Dear Sir,

SCRIP CODE:-BSE -531431, NSE- SHAKTIPUMP.

Sub: - Submission of Annual Report of the Company for the financial year 2016-17.

Pursuant to the regulation 34(1) of SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015. We enclosing herewith annual report of the Company for the year ended 31st March 2017.

You are requested to take the same on your record.

Thanking You,

Yours Faithfully

For: Shakti Pumps (India) Limited

A handwritten signature in blue ink, appearing to read 'R. Patidar', is written over a circular blue stamp.

destinies**

Forward looking statement

In this Annual Report, we have disclosed forward-looking information to enable investors to comprehend our prospects and take investment decisions. This report and other statements - written and oral - that we periodically make contain forward-looking statements that set out anticipated results based on the management's plans and assumptions. We have tried wherever possible to identify such statements by using words such as 'anticipate', 'estimate', 'expects', 'projects', 'intends', 'plans', 'believes', and words of similar substance in connection with any discussion of future performance.

We cannot guarantee that these forward-looking state-

ments will be realised, although we believe we have been prudent in assumptions. The achievements of results are subject to risks, uncertainties, and even inaccurate assumptions. Should known or unknown risks or uncertainties materialise, or should underlying assumptions prove inaccurate, actual results could vary materially from those anticipated, estimated, or projected. Readers should keep this in mind. We undertake no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise.

Financial section 91

India intends to double farmer incomes by 2022.

The revolution needs out-of-the-box thinking and action to reconcile technology with tradition.

One area where this process has already begun is the solar pumps segment.

A stainless steel pump with intrinsically high efficiency combined with high-performance solar panels.

The solar pumping solution is a proven model which is already transforming destinies across India.

Through 24X7 availability of power, higher throughput and increased convenience.

A solar pumps revolution – a giant leap towards increasing farm incomes.

SHAKTI PUMPS IS INDIA'S LEADING SOLAR PUMPS MANUFACTURERS WITH CREDIBILITY.

Vision

To become a company that constantly strives for quality and customer satisfaction by providing best pumping solutions with global benchmarks and to be a company which integrates Health, Safety and Environmental considerations into all its business decisions and activities, such there will be:

Zero accident

Zero liquid discharge

Zero carbon foot print.

To excel with an emphasis on best business and ethical practice with strong organisational values justifying the interest of all stakeholders.

Mission

To work relentlessly towards coming closer to our vision statement by offering best working environment and training focusing on integrity and ethics.

To empower the workforce to offer products and services that exceeds customer expectations by providing value for money and ensure handsome return to our employees and shareholders.

To create a safe workplace by reducing injuries, accidents and environmental impact for current and future generations.

The combination of energy-efficient stainless steel pumps and solar energy represents the coming together of two cutting-edge technologies.

When this cutting-edge product can be made accessible across the large underserved segment of the population, significant benefits can be expected.

Shakti Pumps aspires to empower industries, corporates and farmers through energy-efficient agricultural, solar, industrial and residential pumps.

Resulting in effective cost management, higher labour productivity and increased efficiency.

Joining hands with the government to make better and more prosperous India.

Background

Having commenced operations in 1982, Shakti Pumps is now one of India's most reputed manufacturers of energy-efficient submersible pumps. With a manufacturing capacity of 5,00,000 pumps per annum, the Company services the needs of agricultural, industrial, domestic and horticultural sectors.

Shakti Pumps is a pioneer in the manufacture of energy-efficient stainless steel pumps and motors. State-of-the-art technology, high-tech processes and innovative designs have allowed Shakti Pumps to carve a niche for itself in the market and emerge as a globally-competitive manufacturer.

Shakti Pumps is committed to achieve total customer satisfaction by manufacturing high quality pumps, meeting global benchmarks, providing timely supply and excellent services through team work and continual improvement.

Presence

The Company's manufacturing units are located in Pithampur DTA and Pithampur SEZ (Indore, Madhya Pradesh). The Company's products are marketed through a network comprising 550 domestic and 90-plus overseas dealers.

