

**SAFETY RECALL ALERT**

**To:** Mack Dealer Principals  
Mack Warranty Managers  
Mack Service Managers  
Mack Parts Managers

**From:** Regulatory Affairs Department

**Bulletin:** SRA-M12-01c  
**Date:** July 10, 2012  
**Replaces:** N/A  
**Action:** **YES**

**Subject:** Safety Recall, SC0361, FAW Front Axle Beam

**Safety Recall Summary:**

Due to manufacturing defects associated with recall SC0341 (reference NHTSA # 09V-240), over time the load and cycling of the load in certain front end loader refuse trucks may potentially result in fatigue cracks. Fatigue cracks can propagate and result in complete fracture of the axle beam. If complete fracture occurs, the driver may lose control of the vehicle, which can result in a vehicle crash.

There are approximately 1,940 vehicles (1,847 US and 93 Canada) that have been identified in this initial release as front load refuse trucks requiring axle replacement.

**Please note the following important provisions for this recall;**

1. *Mack Trucks has a dedicated call center to be used for ordering axles for this recall. There are some variations in the hardware needed and Mack Parts Services will be prepared to assist to make sure the proper components are supplied with each axle. No parts orders will be processed unless VIN(s) are supplied and verified. Please call Mack Parts Services at 1-877-800-4945 option 2.*
2. *The purpose of the recall is to replace the front axle beam on front-end loader refuse trucks manufactured with a Bharat Forging Axle Beam. During the repair the dealer may discover other components (such as the spindles) which require replacement due to normal wear or lack of proper maintenance. These other components are NOT covered under the recall and therefore will be the responsibility of the owner.*
3. *Since the axles required to repair the vehicles are large and heavy, the axles will be sent by ground transportation, which can take approximately 5-days for delivery; therefore, we ask the dealers to plan accordingly and order material in advance of the scheduled repair appointments. Other required parts will be sent next day air.*
4. *Attached is a list of known vehicles with Bharat axle beams that are being used as a refuse front loader. These vehicles will be loaded to the recall on July 16, 2012. As additional refuse front loader vehicles are identified, they will be loaded to the recall in eWarranty upon notification and to the list on the TDP bi-weekly. The recall is not to be performed on a vehicle that has not been loaded to eWarranty. If you identify a front-end loader refuse truck not loaded in eWarranty that you believe is eligible, please call Mack Parts Services at 1-877-800-4945 option 2 to verify.*

**Dealer's Responsibility:**

The National Traffic and Motor Vehicle Safety Act and Canadian Motor Vehicle Safety Act require dealers to ensure that all new and used vehicles are free of safety defects and comply with all relevant safety standards at the time of delivery to the consumer. Dealers should make their personnel aware of the safety recall. In the event that a dealer has a vehicle included in the safety recall in their inventory to be sold, the condition must be corrected before releasing it to a customer.

**Release Schedule:**

- Vehicle list of known vehicles is posted on the Trucks Dealer Portal.
- Repair Instructions are scheduled to be mailed on or before July 10, 2012.
- Owner Notices are scheduled to be mailed on or before July 16, 2012.

**Questions:**

Contact the Regulatory Affairs Department at [vtna.regulatoryaffairs@volvo.com](mailto:vtna.regulatoryaffairs@volvo.com) if you have questions.
