Order Placement Procedures

Direct Drop Ship

- RAE Systems offers this at no extra cost, but we do need a written copy of these orders (**no call-ins**). Standard shipping and handling rates apply.
- We also need detailed street address information, including the telephone number of the end user.

Handling Fees

- All shipping and handling charges are added to your invoice, FOB El Paso, TX
- If shipping is charged to your shipping account number, a Handling Fee is not added to your invoice.

Minimum Order Charges

- Any order under \$250 net that is placed through Inside Sales, will be assessed a \$50.00 Minimum Sales Order Fee.

Lead Times and Order Expedite Fees*

- For every increment of 5 units, add 24 hours to lead times listed below.
- Hot shipments (RED) may be expedited by 24 hours for a \$35 surcharge.
- Standard Shipment Lead Times:
 - Standard individual sensors (CO, H₂S, O₂, LEL) – Next day shipment (cut-off is 1:00pm PST or PDT for RED)
 - Non-Standard sensors: NO₂, Cl₂, ClO₂, SO₂, HCN, PH₃, NH₃, NO – 72 hour lead time
 - ToxiRAE 3, QRAE 3 standard configurations stocked

* All above commitments are based on availability of Finished Goods Inventory

Special Discounts

- All Special Discounts need to be stated on Purchase Order accompanied by a Special Pricing Form from your Regional Sales Manager.

Restocking Fees, Duplicate Orders, Shipments

We accept purchase orders via fax, e-mail, or directly via the Internet at www.raesystems.com (click on Customer Care, then Partners).

- For every order as to which we agree to accept a return, your account will be assessed a restocking fee of 25% of the order's total amount, plus shipping charges to return any orders (this includes duplicate orders).
- **All sales are final. No returns shall be accepted without a RAE Systems issued NSRMA# (Non-Service Return Material Authorization Number). Any returns received without an NSRMA# will be rejected and returned to sender.**
- No returns will be authorized and no NSRMA#s will be issued after 30 days from the date the order is shipped from RAE Systems.
- RAE Systems must receive returned material within 30 days of the date the NSRMA # is issued.
- Product must be unused, in the original RAE Systems packaging, and must include all accessories, documentation and any other parts.
- Colorimetric Tubes and Calibration Gas (with a shelf life 6 months or less) are **Non-Returnable**.

How to Use RAE Systems Product Configurators

Unique Part Number

Each of our products has a unique 12-digit (or 14-digit for the MultiRAE family) part number.

The first few numbers – the **Product Code** – identify the product. For example, all QRAE 3 part numbers begin with M020.

The next seven numbers – the **Feature Groups** - let you “configure” the product. You use these numbers to tell us which sensors, battery packs, accessory kits, etc., are to be used to build the specific product you are ordering.

Building a Part Number Using the Configurator

Using the Configuration page for the QRAE 3, let's build a part number:

QRAE 3, PGM-2500 Series

Step 1. Find the **Product Code**. As you can see, down at the bottom of the page, the product code for the QRAE 3 is **M020**.

Step 2. Select an option (1 or 2) from **Feature Group A**. Write down the price for the option you selected (e.g., Feature Group A, option 1 = **\$689.00**).

Step 3. Select an option (1) from **Feature Group B**.

Steps 4 – 7. Select one option from each of the remaining Feature Groups **C** through **H** and write down the option number and the price.

Step 8. Use the **guide** to write the final, correct Part Number. **Total** up the cost of each Feature Group option. That's it! You've built a product number and calculated the cost. You are ready to quote the client.

Feature Group	Option	Description	Price (USD \$)
A Pump & Diffusion	1	QRAE 3 - Pump	689
	2	QRAE 3 - Diffusion	589
B Certification	0	cCSAus	0
	1	900M wireless	200
C Wireless	0	Empty	0
	1	LEL	59
D Socket1 Sensor	0	Empty	0
	1	H2S	59
	2	CO	59
	3	SO2	114
	4	HCN	190
	5	PH3	420
	6	NH3	420

	3	SO2	114
	4	HCN	190
	5	PH3	420
	6	NH3	420
H Kits	1	Accessory kit	0
Total			

Notes:
 * Note: QRAE 3 cannot be ordered with less than 2 sensors installed in the same instrument.
 * Note: When ordering electrochemical sensors, please select the lower number first.
 We do not recommend the following EC sensor combinations:
 NH3 / H2S
 NH3 / SO2
 HCN / H2S
 * Note: Please refer to TN114 for cross interference between electrochemical sensors.

Part Number Guide: M020 - A B C D E - F G H

ToxiRAE Pro Personal Single-Gas Monitors for VOCs, O₂, Toxic, CO₂ and Combustible Gases

The ToxiRAE Pro is the industry's first and largest family of wireless¹ personal single-gas instruments that reliably and accurately monitor a full range of common toxic industrial gases, volatile organic compounds, carbon dioxide and combustible gases. ToxiRAE Pro is a unified wireless single-gas monitoring platform that customers standardize on to reduce costs and increase efficiencies pertaining to worker safety.

ToxiRAE Pro instruments boast intelligent interchangeable² sensors, continuous data logging functionality³, Man Down alarm and policy enforcement functionalities, the largest backlit display in their class, and an unmistakable five-way alarm notification system that immediately alerts both the user and a remote observer of a hazardous condition by activating the buzzer, vibration alarm, display, and LED lights on the instrument and by sending a remote alarm over the RAE Systems Dedicated Wireless Network⁴.

ToxiRAE Pro monitors require minimal user training due to their intuitive user interface that puts all critical readouts at the user's fingertips.

ToxiRAE Pro monitors are designed for simple and efficient maintenance and calibration. Their plug-and-play sensor and battery can be replaced in the field while the new AutoRAE 2 Automated Test and Calibration Station makes bump testing and calibration as easy as a press of a button.

ToxiRAE Pro monitors are rugged, intrinsically safe instruments engineered by RAE Systems to last, safeguarding workers day after day, month after month, and year after year.

The wireless ToxiRAE Pro monitors interface with both the the ProRAE Guardian System and the EchoView-Host-based Closed-Loop Wireless System.

The ProRAE Guardian Real-time Wireless Safety System allows incident commanders, plant managers and first responders to set up a rapidly deployable, secure wireless threat detection system that facilitates faster, data-driven decision-making that helps responders save lives and assets.

RAE Systems' EchoView Host-based Closed-Loop Wireless System provides safety-enhancing wireless monitoring in applications such as fireground and hazmat response, confined space entry, multi-gas leak detection, environmental remediation and refinery turnarounds.

AutoRAE 2
Compatible

¹ - Wireless functionality is an optional feature. Instruments can be ordered with or without an integrated wireless modem. Instruments ordered as non-wireless cannot be upgraded to wireless at a later time

² - RAE Systems recommends calibrating sensors on installation

³ - Available on all ToxiRAE Pro instruments except Safety Configurations of ToxiRAE Pro PID

⁴ - Additional equipment and / or software licenses may be required to enable remote wireless monitoring and alarm transmission

ToxiRAE Pro PID Personal Monitors for Volatile Organic Compounds (PGM-1800)

The ToxiRAE Pro PID is the world's smallest wireless photoionization detector. Featuring RAE Systems' next-generation PID sensor, the ToxiRAE Pro PID can promptly detect and accurately monitor over 300 VOCs. With an onboard library of 190 correction factors, the ToxiRAE Pro PID can be programmed to automatically read in concentrations of the specified compound. The ToxiRAE Pro PID is offered in Industrial Hygiene (advanced) and Safety (basic) configurations.

ToxiRAE Pro PID comes with:

- ToxiRAE Pro PID monitor with sensor and wireless option as specified, rechargeable battery, alligator clip, and protective rubber boot installed
- Charging and PC communication cradle
- PC communication cable
- AC adapter (100 to 240 V, 50/60 Hz AC to 12 V DC)
- Calibration adapter
- Combined instrument / sensor cap removal tool
- Quick Start Guide
- CD with documentation
- CD with ProRAE Studio II monitor configuration & data management software
- Technical Note TN-106 with ionization energies and correction factors for 300+ VOCs (Industrial Hygiene versions only)
- Calibration and test certificate
- Warranty/registration card

ToxiRAE Pro LEL Personal Monitors for Combustible Gases (PGM-1820)

The ToxiRAE Pro LEL is the world's first wireless personal combustible gas monitor. Boasting the continuous data logging capability that comes standard and 34 built-in correction factors, the ToxiRAE Pro LEL enables measurement of combustible gas in % LEL of the selected compound.

ToxiRAE Pro LEL single-pack comes with:

- Individual packaging
- ToxiRAE Pro LEL monitor with sensor and wireless option as specified, rechargeable battery, alligator clip, and protective rubber boot installed
- Charging and PC communication cradle
- PC communication cable

ToxiRAE Pro Personal Monitors for Toxic Gases and Oxygen (PGM-1860)

The ToxiRAE Pro is a wireless personal monitor for toxic gases and oxygen deficiency / enrichment. Boasting a selection of over 20 intelligent interchangeable sensors, the ToxiRAE Pro can detect a broad range of gases - from carbon monoxide, hydrogen sulfide, and oxygen to ammonia, and chlorine. The ToxiRAE Pro's plug-and-play intelligent sensors store calibration data, so if you need to monitor one gas one day and another gas the next, swapping the sensors in your ToxiRAE Pro is all it takes.

ToxiRAE Pro CO2 Personal Monitors for Carbon Dioxide

The ToxiRAE Pro CO2 is the world's first wireless personal carbon dioxide gas monitor. Boasting the continuous datalogging capability that comes standard, the ToxiRAE Pro CO2 enables measurement of carbon dioxide in ppm.

ToxiRAE Pro CO2 comes with:

- ToxiRAE Pro CO2 monitor with sensor and wireless option as specified, rechargeable battery, alligator clip, and protective rubber boot installed
- Charging and PC communication cradle
- PC communication cable
- AC adapter (100 to 240 V, 50/60 Hz AC to 12 V DC)
- Calibration adapter
- Quick Start Guide
- CD with documentation
- CD with ProRAE Studio II Instrument Configuration and data management software

ToxiRAE 3 (PGM-1700)

Personal Gas Monitors for H₂S, CO, or CO (High Range)

The ToxiRAE 3 is one of the smallest gas monitors on the market with a high-performing, 3-electrode micro-sensor. The standard ToxiRAE 3 firmware offers the flexibility to meet each customer's unique requirements. The user can choose to set the instrument to either display gas concentrations or days of instrument life remaining (also referred to as "countdown" or "contractor" mode.) All ToxiRAE 3's provide data storage for 10 events that can be downloaded via the AutoRAE Lite for ToxiRAE 3 Automatic Bump and Calibration Station.

ToxiRAE 3 Each monitor includes:	ToxiRAE 3 Pack of 10 includes:	ToxiRAE 3 Pack of 100 includes:
<ul style="list-style-type: none"> • (1/ea) ToxiRAE 3 monitor with H₂S, CO or CO (High Range) sensor (as specified) • CD with Operation manual • Rugged alligator clip • Functional gas test adapter • Calibration certificate • Quick start guide 	<ul style="list-style-type: none"> • (10/ea) ToxiRAE 3 monitor with H₂S, CO or CO (High Range) sensor (as specified) • (2) CDs with Operation Manual • (10) Rugged alligator clips • (2) Functional gas test adapters • (10) Calibration certificates • (2) Quick start guide 	(10 packages of 10 or 100/ea) ToxiRAE 3 monitor with H ₂ S, CO or CO (High Range) sensor (as specified)

MicroRAE wireless Four-Gas Monitor (PGM-26XX Series)

The MicroRAE is a handheld wireless diffusion instrument that simultaneously monitors up to four gases, including Hydrogen Sulfide (H₂S), Carbon Monoxide (CO), Oxygen (O₂) and Combustibles (LEL). With its wireless connectivity options, the MicroRAE can deliver real-time instrument readings and alarm status to the Honeywell ConneXt Safety Ecosystem. This enables continuous, instant visibility of safety threats for faster, more informed decisions, to protect workers, facilities, and the environment, and to optimize operations.

Monitor-only configuration includes:

- Monitor as specified
- Sensors as specified
- Calibration adapter
- Travel charger cradle with computer cable
- Universal wall adapter
- Quick Reference guide
- CD ROM with product content

Optional Confined Space Kit 1 (CSK 1, P/N 020-0040-010) includes:

- Hard transport case with pre-cut foam
- Tool Kit
- Hand pump
- 10" stiff aluminum Sample probe with replaceable filter
- 6 feet (2 meters) Tygon® tubing
- External filter (pack of 3)

Optional Confined Space Kit 2 for PGM2500(D) (CSK 2, P/N 020-0040-020) includes:

- Four-gas mix in a 34L cylinder (50% LEL, 18% O₂, 10 ppm Hydrogen Sulfide, 50 ppm Carbon Monoxide)
- Regulator and tubing
- Compatible with PGM2500; PGM2500D and PGM2600

Note: MicroRAE is compatible with MicroRAE Cradle for AutoRAE 2 Automatic Test and Calibration Station. Please contact us for availability.

Listed below are some common configurations of the MicroRAE monitors. For others, please use the

Safety Communicator

Personal Communication Hub for Industrial Workers

Safety Communicator (SC) is an Android-based mobile application and phone that enable real-time communication between a worker's personal instruments and a remote monitoring system. The phone and the application act as a personal communication hub for a worker, which collects instrument readings and alarms from instruments over Bluetooth (BLE) or Wi-Fi and transmits in real time to a remote system over a 3G/4G communication network. The application also transmits a worker's information and location to the remote system, which allows safety managers to quickly react and provide necessary assistance in case of an emergency. This solution not only provides real-time visibility of worker safety, but it also improves productivity with real-time access to remote information and collaboration with peers.

RAE Systems offers two smartphones with the Safety Communicator app, a ruggedized non-certified smartphone or a ruggedized, intrinsically safe certified version. Both phones run the Android operating system and require a SIM card and subscription from your choice of carrier. The app can also be downloaded from the Google Play Store for those who choose to use their own Android device.

Note: A ProRAE Guardian license is needed to connect to RAE Systems' remote monitoring software.

Kit Includes:

- Sonim XP7 Phone (IS) or (non-IS)
- Wall Charger
- USB Cable with Safety Box (IS)
- Multi-tool

QRAE 3 One-to-Four-Gas Detector (PGM-25XX Series)

QRAE 3 wireless portable one-to-four gas personal protection / confined space monitors

The QRAE 3 is a durable and versatile diffusion or pumped one-to-four gas monitor for detection of combustibles, oxygen, hydrogen sulfide, carbon monoxide, sulfure dioxide, hydrogen cyanide and other sensors. Standard features include easy-to-change battery packs, easy access to sensors, internal vibrating alarm, loud 95dB audible alarm, and a water-resistant IP-65 case design. The rechargeable Lithium-ion battery delivers up to 14 hours of continuous operation in non-wireless diffusion mode.

QRAE 3 integrated wireless option allows the device to be used either in a closed loop system (compatible with EchoView host) or with ProRAE Guardian, Real-Time Wireless Safety System.

