

USB-C™ DP1.4 MST PD Dock

Connect, charge and transfer with a single cable

With the ability to connect up to 3 displays simultaneously, this USB-C Dock is the ultimate in easy, unobtrusive connectivity for the office environment. Simply plug your device, display and accessories in and enjoy immediate connectivity between them all, with minimum cable clutter. What's more, because the dock acts as a charger, your laptop is always ready to be undocked and taken elsewhere, with a full battery.

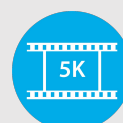

One cable connection for peripherals

Connect up to 3 displays simultaneously

Charges your laptop up to 85W

Up to 5K single video resolution

Dual DisplayPort™ video output
