# HBF Seating Order Procedure

## Coverings

All upholstered items may be ordered using HBF Textiles, HBF Leathers, or coverings provided by the customer. Prices listed as COM refer to Customer's Own Material. Prices listed as COL refer to Customer's Own Leather. Prices listed as GRADE refer to HBF Textiles and/or HBF Leather.

**Yardage requirements shown in the price list are based on non-directional 54" wide material.** The following conversion chart should be used to determine yardage requirements when COM is 54" wide or less and/or has a repeat of 2" or more. Add together the vertical and horizontal repeat to determine which column should be used as a reference.

Fabric Width	Plain Fabric	2"-10" Repeat	11"-20" Repeat	21"-25" Repeat	26"-30" Repeat	31"-35" Repeat	36"-40" Repeat	41"-45" Repeat
54" .....	+ 0% .....	+10% .....	+15% .....	+20% .....	+25% .....	+30% .....	+35% .....	+40%

45"-47" .....	45% .....	50% .....	55% .....	60% .....	65% .....	70% .....	75% .....	80%
36"-44" .....	60% .....	65% .....	70% .....	75% .....	80% .....	85% .....	90% .....	95%

**To determine the possibility of reduced yardage requirements for orders of thirty (30) or more units, please contact The HBF Client Experience Team.** HBF reserves the right to request additional yardage of COM/COL at customer expense based on repeat and/or pattern size, and number of rolls.

All COM/COLs must be approved for application before the purchase order is submitted to HBF. Please contact The HBF Client Experience Team at [hbfservice@hbf.com](mailto:hbfservice@hbf.com) to verify that your COM/COL fabric has been approved. If it has not, please request COM/COL approval testing via [www.hbf.com](http://www.hbf.com) under COM/COL Request. Failure to submit a COM/COL for testing may result in additional expenses or rejection of COM/COL. For any repeat and/or pattern size not listed, please contact The HBF Client Experience Team for a yardage requirement quotation.

HBF cannot be held responsible for performance, color accuracy, or weaving of COM/COL materials. All responsibility for COM/COL shipments is between the purchaser and the textile source. HBF reserves the right to reject any COM or COL. HBF assumes no responsibility for suitability or wearability of COM/COL. Difficult COM/COL may be subject to additional charge if additional labor costs are incurred. HBF assumes no responsibility for the flame retardance of any COM. Customers are solely responsible for making sure that COM complies with all applicable codes and regulations. Orders specifying COM/COL will not be scheduled for production until all approved COM(s)/COL(s) are received by HBF. To ensure proper COM/COL expediting, please tag fabric/leather roll(s) with the following information: 1. Purchasing dealer name and purchase order number 2. HBF acknowledgement number, if available 3. Other pertinent information which will enable proper COM/COL identification.

When sending COL for use on one of our upholstered pieces, please send eighteen (18) square feet of leather for each yard of 54" plain fabric required for that item.

# HBF Seating Order Procedure

---

## Coverings *(Continued)*

### COM/COL ORDERING REQUIREMENTS:

**Prior to acceptance of order specifying COM/COL, a memo sample must be submitted to HBF for determination of suitability. All COM's and COL's must be rolled separately, on individual tubes. Multiple fabrics rolled on the same tube will not be accepted.**

For ease of expediting your COM/COL order, we require the following information:

- |   |                              |
|---|------------------------------|
| 1. Fabric description                       | <b>Shipping Address:</b> HBF |
| 2. Fabric source                            | 900 12th Street Drive NW     |
| 3. Order line, product name or number       | Hickory, NC 28601-4763       |
| 4. Fabric color                             |                              |
| 5. A swatch of the covering                 |                              |
| 6. Special application instructions, if any |                              |

If COM/COL is of a type requiring choices of seam placement, face side, position of design or repeat; these instructions must be clearly stated on the original order.

HBF cannot be held responsible for performance, color accuracy, or weaving of COM materials. All responsibility for COM shipments is between the purchaser and the textile source.

HBF reserves the right to reject any COM or COL. HBF assumes no responsibility for suitability or wearability of COM/COL. Difficult COM/COL may be subject to additional charge if additional labor costs are incurred.

HBF assumes no responsibility for the flame retardance of any COM. Customers are solely responsible for making sure that COM complies with all applicable codes and regulations.

Orders specifying COM/COL will not be scheduled for production until all approved COM/COL is received by HBF.

