	7.70
----------	----------------------------------------------------------------------------------	------	------

BA2C6402	IV set, 60 drops/ml, Interlink injection site, lever lock cannula (detached), male luer lock adapter, 76"	48/case	4.54
----------	-----------------------------------------------------------------------------------------------------------	---------	------

BA2C7564	Buretrol solution set, 60 drops/ml, 150mL Interlink burette, 2 Interlink injection "Y" sites, male luer lock adapter, retractable collar, 105"	each	12.71
----------	------------------------------------------------------------------------------------------------------------------------------------------------	------	-------

Specialty IV Administration Set (Baxter)

BA2C6714	"Y"-Type blood/solution set, large standard blood filter	each	9.14
----------	----------------------------------------------------------	------	------

IV Catheter Extension Set (Baxter)

BA2N8378	IV catheter extension set, Clearlink luer activated valve, male luer lock adapter, retractable collar	50/case	242.06
----------	-------------------------------------------------------------------------------------------------------	---------	--------

Standard Bore IV Extension Sets (Amsino)

AM000606	Standard bore extension set, 6", female luer lock, 1 pre-pierced "Y" site, 1 AMSafe needle-free "Y" Site, 1 slide clamp, rotating male luer lock, PE poly pouch	each	2.10
----------	-----------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

AMAE3107	Standard bore extension set, 7", 1 AMSafe needle-free connector, 1 slide clamp, rotating male luer lock, Tyvek poly pouch	50/case	145.51
----------	---------------------------------------------------------------------------------------------------------------------------	---------	--------

AMAF5107	Standard bore extension set, 20", female luer lock, flow controller, 1 slide clamp, 1 "Y" site, rotating male luer lock, PE poly pouch	48/case	191.03
----------	----------------------------------------------------------------------------------------------------------------------------------------	---------	--------

Primary Gravity IV Set (B.Braun)

BBV1415	IV set, universal spike (15 drops/mL), roller clamp, slide clamp, injection site 26" above distal end, spin-lock connector, DEHP-free, 93"	50/case	210.68
---------	--------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

BBV1443	IV set, universal spike (15 drops/mL), backcheck valve, injection sites 60" and 6" above distal end, roller clamp, spin-lock connector, 84"	50/case	193.42
---------	---------------------------------------------------------------------------------------------------------------------------------------------	---------	--------

Extension Sets (B. Braun)

BB473447	Ultrasite extension set, standard bore, 6"	each	3.18
----------	--------------------------------------------	------	------

BBCE8SL	Ultrasite extension set, standard bore, 6.5"	100/case	318.27
---------	----------------------------------------------	----------	--------

BB474921	Ultrasite extension set, small bore, 7"	50/case	181.66
----------	-----------------------------------------	---------	--------

BBET04TS	T-port extension set, small bore	each	2.59
----------	----------------------------------	------	------

BB352244	Extension set, standard bore, with bonded SafeDAY valve, spin lock connector	each	2.74
----------	------------------------------------------------------------------------------	------	------

8" IV Extension Set (Codan)

PAT108-EM	Regular bore extension set with detachable swabable valve, red pinch clamp, sliding spin-lock. Components and tubing do not contain DEHP or natural rubber latex. Approximate priming volume: 1.1mL, Length: 8 in.	each	2.00
-----------	--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------	------	------

8" Extension Set (Amsino)

AMAE3108	8" extension set for use without an IV bag	each	2.06
----------	--------------------------------------------	------	------

Selec-3® Multi-Drop IV Administration Sets (Biomedix)

The Selec-3 IV administration set is designed to save time, reduce storage space and minimize the risk of contamination by offering three different drop settings, all in the same system. By simply turning the patented selector top, you may choose between a 10, 15 or 60 drop/mL volume setting without breaking the line.

BMB10	Selec-3 IV set	each	9.08
BMB12-102	Selec-3 IV set, needleless	each	9.53
BMB30-102	Selec-3 IV set, one needleless "Y" site and one luer activated "Y" site, 81 3/4"	each	10.08
BMB32-102	Selec-3 IV set, one needleless "Y" site and one luer activated "Y" site, spin lock on extension set, 82"	each	10.19

STAT2 Extension Set (ConMed)

The STAT2 Extension Set offers an ideal gravity flow controlling solution. Unique design allows the rescuer to operate the STAT2 with one hand.

CNS2-12	STAT2 controller extension set, 12", "Y" site	10/pkg	67.00
---------	-----------------------------------------------	--------	-------

IV Start Kits (Southeastern)

J8023A	IV start kit includes tourniquet, gauze sponge, alcohol pre pad, PVP prep pad, VeniGard IV dressing	each	1.54
J8023V	IV start kit includes tourniquet, gauze sponge, alcohol pad, Choraprep FREPP applicator, tape roll, VeniGard IV dressing	each	2.82
J8023E	IV start kit includes latex-free tourniquet, gauze sponge, alcohol pad, tape roll, iodine swab, Clearsite IV dressing	each	1.26
J8023T	IV start kit with Tegaderm	50/box	95.97
BD386150	IV start kit includes sterile tourniquet, two gauze sponges, two alcohol pads, iodine swab, Transpore tape roll, Tegaderm IV dressing	each	2.02
MI69244	IV start kit with Chloraprep	100/case	174.92

Tegaderm IV Dressing (3M)

Tegaderm transparent IV dressing has a thin film backing with a hypoallergenic, water-resistant adhesive. The dressing is sterile and has good oxygen and moisture vapor permeability.

3M1624W	Tegaderm, 23/8x 2¾"	100/box	70.59
3M1626W	Tegaderm, 4" x 4¾"	50/box	70.86

VeniGard® (ConMed)

The safe, quick way to secure IV lines. A self-adhesive device with transparent membrane.

J8025	VeniGard	100/box	66.00
J8026	VeniGard Jr.	100/box	62.00

Transparent Film Dressing (Kendall)

Kendall transparent film dressings consist of a thin polymer film coated with a hypoallergenic adhesive. A simple, effective delivery system allows one-handed application. The dressings are ideal for I.V. sites, donor sites, burns, ulcers and sutures.

KE6640	Transparent film dressing, moisture vapor permeable, 2" x 2¾"	100/box	30.22
KE6641	Transparent film dressing, moisture vapor permeable, 4" x 4¾"	50/box	46.14
KE6640WF	Transparent film dressing, window film	100/box	27.04

View Guard Transparent Dressings (Dynarex)

Easy to apply. Conforms to difficult body contours. Provides a breathable barrier that lets air in while keeping moisture vapors and fluid out. Ideal for use around IV sites, for wound care and surgical site protection.

DY3642	View Guard transparent dressings, 23/8x 2¾"	100/box	40.50
--------	---------------------------------------------	---------	-------

Q-Syte Luer Access Split-Septum (BD)

BD385100	Q-Syte luer access split-septum	200/case	609.38
----------	---------------------------------	----------	--------

Interlink® Syringe Cannula (BD)

Attaches to a luer-lock or luer-slip syringe or Vacutainer holder. Allows needleless access to Interlink™ injection sites, “Y” sites or vial adapters for administering medications and drawing blood. Can also be used with Abbott Lifeshield or B.Braun SafeLine systems.

BD303345	Syringe blunt cannula	100/box	34.81
----------	-----------------------	---------	-------

Interlink® Leverlock Cannula (BD)

Female luer-lock with a blunt cannula and leverlock. Attaches to a standard luer-lock or luer-slip IV administration set and locks onto an Interlink injection site. Will also lock onto an Interlink “Y” site for setting up needleless “piggybacks.”

BD303370	Leverlock cannula	100/box	62.67
----------	-------------------	---------	-------

Interlink® Injection Site (Baxter)

Male luer-lock with a pre-slit Interlink injection site. Will fit on a standard IV catheter hub. With a blunt cannula on a syringe or Vacutainer holder, allows needleless access to administer medications or draw blood. Allows the use of an Interlink IV set with a leverlock cannula.

BA2N3399	Luer-lock injection site	200/case	516.46
----------	--------------------------	----------	--------

Twinpak® Dual Cannula Device (BD)

Universal device that simplifies needleless IV access. The Twinpak features two cannulas in one shield: one red hub steel cannula for syringe filling and one clear blue plastic cannula for safe access into a split septum. The BD Twinpak helps to streamline IV workflow practices by reducing the number of components required to perform IV push and flush protocols, thereby saving time and reducing costs.

BD303390	Twinpak dual cannula device, no syringe	100/box	54.61
BD303393	Twinpak dual cannula device, 10ml syringe	100/box	67.93

Clearlink Luer Activated Valve (Baxter)

BA2N8399	Clearlink luer activated valve, .25 mL, non-DEHP, non-PVC, sterile	200/case	700.95
----------	--------------------------------------------------------------------	----------	--------

Stopcocks

MEMX412SL	3-way stopcock with 20" tubing	each	2.63
MX5311L	3-way stopcock with swivel, male luer lock	each	1.23

Disposable IV Armboards (Morrison Medical)

Padded boards with vinyl cover.

J8072	IV armboard, disposable, 2" x 6"	each	0.94
J8071	IV armboard, disposable, 3" x 9"	each	1.11
J8070	IV armboard, disposable, 3" x 18"	each	1.41

FloorMount IV Warmer (Smithworks)

The FloorMount IV Warmer is user-friendly, assures accurate warming of your IV solutions, and maintains a normal body temperature infusion for year-round rapid interventions of shock, burn patients, pediatric emergencies, geriatric care, and care of patients unable to maintain body temperatures. Utilizing existing cabinetry within your emergency vehicle, space allocation for this equipment is minimized or eliminated. Controlled to a temperature range of 99 to 101 degrees F (36 to 38 degrees C), the FloorMount IV Warmer delivers a thermal normal IV solution consistently. This helps to reduce the risk of induced or secondary hypothermia while providing greater patient comfort.

J7900	FloorMount IV warmer	each	497.71
-------	----------------------	------	--------

Soft Sack IV Fluid Warmer™ (Smithworks)

- 3-liter capacity
- Pouch for IV catheters, tubing and other accessories
- Insulated Cordura bag
- Mylar heat reflective inner lining

12VSS3L02	Soft Sack IV fluid warmer	each	587.03
12VRFE	AC adapter for Soft Sack IV fluid warmer	each	75.00

Disposable Pressure Infuser (Ethox)

Disposable, single patient use eliminates cross contamination and cleaning.

J8029	Disposable pressure infuser, 500 ml	each	18.50
J8030	Disposable pressure infuser, 1000 ml	each	18.50

Disposable Tourniquets

Latex or latex-free material.

J8046	Disposable tourniquet, 1" x 18", latex	10/pkg	1.42
J8047	Disposable tourniquet, 1" x 18", latex-free	10/pkg	1.14
BD367203	Disposable tourniquet, 1" x 18", latex-free	25/box	11.29

Reusable Tourniquets (ADC)

Reusable, rugged tourniquets feature gum rubber material with Velcro-type contact closure.

ADC340	Reusable tourniquet, adult	each	3.29
ADC341	Reusable tourniquet, child	each	3.29
ADC342	Reusable tourniquet, thigh	each	5.29

LATEX

BOA® Constricting Band (North American Rescue)

The patented BOA Constricting Band provides circumferential pressure to obtain venous access in the patient with little or no cardiac output. Once the device is applied, it is rolled downward on the extremity forcing blood into the veins.

NA30-0009	BOA constricting band	each	6.94
-----------	-----------------------	------	------

Chlorascrub (PDI)

3.15% Chlorhexidine Gluconate (w/v) and 70% Isopropyl Alcohol (v/v) solution guards against pathogens like most bacteria, fungi, yeast and viruses. Often recommended by infection control specialists for skin prep instead of alcohol or betadine.

PDIB10800	Chlorascrub	100/box	19.23
-----------	-------------	---------	-------

Alcohol Prep Pads

KES3511	Alcohol prep pads, medium	200/box	2.36
S3510	Alcohol prep pads, medium	100/box	1.46
B60307	Alcohol prep pads, medium	200/box	4.53
S3512	Alcohol prep pads, large	100/box	3.00

HeartStart MRx Monitor/Defibrillator for EMS by Philips
BUILT TOUGH AND READY FOR ACTION

For whatever situation you face in a day, the HeartStart MRx is built to be tough and ready for action. It is designed to meet stringent test requirements including spraying water, military helicopter vibration, mechanical shock, one-meter drop, electro-magnetic compatibility, and extreme environmental conditions (temperature, humidity, and altitude).

Tough enough for the US Army

The same MRx model Philips ships to all EMS customers is tough enough to receive an Airworthiness Certification from the United States Army. The MRx was subjected to extensive testing for the most rigorous and demanding environments faced by military personnel.

Bone Injection Gun™ (PerSys Medical)

The Bone Injection Gun (B.I.G.) offers a safe, reliable and cost-effective solution for Intraosseous (I.O.) access which allows the chance to save lives. The world's first automatic, user-friendly I.O. device brings you safe, rapid I.O. access for the delivery of fluids and medications at flow rates similar to peripheral IV infusion. With the help of B.I.G., I.O. infusion can be established in less than 60 seconds. B.I.G.'s spring-loaded needle mechanism delivers accurate and consistent results. The B.I.G. presents an easy and safe "position and press" mechanism. Typically used at the upper tibia plateau, the technique is simple to learn through brief training.

PSBIG-A	Bone Injection Gun, adult	each	92.40
PSBIG-P	Bone Injection Gun, pediatric	each	92.40

FAST1® Intraosseous Infusion System (Pyng)

Sternal IO delivers drugs to the heart two to three times faster and in higher therapeutic concentrations than tibial IO in cardiac arrest patients. Actual insertion is complete within 10 seconds. In various studies, the entire FAST1 procedure—from site prep to securing the protective dome—can easily be accomplished in under 60 seconds.

J8205	FAST1 IO System	each	176.80
-------	-----------------	------	--------

Illinois/Sternal Iliac Style Intraosseous Needle (Kendall)

The extra large, winged design of Illinois/Sternal Iliac is designed for extra control.

J8201	Illinois/Sternal Iliac style I/O, 16ga	each	15.16
-------	----------------------------------------	------	-------

Jamshidi® Style Intraosseous Needles (Carefusion)

Unique distal tip allows for quicker penetration and reduced patient trauma.

CDDIN1515	Jamshidi style I/O needle, 15ga x 3/8 17/8"	each	16.80
CDDIN1518	Jamshidi style I/O needle, 18ga x 9/16 1 1/2"	each	16.80

G3 Intravenous Cell (StatPacks)

For an EMS I.V. bag, this foam molded book style design helps keep IV therapies organized and at your finger tips. Drip sets, IV bags , catheters, needles and Start Kits are neatly arranged for fast access. It doubles as a pressure bag for rapid fluid infusion. This Intravenous Cell is considered to be one half cell in the StatPacks Third Generation Cellular System. Each Cell sets the stage for clear thinking and quick reaction. They are designed to reveal your supplies in a way unique to StatPacks: intuitively grouped and securely protected. G3 Cells unfold to expose all your vital supplies at once, and puts away just as quickly.

- Contents NOT included
- Unique foam molded design keeps all Emergency Medical Equipment inside protected from breakage or the elements
- Specifically designed to stack neatly in StatPacks Generation 2 Emergency Medical Services packs.
- Two handles with "INTRAVENOUS" written to identify the difference in EMT Gear
- Clear plastic window to identify IV bag solution
- An area to place a pressure gauge for rapid fluid infusion or high altitude fluid therapy
- Hot or cold packs pocket to warm or cool fluids
- Nicely fits in the Generation 3 Perfusion and Backup EMS Backpacks
- Accommodates a Sharps Shuttle
- Color-coded for easy identification from other EMS I.V. bags
- Fits into most EMT Jump Bags available in the market today
- A quick stash pocket for trash or extra supplies
- Capacity: 390 in; Weight: 0.6 lbs; Dimensions: 12" H x 6"W x 3"D

G3 First Aid Circulatory Kit (StatPacks)

For an EMS IV bag, this foam lined, roll style design helps keep IV therapies organized and at your finger tips. Drip sets, IV bags , catheters, needles and Start Kits are neatly arranged for fast access. It doubles as a pressure bag for rapid fluid infusion. Holds everything you need for a quick IV setup in one convenient kit. The IV Kit makes it easy to share on multi-victim accident scenes. This is a perfect accessory EMS IV bag for any StatPacks main packs.

- Contents NOT included
- Accommodates all IV bag sizes 1L, 500mL, 250mL
- Unique foam lined design keeps all Intravenous Emergency Medical Equipment inside protected from breakage or the elements
- Specifically designed to stow neatly in StatPacks Generation 3 Emergency Medical Services packs
- Hot or cold packs may be placed in to warm or cool fluids
- Front and inside pockets organize IV tubing and catheters together with the IV bag
- Transparent durable urethane window for quick IV bag solution identification
- Single-buckle closure securely holds contents in place and allows quick, one-handed access
- Top loop hangs the entire kit with the IV bag solution
- Capacity: 210", Weight: 6 oz. Dimensions: 10" H x 6"W x 3.5" D rolled

EMS TRAINING ■ CPR/FIRST AID/AED COURSES AED IMPLEMENTATION PROGRAMS ■ HEALTHCARE PROVIDER COURSES

■ EMS TRAINING

Our EMS programs are accredited by the North Carolina Office of EMS and/or CAPCE*

Our primary objective is to provide quality training and education through our network of seasoned EMS educators—paramedics, emergency physicians, PAs and RNs—each of whom provide emergency care.

We offer BLS/ALS education, simulation and many specialty courses often not found in other educational facilities. Participants can be confident that educational programs provided by Southeastern will be accepted in most states.

Courses are offered throughout the year and online and at our Emergency Medicine Training & Education Center (see facing page). Course schedules and registration information can be found by visiting the Training & Education section of www.SEEquip.com or our Training & Education website, www.SEEtraining.com.

* Commission on Accreditation for Pre-Hospital Continuing Education

■ AMERICAN HEART ASSOCIATION (AHA)

As an AHA-approved training facility, we offer a variety of courses.

FOR HEALTHCARE PROFESSIONALS

- Basic Life Support (BLS) for Healthcare Providers
- BLS for Healthcare Providers Hybrid Renewal
- HeartCode™ ACLS, BLS and PALS (eLearning – requires in-person skills testing)
- Advanced Cardiovascular Life Support (ACLS)
- Pediatric Advanced Life Support (PALS)

WORKPLACE

- Heartsaver CPR & AED
- Heartsaver First Aid with CPR & AED
- Heartsaver Bloodborne Pathogens
- We also offer AED Implementation Programs that include AED sales and registration, site surveys, medical direction (if needed), Policies and Procedures, web-based tracking to prevent expiration of pads, batteries and training certifications, and post-event follow-up.
- Any Heartsaver course can be completed in a hybrid/eLearning format as well

FOR THE COMMUNITY

- Family & Friends CPR
- Family & Friends First Aid for Children
- Heartsaver CPR in Schools

Read what recent students have written in course evaluations

- I've been in EMS 30 years. This is one of the best classes I have ever had.
- Not your normal refresher...great to interact with medics from other states.
- Instructors did not read slides. The training room and amenities were great. They exceed the normal environment i.e. community college.
- I brought stuff home I'd forgotten or never knew. (That) equals success.
- Great snacks and drinks.
- Kept it interactive and pertinent. Even though the chairs were comfy, I didn't fall asleep.

Learn more about our Education and Clinical Services capabilities on pages 124-125.

S600X IV Module (R&B Fabrications)

It's a compact kit for your IV setup. Slot pockets and elastic loops secure your supplies. These keep everything needed convenient and organized. It is constructed of 1000 denier Cordura® nylon. #10 YKK heavy zipper with lockable zipper slides.

- Weight: 18 oz
- Dimensions: 2½" L x 8"W x 3"H

PAS600RE	S600X IV module	red	each	105.54
PAS600RB	S600X IV module	royal blue	each	105.54

IV Starter Pack (Iron Duck)

Designed by field professionals, this zippered unit holds all the necessary equipment for starting an IV. There is room for everything from catheters and tape, to blood draw tubes and 10cc syringes. Completely padded with ¼" closed cell foam. Fits into all Iron Duck oxygen and trauma cases. 11"L x 7"W x 11/2"

ID36015-OR	IV starter pack	orange	each	37.03
ID36015-RB	IV starter pack	royal blue	each	37.03

MI:01 IV Administration Module (Propak)

The MI:01 Pullout IV Administration Module organizes and displays all your IV supplies so everything you need to start an intravenous line is at your fingertips. This module works well in conjunction with the MD:02. Constructed of 500 denier cordura nylon, the MI:01 comes with sliders that have interlocking loops and a clear top pocket for identification and posting expiration dates for quick referral.

Vacutainer® Plus Plastic Blood Collection Tubes (BD)

- Plastic tubes reduce the risk of tube breakage and specimen spillage
- Disposal of plastic tubes is safe, simple and in accordance with EPS guidelines

BD363083	Vacutainer Plus blood collection tube, 2.7ml, Hemogard closure, blue		100/pkg	20.28
BD367861	Vacutainer Plus blood collection tube, 4ml, Hemogard closure, lavender		100/box	304.45
J8214	Vacutainer Plus blood collection tube, 5ml, red		100/box	38.32
J8215	Vacutainer Plus blood collection tube, 7ml, lavender		100/box	37.70
BD367886	Vacutainer Plus plasma tube, 6ml, Hemogard closure, green		100/box	469.60
BD367814	Vacutainer Plus serum tube, 5ml, Hemogard closure, red		100/box	23.65
BD367815	Vacutainer Plus serum tube, 6ml, Hemogard closure, red		100/box	23.65

Vacutainer® Safety-Lok™ Blood Collection Sets (BD)

These winged sets for both infusion and blood collection feature a translucent, integrated, protective shield. It allows for one-handed activation immediately after use to help minimize the risk of needlestick injuries as well as clear visibility of blood flashback .

BD367281	Vacutainer Safety-Lok winged blood collection set, 21ga x .75", 12" tubing, luer, green wing	50/box	74.59
BD367283	Vacutainer Safety-Lok winged blood collection set, 23ga x .75", 12" tubing, luer, light blue wing	50/box	74.59

Vacutainer® Blood Transfer Device (BD)

Transferring venous blood from a syringe and needle to a blood collection tube or blood culture bottle is both a dangerous procedure and an OSHA-prohibited practice. This single-use device reduces the risk of transfer-related injuries, while maintaining the specimen integrity required for accurate disease diagnosis.

BD364880	Vacutainer blood transfer device, female luer adapter	200/case	245.58
----------	-------------------------------------------------------	----------	--------

Vacutainer® Blood Collection Needle/Luer Adapter (Kendall)

For use with Vacutainer blood collection tubes, these multi-sample needles provide extra smooth vein entry. The multi-sample luer adapters allow for a direct connection to IV hub while the other end attaches to a Vacutainer holder for multiple sampling.

J8225	Multiple sample blood collection needle, 21ga x 1"	100/box	8.68
J8224	Multiple sample luer adapter	100/box	15.36

Vacutainer® Luer Adapters (BD)

Designed for sterile, secure and safer specimen sampling. This device provides the security of a threaded, locking luer connection—the patented male Luer-Lok™ that replaces a luer slip device. The product is also compatible with a female luer connection or needleless IV site designed for luer-lock access, and luer-locking Foley catheter sampling ports.

BD364902	BD Vacutainer Luer-Lok access device	200/case	231.58
----------	--------------------------------------	----------	--------

Saf-T Holder Blood Draw Devices (Smiths Medical)

Saf-T Holder devices come with the back-end needle and multi-sample luer permanently attached to the holder to eliminate potential exposures and holder re-use.

SM96000	Saf-T Holder blood draw device, male luer adapter	50/box	59.00
SM96002	Saf-T holder blood draw device, female luer adapter	50/box	59.00

Blood Collection Needle and Tube Holder

Transparent plastic holders for using blood collection needles with collection tubes. Fits 5ml to 20ml tubes.

J8220	Blood collection tube holder	10/pkg	0.62

Syringe Comparison Chart

Use this chart to identify six commonly used syringes.

	Syringe Type	Description
	Hospira Ansyrr®	One-piece, plastic prefilled syringe with needleless luer-lock tip.
	Hospira Carpuject®	Needleless delivery system requiring the use of a separate Carpuject Injector for administration. Carpujects are packaged and sold in boxes of 10 units and feature a tamper-resistant design.
	Hospira iSECURE2™	Needleless delivery system similar to Carpujects except that it is a self-contained needleless delivery system, with no need for a separate injector. These are packaged and sold in boxes of 10 units and feature an advanced tamper-resistant design.
	Hospira LifeShield®	Two-piece, glass prefilled syringe with a safety covered-needle design which allows for a standard or luer connection.
	IMS Needleless	Two-piece, glass prefilled syringe with a needleless luer-lock tip.
	Sagent Needleless	One-piece, glass prefilled syringe with a needleless luer-lock tip.