Monitor-only configuration includes:

- Monitor as specified
- Sensors as specified
- Sampling option as specified
- Calibration adapter (diffusion model only)
- T Calibration tube (pumped model only)
- Internal filters (mounted - diffusion model only)
- External filters (one mounted plus pack of 3 - pumped model only)
- Travel charger cradle with computer cable
- Lithium-ion battery pack
- Universal wall adapter
- CD ROM with ProRAE Studio II
- CD ROM with product content
- Quick Reference Guide

Optional Confined Space Kit 1 (CSK 1, P/N 020-0040-010) includes:

- Hard transport case with pre-cut foam
- Tool Kit
- Hand pump
- 10" stiff aluminum Sample probe with replaceable filter
- 6 feet (2 meters) Tygon® tubing
- External filter (pack of 3)

Optional Confined Space Kit 2 for PGM2500(D) (CSK 2, P/N 020-0040-020) includes:

- Four-gas mix in a 34L cylinder, part number 600-0050-007 (50% LEL, 18% O₂, 10 ppm Hydrogen Sulfide, 50 ppm Carbon Monoxide)
- Regulator and tubing

Note: Both the QRAE 3 diffusion and pumped models are compatible with QRAE 3 Cradle for AutoRAE 2 Automatic Test and Calibration Station. Please contact RAE Systems for availability

Listed below are some common configurations of the QRAE 3 monitors. For others, please use the Assemble-To-Order (ATO) Configuration Guide below.

ConneXt Pack

ConneXt Pack is a combination of leading wireless gas monitors combined with an EchoView Host portable controller. ConneXt Pack can provide real-time, man down alarms and alert Safety managers, Site operators or Attendants to atmospheric contaminants.

- Easy-to-use, rapidly deployable, turn-key pack
- Real-time alerts for faster response time and automatic datalogging for compliance
- Ideal as an entry-level solution for routine maintenance or compliance monitoring
- Up to 4 real-time wireless monitors connected to an EchoView Host

The EchoView Host mini-controller is the cornerstone of RAE Systems' Closed-Loop Wireless Solutions for portable gas monitors. This rugged handheld wireless device can establish a self-contained, self-sufficient network with up to eight supported RAE Systems portable wireless monitors (MultiRAE, QRAE 3 and ToxiRAE Pro family) and display their readings and alarm status in real time on an easy-to-read screen.

ConneXt Pack Includes:

- Pelican case with pre-cut foam insert (can contain up to 4 gas monitors, 1 EchoView Host and accessories listed below)
- Up to 4 QRAE 3 units with sensors and sampling mode, battery and wireless option as specified, alligator clip and filter installed
- Built in battery charger system for QRAE 3 units
- 1 EchoView Host unit (antenna and battery included)
- 1 Extra spare battery for EchoView Host
- QRAE 3 units with continuous datalogging capability
- QRAE 3 units with AC adapter / Charger / PC communications solutions
- Gas monitor calibration adapters
- 1 laminated card with Quick Start Guide Instructions
- QRAE 3 and EchoView Host Quick Start Guide
- Product CDs with documentation
- ProRAE Studio II Configuration and Data Management Software
- Calibration and test certificate

For QRAE 3 pumped units:

- External 25 mm filters (pack of 10)

Listed below are some common configurations of the ConneXt Pack.

For additional accessories, automatic calibration systems, gas kits, calibration gases and regulators, see their respective sections in this price guide.

MultiRAE Multi-Threat Monitors (PGM-62X8 Series)

The MultiRAE Family of Wireless Multi-Threat Monitors - Wireless. Versatile. Proven (Models PGM-62X8)

MultiRAE portable multi-threat monitors combine best-in-class detection capabilities with optional integrated wireless functionality to help elevate safety of workers and responders and reduce facility downtime. MultiRAE monitors offer an industry-leading selection of interchangeable electrochemical, combustible, infrared, PID (photo-ionization detector), and radiation sensors to protect users from a broad range of toxic and combustible gases, volatile organic compounds (VOC), gamma radiation, and oxygen deficiency / enrichment in a wide variety of applications.

MultiRAE Lite Monitors (Models PGM-6208 and PGM-6208D)

MultiRAE Lite wireless portable one-to-six gas personal protection / confined space monitors

Monitor-Only Configuration Includes:

- MultiRAE Lite monitor with sensors, battery and wireless options as specified, and protective rubber boot and filter(s) installed
- Continuous datalogging (6 months for 5 sensors @ 1-minute)
- Travel charger / PC communications adapter
- PC communication cable
- AC adapter
- Calibration adapter
- Alkaline battery adapter
- Toolkit with Hex tool and Phillips screwdriver
- Quick Start Guide
- CD with documentation
- ProRAE Studio II Instrument Configuration & Data Management Software
- Calibration and test certificate
- Warranty / registration card
- 10 charcoal VOC filters for CO sensor

The pumped model of MultiRAE Lite also includes:

- Built-in pump
- Belt clip installed
- 3 spare external filters
- PID sensor cap removal tool

Optional Accessories / Confined Space Kit Adds:

- Hard transport case with custom foam (P/N: M01-3203-000)
- Remote Sample Draw Kit (P/N: 008-3015-200)
 - 10" (26 cm) aluminum sample probe with replaceable filters,
 - 3 hydrophobic barrier filters,
 - 10' (3 m) self-coiling Teflon® tubing w/ Luer-style quick-connect fitting

Optional Calibration Kits Add:

- 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO) + regulator
- OR**
- 100 ppm Isobutylene gas (34L) with regulator
- OR**
- 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO) + regulator
 - **AND** 100 ppm Isobutylene gas (34L) with regulator

Additional accessories, automatic calibration systems, gas kits, individual gases and regulators are listed under Multi-Gas Accessories and Multi-Gas Calibration sections of the Portables Pricing Guide

Instrument ships in a cardboard box with a colorful sleeve

Optional Guaranteed Cost of Ownership Program

- 4-year repair and replacement guarantee (available in North America only)
- Annual maintenance service included

SERVICE PROGRAM OPTION	PART NUMBER	List Price [USD \$]	DESCRIPTION
4-Year Guaranteed Cost of Ownership	SVC-PTC4-MA0	35% of instrument-only list price	Extends warranty and covers replacement of all parts and sensors for 4 years from date of purchase

Listed below are some common configurations of the MultiRAE Lite monitors. For others, please use the Assemble-to-Order (ATO) Configuration Guide below.

MultiRAE Lite Configuration Guide

Select one option for Certification, Model, and one for each Feature Group (AA through H), to build a complete model number:

MultiRAE Monitors (Model PGM-6228)

MultiRAE advanced chemical detectors for up to 5 gases + VOC

Monitor-Only Configuration Includes:

- MultiRAE monitor with sensors, pump, battery and wireless options as specified, and protective rubber boot, swivel belt clip and filter installed
- Continuous datalogging (6 months for 5 sensors @ 1-minute intervals)
- Travel charger / PC communications adapter
- PC communication cable
- AC adapter
- Calibration adapter
- Alkaline battery adapter
- Toolkit with Hex tool and Phillips screwdriver
- PID sensor cap removal tool
- 3 spare external filters
- 6" flexi probe with inlet adapter
- Quick Start Guide
- CD with documentation
- ProRAE Studio II Instrument Configuration and Data Management Software
- Calibration and test certificate
- Warranty / registration card
- 10 charcoal VOC filters for CO sensor

Optional / Confined Space and Calibration Kit Adds:

- Remote Sample Draw Kit (P/N: 008-3015-200)
 - 10" (26 cm) aluminum sample probe with replaceable filters,
 - 3 hydrophobic barrier filters,
 - 10' (3 m) self-coiling Teflon® tubing w/ Luer-style quick-connect fitting
- 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO) + regulator

OR

- 100 ppm Isobutylene gas (34L) with regulator

OR

- 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO) + regulator
- AND 100 ppm Isobutylene gas (34L) with regulator

Instrument ships in a hard transport case with custom foam that can also accommodate accessories and 2 calibration gas cylinders with 2 regulators (sold separately)

Additional accessories, automatic calibration systems, gas kits, individual gases and regulators are listed under Multi-Gas Accessories and Multi-Gas Calibration sections of the Portables Pricing Guide

Optional Guaranteed Cost of Ownership Program

- 4-year repair and replacement guarantee (available in North America only)
- Annual maintenance service included

SERVICE PROGRAM OPTION	PART NUMBER	List Price [USD \$]	DESCRIPTION
4-Year Guaranteed Cost of Ownership	SVC-PTC4-MB0	35% of instrument-only list price	Extends warranty and covers replacement of all parts and sensors for 4 years from date of purchase

Listed below are some common configurations of the MultiRAE monitors. For others, please use the Assemble-to-Order (ATO) Configuration Guide below.

Standard Sensor Configurations - MultiRAE	PID Sensor	CO ₂ NDIR Sensor	Pumped	Wireless	Li-ion Rechargeable	Accessories Kit	Calibration Kit	PART NUMBER	List Price [USD \$]

MultiRAE Configuration Guide

Select one option for Certification, Model, and one for each Feature Group (AA through H), to build a complete model number:

MultiRAE Pro Monitors (Model PGM-6248)

MultiRAE Pro wireless portable multi-threat monitors for radiation and advanced chemical detection

Monitor-Only Configuration Includes:

- MultiRAE Pro monitor with sensors, pump, battery and wireless options as specified, and protective rubber boot, swivel belt clip and filter installed
 - Continuous datalogging (6 months for 5 sensors @ 1-minute intervals)
 - Travel charger / PC communications adapter
 - Desktop Charger / PC communication cable
 - AC adapter
 - Calibration adapter
 - Alkaline battery adapter
 - Toolkit with Hex tool and Phillips screwdriver
 - PID sensor cap removal tool
 - PID zeroing filter (P/N: 008-3024-000)
 - 3 spare external filters
 - 6" flexi probe with inlet adapter
 - Quick Start Guide
 - CD with documentation
 - ProRAE Studio II Instrument Configuration and Data Management Software
 - Calibration and test certificate
 - Warranty / registration card
 - 10 charcoal VOC filters for CO sensor
- Instrument ships in a "Pelican" case with custom foam that can also accommodate accessories and up to 4 gas cylinders and 3 regulators

Optional Guaranteed Cost of Ownership Program

- 4-year repair and replacement guarantee (available in North America only)
- Annual maintenance service included

Optional Accessories / Confined Space and Calibration Kits Add:

- Remote Sample Draw Kit (P/N: 008-3015-200)
 - 10" (26 cm) aluminum sample probe with replaceable filters,
 - 3 hydrophobic barrier filters
 - 10' (3 m) self-coiling Teflon® tubing with Luer-style quick-connect filters
 - 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO, w/ regulator)
 - OR**
 - 10 ppm **OR** 100 ppm Isobutylene gas (34L) with regulator
 - OR**
 - 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO, w/ regulator)
 - **AND** 10 ppm **OR** 100 ppm Isobutylene gas (34L) with regulator
 - OR**
 - 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO, w/ regulator)
 - **AND** 10 ppm Isobutylene gas (34L) with regulator
 - **AND** 100 ppm Isobutylene gas (34L) with regulator
- Additional accessories, calibration systems, gas kits, individual gases and regulators are listed under Multi-Gas Accessories and Multi-Gas Calibration sections of the Portable Pricing Guide

SERVICE PROGRAM OPTION	PART NUMBER	List Price [USD \$]	DESCRIPTION
4-Year Guaranteed Cost of Ownership	SVC-PTC4-MC0	35% of instrument-only list price	Extends warranty and covers replacement of all parts and sensors for 4 years from date of purchase

Listed below are some common configurations of the MultiRAE Pro monitors. For others, please use the Assemble-to-Order (ATO) Configuration Guide below.

MultiRAE Pro Configuration Guide

Select one option for Certification, Model, and one for each Feature Group (AA through H), to build a complete model number:

MultiRAE Benzene (Model PGM-6228)

The MultiRAE Benzene monitor combines the ability to make quick benzene-specific assessment (“snapshot”) measurements with the advantages of a versatile multi-gas monitor that can support up to 20 intelligent interchangeable sensor options. Its optional wireless capability improves safety and productivity by providing real-time access to instrument readings and alarm status from any location, which delivers better situational awareness and faster incident response.

Monitor-Only Configuration Includes:

- MultiRAE Benzene monitor with sensors, battery and wireless options as specified, and protective rubber boot and filter(s) installed
- Continuous datalogging (6 months for 5 sensors @ 1-minute)
- Travel charger / PC communications adapter
- PC communication cable
- AC adapter
- Calibration adapter
- Alkaline battery adapter
- Toolkit with Hex tool and Phillips screwdriver
- Quick Start Guides
- CD with documentation
- ProRAE Studio II Instrument Configuration & Data Management Software
- Calibration and test certificate
- Warranty / registration card
- 10 charcoal VOC filters for CO sensor
- Built-in pump
- Belt clip installed
- 3 spare external filters
- PID sensor cap removal tool
- 1 Cartridge for Benzene specific measurement (6 measurements)
- Remote Sample Draw Kit (P/N: 008-3015-200)
 - 10" (26 cm) aluminum sample probe with replaceable filters,
 - 3 hydrophobic barrier filters,
 - 10' (3 m) self-coiling Teflon® tubing w/ Luer-style quick-connect fitting

Instrument ships in a Hard transport case with custom foam

Optional Calibration Kit Adds:

- 4-gas mix (34L; 50% LEL, 18% O₂, 10 ppm H₂S, 50 ppm CO) with regulator
- 5 ppm Benzene gas (34L) with regulator

Additional accessories, automatic calibration systems, gas kits, individual gases and regulators are listed under Multi-Gas Accessories and Multi-Gas Calibration sections of the Portables Pricing Guide

RAE Sep Tube Cartridges price can be found in the Tubes and Pumps section of this price guide

Listed below are some common configurations of the MultiRAE Benzene monitors. For others, please use the Assemble-to-Order (ATO) Configuration Guide below.

SensorRAE Sensor Conditioning Stations

The SensorRAE is a four-socket electrochemical (EC) sensor conditioning station. It keeps RAE Systems' EC sensors warmed up and ready for immediate use even when they are not installed in a RAE Systems multi-sensor monitor.

Supports the following RAE Systems Products:

- AREARAE (EOL)

DESCRIPTION	PART NUMBER	List Price [USD \$]
SensorRAE Sensor Conditioning Station (accommodates four 4R electrochemical sensors)	032-3100-000	349

SensorRAE 4R+

The SensorRAE 4R+ is a six-socket electrochemical (EC) sensor conditioning station that not only expands the assortment of 4R+ sensors available to the users of RAE Systems gas detection instruments (such as the ToxiRAE Pro and MultiRAE family) in the field, but also keeps such sensors on bias and ready for installation, calibration, and use without requiring the extra warm-up time. The SensorRAE 4R+ is also a convenient way to protect, carry, and store spare sensors.

