NEC Laser Projectors

NEC laser projection will save valuable time on maintenance: the sealed light engine results in a filter-free design, meaning there are no filters requiring cleaning or changing. With a lamp-free laser light source, once installed, you can sit back and enjoy up to 20,000h maintenance-free operation.

Conditions

The laser projector promotion is open to all reseller, located in the participating countries during the promotion period (01.04.2017 – 30.06.2017). A maximum number of 3 products per model per enduser can be rewarded per reseller until 14.07.2017. Terms apply.