Pedi-Sleeve® Pediatric Dosing System (M.E.D.I.C.)

Currently, treating the pediatric patient and reading a length-based resuscitation tape has been difficult and sometimes awkward. Pedi-Sleeve is a three-page protected sleeve worn on the forearm of the healthcare professional that displays pediatric medication dosing and equipment sizes. This means the exact dose in milliliters is always just a glance away, making drug calculations—the number one source of pediatric medication dosing errors—unnecessary and obsolete. Inserts can be customized to reflect individual protocols as well as future guideline changes. Pedi-Sleeve Kit comes with nine color sleeves which reflect the colors of industry-standard length-based resuscitation tapes.

MEDPQ10014	Pedi-Sleeve ALS kit with nine sleeves in soft, roll-up case	each	124.95
MEDPQR10014B	Pedi-Sleeve BLS kit with nine sleeves, in soft roll-up case	each	114.95
MEDPQR10015	Pedi-Sleeve ALS Response Bag with nine sleeves, measuring device and Pedi-Sleeve Pro Software access	each	168.58
MEDPQR10015B	Pedi-Sleeve BLS Response Bag with nine sleeves, measuring device and Pedi-Sleeve Pro Software access	each	148.47
MEDPQR10016	Pedi-Sleeve ALS kit in drawstring bag with nine sleeves, measuring device, and Ped-Sleeve Pro Software access	each	104.95
MEDPQR10016B	Pedi-Sleeve BLS kit in drawstring bag with nine sleeves, measuring device, and Ped-Sleeve Pro Software access	each	34.77
MEDPQR2007	Pedi-Sleeve replacement sleeve, blue	2/pkg	12.50
MEDPQR2001	Pedi-Sleeve replacement sleeve, gray	2/pkg	12.50

Customize your Pedi-Sleeve inserts with Pedi-Sleeve Pro Software

- Pedi-Sleeve Pro is a software program designed to allow users of Pedi-Sleeve products to manage their own insertion cards.
- Each card can be edited and printed with an agency's custom information.
- All card information is kept on the installation computer in a password-protected database on the local machine.
- A registration key is required to run the software.

Equilok Pull-Tight Security Seal (Equilok)

The Equilok is a medium strength pull-tight, adjustable security seal designed to be used on any equipment requiring a highly tamper-resistant locking mechanism and reasonable degree of strength. This adjustable, pull-tight seal is manufactured out of high density polyethylene and acetal, which enables it to withstand great variances in temperature. Individually numbered or barcoded.

SO1021326	Equilok pull-tight security seal	blue	100/pkg	22.54
SO1029134	Equilok pull-tight security seal	red	100/pkg	22.54
SO1043643	Equilok pull-tight security seal	yellow	100/pkg	22.54
SO1046381	Equilok pull-tight security seal	green	100/pkg	22.54
SO1046645	Equilok pull-tight security seal	white	100/pkg	22.54

Drug Lock, Padlock Style (Healthcare Logistics)

These individually numbered plastic locks indicate previous use or tampering. Ideal for drug box or cabinet.

HL7906	Drug lock, padlock style	blue	100/pkg	18.00
HL7912	Drug lock, padlock style	green	100/pkg	18.00
HL7914	Drug lock, padlock style	purple	100/pkg	18.00
HL7901	Drug lock, padlock style	red	100/pkg	18.00
HL7910	Drug lock, padlock style	white	100/pkg	18.00
HL7903	Drug lock, padlock style	yellow	100/pkg	18.00

Pull-Tight Seals (Healthcare Logistics)

Excellent seal for code carts and emergency kits that need security with quick entry. Average breaking strength is 11-14 lbs. One side of the seal tab is textured to permit writing of verification information (e.g., date, time, initials).

HL7816	Pull-Tight seals, numbered	blue	100/pkg	19.50
HL7817	Pull-Tight seals, numbered	green	100/pkg	19.50
HL7820	Pull-Tight seals, numbered	red	100/pkg	19.50
HL7814	Pull-Tight seals, numbered	white	100/pkg	19.50
HL7813	Pull-Tight seals, numbered	yellow	100/pkg	19.50
HL7827	Pull-Tight seals, unnumbered	blue	100/pkg	13.35
HL7825	Pull-Tight seals, unnumbered	green	100/pkg	13.35
HL7823	Pull-Tight seals, unnumbered	yellow	100/pkg	13.35
HL7828	Pull-Tight seals, unnumbered	white	100/pkg	13.35

Two pediatric solutions for your two most common pediatric challenges

ACR4 Ambulance Child Restraint

- Transport pediatric patients safely and securely.
- Safely restrain all children from 4 to 99 pounds.

Learn more about ACR4 on page 282

Pedi-Sleeve Pediatric Dosing System

- Minimize pediatric dosing errors.
- Use as is or customize to your protocols.
- No calculation or reading a tape of book.

Customer is required to complete all areas in yellow on this form. Incomplete forms will be returned for completion.

Customer should leave this area blank on the front (Brown) copy of 222 form. Upon receipt of product, customer should complete this section on the retained Blue copy of 222 form.

Due to DEA regulations, controlled substances will be shipped to the address preprinted here.

Information about DEA 222 Forms

- ▶ Please read back of 222 Form for information about proper completion
- ▶ Southeastern must have the physical Form before order can be filled
- ▶ Only Schedule 2 controlled substances can be ordered on this form
- ▶ Controlled Substances must be shipped to the address pre-printed on the Form
- ▶ Customer must submit Brown and Green Copies of Form with carbons attached
- ▶ Customer should keep back Blue copy of Form
- ▶ Forms with strikethroughs, corrections, or omissions cannot be accepted
- ▶ Form is only valid for 60 days after the date placed on the Form
- ▶ Completed Forms can be mailed to either:
 - PO Box 1097, Youngsville, NC 27596
 - 5760 NC HWY 96 W, Youngsville, NC 27596
- ▶ If Customer does not have 222 Forms they can be ordered from the DEA
 - <https://www.deadiversion.usdoj.gov/webforms/orderFormsRequest.jsp>
- ▶ Please feel free to call for help completing this Form: (800) 334-6656

Prescription Authorization Form

- Prior to shipping prescription products (pharmaceuticals and/or medical devices), we must have authorization from the physician (Medical Director) responsible for your department. Please fill in your customer information below, have your authorizing physician complete the box below, and send this completed form to us by email, fax or mail along with copies of all requested licenses. If your agency does not have a Medical Director, but is licensed to purchase prescription products, please send us a copy of all applicable licenses along with this form for review.
- To purchase controlled substances, we must also have a copy of your agency's Federal DEA license (Form 223) and State issued controlled substance license (if applicable). Please note that controlled substances can only ship to the address listed on the Federal DEA license submitted.
- Schedule II controlled substances require an original, completed, and signed Federal DEA Form 222 sent each time an order is placed and, the physical copy must be received before the order may be filled. Please call for information about completing this form properly.

SAM Pelvic Sling™ II (SAM Medical)

The first and only force-controlled circumferential pelvic belt. The patented Truforce buckle provides the safe and effective force every time, taking the guesswork out of tightening. The buckle is programmed to stop your pull once the correct compression force has been obtained. Two prongs are released from the buckle, which stops the belt from further tightening. The SAM Pelvic Sling II is simple, compact and quick to apply usually in less than one minute. The standard size fits 98% of the adult population without cutting or trimming.

- Front of SAM Sling is narrow and tapered to facilitate urinary catheterization, interventional radiology, external fixation and abdominal surgery
- Low friction posterior slider facilitates transfers
- Reusable, not a onetime use device. Can be cleaned for re-use with common detergents or anti-microbial solutions.
- MADE IN THE USA

SE556652-SM	SAM Pelvic Sling II, small, 27-47" hip circumference	each	85.00
SE556652	SAM Pelvic Sling II, standard, 32-50" hip circumference	each	85.00
SE556652-LG	SAM Pelvic Sling II, large, 36-60" hip circumference	each	85.00

SAM® Splint (SAM Medical)

The SAM Soft Shell Splint incorporates the revolutionary arc technology. The splint has "O" temper aluminum encased in soft foam. The aluminum core allows the splint to be molded in seconds into a variety of shapes. The splint is used for a wide range of splinting to include - arm, wrist, foot and finger. It comes either rolled or flattened versions. The SAM Splint can be bent into any of three simple curves, becoming extremely strong and supportive for any fractured or injured limb.

- Each SAM Splint contains inch and centimeter measurement graphics to document and communicate location and other information about wounds.

SE1005	SAM splint, 4.25" x 9", flat	each	5.95
SE1410	SAM splint, 4.25" x 18", flat	each	8.94
SE1121F	SAM splint, 4.25" x 36", flat	each	15.00
SE1121	SAM splint, 4.25" x 36", roll	each	15.00
SE1121-XL	SAM splint, 5.5" x 36", roll	each	15.00

Optimum Traction Device (OTD) (Rapid Deployment)

Unlike other traction devices, only the OTD allows the ability to work around any hip or groin trauma. And it's unnecessary to roll your patient or raise their leg when applying. Furthermore, there is no ischial bar to deal with, so any concerns of causing unnecessary pressure and additional pain are not an issue. A single person can properly apply the OTD in less than one minute. The traction pole instantly adjusts for adult or pediatric use! The OTD comes complete in a convenient 9.5" x 3.5" storage pouch with easy-to-follow instructions. It weighs less than 20 ounces. Designed to be carried in a trauma box, jump bag or first aid kit, this device is especially practical for wilderness rescue, ski patrols, SWAT medics and military field medicine.

EP-800	Optimum traction device with boot hitch	orange	each	88.75
EP-810	Optimum traction device with boot hitch	black	each	88.75

QD-4 and QD-3 Traction Splints (FareTec)

The QD-4 has become an industry standard for patients requiring Hare style traction splinting. The “Hex Lock” system allows the splint to be quickly adjusted to any length. Once it has been sized appropriately, the intuitive locking mechanism is engaged by turning the Hex Lock to either side. It’s fast, easy and reliable. This system helps eliminate problems with dirt or corrosion which cause other splints to malfunction. The QD-4 splint will adjust to accommodate pediatrics and adults. All units come as a complete kit with straps, ankle hitch and carrying case included. The QD-3 is a dedicated pediatric splint. In addition, all QD’s are available with either our anodized aluminum ratchet or our injection molded ratchet.

FA1126524	QD-4 adult traction splint with aluminum ratchet	each	253.85
FAQD4	QD-4 adult traction splint with molded ratchet	each	189.23
FA1126522	QD-3 pediatric traction splint with aluminum ratchet	each	253.85
FAQD3	QD-3 pediatric traction splint with molded ratchet	each	189.23
FA1126726	QD-4 and QD-3 combined traction splint with aluminum ratchet	each	486.00
FA1126716	QD-4 and QD-3 combined traction splint with molded ratchet	each	372.31
FA1124200	Q-D4 and QD-3 traction splint replacement ankle hitch	each	18.30
FA1125010	QD-4 carry case	each	21.06
FA11250088	QD-3 carry case	each	20.00

FernoTrac™ Traction Splints (Ferno)

The exclusive low contour design to the FernoTrac allows for perfect alignment of the lower limbs from the hip to the heel. The problem of forcing the ischium upward has been completely eliminated. The force applied by the FernoTrac on the ankle hitch is directly in line with the ankle, giving true traction alignment all the way back to the hip. Includes ankle hitch and carrying case.

FW444	FernoTrac traction splint with case, adult	each	456.92
FW443	FernoTrac traction splint with case, child	each	456.92
FW441	FernoTrac combo traction kit includes adult and child splints in one case	each	812.31
FW447	Pediatric replacement straps and ankle hitch for FernoTrac traction splint	each	57.69
FW446	Adult replacement straps and ankle hitch for FernoTrac traction splint	each	57.69

Sager® Splints (Minto R&D)

- Quantifiable, dynamic traction
- Simple, one-person application
- Compact

MNS301	Super Sager III, button latch operation	each	327.95
MNS304	Sager Form III bilateral	each	463.00
MNS300	Sager infant bilateral splint	each	390.00

Super Sager Combo Pacs (Minto)

Treat 99% of all patients and 93% of the most common fracture types with Super Sager Combo Pacs. Super Sager Combo Pac #2 enables you to treat bilateral fractures on infants, children and adults (six times the potential of all Ischial Pad type traction splints). The adult/child and infant splints are contained in one forest green Sager carry case (the infant model is stored in a specially designed inside pocket).

MNS300-1	Super Sager Combo Pac #1 includes one each of S301 Form III Single and the S300 Infant Bilateral	each	702.50
MNS300-4	Super Sager Combo Pac #2 includes one each of S304 Form III Bilateral and the S300 Infant Bilateral	each	820.00

EMS Econo-Vac™ Vacuum Splint (MDI)

Designed as a low cost, disposable splint, EMS Econo-Vac splints eliminate the concern of expensive products being lost or left at the hospital. The wrist/ankle, arm and leg splints feature T-Lock Velcro® straps providing a quick and easy method of securing the splints.

MDI82-E7700	EMS Econo-Vac vacuum splint, deluxe extremity set includes wrist/ankle splint, leg splint, arm splint, medium and large forearm splint, adapter, pump and case	each	185.08
MDI82-E2014	EMS Econo-Vac vacuum splint, arm	each	23.77
MDI82-E2215	EMS Econo-Vac vacuum splint, medium forearm	each	9.18
MDI82-E2222	EMS Econo-Vac vacuum splint, large forearm	each	10.49
MDI82-E2024	EMS Econo-Vac vacuum splint, leg	each	35.65
MDI82-E2010	EMS Econo-Vac vacuum splint, wrist/ankle	each	22.07
MDI82-E2580	EMS Econo-Vac hand-held vacuum pump	each	40.32

Evac-U-Splint® Extremity Splint and Vacuum Mattress (Hartwell Medical)

Whether the need is for a simple long bone fracture or a complicated Colles wrist fracture with a compound forearm fracture, the Evac-U-Splint will conform and support the injured area without applying unnecessary pressure which can cause tissue, nerve or vessel damage. X-ray and MRI safe. The quick-connect MaxiValve™ has no parts to lose and is guaranteed for the life of the product. Six large, well-padded handles are positioned along the sides of the mattress for easy lifting and moving of the patient. 3 year warranty on all EVAC-U-SPLINT vacuum splints, mattresses and pumps.

HAEV3000	Evac-U-Splint set includes small, medium and large splints, compact pump and carry case	each	580.62
HAEV101	Evac-U-Splint, extremity splint, small	each	89.97
HAEV102	Evac-U-Splint, extremity splint, medium	each	116.12
HAEV103	Evac-U-Splint, extremity splint, large	each	163.19
HAMT3075-6	Evac-U-Splint adult vacuum mattress set includes mattress, standard pump and carry case	each	868.31
HAPD3000	Evac-U-Splint pediatric vacuum mattress set includes mattress, standard pump and carry case	each	570.15
HAMT1075-6	Evac-U-Splint mattress only	each	601.54
HAMT13A	Evac-U-Splint mattress restraint with side buckles	each	41.32
HAEV14	Evac-U-Splint carrying case	each	47.08

Fasplint® Vacuum Splint (Hartwell Medical)

The Fasplint uses vacuum technology just like Evac-U-Splint extremity splints. From dislocated shoulders to angulated wrist fractures, simply grab your vacuum splint, place it around the injured area, evacuate the air and you're done!

- Molds to exact shape of injury site without applying circumferential pressure
- Reduces nerve, tissue and vessel damage
- Can be evacuated using the same Evac-U-Splint manual pump with a tapered adapter tip or a portable suction unit
- Evacuation time for any size extremity splint is less than 8 seconds

see ad on page 259

HAFSF3000	Fasplint Fullbody vacuum splint kit includes full body splint, case, and standard vacuum pump with foot stirrup	each	438.34
HAFS9000RC	Fasplint vacuum splint kit includes small, medium and large splints, compact pump with tapered tip, rectangular carry case	each	298.14
HAFSF1000	Fasplint vacuum splint only, full body	each	205.05
HAFS801	Fasplint vacuum splint only, small (19½" x 14")	each	20.87
HAFS802	Fasplint vacuum splint only, medium (27½" x 20")	each	28.19
HAFS803	Fasplint vacuum splint only, large (40" x 30")	each	38.65
HAFS12C	Fasplint vacuum splint pump	each	164.25
HAFS15TIP	Fasplint vacuum splint adapter converts existing Evac-U-Splint pump for use with Fasplint	each	13.55

Inflatable Air Splints (LSP)

Orally inflated clear vinyl emergency pressure splints for instant splinting and pressure bandaging.

F3162	Air splints kit includes one each of full arm, half arm, hand/wrist, full leg, half leg and foot ankle splints	each	83.95
F3165	Air splints, full arm	each	15.48
F3166	Air splints, half arm	each	13.53
F3167	Air splints, hand/wrist	each	12.20
F3168	Air splints, full leg	each	19.27
F3169	Air splints, half leg	each	15.89
F3170	Air splints, foot ankle	each	14.76

ActiSplint™ (Dynarex)

ActiSplint is comfortable and easy to mold, and can be cut with scissors. Adaptable and lightweight, it weighs only 180 grams. Not available for use in x-rays.

DY3528	ActiSplint, rolled, 4¼" x 36"	each	6.50
DY3533	ActiSplint, rolled, 4¼" x 36", with Sensiwrap	each	5.80

Prosplints (Medical Specialties)

Prosplints are designed to withstand all types of weather conditions without wear and are resistant to blood and liquids. They have no metal stays, eliminating any bending, saving time and giving a shadow free x-ray. They may be used on either left or right side limbs.

MS113919	Prosplint combo kit contains one each of combo (adult and pedi), leg (large, small and child), arm (large, small and child), wrist/forearm (adult and child) splints. Also includes a carry case.	each	281.00
MS113908	Prosplint extremity kit contains one each small leg, large leg, small arm, large arm, wrist/forearm, and combo splints. Also includes a carry case.	each	195.38
MS113899	Prosplint pediatric kit contains one each of combo, leg, arm and wrist splints and pediatric e-collar. Also includes a carry case.	each	90.00
MS113011	Prosplint replacement combo splint, child	each	16.00
MS113010	Prosplint replacement combo splint, adult	each	30.90
MS113031	Prosplint replacement leg splint, child	each	23.75
MS113032	Prosplint replacement leg splint, small	each	41.25
MS113034	Prosplint replacement leg splint, large	each	47.69
MS113051	Prosplint replacement arm splint, child	each	14.46
MS113052	Prosplint replacement arm splint, small	each	22.50
MS113054	Prosplint replacement arm splint, large	each	25.50
MS113071	Prosplint replacement wrist/forearm splint, child	each	6.38
MS113070	Prosplint replacement wrist/forearm splint, adult	each	11.86
MS113280	Prosplint replacement rib splint	each	25.77
MS113310	Prosplint carrying case with zipper, large	each	27.80
MS113315	Prosplint carrying case with zipper, small	each	37.50

FOX Xtremity Splint (Compliance Medical)

Self-contained extremity splint is made of cardboard and convoluted foam rubber. Includes hook and loop strap

CM504	FOX Xtremity splint, 12"	each	3.62
CM505	FOX Xtremity splint, 18"	each	4.88
CM506	FOX Xtremity splint, 24"	each	6.40

Fracture Splints

- In multiple injuries, the units are totally interchangeable (arm units can be used on the legs, left on right, etc.)

F3250	Adult fracture kit includes two adult arm splints, two adult leg splints, one arm/shoulder immobilizer, one extraction collar with neck pad and one waterproof nylon carry case	each	128.00
F3254	Fracture splint, full arm, adult	each	25.00
F3255	Fracture splint, full leg, adult	each	33.00
F3252	Fracture splint, full leg, child	each	65.90
F3253	Fracture splint, full arm, child	each	50.32

Cardboard Splints (Morrison Medical)

Splints feature 5/8" punch-out holes for tie downs. 24" and 34" lengths offer an extra center crease for firm support of thin limbs.

MO1500	Cardboard splint, no foam, 12"	each	1.06
MO1510	Cardboard splint, no foam, 18"	each	1.42
MO1520	Cardboard splint, no foam, 24"	each	1.91
MO1570	Cardboard splint, no foam, 34"	each	3.14
MO1504	Cardboard splint, center foam, 12"	each	2.06
MO1530	Cardboard splint, center foam, 18"	each	2.48
MO1540	Cardboard splint, center foam, 24"	each	3.49
MO1573	Cardboard splint, center foam, 34"	each	4.42
MO1507	Cardboard splint, full foam, 12"	each	2.17
MO1550	Cardboard splint, full foam, 18"	each	3.64
MO1560	Cardboard splint, full foam, 24"	each	3.53
MO1576	Cardboard splint, full foam, 34"	each	4.84

Wire Ladder Splint (FareTec)

Splinting device that can be used individually or in multiples to achieve desired rigidity. Pliability makes it possible to make 90 degree bends.

F3490	Wire ladder splint, 3½" x 32"	each	6.35
-------	-------------------------------	------	------

Stifneck® Select Collar (Laerdal)

As a single piece, that requires no assembly, the Stifneck Select collar is an easy choice for patients requiring spinal immobilization. Strong quality and molded directions on the back of the collar mean that providers will always be able to administer proper sizing and application. The locking mechanism ensures symmetrical adjustments and that the collar is locked safely into place. In 4 steps your patient is ready for further transport:

- Measure the patient (using finger sizing method)
- Adjust to correct size
- Lock
- Place on patient

LA980011	Stifneck Select collar, adult	each	14.00
LA980020	Stifneck Select collar, pediatric	each	14.00

Stifneck® Extrication Collar (Laerdal)

Preferred for over 20 years, the original Stifneck extrication collar remains the standard of care for suspected cervical spine injuries. Outstanding motion restriction without hyperextension or limiting access to the airway.

LA980100	Stifneck collar, baby no-neck	each	9.00
LA980200	Stifneck collar, pediatric	each	9.00
LA980300	Stifneck collar, adult no-neck	each	9.00
LA980400	Stifneck collar, adult short	each	9.00
LA980500	Stifneck collar, regular adult	each	9.00
LA980600	Stifneck collar, tall adult	each	9.00
LA980700	Stifneck collar carry case 26" x 12" x 4"	each	28.00

Perfit CE™ Extrication Collars (Ambu)

The Perfit CE Extrication Collar adjusts with 16 different settings from Neckless to Tall Adult. Latches allow the rescuer to size the collar according to the victim's exact neck size.

- Preshaped flip-chin piece to ensure they can be stored completely flat
- Flip-chin piece facilitates intubation and removal of vomit from a patient's mouth
- One-piece collar simplifies application and at the same time there are no extra pieces that can get lost
- All collars are radiotranslucent, CAT and MRI compatible, and fully disposable

AU281-000	Perfit CE collar	each	6.87
AU281-106	Mini Perfit CE collar	each	6.87
AU264-008	Collar carry case, red	each	33.61

Perfit E trication Collars (Ambu)

Perfit E trication Collar is designed to assist with the maintenance of neutral spine, prevention of lateral sway and anterior-posterior flexion and extension of the spine during transport and routine patient care movement.

AU264-501	Perfit xtrication collar, infant	each	4.75
AU264-502	Perfit xtrication collar, pediatric	each	4.75
AU264-503	Perfit xtrication collar, neckless adult	each	4.75
AU264-504	Perfit xtrication collar, short adult	each	4.75
AU264-505	Perfit xtrication collar, regular adult	each	4.75
AU264-506	Perfit xtrication collar, tall adult	each	4.75

Philadelphia Tracheostomy Collar (Ossur)

- Anterior and posterior rigid plastic reinforcement supports limited movement
- Latex-free, non-toxic and hypoallergenic, X-ray, CT and MRI lucent

F3444	Philadelphia tracheostomy collar, infant	each	13.85
F3443	Philadelphia tracheostomy collar, pediatric	each	13.85
F3447	Philadelphia tracheostomy collar, small, 3¼	each	13.85
PHPT3M	Philadelphia tracheostomy collar, medium, 3¼	each	13.85
F3449	Philadelphia tracheostomy collar, medium, 4¼	each	13.85
F3446	Philadelphia tracheostomy collar, large, 4¼	each	13.85
F3445	Philadelphia tracheostomy collar, extra large, 4¼	each	13.85

XCollar and XCollar Plus Cervical Spine (Emegear)

The XCollar and XCollar Plus are designed to splint the Cervical Spine by securing the head to the torso of the patient above C-1 and below C-7; on two points anterior and two points posterior. This splinting system utilizes bi-lateral and vertical adjustments to obtain a customized fit for both the desired circumference and height of large adult and small pediatric patients. An important feature of the XCollar Plus is the integrated head restraint system, which replaces the use of head blocks, towels or tape.