To ensure proper COM/COL expediting, please tag fabric/leather with the following information:

1. Purchasing dealer name and purchase order number
  2. HBF acknowledgement number, if available
  3. Other pertinent information which will enable proper COM/COL identification

# HBF Seating Order Procedure

---

## Standard Vertical Application

The standard application of fabrics with stripes, vines or floral patterns is vertical. When specifying upholstery fabrics with any of these designs, the application direction must be noted on all purchase orders and a sketch indicating the direction of application must accompany the purchase order.

---

## Combination of Upholstery Applications

All seating ordered with combination upholstery application (fabric, leather) that **is not** offered as standard is subject to a **\$103 List Upholstery upcharge** and will be entered and processed as a special model, in addition to the following pricing conditions:

1. Combinations using HBF Textiles and COM will be priced at the COM price. The cost of the portion of the HBF Textiles used, will be entered as a miscellaneous charge on the furniture order.
2. Combinations using HBF Textiles and HBF Leathers, or COM and HBF Leathers, will be priced at the appropriate Leather I-V price.
3. Combinations using HBF Textiles and COL, two COL's, or COM and COL, will be priced at the COL price. The cost of the portion of the HBF Textiles used, will be entered as a miscellaneous charge on the furniture order.
4. Combinations using two HBF Textiles will be invoiced at higher grade price.
5. When specifying combination of upholstery applications, a sketch indicating placement of textiles and direction of applications must accompany the purchase order.

---

## Special Code Compliance

### California #117-2013

Unless otherwise specified, foam used in all HBF seating products complies with these guidelines.

### California #133

Following are the Net upcharges and minimum unit requirements for special construction to comply with these guidelines.

Guest Chairs	\$113 Net per unit (minimum of two units)
Swivel Chairs	\$167 Net per unit (minimum of two units)
Lounge Chairs	\$233 Net per unit
Ottomans	\$113 Net per unit
Loveseats	\$303 Net per unit
Sofas	\$352 Net per unit
Bench Seating	\$167 Net per unit (regardless of size)

HBF can not be held liable if original purchase order does not indicate a requirement for California #133 compliance.

### Boston Fire Code New York Port Authority

Please contact HBF Customer Service if compliance is required for these special codes.

---

# HBF Seating Order Procedure

**ANSI/BIFMA e3-2014e Furniture Sustainability Standard and LEVEL® Certification**

A majority of HBF’s products have met the necessary qualifications to achieve LEVEL® certification. LEVEL® is the multi-attribute sustainability certification based on the ANSI/BIFMA e3 Furniture Sustainability Standard. The standard and certification were created to deliver the most open and transparent means of evaluating and communicating the environmental and social impacts of furniture products in the built environment. Taking into account a company’s social actions, energy usage, material selection and human and ecosystem health impacts, LEVEL® addresses how a product is sustainable from multiple perspectives. The organization, facilities, and products are audited on an annual basis to ensure ongoing compliance and improvement.

With LEVEL®, customers can make informed choices about sustainable commercial office furniture. The LEVEL® mark identifies that a product has been vetted by an independent third party certifier and its numeric marking of 1, 2, or 3 indicates the threshold of certification the product has achieved. A majority of HBF’s seating, occasional tables, and conference lines are LEVEL® certified. Please download the certificates from our product pages for the complete details. For more information about the ANSI/BIFMA LEVEL® standard, visit [www.levelcertified.org](http://www.levelcertified.org).

**ANSI/BIFMA Performance Standards**

Our seating products meet or exceed ANSI/BIFMA weight performance standards of 275 lbs. (124.7 kg.) unless otherwise noted.

**SCS Indoor Advantage™**

All HBF seating products are SCS Indoor Advantage™ Gold Certified.

SCS Global Services (SCS), a reputable third-party certification and assessment body of environmental, sustainability and safety claims since 1984, has developed internationally recognized standards and certification programs to assist businesses with improving their environmental efforts, social accountability and product performance.

The advantages of holding SCS Indoor Air Quality certification are substantial: in addition to improving indoor working environments and meeting qualifications for the LEED-CI EQ 4.5 credit for office furniture as well as the BIFMA Standard for Low-Emitting Office Furniture Systems & Seating M-7.1, there is the added assurance of knowing that the company’s entire breadth of products is held to such rigorous standards.

For more information regarding SCS Indoor Advantage™, please visit: <http://www.scsglobalservices.com>.

Please contact the HBF Client Experience Team for pricing and lead time information.