Supports the following RAE Systems Products:

- MultiRAE Lite
- MultiRAE
- MultiRAE Pro
- MultiRAE Benzene
- ToxiRAE Pro
- AREARAE Plus
- AREARAE Pro

MiniRAE Lite Monitors (PGM-7300)

MiniRAE Lite (Model PGM-7300)

The rugged MiniRAE Lite is a basic pumped handheld volatile organic compound (VOC) monitor. Its Photoionization Detector's (PID) range of 0 ppm to 5,000 ppm makes it an ideal instrument for applications such as environmental site surveying where **non-hazardous area certifications** are required.

Monitor only includes:

- MiniRAE Lite Monitor, Model PGM-7300. **Not Intrinsically Safe**
- RAE UV lamp, 10.6 eV
- Flex-I-Probe
- External filter
- Green rubber boot
- Alkaline battery adapter
- Lamp cleaning and Tool kit
- Li-Ion Battery with universal AC/DC adapter and international plug kit, if specified
- Travel download charger
- Operation and maintenance manual
- Soft leather carrying case

Monitor with Accessories Kit adds:

- Hard transport case with pre-cut foam
- 5 Porous metal filters and O-rings
- Organic vapor zeroing kit
- Gas outlet port adapter and tubing

Optional Calibration Kit adds:

- 100 ppm isobutylene calibration gas, 34L
- Calibration regulator & flow controller
- Cal gas, part number 600-0002-000

MiniRAE 3000 Monitor (PGM-7320)

MiniRAE 3000 Model PGM-7320

The rugged MiniRAE 3000 is the most advanced pumped handheld volatile organic compound (VOC) monitor on the market. Its Photoionization Detector's (PID) extended range of 0 to 15,000 ppm makes it an ideal instrument for applications from industrial to HazMat / Homeland Security.

Monitor only includes:

- MiniRAE 3000 Monitor, Model PGM-7320
- Wireless communication in built, as specified
- Datalogging with ProRAE Studio
- Travel download charger
- RAE UV lamp, as specified
- Flex-I-Probe
- External filter
- Yellow rubber boot
- Alkaline battery adapter
- Lamp cleaning and Tool kit
- Li-Ion Battery with universal AC/DC adapter and international plug kit, if specified
- Resources CD-ROM and maintenance manual
- Soft leather carrying case

Monitor with Accessories Kit adds:

- Hard transport case with pre-cut foam
- Charging/download cradle (instead of travel charger)
- 5 Porous metal filters and O-rings
- Organic vapor zeroing kit
- Gas outlet port adapter and tubing

Optional Calibration Kit adds:

- 100 ppm isobutylene calibration gas, 34L
- Calibration regulator & flow controller

Optional Guaranteed Cost of Ownership

- Available in North America only
- 4-year repair and replacement guarantee
- Annual maintenance service

UltraRAE 3000 Monitors (PGM-7360)

UltraRAE 3000 Model PGM-7360

The rugged UltraRAE 3000 is the most advanced pumped handheld volatile specific organic compound (VOC) on the market. Its Photoionization Detector's (PID) extended range of 0-10,000 ppm and RAE-Sep tube technology makes it an ideal instrument for applications from environmental site surveying to Industrial Hygiene.

Monitor only includes:

- UltraRAE 3000 Monitor, Model PGM-7360
- Wireless communication in built, as specified
- Datalogging with ProRAE Studio
- Travel download charger
- RAE UV lamp and RAE-Sep™ Tubes, as specified

ppbRAE 3000 Monitors (PGM-7340)

ppbRAE 3000 Model PGM-7340

The rugged ppbRAE 3000 is the most advanced pumped handheld volatile organic compound (VOC) monitor on the market. Its Photoionization Detector's (PID) extended range of 0 ppb to 10,000 ppm makes it an ideal instrument for applications from IAQ to HazMat/Homeland Security and Military.

Monitor only includes:

- ppbRAE 3000 Monitor, Model PGM-7340
- Wireless communication in built, as specified
- Datalogging with ProRAE Studio
- Travel download charger
- RAE UV lamp, as specified
- Flex-I-Probe
- External filter
- Black rubber boot with straps
- Alkaline battery adapter
- Lamp cleaning and Tool kit
- Li-Ion Battery with universal AC/DC adapter and international plug kit, if specified
- Resources CD-ROM and maintenance manual
- Soft leather carrying case
- VOC Zeroing tube (1 box), Tube adapter, Sampling bag

Monitor with Accessories Kit adds:

- Hard transport case with pre-cut foam
- Charging/download cradle (instead of travel charger)
- 5-porous metal filters and O-rings
- Gas outlet port adapter and tubing

Optional Calibration Kit adds:

- 10 ppm isobutylene calibration gas, 34L
- Calibration regulator & flow controller

Optional Guaranteed Cost of Ownership

- Available in North America only
- 4-year repair and replacement guarantee
- Annual maintenance service

ProRAE Guardian

Mobile Command Center For Rapid Threat Response

ProRAE Guardian represents an advanced generation of real-time wireless gas detection software, and serves as a mobile command center for all your threat-detection needs. It allows incident commanders and safety managers to receive instant updates of real-time data anywhere and anytime they need it. ProRAE Guardian software connects, integrates, and relays data from RAE Systems' and select partners' wireless products to remote monitors located anywhere you choose.

Make critical decisions with:

- Real-time display of device status, sensor readings, and alarms
- Intuitive user interface with simultaneous on-screen instrument readings
- Integrated Google Maps show precise instrument locations with alarm status
- Supports all RAE Systems' wireless-enabled products
- Display up to 500 instruments simultaneously
- Remote alarming via email and text messaging

ProRAE Guardian CloudServer

ProRAE Guardian CloudServer service from RAE Systems by Honeywell provides ProRAE Guardian users the ability to aggregate and share instrument data between installations and remote sites simply and easily with no extra hardware or maintenance costs. Your PRG CloudServer is available to all your installations day and night, all the time, world-wide*.

Benefits

- Your own private PRG CloudServer on the public Internet
- Your own static IP address
- Optional security Access Control for controlling unauthorized access
- No hardware to buy and maintain
- Many terms of service to choose from

Requirements

- One or more PRG installations that you want to connect to your PRG CloudServer
- One or more properly licensed PRG-compatible instruments
- Active Internet connection between all PRG installations and your PRG CloudServer
- Ability to open ports for PRG access if necessary
- No hardware to buy and maintain

*Please refer to your PRG CloudServer Service Agreement for complete details of the service terms. Please reference the CASE #, Customer ID and SO number on the front of your Certificate of Service when requesting service. Your contract is non-transferable. All contracts are paid in advance for the full term of the agreement. Contracts become effective 15 days after shipment of this notice, or upon first use of the service, whichever comes first

ProRAE Guardian™ Software License

ProRAE Guardian supports concurrent instrument license model, which limits the maximum number of instruments in each Tier that can be monitored at the same time when connected through RAELink family Host modem or RAEMesh Reader. The Tier license is determined as per the table below.

Tier 1	Tier 2	Tier 3
ToxiRAE Pro Family	MultiRAE Lite	MultiRAE Pro
QRAE 3	MultiRAE	MultiRAE Benzene
MicroRAE	MiniRAE 2000	ppbRAE 3000
	MiniRAE 3000	UltraRAE 3000
	GammaRAE II R	AreaRAE Family
	MeshGuard Family	WEATHERPAK
		BioHarness
		RAEGuard 2 PID
		All other 3rd party instruments

- * Wireless Infrastructure products do not require a license (e.g. RAELink2, RAELink3).
- * Higher tier licenses can view lower tier license instruments (e.g. Tier 3 license can view any of the Tier 1 or Tier 2 instruments).
- * No license is required for ProRAE Guardian Viewer or for monitoring instruments connected with remote ProRAE Guardian.
- * Each ProRAE Guardian Host connecting with instruments through RAELink family Host modem requires separate licenses.
- * ProRAE Guardian requires activation which locks the instrument licenses with the PC or laptop.
- * Deactivation of ProRAE Guardian unlocks the licenses. Unlocked licenses can be installed on another machine.

ProRAE Guardian Guaranteed Cost of Ownership ("GCO") entitles customer to receive all ProRAE Guardian software releases during the GCO Term. It offers great savings over purchasing software upgrades, which are 50% of the Total Purchase Price (TPP) paid by customers for the ProRAE Guardian licenses.

- * GCO is only for the ProRAE Guardian instrument monitoring licenses. It does not apply to the instruments. Separate GCO must be purchased for the instruments, if needed.
- * GCO must be purchased within one year of the purchase of ProRAE Guardian Instrument Monitoring Licenses.
- * GCO must be renewed before its Term expires in order to continue receiving the software upgrades.
- * Active GCO Term is required to receive the software upgrades.
- * GCO is associated with a Product Key and cannot be transferred.
- * Prorated GCO must be purchased, when additional licenses are ordered for an existing Product Key (PRG Host) with active GCO Term.

ProRAE Guardian™ SDK

ProRAE Guardian helps incident commanders and safety managers improve safety through real-time remote monitoring of wireless gas and radiation-detector networks. ProRAE Guardian™ SDK (Software Development Kit) provides third-party product vendors and systems integrators the ability to integrate real-time data from ProRAE Guardian with external networks such as SCADA (Supervisory Control And Data Acquisition), public warning, and predictive analytics systems.

Benefits

- Easily build custom monitoring and control solutions.
- Broaden capabilities of existing applications and systems by including real-time gas and radiation data.
- Rapid and cost-effective integration.
- Open-platform for future expansion.
- Supports all RAE Systems wirelessly enabled products.

SDK License

- Separately licensed component.
- Perpetual license i.e. no term associated with the license.
- ProRAE Guardian Instrument Monitoring License is a prerequisite.

Ordering

- Requires Product Key for existing ProRAE Guardian Instrument Monitoring License.
- SDK license required for every instrument included in the Product Key.

Pricing

- SDK license price is 50% of the list price for the ProRAE Guardian Instrument Monitoring License.

RAELink3 Mesh Wireless Transmission System with Integrated GPS

RAELink3 Mesh (Model RLM-3001)

RAELink3 Mesh enables RAE Systems personal gas and radiation detectors and select 3rd party monitors to communicate wirelessly with ProRAE Guardian safety monitoring software. The RAELink3 Mesh contains two internal radios, a mesh short-range radio to link to detectors within 333 feet, and a frequency hopping spread spectrum long-range radio to transmit the sensor readings up to 2 miles back to a host controller running ProRAE Guardian.

Kit Includes:

- RAELink3 Mesh modem with GPS
- Charging adapter with AC cable
- Alkaline battery pack
- Coiled RS-232 serial cable for RAE portable products
- RS-232 serial computer interface cable
- RS-232 serial to USB adapter
- Whip antenna
- Magnet mount antenna with 12' cable
- Quick reference guide
- Resource CD
- Hard transport case

Monitors Supported:

Wireless Connection:

- MicroRAE (Mesh version)
- MultiRAE (mesh version)
- MultiRAE Lite Pumped or Diffusion (mesh versions)
- MultiRAE Pro (mesh version)
- MultiRAE Benzene (mesh version)
- ToxiRAE Pro EC (wireless version)
- ToxiRAE Pro LEL (wireless version)
- ToxiRAE Pro PID (wireless version)
- ToxiRAE Pro CO2 (wireless version)
- QRAE 3 (wireless version)

Cabled Connection:

- AP4C [Chemical Warfare]*
- DustTrakII 8530 [Particulates]*

* - 3rd party products require specific communication cables to connect to the RAELink3 Mesh (see below).

EchoView Host

EchoView Host Wireless Mini-Controller for Wireless Portable Monitors

The EchoView Host mini-controller is the cornerstone of RAE Systems' Closed-Loop Wireless Solutions for portable gas monitors. This rugged handheld wireless device can establish a self-contained, self-sufficient network with up to eight supported RAE Systems portable wireless monitors (ToxiRAE Pro, MicroRAE, QRAE 3, Handle PID monitors, MultiRAE lite, MultiRAE, MultiRAE pro and MultiRAE Benzene) and display their readings and alarm status in real time on an easy-to-read screen.

Mesh Routers extend the communications range between the EchoView Host and supported portable gas monitors.

AutoRAE 2 Automatic Test and Calibration System

AutoRAE 2 Automatic Test and Calibration System

The AutoRAE 2 Automatic Test and Calibration System makes compliance with gas monitor test and calibration requirements as easy as pressing a button. Simply cradle the monitor and the system will take care of all calibration, testing, recharging, and calibration record keeping.

The AutoRAE 2 is a flexible, modular system that can be configured to meet your calibration requirements effectively and efficiently. An AutoRAE 2 system can be as simple as a single cradle deployed in standalone mode to calibrate one instrument at a time using up to 2 different gas cylinders, or as powerful as a controller-based system supporting 10 instruments and 5 gas cylinders.

PART NUMBER	DESCRIPTION	COMPATIBLE INSTRUMENTS	List Price [USD \$]
T02-0107-000	AutoRAE 2 Controller Includes terminal adapter. No instrument cradles, gas, regulators, or external tubing included	Supports all AutoRAE 2 Cradles	2,081
T02-0103-000	AutoRAE 2 Cradle for MultiRAE Pumped Models Contains everything required for deployment in standalone mode or as part of a controller-based system with multiple cradles. No gas, regulators, or external tubing included	MultiRAE Family	1,744
T02-0003-000	AutoRAE 2 Cradle for ToxiRAE Pro Contains everything required for deployment in standalone mode or as part of a controller-based system with multiple cradles. No gas, regulators, or external tubing included	ToxiRAE Pro Family	945
T02-0203-000	AutoRAE 2 Cradle for QRAE 3 Contains everything required for deployment in standalone mode or as part of a controller-based system with multiple cradles. No gas, regulators, or external tubing included	QRAE 3	1,238
T02-0503-000	AutoRAE 2 Cradle for MicroRAE Contains everything required for deployment in standalone mode or as part of a controller-based system with multiple cradles. No gas, regulators, or external tubing included	MicroRAE	1,238
T02-0403-000	AutoRAE 2 Cradle for Handheld PID* Contains everything required for deployment in standalone mode or as part of a controller based system with multiple cradles. Includes one Flex-I-Probe Quick Connector with each cradle	MiniRAE Lite, MiniRAE 3000, ppbRAE 3000, UltraRAE 3000	1,744
T02-0303-000	Wi-Fi Module for AutoRAE 2 Controller Includes Wi-Fi module, power charger, Ethernet cable and in-the-box accessories.	AutoRAE 2 Controller	169
T02-0108-000	AutoRAE 2 Terminal Adapter	All	260

AutoRAE 2 Accessories and Replacement Parts

PART NUMBER	Description	List Price [USD \$]
410-0086-000	Cable USB 2.0, Male to Male	37
500-0141-000	Power Adapter, AC/DC/90-264V Input, 12VDC/7.5A 90W Output Requires power cord PN: 410-0036-000 (not included)	217
410-0225-000	Ethernet cable	6
008-3022-010	External Filter, Pack of 10	34
T02-3019-000	Side covers kit for stand alone operation (Consists of 2 end caps: 1 for left side - 1 for right side) □	37
500-0114-000	Power adaptor, AC/DC 100-240V INPUT, 12VDC/1.25A OUTPUT	90
410-0036-000	Power Cord, AC, 125V, 10A, US Plug, 1.8M	37
T02-3020-000	Power Adapter with US power cord	136
411-0008-000	Teflon® tubing 1/16" ID (1.6mm)	5
411-0018-037	Tubing Tygon, 1/8" Diameter inside, Each length: (1/2 inch) 15mm	5
T02-3106-100	2 ToxiRAEPro EC, LEL and CO2 adapters for ToxiRAE Pro cradle (include Product label)	25
T02-3106-000	2 ToxiRAEPro PID adapters for ToxiRAE Pro cradle (include Product label)	23

Ordering Instructions

Single-Cradle Standalone System

- To order an AutoRAE 2 cradle for standalone deployment, please order the AutoRAE 2 Cradle compatible with the unit.
Please note that ToxiRAE Pro Cradle is supplied with adapters in order to be compatible with all ToxiRAE Pro family devices.