EGA-0100	XCollar cervical spine, adult/pediatric	clear	each	24.44
EGA-0120	XCollar cervical spine, adult/pediatric	orange	each	24.44
EGA-H0100	XCollar Plus cervical spine, adult/pediatric	clear	each	24.44
EGA-H0120	XCollar Plus cervical spine, adult/pediatric	orange	each	24.44

Patriot Cervical Collar (Ossur)

F3440	Patriot cervical collar, adult	each	7.85
F3441	Patriot cervical collar, pediatric	each	7.85

Collar Bag (Kemp)

Heavy duty stitching. Impervious base. Fits all C-Collars, CIDs, towel rolls and straps

KB10-102	Collar bag	each	26.92
----------	------------	------	-------

MCI Backboards (Southeastern)

- Measures 72" x 16" x 1 3/4"
- 450 lb capacity
- Weighs only 14 lbs.
- 100% X-Ray translucent

SEE500R	MCI backboard, adult, no pins, blue	each	125.00
SEE500P	MCI backboard, adult, pins, yellow	each	125.00
SEE501	MCI backboard, pediatric, call to discuss color	each	100.00

Pro-Lite® XT Spineboard (Rapid Deployment)

- Measures 72" x 16" x 2 1/4"
- Capacity of 1,000 lbs.
- Weighs 14 lbs.
- X-ray translucent

RD717P-BL	Pro-Lite XT spineboard, 16", with pins	blue	each	216.65
RD717P-OR	Pro-Lite XT spineboard, 16", with pins	orange	each	216.65
RD717NY	Pro-Lite XT spineboard, 16", no pins	neon yellow	each	203.39
RD717OR	Pro-Lite XT spineboard, 16", no pins	orange	each	213.39
RD717PK	Pro-Lite XT spineboard, 16", no pins	pink	each	203.39
RD718P-BL	Pro-Lite XT spineboard, 18", with pins	blue	each	248.27
RD718P-RD	Pro-Lite XT spineboard, 18", with pins	red	each	248.27
RD717PIL	Pillow for Pro-Lite XT spineboard		pair	54.25

Pro-Eco Spineboard (Rapid Deployment)

- Measures 72" x 16" x 2 1/4"
- Capacity of 500 lbs.
- Weighs 16 lbs.
- X-ray translucent

RD719BL	Pro-Lite Pro-Eco spineboard, no pins	blue	each	166.67
RD719BU	Pro-Lite Pro-Eco spineboard, no pins	burgundy	each	166.67

LSP815014	XTRA backboard, with 14 pins	red	each	116.45
LSP812014	XTRA backboard, with 14 pins	hi-viz yellow	each	116.45

CombiCarrierII (Hartwell Medical)

The 2 in 1 patient handling device that saves time, storage space and budget dollars is now the product of choice for many departments because it minimizes patient movement at the scene and is well-suited to meet the most recent EMS protocols. The CombiCarrierII retains the reliable heavy-duty latch system and is now thinner, lighter and stronger than the original product. Includes four 2-piece Speed Clip patient restraint straps. Measures 73.5" x 16.5" x 2.19"; weighs 15.5 lbs.; capacity of 450 lbs.; X-ray translucent.

HACC2200P	CombiCarrierII, green		each	940.49
HACC3200H	CombiCarrierII head immobilizer		each	120.31

IMPROVE THE PATIENT EXPERIENCE

Replace those patient complaints about a painful board with words of praise for comfort and security. For years we have been immobilizing our patient's head, neck and torso as separate elements. We have used all kinds of rigid collars, head blocks and strap configurations to try and restrict movement of our patient's body on a hard flat backboard. All our good intentions may not be providing the results we had hoped to achieve.

The **FASPLINT FULLBODY**[®] and **FASPLINT HALFBACK**[®] both provide "spinal splinting" in a comfortable and cost-effective vacuum splint device. The **FASPLINT FULLBODY** enables the patient's knees to be flexed for the utmost in comfort during transport. By conforming to the unique anatomy of each individual patient, the head, neck and torso are stabilized as one unit even for patients with kyphosis. Easy to clean, requires minimal storage space and it's reusable. Join the movement to provide stabilization and comfort at the same time.

FASPLINT[®]

Stabilize your patient in their position of comfort with or without a collar, depending on your protocols. Fast, effective and affordable.

See pg 251

CombiCarrier II[®]

Functions like a scoop stretcher and an extrication board, minimizing patient movement. Use in conjunction with the **FASPLINT FULLBODY** or **FASPLINT HALFBACK** for improved patient comfort.

See pg 258

K.E.D.® (Ferno)

The Original Ferno K.E.D. is ideal for extricating and immobilizing patients from auto accidents and other confined spaces. The K.E.D. immobilizes the torso, head and neck, enabling prompt extrication while minimizing risks of further injury. X-rays or advanced life support procedures can be performed with the K.E.D. in place. Includes wrap-around vest, Adjusta-Pad neck roll, two head straps and a carrying case.

FW125	The Original K.E.D.	each	148.85
039-0325	K.E.D. pillow pad	each	98.55
090-4118	K.E.D. buckles (three black, two white, male only)	each	29.57
039-0201	Replacement head/chin straps for KED devices (by Emsar)	2 pair	65.04

Optimum Rescue Vest (EP&R)

A time-proven versatile design, this is the best spinal fracture management tool for emergency medical personnel to fully immobilize a victim and remove them quickly. The wrap-around design provides horizontal flexibility for easy application and vertical rigidity for maximum support of the spine, neck and head during extraction.

EP705	Optimum rescue vest with case, red	each	110.95
EP706	Optimum rescue vest with case, black	each	110.95
EP717	Optimum rescue vest with case, green	each	110.95
EP700	Optimum rescue vest head and chin straps (replacement parts)	each	10.00
EP703	Optimum rescue vest carry case, red	each	10.00

SpeedBlocks® Head Immobilizer (Laerdal Medical)

SpeedBlocks with disposable foam pads and head straps are so effective that the inconvenience of taping the patient can be eliminated. SpeedBlocks offer a simple four-step process for application, a blocks system to accommodate all head shapes and injury positions, and direct access to patient's ears for better communication and inspection.

LA983090	SpeedBlocks head immobilizer starter pack includes 1 block set, 1 universal base, 1 strap and pad replacement set	each	55.00
LA983097	SpeedBlocks head immobilizer strap and pad replacement set includes 5 sets of block pads, head strap and base pads	each	21.00
LA983092	SpeedBlocks head immobilizer block set	each	29.00
LA983060	SpeedBlocks head immobilizer base	each	41.00

Sta-Blok™ Head Immobilizer (Laerdal Medical)

Sta-Blok Head Immobilizer is easy to use, compact and extremely effective. Constructed of soft, closed-cell foam "Sharks Fin" blocks with a padded strap that immobilizes the head comfortably and securely. Repositionable Velcro® fasteners allow the Sta-Blok to adapt to virtually any patient on any backboard.

STI975	Sta-Blok head immobilizer	each	5.83
--------	---------------------------	------	------

HeadBed® II (Laerdal)

The HeadBed II is easy and compact to store. Providing maximum immobilization, the HeadBed II is designed for adults, pediatrics and infants. Fits most types of backboards.

LA982001	HeadBed II immobilizer	each	6.00
----------	------------------------	------	------

Head Wedge™ (Ambu)

The Head Wedge is designed to immobilize the patient's head instantly and effectively when placed on a backboard. It is applied in just four simple steps. With its innovative construction it enables a perfect fit to the patient in one go.

- Disposable, waterproof, radiolucent and very durable
- Stores completely flat
- Fully adjustable to fit all sizes from children to adults
- Fits all known backboards
- Strong, self-adhesive head strap with medical grade glue ensures a secure hold

AU264-034	Ambu Head Wedge	each	4.49
-----------	-----------------	------	------

Head-On Head Immobilizers (Compliance Medical)

Lightweight, disposable blocks sealed in Dispos-O-Bags. Fits all standard backboards. Weatherproof.

CM401S	Head-On system includes two Dispos-O-Bags and two Head-On straps	each	10.58
CM401	Head-On system includes two Dispos-O-Bags and one occipital pad	each	5.23
CM402	Head-On body straps	3/pkg	6.40
CM403	Head-On straps	2/pkg	5.00

Multi-Grip® Head Immobilizers (i-Tec)

Disposable and inexpensive. Compatible with all backboards, c-collars and extrication devices. X-ray transparent. Packed in poly bags for long shelf life. One-piece construction. Buoyant for water rescue.

IT-IN	Multi-Grip head immobilizer, infant	each	7.00
IT-CH	Multi-Grip head immobilizer, child	each	7.00
IT-AD	Multi-Grip head immobilizer, adult	each	7.00

Head Blocks® (Morrison Medical)

Disposable Rectangular 4" x 5" x 10" foam blocks sealed in highly visible orange vinyl, complete with handle and writable surface. Uses tape or straps to secure patient. Use any place for firm but lightweight support. Blocks float, ideal for water rescue.

MO320	Head Blocks only	pair	7.06
MO322	Head Blocks with straps	each	12.27

See ad on page 269

Ambulance Child Restraint (Q-ACR4) (Quantum EMS)

The Quantum ACR (Ambulance Child Restraint) is an innovative, flexible and fully adjustable harnessing system for the safe and effective transport of infants in an ambulance, and is color-coded for easy selection in three sizes from 11 lbs to 99 lbs. Quick release clips dock with the ACR harness, holding the patient in place to prevent potentially dangerous movement during transportation.

- Allows for the safe, effective restraint of all children from 4-99 lbs.
- ACR-4 offers four sizes of restraints in a single device. XS: 4-11 lbs., SM: 10-26 lbs., MED: 22-55 lbs., LARGE: 44-99 lbs.
- Open channel design allows complete patient access from the airway to the waist without unrestraining the child
- The restraint tightens in the mattress of the stretcher, not into the child; thus preventing any additional injury to the patient
- Compact packaging allows the ACR-4 to fit into its own 10" x 10" custom bag, taking up less room in the back of an ambulance
- ACR-4 is universal and will work on any stretcher or backboard without a bracket
- ACR-4 replaces the need to carry multiple devices to accomplish the task of restraining all size pediatric patients
- ACR-4 has been fully crash-tested under the strictest of standards
- Color-coded for easy size identification
- Machine washable

- Download FREE Layer App (from your App Store)

Q-ACR4	Ambulance Child Restraint (Q-ACR4) 4-pack	each	799.00
Q-BABY/ADD	Ambulance Child Restraint Baby (add on for the existing Baby 3-pk only)	each	219.00
Q-STRAP	Ambulance Child Restraint (Q-ACR4) replacement straps	each	139.00

Pedi-Immobilizer (Quadmed)

Pedi-Immobilizer is an extrication and immobilization device designed for immobilizing infants and small children up to 60 lbs. who have suffered potential cervical spine injuries.

- Entire device weighs only 5 lbs. (case included)
- Unique shoulder pad assures proper spinal alignment and simultaneously enhances airway

QMPL1750	Pedi-Immobilizer extrication and immobilization device	each	275.00
----------	--------------------------------------------------------	------	--------

Pedi Lite Pediatric Backboard (Rapid Deployment)

The Pedi Lite Pediatric Backboard is constructed with a seamless design to prevent fluid from entering and eliminates cross-contamination. The board is foam-filled for flotation and patient insulation. 100% x-ray translucent. It comes with a 100% guarantee for the life of the spineboard under normal conditions.

RD721K-GR	Pedi Lite kit includes a carry case, disposable head blocks, head/chin tapes, 4 color-coded straps and a pediatric c-collar, neon green board	each	236.22
RD721K-BL	Pedi Lite kit includes a carry case, disposable head blocks, head/chin tapes, 4 color-coded straps and a pediatric c-collar, blue board	each	246.97
RD721	Pedi Lite backboard, neon green	each	143.16
RD721RS	Pedi Lite strap set	4 /set	21.55

Pedi-Mate® Restraint System (Ferno)

The Pedi Mate Pediatric Restraint System quickly adapts any ambulance cot for the safe transport of children ranging in size from 10-40 lbs. (4.5-18 kg).

- Fully adjustable, five-point harness system securely holds patients, providing safe restraint for transport
- Rolls compactly for convenient storage and easy deployment
- Vinyl construction is nontoxic and easy-to-clean
- Three restraint straps easily attach to any cot

FW678	Ped-Mate restraint system	each	368.08
-------	---------------------------	------	--------

Pedi Air Align Complete (Iron Duck)

The Pedi Air Align's patented dual plane head drop system allows for a patient to be completely immobilized while managing their airway and establishing neutral spinal alignments simultaneously. The board accommodates the larger occipital area of a child's head, allowing for neutral spinal alignment and an open, maintainable airway. The Pedi Air Align is the only pediatric immobilization board that is rotomolded from high density polyethylene (HDPE). This creates a one-piece seamless product that is completely impervious and easy to clean and disinfect. Board size: 48" x 12" x 1.75" Weighs 7.5 lbs. Lifetime warranty.

ID35840TE	Pedi Air Align complete system includes 1 board, 1 shoulder restraint, 1 chest strap, 4 body straps, 2 wrist restraints, 6 disposable head blocks and 1 carry case, teal	each	301.22
ID35840YE	Pedi Air Align complete system includes 1 board, 1 shoulder restraint, 1 chest strap, 4 body straps, 2 wrist restraints, 6 disposable head blocks and 1 carry case, yellow	each	301.22
ID35841YE	Pedi Air Align board only	each	212.85
ID35843	Pedi Air Align head block system includes three sets of 2 head blocks and 2 head straps	each	27.17

Pedi-Pac® (Ferno)

The Pedi-Pac provides stabilization of the pediatric trauma patient at the scene and during transport. Designed for the 2-10 year old age group, the Pedi-Pac's unique strap system allows easy access to child's body for monitoring vital cardiac and respiratory status, as well as intraosseous infusion sites. The Pedi-Pac can easily be stored under squad bench or in an exterior compartment.

FW78	Pedi-Pac immobilization system includes Pedi-Pac, integral head support, two head stabilization straps, two pedi pads and carrying case.	each	443.08
------	------------------------------------------------------------------------------------------------------------------------------------------	------	--------

Infant/Pediatric Immobilization Board (LSP)

The LSP Infant/Pediatric Immobilization Board is durable and perfectly scaled for children from infancy to 75 lbs. The frame features a split-leg design, elevated hand holds and versatile head harness. Case included.

LSP484040	Pedi-Board (includes case)	each	292.05
LSP484-075	Pedi-Board drug dosage and patient management sleeve	each	41.00

Limb Holders (Posey)

PO2631	Deluxe limb holder, cotton ankle and wrist restraint	each	12.54
PO2510	Foam limb holder, 3/8" thick, D-ring closure, single strap tie	1 pair	5.31

PO2532	Foam limb holder, 1/4" thick, quick release buckle closure	each	9.19
PO2526	Soft felt limb holder	each	9.51

Quick Check Limb Holder (Morrison Medical)

The Quick Check limb restraint has a large 3" x 12" long cuff made of soft, breathable foam held together with a hook and loop fastener and a 1" plastic side release buckle.

MO1130	Quick Check limb holder with buckle	1 pair	6.49
--------	-------------------------------------	--------	------

Economy Deluxe Limb Restraint (Morrison Medical)

Morrison Medical Limb Restraints prevent combative patients from interfering with administration of medical care and harming themselves or medical personnel. Constructed of soft breathable foam, strong polypropylene 1" strap, and hook and loop closure.

MO1103	Deluxe limb restraint, adult, tie down style	1 pair	4.75
--------	----------------------------------------------	--------	------

Hand-E Hand Hold Device (EP&R)

The Hand-E offers many advantages over traditional methods of securing the arms.

- Lightweight and compact
- Brightly colored and easy to spot when you need it
- Universally sized to accommodate most patients
- Allows for quick and easy removal of an arm for checking blood pressures or placing IVs
- Can be placed easily by one person and takes just seconds
- Reusable, making it a cost effective, multi-use tool

EP77	Hand-E hand hold device	each	21.95
EP78	Hand-E rubber band	each	5.95

Limb Lok (Morrison Medical)

Secures wrists of unconscious patients to backboard strap. Helps protect limbs during transport. Made with 1" black polypropylene webbing and 1" black plastic side release buckle. Adjusts to fit various size wrists.

MO1115	Limb Lok	each	10.58

Power-Pro XT Powered Ambulance Cot (Stryker)

An innovative battery-powered hydraulic system raises and lowers the patient at the touch of a button. Utilizes an easy-to-use manual back-up system for all powered cot functions. The retractable head section reduces footprint, and allows the cot to navigate very tight spaces in any height position. A Stryker exclusive: automatic high-speed retracting feature saves precious seconds when loading and unloading. Reduces workers' compensation costs, injuries and lost and modified workdays, while improving recruitment and retention. 700-pound capacity and weighs 120 pounds.

Warranty

- Two-year parts, labor and travel
- One-year soft goods
- Three-year X-frame components
- Three-year limited powertrain
- Lifetime on all welds

We also distribute Ferno Cots. For information, call Customer Service at (800) 334-6656.

SMRT Power System (Stryker)

The SMRT Power System will give your Power- Pro cot superior performance. This is a tough, professional-grade system designed for the high-pressure world of EMS. The SMRT Power System eliminates the time-consuming and elaborate charging protocols and “tuning” usually required for maintaining reliable, high performance battery-powered systems.

- A complete charge in approximately two hours
- SMRT Paks have zero memory
- Automatic Power Management extends battery life
- Sealed durable construction for all-weather toughness
- Charge SMRT Paks when and where needed
- Complete System includes two SMRT Paks, SMRT Charger, and power cord

SY6500-700-041	SMRT 120V AC option, one charger, two batteries, cord	each	1,226.41
SY6500-700-040	SMRT 120V DC option, one charger, two batteries, cord	each	1,509.43

SY6500-035-000	12 volt DC cable for SMRT power system	each	43.05

Evacuation Slyde (Stryker)

- Folds flat and stacks 15 deep for easy storage
- Easy set-up and instruction pictograms on each unit
- Four strong web handles for multipoint control by two to seven operators
- Functions as post-evacuation surge capacity device
- Lightweight for easier transports
- Fastex buckle restraints are quick and easy to use
- Compatible with Stryker Stairwell Belay System for heavy patient evacuations
- Wall-mounted storage options are space-saving and convenient

SY6400-000-000	Evacuation Slyde, standard	each	438.74
SY6410-000-000	Evacuation Slyde, bariatric	each	582.37

Cot Fasteners (Stryker)

- Durable steel construction combined with an oversized rail clamp design maximize cot stability for heavy use conditions
- Innovative antler design minimizes effort while loading and unloading
- Recessed knobs prevent interference with cot mechanisms

SY6370-000-000	Floor mount fastener, model 6370, for Stryker cots	each	951.88
SY6371-000-000	Wall mount fastener, model 6371, for Stryker cots	each	588.00

Xtract² Extraction Device (Kingfisher)

Xtract2 is a lightweight, robust extraction device which can be carried or dragged from the point of injury. Extrication can be achieved by use of some or all of the nine handles which are located at measured intervals around the base layer of the stretcher. When low cube size and minimal weight are paramount, Xtract2 gives responders a viable solution for casualty extraction. Utilizing Duralite fabric, the Xtract2 stretcher has been designed for personnel who perform tactical rescues within an austere environment. The Xtract2 is designed to securely cocoon the casualty, ensuring limbs and exposed medical devices are held securely inside the stretcher, minimizing the chance of disruption.

- Length Unadjusted 6' 10"
- Length Adjusted 3' 8"
- Width (Max) 43
- Maximum Load 660lbs

---------	--------------------------------------	------	--------

CombiCarrierII (Hartwell Medical)

The 2 in 1 patient handling device that saves time, storage space and budget dollars is now the product of choice for many departments because it minimizes patient movement at the scene and is well-suited to meet the most recent EMS protocols. The CombiCarrierII retains the reliable heavy-duty latch system and is now thinner, lighter and stronger than the original product.

HACC2200P	CombiCarrierII	each	940.49
HACC3200H	CombiCarrierII head immobilizer	each	120.31

Swiftlite Stair Chairs for EMS (Quantum EMS)

Swiftlite Stair Chairs for EMS are lightweight and easy-to-use devices which glide effortlessly down stairways to assist with the quick and safe removal of people with limited mobility in the event of an emergency evacuation. Five-year defective workmanship guarantee.

- Swiftlite Q-100 folds neatly in half and can be stored in the smallest of areas. The chair unfolds in one swift movement for immediate use. 440 lb capacity.
- Swiftlite Q-110 is a single person operation enhanced stairchair for use on steep stairs. Folds away ready to use in seconds. 400 lb capacity.
- Swiftlite Q-120 safely descends and ascends stairs without carrying or heavy lifting. Telescopic extendable handle. Ascending and descending capability (no power required). Adjustable brake. Compact storage. 350 lb capacity.

Q-100	Q-100 stairchair, 48" H x 16" W x 14" D	each	599.00
Q-110	Q-110 stairchair, 47" H x 21" W x 9" D	each	1,499.00
Q-120	Q-120 stairchair, 43" H x 18" (top) / 16" (bottom) W (folded) x 14" D	each	1,900.00

Evacuation Chairs (Junkin Safety)

Designed for use in confined areas. 2" standard automotive-style patient restraints straps included. Green vinyl covers are made of 18oz. antibacterial material and are fungus and rot resistant.

- 35 1/4" H x 18 7/8" W x 22 3/8" D; Weighs 15 1/2 lb

JSA-800	Evacuation chair	each	767.85
JSA-800W	Evacuation chair with 4 wheels	each	844.31

Plastic Scoop Stretcher (Quantum EMS)

Orthopedic stretcher with break-apart scissor action at either / both ends. Ergonomic design allows for ideal immobilization during patient transfer. Recessed head section and X-ray translucent. Complete with 3" seatbelt buckle style patient straps with loop ends.

- Height 92in, Width 18in, Depth 3in, Weight 16lb, Load Capacity 350lb

Q-6217C	Plastic scoop stretcher	each	1,075.38
---------	-------------------------	------	----------

Scoop 65 EXL Stretcher (Ferno)

Ferno's Scoop EXL Stretcher provides superior comfort and safety to patients who need spinal immobilization. The Scoop EXL eliminates the need for log-roll maneuvers, which significantly decreases movement to the cervical spine. Two hinged, interlocking pieces allow operators to bring the two halves together beneath the patient and gently scoop them up. Made from X-ray translucent composite material. Includes three burgundy restraints.

- Dimensions: 17" W x 3" H x 79" L
- Load limit: 350 lbs.
- Weight: 18 lbs.

FW65EXL	Scoop 65 EXL stretcher	each	1,153.84
---------	------------------------	------	----------

Scoop Stretcher (David Dick Medical)

- Adjustable length with automatic lock
- Folds in half for easy storage
- Effective hooking and unhooking device for the stretcher uncoupling can be put under the patient without removing the patient
- Open center permits patients to be X-rayed while still in the stretcher
- Two straps

DA-02859-3	Scoop stretcher	each	588.98
------------	-----------------	------	--------

Aluminum Break-Apart Stretcher (Junkin Safety)

Designed to gently maneuver stretcher under patient without rolling or lifting. Immobilization of the patient in the position found minimizes the risk of complicating the existing injuries. The center of the stretcher can be opened to allow the patient to be X-rayed while secured on the stretcher. Folds for easy storing and separates in half during application and removal.

- 66¼" L x 17½" W x 25/8" H
- Folded length: 49 1/2"; folded depth: 3 1/2"; adjustable to 80"
- Weighs 21 1/2 lb.
- Load capacity: 400 lbs.

JSA-400	Aluminum break-apart stretcher	each	645.08
---------	--------------------------------	------	--------

Basket Stretcher (Junkin Safety)

Made of steel, all-welded rigid construction which does not rely on injured person to attain form or rigidity. Light in weight and ample in size. Nylon web straps at chest, abdomen, thigh, and calf. Frame is 5/8" steel tubing; cross braces and runners 3/16" x 3/4" fl t steel. Basket is 18 gauge, 1" hexagon mesh netting.