Environment protection

Shakti Pumps is committed to environmental protection, health, safety and welfare of our employees, and meeting expectations of other interested parties including the society. Shakti Pumps shall endeavour to:

Act within the framework of an Integrated Management System which comprises ISO 9001:2008 Quality Management Systems, ISO 14001:2004 Environment Management System and OHSAS 18001:2007 Occupational Health and Safety Management System

Manufacture high quality products, minimise pollution and injury or ill-health and seek improvement in the efficient use of natural resources

Adhere to all applicable statutory requirements related to product, environment, health, safety and employee welfare

Engage in the steady improvement of quality, environment, health, safety and social performance parameters and motivate employees towards achieving this goal

Engage in ongoing training and motivation of its employees to pay attention to product quality, health, safety, environment and social responsibility

Infrastructure

Shakti Pumps has state-of-the-art plants along with high-tech machineries and a skilled manpower base help meet the standards of the international market. An annual manufacturing capacity of 500,000 pumps enables the Company to meet changing market demands and comply with stringent regulations.

Shakti Pumps makes full use of a well-developed and highly-motivated R&D department as well as advanced fabrication technology, best materials and methods to create pioneering products.

The Company has installed a computerised testing facility to measure the performance of the pumps produced and compare them with products available in the international market.

Portfolio

The Company offers 1,500 pump variants that supply fresh drinking water to communities, agricultural, boosting water pressure in high-rises and hotels, aid in firefighting and facilitate waste management schemes in rural and urban communities, among others.

Exports

The Company is among the most prominent pump exporters from India and has a presence in more than 100 countries across the globe.

Quality

The Company has invested in cutting-edge manufacturing technologies and equipment from technology leaders like Mazak among others for advanced technological solutions. The Company's manufacturing units are ISO 9001-2008, ISO 14001:2004 and OHSAS 18001:2007-certified.

Listing

The Company's shares are listed and traded on the Bombay Stock Exchange (stock code: 531431) and the National Stock Exchange (stock code: SHAKTIPUMP). The Company's market capitalisation as on 31st March 2017 stood at ₹360 crore.

Awards and accolades

The Company was conferred with the Indian Exporter's Excellence Award 2015 in the 'Best Focus Product Exporter' category by ECGC – Dun & Bradstreet

The Company was awarded the Trophy for Excellence at the Make in India National Conclave 2014 in the 'Excellence in the Field of Industry' category.

The Company was honoured with the Udyog Ratan Award by the Institute of Economic Studies (New Delhi) and Excellence Award by the Institute of Economic Studies (Bangalore) for 2014.

The Company was bestowed the 'Special Contribution' award by the Engineering Export Promotion Council in the 'Large Enterprise' category for being the 'Highest Exporter in Thrust Markets for Thrust Products' for 2014.

The Company was recognised as the Best SEZ Exporter by ECGC and Outstanding Pump Company by EPC.

How we have grown our business across the decades

1982

Started as SSI unit by the Indore-based Patidar family

1986

Commenced operations at a full-fledged manufacturing unit

1989

Received BIS certificate

1995

Became a public limited company; announced initial public offerings and got listed on the BSE

1998

Received ISO 9001:2000 certification, focused on direct exports

2003

Received 'CE mark'; extended exports presence to 20 countries

2006

Received 'One-Star-Export House' status, re-certified with ISO 9001:2000

2007

Implemented SAP across verticals; widened geographical footprint to 50 countries

2008

Commissioned SEZ unit; expanded DTA unit capacity to 4.5 lac pumps

2009

Became the first company to receive '5-star' rating from BEE in the pumps segment

2010

Introduced booster pumps and resin-cooled motors; widened pump range up to 250 HP

2012

Completed separate booster pump unit; launched solar pumping solutions

2013

Received the 'Best SEZ Exporter – ECGC and Outstanding Pump Company' award

Amitabh Bachchan roped in as the brand ambassador

2014

Received the 'Corporate Excellence' award at the Make in India National Conclave

2015

Received 'ECGC - D&B Indian Exporter's Excellence Award' in the 'Best Focus Product Exporter' category