Multi-Cradle System with the AutoRAE 2 Controller

- To order an AutoRAE 2 with 2 or more Cradles (the AutoRAE 2 Controller is required in this case), please order the controller (PN: T02-0107-000) PLUS as many individual cradles as specified in the purchase order (MultiRAE2 cradles and ToxiRAE Pro cradles can be mixed on the same system).

The Controller and each Cradle will come in its own individual box.

AutoRAE 2 Controlling Networking

- Networking is enabled for communication to ProRAE Studio 2 (version 1.8.1 or higher) via an Ethernet cable. The Wi-Fi module (T02-0303-000) allows the Controller to connect to ProRAE Studio 2 via a wireless network

* AutoRAE 2 Handheld PID cradle requires a Flex-I-Probe Quick Connector to be installed on each detector.
Each Handheld PID cradle comes with one Quick connector. Additional Quick Connectors must be purchased separately.

AutoRAE Lite (Model GTS 1000)

AutoRAE Lite Bump Test and Calibration Station

- The AutoRAE Lite is a high-speed and low-operation cost bump test and calibration station with data storage in Excel format.
- The AutoRAE Lite provides the lowest cost of ownership on the market, and can perform up to 700 bump tests on a single set of batteries.
- The AutoRAE Lite software offers the flexibility to meet each customer's unique requirements. The automated bump and calibration station provides data storage as well as the ability to easily re-configure the monitor (or ToxiRAE 3).

AutoRAE Lite includes:

- AutoRAE Lite as specified
- USB cable for PC set-up
- 12-volt power supply
- Demand-flow regulator (male thread)
- SD memory card (minimum 512Mb)
- Quick Start Guide
- Inlet filter
- CD-ROM including
 - Operation Manual
 - Drivers
 - Utility Software

58 liters gas cylinder 25 ppm H ₂ S	610-0138-000	175

Green Calibration Gas Cylinders

Green Calibration Gas Cylinders

Green cylinder technology not only saves the environment, it also saves time and money.

- Gas cylinder size options 34, 58 and 116 liter
- Green Refillable cylinder
- “Strip and Ship” program for easy return of empty cylinders
- Small cylinder footprint
- Cylinder technology offers exceptional gas stability
- All gas cylinders use the same valve

Note: Due to new product offering demands expect a one to two week delivery time on Green gas cylinders

Calibration Gas and Regulator

Calibration Gas and Regulator

Standard single-gas and multi-gas mixtures for monitor calibration

- Sizes range from 11 liters to 103 liters
- Convenient multi-gas mixtures
- Choose between demand-flow and constant-flow regulators

Calibration Gas and Regulator (Continued)

Calibration Gas Cylinders (Continued)

PART NUMBER	DESCRIPTION	REGULATOR TYPE	SHELF LIFE	List Price [USD \$]
600-0054-000	Nitric Oxide, 25 ppm (balance nitrogen), 58L alum cylinder	C-10	9-12 mos	320
600-0055-000	Nitrogen Dioxide, 5 ppm (balance air), 58L alum cylinder	C-10	4-6 mos	320
600-0062-000	Nitrogen, 100%, 34L steel cylinder	CGA-600	16-24 mos	80
600-0061-001	Oxygen, 19% (balance nitrogen), 34L steel cylinder	CGA-600	16-24 mos	80
600-0061-000	Oxygen, 20.9% (balance nitrogen), 34L steel cylinder	CGA-600	16-24 mos	80
600-0059-000	Phosphine, 5 ppm (balance nitrogen), 58L cylinder	C-10	4-6 mos	320
600-0066-000	Propane, 100 ppm (balance air), 34L steel cylinder	CGA-600	16-24 mos	80
600-0053-000	Sulfur Dioxide, 5 ppm (balance nitrogen), 58L alum cylinder	C-10	9-12 mos	220
600-0114-000	Three-Gas Calibration Mix, 103L steel cylinder (50% LEL CH ₄ , 50 ppm CO, 20.9% O ₂ , balance N ₂)	C-10	16-24 mos	250
600-0093-000	Three-Gas Calibration Mix, 34L aluminum cylinder (50% LEL CH ₄ , 10 ppm H ₂ S, 20.9% O ₂ , bal. N ₂)	C-10	9-12 mos	250
600-0136-000	Three-Gas Calibration Mix, 34L steel cylinder (50% LEL CH ₄ , 50 ppm CO, 20.9% O ₂ , balance N ₂)	CGA-600	16-24 mos	140

Constant-Flow Regulators And Adapters

PART NUMBER	DESCRIPTION	List Price [USD \$]
002-3011-000	Constant-flow regulator, 0.5 liter/min (CGA-600 Female-threaded regulator: for use with 34L steel cylinders only)	203
007-3021-000	Constant-flow regulator, 1 liter/min (C-10 Male-threaded regulator: for use with 34L aluminum cylinders and all 58L and 103L cylinders)	293
012-3011-000	Constant-flow regulator, 3 liter/min kit includes Sampling [®] calibration gas bag (Female-threaded regulator: for use with 34L steel cylinders only)	161

Demand-Flow Regulators & Adapters

PART NUMBER	DESCRIPTION	List Price [USD \$]
002-3051-000	Demand-flow regulator for pumped instruments (CGA-600 Female-threaded regulator: for use with 34L steel cylinders only) (not for use with HCN or Cl ₂)	473
490-0191-000	Demand-flow regulator for pumped instruments CL ₂ and HCL compatible (C-10 Male-threaded regulator: for use with 34L aluminum cylinders and all 58L and 103L cylinders)	520
008-3052-000	Demand-flow regulator for pumped instruments (C-10 Male-threaded regulator: for use with 34L aluminum cylinders and all 103L cylinders)	473

Calibration Accessories

PART NUMBER	DESCRIPTION	Use With...	List Price [USD \$]
500-0034-000	Calibration kit case (no gas or regulator) holds two 34L, 58L or 103L cylinders of calibration gas		113
025-3002-100	VOC zeroing kit (adapter & box of 10 VOC zeroing tubes)	3G PID Series	124
025-3002-000	Adapter for 7-mm O.D. tubes on Flex-I-Probe	3G PID Series	68
025-2000-010	VOC zeroing tube, single use, pack of 10	3G PID Series	45
500-0003-000	Sampling [®] gas bag - 3 liter	All	56
002-2044-005	Tygon [®] to Teflon [®] Fitting (pack of 5)	All	34
411-0003-041	Tygon [®] tubing (connects to Sampling [®] bag)	All, except PIDs	6
411-0008-000	Teflon [®] tubing 1/16" ID (1.6 mm)	All	5
411-0018-037	Tygon [®] tubing 1/8" ID (3 mm)	All, except PIDs	5

Calibration Kits

Calibration kits do not include a carrying case unless noted in the kit description

PART NUMBER	DESCRIPTION	List Price [USD \$]
600-0060-000	Four-Gas Mix, 11L Gas, 4-gas mix / CO 50ppm / H2S 25ppm / LEL 50% / O2 20.9%, Balance N2, 11L, aerosol, with built-in trigger for gas release and reservoir (3-month shelf life)	90
002-3025-000	Isobutylene, 34L Cylinder, Cal Gas and Regulator Kit, includes: Isobutylene Calibration Gas, 100 ppm, 34L cylinder; constant-flow CGA-600 regulator with adapter	250
007-3111-000	Hydrogen Sulfide (H₂S), 58L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Hydrogen sulfide, 10 ppm (balance nitrogen), 58L cylinder Constant-flow regulator with adapter C-10 regulator 	460
600-0159-000	BadgeRAE PGM-1020 H₂S Quick Check gas cylinder, 11L cylinder with built-in trigger for gas release and balloon reservoir (12-month shelf life) (Bump gas contains greater than 25 ppm balance nitrogen)	90
007-3112-000	Carbon Monoxide (CO), 34L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Carbon monoxide, 50 ppm (balance air), 34L cylinder; Constant-flow CGA-600 regulator with adapter 	250
600-0052-001	Carbon Monoxide (CO), 11L Quick-response (Bump Test) Kit, includes: <ul style="list-style-type: none"> Carbon monoxide, 50 ppm (balance air), 11L cylinder with built-in trigger for gas release and balloon reservoir 	90
007-3113-000	Sulfur Dioxide (SO₂), 58L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Sulfur dioxide, 5 ppm (balance nitrogen), 58L cylinder; Constant-flow regulator with adapter C-10 regulator 	460
007-3114-000	Nitric oxide (NO), 58L Cylinder, Cal Gas and Regulator Kit , includes: <ul style="list-style-type: none"> Nitric Oxide, 25 ppm (balance nitrogen), 58L cylinder; Constant-flow regulator with adapter C-10 regulator 	560
007-3115-000	Nitrogen Dioxide (NO₂), 58L Cylinder, Cal Gas and Regulator Kit , includes: <ul style="list-style-type: none"> Nitrogen dioxide, 5 ppm (balance air), 58L cylinder; Constant-flow regulator with adapter C-10 regulator 	560
007-3116-000	Chlorine (Cl₂), 58L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Chlorine, 10 ppm (balance nitrogen), 58L cylinder; Constant-flow regulator with adapter C-10 regulator 	560
007-3171-000	Methane (LEL), 34L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Methane, 50% LEL (balance air), 34L cylinder Constant-flow CGA-600 regulator with adapter 	250
007-3162-000	Nitrogen (N₂), 34L Cylinder, Cal Gas and Regulator Kit, includes: <ul style="list-style-type: none"> Nitrogen, 100%, 34L cylinder Constant-flow CGA-600 regulator with adapter 	250
012-3002-000	UltraRAE Benzene, 34L Cylinder, Cal Gas and Demand Flow Regulator Kit, includes: <ul style="list-style-type: none"> Benzene, 5 ppm (balance air), 34L cylinder Demand-flow CGA-600 regulator with adapter 	580

Service Parts for End of Life Products

This section contains parts and accessories for products which have been discontinued. These replacement parts will be available until the end of support date, as noted in the section for each product.

Sensors and Lamps

PART NUMBER	DESCRIPTION	End of Support Date	Use With...	List Price [USD \$]
032-0200-000	CO Carbon Monoxide Sensor	12/31/2018	QRAE II	191
014-0212-000	LEL Combustible gas sensor	12/31/2018	QRAE II	191
032-0202-000	Hydrogen Sulfide sensor 0,1-100 ppm	12/31/2018	QRAE II	191
022-0300-000	Oxygen SPE sensor	12/31/2018	QRAE II	203
046-3012-005	Dummy sensor (4R; e.g. QRAE II SPE Oxygen sensor) (Pack of 5)	12/31/2018	QRAE II	37
046-3013-005	Dummy sensor (3R; e.g. QRAE II LEL, H2S, and CO sensors) (Pack of 5)	12/31/2018	QRAE II	37

Batteries

PART NUMBER	DESCRIPTION	End of Support Date	Use With...	List Price [USD \$]
020-3461-000	Charging/download Station for QRAE II (with charger & cable)	12/31/2018	QRAE II	248
020-3461-005	Multi-unit charger (5 QRAE II cradles)	12/31/2018	QRAE II	473
020-3402-000	Re-chargeable Lithium-ion battery	12/31/2018	QRAE II	203
020-3403-000	Alkaline battery adapter	12/31/2018	QRAE II	34

Accessories

PART NUMBER	DESCRIPTION	End of Support Date	Use With...	List Price [USD \$]
008-3022-010	External 25 mm filters (pack of 10) (without adapter)	12/31/2018	QRAE II	34
020-3412-000	Calibration / Flow through Adapter	12/31/2018	QRAE II	56
029-3003-000	Computer interface cable 9 pin male to female	12/31/2018	QRAE II	56
410-0210-000	Cable adapter (USB to serial)	12/31/2018	QRAE II	155
020-0040-010	CSK1 (does not include monitor)	12/31/2018	QRAE II	248
020-0040-020	CSK2 (does not include monitor)	12/31/2018	QRAE II	743
020-2419-005	Dust Filter (pack of 5) for diffusion model	12/31/2018	QRAE II	34
G01-2003-025	Dust Filter (pack of 25) for pumped model (SN>181-138374)	12/31/2018	QRAE II	34
G01-2004-025	Dust Filter (pack of 25) for pumped model (SN<181-138374)	12/31/2018	QRAE II	37
020-3604-002-FRU	Gas plate (pack of 2) for pumped version (SN>181-138374)	12/31/2018	QRAE II	45
020-3411-002-FRU	Gas plate (pack of 2) for diffusion version	12/31/2018	QRAE II	34
020-2476-000	Protective leather case with strap for QRAE II	12/31/2018	QRAE II	56
000-0020-000	CD, QRAE II	12/31/2018	QRAE II	34
500-0036-100	Universal wall charging adapter, 110 VAC to 240 VAC, 12 VDC, with international plug kit	12/31/2018	QRAE II	68

Service Programs

Guaranteed Cost of Ownership Plan

Guaranteed Cost of Ownership (GCO) plans are designed to lower the total cost of operating a gas detection instrument for a fixed period of time. More than just extending the warranty to cover repair costs, GCOs deliver the annual maintenance services that a gas detection instrument requires over the course of its service life. GCO plans offer great value, providing part and services at a lower cost than if purchased separately.

For owners of the following RAE Systems instruments:

• MiniRAE 3000	• MultiRAE Lite
• UltraRAE 3000	• MultiRAE
• ppbRAE 3000	• MultiRAE Pro
• MicroRAE	• MultiRAE Benzene
• QRAE 3	

In the United States and Canada, Guaranteed Cost of Ownership covers the annual maintenance, repair, and replacement cost of all elements in a RAE Systems gas detection instrument for four years from the instrument's date of original purchase.