JSA-300W	Basket stretcher, without leg divider	each	294.00
----------	---------------------------------------	------	--------

Confined Space Splint Rescue Stretcher (Junkin Safety)

The new 19" wide Confined Space Splint Rescue Stretcher has been designed for rescues where space is confined. Steel, all-welded rigid construction does not rely on the injured person to attain form or rigidity. Light in weight and ample in size. The basket is 18 gauge, 1" hexagon mesh netting. Nylon web straps for securing at chest, abdomen, thigh and calf. Supplemental accessories to facilitate special handling needs are available

JSA-300CS	Confined space stretcher	each	369.38
-----------	--------------------------	------	--------

Plastic Basket-Type Stretcher (Junkin Safety)

Yellow high-density polyethylene shell, supported by a stainless steel outer rail, permanently attached with stainless steel semi-tubular rivets. Features molded runners, fully exposed outer rail, non-absorbent foam pad secured to stretcher and four patient restraint straps. Ideal for unusually rugged rescue situations. Patent Pending.

- Dimensions: 84½" L x 24"W x 7½" H
- Weight: 31 lbs.
- Load capacity: 1200 lbs.

JSA-200	Plastic basket-type stretcher	each	739.85
---------	-------------------------------	------	--------

Stretcher Bridle Sling (Junkin Safety)

The JSA-300-X Stretcher Bridle Sling provides horizontal or vertical lifting capacity of up to 2,500 lbs. Made of 1" nylon webbing resistant to moisture and fungal rot with forged snap hooks and 3" ID forged steel suspension ring.

- Dimensions: 35¼"H x 187/8"W x 223/8"D; Folded: 8"
- Weight: 4 lbs.
- Load capacity: 2500 lbs.

JSA-300XSS	Stretcher bridle sling	each	269.23
------------	------------------------	------	--------

Easy-Fold Aluminum Pole Stretcher (Junkin Safety)

Easily set up and compact for storing. This Medical Corps type litter is light in weight with shaped nylon grips. Cover is durable 18 oz. vinyl coated nylon.

- Dimensions: Open: 87" L x 22"W x 4½" H; Folded: 43½" L x 3½"W x 7½" H
- Weight: Anodized aluminum pole - 14 lbs.

JSA-601NA	Easy-Fold aluminum pole stretcher	each	235.85
-----------	-----------------------------------	------	--------

EFS12 Folding Stretcher (Triple Inc)

Anodized aluminum frame and vinyl-coated nylon cover. Folds in half for easy storage.

- Unfolded size: 76¾ x 21¼ x 1¼ inches
- Folded size: 37¾ x 21¼ x 23/8 inches
- Load capacity 440 lbs.
- Weight: 10 lbs.

------------	----------------------------------------	------	--------

MegaMover Portable Transport Unit (Graham Medical)

A compact, cost effective, portable transport unit used to transport, transfer or rescue patients from areas inaccessible to stretchers. The nonwoven, latex-free construction holds up to 1000 lbs. and has 14 handles for ergonomic lifting.

51926	Megamover portable transport unit	each	33.02
-------	-----------------------------------	------	-------

MegaMover Plus Portable Transport Unit (Graham Medical)

A durable, compact, cost effective, portable transport unit used to transport, transfer or rescue patients from areas inaccessible to stretchers. The Plus accepts standard backboards for immobilization. Dimensions: 40" x 80"

53376	MegaMover Plus portable transport unit	10/case	338.62
-------	----------------------------------------	---------	--------

MegaMover Transport Chair (Graham Medical)

Made of strong nonwoven material with 8 reinforced nylon yellow straps for ergonomic lifting. The chair weighs only 10 oz., rolls to the size of a water bottle and can transport up to 350 lbs. Ideal for carrying patients in areas of limited space, narrow hallways or down stairs.

56307	MegaMover Transport Chair	10/case	171.15
-------	---------------------------	---------	--------

Disposable GO Stretcher (GO Manufacturing)

- Will hold over 500 lb
- Features 10 large hand holds
- Water-resistant coated woven polyethylene provides strength and durability
- Stretcher size with handles is 35" x 71"

GO100-DS	Disposable GO stretcher	each	14.62
----------	-------------------------	------	-------

Flexible Stretcher (Reeves EMS)

- Five removable hardwood slats positioned between two layers of 18oz. fabric
- Load capacity - 350 lbs; Weighs 15 lbs
- Three polypropylene web patient security straps for immobilization
- Handles constructed of polypropylene webbing with foam inserts
- Six handles ergonomically placed for ease of transport
- Compact and portable - opens to 78"L x 28"W; closes to 58"L x 6"W

RSS0003	Flexible stretcher	each	294.00
---------	--------------------	------	--------

Heavy-Duty Flexible Stretcher (Reeves EMS)

- Seven removable hardwood slats positioned between two layers of 18 oz. fabric
- Load capacity - 750 lbs
- Three reinforced polypropylene web patient security straps for immobilization
- Ten reinforced handles ergonomically placed for ease of transport
- Compact and portable - opens to 79”L x 38”W; closes to 64”L x 8”W
- Lightweight- 16 lbs.

RSS0004	Heavy-duty flexible stretcher	each	420.00
---------	-------------------------------	------	--------

Reeves Sleeve (Reeves EMS)

Designed for rapid immobilization of spinal and neck injuries in tight places. The Reeves Sleeve stretcher has a load capacity that has been independently tested to over 1,000 lbs. It is constructed of lightweight 18 oz. vinyl-coated polyester that is easily washed with soap and water, highly resistant to acids and alkali, and unable to be penetrated by liquids.

RSS0005	Reeves Sleeve, six padded carrying handles	each	594.00
---------	--------------------------------------------	------	--------

Soft Stretchers (Morrison Medical)

Soft Stretchers are specially designed for moving extra large people. Great for getting patients out of confined spaces. Eases moving large people in stairways. Allows you to move several children or more than one average adult

MO3010	Soft stretcher, regular, 30” x 70”	each	108.31
MO3020	Soft stretcher, large, 40” x 71”	each	143.44
MO3030	Soft stretcher, 3XL, 60” x 80”	each	246.95

Titan Reusable Bariatric Stretcher (Taylor Medical)

Designed to lift up to 1,500 lbs. Foldable and washable, the Titan is made of ultra strong nylon and nylon webbing. Handles allow for easy lifting. 40” x 80” with backboard pockets. Can be used with or without a backboard (backboard shown is not included).

TH44-TT4080	Titan reusable bariatric stretcher	each	62.20
-------------	------------------------------------	------	-------

The Perry Pouch (Morrison Medical)

The Perry Pouch soft stretcher cinches around patient when lifted

- Compact and lightweight, 1 lb., 4 oz.
- Made with orange vinyl and 1” black polypropylene webbing
- Black vinyl handles for “easy on your hands” lifting
- The Perry Pouch supports up to 500 pounds

MO3000	Perry Pouch, 28” x 31”	each	62.72

Ambulance Child Restraint (Q-ACR4) (Quantum EMS)

- Allows for the safe, effective restraint of all children from 4-99 lbs
- ACR-4 offers four sizes of restraints in a single device. XS: 4-11 lbs, SM: 10-26 lbs, MED: 22-55 lbs, LARGE: 44-99 lbs
- Open channel design allows complete patient access from the airway to the waist without unrestraining the child
- The restraint tightens in the mattress of the stretcher, not into the child; thus preventing any additional injury
- Compact packaging allows the ACR-4 to fit into its own 10" x 10" custom bag, taking up less room in the back of an ambulance
- ACR-4 is universal and will work on any stretcher or backboard without a bracket
- ACR-4 replaces the need to carry multiple devices to accomplish the task of restraining all size pediatric patients
- ACR-4 has been fully crash-tested under the strictest of standards
- Color-coded for easy size identification
- Machine washable

- Download **FREE Layer App** (from your App Store)
- Scan this page

Combat Application Tourniquet® (C-A-T®) (North American Rescue)

The Combat Application Tourniquet (C-A-T) is a small and lightweight one-handed tourniquet that completely occludes arterial blood flow in an extremity. The C-A-T uses a Self-Adhering Band and a Friction Adaptor Buckle to fit a wide range of extremities combined with a one-handed windlass system. The windlass uses a free moving internal band to provide true circumferential pressure to an extremity. The windlass is then locked in place; this requires only one hand, with the Windlass Clip™. The C-A-T also has a Hook-and-Loop Windlass Strap™ for further securing of the windlass during patient transport.

SAM® Chest Seal (SAM Medical)

The SAM Chest Seal is an occlusive dressing designed to treat open chest wounds, a life-threatening situation that could lead to tension pneumothorax. This is the second-leading cause of preventable death on the battlefield .

It is available with or without valve. The valved version features a one-way valve when its cap is removed. This provides for low-resistance flow of air out of the chest cavity while preventing ingress. The dome design protects against occlusion from direct external pressure.

- Adheres despite the presence of blood, sweat, hair and sand
- The pouch, dressing backing, and tabs provide optimal contrast for visibility in normal light, low light, and night conditions (using a night vision device)
- Vacuum packed tear and peel pouch

SECS062013	SAM Chest Seal combo pack containing one each of with valve and without valve	2/pkg	1,464.00
SECS062010	SAM Chest Seal with valve, 9.2" x 7.6"	1/pkg	22.49

Dyna-Stopper (Dynarex)

A multi-purpose wound and trauma dressing. Additional stretch gauze roll for use as a pressure bandage. Non-stick, expandable pad for wound or burn coverage. The Dyna-Stopper can also be used as an arm sling. Unfolds to 9" x 5½" for extra coverage.

D5225	Dyna-Stopper blood stopping trauma dressing	each	1.74
-------	---------------------------------------------	------	------

Clear Surgical Tape

Ideal for securing I.V. tubing and catheters, primary wound dressings, tubing and drainage lines. Micro perforation allows for bidirectional tearing. Water resistant and hypoallergenic.

D5045	Clear surgical tape, ½" x 10 yards	24/box	7.80
D5046	Clear surgical tape, 1" x 10 yards	12/box	7.80
D5047	Clear surgical tape, 2" x 10 yards	6/box	7.80
D5048	Clear surgical tape, 3" x 10 yards	4/box	7.80

Cloth Surgical Tape

Strong woven construction make this durable tape ideal for securing wound dressings, tubing and drainage lines. Tears easily for convenient application. Moderate stretching ability to accommodate movement and swelling. Breathable and hypoallergenic.

D5040	Cloth surgical tape, ½" x 10 yards	24/box	10.38
D5041	Cloth surgical tape, 1" x 10 yards	12/box	10.38
D5042	Cloth surgical tape, 2" x 10 yards	6/box	10.38
D5043	Cloth surgical tape, 3" x 10 yards	4/box	10.38

Paper Surgical Tape

Paper tape provides superior skin adhesion with minimal irritation. Hypoallergenic. It is highly porous to allow maximum breathability.

D5030	Paper surgical tape, ½" x 10 yards	24/box	4.83
D5031	Paper surgical tape, 1" x 10 yards	12/box	4.83
D5032	Paper surgical tape, 2" x 10 yards	6/box	4.83
D5033	Paper surgical tape, 3" x 10 yards	4/box	4.83

Standard Porous Tape

Provides high tensile strength, excellent adhesion and maximum breatheability.

D5055	Standard porous tape, ½"	24/box	10.61
D5056	Standard porous tape, 1"	12/box	10.61
D5057	Standard porous tape, 2"	6/box	10.61
D5058	Standard porous tape, 3"	4/box	10.61

Curasilk Tape (Kendall)

A strong, versatile silk tape for medium to heavy dressings. Hypoallergenic which reduces the chance of skin irritation and porous to allow the skin to breathe. Tears easily without shredding for speedy application.

KE7137C	Curasilk tape, ½" x 10 yards	24/box	20.14
KE7138C	Curasilk tape, 1" x 10 yards	12/box	19.57
KE7139C	Curasilk tape, 2" x 10 yards	6/box	19.57
KE7140C	Curasilk tape, 3" x 10 yards	4/box	24.40

Curity™ Clear Tape (Kendall)

Transparent tape adheres well to skin and IV tubing. Easily torn across or lengthwise.

KE8533	Curity clear tape, ½"	24/box	13.04
KE8534	Curity clear tape, 1"	12/box	11.40
KE8535	Curity clear tape, 2"	6/box	11.40
KE8536	Curity clear tape 3"	4/box	12.00

Curity™ Standard Porous Tape (Kendall)

Porous design allows ventilation and minimal skin irritation.

KE2304	Curity standard porous tape, ½"	24/box	15.64
KE2531	Curity standard porous tape, 1"	12/box	14.15
KE6613	Curity standard porous tape, 2"	6/box	13.72
KE7046	Curity standard porous tape, 3"	4/box	13.99

Durapore™ Cloth Surgical Tape (3M™)

"Silk-like" cloth tape allows skin to breathe. Hypoallergenic. Convenient bi-directional tear.

3M1538-0	Durapore tape, ½"	24/box	20.20
3M1538-1	Durapore tape, 1"	12/box	20.20
3M1538-2	Durapore tape, 2"	6/box	20.20
3M1538-3	Durapore tape, 3"	4/box	20.20

Micropore™ Paper Tape (3M™)

3M Micropore paper tapes are gentle, hypoallergenic and provides secure adhesion.

3M1530-0	Micropore paper tape, ½"	24/box	12.94
3M1530-1	Micropore paper tape, 1"	12/box	12.94
3M1530-2	Micropore paper tape, 2"	6/box	12.94
3M1530-3	Micropore paper tape, 3"	4/box	12.94

Transpore™ Tape (3M™)

3M Transpore plastic tape is transparent and hypoallergenic.

D5089	Transpore tape, ½"	24/box	18.77
D5090	Transpore tape, 1"	12/box	18.77
D5091	Transpore tape, 2"	6/box	18.77
D5092	Transpore tape, 3"	4/box	18.77

Adhesive Tape Remover Pads (Dynarex)

Aids in the removal of adhesive tapes.

DY1505	Adhesive tape remover pads	100/box	4.76
--------	----------------------------	---------	------

Celox™ Hemostatic Gauze

Celox is a high performance granular hemostatic designed to stop a lethal bleeding fast. It is easy to use, extremely effective (clots blood in 30 seconds), and safe (is a CE Marked Class III Medical Device). Celox does not generate heat and will not burn the casualty or care giver. Celox works independently of the body's normal clotting processes. Its clotting ability has been proven to work in hypothermic conditions and in the presence of common anticoagulants such as Coumadin. Proven to control arterial bleeding within minutes.

SEC42900-A	Celox hemostatic gauze, 6 gram via barrel and plunger (supplied)	each	29.00
SEC42859-15	Celox hemostatic gauze, 15 gram	each	16.14
SEC42859-35	Celox hemostatic gauze, 35 gram	each	26.00
SEC42859-35MIL	Celox hemostatic gauze, 35 gram (olive drab pack)	each	26.00
FG08839011	Celox hemostatic gauze, Z-fold, 5'	each	57.00
FG08838011	Celox hemostatic gauze, Z-fold, 10'	each	43.31

QuikClot® EMS Rolled Gauze (Z-Medica)

Soft, white, sterile 3" x 48" nonwoven rolled gauze impregnated with kaolin 4 foot length. Developed for rapid deployment. Easy-rip package designed for faster opening and rapid deployment. Roll format for easily packing and wrapping wounds.

ZMQC475	QuikClot EMS rolled gauze	each	19.98
---------	---------------------------	------	-------

QuikClot® EMS 4x4 Dressing (Z-Medica)

Soft, white, sterile 4" x 4", 4-ply nonwoven gauze impregnated with kaolin. Easy-rip package designed for faster opening and removal.

ZMQC473	QuikClot EMS 4x4 dressing	3/pk	29.99
---------	---------------------------	------	-------

QuikClot® 1st Response® (Z-Medica)

QuikClot 1st Response hemostatic agent stops bleeding fast with the power of zeolite, a natural mineral that accelerates the clotting process. The product is a self-contained clotting sponge made of hydrated beads of zeolite, which rapidly stop bleeding. Indicated for temporary external use to control traumatic bleeding. Simply open the package and apply clotting sponge to the wound and hold pressure.

ZMQC102	QuikClot 1st Response, 25g sponge	5/box	39.99
---------	-----------------------------------	-------	-------

QuikClot ACS+® (Z-Medica)

When time is critical, just rip open a packet of Quik Clot ACS+, pack the self-contained sponge into the wound, and the bleeding stops rapidly. The sponge can be packed to conform to the shape of the wound and is easily removed in the hospital setting.

ZMQC100	QuikClot ACS+	each	29.99
---------	---------------	------	-------

Fire Blanket Plus (Water-Jel)

A full-size blanket that adequately covers a patient and can be used to extinguish flames and smoldering clothes or dangerous white phosphorous. The durable, easily identifiable canister protects the blanket from outside elements. Directions for use clearly defined on canister label. Shelf life - 5 years from date of manufacture.

WJ7260C	6' x 5' in orange canister	each	186.84
WJ7260P	6' x 5' in foil pouch	each	186.84

Sterile Burn Sheet (Gam)

D5020	Sterile disposable burn sheet, 60" x 96", blue	each	3.22
-------	------------------------------------------------	------	------

Burn Sheet (Roehampton)

Roehampton sterile burn sheets are non-woven. The burn sheets are made of laminated tissue fibers that provide a sterile environment to protect the patient from infection.

D5021	Burn sheet, disposable, sterile, 60" x 90", blue	each	7.50
-------	--------------------------------------------------	------	------

Polypropylene Burn Sheet (Allcare)

A disposable sterile blanket that measures 60" x 96". Sheet is tear resistant.

BS100	Burn sheet, polypropylene, 60" x 96"	each	2.17
-------	--------------------------------------	------	------

Burn Dressings (Water-Jel)

Water-Jel Burn Dressings provide fast, one-step relief for emergency first aid when someone has been burned. The dressing stops burn progression and cools the skin, relieves pain and protects against airborne contamination.

WJ0206	Water-Jel burn dressing, 2" x 6"	each	6.83
WJ0404	Water-Jel burn dressing, 4" x 4"	each	8.27
WJ0416	Water-Jel burn dressing, 4" x 16"	each	16.89
WJ0818	Water-Jel burn dressing, 8" x 18"	each	24.70
WJ0820	Water-Jel burn dressing, 8" x 20", hand	each	32.29
WJ1216	Water-Jel burn dressing, 12" x 16", face	each	32.29

Trauma/Burn Towel Dressings (LSP)

LSP Trauma/Burn Towel Dressings are designed for wet or dry emergency first aid treatment of burns, abrasions and skin irritations.

LSP830-056	Burn sheet, 15" x 20"	6/box	50.05
LSP830-054	Burn towel, 12" x 12"	6/box	35.88

LSP830-066	Burn dressing face mask	6/box	52.36

Burn Jel (Water-Jel)

Unlike petroleum products that can actually trap the heat in a burn, this water-based, water-soluble gel actually draws the heat away from the skin and dissipates it on contact. It relieves pain fast and cools and soothes the affected area. Contains active ingredient - 2% Lidocaine.

WJ100U	Burn Jel, 3.5g unit dose packs	6/box	8.14
WJ600U	Burn Jel, 3.5g unit dose packs	25/box	33.72
WJB4	Burn Jel, 4oz squeeze bottle	each	11.25

Burn Kits

Economy Kit (Southeastern)

- 15" x 20" burn sheets (2)
- 1" cloth tape (2 rolls)
- normal saline, 1000ml (2 bottles)

50-Person Weatherproof Plastic First Aid Kit (Pac-Kit)

This 50-person weatherproof first aid kit has a plastic case. Gasket seal keeps contents free of dust and moisture. Neat, orderly interior packaging makes contents easy to locate and use. OSHA-compliant box has easy carry handle or is wall mountable. Contains 207 pieces:

- 1" x 3" adhesive strips (100)
- fabric knuckle bandages (5)
- fabric finge tip bandages (5)
- fabric extra large strips (5)
- 3" x 3" gauze pads (4)
- 4" x 4" gauze pads (4)
- large wound pad (1)
- 2" gauze bandage (1)
- 4" gauze bandage (1)
- triangular bandage (1)
- adhesive tape (1)
- eye pads with strips (2)
- exam gloves (4)
- antiseptic wipes (30)
- first aid/bu n cream packets (6)
- triple antibiotic ointment packets (6)
- pain relief tablets (24)
- 4 oz. eyewash (1)
- cold packs (2)
- 2" elastic bandage (1)
- scissors (1)
- forceps (1)
- first aid guide (1)

S3851P 50-person first aid kit, weatherproof plastic case each 29.45

25-Person Weatherproof First Aid Kit (Pac-Kit)

This 25-person first aid kit keeps contents free from dust and moisture. OSHA-compliant box has easy carry handle or is wall mountable. Available in weatherproof stainless steel or plastic cases. Contains 143 pieces:

- 1" x 3" adhesive strips (60)
- fabric knuckle bandages (4)
- fabric finge tip bandages (5)
- 4" gauze pads (5)
- large wound pad (1)
- 4" gauze bandage (1)
- triangular bandage (1)
- adhesive tape (1)
- exam gloves (4)
- BZK antiseptic wipes (30)
- first aid/bu n cream packets (6)
- triple antibiotic ointment packets (6)
- 4 oz. eye wash (1)
- eye pads with strips (2)
- pain relief tablets (12)
- cold pack (1)
- scissors (1)
- forceps (1)
- first aid guide (1)

PK6100 25-person first aid kit, weatherproof stainless steel case each 26.83

S3852P 25-person first aid kit, weatherproof plastic case each 20.75

10-Person Plastic First Aid Kit (Pac-Kit)

This 10-person first aid kit features thermoformed interior tray to keep items neatly organized and accessible. It meets ANSI standards. It is wall mountable and includes a carrying handle. Contains 57 pieces:

- 1" x 3" adhesive strips (16)
- fabric finge tip bandages (2)
- fabric knuckle bandages (2)
- 3" gauze pads (4)
- large wound pad (1)
- 2" gauze bandage (1)
- triangular bandage (1)
- adhesive tape (1)
- exam gloves (4)
- BZK antiseptic wipes (10)
- first aid/bu n cream packets (6)
- triple antibiotic ointment packets (6)
- scissors (1)
- forceps (1)
- first aid instru tions (1)

PK90754 10-person first aid kit, plastic case each 22.50

Family First Aid Kit (WNL Products)

This innovative first aid kit is two kits in one. The complete kit features 5 zippered interior pockets, arranged by emergency category. Each pocket lists the contents on one side while the other side is clear to view pocket contents. Two of these zippered pockets can be removed to form its own compact first aid kit. The main kit is padded and includes a convenient webbed carry handle and a belt loop in back. This kit contains 108 pieces—enough for 8-10 people.

- combine pads 5" x 9" (2)
- pair scissors (1)
- pair tweezers (1)
- finger tip bandages (2)
- knuckle bandages (2)
- adhesive bandages 3/4" x 3" (25)
- adhesive bandage 2" x 4 1/2" (1)
- adhesive bandages 1" x 3" (5)
- adhesive bandages 3/8" x 1 1/2" (26)
- adhesive bandages 1.5" x 1 1/2" (5)

- first aid tape 1" x 10 yds. (1)
- sterile gauze pads 3" x 3" (5)
- sterile gauze pads 4" x 4" (5)
- triple antibiotic packets 0.9gm (5)
- BZK towelettes (5)
- hydrocortisone packs 0.9gm (2)
- hand sanitizer packs 0.9gm (4)
- emergency blanket (1)
- NexTemp thermometer (1)
- Patho-Shield Plus CPR barrier (1)
- triangular bandages (1)
- instant cold pack (1)
- vinyl gloves (pair)
- first aid instruction guide (1)

WNLFAK4100 Family first aid kit each 19.95

Raptor Medical Shears (Leatherman)

The Raptor combines six tools in one device in a polymer holster.

- **420HC stainless steeling folding medical shears**—Features serrations to help grip materials for a strong, fast cut. Shears also come apart for cleaning and maintenance.
- **Strap cutter**—An improved, high-carbon (HC) form of 420 stainless steel that works well with high production tooling.
- **Ring cutter**—The specially-designed cutter is placed under a ring made of soft metal, like gold, and used like scissors to remove it.
- **Ruler (5 cm)**—A precise measuring guide for determining length, up to 5 centimeters.
- **Oxygen tank wrench**—A rectangular cutout used to slot over an oxygen tanks to open; ideal for EMS, fire department or first responder use.
- **Carbide glass breaker**—A small, pointed tip made of carbide, a very hard material, which is ideal for shattering auto glass

LT831741	Raptor medical shears with MOLLE-compatible injection-molded polymer holster, black	each	80.00
LT832168	Raptor medical shears with utility holster, black	each	80.00

Para-Med Shears (Magnum Medical)

Designed to cut everything from sheet metal to gauze. Made of cold forged stainless steel.

A4515BK	Para-Med shears, 7 1/4" with carabiner	black	each	3.85

A4523	Forceps, curved Kelly, 5 ½"	each	1.23
A4530	Forceps, splinter sharp points	each	0.77

Umbilical Cord Scissors and Clamp (Magnum Medical)

G4353	Umbilical cord scissors	each	2.38
G4351	Umbilical cord clamp	each	0.54

Magill Forceps (Maco International)

N7131	Magill forceps, adult	each	4.62
N7132	Magill forceps, child	each	4.62

Splinter Forcep With Magnifie (Magnum Medical)

Enlarges view of splinter. Adjustable magnifier comes with protective case.

