## 1999 Colorado Insurance Industry Statistical Report

It is my pleasure to present the 1999 Colorado Insurance Industry Statistical Report. This report is prepared annually by the Colorado Division of Insurance, and is meant to serve as a guide for consumers and industry personnel.

The mission of the Division of Insurance is consumer protection. This is our focus as we regulate companies as well as those individuals engaged in the transaction of insurance in Colorado. Each year the Division undertakes efforts to increase consumer education and conduct effective enforcement activities. The Division performs market conduct and financial examinations, and issues corporate and producer licenses. We conduct in-depth analyses of insurance companies and ensure legislative compliance of insurers doing business in Colorado. We also respond to over 9,500 written consumer complaints and 64,500 phone inquiries annually.

The primary purpose of this report is to document the financial status of companies engaged in the insurance business in Colorado. It includes commercial insurers, health maintenance organizations, non-profit organizations, captives and self-insurance pools. With the exception of a few non-traditional companies, data contained in this report represents figures as of December 31, 1999, the last complete year for which data is available. All figures quoted are extracted from information filed by each company with the Division of Insurance. During 1999, Colorado citizens paid over sixteen billion dollars in premium to approximately 1,635 companies; yet, only 34 companies accounted for over fifty percent (50%) of that total.

The Statistical Report is also used to determine which lines of business account for the largest payments of premium by consumers. As the summary table on page 250 indicates, accident and health insurance premiums accounted for the largest insurance expenditure, representing 30% of the total insurance premiums paid in Colorado. The second largest premium volume was for deposit-type funds (such as guaranteed investment contracts) with 24%. The premium volume for other major lines of business are as follows: private passenger automobile insurance, 13%; life insurance, 9%; annuities, 5%; workers'

<http://www.dora.state.co.us/insurance>

compensation, 4%; homeowners, 4%; other liability, 2%; commercial multiple peril, 2%; commercial auto, 2%; and title insurance, 1%. These percentages account for over 97% of the total insurance premiums in Colorado.

The report also provides the market share percentages and the loss ratios for individual companies. A **loss ratio** compares the total losses or benefits provided to the total premiums, and is usually expressed as a percentage of losses incurred to premiums earned. **Premiums earned** are those premiums allocated to the specific period for which insurance is provided. The amounts necessary to pay or provide covered financial losses or other policy benefits resulting from an event for which the company was responsible are known as **losses incurred**. A higher loss ratio means that more of the premium dollar went towards claims and benefits, and less to overhead and profit.

Please note that all dollar amounts are reported in thousands. Due to rounding, a zero in a table could actually represent a value anywhere from -499 to 499 dollars. For this reason, a loss ratio may be printed, even though both the losses incurred and the premiums earned appear to be zero. If the premium earned is exactly zero, the loss ratio will show a value of "n/a."

Bound copies of this report are available to the public and may be purchased for \$19.00 each plus tax.\* Please make checks or money orders payable to:

\* Net Gain/Loss is net income for LSLPNs, Pre-Paid Dentals

† Colorado Premiums Earned is total revenues from capitation services and fee-for-service

\*\* Colorado Incurred Losses is total benefit-related expenses, not including administrative costs

†† Loss Ratio is total hospital & medical expenses (benefit-related expenses) expressed as a percentage of premiums

\*\*\*Not domiciled in Colorado

††† LSLPN Fiscal Year is July 1, 1999 to June 30, 2000

†††† Colorado-only data is not available for PPDs; all PPD data (including premium and losses) is on a national basis.

Note: Members, Assets, Liabilities, Net Worth, and Net Gain/Loss data is on a national basis.

\*Captive insurance companies insure only their parent organizations and do not market to the general public.

For this reason, they are not included in the market share reports with other property and casualty companies.

Also note that captives often file on a fiscal year end instead of a calendar year end. Figures are from the most recent fiscal year end.