**HBF High Performance Products** HBF and HBF Textiles have long been leaders in contract furnishings and known for industry-leading product design coupled with the highest quality construction, comfort and aesthetic beauty.

Now these same principals are the cornerstones of HBF Healthcare high performance products. We have consulted with healthcare designers and clients to provide products and options for interiors that will provide quality sustainable design solutions for the future. These effective solutions will address the unique interactions required by any high-use facility. Visit [www.hbf.com](http://www.hbf.com) for additional high performance product information.

Seating Product High Performance Options:

- Guest and Lounge Seating
- Arm Caps
- Moisture Barrier
- Wipe Out - Clean Out
- Tandem Seating
- Wall Saver Legs
- Replaceable Components
- Upholstery Products from HBF Textiles

---

**Spring Down Cushions** Optional spring down cushions are available on most loose cushion HBF lounge seating. List upcharges are:

Chair	\$108
Loveseat	\$194
Sofa	\$297

---

**Veneer and Finishes** Wood owes its inherent beauty to variations in color, grain, and texture; therefore, these variations are not considered defects. Due to the natural color and grain variances of wood substance the final finish color, texture and grain may vary from one furniture piece to another even though they are finished at the same time. Exposure to light and the aging process will cause changes in surface color of natural wood products. Light finishes on wood products do not mask the natural characteristics of wood. HBF does not guarantee the exact matching of grain, pattern and color.

An upcharge of **5% Net** COM per seating unit, with a minimum upcharge of **\$500 Net** per order, will apply for any custom wood finish.

Refer to the following page for product material options.

---

### PROGRAM OVERVIEW

HBF Quick Ship offers a solution for fast paced orders without sacrificing quality, design and craftsmanship. All products are made to order and will ship in 15 business days. Standard payment terms apply.

### HOW TO ORDER

Orders may be sent to HBForders@HBF.com and must be clearly marked "HBF QUICK SHIP" both on the order and in the subject line of the email. Orders may not be changed or cancelled. The Quick Ship Program is limited to the models and finishes listed on a first come, first served basis. The 15 day lead time will begin once a clean, enterable order is received and payment terms have been met.

### ORDER MAXIMUMS

In order to meet a 15 day lead time, there is a 10 piece limit per model number for guest/lounge seating and occasional tables, and a 20 piece limit per model # for conference seating. Splitting large orders into smaller orders is not allowed and will not be accepted. If you need more than piece limits listed above, please contact the Client Experience Team.

### HBF TEXTILES

Product ordered on Quick Ship may only be specified in HBF Textiles. COM will not be accepted. All HBF Textiles are eligible depending on availability and approval for the selected model number. If an HBF Textile is specified and requires special finishing, such as backing, 10 days will be added to the 15 day lead time. Please contact HBF Client Experience to check availability.

## Nest Guest Seating Specifications

---

### Wood Species

Frame available in Oak.

Refer to HBF Standard Oak finishes for color selection. Finish selection must be noted on order.

---

### Metal Base

The elliptical tubular metal base is standard in a Black Powder Coat finish with an optional self-return swivel mechanism.

---

### Woven Mesh

A semi-translucent polyester woven mesh is standard on the back of Nest Chairs. This 3D mesh material is an integral part of the design of the chair and alternate materials cannot be specified for the back upholstery. This material is available in seven standard colors. Color selection must be noted on order for each line item.

Brick

Chalk

Graphite

Lime

Linen

Smoke

Stone

Tested for dimensional stability and load-bearing capacity, this material functions as a self-supporting surface for the chair back, and has passed ACT standards for flammability, colorfastness and physical properties as well as surpassing an abrasion test of 70,000 double rubs.

---

### Welt

Welt is standard on Nest seating and available in seven colors that complement each of the woven mesh options. Welt color is determined by color of mesh specified on the order.

---

### Seat Material

Complementing or contrasting seating upholstery may be specified in any fabric or leather available from HBF Textiles as well as COM or COL. All HBF Textiles products are graded into the List price as shown in this price list. (When specifying leather from HBF Textiles a one-hide minimum per order per colorway is required.)

---

### Notes

If Nest chairs with the self-return swivel option are specified and intended to be used with an accompanying table, it should be noted that, depending on chair placement with relation to the table, the chair arm potentially may contact the table surface when self-return activates.

All Nest seating products meet ANSI/BIFMA structural testing standards. Nest seating is warranted under normal commercial office single shift use and conditions, which does not include high use areas, higher education, healthcare or hospitality environments.