A4531	Splinter forcep with magnifie	each	1.52
-------	-------------------------------	------	------

Thumb Forceps (Magnum Medical)

Heavy duty stainless steel forceps, 5 ½"

A4524	Thumb forcep	each	0.80
-------	--------------	------	------

Disposable Scalpels (Dynarex)

Sterile, disposable, efficient and economical.

DY4110	Disposable scalpel, size 10	10/box	7.15
DY4111	Disposable scalpel, size 11	10/box	7.15
DY4112	Disposable scalpel, size 12	10/box	7.15
DY4115	Disposable scalpel, size 15	10/box	7.15

Safety Scalpels (BD)

Features locking retractable shield to minimize the risk of blade injuries.

BD372610	Safety scalpel, size 10	10/box	29.12
BD372611	Safety scalpel, size 11	10/box	29.12
BD372615	Safety scalpel, size 15	10/box	29.12

Adlite II® Penlight (ADC)

- Reusable penlight with attractive tapered barrel
- Measures 5" long, ½" diameter
- Activated by depressing pocket clip
- Uses two "AAA" batteries (included)

S3603	Adlite II penlight	each	3.39
-------	--------------------	------	------

Disposable Penlight (Southeastern)

High intensity penlight with pupil gauge

S3604	Disposable penlight with pupil gauge	each	1.10
ADC351P	Adlite disposable penlight with pupil gauge	6/pkg	9.99

Professional Rescue Kit and Holster (Southeastern)

Holster made of super tough nylon for unsurpassed durability. Items in holster:

- Kelly forceps, 5 ½"
- Paramedic scissors, 7"
- Penlight
- Bandage scissors, 5 ½"
- Knife
- Tourniquet

A4619	Professional rescue kit and holster	each	25.00
A4620	Holster only, blue	each	6.00
A4620B	Holster only, black	each	6.00

Responder Jr. Holster Only (ADC)

- Supertough water repellent 600D nylon lined with 8mm of cushioning foam
- Snap open belt loop reinforced with hook and loop adhesive
- 1 deep slide-in pocket in back; 2 half-width slide-in pockets in front
- Measures 7 ¼" x 2 ¾" x ½"
- One-year warranty

ADC205BK	Responder Jr. holster, vertical	each	6.70
ADC215BK	Responder Jr. holster, horizontal	each	6.70

Glove Pouch (R&B Fabrications)

- Holds four pair of gloves.
- Size 4" x 3"
- Conforms to the contour of your belt

A4750	Glove pouch, black	each	6.23
-------	--------------------	------	------

TRECK+ EMS Tool (Talon Rescue)

The TRECK+ is an alternative to trauma shears and seat belt cutters designed to simultaneously remove multiple layers of clothing without the use of trauma shears. TRECK+ works most effectively when drawn away from the patient using your wrist and arm. This gives access to wounds quickly, safely and easily.

- Slices multiple layers of clothing in one simple motion
- No blade changes (replace your TRECK+ about half as often as shears)
- Patented, corrosion-resistant, Teflon coated razor blade
- Five cutting surface layers, so it stays sharp longer than any other razor blade
- Safer and faster than shears

TRECK+HOLSTER	TRECK+ EMS tool with holster and sheath	orange	each	11.00
TRECK+	TRECK+ EMS tool	orange	each	11.50

Seat Belt Cutter (Magnum Medical)

A lightweight seat belt cutter. Will easily cut through webbing and cords with ease. Manufactured from high impact plastic with hardened stainless steel blade. 4.75" x 1.75".

M6503	Seat belt cutter		each	1.46
-------	------------------	--	------	------

Window Punches

- Specially hardened replaceable steel tip tempered to a Rockwell hardness of C60 resists dulling
- Force is adjustable by twisting rear cap for precise control
- Lightweight corrosion-resistant aluminum barrel has a knurled finish or positive grip
- Removable pen-type pocket clip

M6500	Window punch (by Magnum Medical)		each	3.08
ADC360	Window punch (by ADC)		each	11.24

Ring Cutter

A handy tool when a ring is difficult to remove. A lever slides a protective plate under the ring, and a thumb screw operates a miniature cutting wheel to saw through the ring band.

ADC380	Ring cutter (by ADC)		each	25.73
A4510	Ring cutter (by Magnum Medical)		each	5.94
A4511	Ring cutter blades (by Magnum Medical)		each	1.62

Rapid Heat and Cold Packs (Rapid Deployment)

Rapid Heat and Cold Packs' instant activation provides heat exceeding 130 degrees and cold below 32 degrees F. No more impact activation, leakage on patients or failures during storage. Features a convenient slip-off clip that activates the heat pack without impact. Zero percent failure guarantee ensures that Rapid Heat and Cold Packs will work every time.

S3545	Rapid Cold cold pack	24/case	29.40
S3546	Rapid Heat heat pack	24/case	32.51

Ice Kold (Duro-Med)

Soft, disposable cold packs provide instant relief. Operates at below 32 degrees F for approximately 30 minutes.

- Large bag measures 6"W x 8 1/4"H
- Remains cold approximately 30 minutes
- Easy to activate
- Useful for treatment of swelling, burns, nose bleeds, headaches and other injuries
- Has long shelf life

S3521	Ice Kold cold compress, 6" x 8 1/4"	24/case	14.76
S3522	Ice Kold cold compress, junior size	each	0.55

InstaKool™ Instant Cold Pack (Nortech Labs)

InstaKool Instant Cold Pack delivers immediate cold therapy for first aid, providing comfort and reducing swelling after an injury. This revolutionary formula is the first instant cold pack with National Security and Safety in mind. InstaKool is a urea-based formula that is ammonium nitrate-free and rivals the temperature ranges of previous cold packs. Exceeds American National Standard - Minimum Requirements for Workplace First Aid Kits (ANSI Z308.1-1998).

NLTKINST5748	InstaKool cold pack, 5" x 7"	each	0.80
NLTKINST6824	InstaKool cold pack, 6" x 8"	24/case	21.60

Kwik-Kold® Instant Cold Packs (Cardinal)

These single-use instant cold packs offer a convenient and cost-effective method of delivering localized cold therapy. Ready when you need them, the cold packs require no special preparation or refrigeration. Store them at room temperature and activate them in an instant with a firm squeeze and a gentle shake. Approximate peak temperature and therapeutic time duration: 33 degrees F, 30 minutes.

S3600	Kwik-Kold instant cold pack	16/case	8.83
S3601	Kwik-Kold instant cold pack	each	0.87

Instant Hot Pack (Dynarex)

- Provides soothing warmth
- Flexible material conforms to body contours
- Ideal for applications such as neck pain, arthritis, back injuries and shoulder injuries
- Treat muscle strains, aches, tension and cramps

S3527	Instant hot pack	24/case	13.85
-------	------------------	---------	-------

Kwik-Heat Instant Hot Pack (Cardinal)

This instant hot pack provides a safe, therapeutic temperature of 110 degrees F, with an approximate duration of 30 minutes.

S3602	Kwik-Heat instant hot pack	12/case	9.97
-------	----------------------------	---------	------

First Aid Spray (Pac-Kit)

Medicated spray to help relieve pain from minor burns. Also contains antiseptic to help prevent infection from burns, minor cuts and abrasions. Water soluble and non-staining.

S3715	First aid/burn spray, 4 oz pump	each	3.18
-------	---------------------------------	------	------

Alcohol Prep

Alcohol prep pads are absorbent non-woven cotton pads saturated with 70% isopropyl alcohol. Individually sealed in a foil packet.

KES3511	Alcohol prep pads, medium	200/box	2.36
S3510	Alcohol prep pads, medium	100/box	1.46
PK12-110	Alcohol prep pads, medium	100/box	2.46
S3512	Alcohol prep pads, large	100/box	3.00

Rubbing Alcohol

S3710	Rubbing alcohol, 70% ISO, 16 oz container	each	1.51
-------	-------------------------------------------	------	------

Hydrogen Peroxide

S3720	Hydrogen peroxide, 8 oz container	each	0.84
S3711	Hydrogen peroxide, 16 oz container	each	0.59
MDS098002	Hydrogen peroxide, gallon	4/case	37.44

Morgan® Lens (MorTan)

When an eye emergency happens, outdated lavage procedures can be catastrophic to the patient. The Morgan Lens is molded to fit the unique curvature of the eye and equipped with directional fin, attached tubing and an adapter. The Morgan Lens provides gentle, thorough, hands-free ocular irrigation and/or medication to the cornea and conjunctiva.

MT2000	Morgan lens	each	30.54
MT202	Morgan lens delivery set	each	8.08

Eye Magnet With Loop (Magnum Medical)

Strong magnet attracts loose metal particles when held 1/4" to 1" from the eye. Nylon loop picks up nonmetallic materials such as wood, aluminum, etc.

A4525	Eye magnet with loop	each	4.76
-------	----------------------	------	------

Eye Flush Solution

S3502	Eye flush solution, 1 z	each	2.23
S3508	Eye flush solution, 4 z	each	2.43
PK24-101	Eye flush solution, 16 z	each	6.77
PK24-201	Eye flush solution, 32 z	each	10.19
PK24-102	Eye flush station with wall mount. Includes two 16 oz bottles and eye cup.	each	20.95

Eye Care Kit (Pac-Kit)

- sterile eye pads (4)
- adhesive eye strips (4 sets)
- 4 oz eye flush bottle (1)
- sterile eye cup (1)

PK7-600	Eye care kit	each	5.12
---------	--------------	------	------

FOX EyeShield (Graham-Field)

- Lightweight 1060 aluminum
- Perforate convex eye shield with slots
- Autoclavable

13-1276	FOX EyeShield	12/box	13.00
---------	---------------	--------	-------

Sterile Eye Cups (Pac-Kit)

For use in eye irrigation treatment. Contains 10 individually wrapped sterile eye cups, capacity 0.75 fl z.

PK7-110	Sterile eye cups	10/box	7.65
---------	------------------	--------	------

S3901	Povidone Iodine, 16oz bottle	bottle	3.22

Obstetrical Kits (Dynarex)

A complete disposable OB kit with all the necessary components for emergency use. Contains:

- alcohol preps, medium (2)
- disposable towels (4)
- drape sheet (1)
- nylon tie-offs (2)
- o.b. towelettes (2)
- sterile vinyl exam gloves (pair)
- plastic bag to hold placenta (1)
- receiving blanket (1)
- sterile bulb syringe (1)
- sterile disposable scalpel (1)
- sterile gauze sponges (6)
- sterile o.b. pad (1)
- sterile umbilical clamps (2)
- twist ties (2)
- underpad (1)

G4350	OB kit, hard pack	each	8.15
G4352	OB kit, soft pack	each	10.00

Prep Razor

- double sided fi ed-head razor
- precision stainless steel blade for smooth shaving
- contoured handle for comfortable grip
- non-sterile

DY4251	Gallant prep razor	50/box	22.77
DYND70837	Prep razor, 2-sided, fi ed head	each	0.44

Save-A-Tooth®

Without proper care, the roots of a knocked-out tooth will die in 15 minutes. Even when re-implanted quickly, a tooth that has been handled improperly may be rejected, leading to a lifetime of bridgework repairs. Both children and adults suffer. Saving a tooth in milk is not an effective solution. With its use, over 90 percent of knocked-out teeth can be retained for life.

Premium Large Professional Trauma Bag (Kemp USA)

This popular bag featuring replaceable bottoms has been redesigned using 1680 Denier Ballistic Nylon to increase durability. High stress points have been reinforced with bartack and cross stitched. Also added are easy to access high visibility reflective zip pulls and a higher visibility reflective trim, while all of the standard features remain. It includes optimum organization, like a front pocket organized with elastic loops and pouches, an external, easy-access top pocket, and an internal pouch; suitable to accommodate the most modern supplies used by emergency professionals. This bag comes with all metal black nickel hardware, tuck-away padded backpack harness, as well as a gel foam padded shoulder strap. Dimensions: 17.5" x 13" x 10"; Weight: 5 lbs

Responder ALS 2900™ Bag (5.11 Tactical)

Engineered with feedback from EMS professionals in the field, the Responder ALS (Advanced Life Support) 2900 series provides first responders with a comprehensive and reliable storage solution that keeps everything you need within reach. The ALS 2900 features four removable color-coded EMS kit bags: an Airway Kit (blue), IV Kit (red), Advanced Drug Case, and Basic Drug Case, granting you access to the tools you need quickly and efficiently. A fold out front organizer with mesh pockets keeps smaller accessories in sight, multiple external pockets offer adjustable dividers for adaptable storage, and a removable heavy-duty garage secures a full sized oxygen tank. The adjustable shoulder strap/backpack system supports multiple carry options, and MOLLE/5.11 SlickStick® web platforms on both sides allow you to customize your loadout as you see fit.

Responder I Medic Bag (Conterra)

The Conterra Responder I bag carries all of your EMS supplies in one rugged compact unit. Made entirely out of ultra strong SI-TEX fluid proof fabric and high visibility reflective tape. The Responder I has a non-absorbent sure grip handle and opens via a huge #10 main zipper, making it the perfect choice for a vehicle response kit. The Responder I sports 10 internal pockets, 17 elastic loops and two removable dividers for your gear. The bag also has a full length zippered inside pocket and converts to a fanny pack for hands free use when climbing ladders or going over embankments. 14½" L x 8½" W x 7" H.

CTRB1	Responder I medic bag, blue	each	85.00
-------	-----------------------------	------	-------

Responder II Medic Bag (Conterra)

The Responder II is large enough to carry all your EMS gear but small enough to fit behind any car seat or in any storage compartment. The bag is made entirely out of ultra strong SI-TEX fluid proof fabric, and features a #10 coil zipper, high visibility reflective tape and a hideaway fanny pack suspension. Inside are 11 organizer pockets, 14 elastic loops, three removable dividers and an internal zippered pocket. The unique fold out front pocket is perfect for organizing ET tubes or storing assessment tools. The Responder II also has a new non-absorbent easy grip handle that can be carried even with turnout gloves on.

Aeromed Pack (Thomas EMS)

The Aeromed Pack is an extremely space efficient and durable pack most commonly used for ambulance, search and rescue, high rise rescue, helicopter or as a personal medical kit. In addition, it is an excellent specialty kit for trauma, pediatric, neonatal, burn, obstetrical, cardiac or respiratory patients. The placement and closure of the 13 pockets is specially designed to reduce the likelihood of equipment loss. The "D" rings on the back of the pack allow shoulder straps to be easily attached. The ladder frame of the pack can also serve as a splint when needed. 11" L x 12" W x 5" H.

--------	------------------------------	------	--------

Oxygen Cylinder Bag (Kemp USA)

The Kemp USA Cylinder Oxygen Bag is a durable oxygen duffel bag with a side pocket, created to hold and protect a “D” tank and regulator. This bag is part of the Premium Blue Line of Bags and is constructed using 1680 Denier Ballistic Nylon. The bag is completely padded inside with closed cell foam. It features eight interior mesh pockets, one extended side pocket to hold supplies and accessories, and has two interior straps to secure the tank. The clamshell design with a full zipper and highly reflective pull tab gives quick access to the tank. It comes with both handheld duffel straps and a removable padded shoulder strap, and is made of tough water resistant nylon with reflective trim and all metal black nickel hardware. If you need to get the tank out in a hurry, the entire inner padded lining is removable. Dimensions: 22” L x 11” W x 8.5” H; Weighs 2 lbs.

-------------	--------------------------------	------	-------

G3 Oxygen Module (StatPacks)

An emergency oxygen tank holder, designed to accommodate most “D” and Jumbo “D” tanks. This Oxygen Module may be considered to be a double cell in the StatPacks Third Generation Cellular System. It also fits nicely into some of the StatPacks Generation 3 main pack to help with any EMS oxygen therapy. Contents not included

- This Oxygen Module makes for a quick, easy to use, EMS oxygen bag
- Foam-lined construction maintains rigidity to securely hold oxygen tanks in packs
- Two adjustable locking cam buckles with strong Hypalon material that friction hold the tank firmly to the aluminum frame
- Hook Velcro on back panel attaches securely in packs
- Fits in Responder, Clinician, Tidal Volume, Back Up and Breather main packs
- 16.5” H x 5” W x 1” D

STPG33004GN	G3 Oxygen module, green	each	51.00
-------------	-------------------------	------	-------

G3 Tidal Volume Oxygen Pack (StatPacks)

Securely holds a regular or Jumbo “D” size oxygen cylinder. Accommodates the Oxygen Module. Multiple pockets help to organize breathing equipment, tubes, masks, BVM’s, and extra regulators. Carry your oxygen on your back, or hook it to a cot. Contents not included.

- Unique foam lined design keeps all Emergency Medical Equipment inside protected from breakage or the elements
- Outside accessible urethane window to see regulator oxygen level and to access the tank
- Padded shoulder strap doubles as shoulder sling, offering hands-free comfort during transport
- O2 wrench lanyard is located on the inside of this emergency oxygen pack to help ensure you never forget
- Main fabric is Tarpaulin with a one ounce urethane coating for easier cleaning and protection from the elements and BBP’s
- ID window to label any way you want to identify between other emergency oxygen packs
- Weighs 3.5 lbs. Dimensions: 22” H x 8” W x 9” D

SA:02 Oxygen Carry Bag, "D" Cylinder (Propak)

The SA:02 features a regulator access compartment with airway loops and an elasticized pocket. The removable pouch can carry airway accessories. The bag is padded to protect the cylinder and regulator.

PRSA02-GR	SA:02 oxygen bag for "D" cylinder, green	each	105.19
PRSA02-RE	SA:02 oxygen bag for "D" cylinder, red	each	105.19
PRSA02-RB	SA:02 oxygen bag for "D" cylinder, royal blue	each	105.19

Basic Oxygen Organizer (Conterra)

This basic kit can carry a steel "D", aluminum "D", or jumbo aluminum "D" bottle. The mesh pockets built into the lid can carry gloves and supply tubing. The generous outside pocket is large enough to fit a bag valve mask and V-Vac suction device, as well as oral or nasal airways, which can be organized in built-in elastic keepers. The outside of the kit is built with Cordura nylon for years of dependable service. Add a #10 coil zipper "quick open" top, fluid proof grab loops, and you've got a kit that will give you years of faithful service. Recommended for first response use only. Not for daily ambulance duty. O₂ tank shown not included.

Premium Ultimate Backpack (Kemp USA)

The redesigned Premium Ultimate Backpack is built using 1680 Denier Ballistic Nylon. High stress points have been reinforced with bartack and cross stitched. The backpack has two large front pockets that measure 10" x 13" x 3" and a lower pocket that features elastic loops on the inside. The upper pocket comes with a zippered pouch on the outside. On the sides it features two pockets 19" x 7" x 4". The one on the right comes with dividers and the pocket on the left comes with 4 standard size removable pouches. All zippers have a high visibility reflective zip pull to ensure quick and easy access. Upon opening the large pocket of the bag you see three large utility pouches and one extra-large utility pouch. On the bottom of the bag is a strap to hold a D Tank Cylinder. This bag comes with highly visible reflective trim, all metal black nickel hardware, molded feet on the bottom for extra protection and handles if the person decides to carry it. Dimensions: 13" x 16" x 25". Weight: 9 lbs.

MOAB™ 6 and MOAB 10 Backpacks (5.11 Tactical)

MOAB 6

MOAB 6 is a small sling pack with modular storage expandability. It can act as a tactical pack, a grab-and-go bag, or a quick and easy shoulder pack for school or travel. The ambidextrous padded strap is fully adjustable, while a tech pocket at the shoulder holds a phone or iPod and provides pass-through access for headphones. A quick stash pocket at the rear offers covert storage, and an internal water bottle pocket helps you stay hydrated. Sturdy, lightweight 1050D nylon. 10.5" H x 9" L x 5" D.

MOAB 10

MOAB 10 is a high performance tactical go bag that gives you plenty of room for gear and accessories. The ambidextrous padded strap is fully adjustable, while a coms pocket at the shoulder provides pass-through access for headphones. A covert pocket at the rear is TacTec System™ compatible and large enough for a sidearm, while an internal water bottle pocket includes a pass-through port for easy hydration. Sturdy, lightweight 1050D nylon. 18.25" H x 9" L x 5.25" D.

PK:08 and 09 Trauma Medical Packs (Propak)

The PK:08 and PK:09 are commercial grade backpacks that are versatile and able to be configured in several different ways. If you wish to carry oxygen, the pack is equipped with both vertical and horizontal mounting hardware. The PK:09 features extra side pockets and oxygen outlet through the side pocket. Both designs come with a very comfortable fully adjustable pack system which can be hidden away to keep the straps from interfering on calls where a pack is not required.

Equipment Bags and Cases ■ Intubation Modules

Intubation Bag (Kemp USA)

The KEMP Intubation Bag is designed specifically to help organize supplies required to do a successful intubation in the field. It has enough space to hold ET tubes, a full set of airways and laryngoscope with its blades. This EMS Intubation Bag is equipped with numerous elastic loops of varying sizes and lengths for tape storage with easy organization and quick access for all your supplies. The black nylon webbing handles are strong and durable; they have the ability to withstand large forces of pressure. This intubation bag is equipped with two large Velcro strips on the back to make attaching and transporting the Intubation Bag easy and convenient. 9" x 12" x 3.5"

KB10-116	Intubation bag, royal blue	each	30.00

Airway-Pro™ Airway Kit (Conterra)

This rugged kit is built to withstand the everyday abuse of street EMS. It is built entirely of Conterra's exclusive SI TEX fabric, which is totally fluid proof and over five times stronger than the Cordura fabric used on other brands of airway kits. The fully padded Airway-Pro opens with a single huge #10 coil YKK® zipper to reveal a main compartment that is divided into three parts for organizing your O₂ equipment. It has the ability to carry a "D" or Jumbo "D" oxygen cylinder. The top flap is lined with Veltex fabric and can accept any of Conterra's MOS modular organizers. The kit itself comes with two detachable vinyl window pockets for organizing tubing and delivery devices and an elastic strap for your oral or nasal airways (you can add as many additional straps as you need). The top flap has a full length zippered compartment that can hold combi-tubes or several C-collars. The Airway-Pro also sports three fluid-proof handles and fold-away back pack straps. Contents not included.

Omni Pro™ BLS/ALS Total System (Meret)

The Omni Pro is the foundation for a system of TS2 Ready bags that are interchangeable, allowing you to attach additional TS2 Ready modules to the bag's sides depending on your requirements. The Omni Pro's internal main compartment can be completely customized for small and large items using the innovative SLIDER system. Overlapping panels secure internal contents and provide access to TS2 Ready Deep Stuff pockets and tickit Strips. The bag opens completely facing one direction, providing access to all compartments without moving the bag. The bag is ergonomically designed for use as a backpack, shoulder bag, can be carried briefcase style, or can be grabbed from any position using a system of light weight comfort-grip side handles. Dimensions: 15" x 22" x 9 1/2" Weight: 6lbs, 10oz standard, 7lbs 7oz infection control. M4L Lifetime Warranty.

M.U.L.E.™ Pro Response System (Meret)

The M.U.L.E. Pro Multi-Use Large Equipment Response System is a field- tested roller bag, a harness style backpack, can be carried as a briefcase, can carry up to 4 TS2 Ready modules to expand its capacity by more than 50%, can be completely internally customized, and is backed by the Meret M4L lifetime warranty. Constructed from waterproof, durable, wipe-clean tarpaulin that's designed to easily clean and remove blood borne pathogens, this response system is the foundation for a system of TS2 Ready bags that are interchangeable, allowing you to attach additional TS2 Ready modules to the bag's sides depending on your requirements. The main internal compartment can be completely customized for small and large items using the innovative Slider system while 3 outer pockets offer quick access to equipment when you're on the move.

MUM5107	Mule Pro infection control response bag, black	each	339.95
---------	------------------------------------------------	------	--------

First-In™ Pro Sidepack System (Meret)

The First-In Pro is a hands-free solution, ergonomically designed for use as a sidepack or shoulder/cross-body bag. Using EZ-Grab pull bars, the two top panels quickly open to a main compartment that can be customized for small and large items using the innovative Slider system. Flip-out webbing straps allow you to attach tape rolls that can be rapidly deployed while they are still attached to the bag. Shears, pens, and pen lights can be inserted and secured into their respective pouches on the front of the bag for easy access. Reinforced side webbing offers dual radio and pager mounts. A stress reducing waist belt system uses wide webbing, a large easy-to-use buckle, and a padded lumbar pad to reduce pressure on the side or lower back. Using the included shoulder strap, the waist straps can be concealed into a rear compartment to convert the First-In Pro into a shoulder bag. The First-In Pro has interchangeable TS2 Ready components and offers the ability to attach an additional TS2 Ready module to the front of the bag depending on your requirements. Dimensions: 7.25" x 12.5" x 5". Weighs 1 lb, 12 oz. Standard M4L lifetime warranty.