Coverage includes:

4-Year Repair and Replacement Guarantee

• Pump and Battery	• Gas Plate and Probe
• All Sensors	• Lamp and Housing
• Housing and Membrane Panel	• Modem
• Printed Circuit Boards	• Service includes all labor charges and return shipping via UPS ground

Annual Maintenance Service includes:

- Factory Testing
- Calibration, Cleaning, and Filter Replacement
- Lamp Replacement (as required and applicable)
- Sensor Replacement (as required)
- Pump Service or Replacement (as required)

	Product	GCO Price	Part Number
Multi-Gas	MultiRAE Lite	35 % of the monitor-only list price	SVC-PTC4-MA0
	MultiRAE		SVC-PTC4-MB0
	MultiRAE Pro		SVC-PTC4-MC0
	MultiRAE Benzene		
	MicroRAE	348	SVC-PTC4-M03
	QRAE 3	432	SVC-PTC4-M02
PID	MiniRAE 3000	1,609	SVC-PTC4-592
	ppbRAE 3000	2,250	SVC-PTC4-594
	UltraRAE 3000	1,879	SVC-PTC4-596

Restrictions

- GCO must be purchased within one year of the covered product's original date of purchase
- Valid only to the product's original owner
- GCO only covers the sensors and components in the product's original configuration, as shipped
- GCO does not cover:
 - Water and chemical damage
 - Improper use or care of the product
 - Any product that is used for rental or demonstration purposes
 - Products owned by a RAE Systems Distributor or Representative
 - Laptop computer in RDK
 - 11.7 eV lamp

RAE Systems by Honeywell Standard Limited Warranty

RAE Systems by Honeywell warrants products manufactured and sold by RAE Systems to be free from defects in materials and workmanship for the periods listed in the tables on the following pages. This warranty is expressly limited to the original owner who purchases the equipment directly from RAE Systems or from an authorized RAE Systems Distributor.

To maintain this limited warranty, the product must be operated, calibrated, and maintained in accordance with the Operation and Maintenance Manual supplied with the product. Abuse, mechanical damage, alteration, or repairs not made in accordance with the Operation and Maintenance Manual void the RAE Systems Standard Limited Warranty.

The obligation of RAE Systems under this limited warranty is limited to the repair or replacement of components deemed by the RAE Systems Service Department to have been defective under the scope of this Standard Limited Warranty. To receive consideration for warranty repair or replacement, the product must be returned to RAE Systems in San Jose, California, USA, with transportation and shipping charges prepaid. It is necessary to obtain a return authorization number (RMA) from RAE Systems prior to shipment.

This limited warranty is expressly in lieu of any and all representations, express or implied, including but not limited to the warranty of fitness for a particular purpose. RAE Systems will not be liable for loss or damage of any kind connected to the use of its products or failure of its products to function or operate properly.

RAE Systems Standard Limited Warranty covers the instrument and its critical components as follows:

Instruments, Product Electronics, Switch Panels, Enclosures, Displays	Warranty Period
MultiRAE Family	Two years from date of original purchase
ToxiRAE Pro Family	Two years from date of original purchase
QRAE 3	Two years from date of original purchase
MicroRAE	Two years from date of original purchase
MiniRAE 3000, MiniRAE Lite, ppbRAE 3000, UltraRAE 3000: electronic printed circuit boards, switch panels, displays, and enclosures	One year from the date of original purchase

¹ - RAE Systems Limited Lifetime Warranty covers specific parts only. It does not include labor charges to replace the covered component. An instrument that has a failure of a covered component often requires other services. RAE Systems will replace covered components at no additional charge if the work is performed as part of One Price Repair. Otherwise RAE Systems will charge a flat fee of \$175 to replace the component covered by the Lifetime Limited Warranty.

Instrument Components	Warranty Period
Battery packs, sampling pumps, and other components (either installed in an instrument or purchased separately), which by their design are consumed or depleted during normal operation, or which may require periodic replacement	One year from the date of original purchase

RAE Systems by Honeywell Standard Limited Warranty (continued)

Sensors and Lamps	Warranty Period
O ₂ , LEL, H ₂ S, and CO sensors	2 Years (see below) 3 Years (see below)*
All other electrochemical toxic gas sensors	1 Year (see below)
10.6eV photoionization detector lamps for MiniRAE 2000 and 3000, ppbRAE 3000	3 Years
10.6eV photoionization detector lamps for MultiRAE, ToxiRAE Pro, ppbRAE Plus, and RAEGuard PID	1 Year
9.8eV photoionization detector lamps	6 Months
11.7eV photoionization detector lamps	30 Days

Oxygen (O₂), combustible gas (LEL) and electrochemical sensors are normally consumed during their service life. RAE Systems will replace defective sensors under the following terms:

- Sensors with two-year warranties (O₂, LEL, H₂S, CO) that fail in their first year of service will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of two years, at the option of RAE Systems.
- Sensors with two-year warranties (O₂, LEL, H₂S, CO) that fail in their second year of service will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of one year, at the option of RAE Systems.
- Sensors with one-year warranties (all other electro-chemical sensors) that fail will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of one year, at the option of RAE Systems.

Damage to combustible (LEL) sensors incurred by exposure to known sensor poisons (such as silicones, tetra-ethyl-lead, and/or other substances as noted in the operator's manual) may (at the unilateral discretion of the RAE Systems Service Department) void this warranty as it applies to the replacement of combustible sensors.

QRAE 3 sensors (sensor shipped with product). RAE Systems will replace defective sensors under the following terms:

- Sensors with three year warranties (O₂, LEL, H₂S, CO) that fail in their first year of service will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of three years, at the option of RAE Systems.
- Sensors with three year warranties (O₂, LEL, H₂S, CO) that fail in their second year of service will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of two years, at the option of RAE Systems.
- Sensors with three year warranties (O₂, LEL, H₂S, CO) that fail in their third year of service will be replaced with a sensor having a remaining warranty at least equal to that of the replaced sensor, up to a maximum of one year, at the option of RAE Systems.

Warranty Matrix

Warranty is from date of sale. Any major component not specifically identified below is covered under the Standard Limited Warranty for the instrument.

	Model	Product	Instrument ¹	Components ²	PID Lamps			Sensors	
					9.8 eV	10.6 eV	11.7 eV	O ₂ , LEL, H ₂ S, CO	All others
Single-Gas	PGM-18xx	ToxiRAE Pro	2 Yrs	1 Yr	6 Mos	1 Yr	NA	2 Yrs	1 Yr
	PGM-1700	ToxiRAE 3	2 Yrs	NA	NA	NA	NA	2 Yrs	NA
Multi- Gas	PGM-62x8	MultiRAE Family	2 Yrs	1 Yr	6 Mos	1 Yr	NA	2 Yrs	1 Yr
	PGM-26xx	MicroRAE	2 Yrs	2 Yrs	NA	NA	NA	2 Yrs	1 Yr
	PGM-25xx	QRAE 3	2 Yrs	2 Yr	NA	NA	NA	3 Yrs ³	1 Yr
PID	PGM-7300	MiniRAE Lite	1 Yr	1 Yr	NA	3 Yrs	NA	NA	NA
	PGM-7320	MiniRAE 3000	1Yr	1 Yr	6 Mos	3 Yrs	1 Mo	NA	NA
	PGM-7360	UltraRAE 3000	1Yr	1 Yr	6 Mos	3 Yrs	1 Mo	NA	NA
	PGM-7340	ppbRAE 3000	1Yr	1 Yr	6 Mos	3 Yrs	NA	NA	NA
AutoRAE 2	DKS-6000	AutoRAE 2	2 Yrs	NA	NA	NA	NA	NA	NA
	DKS-6001	MultiRAE Cradle	2 Yrs	NA	NA	NA	NA	NA	NA
		MicroRAE Cradle	2 Yrs	NA	NA	NA	NA	NA	NA
	DKS-6002	ToxiRAE Pro Cradle	2 Yrs	NA	NA	NA	NA	NA	NA
	DKS-6003	QRAE 3 Cradle	2 Yrs	NA	NA	NA	NA	NA	NA
	DKS-6004	Handheld PID Cradle	2 Yrs	NA	NA	NA	NA	NA	NA

¹ Product electronics, switch panels, enclosures, displays

² Sampling pumps, rechargeable batteries, PID fan

³ LEL, O₂, H₂S, CO sensors for QRAE 3 are warranted for 3 years only if shipped inside a brand new product. Same sensors purchased as spare parts are 2 years warranty only.

RAE Systems by Honeywell Terms and Conditions

The terms and conditions of sale and the RAE Order Placement Procedures contained herein apply to all quotations and purchases made and purchase orders received by RAE Systems Inc. ("RAE Systems") and are the exclusive binding agreement between the parties regarding the products or services purchased ("Products"), unless otherwise expressly agreed in writing by RAE Systems and buyer ("Buyer"). THE ACCEPTANCE OF ANY OR ALL OF THE BUYER'S PURCHASE ORDERS IS CONDITIONAL UPON BUYER'S ASSENT TO THE TERMS AND CONDITIONS IN THIS DOCUMENT, IN LIEU OF THE TERMS CONTAINED IN BUYER'S PURCHASE ORDER. RAE Systems hereby rejects all provisions contained in communications from Buyer that conflict with or are inconsistent with the terms contained herein. RAE Systems' failure to object to any of the provisions contained in Buyer's documentation shall not be deemed a waiver of these provisions.

1. Quotation and Prices: All quotations are subject to the terms and conditions stated herein as well as any additional Terms and Conditions that may appear on RAE Systems' quotation. In the case of a conflict between the terms and conditions stated herein and those appearing on RAE Systems' quotation, the latter shall control. RAE Systems prices and quotations are subject to the following:

- a) Buyer will be billed at the prices in the list price or specifically quoted to Buyer at the time of RAE Systems' purchase order acceptance.
- b) All published prices are subject to change without notice.
- c) Unless otherwise specified in writing, all quotations are firm for, and will expire, thirty (30) days after date thereof. Budgetary quotations and estimates are for preliminary information only and shall neither constitute firm offers nor impose any responsibility or liability upon RAE Systems.
- d) Unless otherwise stated in writing by RAE Systems, all prices quoted and billed shall be exclusive of transportation fees, insurance, taxes (including without limitation any use tax, sales tax or similar tax), license fees, customs fees, duties and other charges related thereto, and Buyer shall report and pay any and all such shipping charges, premiums, taxes, fees, duties and other charges related thereto, and shall hold RAE Systems harmless therefrom.
- e) The sale of any of RAE Systems' Products to Buyer in no way conveys to Buyer, either expressly or by implication, any intellectual property license or rights whatsoever, except any limited license rights as may be expressly granted by RAE Systems in the materials which accompany the Products as delivered.

2. Payment: Unless otherwise agreed to in writing, payment shall be paid Net 30 days from the date of invoice. Should custom work be involved, purchase orders shall be accompanied by a non-refundable 50% payment of the total amount with an additional 30% of such total amount due upon the scheduled shipment date, and the final 20% of such total amount is due 30 days after RAE Systems makes shipment. International orders must be accompanied by an irrevocable letter of credit confirmed through a U.S. bank acceptable to RAE Systems and to be drawn at sight when presented with proper documents consisting of (1) signed commercial invoice in triplicate and (2) clean airway bill for the Product. Alternately, wire transfer of funds must be received before shipment (International). Past due balances shall be subject to a finance charge of the lesser of 1.5% per month or the maximum amount allowed by law.

Buyer agrees to accept partial shipments in satisfaction of a single purchase order; when partial shipments are made, pro-rata payments shall become due in accordance with the designated terms for each shipment. RAE Systems may withdraw credit, suspend or cancel performance under any purchase orders or delay delivery of Products in the event Buyer fails to comply with these payment terms.

If Buyer becomes insolvent or bankruptcy proceedings are instituted against Buyer or Buyer makes an assignment for the benefit of its creditors, any such event shall be deemed a material default, entitling RAE Systems to cease performance under a purchase order and to avail itself of all legal or equitable remedies it may have against Buyer. In the event of a default by Buyer under these terms, and the matter is placed in the hands of an attorney for collection, or suit is brought at law, or in equity, to enforce the provisions herein, the Buyer agrees to pay a reasonable attorney's fee together with costs in addition to the amount due under said purchase order.

3. Title and Delivery: Unless otherwise agreed to in writing by RAE Systems, shipment shall be F.O.B. RAE Systems' location and the manner of shipment shall be any commercially reasonable option determined at RAE Systems' option. Buyer shall be responsible for all shipping charges. RAE Systems reserves the right to ship Products freight collect and to select the means of transportation and routing. Unless otherwise advised, RAE Systems will insure to full value of the Product or declare full value to the transportation company at the time of delivery and all such freight; provided that such insurance costs shall be for Buyer's account. Any and all taxes levied on or with respect to Products after delivery to the F.O.B. point, including without limitation taxes levied on or assessed to RAE Systems by reason of its retention of title, shall be paid by Buyer. In the event RAE Systems, in its sole discretion, chooses to pay such taxes, then Buyer shall reimburse RAE Systems in full upon demand. All Products must be inspected by Buyer upon receipt and claims should be filed with the transportation company when there is evidence of damage, either concealed or external.

Shipping dates are approximate and are based upon prompt receipt of all necessary information from Buyer. RAE Systems shall not be liable for delay in delivery or non delivery due to causes beyond RAE Systems' reasonable control, including but not limited to acts of God, acts of Buyer, acts of civil or military authority, war, riots, priorities, fires, strikes, lockouts, delays in transportation and inability due to causes beyond RAE Systems' reasonable control to obtain necessary labor, materials, manufacturing facilities, or compliance with any law, regulation or order, whether such circumstances or causes have been remedied. RAE Systems reserves the right, in its sole discretion, to allocate inventories and current production and substitute suitable materials when, in its opinion, such allocation or substitution is necessary due to any such circumstances or causes. No penalty clause of any kind shall be effective.

RAE Systems by Honeywell Terms and Conditions (continued)

4. Testing Procedures: RAE Systems will conduct industry standard testing procedures to confirm RAE Systems' compliance with Buyer's purchase order. Such testing procedures include verification of model number and serialized inventory, power-up test confirmation, instrumentation calibration and diagnostics verification. Any requested changes to these testing procedures require a separate price quotation.

5. Termination: All purchase orders are firm and non-cancellable by Buyer. Buyer is responsible for the full price of Products as ordered. Termination by mutual agreement is subject to the following conditions: (a) Buyer will pay for all Products which are completely manufactured and allocable to Buyer at the time of RAE Systems receipt of notice of termination; and (b) Buyer will pay all costs which have been incurred by RAE Systems with regard to products which have not been completely manufactured at the time of RAE Systems receipt of notice of termination, plus a pro rata portion of normal profit on the purchase order using RAE Systems' standard accounting practices. To reduce termination charges, RAE Systems shall divert completed parts, material or work-in-process from terminated purchase orders to the Buyer whenever in RAE Systems' sole discretion, it is practical to do so.

