Description/Analysis

Issue Detail: On February 1, 2022, the Sacramento City Council passed a Motion authorizing a Storm Drainage property related fee ballot election. The Storm Drainage measure would generate approximately \$20 million a year to fund repairs, maintenance, and improvements to the City's aging stormwater system, which protects local rivers, and water sources from pollution and toxins, and protects homes and businesses from flooding. Additionally on February 1, 2022, the Sacramento City Council adopted ballot procedures that state: "A ballot may be completed by an owner of the parcel subject to the fee, or person legally authorized to submit a ballot on behalf of the record owner." This action would delegate authority to the City Manager or the City Manager's designee to vote on the City's behalf for the Storm Drainage ballot election.

Policy Considerations: Article XIID, section 6, subdivision (c) of the California Constitution requires the City of Sacramento to conduct a mailed ballot election before adopting or increasing certain property-related fees. Sacramento City Code section 3.44.110 and Resolution R2022-0035 sets forth procedures for fees or charges for which Article XIID, Section 6, subdivision (c) of the California Constitution requires a mailed ballot procedure.

Economic Impacts: Not Applicable.

Environmental Considerations:

California Environmental Quality Act (CEQA): This report concerns administrative activities and governmental fiscal activities that do not constitute a "project" as defined by the CEQA Guidelines Sections 15378(b)(2) and (5) and, thus, are not a "project" subject to the provisions of CEQA (CEQA Guidelines Section 15060(c)(3)).

Sustainability: Improvements to the City's Storm Drainage System support the City goals of increasing the reliability of the system and of protecting the quality of our creeks and rivers.

Commission/Committee Action: The Department of Utilities presented four Rate Workshops to the Utilities Rate Advisory Commission (URAC) from September through November of 2021. The Department of Utilities presented three updates to the Water Committee from April through November of 2021. A public Rate Hearing was conducted with the URAC on January 26, 2022, and the URAC recommended the ballot initiative to the City Council for consideration.

Rationale for Recommendation: The recommended action authorizes the City Manager, or the City Manager's designees, to sign the property owner's storm drainage property-related fee ballot on behalf of the City property that will participate in the ballot election.

Financial Considerations: If approved by voters and adopted by the City Council, the Storm Drainage measure would generate approximately \$20 million a year to fund repairs, maintenance, and improvements to the City's aging stormwater system, which protects local rivers, and water sources from pollution and toxins, and protects homes and businesses from flooding.

Local Business Enterprise (LBE): Not Applicable.