G2™ Pro Grab 2 Go Quick Aid System (Meret)

The G2 Pro Grab 2 Go Quick Aid System is the perfect BLS bag for the first responder who wants a small but very organized solution for their equipment. As a miniature version of the popular Omin Pro, the G2 Pro offers the same customizability but in a smaller briefcase style design. It is constructed from waterproof, durable, wipe-clean tarpaulin that's designed to easily clean and remove blood borne pathogens. The G2 Pro's internal main compartment can be completely customized for small and large items using the innovative mini-Slider system. Overlapping panels secure internal contents and provide access to TS2 Ready Deep Stuff sockets and Stickit strips. An outer zippered pocket provides organization for pens, phones, or any other smaller items you would typically carry in your personal briefcase. The bag opens completely facing one direction, providing access to all compartments without moving the bag. A system of grommet holes allows all compartments to be air dried while the bag is completely closed. The bag is ergonomically designed and can be grabbed from any position using a system of light weight handles. Dimensions: 15" x 12" x 6"; Weighs 4 lbs 3 oz. M4L lifetime warranty.

Product Features and Benefits

Our product design teams are always on the prowl for problems to solve based on real-world feedback from our customers worldwide. As a result, 5.11 Tactical® products are loaded with features inspired by operator experience. To effectively communicate 5.11's arsenal of technical

features and situation-specific functionality, we have developed this icon key to help you discover and evaluate our products' features and benefits.

 **Air Flow** Constructed with mesh panels, vents, and/or a cape back for maximum airflow.

 **Adjustable Waistband** Made with a self-adjusting or elastic waistband for flexibility when carrying an inside the waistband (IWB) holster.

 **Antimicrobial** Antimicrobial technology inhibits the growth of bacteria.

 **CCW Ready** Designed and built to confidentially carry a concealed sidearm.

 **Comms Ready** With product features built to accommodate cable routing, radio equipment, and/or writing tools.

 **Device Ready** Designed for easy transportation of smart phones, MP3 players, or other similar handheld devices.

 **Document Ready** Document features like 5.11's patented chest utility pockets and windows on select bags.

 **Gear Ready** Designed and built to serve as a load-bearing platform.

 **High Bartack Count** Product is built with a large quantity of reinforcing bartacks.

 **Hydration Ready** Built to carry a hydration bladder.

 **ID Panels** Built with customizable ID panels that can be stowed away or shown for agency identification.

 **Inspection Ready** Fabric and construction features designed to promote a neat, clean, and professional appearance.

 **Kneepad Ready** Product is built to accommodate 5.11's neoprene knee pad (59008 available separately).

 **Laptop Ready** Built with a laptop-compatible compartment.

 **Load Ready** Created with construction features like flatlock that allow comfortable wear underneath load-bearing or ballistic equipment.

 **Moisture Wicking** A fabric function that helps transport moisture (sweat) away from your skin.

 **Performance Ready** Built with stretch fabric or articulation and/or gussets for range of motion.

 **Pocket Count** The number of pockets.

 **Polar Ready** A rating of 1-5 for cold weather performance. 5 is warmest.

 **Rain Ready** A rating of 1-5 for water resistance. 5 is fully seam-sealed waterproof.

 **RAPIDDraw** Designed and built with features to allow the fast presentation of a concealed sidearm.

 **Reinforced Zones** Features reinforced or double-layer fabric in high wear zones like the seat, knees, and elbows.

 **UV Protection** Ultraviolet protection factor.

 **Women's Fit** Products are designed and fitted specifically for women.

Sizing Instructions

Using measuring tape, measure your body (not over clothing) and refer to diagram as a guide. If you fall between sizes, order the smaller size for a tighter fit or the larger size for a looser fit.

Men: Utilize your chest, arm length, and neck measurements to determine the proper size for tops, outerwear, or jumpsuits; utilize your waist measurement (where you wear your pants) for bottoms.

Women: Utilize your chest measurement to determine the proper size for tops, outerwear, or jumpsuits; utilize your waist (smallest part) and hip measurements for bottoms; utilize your waist measurement (where you wear your pants) for belts.

Men's Body Measurements

Alpha Size	XS	S	M	L	XL	2XL	3XL	4XL	5XL	6XL
Neck	13-13 ½	14-14 ½	15-15 ½	16-16 ½	17-17 ½	18-18 ½	19-19 ½	20-20 ½	21-21 ½	22-22 ½
Chest	30-32	34-36	38-40	42-44	46-48	50-52	54-56	58-60	62-64	66-68

Rapid Assault Shirt

TAA AVAILABLE

What happens when you combine two exceptional fabric blends into one rugged shirt? You get the ideal tactical base layer. The body of the Rapid Assault Shirt is built from moisture-wicking poly/cotton/spandex for durability, breathability, and stretch. The shoulders and sleeves are made of poly/cotton ripstop and feature angled sleeve pockets, just in case the shirt wasn't tough enough. With a zip-up collar, flat-lock seams for comfort, and saddle-shoulder design, you'll be ready for anything. Imported.

Patrol Duty Uniform®

In order to progress you must have an understanding of the past. Rooted in tradition, the uniform for peace officers is a symbol of authority and professionalism. We continue to honor the traditional uniform by creating a functional garment for the contemporary peace officer. That evolution of tradition leads to lighter and stronger fabrics, uniforms with enhanced functionality and comfort, and enhanced officer safety.

To this aim, we have introduced our innovative Taclite® fabric to the PDU® (Patrol Duty Uniform®) and created the Go Pant for the female officer. These innovations are the result of constant feedback we receive from operators in the field and Law Enforcement agencies around the globe. We are honored to be the brand of choice for such agencies, and we will continue to live up to their high standards. UPF 50.

PDU® Benefits:

- + Comfortable and breathable
- + Superior fade-resistance
- + Wash-and-wear fabric saves laundering costs
- + No dry cleaning

Patrol Duty Uniform® Shirts are available in 5.8-oz. twill or 4.4-oz. Taclite® ripstop. All PDU® shirts are made from 65% polyester 35% cotton and feature a Teflon® finish for stain- and soil- resistance. PDU shirts come with epaulettes, badge tabs, and a front zippered placket. PDU shirts also include armpit vents, a mic-cord pass-through, and adjustable cuffs.

Twill or Taclite® Ripstop?

Twill is a traditional uniform fabric and drapes well. Our PDU Twill is a blend of 65% polyester and 35% cotton for easy wear and care.

Fabric Weight:
Shirts - 5.8-oz (197 g/m²)
Pants - 7.3-oz (248 g/m²)

Taclite® Ripstop is a highly durable and breathable fabric with a subtle ripstop pattern built in. Taclite Ripstop is a blend of 65% polyester and 35% cotton for easy wear and care.

Fabric Weight:
Shirts - 4.4-oz (149 g/m²)
Pants - 6.1-oz (207 g/m²)

PDU® are finished with Teflon® fabric protector to repel soil and stains.

Front zipper placket

Mic wire pass-through

Hidden utility pocket (B-Class)

Bi-Swing shoulders

Trainer and Operator Belts

Popular among law enforcement professionals, 5.11®'s Trainer and Operator belts are constructed from ultra-strong nylon mesh and features a stainless steel buckle with a 6,000 rating. Ideal for on- and off-duty wear, the Trainer Belt supports your holster and accessories without sagging, bending, or losing shape. With heavy, reinforced stitching, the Trainer Belt can also quickly convert into a secure tie-down, carry strap, or emergency harness. Now that's utility. Imported.

59409 Trainer Belt (1-1/2" (38mm) w/ matte stainless buckle) | Charcoal 018, Tundra 192, Sandstone 328 | S-4XL (2XL+ \$44.99) | **\$39.99**

59409 Trainer Belt (1-1/2" (38mm) w/ black buckle) | Black 019, Coyote 120, TDU Green 190 | S-4XL (2XL+ \$44.99) | **\$39.99**

59405 Operator Belt (1-3/4", visually similar to Trainer, but heavily stiffened (not pictured)). | Black 019, Coyote 120, TDU Green 190 | S-4XL (2XL+ \$44.99) | **\$39.99**

Traverse™ Double Buckle Belt

The Traverse Double-Buckle is a superior multi-purpose belt, featuring ribbed-weave 1-1/2" nylon webbing for enhanced strength and durability in a comfortable, low-profile design. The Traverse Double-Buckle resists rolling and supports your holster and sidearm. A belt that offers peace of mind. How about that. Imported.

59510 Traverse Double Buckle Belt | Black 019, Storm 092, Battle Brown 116, Sandstone 328 | S-2XL (2XL+ \$34.99) | **\$29.99**

TDU® Belt

A convenient tactical or patrol belt that excels in a wide range of environments, our 1-1/2" TDU Belt quickly converts into a secure tie-down or secondary carry strap. Crafted from tear-resistant nylon, the belt features a durable non-metallic buckle that won't set off metal detectors. Functional and affordable, it's a versatile addition to your wardrobe. Imported.

59551 TDU 1.5 Belt | Black 019, Coyote 120, TDU Green 190 | S-4XL (2XL+ \$19.99) | **\$17.99**

59552 TDU 1.75 Belt | Black 019, Coyote 120, TDU Green 190 | S-4XL (2XL+ \$19.99) | **\$17.99**

Double-Duty TDU® Belt

Featuring a dual-layer reversible design with two different color options, the 1-1/2" Double-Duty TDU Belt offers exceptional versatility and efficiency. Crafted from tear-resistant nylon, the belt incorporates a durable non-metallic buckle ideal for air travel and EOD. An easy thread belt tip ensures ease of use, and five-row stitching delivers stability. Two great belts in one. Imported.

59567 1.75" Double-Duty TDU Belt | Black/Coyote 120, Black/TDU Green 190 | S-4XL (2XL+ \$27.99) | **\$22.99**

59568 1.5" Double-Duty TDU Belt | Black/Coyote 120, Black/TDU Green 190 | S-4XL (2XL+ \$27.99) | **\$22.99**

REGULAR FIT

Packable Jacket

Have you ever looked at a cargo pocket and thought, "I need a jacket that fits in there." Thanks to 5.11, you've got one. The Packable Jacket consists of a durable 100% polyester shell, features mic loops, hidden utility pocket, and hand-warmer pockets, and best of all, it folds cleanly into its own pocket so that you can carry it anywhere, toss it in your truck, or keep it in your gear bag. Quick, easy protection from wind and rain. Imported.

* Non-waterproof only

EVO Boots feature D30 Impact Protection built into the footbed and securely encased by our stitched-down sole.

D30 is a patented technology used to create a soft and flexible shock-absorbing material featuring unique molecular properties. In standard conditions its molecules flow freely, but on impact, they lock together to absorb impact energy and reduce the force transmitted.

NEW**Speed 3.0 5" Boots**

First, we invented Speed. Then we built a faster, more durable Speed 2.0. Now, meet Speed 3.0, an exceptional entry-level, multi-purpose tactical boot. Revolution™ Carrier (Armor Express)

The Revolution is AE's top of the line concealable carrier system. Loaded with features, the Revolution sets the mark for superior design with attention to detail, while offering maximum comfort, breathe-ability and durability. The shoulder area offers 3mm thick padding. The low profile padding is porous in nature allowing warm moisture laden air to pass through as it cushions the area thus helping to relieve any potential discomfort.

The Revolution utilizes superior microfiber nylon for its exterior shell material. The slightly denser material results in greater durability and longevity. It is also water repellent and anti-static treated. The standard Revolution carrier inner lining consists of Breeze Knit™, a moisture wicking, antimicrobial material that provides evaporative cooling. Upgrades are available for the Revolution carrier: (1) add a Scent-Lok inner lining for even more odor control, (2) add the Thor Shield™ to your liner for protection from stun devices such as Taser™, (3) add the Tactical Upgrade to your Revolution offering: a hide-a-way medical information strip, a hidden knife pocket, and ID Badge Hook and Loop.

Plates are not included. To discuss the plates best for your situation, contact your Southeastern District Sales Manager or call (800) 334-6656.

Rapid Base Plate Carrier (Armor Express)

The Rapid Base Plate Carrier offers a simple and effective tool for any active shooter scenario. Easy to put on, and modular enough to carry any custom load out (magazines, tourniquet, IFAK, etc.), this vest gets the job done and fits nicely in both a cramped trunk as well as your budget. The plate pockets accommodate NIJ III and IV hard armor plates, capable of stopping center fire rifle rounds, ideally placed over your soft lower level duty armor.

Plates are not included. To discuss the plates best for your situation, contact your Southeastern District Sales Manager or call (800) 334-6656.

AERAPIDBASE	Rapid base plate carrier	each	172.99
-------------	--------------------------	------	--------

Responder Base Plate Carrier (Armor Express)

The Responder Base Plate Carrier provides a robust and layered platform for any active shooter response. With reinforced padding for extended duty, this rig is modular enough to handle your custom kit (magazines, tourniquet, IFAK, etc), while keeping you agile enough for any change in environment. The plate pockets accommodate level III and IV hard armor plates, capable of stopping center fire rifle rounds, and front utility pockets offer extra storage for needed gear.

Plates are not included. To discuss the plates best for your situation, contact your Southeastern District Sales Manager or call (800) 334-6656.

Agent Ballistic Vest (North American Rescue)

The Agent Ballistic Vest, formerly known as the ELSA™ (Emergency Life Saving Armor™), is an innovative, lightweight and compact armor carrier system that can be used as an individual carrier, a Level IIIA soft armor system, a Level III/IV hard armor system or a combination soft and hard armor system. Designed to provide 11" x 14" soft armor and/or 10" x 12" hard armor front and rear coverage in a small, discreet storage configuration. It quickly and easily deploys with one swift pull of the YKK zipper and quickly transforms into a customizable, mission-configurable soft/hard armor carrier system.

- Fully adjustable hook and loop internal soft armor and hard plate stabilizers
- Front and back, hook and loop, high visibility ID panels
- Front and back, Mil-spec MOLLE modular attachment system (PALS compatible)
- Fully adjustable, padded shoulder straps, with adjustable quick release shoulder and side straps for a comfortable fit

- 4" high-strength emergency bandage (1)
- Quick Clot rolled gauze, 3" x 4" (1 roll)
- MidKnight nitrile glove, XL (2 gloves)
- 28FR Robertazzi airway (1)
- Lubricant packet (1)
- Padded pouch (1)

SEEASK-A	Active shooter response kit, advanced	each	150.40
SEEASK-B	Active shooter response kit, basic	each	129.40

SAM Chest Seal (SAM Medical)

The SAM Chest Seal is an occlusive dressing designed to treat open chest wounds, a life-threatening situation that could lead to tension pneumothorax. This is the second-leading cause of preventable death on the battlefield. It is available with or without valve. The valved version features a one-way valve when its cap is removed. This provides for low-resistance flow of air out of the chest cavity while preventing ingress. The dome design protects against occlusion from direct external pressure.

- Adheres despite the presence of blood, sweat, hair and sand
- The pouch, dressing backing, and tabs provide optimal contrast for visibility in normal light, low light, and night conditions (using a night vision device)
- Vacuum packed tear and peel pouch

SECS062014	SAM Chest Seal combo pack containing one each of Chest Seal with valve and without valve	2/pkg	1,464.00
SECS062010	SAM Chest Seal with valve, 9.2" x 7.6"	1/pkg	22.49
SECS062011	SAM Chest Seal without valve, 9.2" x 7.6"	2/pkg	27.99

Celox™ Hemostatic Gauzes (Celox)

Celox is a high performance granular hemostatic designed to stop a lethal bleeding fast. It is easy to use, extremely effective (clots blood in 30 seconds), and safe (is a CE Marked Class III Medical Device.) It also does not generate heat and will not burn the casualty or care giver. Celox works independently of the body's normal clotting processes. Its clotting ability has been proven to work in hypothermic conditions and in the presence of common anticoagulants such as Coumadin.

SEC42900-A	Celox hemostatic gauze, 6 gram via barrel and plunger (supplied)	each	29.00

FG08838011	Celox hemostatic gauze, Z-fold, 10'	each	43.31

The Emergency Bandage (First Care)

The Emergency Bandage is a first-aid treatment device for the staunching of blood flow from traumatic hemorrhagic wounds in pre-hospital emergency situations. It consolidates the numerous, currently used treatment equipment into a single unit.

- **Pressure Applicator**—Creating the immediate direct pressure to the wound site
- **Secondary Sterile Dressing**—Keeps the wound area clean, and the pad and pressure on the wound firmly in place, including immobilization of the injured limb or body part
- **Closure Bar**—Enabling closure and fixation of the Emergency Bandage at any point, on all parts of the body; no pins and clips, no tape, no Velcro, no knots
- **Quick and easy application and self-application**—Designed with the end-user in mind; for the first-aid trained and the lay care-giver
- **Non-adherent pad**—Eliminating the risk of causing pain and having the wound re-opened upon removal of the bandage

FCP-01	The Emergency Bandage, 4"	green	each	7.45

Combat Application Tourniquet® (C-A-T) (North American Rescue)

The Combat Application Tourniquet (C-A-T) is a small and lightweight one-handed tourniquet that completely occludes arterial blood flow in an extremity. The C-A-T uses a Self-Adhering Band and a Friction Adaptor Buckle to fit a wide range of extremities combined with a one-handed windlass system. The windlass uses a free moving internal band to provide true circumferential pressure to an extremity. The windlass is then locked in place; this requires only one hand, with the Windlass Clip™. The C-A-T also has a Hook-and-Loop Windlass Strap™ for further securing of the windlass during patient transport.

Individual First Aid Kits (IFAK) (Southeastern)

We have created two Individual First Aid Kits (IFAK): Advanced and Basic. Both kits are contained in a black 5.11 UCR IFAK Pouch (item 56300).

IFAK Advanced

- Combat Application Tourniquet (C-A-T) (1)
- Quick Clot rolled gauze, 3" x 4" (1)
- Hyfin Vent chest seal (1)
- High strength emergency bandage, 4" (1)
- MidKnight black nitrile glove, XL (pair)
- IV catheter, Angiocath, 14ga x 3¼ (1)
- Vaseline gauze, 3" x 9" (1)
- Cloth/silk tape (roll)
- Para-Med scissors, 5 1/2 (pair)
- Robertazzi nasal airway, 28fr (1)
- Surgical lubricant packet (1)
- UCR IFAK pouch (1)

IFAK Basic

- Combat Application Tourniquet (C-A-T) (1)
- Quick Clot rolled gauze, 3" x 4" (1)
- Hyfin Vent chest seal (1)
- High strength emergency bandage, 4" (1)
- MidKnight black nitrile glove, XL (pair)
- Surgical lubricant packet (1)
- UCR IFAK pouch (1)

SEEIFAK-A	Individual First Aid Kit (IFAK), advanced	each	138.00
SEEIFAK-B	Individual First Aid Kit (IFAK), basic	each	128.00

MAT® Tourniquet (Pyng)

The MAT Tourniquet is a versatile and efficient tourniquet, providing fast application, simple and effective one-handed operation. Stops blood loss with complete occlusion in about 30 seconds. Designed to be self-administered by individual military personnel or civilians—as well as used by medical personnel—it is the only tourniquet that meets all U.S. Department of Defense performance requirements.

CYMAT1	MAT Tourniquet	each	32.31
--------	----------------	------	-------

Racheting Medical Tourniquets (RMTs™) (RMT)

RMTs are self-locking tactical tools for hemorrhage control. Applies precise mechanical pressure. Racheting sound when activated. Simple, intuitive "gross motor" operation.

SMART TRIAGE

The most widely used system in the world, the SMART Incident Command System™ is a scalable approach to triage, working from the first responder on scene through the evacuation process to the receiving hospital.

- Download **FREE** Layer App (from your App Store)
- Scan this page
- View custom product info

Smart Tag™ Triage Tag (Kingfisher)

The Smart Tag is a comprehensive all-risk Triage Tag. The folded design allows for effective triage that is quick and simple, allowing you to reprioritize your casualty quickly without losing information. Made from durable materials, the Smart Tag will survive the worst of conditions. The highly visible design enables quick identification of patient priority, speeding up the treatment of critical patients.

KF73215	Smart Tag triage tags, pkg of 10	10/pkg	18.98
---------	----------------------------------	--------	-------

Smart CBRNE Tag™ (Kingfisher)

The ultimate resource for improving casualty management at scenes suspected to involve nuclear, chemical or biological agents. The Smart CBRNE Tag works alongside the Smart Tag to enable responders to clearly identify those casualties who may have been exposed to contaminants. The Smart CBRNE Tag provides a format for you to record details of the contaminating agents (if known), giving those involved in the treatment of the casualty as much information as possible to assist them in that treatment. The decontamination panel clearly identifies patients who have been decontaminated and records the details of that process. This assures the receiving facility that the casualty poses no secondary contamination risk. The Smart CBRNE Tag is included as standard in the Smart Triage Pack.

KF73221	Smart CBRNE tag, contains 20 tags	20/pkg	19.99
---------	-----------------------------------	--------	-------

Smart Triage™ Pack (Kingfisher)

Holding all the tools you need to carry out rapid effective triage for adults and children, the Smart Triage Pack will allow forward incident personnel to initiate a systematic approach that has proven invaluable in incidents throughout the U.S. and across the world. Compatible with START or any other triage assessment method, the Smart Triage Pack is useable by responders of any level. Its compact design allows for easy storage allows for easy access to contents while the universal attachment will fit over any belt allowing your hands free to render aid.

Standard contents include 20 Smart Tags, 20 Smart CBRNE Tags, a Smart Tape™ and lightsticks for identifying casualties in low light.

KF73212	Smart Triage pack	each	169.99
---------	-------------------	------	--------

Smart TRI™ Pack (Kingfisher)

The Smart Triage & Rapid Intervention (TRI) Pack allows you to perform rapid lifesaving interventions while conducting effective triage. Designed around the equipment most frequently selected to address immediately life threatening conditions typical at a multiple casualty incident. Guided by customer feedback and data from recent incidents, which clearly shows the need for medical equipment such as trauma dressings, tourniquets, airways and chest seals at the incident site. The Smart TRI Pack has been designed to be a valuable resource to the responder, providing them vital equipment, without the need to take a complete trauma bag into the scene. The Smart TRI Pack allows the delivery of rapid lifesaving interventions at point of wounding.

Standard contents include 20 Smart Tags, 20 Smart CBRNE Tags, a Smart Tape and lightsticks for identifying casualties in low light.

KF73257	Smart TRI (Triage and Rapid Intervention) pack	each	224.99
---------	------------------------------------------------	------	--------

Smart Commander™ (Kingfisher)

The Smart Commander enhances your scene management by providing easy access to clearly structured control boards, detachable to assist information handover and flexible enough for an efficient on-scene response. Designed for ease of use, the Smart Commander acts as a mobile command point, providing a structured response to both routine incidents and multiple casualty events. This flexible tool kit has proven to be effective all over the world, with additional CBRNE, Fire, Ground and Hospital control boards available for specific incident response (not shown). The detachable control boards enable an ordered reporting system and an efficient handover that speeds up decision making

Smart Active Shooter Control Boards are clearly laid out to assist law enforcement and EMS to work efficiently together promoting a unified command. Internal asset tracking panels allow for clear accountability of personnel on scene coupled with internal spaces for incident plans and the storage of building plans for pre-assessed high threat locations (such as high schools or stadiums). The external control boards give a clear overview of the scene and allow incident commanders to brief rescue task force personnel clearly on what to expect prior to entering the scene. These control boards allow rescue task force leaders to be ready and properly equipped to coordinate an effective and unified response.

KF73211	Smart Commander with EMS incident control boards	each	209.99
KF73256	Smart Commander with hostile threat/active shooter control boards	each	259.99

Smart MCI Bag™ (Kingfisher)

The Smart MCI Bag is a complete grab bag enabling rapid response with all the resources required to manage triage at a mass casualty event. The Smart MCI Bag comes with four complete Smart Triage Packs, a Smart Commander and additional space for other MCI Response equipment. It is the ideal resource to resupply an ongoing incident or set up a medical command post at a pre-planned event (such as a town fair or large sports event). The Smart MCI Bag has also been adopted by many emergency departments as their frontline response to triage when receiving casualties from a large scale event.