6. Limited Warranty: RAE Systems' Product warranty is incorporated as part of the Product Operating and Service manual supplied with each individual Product shipment. Such warranty does not extend to any damage or failure which results from alteration, accident, theft, misuse, abuse, abnormal use, improper or unauthorized repairs or improper maintenance. RAE Systems neither assumes nor authorizes any other firm or person to assume on RAE Systems behalf any liability in any way connected with the sale of RAE Systems Products. The sole and exclusive remedy in the event of any breach of the foregoing warranty is to return Products to RAE Systems with delivery or postage prepaid for a refund pursuant to the terms of the applicable Product warranty.

THIS LIMITED WARRANTY SHALL EXTEND TO ORIGINAL BUYER ONLY AND NOT TO BUYER'S CUSTOMERS OR BUYER'S FOREIGN LOCATIONS AND, EXCEPT FOR THE WARRANTY OF TITLE, IT IS IN LIEU OF ANY AND ALL OTHER WARRANTIES, WHETHER EXPRESSED OR IMPLIED, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY.

7. Limitation of Liability: IN NO EVENT SHALL RAE SYSTEMS BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL, INDIRECT, EXEMPLARY, PUNITIVE, SPECIAL OR OTHER DAMAGES WHATSOEVER RESULTING FROM RAE SYSTEMS' PERFORMANCE OR FAILURE TO PERFORM UNDER THESE TERMS OR THE FURNISHING, PERFORMANCE OR USE OF ANY GOODS SOLD PURSUANT HERETO, WHETHER DUE TO BREACH OF CONTRACT, BREACH OF WARRANTY, STRICT LIABILITY, PRODUCT LIABILITY, THE NEGLIGENCE OF RAE SYSTEMS OR OTHERWISE. IN NO EVENT SHALL RAE SYSTEMS' LIABILITY EXCEED THE U.S. DOLLAR AMOUNT EQUAL TO THE AMOUNT PAID BY BUYER FOR THE COST OF THE PRODUCTS PAID BY BUYER UNDER THE APPLICABLE INVOICE. THE DAMAGE LIMITATIONS PROVIDED IN THIS AGREEMENT AND THE REMEDIES STATED HEREIN SHALL BE EXCLUSIVE AND SHALL BE BUYER'S SOLE REMEDY. THIS LIMITATION ON LIABILITY SHALL SURVIVE FAILURE OF ANY ESSENTIAL PURPOSE. Certain jurisdictions do not permit the limitation of certain types of liability, so this limitation may not apply to the Buyer.

8. Governing Law and Disputes: The terms and conditions of sale stated herein shall be governed by and construed according to the laws of the State of California without regard to its conflict of law provisions. All disputes under any purchase order concerning Products not otherwise resolved between RAE Systems and Buyer shall be resolved in a court of competent jurisdiction at the location of RAE Systems' place of business fulfilling the purchase order, and in no other location. In RAE Systems' sole discretion, such action may be heard in some other place designated by RAE Systems (if necessary to acquire jurisdiction over third persons), so that the dispute can be resolved in an action. Buyer agrees to appear in any such action and consent to the jurisdiction of such court upon written notice. No action, regardless of form, arising out of, or in any way connected with, the Products furnished or services rendered by RAE Systems, may be brought by Buyer more than one (1) year after the cause of action has accrued.

9. Indemnification: In the event of a claim by a third party of infringement of proprietary rights, trademarks, or patents, resulting from compliance with Buyer's designs, specifications, or instructions Buyer will defend, indemnify and hold RAE Systems harmless against any expense or loss ensuing from such a claim.

Except as otherwise provided above, RAE Systems shall defend any suit or proceeding brought against Buyer to the extent the same is based upon a claim that any Product, or any part thereof, delivered to Buyer under a purchase order constitutes an infringement of any United States patent; provided that, RAE Systems is notified promptly in writing and given authority, information and assistance (at RAE Systems' expense) for the defense of same. In case said Product, or any part thereof, is in such suit held to constitute infringement and the use of said Product or part is enjoined, RAE Systems shall, at its sole and exclusive option and expense, either (i) procure for Buyer the right to continue using said Product or part, (ii) replace said Product with a comparable non-infringing product, (iii) modify said Product so it becomes non-infringing; or (iv) remove said Product and refund to Buyer the actual cost of said Product paid to RAE Systems by Buyer, less a reasonable amount for depreciation. The foregoing states the entire liability of RAE Systems for any patent infringement by the said Product or any part thereof. Notwithstanding the foregoing, in no event shall RAE Systems be obligated to indemnify Buyer pursuant to this Section 10 if a claim, suit or proceeding arises out of or is related to: (a) RAE Systems' compliance with Buyer's designs, specifications or instructions; (b) modifications made to the Products other than by RAE Systems; or (c) Buyer's combination or use of the Product with software, services or products developed by Buyer or a third party.

10. Compliance with Laws: RAE Systems represents that with respect to the production of the Products or the performance of the services covered by this purchase order, RAE Systems will fully comply with all applicable federal, state and local laws including, without limitation, all requirements of the Fair Labor Standards Act of 1938, as amended. RAE Systems is an Equal Opportunity Employer. It does not discriminate in any phase of the employment process against any person because of race, color, creed, religion, national origin, sex, age, veteran or handicapped status. The Equal Opportunity Certificate, which is mailed annually to all vendors, is hereby incorporated into these terms and conditions by reference.

RAE Systems by Honeywell Terms and Conditions (continued)

11. Assignment: Buyer shall not assign this purchase order or any interest therein or any rights hereunder without the prior written consent of RAE Systems.

12. Changes: Upon written acceptance of RAE Systems, Buyer may make changes within the scope of this purchase order in specifications, drawings, or type of Products ordered or in the time or place of delivery or order quantity. Engineering charges for any specification changes will be quoted under a separate purchase order. Reduction in purchase order quantities and/or extension or delay of scheduled shipment dates will be subject to price adjustment as determined by RAE Systems and agreed to by the Buyer. RAE Systems reserves the right to reject any changes and thus the original purchase order quantities, shipment dates, and prices shall remain in effect.

13. Export Controls: Buyer acknowledges that all shipments by RAE Systems are or may be subject to restrictions and limitations imposed by United States export controls, trade regulations and trade sanctions. Buyer at all times will comply with such sanctions, controls and regulations and will cause compliance with such sanctions, controls and regulations in its use and disposition of the Products. With respect to each Products shipment pursuant to these terms and conditions, Buyer will obtain and supply to RAE Systems in writing all information required by RAE Systems to obtain any U.S. export license, permit, approval or documentation applicable to such shipment. Notwithstanding any contrary provision in these terms and conditions, RAE Systems will have no obligation to make any shipment to Buyer until it has received all such information and has obtained the applicable licenses, permits, approvals or documentation for shipment, if any. If RAE Systems learns, or has reasonable cause to believe, or if any branch or agency of the government of the United States claims, that a violation of any applicable trade sanctions, export controls or trade regulations has occurred or is likely to occur because of any shipment, RAE Systems may, in addition to any other remedy it may have, suspend all shipments to Buyer until: (a) RAE Systems is satisfied that such violation did not occur or has ceased to occur, or (b) such claim is withdrawn or otherwise resolved in favor of RAE Systems. Neither Buyer nor its employees, agents, subcontractors, officers or representatives shall cause or permit any shipment of the Products to be made by Buyer or by anyone acting on behalf of Buyer or to whom Buyer may sell the Products, to any country for which a validated export license is required by the United States, or to which shipment is prohibited under trade regulations or trade sanctions of the United States. It shall be the duty of Buyer to inform itself in detail of such export controls, trade regulations and trade sanctions. Buyer will not cause or permit any customer or user in other parts of the world until all necessary import and/or export approvals and clearances have been obtained, and until all United States export controls, trade regulations or trade sanctions applicable to such shipments have been fully complied with. Buyer will indemnify and will hold RAE Systems harmless from and against any claim, loss or liability arising out of any breach of the foregoing covenants contained in this Section 14.

14. Notices: Any notice or report required or permitted by these terms and conditions shall be in writing and shall be deemed given if delivered personally or if sent by either party to the other by confirmed overnight delivery or by certified or registered mail, return receipt requested, postage prepaid, addressed to the other party to its address as set forth on the purchase order or at such other address as such party shall designate by notice hereunder. Where Buyer is giving notice to RAE Systems, all notices shall be sent to the attention of RAE Systems' account representative or customer service representative.

15. Government Contracts: Unless otherwise stated by reference on the face hereof, all purchase orders are considered commercial sales regardless of government contract or subcontract references. RAE Systems pricing and production and shipment commitments shall be based on published price lists and RAE Systems internal accounting and production allocation procedures which shall be applied equitably to all customers as determined by RAE Systems.

16. Service Warranty: RAE Systems warrants all repair work performed on Products theretofore purchased by Buyer from RAE Systems for a period of ninety (90) days after completion of the repairs and shipment to Buyer (the "Warranty Period"). In the event that a Product shall fail within the Warranty Period, Buyer's sole and exclusive remedy shall be to return said Product to RAE Systems during the Warranty Period, transportation prepaid, for re-repair. In this event, this warranty will not be deemed to have failed of its essential purpose. Transportation from Buyer to RAE Systems shall be via a carrier selected by Buyer with all charges borne by Buyer. The aforementioned provisions will not extend the original warranty period for any Product that has been repaired by RAE Systems.

RAE Systems by Honeywell Software License

- 1. Grant of License.** In consideration of payment of the License Fee, which is a part of the price paid for this product as evidenced by the payment receipt (the "Receipt"), RAE Systems hereby grants to the Licensee, a nonexclusive right to use and display RAE Systems' SOFTWARE. The License granted covers all users on the above-mentioned SOFTWARE. RAE Systems reserves all rights not expressly granted to Licensee.
- 2. Ownership of the software.** As the Licensee, you own the magnetic or other physical media on which the SOFTWARE is originally or subsequently recorded or fixed, but RAE Systems retains the title and ownership of the SOFTWARE and all subsequent copies of the SOFTWARE, regardless of the form or media in or on which the original and other copies may exist. This License is not a sale of the original SOFTWARE or any copy thereof.
- 3. Copy Restrictions.** This SOFTWARE and the accompanying written materials are copyrighted. Unauthorized copying of the SOFTWARE, including SOFTWARE that has been modified, merged or included with other software, or the written materials provided herewith, is expressly forbidden. You may be held legally responsible for any copyright infringement that is caused or encouraged by your failure to abide by the terms of this License. Subject to these restrictions, and to the extent the SOFTWARE is not copy-protected, you may make one copy of the SOFTWARE solely for backup and archival purposes. Copyright notices must be posted on any and all reproduced copies.
- 4. Use Restrictions.** As the Licensee, you may physically transfer the SOFTWARE from one computer to another provided the SOFTWARE is used on only one computer at a time. You may not electronically transfer the SOFTWARE from one computer to another. You may not distribute copies of the SOFTWARE or accompanying written materials to others. You may not modify, adapt, translate, reverse engineer, de-compile, disassembly, or create derivative works based on the SOFTWARE or the written materials without the prior written consent of RAE Systems.
- 5. Transfer Restrictions.** The foregoing License to use the SOFTWARE is granted only to you and may not be transferred, except a transfer of all your rights, title and interest in and to the License to another person upon that person's agreement to abide by the terms and conditions of the Agreement. In no event may you transfer, assign, rent, lease, sell or otherwise dispose of the SOFTWARE on a temporary or permanent basis except as expressly provided herein. All other attempts to transfer your License under this Agreement are void.
- 6. Upgrade Policy.** RAE Systems may create, from time to time, upgraded versions of the SOFTWARE. At its option, RAE Systems will make such upgrades available to Licensee and transferees who have paid the upgrade fee, if any, and returned the Registration Card to RAE Systems.
- 7. Termination.** This License is effective until terminated. This License will terminate automatically without notice from RAE Systems if you fail to comply with any provision of this License. Upon termination, you agree to destroy, delete or purge the written materials and all copies of the SOFTWARE, including modified copies, if any.
- 8. Disclaimer of Warranties.** The SOFTWARE and accompanying materials (including the user's manual) are provided "as is" without warranty of any kind including the implied warranties of merchantability and fitness for a particular purpose, even if RAE Systems has been advised of that purpose. Further RAE Systems does not warrant, guarantee, or make any representation regarding the use, or the results of the use, of the SOFTWARE or written materials in terms of correctness, accuracy, reliability, current revision, or otherwise. RAE Systems specifically does not warrant the software after you assume the operation. If the SOFTWARE or written materials are defective, you and not RAE Systems or its dealers, distributors, agents, or employees, assume the entire risk and costs of all necessary servicing, repair, or correction, except as stated in paragraph (9) below.
- 9. Defective Disks.** As the only warranty under this Agreement, RAE Systems warrants, to the original Licensee only, that the disk(s) on which the SOFTWARE is recorded is free from defects in materials and workmanship under normal use and service for a period of ninety (90) days from the date of delivery as evidenced by a copy of the Receipt. Some states do not allow limitations on duration of an implied warranty, so the above limitation may not apply.
- 10. Replacement of Defective Disks.** RAE Systems' entire liability and the original Licensee's exclusive remedy under this Agreement are at RAE Systems' option, to either (a) return of payment as evidenced by a copy of the Receipt, or (b) replacement of the disk that does not meet RAE Systems' limited warranty and which is returned to RAE Systems with a copy of the Receipt. If failure of the disk has resulted from accident, abuse, or misapplication, RAE Systems will have no responsibility to either replace the disk or refund payment. Any replacement disk will be warranted for the remainder of the original warranty period or thirty (30) days, whichever is longer. This warranty gives you limited, specific legal rights. You may have other rights, which vary from state to state.
- 11. No Right to Rely.** No oral or written information or advice given by RAE Systems, its dealers, distributors, agents or employees will create a warranty or in any way increase the scope of RAE Systems' obligations under this agreement, and you may not rely on any such information or advice.
- 12. Limitation of Liability.** NEITHER RAE SYSTEMS NOR ANYONE ELSE WHO HAS BEEN INVOLVED IN THE CREATION, PRODUCTION, OR DELIVERY OF THIS PRODUCT WILL BE LIABLE FOR ANY DIRECT, INDIRECT, CONSEQUENTIAL OR INCIDENTAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF BUSINESS PROFITS, BUSINESS INTERRUPTION, LOSS OF BUSINESS INFORMATION, POSSIBILITY OF SUCH DAMAGES). IN NO EVENT SHALL RAE SYSTEMS' LIABILITY EXCEED THE U.S. DOLLAR AMOUNT EQUAL TO THE AMOUNT PAID BY BUYER FOR THE COST OF THE PRODUCTS PAID BY BUYER UNDER THE APPLICABLE INVOICE. THE DAMAGE LIMITATIONS PROVIDED IN THIS LICENSE AND THE REMEDIES STATED HEREIN SHALL BE EXCLUSIVE AND SHALL BE LICENSEE'S SOLE REMEDY. THIS LIMITATION ON LIABILITY SHALL SURVIVE FAILURE OF ANY ESSENTIAL PURPOSE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF LIABILITY FOR CONSEQUENTIAL OR INCIDENTAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY.
- 13. U.S. GOVERNMENT RESTRICTED RIGHTS.** The SOFTWARE and documentation is provided with RESTRICTED RIGHTS. Use, duplication, or disclosure by the Government is subject to restrictions as set forth in subdivision (c)(1)(ii) of The Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 or subparagraphs (c)(1) and (2) of the Commercial Computer Software – Restricted Rights at 48 CFR 52.227-19, as applicable. Contractor/manufacturer is RAE Systems Inc., 3775 N. First Street, San Jose, California 95134.
- 14. Governing Law.** This Agreement is governed by the laws of the State of California.

