WORK  
**REIMAGINED**

at home | at the office | on the move

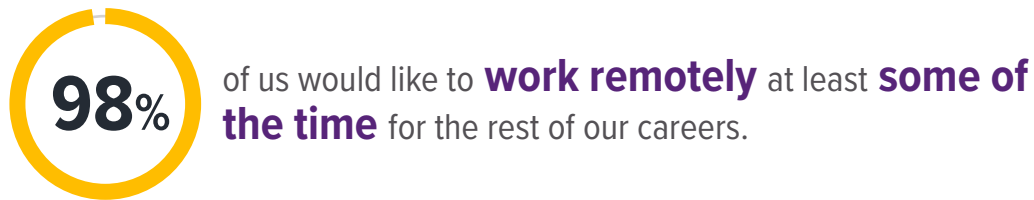

# WORK REIMAGINED

As the world tries to figure out what the “new normal” might look like, it’s clear that there will be changes and challenges in every facet of life – from work to school to travel and entertainment. No two situations will be the same, no business will be unaffected. Where we work and how we work has been altered. Workspaces will be transformed, and the future of work will be reimagined.

Targus has the solutions to help your organisation remain productive in the office or at home. Let’s REIMAGINE our workspace.

Millions of us have been participating in a global ‘Remote Working Experiment’.

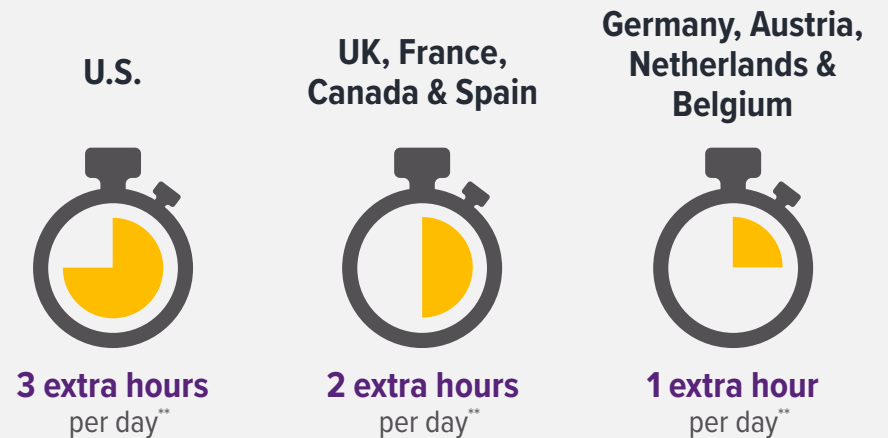

People cite the top benefit of working remotely is the flexible schedule.

People say their top struggle when working remotely is **unplugging** after work and the **blurred lines** between work and home.\*

\*Source: Buffer – State of Remote Report. \*\* Source: Steelcase; NordVPN

Many of us are working longer hours...

# THE NEXT NORMAL

The way we used to work, 'Work' was an office or a place. In this next normal, a hybrid workplace will exist between home and the office, with a need to be safe wherever we are and a desire to make sustainable choices.

## Work from Home

Home workspace set up.  
Good, better, best scenarios.

SEE OUR SOLUTIONS ▶

## The New Workspace

The new office layout with social distancing and hygiene solutions.

REDUCE THE RISK ▶

## On the Move

Working in the office and at home creates a greater need to carry the right tools for the job with you, safely.

SIMPLE CHOICES ▶

# WORK FROM HOME

People want to be productive and comfortable at home and the office, working from only a laptop for 8 hours, day after day is not sustainable or good for posture.

1 SCREEN  
SETUP  
Laptop

2 SCREEN  
SETUP  
Laptop +  
Screen

3 SCREEN  
SETUP  
Laptop +  
2 Screens

# 1 SCREEN SETUP: LAPTOP

Our minimum recommendation to support Work From Home, is to ensure user is ergonomically comfortable so they can be productive.

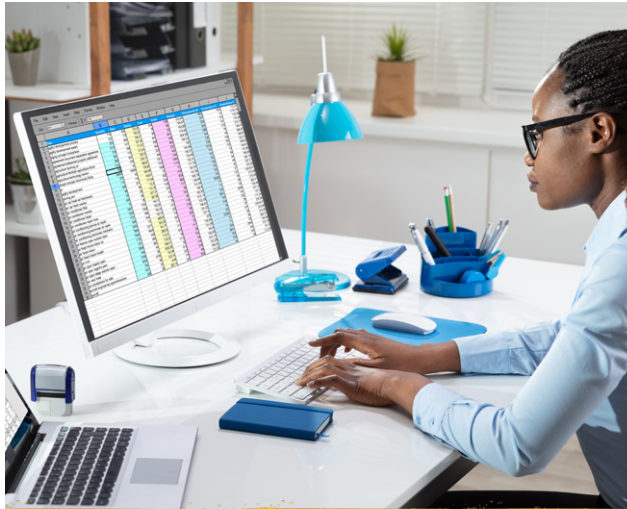

- **Get the best** from your workforce by taking care of the posture and wellbeing.
- Elevate laptop screen to eye height, add a keyboard and mouse.
- Creating a comfortable, sustainable way of working will support **productivity** and user engagement with the business.

# 2 SCREEN SETUP: LAPTOP + SCREEN

Our recommended set up at home or in the office is to provide an additional, external screen for users.

- **25% increase** in user efficiency by adding just 22 inches more viewing space.
  - Get back **30 hours** per year, per user by saving 5 minutes per day connecting, reconnecting and settling cables and peripherals.
- Not much?** It's an extra day of annual leave for each user!

**USB 3.0 SuperSpeed™  
Dual Video Docking  
Station with Power**  
ACP71EUZA | SRP: £163.49

LAPTOP  
STAND

**Ergo M-Pro Laptop Stand**  
AWE04EU | SRP: £84.99

# 3 SCREEN SETUP: LAPTOP + 2 SCREENS

Our ideal set up provides 2 additional, external screens for users, could be in the office but effective at home for focused work.

- Adding a third screen can **increase efficiency** by another 10.5% – that's a **35.5%** increase overall.
- This is the equivalent to an increase of **1.5-3 hours** per day in productive time.

**USB-C™ Universal DV4K Docking Station with 100W Power**

LAPTOP STAND

**Ergo D-Pro Laptop Stand**  
AWE05EU | SRP: £116.99

# THE NEW WORKSPACE

The reality is we will be working without a vaccine during a pandemic, here are some of the physical changes we can expect in the office.

**Taller walls** or **clear dividers** may be coming back. Division will be important – regardless of how.

**De-personalising desks** might be the key to keeping sanitation and cleanliness the top priority in the office.

**Reducing clutter** or even assigning **daily rotating desks** would encourage proper cleaning to be taken.

Have you considered reducing risk through shared equipment, and providing a desk in a bag for each user?

**Ergo M-Pro Laptop Stand**  
AWE04EU | SRP: £84.99

**Wireless USB Laptop  
Blue Trace Mouse**  
AMW50EU | SRP: £15.99

**Compact Wired  
Multimedia Keyboard**  
AKB631UKZ | SRP: £20.99

**GeoLite Essential 15.6"  
Laptop Backpack**  
TSB96001GL | SRP: £29.99

# ON THE MOVE

Carry your desk in your bag, bring the right tools for the job wherever you are working.

- Travel to the office for specific purpose on specific days, would **reduce the carbon impact** daily commuting has on our planet.

**2-in-1 Pen Stylus for all Touchscreen Devices**