KF73210	Smart MCI bag	each	924.99
---------	---------------	------	--------

IFAK Individual First Aid Kit (Kingfisher)

The IFAK comes fully stocked with specialized medical equipment to treat one casualty, a Priority 1 triage tag and a dead triage tag. Both tags have illumination capabilities for low light or decreased visibility conditions. The IFAK is compact in size and completely MOLLE compatible. Contents can be fully customized based upon your agency's protocols.

KF76656	IFAK individual first aid kit	each	109.95
---------	-------------------------------	------	--------

Smart Pediatric Triage Tape™ (Kingfisher)

The Smart Pediatric Triage Tape is specifically designed to best assess the severity of the injuries to child casualties. Provides rapid, safe, accurate triage of injured children at a multiple casualty scene. The Smart Pediatric Triage Tape is the ONLY evidence-based approach to pediatric triage.

Adult-based assessment methods are not suitable for the triage of children. The stresses of an MCI and the emotional reaction to the presence of multiple injured children can make it easy to over prioritize child casualties beyond the seriousness of their condition and over that of potentially more critically injured adults.

KF73214	Smart pediatric triage tape	each	46.99
---------	-----------------------------	------	-------

SmartSafe™ Property Bags (Kingfisher)

SmartSafe Property Bags are a quick and easy way to keep track of your patient's belongings. They are secure, durable and easy to use and will hold the patient's valuables such as wallets, watches, jewelry, glasses, teeth as well as clothes and shoes. What's more, each SmartSafe Property Bag comes with a unique bar code tracking system, ensuring your patient's belongings are returned to them safely after treatment. The handover of belongings from ambulance to hospital staff is simple and without fuss.

KF73250	SmartSafe property bags, small, 9½" x 11½"	25/box	30.95
KF73251	SmartSafe property bags, large, 25½" x 24"	10/pkg	23.99

Smart Education Pack™ (Kingfisher)

The Smart Education Pack provides a complete package for you to present an MCI Training session. The pack includes an instructors CD, a training DVD and a set of exercises to work through with your students and gives you everything you need to run training, in not only the Smart Incident Command System™ but also multiple casualty incident response in general.

KF73220	Smart education pack	each	219.95
KF73238	Smart education pack for Illinois and North Carolina specific tions	each	219.99

Trauma Kit, 5-Patient (Southeastern)

Each kit will treat 5 patients who are classed as “The Walking Wounded”

- Elastic bandage (1)
- #4 airways (2)
- Scissors (1)
- CPR mask (1)
- Triple antibiotic ointment (5)
- Cold packs (2)
- Safety pins (4)
- 3 x 9 vaseline dressing (1)
- Eye pads (4)
- Rescue blankets (2)
- Ammonia inhalants (2)
- Vinyl gloves (10)
- Triangular bandages (2)
- Penlight (1)
- 5 x 9 combine pads (5)
- 1” tape (1)
- Bulb syringe (1)
- 4 x 4 gauze pads (10)
- Eye wash 4 oz. (1)
- Bio waste bag (1)
- 4” roll gauze (4)
- 4 x 4 burn dressing (2)

92700	Five-patient trauma kit	each	56.40
-------	-------------------------	------	-------

All Risk® Triage Tags (Disaster Management Systems)

These triage tags provide first responders with a tool to identify, process and triage contaminated patients. The tags also provide rescue personnel with a means to tag and identify clothing and other personal property. It should be emphasized that any hazardous materials release is a potential crime scene. Tagging of evidence in the form of clothing and personal effects will aid law enforcement in their investigation.

- NOTE: Florida version uses the term “EXPECTANT” rather than “MORGUE”

DMS-05006	All Risk triage tag, standard	50/pkg	59.97
-----------	-------------------------------	--------	-------

Medical Emergency Triage Tags (METTAG)

The Original METTAG provides first responders and rescue personnel with the standard triaging features needed to enable them to perform a prompt and accurate assessment of a Mass Casualty Incident (MCI) victim’s injuries and to easily record the data.

It is constructed of a high-density damage-resistant synthetic material and is printed using a special thermal printing process, allowing use in the harshest and most demanding field situations. Additionally, each Medical Emergency Triage Tag is equipped with a 30-inch elastic band, which is used for attaching the tag to the victim’s body, usually around the neck or to an available limb.

S4050	METTAG medical emergency triage tags	each	1.06
-------	--------------------------------------	------	------

Treatment Area Identification Flag Kit (Disaster Management Systems)

This is a command and control kit for all types of multi-casualty incidents to identify triage sites from a distance.

- Red immediate treatment area flag (1)
- Yellow delayed treatment area flag (1)
- Green minor treatment area flag (1)
- Black morgue treatment area flag (1)
- Fold-up tripod flag pole stand, maximum height 84” (4)
- Durable carry bag (1)
- 5.87” x 5.12” x 28.00”

DMS-05012	Treatment area identification flag kit	each	193.99
-----------	----------------------------------------	------	--------

Triage and Hazmat Tape System

This pre-assembled, custom designed Triage and Hazmat Tape System is a must for every emergency vehicle in your fleet. Includes standard color vinyl flag tape.

- Initial Hazmat and Start® Triage System algorithm for quick reference protected in a clear plastic sleeve
- Includes quick reference for initial Hazmat and START Triage
- Adjustable belt for fanny pack or carry over the shoulder

SEE550	Triage and Hazmat Tape System, triage tape	each	44.08

Vital Stats Notebook (Rite in the Rain)

Ensure that your vital stats are protected with this Vital Stats Notebook. This patient vital sign format is quickly becoming a favorite among EMS professionals everywhere. The size lets you keep your valuable information with you anywhere.

- Measures 3" x 5"

RR112	Vital stats notebook, 3" x 5"	each	4.45
-------	-------------------------------	------	------

All-Weather Tactical Clicker Pen

While a pencil works great on all-weather products, sometimes you just need a pen. This all-weather pen writes on wet paper and upside down in temperatures from -30 to 250 degrees F.

NB37	All-weather tactical clicker pen	each	10.95
------	----------------------------------	------	-------

Rover Active Shooter Response Kit (Kingfisher)

Now that the response paradigm has shifted and EMS and law enforcement are handling hostile threat incidents differently than we used to, the right tools to handle scene command, patient assessment and viable patient extraction are needed. Deployment ready, Rover allows EMS and fire officials to immediately ascertain scene specific information, start unified command and make appropriate decisions. Includes:

- Rapid Treatment provision with four individual trauma kits to deal with life-threatening injuries.
- Rapidly extract patients from the warm zone using tools for Joint Scene Command, Personnel Accountability, Patient Assessment, Rapid Patient Extraction.
- Two military grade extrication devices.

KF76001	Rover active shooter response kit	each	1,499.95
---------	-----------------------------------	------	----------

Xtract² Extraction Device (Kingfisher)

Xtract2 is a lightweight, robust extraction device which can be carried or dragged from the point of injury. Extrication can be achieved by use of some or all of the nine handles which are located at measured intervals around the base layer of the stretcher. When low cube size and minimal weight are paramount, Xtract2 gives responders a viable solution for casualty extraction. Utilizing Duralite fabric, the Xtract2 stretcher has been designed for personnel who perform tactical rescues within an austere environment. The Xtract2 is designed to securely cocoon the casualty, ensuring limbs and exposed medical devices are held securely inside the stretcher, minimizing the chance of disruption.

- Length Unadjusted 6' 10"
- Length Adjusted 3' 8"
- Width (Max) 43
- Maximum Load 660lbs

KF72015	Xtract 2 extraction device with case	each	329.95
---------	--------------------------------------	------	--------

Xtract^{SR} Extraction Device (Kingfisher)

XtractSR is designed for rescue personnel who evacuate seriously injured casualties from hostile environments. Weighing only 7lbs, the XtractSR provides an incredibly lightweight and compact solution to casualty movement. Originally developed for Military use, Tactical EMS Operators, Fire/EMS Rescue and Law enforcement personnel all over the world are seeing the value of this new and innovative extraction device. The padded, replaceable skid sheet provides the new standard in casualty protection for drag stretchers. Enhanced patient care is at the forefront of the XtractSR, providing a platform that will cocoon your casualty and reduce movement, helping to protect critical interventions and reduce secondary injury.

Safety Vest, ANSI Class 2 (Aerove)

The ANSI Class 2 Safety Vest is made of 100% polyester high-visibility mesh material. This vest is appropriate for moderate-risk environments including poor weather conditions and traffic approaching over 25 mph.

- Heavy-duty metal zipper secures the front closure
- Adjustable sides with hook and loop straps
- Two vertical 2" Scotchlite® reflective stripes run front to back over the shoulders and one horizontal stripe runs across the waist for 24-hour visibility
- Front chest pocket stores a radio or other items
- Mic strap provides a method to attach a radio mic
- Also includes two other handy pockets
- Complies with the requirement of section 6.1 for Class 2 garments, 6.0, 6.3, and 10 through 12 of ANSI/ISEA 107-2010.

AI1281	ANSI class 2 safety vest, L		each	17.82
AI1282	ANSI class 2 safety vest, XL		each	19.62
AI1283	ANSI class 2 safety vest, 2XL		each	19.62

Hazardous Materials Response Organization Vest Kit (Disaster Management Systems)

The Hazardous Materials Response Organization Vest Kit was designed to help establish an organizational structure that can help facilitate the necessary supervision and control for the essential functions required at all Haz-Mat incidents. After a hazardous material release is confirmed, controlling the tactical operations of first responders and equipment provides a greater degree of safety and helps to reduce the potential for spread of contaminants. This kit includes nine position vests (below).

- Hazardous Materials Group Supervisor
- Entry Leader
- Decontamination Leader
- Site Control Leader
- Assistant Safety Officer
- Technical Specialist HAZMAT
- Safe Refuge Area Manager
- Environmental Health Leader
- Civil Support Team Leader

DMS-05307	Hazardous materials response organization vest kit		each	485.99
-----------	----------------------------------------------------	--	------	--------

Surevent Emergency Transport Ventilator (Hartwell Medical)

The Surevent is the first disposable automatic resuscitator designed for pre-hospital emergency care providers. Utilizing a continuous gas flow source, the Surevent provides smooth, reliable ventilator support via a mask or endotracheal tube. The Surevent will deliver more consistent ventilation than can be achieved with a manual BVM resuscitator in the prehospital environment. Created for the short-term delivery of ventilator support, the Surevent is ideal for everyday emergency care situations, as well as large scale disasters and mass casualty incidents.

HASV2131	Surevent Emergency Transport Ventilator	4/case	434.15
----------	-----------------------------------------	--------	--------

Medical Cot

- 450+ lbs. working capacity
- Spun tube ends
- Heavy-duty leg locks on all legs
- Reinforced decking with hook and loop springs
- Safety and instructional labeling
- Patient restraint belt
- Stow on board safety rails
- Mattress meets FED STD 1633 for flammability
- Spring and deck design
- 2" convoluted foam mattress
- 32" x 80" sleeping surface
- 2-position Trendelenburg foot elevator
- 5-position head elevator with locking cord
- Lightweight rust proof aluminum frame - 32 lbs.
- Folding design for easy storage - 34" x 42" x 10"
- Stow on board IV pole
- Waterproof, antimicrobial mattress
- Packed inside disposable linen set

WC400-FMI	Medical cot, 18" patient care height with mattress and IV pole	each	340.00
WC400APC	Medical cot, 28" patient care height with mattress and IV pole	each	676.00

Maine Military Cot

The Maine Military Cot is crafted with a full 1 1/4" square aircraft aluminum tubing further reinforced with steel tubing inside the three leg sets. The strong rip stop polyester fabric is treated for water repellency and is reinforced along the center of the sleeping surface. The cot also features a generous gear pouch with multiple pockets. This heavy-duty cot has been strength-tested to a capacity of 1,100 pounds and has a conservative working weight capacity of 375 pounds. The Maine Military is the ideal solution for emergency preparedness when large size and high strength are necessary supplied with a shoulder strap carry bag.

BYE403-30	Maine military cot, forest green	each	85.00

Portable Generators (Generac)

7000 Watt

- Hardened-steel tube cradle gives extra durability and strength for years of service
- Generac OHVI engine
- Low-oil shutdown detects low oil level and shuts engine down to prevent potential engine damage
- Circuit breaker protected
- Low-tone muffler for added noise reduction

15000 and 17500 watt

In addition to the above features, these units include:

- 16-gallon fuel tank allows for extended run times
- Idle control increases fuel efficiency
- Wheel kit and lifting eye included

GP5978	Portable generator, 7,000 watts, electric start	each	1,302.00
GP5734	Portable generator, 15,000 watts, electric start	each	3,331.05
GP5735	Portable generator, 17,500 watts, electric start	each	3,746.58

Instant Shelters (E-Z Up®)

- Sets up in seconds
- Automatic flexible roof center provides increased stability in the wind
- Pull pin slider
- Adjustable legs with three height options
- Includes convenient roller bag
- Includes standard spikes
- Meets cpai-84 fire resistant requirements

CN28CC	Traffic cone, 28" reflective	each	25.38

Highway Warning Triangles (James King)

- Weight base rotates 90 degrees to prevent triangles from blowing over in wind or highway turbulence
- Set of three triangles packed in molded storage case
- Constructed of molded plastic in high visibility fluorescent orange with red acrylic plastic reflectors for day or night use
- Dimensions including base: 17¾" w x 16¼" h

X1005	Highway warning triangles	3/box	17.69
-------	---------------------------	-------	-------

Megaphone (Able 2)

- Lightweight, only 31/2 lbs.
- Voice mode alternates with either a siren sound or a whistle tone for emergency situations.
- Comfortable pistol grip with a trigger switch.
- Uses eight "C" batteries (not included)
- 14 5/8" length with 9" diameter bell

C1720	Megaphone with siren	each	194.54
C1720A	Megaphone with whistle	each	194.54
T1951	"C" battery	each	0.97

Rope Accessory Cord (Sterling Rope)

Accessory cords come in a wide range of diameters and color options that make them tremendously versatile for climbing, rescue and recreation applications. Sterling twists the sheath yarn in all cords 4mm and up making these cords last longer. These factors give end-users an endless variety of cords that are functional, durable and even fashionable. The smaller diameter cords (4mm-5mm) work great as tent guylines, shoelaces, zipper pulls, fashion accessories and other non-life safety applications. Larger cords (6mm-7mm) are best suited for prusik cords, cordelettes, ice threads, lightweight low-stretch fixing and hauling "tag" lines.

W1866	Rope accessory cord, 4mm diameter	per meter	0.87
W1866A	Rope accessory cord, 5mm diameter	per foot	1.00
W1866B	Rope accessory cord, 6mm diameter	per meter	1.30
W1866C	Rope accessory cord, 7mm diameter	per foot	1.60

Extra-Large Rescue D Carabiner (RescueTech)

A new design in rescue carabiners. Extra-large gate and interior dimensions let this carabiner's gate close over any round structure that will fit through the gate. 1/2" alloy steel plated with gold chromate. Gate locking design. Strength: 12,589 lbf. Gate opening: 1.5"

RT6050159	Extra large rescue "D" carabiner	each	46.45

M11 Rechargeable 8050 Flashlight Pelican

- Easy push button/ water resistant
- Lightweight body made of Xenoy with high impact polycarbonate lens
- Pre-focused laser spot beam / O-ring sealed
- Sure grip vinyl sheath resists chemicals and extreme temperatures
- Available with fast or trickle charger/ LED charge state indicator
- System includes: Rechargeable M11, battery pack, charger base holder and Cordura holster
- Comes with fast charger (110 Volt) and 12 Volt plug in charger

C1965	M11 rechargeable 8050 flashlig t	black	each	183.48
-------	----------------------------------	-------	------	--------

SabreLite™ 2000 Flashlight Pelican

This powerful flashlig t carries a variety of approvals, allowing safe use in many different hazardous environments and conditions. The SabreLite is o-ring sealed with a twist-on shroud and comes with a polarity battery guard tray that safeguards against dangerous "outgassing" of hydrogen from an accidentally reversed cell. It is powered by 3 C alkaline cells, submersible and has an ABS resin body which resists chemicals, corrosion and extreme temperatures. Unlike ordinary flashlig t s that produce a yellow beam, the Sabre-Lite's incredibly bright Xenon lamp produces a powerful collimated white beam.

PE2000C	SabreLite 2000 flashlig t	yellow	each	45.57
---------	---------------------------	--------	------	-------

HeadsUp® Lite LED Pelican

- 60 Lumens of LED light
- 10 hours of battery burn time
- Water resistant for all-weather use
- Comes with adjustable and comfortable cloth strap and heavy duty rubber strap
- Includes 3 AAA batteries

PE2690	HeadsUp Lite LED	black	each	40.26
--------	------------------	-------	------	-------

LiteBox® Lanterns Streamlight

The rugged, rechargeable LiteBox was Streamlight's first lantern with a swivel neck for full right-angle lighting. Whether you need a flood light to illuminate a wide area, a spot light to make inspections from a distance or just high lumens, the LiteBox series is an excellent choice.

Vehicle Mount System

Truck mountable 12 volt DC direct wire mounting and shoulder strap (no AC charger)

Standard System

120 volt AC, 12 volt DC chargers, shoulder strap and mounting rack

Dual Filament Vehicle Mount System

120 volt AC, 12 volt DC chargers, shoulder strap and mounting rack, dual filament for instant backup

- High-intensity halogen bi-pin bulb available in 8 watt and 20 watt spot and flood
- Xenon dual filament 8 watt safety bulb features instant backup beam
- High-impact ABS thermoplastic housing with rubberized impact bumper, lens ring and cushioned-grip handle
- Up to nine hours continuous run time per charge depending on bulb type

C1804	LiteBox replacement battery		each	55.04

Fire Vulcan® Lanterns Streamlight

In a smoke-filled room, it's not only important that you can see – it's critical that you can be seen. In addition to the high-intensity halogen lamp, the rechargeable Fire Vulcan is the first to have two powerful, ultra-bright LED taillights. Your partners can follow you through the thickest smoke; and they can find you fast in an emergency. The toggle switch makes it easy to go between strobe and steady modes, so you can use it to increase visibility at a fire or accident scene or signal for help.

Fire Vulcan Standard System contains one Halogen bi-pin bulb and two blue tail light LEDs. 120 volt AC, 12 volt DC chargers, charging rack and quick release shoulder strap included. Fire Vulcan Vehicle Mount System contains one Halogen bi-pin bulb and two blue tail light LEDs. Truck mountable. 12 volt DC direct wire charging rack and quick release shoulder strap included.

- Up to 80,000 peak beam candle power with halogen bulb
- Waterproof
- 6V 4.5 amp-hour rechargeable battery can be recharged up to 500 times
- Bulb Rating:150 lumens typical
- Strobe and Steady Modes
- High-intensity halogen 8 watt spot bi-pin bulb and two ultra-bright value LEDs
- Run times are up to 3 hours with steady halogen and LEDs; up to 6 hours with blinking halogen and LEDs; up to 60 hours with blinking LEDs only

ST44400	Fire Vulcan standard system 120V (8WS)	orange	each	220.69
ST44401	Fire Vulcan vehicle mount system 12V DC (8WS)	orange	each	187.58

Incandescent Heavy Duty 3-Cell D Flashlight Maglite

- Superior quality craftsmanship with weather-resistant seals and anodized inside and out for improved corrosion resistance
- A premium drop-resistant and water-resistant flashlight renowned for its quality, durability and reliability
- Advanced lighting instrument made in America and built tough enough to last a lifetime with a spare lamp safely secured in the tail cap making it suitable for camping, climbing, fishing, hunting, etc.
- Diamond knurled design with a powerful projecting beam that adjust from spot to flood with just a half turn of the head
- Uses three "D" batteries

MLS3D016	Incandescent heavy duty flashlight, uses three "D" batteries	each	25.28
----------	--------------------------------------------------------------	------	-------

Night Stick Multi-Function LED Flashlight Bayco

This battery-powered all LED Dual Light combines a tight-beam long-throw flashlight with a wide-beam non-focused floodlight. In addition to the flashlight beam, this light incorporates a non-focused 48 lumens floodlight into the handle. Additionally, both the flashlight and the floodlight can be turned on at the same time, thus allowing for dual illumination of both distant objects and ones that are close. That's the idea behind Dual Light. Powered by 4 "AAA" batteries (included), this light will run for 12 hours in Flashlight Mode, 10 hours in Floodlight Mode and 6 hours in Dual Light Mode.

- Three lighting modes: flashlight, floodlight and dual-light (both the flashlight and floodlight at the same time)
- Bright white LEDs with a 35,000 hour life
- Single button design flashlight, floodlight, dual-light, off
- Oval shape, thin design and soft-touch finish feels great in your hand
- Beam distance: 160 meters

Lumens

- Flashlight 150
- Floodlight 150
- Low flood 50
- Dual light 260

NSP-1124	Night Stick multi-function LED flashlight	each	10.77
----------	-------------------------------------------	------	-------

6" SnapLight® Light Sticks Cyalume

The dependable 6" SnapLight is easy to use, identify and dispose of when in emergency situations. Providing 360° of light, the 6" SnapLight is recommended for personal use during evacuations, power outages, camping, auto safety, and utility work. Perfect for survival, first aid, and evacuation kits as they produce no heat, spark, or flame. Individually foil-wrapped for light/moisture protection.

C1500	6" SnapLight light stick, 12 hour	green	each	1.95
C1505	6" SnapLight light stick, 12 hour	orange	each	1.95

REMOUNT

Save 30-50% by remounting your existing ambulance body to a new chassis

Remounting your ambulance maximizes the investment in your existing module while updating the chassis, electrical, lights and diamond plate. This can save you ten of thousands of dollars when compared with the cost of buying a new ambulance.

Which guidelines do your remount facility follow?

As one of only six companies in the United States to have earned acceptance into the Ford QVM Ambulance Remounter Program, SSV guarantees:

- Your remount manufacturing process adheres to the strict manufacturing and quality assurance guidelines required by Ford and
- Your remount is covered by our \$5 million product liability insurance policy

See current participants in the Ford QVM Ambulance Remounter Program
<http://ford.to/1ka2O7B>

SSV Remount Warranty

- 5 year paint warranty/100,000 miles
- 6 year electrical warranty/72,000 miles
- 3 year/36,000 mile conversion warranty

100% financing available!

GX3 Series Ambulance

An affordable, "like-new" ambulance built by mounting a pre-owned body to a new chassis

Loaded with Premium Upgrades

A "like-new" ambulance that is friendly to your budget.

Looking to add another ambulance to your existing fleet, but a new unit is not in our budget? Take a look at our GX3 Series unit. We place the module body of a pre-owned ambulance (often a trade-in) on a new chassis to create a "like-new," affordable unit.

SSV refurbishes the modular body from top to bottom including new paint, new electrical, new lighting and new HVAC system. This unit comes with the same warranty as our remounts.

Please call us for more information at (800) 334-6656

Medium Rescue

Standard drop-pinch frame technology provides low profile equipment access and 30% more storage capacity, which is typically wasted space on conventional rescue designs.

Light Duty

The largest storage capacity of any conventional light duty rescue available.

Specialty Vehicles

Command or law enforcement logistics and control can be accomplished in a wide variety of custom body configurations.

It has always been about space!

That was the case in 1986 when a HazMat captain stopped at a local convenience store for coffee on the way to start his next shift. He found himself standing in front of a Hackney delivery truck with coffee in hand staring into a cavernous compartment. **He was amazed at the depth of the compartment and the amount of storage space.** It was the solution the department had been looking for to transport the vast amount of equipment associated with hazardous materials response. A call was placed. A HazMat truck was built and delivered. And the rest is literally history.

Since those days, **Hackney has become the leading manufacturer of emergency support vehicles (ESVs) in North America.** The scope of the products offered covers everything from rescues responding to medical emergencies and traffic accidents, to technical rescues that respond to collapsed buildings and other catastrophic events, to hazardous materials incidents, to the manufacturing of purified breathing air on-scene, to law enforcement tactical response teams and EOD responses and all the way to mobile command and communications centers that provide interoperable communications and logistical support.

What makes a Hackney unique and why it has the most cubic foot storage capacity per body inch is the field proven drop-pinch frame and integrated roll-up doors. The combination of these two unique features creates a body or trailer without an inch of wasted space.

With over 65 years of body building experience, Hackney is more than capable of assisting the emergency services industry with developing an ESV specifically designed for your department's mission critical response, not something that was designed to serve someone else's purposes.

Yes, it is about space. But, it is **also about value and incredible durability,** all of which comes standard with every Hackney.

Hackney Emergency Support Vehicles

Heavy Duty Custom

Spartan custom cabs and the most unique, functional mission-specific bodies make Hackney the choice of high-profile departments nationwide.

Trailers

Roll-up doors and 43" deep floor-to-ceiling compartments maximize storage capacities of upwards of 1500 cubic feet.