RAE Systems by Honeywell PRG CloudServer Terms of Service

This ProRAE Guardian (PRG) CloudServer Service Agreement ("Agreement") contains the terms and conditions that govern your access to and use of the PRG CloudServer Service (as defined below) and is an agreement between RAE Systems Inc. ("COMPANY," "we," "us," or "our") and you or the entity you represent ("you"). This Agreement takes effect the fifteenth (15th) day after we notify you (by mail, email, phone, or otherwise) of your PRG CloudServer IP Address ("PRG IPAdd"), or upon your first use of the PRG CloudServer Service (the "Effective Date"), whichever comes first. By your use of the Service, you agree to these terms and conditions, and you represent to us that you are lawfully able to enter into contracts (e.g., you are not a minor). If you are entering into this Agreement for an entity, such as the company you work for, you represent to us that you have legal authority to bind that entity to these terms.

1. PRG CloudServer Service.

1.1 What we will deliver. We agree to provide to you a hosting service for your ProRAE Guardian (PRG) Installation(s). For each PRG CloudServer service contract entered into between you and us, we will provide ONE (1) instance of ProRAE Guardian operating on the public Internet. The PRG instance will be installed, operated, and maintained by us. We will provide to you, at time of Service activation, an IP Address (PRG IPAdd) which will allow you to access your private PRG CloudServer instance from your PRG Installation(s). Your PRG IPAdd will be a static IP address accessible from the public Internet by any PRG Installation properly configured to access it. If need be, we will also set other PRG options for you (including such options as PRG Access Control Access Codes).

1.2 What you can and cannot do with it. You may use your PRG CloudServer instance to connect to any PRG Installations that you choose. It is your responsibility to manage and keep secure your PRG IPAdd, as well as any optional information such as PRG Access Control Access Codes. Company will not be responsible for the security of this information. Company will make every reasonable attempt to help you configure and/or manage this information, but may, at our sole discretion, impose additional charges if repeated requests by you cause us to create new and/or altered PRG IPAdds and/or passphrases. You cannot use your PRG CloudServer service for any purpose other than to connect legitimately licensed instruments, devices, and/or computer systems through PRG Installations. No other software may be operated on or with the PRG CloudServer without prior written consent of Company.

1.3 Usage restrictions. Each PRG CloudServer Service is intended to host instruments, monitors, and devices connected through PRG Installations. Although multiple PRG Installations are supported, each PRG CloudServer will support no more than a total of five hundred (500) individual instruments, devices, and/or monitors at any one time. PRG Installations that attempt to connect more than 500 devices at once are not supported. You may connect up thirty-two (32) PRG Viewers and up to ten (10) remote PRG Installations. Please contact Company if the need arises to connect more than this number of devices or PRG Installations. All connected instruments must be properly licensed. Further, although you may connect computers, instruments, and devices owned by others to your PRG CloudServer, you may not use your PRG CloudServer to host other people's data for a fee. You may host up to the maximum amount of instruments, computers, and viewers from any sources, but you may not erect a service nor may you extract service fees in any manner whatsoever for doing so.

1.4 Support. We will maintain the operational integrity of your PRG CloudServer, and will update it from time to time so that it is running the latest version of PRG. We will not update your PRG CloudServer without notifying you first and giving you a chance to defer the update to a more convenient time.

To update and/or troubleshoot your PRG CloudServer, we may need to take your instruments off-line and attach your PRG CloudServer to our own instruments to test with. This may result in data loss and downtimes, which are unavoidable. We will make every attempt to notify you prior to these actions.

2. Changes.

2.1 To the Service Offerings. We reserve the right to modify our Service Offerings at any time. We will notify you if such modifications affect your current service agreement. If such modifications materially affect your service, you will be given the opportunity to cancel your service contract and receive a pro-rated refund.

2.2 To Pricing. Our pricing for the PRG CloudServer service is subject to change at any time.

2.3 We can move your hosting or change your IP address. Company may engage with various third-party vendors to provide basic data center hosting capability upon which your PRG CloudServer service is based. Further, Company may, from time to time, add additional vendors and/or switch vendors for this capability. Company may move your PRG CloudServer instance to or from any such vendors at will at the sole discretion of Company. If it is determined beforehand that such actions will cause service disruption, Company will make every reasonable attempt to contact you and arrange for a mutually agreeable date and time for such movement of basic service capability. You agree that it may not be possible to avoid service disruptions, and that Company may not be able to notify you in advance for this and/or any such service disruption. Further, you acknowledge that service disruptions may require you to change your PRG IPAdd or other settings in order to restore service, and that this is acceptable to you.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

3. Security and Data Privacy.

3.1 PRG CloudServer Data Security. Company will make every reasonable attempt to keep Your Content secure; however, we do not guarantee such data security. If a data breach occurs, Company will notify you as soon as practicably possible, and make every reasonable attempt to address the situation to your satisfaction. Please note temporary service interruptions may occur as a result of this activity. Company is not responsible for any data loss that occurs as a result of your use of the PRG CloudServer service. We do not guarantee your data is secure. We strongly recommend you redundantly store your PRG CloudServer data in order to safeguard it.

3.2 Data Privacy. We will make every reasonable attempt to secure your data, but we cannot guarantee its ultimate privacy. Initially, most of our hosting sites will be in the U.S., but over time this may change. Under rare conditions, however, sensitive instrument data could be at risk of exposure. We suggest you fully consider this possibility when deciding to use the PRG CloudServer service. Company is not responsible for any undesired exposure of Your Content beyond taking reasonable and customary precautions against it.

3.3 No Guarantee of Uptime. We will make every attempt to maintain 24/7/365 uptime, but cannot guarantee it. We will make all reasonable attempts to restore service as soon as possible after an outage. Note service restoration may require new IP address assignment.

3.4 No refunds for service disruptions. Except for those cases explicitly called out in this document, Company will not issue any refunds for any service disruptions. Your use of the service signifies your knowledge of and agreement with this stipulation.

4. Your Responsibilities

You are responsible for all consequences of your (or your designated employees, contractors, vendors, or associates) use of the service. Company does not monitor your use of the PRG CloudServer service for appropriateness. You accept any and all responsibility for the consequences of your use of the service, including but not limited to, adhering to any prevailing legal authorities' laws, regulations, or requirements. Further, you warrant to us that you shall not use your PRG CloudServer for any illegal, unethical, or immoral means. You further warrant that you shall not use your PRG CloudServer in association with any objectionable content or unlicensed or improperly licensed software or content. Company reserves the right to immediately terminate, without refund, your service contract if, in its sole discretion, you have violated any of these terms.

4.1 Your PRG Network. You are solely responsible for the development, content, operation, maintenance, and use of Your PRG network. For example, you are solely responsible for:

- (a) the technical operation of Your PRG Network, including operating and maintaining all PRG Installations that are connected to your PRG CloudServer;
- (b) compliance of Your PRG Network with any state, local, and/or country-wide laws or legal entities; and
- (c) properly handling and processing notices sent to you (or any of your affiliates) by any person claiming that Your PRG Network violates any laws or regulations of any kind.

4.2 Other Security and Backup. Although RAE personnel may initially help you set up Your PRG Network, you are responsible for properly configuring and using Your PRG Network and taking your own steps to maintain appropriate security, protection and backup of Your Content, which may include the use of redundant PRG machines. Upon your written request, RAE personnel may, at Company's sole discretion, assist you in obtaining copies of Your Content from your PRG CloudServer instance.

4.3 End User Violations. You will be deemed to have taken any action that you permit, assist or facilitate any person or entity to take related to this Agreement, Your PRG Network or use of the Service Offerings. You are responsible for End Users' use of Your Content and the Service Offerings. You will ensure that all End Users comply with your obligations under this Agreement and that the terms of your agreement with each End User are consistent with this Agreement. If you become aware of any violation of your obligations under this Agreement by an End User, you will immediately terminate such End User's access to Your Content and the Service Offerings.

5. Fees and Payment

5.1. Order, payment, and setup. To use the PRG CloudServer service, you must enter into a business arrangement with Company, place an order for the PRG CloudServer term of your choice, and pay the license fee for such term in full. After we have received payment, we will contact you with your Certificate of Service, your private IP address (PRG IPAdd) and any other information you need to initiate your PRG CloudServer service.

5.2 Renewals are not automatic. PRG CloudServer service contracts are for a fixed term as specified in your Certificate of Service. Company may, at its sole discretion, offer to renew your service contract upon term expiration. Company will make every attempt to notify you prior to service contract termination of your then-available options to renew, if any, and prices that are in effect at that time.

5.3 Pricing. Pricing is subject to change upon contract renewal. Renewals to existing contracts, as well as new contracts, are not guaranteed to be available at previous pricing levels and are subject to change any time prior to the execution of such contracts.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

6. Temporary Suspension

6.1 Generally. We may suspend your right to access or use any portion or all of the Service Offerings immediately upon notice to you if we determine:

- (a) your or an End User's use of the Service Offerings (i) poses a security risk to the Company, the Service Offerings, or any other PRG CloudServer customer, (ii) may adversely impact the Service Offerings or the systems or Content of any other PRG CloudServer customer, or (iii) may subject us, our affiliates, or any third party to liability;
- (b) you are, or any End User is, in breach of this Agreement, including if you are delinquent on any payment obligations for more than 15 days; or
- (c) you have ceased to operate in the ordinary course, made an assignment for the benefit of creditors or similar disposition of your assets, or become the subject of any bankruptcy, reorganization, liquidation, dissolution or similar proceeding.

6.2 Effect of Suspension. If we suspend your right to access or use any portion or all of the Service Offerings:

- (a) you remain responsible for all fees and charges you have incurred through the date of suspension;
 - (b) you remain responsible for any applicable fees and charges for any Service Offerings to which you continue to have access, as well as any other obligations you have to Company;
 - (c) we will not erase any of Your Content as a result of your suspension, except as specified elsewhere in this Agreement; and
 - (d) you will not be entitled to a refund of any unused portion of your service Term.
- Our right to suspend your right to access or use the Service Offerings is in addition to our right to terminate this Agreement pursuant to Section 7.2.

7. Term; Termination

7.1 Term. The term of this Agreement will commence on the Effective Date and will remain in effect until the Expiration Date as specified in your Certificate of Service, or until terminated by you or us in accordance with Section 7.2.

7.2 Termination.

7.2.1 We can cancel this service with 30 days notice. If Company determines, due to adverse business conditions, economic conditions, or other conditions, we can no longer continue offering the PRG CloudServer service, we can cancel your service at any time. If we cancel your service, we will notify you and give you at least thirty (30) days notice prior to service cancellation. We will also refund the unused portion of your contract fee based upon a simple pro-rated monthly schedule.

7.2.2 Other forms of acceptable termination are as follows:

- (a) Termination for Convenience. You may terminate this Agreement for any reason by providing us notice. Note that you will not receive a refund for any unused term remaining in your service contract if you terminate for convenience.
- (b) Termination for Cause.
 - (i) By Either Party. Either party may terminate this Agreement for cause upon 30 days advance notice to the other party if there is any material default or breach of this Agreement by the other party, unless the defaulting party has cured the material default or breach within the 30 day notice period.
 - (ii) By Us. We may also terminate this Agreement immediately upon notice to you (A) for cause, if any act or omission by you or any End User results in a suspension described in Section 6.1, (B) if our relationship with a third party partner who provides software or other technology we use to provide the Service Offerings expires, terminates or requires us to change the way we provide the software or other technology as part of the Services as described in Section 2.3, (c) if we believe providing the Services could create a substantial economic or technical burden or material security risk for us, (D) in order to comply with the law or requests of governmental entities, or (E) if we determine use of the Service Offerings by you or any End Users or our provision of any of the Services to you or any End Users has become impractical or unfeasible for any legal or regulatory reason.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

7.3. Effect of Termination.

(a) Generally. Upon any termination of this Agreement:

- (i) all your rights under this Agreement immediately terminate;
- (ii) no refunds will be given for previously paid service fees, except as specified in Sections 2.1, 7.2.1, and 7.2.2(ii)(B) and 7.2.2(ii)(C).

(b) Post-Termination Assistance. Unless we terminate your use of the Service Offerings pursuant to Section 7.2.2(A), during the 30 days following termination:

- (i) we will not erase any of Your Content as a result of the termination;
- (ii) you may retrieve Your Content from the Services only if you have paid any charges for any post-termination use of the Service Offerings and all other amounts due; and
- (iii) we will provide you with the same post-termination data retrieval assistance that we generally make available to all customers.

Any additional post-termination assistance from us is subject to mutual agreement by you and us.

8. Proprietary Rights

8.1 Your Content. As between you and us, you or your licensors own all right, title, and interest in and to Your Content. Except as provided in this Section 8, we obtain no rights under this Agreement from you or your licensors to Your Content, including any related intellectual property rights. You consent to our use of Your Content to provide the Service Offerings to you. We may disclose Your Content to provide the Service Offerings to you or any End Users or to comply with any request of a governmental or regulatory body (including subpoenas or court orders).

8.2 Adequate Rights. You represent and warrant to us that: (a) you or your licensors own all right, title, and interest in and to Your Content; (b) you have all rights in Your Content necessary to grant the rights contemplated by this Agreement.

8.3 Service Offerings License. As between you and us, we or our affiliates or licensors own and reserve all right, title, and interest in and to the Service Offerings. We grant you a limited, revocable, non-exclusive, non-sub-licensable, non-transferrable license to access and use your PRG CloudServer solely in accordance with this Agreement during the term of this agreement. Except as provided in this Section 8.3, you obtain no rights under this Agreement from us or our licensors to the Service Offerings, including any related intellectual property rights.

8.4 License Restrictions. Neither you nor any End User may use the Service Offerings in any manner or for any purpose other than as expressly permitted by this Agreement. Neither you nor any End User may, or may attempt to, (a) modify, alter, tamper with, repair, or otherwise create derivative works of any software included in the Service Offerings (except to the extent software included in the Service Offerings are provided to you under a separate license that expressly permits the creation of derivative works), (b) reverse engineer, disassemble, or decompile the Service Offerings or apply any other process or procedure to derive the source code of any software included in the Service Offerings, or (c) access or use the Service Offerings in a way intended to avoid incurring fees or exceeding usage limits or quotas. All licenses granted to you in this Agreement are conditional on your continued compliance this Agreement, and will immediately and automatically terminate if you do not comply with any term or condition of this Agreement. During and after the Term, you will not assert, nor will you authorize, assist, or encourage any third party to assert, against us or any of our affiliates, customers, vendors, business partners, or licensors, any patent infringement or other intellectual property infringement claim regarding any Service Offerings you have used. You may only use the PRG CloudServer and/or ProRAE Guardian Marks in accordance with the Trademark Use Guidelines.

