

Slim but Powerful

TL-PBB3000

How to use?

LED indicator: ● On ● Blinking ○ Off

Charge the Power Bank

Plug in the Power Bank to a wall outlet or to your computer's USB port via a USB cable. Please charge the power bank before first use.

● Charging ● Fully charged

Charge other devices

Plug in your device to the Power Bank's output port via a USB cable.

○ Sufficient battery ● Low battery

Check battery level

Press the Battery Button to check the battery level. We recommend charging it when the LED blinks.

● Sufficient battery ● Low battery

Attention

- Keep this device away from water, fire, and extreme temperatures.
- Do not deliberately drop or impact this device.
- Do not attempt to extrude or pierce this device, which may cause it to short circuit.
- Do not attempt to disassemble, modify or repair this device yourself.
- Do not use a damaged wall charger or USB charging cable to charge this device.
- If the product appears to be bulging or any other visible abnormalities, stop using the product immediately and contact us or distributor.
- Please recycle this device at an approved disposal location.
- Please charge this device once every three months to avoid shortening its battery life.
- Please use the recommended power adapter to charge this device. Power adapter is not provided by TP-LINK.