Heavy Duty Commercial

You choose the chassis, we provide a custom solution for all types of incident responses.

New Ambulances

SSV represents the ambulance manufacturers shown below.
To determine availability in your state, please call us at (866) 640-2028.

Customized Vehicles for Fire and EMS

Specialty vehicles are called different things by different people.

- Quick Response Vehicles (QRV)
- Emergency Response Vehicles (ERV)
- Paramedic Chase Vehicle
- Fast Response Unit

Whatever you call it, Southeastern Specialty Vehicles can customize your cabinets and consoles. Southeastern's cabinets and consoles are made of smooth aluminum and sprayed with Scorpion liner, NO plywood is used in our cabinets or consoles. We also specialize in custom graphics and light packages.

500 Series TIR™ Super-LED® Lighthoods by Whelen

TIR6 Super-LED requires optional mounting for surface mount applications. 25 Scan-Lock flash patterns with Phase 1 and Phase 2 for alternating and simultaneous flashing or up to eight lighthoods which include steady-burn and synchronize wire. The 500 Series offers a wide variety of mounting options. Size: 15/8”H x 5W.

WL50CR3ZCR	500 Series TIR6 LED warning light	clear/red lens	each	173.00
WL50R03ZCR	500 Series TIR6 LED warning light	red/clear lens	each	173.00
WL50R03ZRR	500 Series TIR6 LED warning light	red/red lens	each	173.00
WL50CC3ZCR	500 Series TIR6 LED warning light	clear/clear lens	each	173.00

600 Series Super-LED® Lighthoods by Whelen

Mid-sized surface mount, wide angle LEDs with redesigned spreader optic lenses fill the lighthouse evenly with light, rivaling strobe in intensity but with all the advantages of LED. Surface Mount Rota-Beam™ Super-LED Rotating Lighthouse with no motors, no moving parts.

WL60C02SCR	600 Series LED warning light (requires flasher)	clear/clear lens	each	194.00
WL60R02FCR	600 Series LED warning light (includes flasher)	red/clear lens	each	194.00
WL60R02FRR	600 Series LED warning light (includes flasher)	red/red lens	each	194.00
WL60RC6FCR	600 Series LED warning light (includes flasher)	red/clear lens	each	194.00
WL6EFLANGE	600 Series chrome-plated flange		each	20.50

700 Series Super-LED® Lighthoods by Whelen

Mid-sized, surface mount Linear Super-LED lighthouse available in SmartLED design or without an internal flasher. Flasher version has 14 Scan-Lock™ flash patterns plus steady-burn mode and Hi/Low. Size: 31/16”H x 4”W.

WL70C02SCR	700 Series Super-LED warning light (requires flasher)	clear/clear lens	each	194.00
WL70R02FCR	700 Series Super-LED warning light (flasher included)	red/clear lens	each	194.00
WL70R02FRR	700 Series Super-LED warning light (flasher included)	red/red lens	each	194.00
WL70R02SRR	700 Series Super-LED warning light (requires flasher)	red/red lens	each	194.00
WL70RC6FCR	700 Series Super-LED warning light, half red, half white		each	239.00

900 Series Super-LED® Lightheads Whelen

Largest surface mount dual level Linear Super-LED lighthouse in the series. Available in SmartLED design with an internal flasher. SmartLED flasher version has 14 Scan-Lock flash patterns plus steady-burn mode and Hi/Low power. This is the only split color lighthouse in the series with independent pattern plus On/Off control of each level and Hi/Low power. Size: 7 1/8" H x 3 1/8" W.

WL90CC5FCR	900 Series LED single color warning light (includes flasher)	clear	each	309.00
WL90RC5FCR	900 Series LED warning light (includes flasher)	red/clear lens	each	309.00
WL90RR5FRR	900 Series LED single color warning light (includes flasher)	red	each	309.00
WL90RR5SCR	900 Series LED warning light (requires flasher)	red/clear lens	each	309.00
WL9EFLANGES	900 Series LED chrome-plated flange kit		each	25.50

M7 Series Linear Super-LED® Surface Mount Lightheads Whelen

The only patented Linear-LED® lightheads designed to stand-up to the harsh environments and standards of the industry while providing top of the line performance! 7 5/8" Long x 3 3/8" H. Protrudes 1 3/8" Current Draw @ 12.8 VDC in "Solid" mode: 2.25 amps peak, 0.9 amps average

WLM7K	M7 Series Linear Super-LED Surface Mount	red/amber lens	each	229.00
WLM7FB	M7 Series Linear Super-LED Surface Mount flange, black		each	9.20

500 Series Halogen Lightheads Whelen

Small size with 35 watt snap-in halogen lamp fits anywhere on the vehicle with a wide variety of mounting options. Size: 1 5/8" H x 3" W.

WL5FLANGEC	500 Series chrome-plated flange		each	16.50
WL5FLANGEB	500 Series black flange		each	9.20

900 Series Halogen Lightheads Whelen

The largest directional lighthouse in the series with a 60 watt snap-in halogen lamp. Size: 7 1/8" H x 3 1/8" W.

WL90F000RR	900 Series halogen lighthouse	red	each	142.00
WL90F000CR	900 Series halogen lighthouse	clear	each	142.00
C2015	900 Series chrome-plated flange		each	25.50

Super-LED® Scenelights Whelen

600 Series

- Mid-sized 12 diode, gradient 8°-32° Super-LED scenelight. Size: 41/8"H x 1/2"W.

700 Series

- Rectangular 12 diode, gradient 8°-32° Super-LED scenelight. Size: 31/16"H x 7/8"W.

900 Series

- 24 diode Super-LED gradient Opti-Scenelight with a unique internal and external optic design for superior scene-lighting without angle brackets. Surface mount, includes chrome flang . 6500 lumen output. Instant on with no warm up. Size: 71/8"H x 91/8"W.

M6 Series

- Surface mount 12 diode gradient 8°-32° Super-LED scenelight features inner optics that direct light downward without angle brackets. Size: 45/16"H x 3/8"W x 13/8"D

M9 Series

- 24 diode Super-LED gradient Opti-Scenelight with a unique internal and external optic design for superior scenelighting without angle brackets. Surface mount, includes chrome flang . Surface mount lighthouse draws only 6 amps and produces 6500 lumens. Size with flange: 1/2"H x 3/8"W x 13/8"D

WL6SCOENZR	600 Series super-LED Scenelight	each	309.00
WL9SCOENZR	900 Series super-LED Scenelight	each	546.00
WLM6ZC	M6 Series super-LED Scenelight	each	386.00
WL70CELZR	700 Series super-LED Scenelight	each	342.00
WLM9LZC	M9 Series super-LED Scenelight	each	580.00

Scenelights by Whelen

508 Series

- Eliminate large cutouts on your vehicle with surface mounted 8°-32° scenelight model featuring snap-in relampable 27 watt bulbs. Size: 5"H x 85/8"W x 2"D.

810 Series

- 8°-32° Scenelight eliminates large cut-outs on your vehicle. Only four mounting screws and an access hole for cable are needed, making installation and maintenance easier. Size: 8" H x 10" W x 2" D.

600 Series

- Mid-sized directional, lighthouse with 35 watt snap-in halogen lamp. Size: 41/8"H x 6 1/2"W.

700 Series

- Rectangular lighthouse with 35 watt snap-in halogen lamp. Size: 31/16"H x 7/8"W.

900 Series

- Large halogen with snap-in 50 watt halogen bulb. Size: 71/8"H x 91/8"W.

- Custom backboard racks (no straps to hold boards)
- Custom shelves 3/16" thickness
- Shelving can be used as a bed

Cargo Nets

We manufacture our cargo nets in-house so every net is customized for each trailer. Nets are constructed of 1" black nylon webbing with a tensile strength of 600 lbs. Webbing is run vertical and horizontal and spaced every 5" apart.

Each intersection is sewn with box style stitching using automated machines.

Nets can be rolled up and fastened with Velcro. Cargo nets are held in place with six quick-style fasteners, eliminating straps needed to hold your equipment in place.

Backboard Racks

Our backboard racks are constructed from .125 thickness and 3003-H22 diamond plate and are designed to hold backboards in the vertical position.

No straps are needed, making it safe and quick to deploy. All legs and braces are mig welded.

For our brochure, list of equipment or more information please call us at (800) 334-6656.

- Shelving and racks are constructed of .188 thickness smooth aluminum, 23 $\frac{1}{2}$ " deep with $\frac{1}{2}$ " lip
- Each shelf has rubber-ribbed matting with Trim-Lok on rollup lip
- All supports made with .125 Diamond plate

- Oxygen cylinder on cart for quick unloading

- Work station with dry erase board

The **Medical Support Trailer** is designed to give quick support in an emergency situation or at events that have a large number of people. This unit is used for triage and to treat and rehabilitate the injured or sick. The Medical Support Trailer can be fully stocked. Trailers start at 20 feet long. The size depends on the number of bed spaces you require.

- Removable ramp for wheel chair access or person unable to use steps
- Awning
- LED emergency lights
- Interior LEDs
- Generator Two roof-mounted HVAC units
- Work area in front
- Rear storage for bulk equipment
- 50 AMP Shoreline power sources

Bed spaces (number of beds depends on length of trailer)

- 110 Volt outlets
- 12 Volt outlets
- Brackets for monitors
- Mattress
- Adjustable head/foot rest
- Bed rail
- Privacy curtains
- Cabinet storage under bed
- Oxygen outlet

■ Patient area

■ Removable ramp

■ Privacy curtain

■ Adjustable back rest

■ Awning option available

■ Front work area with refrigerator, work desk and drawers

■ Rear storage for bulk equipment

■ Storage for medical supplies

■ Oxygen manifold

**EXTREMELY
POPULAR**

The Quick Response Trailer (QRT) can be pulled by most cars or a small SUV.

We customize our trailers and equipment to fit our specific need . Utilizing the very best in materials, we carefully design each trailer to make the most of the space available.

- Incident Command Module
- Trauma supplies
- Immobilization
 - 25 adult backboards
 - Collars, head immobilizers
- Diagnostic Equipment
- Infection control items
- Blankets
- Suction equipment and supplies
- All MDO plywood sprayed with Scorpion liner
- Interior 8' long x 5' wide
- Oxygen equipment
 - "M" oxygen cylinder
 - Oxygen manifold
 - Portable oxygen system
 - Oxygen supplies
 - Storage for D or E cylinders
- Trailer: Length 12'7" (includes moveable tongue)
- Dry erase board mounted on foldout door
- Interior LED lights

For a complete list of equipment, please call us at (800) 334-6656.

Our Rehab Trailers are designed to provide firefighters, EMTs and other emergency service personnel with safe, clean and reliable rehabilitation facilities. Let Southeastern help you design a rehab trailer that fits your needs.

- Length starting at 14'
- Scorpion-sprayed floor
- Rooftop air conditioners
- Awnings
- 110 Volt lights
- LED interior lights
- LED scene lights
- Generators
- Diamond plate shelves/storage
- Drop-down bunks
- Work station
- On-board oxygen system
- Refrigerator
- Microwave
- Medical equipment
- Portable toilet
- Misting fans
- Chairs
- CoolShirt system

For more information, please call us at (800) 334-6656.

Portable Module Buildings (PMBs)

An 8' x 20' Portable Module Building (PMB) can be assembled by three people within 30 minutes. Once built, simply plug in electrical power and begin enjoying your PMB.

PORTABLE MODULE BUILDINGS

Perfect for temporary housing, office space, medical facilities and command units

Medical Facility

Emergency or Temporary Housing

Emergency or Temporary Office Unit

Emergency or Temporary Housing

PMBs are portable, making relocation simple and quick. Supply them with beds, kitchen appliances...whatever is needed for its uses. Customized to fit your specific tions, a PMB can be as wide and as long as desired.

For information, please call (800) 334-6656 (extension 224)

Portable Module Building Features

Wall/Ceiling Panel Specific tions

- 2 x 4 construction with tongue and groove framing
- Panel weight: 96 lbs.
- Polyurethane foamed in place insulation
- 26 gauge stucco embossed G-90 galvanized
- 3½" panel with 25 R-value
- Cam locks used to fasten panels together for ease of installation
- Panel widths come in a variety of sizes to accommodate customer-desired floor pla
- Sealing gaskets on interior/exterior provide tight seal when ceiling panels are locked together

Floor Panel Specific tions

- 2 x 4 construction with tongue and groove framing
- Polyurethane foamed in place insulation
- ½" plywood flooring on interior floor and 26 gauge stucco embossed galvanized on exterior of floor
- Interior floor sp ayed with Scorpion material
- Cam locks used to fasten panels for ease of installation
- Panel widths come in a variety of sizes to accommodate customer-desired floor pla

Cam Lock

- Placed every two feet to provide a strong, fully sealed joint with significant strength
- Slide two panels together using the tongue and groove system, then use the Allen wrench (supplied) to turn the cam locks to their locked position

Electrical

- Fully prewired according to customer needs
- 100 AMP electrical panel with Hubbell connectors
- Configu able to accept 110 V or 220 V power source
- Can accept commercial generator or solar power
- Panel is detached for shipping but easily installed with a screwdriver

HVAC

- Two options are available depending on the usage of your PMB: interior wall mounted unit or a portable unit. Both will come with ducting.

Internal Lighting

- Recessed in-roof panel
- ¾" Lexan protective covering
- Fluorescent bulbs standard
- LED lighting upgrades available

Tools and Equipment

- Panels can be moved by three people
- Hex wrench to activate cam locks
- Screwdriver for electrical boxes and HVAC hoses
- All tools needed are included with PMB

Other available units are portable walk-in coolers, freezers or combinations along with our portable morgue refrigeration unit

Walk in Coolers/Freezers or Combinations

Standard Features

- 26 gauge stucco galvanized steel interior and exterior
- 3½" cooler panels and 5½" freezer panels
- Polyurethane foam insulation
- Wood frame with tongue and groove construction using cam lock panel fasteners
- 36" x 78" insulated door with 9" high standard aluminum diamond patterned kick plates on interior and exterior. Includes chrome hinges and latches.
- 2" dial thermometer-shipped loose
- Non heated pressure vent-installed (cooler only)
- Heated pressure vent-installed (freezer only)
- Light switch with pilot light-shipped loose for surface mount installation
- Complete set installation instructions with layout drawings
- Custom built shipping skids
- NSF approved and ETL listed meeting ASTM E84 specific tions
- Quality craftsmanship

- Sets up in 20 minutes after use; breaks down and stores until ready to deploy again
- 26 gauge stucco galvanized steel interior and exterior
- 4" wall panel thickness
- Insulated cooler door
- Polyurethane foam insulation
- Wood frame with tongue and groove construction using cam lock panel fasteners
- Fluorescent light
- EPDM fl t rubber roof membrane
- NSF approved and ETL listed meeting ASTM E84 specific tions
- Voltage 120-230

Choose the ordering methods that work best for you

Online

Place your order 24 hours per day using eSEE Store™, our convenient online ordering system. Simply go to www.SEEquip.com and click on Order > eCommerce Store in the upper right hand corner.

If your organization has established contract pricing with us, be sure to register for an online account. This allows us to link your contract pricing to online orders.

Visit our site dedicated to 5.11 Tactical and everything they sell. A new, user-friendly interface lets you choose colors, sizes and other details...then pay using a credit card or a PO number.

Phone

Our customer service personnel are waiting to help you Monday through Friday from 8:00 am to 5:00 pm EST. They can advise on the products we carry, delivery times, pricing and bid information.

- (800) 334-6656 (toll free)
- (919) 556-1890 (local)

Fax

Our fax machine operates 24 hours a day. Simply fill out one of our own purchase orders with our product numbers from the catalog or list the products you need on your letterhead or stationery and fax it to us along with your contact information. If you need further assistance, just indicate that on your order. Our customer service personnel will confirm your order via return fax or phone call the next business day.

- (888) 556-1048 (toll free FAX)
- (919) 556-1048 (local FAX)

Email

We also accept orders sent via e-mail to customerservice@seequip.com or sent directly to our customer service or outside sales staff. Please visit www.seequip.com for a staff listing. Our staff will confirm your order via return e-mail or by phone the next business day. Please be sure to include your name, organization (if applicable) and a telephone number.

Operative IQ Inventory and Fleet Management

For information on placing your orders via this popular web-based system, please contact your Southeastern District Sales Manager or call customer service at (800) 334-6656. More than 30,000 Fire and EMS professionals use Operative IQ.

Go to www.OperativeIQ.com to learn about

- Inventory Management
- Asset Management
- Purchasing Software
- Fleet Maintenance

TERMS

Net 30 days, F.O.B. Youngsville, North Carolina for established accounts. Delinquent accounts will be assessed a finance charge equal to 1.5% per month (18% annum). Accounts past due 45 days are subject to revert to C.O.D. status.

PRICING

Due to manufacturer cost fluctuations, **all prices are subject to change without notice.** We will make every attempt to notify you prior to shipment of any price changes so that you can make a determination.

We are required to collect sales tax on shipments to Alabama, Arkansas, Connecticut, Florida, Georgia, Louisiana, Maryland, New Jersey, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas and Virginia. Please add applicable state and local sales tax for your location. Exempt organizations must have a signed exemption or resale certificate on file with us; otherwise we are required to collect sales tax.

CREDIT POLICY

All volunteer EMS/Fire/Rescue squads and government agencies and municipalities may purchase on open account. All others may pay by credit card (MasterCard, VISA or American Express) or apply for open account status by completing a credit application. Individuals may purchase prepaid by credit card, cashier's check or money order.

MINIMUM ORDER

Please, no orders less than \$25.

RESTRICTIONS

Our distribution contracts with manufacturers may restrict the sale of some products in select states, regions or countries.

CLAIMS

Southeastern Emergency Equipment carefully inspects and documents for accuracy and electronically weighs and protectively packages all orders prior to shipping. In the rare event your shipment was damaged in transit or is incorrect (shortages, etc.), this must be reported to our Customer Service Department within 5 business days of receipt of the products. Failure to so report shall be deemed as acceptance of all products.

Special Notes for Commercial Truck Shipments: Please inspect all commercial truck shipments for damage and correct quantity of packages prior to signing the Bill of Lading. Damages or incorrect quantities must be noted on the Bill of Lading/Delivery Receipt for a claim to be filed against the carrier.

WARRANTIES

Southeastern Emergency Equipment is a distributor and not a manufacturer. ALL APPLICABLE WARRANTIES ARE PROVIDED BY THE MANUFACTURER. A copy of the Manufacturer's Warranty will be provided by Southeastern upon request. Our Customer Service Department will be happy to assist you with securing replacement and/or reimbursement under the Manufacturer's guidelines.

LATEX-FREE / ITEM DESCRIPTION DISCLAIMER

In an effort to assist our customers, Southeastern Emergency Equipment has marked many products as "Latex Free." It is our intent to sell non-latex products where indicated; however, we cannot control changes due to manufacturing and may sell a product containing latex even though it is indicated as "Latex Free." Southeastern Emergency Equipment strongly recommends that customers closely and thoroughly inspect all products and product labels for latex information before providing patient care.

Southeastern Emergency Equipment continuously tries to maintain the accuracy of the information provided on our web site and in our printed materials. We, however, rely on the item descriptions received from manufacturers and, therefore, accept no liability for incorrect information or typographical errors. **Prices and products are subject to change without notice.**

INTERNATIONAL ORDERS

All orders with a destination outside the United States are subject to special terms and conditions. Also, some products are not available for sale outside the United States. Please contact our international sales department.

Return Goods Policy

We hope you are always completely satisfied with our purchase from us. If you are not satisfied for any reason, please let us know. In the event it does become necessary to return an item, we ask that you observe the policies below. Please recognize that some items are non-returnable unless they need to be returned due to our error. Non-returnable items include:

- Goods not in original sealed package
- Any sterile product that has been opened
- Special order items
- Items that have been marked or engraved
- Merchandise with invoice date beyond **60 days**
- Goods not in resaleable condition
- Goods without a return goods authorization (RGA) number

Within 5 business days of receiving a product you wish to return, please contact our Customer Service Department by phone at (800) 334-6656 or via email at customerservice@SEEquip.com for an RGA number. Items not returned within 30 days are subject to a 15% restocking fee.

Prior to requesting an RGA number, please be prepared to provide the following information as this will expedite your request.

- Our order number (on the packing slip) or our invoice number
- Product description, model number and serial number (if applicable)
- Reason for returning

Before you send the merchandise back to us, please do the following to enable us to give you prompt and proper credit.

- Write the RGA number provided on a copy of the packing slip or invoice and enclose it in the box.
- Write the RGA number on the outside of the box. Packages may be refused if the RGA number is not visible on the shipping label or outside of the box.
- Send the package, freight prepaid, to us at the address below. We suggest packages returned to us be done via a traceable method (i.e. UPS, FedEx, etc.)

Southeastern Emergency Equipment

5790 Hwy 96 West
Youngsville, NC 27596
(800) 334-6656

Note: If you are returning an item due to our error, we will provide you with a shipping label to return the item to us at our expense.

- Upon receipt of an authorized return, charges to your account will be reversed - minus any restocking fee.

CLAIMS

Southeastern Emergency Equipment carefully inspects and documents for accuracy and electronically weighs and protectively packages all orders prior to shipping. In the rare event your shipment was damaged in transit or is incorrect (shortages, etc.), this must be reported to our Customer Service Department within 5 business days of receipt of the products. Failure to so report shall be deemed as acceptance of all products.

Special Notes for Commercial Truck Shipments: Please inspect all commercial truck shipments for damage and correct quantity of packages prior to signing the Bill of Lading. Damages or incorrect quantities must be noted on the Bill of Lading/Delivery Receipt for a claim to be filled against the carrier.

For the convenience of the undersigned, applicant applies for a monthly charge account with the understanding that all invoices for equipment and service are payable and due within 30 days of date shown on invoice. FINANCE CHARGES will be applied if the new balance is unpaid one month from the due date of the invoice. The FINANCE CHARGES are computed by a periodic contract rate of 1.5% per month, which is an annual percentage rate of 18% applied to the unpaid balance after deducting current payments and/or credits from the previous balance.

In the event that an outstanding balance shall remain unpaid and Southeastern Emergency Equipment shall deem any debts under this agreement unsafe or insecure, the entire outstanding balance shall become immediately due and payable without notice. If the undersigned applicant fails to pay the entire outstanding balance on demand, it is understood and agreed that said applicant shall pay all collection expenses, including reasonable attorney's fees, it being stipulated that 15% of the outstanding balance shall be reasonable attorney's fees and that interest shall continue at the contract rate after default and after judgment.

As used herein, the singular or plural hereunder shall each be deemed to include the other, whenever the context so indicates.

The applicant submits this application as an inducement to Southeastern Emergency Equipment to extend credit hereon and hereby represents that all statements and information herein given are correct and complete. The applicant authorized Southeastern Emergency Equipment to check all of its credit and business associations and adopts as its seal the "SEAL" appearing beside its signature.

NORTH CAROLINA

GUARANTY AGREEMENT

FRANKLIN COUNTY

GUARANTY given by the undersigned to SOUTHEASTERN EMERGENCY EQUIPMENT COMPANY, INC. (the "Company") in order to induce it to extend credit to, or otherwise become the creditor of, _____ ("Debtor").

I hereby guarantee to the Company the prompt payment, when due, of every claim of the Company which may hereafter arise in favor of the Company against Debtor. This is a continuing guaranty and shall remain in force until revoked by me by notice in writing to the Company, but such revocation shall be effective only as to claims of the Company which arise out of transactions entered into after its receipt of such notice. This obligation shall cover the renewal of any claims guaranteed by this instrument or extensions of time of payment thereof and shall not be affected by any surrender or release by the Company of any other security held by it for any claim hereby guaranteed. In the event of default of Debtor to make payment on any claims of the Company when due, I agree, without the Company first having to proceed against Debtor, to pay on demand all sums due and to become due to the Company from Debtor and all losses, costs, attorney's fees, or expenses which the Company may suffer by reason of Debtor's default.

In witness whereof I have signed and sealed this Guaranty on this the ____ day of _____, 20__.

Southeastern EMERGENCY EQUIPMENT

Led by...dedicated to...we are EMS and Fire.

Trusted ■ Respected ■ Accountable ■ Committed ■ Knowledgeable

Southeastern Emergency Equipment is a full-line specialty distributor providing equipment, supplies, pharmaceuticals and training/education solutions to the EMS and Fire communities. We were founded more than three decades ago to serve the professional people who serve their communities.

We are led by and dedicated to EMS and Fire, as a large percentage of our management, sales and customer service teams are current or former EMS and Fire professionals.

And while we are changing and expanding to serve our customers even better, our "DNA" will never change. A friendly, knowledgeable EMS professional will be on-hand to assist you when needed.