8.5 Suggestions. If you provide any Suggestions to us or our affiliates, we will own all right, title, and interest in and to the Suggestions, even if you have designated the Suggestions as confidential. We and our affiliates will be entitled to use the Suggestions without restriction. You hereby irrevocably assign to us all right, title, and interest in and to the Suggestions and agree to provide us any assistance we may require to document, perfect, and maintain our rights in the Suggestions.

9. Indemnification.

9.1 General. You will defend, indemnify, and hold harmless us, our affiliates and licensors, and each of their respective employees, officers, directors, and representatives from and against any claims, damages, losses, liabilities, costs, and expenses (including reasonable attorneys' fees) arising out of or relating to any third party claim concerning: (a) your or any End Users' use of the Service Offerings (including use by your employees and personnel); (b) breach of this Agreement or violation of applicable law by you or any End User; (c) Your Content or the combination of Your Content with other applications, content or processes, including any claim involving alleged infringement or misappropriation of third-party rights by Your Content or by the use, development, design, production, advertising or marketing of Your Content; or (d) a dispute between you and any End User. If we or our affiliates are obligated to respond to a third party subpoena or other compulsory legal order or process described above, you will also reimburse us for reasonable attorneys' fees, as well as our employees' and contractors' time and materials spent responding to the third party subpoena or other compulsory legal order or process at our then-current hourly rates.

9.2 Process. We will promptly notify you of any claim subject to Section 9.1, but our failure to promptly notify you will only affect your obligations under Section 9.1 to the extent that our failure prejudices your ability to defend the claim. You may: (a) use counsel of your own choosing (subject to our written consent) to defend against any claim; and (b) settle the claim as you deem appropriate, provided that you obtain our prior written consent before entering into any settlement. We may also assume control of the defense and settlement of the claim at any time.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

10. Disclaimers.

THE SERVICE OFFERINGS ARE PROVIDED "AS IS." WE AND OUR AFFILIATES AND LICENSORS MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE REGARDING THE SERVICE OFFERINGS OR THE THIRD PARTY CONTENT, INCLUDING ANY WARRANTY THAT THE SERVICE OFFERINGS OR THIRD PARTY CONTENT WILL BE UNINTERRUPTED, ERROR FREE OR FREE OF HARMFUL COMPONENTS, OR THAT ANY CONTENT, INCLUDING YOUR CONTENT OR THE THIRD PARTY CONTENT, WILL BE SECURE OR NOT OTHERWISE LOST OR DAMAGED. EXCEPT TO THE EXTENT PROHIBITED BY LAW, WE AND OUR AFFILIATES AND LICENSORS DISCLAIM ALL WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR QUIET ENJOYMENT, AND ANY WARRANTIES ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE.

11. Limitations of Liability.

WE AND OUR AFFILIATES OR LICENSORS WILL NOT BE LIABLE TO YOU FOR ANY DIRECT, INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, GOODWILL, USE, OR DATA), EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. FURTHER, NEITHER WE NOR ANY OF OUR AFFILIATES OR LICENSORS WILL BE RESPONSIBLE FOR ANY COMPENSATION, REIMBURSEMENT, OR DAMAGES ARISING IN CONNECTION WITH: (A) YOUR INABILITY TO USE THE SERVICES, INCLUDING AS A RESULT OF ANY (I) TERMINATION OR SUSPENSION OF THIS AGREEMENT OR YOUR USE OF OR ACCESS TO THE SERVICE OFFERINGS, (II) OUR DISCONTINUATION OF ANY OR ALL OF THE SERVICE OFFERINGS, OR, (III) WITHOUT LIMITING ANY OBLIGATIONS UNDER THIS AGREEMENT, ANY UNANTICIPATED OR UNSCHEDULED DOWNTIME OF ALL OR A PORTION OF THE SERVICES FOR ANY REASON, INCLUDING AS A RESULT OF POWER OUTAGES, SYSTEM FAILURES OR OTHER INTERRUPTIONS; (B) THE COST OF PROCUREMENT OF SUBSTITUTE GOODS OR SERVICES; (C) ANY INVESTMENTS, EXPENDITURES, OR COMMITMENTS BY YOU IN CONNECTION WITH THIS AGREEMENT OR YOUR USE OF OR ACCESS TO THE SERVICE OFFERINGS; OR (D) ANY UNAUTHORIZED ACCESS TO, ALTERATION OF, OR THE DELETION, DESTRUCTION, DAMAGE, LOSS OR FAILURE TO STORE ANY OF YOUR CONTENT OR OTHER DATA. IN ANY CASE, OUR AND OUR AFFILIATES' AND LICENSORS' AGGREGATE LIABILITY UNDER THIS AGREEMENT WILL BE LIMITED TO THE AMOUNT YOU ACTUALLY PAY US UNDER THIS AGREEMENT FOR THE SERVICE THAT GAVE RISE TO THE CLAIM DURING THE 12 MONTHS PRECEDING THE CLAIM.

12. Modifications to the Agreement.

We may modify this Agreement (including any Policies) at any time by posting a revised version on the RAESYSTEMS.COM Site or by otherwise notifying you in accordance with Section 13.8. The modified terms will become effective upon posting or, if we notify you by email, as stated in the email message. By continuing to use the Service Offerings after the effective date of any modifications to this Agreement, you agree to be bound by the modified terms. It is your responsibility to check the RAESYSTEMS.COM Site regularly for modifications to this Agreement. We last modified this Agreement on the date listed at the beginning of this Agreement.

13. Miscellaneous.

13.1 Confidentiality and Publicity. You will not disclose RAE Confidential Information during the Term or at any time during the 5 year period following the end of the Term. You will not issue any press release or make any other public communication with respect to this Agreement or your use of the Service Offerings. You will not misrepresent or embellish the relationship between us and you (including by expressing or implying that we support, sponsor, endorse, or contribute to you or your business endeavors), or express or imply any relationship or affiliation between us and you or any other person or entity except as expressly permitted by this Agreement.

13.2 Force Majeure. We and our affiliates will not be liable for any delay or failure to perform any obligation under this Agreement where the delay or failure results from any cause beyond our reasonable control, including acts of God, labor disputes or other industrial disturbances, systemic electrical, telecommunications, or other utility failures, earthquake, storms or other elements of nature, blockages, embargoes, riots, acts or orders of government, acts of terrorism, or war.

13.3 Independent Contractors; Non-Exclusive Rights. We and you are independent contractors, and neither party, nor any of their respective affiliates, is an agent of the other for any purpose or has the authority to bind the other. Both parties reserve the right (a) to develop or have developed for it products, services, concepts, systems, or techniques that are similar to or compete with the products, services, concepts, systems, or techniques developed or contemplated by the other party and (b) to assist third party developers or systems integrators who may offer products or services which compete with the other party's products or services.

13.4 No Third Party Beneficiaries. This Agreement does not create any third party beneficiary rights in any individual or entity that is not a party to this Agreement.

13.5 NO RIGHT TO RELY. No oral or written information or advice given by Company, its dealers, distributors, agents, or employees will create a warranty or in any way increase the scope of Company's obligations under this agreement, and you may not rely on any such information or advice.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

13.6 U.S. Government Rights. The Service Offerings are provided to the U.S. Government as “commercial items,” “commercial computer software,” “commercial computer software documentation,” and “technical data” with the same rights and restrictions generally applicable to the Service Offerings. If you are using the Service Offerings on behalf of the U.S. Government and these terms fail to meet the U.S. Government’s needs or are inconsistent in any respect with federal law, you will immediately discontinue your use of the Service Offerings. The terms “commercial item” “commercial computer software,” “commercial computer software documentation,” and “technical data” are defined in the Federal Acquisition Regulation and the Defense Federal Acquisition Regulation Supplement.

13.7 Import and Export Compliance. In connection with this Agreement, each party will comply with all applicable import, re-import, export, and re-export control and regulations, including the Export Administration Regulations, the International Traffic in Arms Regulations, and country-specific economic sanctions programs implemented by the Office of Foreign Assets Control. For clarity, you are solely responsible for compliance related to the manner in which you choose to use the Service Offerings, including your transfer and processing of Your Content, the provision of Your Content to End Users, and the region in which any of the foregoing occur.

13.8 Notice.

(a) To You. We may provide any notice to you under this Agreement by: (i) posting a notice on the RAESYSTEMS.COM Site; or (ii) sending a message to the email address then associated with your account. Notices we provide by posting on the RAESYSTEMS.COM Site will be effective upon posting and notices we provide by email will be effective when we send the email. It is your responsibility to keep your email address current. You will be deemed to have received any email sent to the email address then associated with your account when we send the email, whether or not you actually receive the email. (b) To Us. To give us notice under this Agreement, you must contact RAE SYSTEMS by personal delivery, overnight courier or registered or certified mail to RAE Systems Inc., 3775 North First Street, San Jose, CA 95134. We may update the address or other means for notices to us by posting a notice on the RAESYSTEMS.COM Site. All notices to us must be clearly marked “URGENT” and sent to the attention of the RAE Legal Dept. Notices provided to us by personal delivery will be effective immediately. Notices provided to us by overnight courier will be effective one business day after they are sent. Notices provided to us by registered or certified mail will be effective three business days after they are sent. (c) Language. All communications and notices to be made or given pursuant to this Agreement must be in the English language.

13.9 Assignment. You will not assign this Agreement, or delegate or sublicense any of your rights under this Agreement, without our prior written consent. Subject to the foregoing, this Agreement will be binding upon, and inure to the benefit of the parties and their respective successors and assigns.

13.10 No Waivers. The failure by us to enforce any provision of this Agreement will not constitute a present or future waiver of such provision **nor limit our right to enforce such provision at a later time. All waivers by us must be in writing to be effective.**

13.11 Severability. If any portion of this Agreement is held to be invalid or unenforceable, the remaining portions of this Agreement will remain in full force and effect. Any invalid or unenforceable portions will be interpreted to effect and intent of the original portion. If such construction is not possible, the invalid or unenforceable portion will be severed from this Agreement but the rest of the Agreement will remain in full force and effect.

13.12 Governing Law; Venue. The laws of the State of California govern this Agreement and any dispute of any sort that might arise between you and us. We may seek injunctive or other relief in any state, federal, or national court of competent jurisdiction for any actual or alleged infringement of our, our affiliates, or any third party’s intellectual property or other proprietary rights.

13.13 Entire Agreement. This Agreement is the entire agreement between you and us regarding the subject matter of this Agreement. This Agreement supersedes all prior or contemporaneous representations, understandings, agreements, or communications between you and us, whether written or verbal, regarding the subject matter of this Agreement. Notwithstanding any other agreement between you and us, the security and data privacy provisions in Section 3 of this Agreement contain our and our affiliates’ entire obligation regarding the security, privacy and confidentiality of Your Content. We will not be bound by, and specifically object to, any term, condition or other provision which is different from or in addition to the provisions of this Agreement (whether or not it would materially alter this Agreement) and which is submitted by you in any order, receipt, acceptance, confirmation, correspondence or other document. If the terms of this document are inconsistent with the terms contained in any Policy, the terms contained in this document will control.

14. Definitions.

“PRG” means ProRAE Guardian.

“PRG CloudServer” means ProRAE Guardian CloudServer, and represents the instantiation of one copy of ProRAE Guardian running on a computer which is on the public Internet with a Static IP address.

“Your PRG Network” means the combination of your PRG CloudServer instance and all the other PRG machines, devices, instruments, and monitors that are connected to it at any time.

“Expiration Date” means the date the Term of your PRG CloudServer service agreement expires. This date will be specified in your Certificate of Service.

“PRG Installation” means a computer running ProRAE Guardian software with or without attached instruments.

“Your Content” means Content you or any End User cause to be transferred to, created on, or otherwise manifested on your PRG CloudServer by you or by your legitimate use of your PRG CloudServer, including but not limited to, any instrument readings, DataLogs, or Event Logs.

“API” means an application program interface.

“RAE Confidential Information” means all nonpublic information disclosed by us, our affiliates, business partners or our or their respective employees, contractors or agents that is designated as confidential or that, given the nature of the information or circumstances surrounding its disclosure, reasonably should be understood to be confidential. RAE Confidential Information includes: (a) nonpublic information relating to our or our affiliates or business partners’ technology, customers, business plans, promotional and marketing activities, finances and other business affairs; (b) third-party information that we are obligated to keep confidential; and (c) the nature, content and existence of any discussions or negotiations between you and us or our affiliates. RAE Confidential Information does not include any information that: (i) is or becomes publicly available without breach of this Agreement; (ii) can be shown by documentation to have been known to you at the time of your receipt from us; (iii) is received from a third party who did not acquire or disclose the same by a wrongful or tortious act; or (iv) can be shown by documentation to have been independently developed by you without reference to the RAE Confidential Information.

RAE Systems by Honeywell PRG CloudServer Terms of Service (continued)

“PRG CloudServer Marks” means any trademarks, service marks, service or trade names, logos, and other designations of PRG CloudServer, PRG, ProRAE Guardian, and its affiliates that we may make available to you in connection with this Agreement.

“PRG CloudServer Content” means Content we or any of our affiliates make available in connection with the Services or on the RAESYSTEMS.COM Site to allow access to and use of the Services, including your PRG CloudServer instance.

“RAECENTER.COM Site” means <http://www.raecenter.com> and any successor or related site designated by us.

“RAESYSTEMS.COM Site” means <http://www.raesystems.com> and any successor or related site designated by us.

“Content” means data, text, audio, video, images or other content.

“Documentation” means the developer guides, getting started guides, user guides, quick reference guides, and other technical and operations manuals and specifications for the Services.

“End User” means any individual or entity that directly or indirectly through another user: (a) accesses or uses Your PRG Network and/or Your Content; or (b) otherwise accesses or uses the Service Offerings under your account.

“Privacy Policy” means the privacy policy currently referenced on the RAESYSTEMS.COM site, as it may be updated by us from time to time.

“Service” means each of the services made available by us or our affiliates, including but not limited to the PRG CloudServer service.

“Service Offerings” means the PRG CloudServer service (including associated APIs, if any), the PRG CloudServer Content, the PRG CloudServer Marks, the RAESYSTEMS.COM Site, the RAECENTER.COM Site, and any other product or service provided by us under this Agreement. Service Offerings do not include Third Party Content.

“Service Terms” means the rights and restrictions for the PRG CloudServer service, and specified in this document.

“Suggestions” means all suggested improvements to the Service Offerings that you provide to us.

“Term” means the term of this Agreement, beginning on the Effective Date, and ending on the Expiration Date as specified on the Certificate of Service.

“Certificate of Service” means the document you receive upon commencement of the Service detailing your Service Terms, the Term, and any other information pertinent to the PRG CloudServer service.

“Third Party Content” means Content made available to you by any third party on the PRG CloudServer Site or in conjunction with the Services.