Received ISO 14001:2004 and OHSAS 18001:2007 certifications

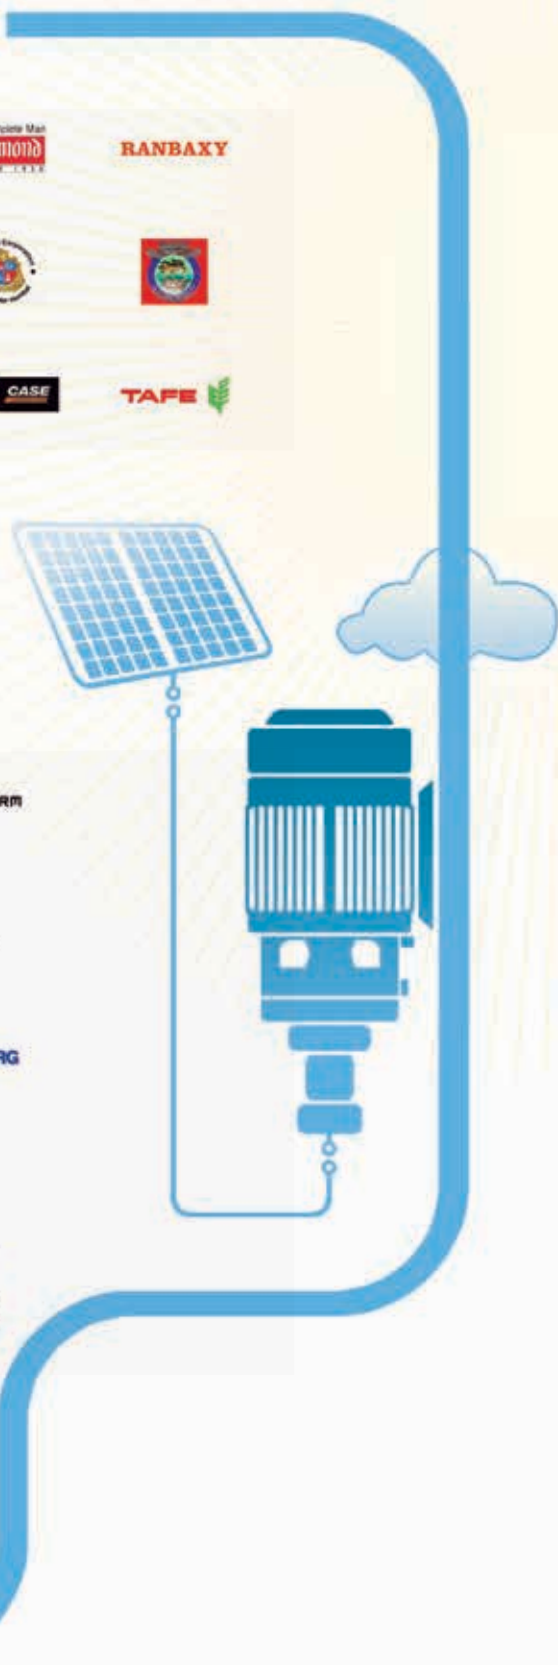

2016

Emerged as one of the largest solar pumping manufacturers; collaborated with IIT Delhi for product improvement

2017

Launched a best-in-class motor

Our customers are at the heart of our country's development agenda

more than
550 Dealers across 13 states in India

Our performance

At Shakti Pumps, we aim to create a company catalysed by innovative business strategies and respected for its ability to add value at the hands of its stakeholders.

Focus on solar pumps segment to drive growth

Increase share of non-Middle Eastern exports

Grow presence in new industrial markets

Move up the value chain across the retail segment

Key focus areas

Increase focus on solar pump business

Reinforce ties with like distributors and consultants

Strengthen presence in the US, Asian and African markets

Recruit, train and retain quality intellectual resources

Create value for stakeholders

Measuring our performance ambition

Profitable growth

Total income: Grew by 51% in FY2016-17

EBIDTA margin: Grew 375 bps to 14.6% in FY2016-17

Financial mechanics

Average cost of debt: 10.9%, 2016-17

Debt-equity ratio: below 0.5 as on 31 March 2017

Interest cover: 3.8x as on 31 March 2017

Shakti Pumps. Indian origin. Global player.

Shakti Pumps is present across all the regions globally. We are aiming at penetrating deeper across every region. New products along with association with better dealers and distributors and consultants will lead future growth.

100
countries

Number of countries where Shakti Pumps has an export presence with three subsidiaries and more than 90 dealers

 Indicates where Shakti Pumps is present.

Map not to scale

Range

Capitalising on cutting-edge technologies, we have developed one of the largest range of energy-efficient pumps, benefitting individuals, communities and nations.

Equipment

Efficient resources use and environment-friendly infrastructure have allowed us to manufacture energy-efficient pumps for irrigation, construction, hospitality, water purification, waste water treatment, and firefighting systems, among others.

How solar pumps are transforming lives across the agricultural ecosystem – a case study of the village of Madansuri

“For the last two years the Gujarat Green Revolution Company has been assigned by the Indian Government to provide subsidy to farmers in remote areas to install solar pumps because electricity connections were not available. We installed around 300 solar water pumps and the feedback was positive.”

- R.K Sugoer, Joint Managing Director, GGRC

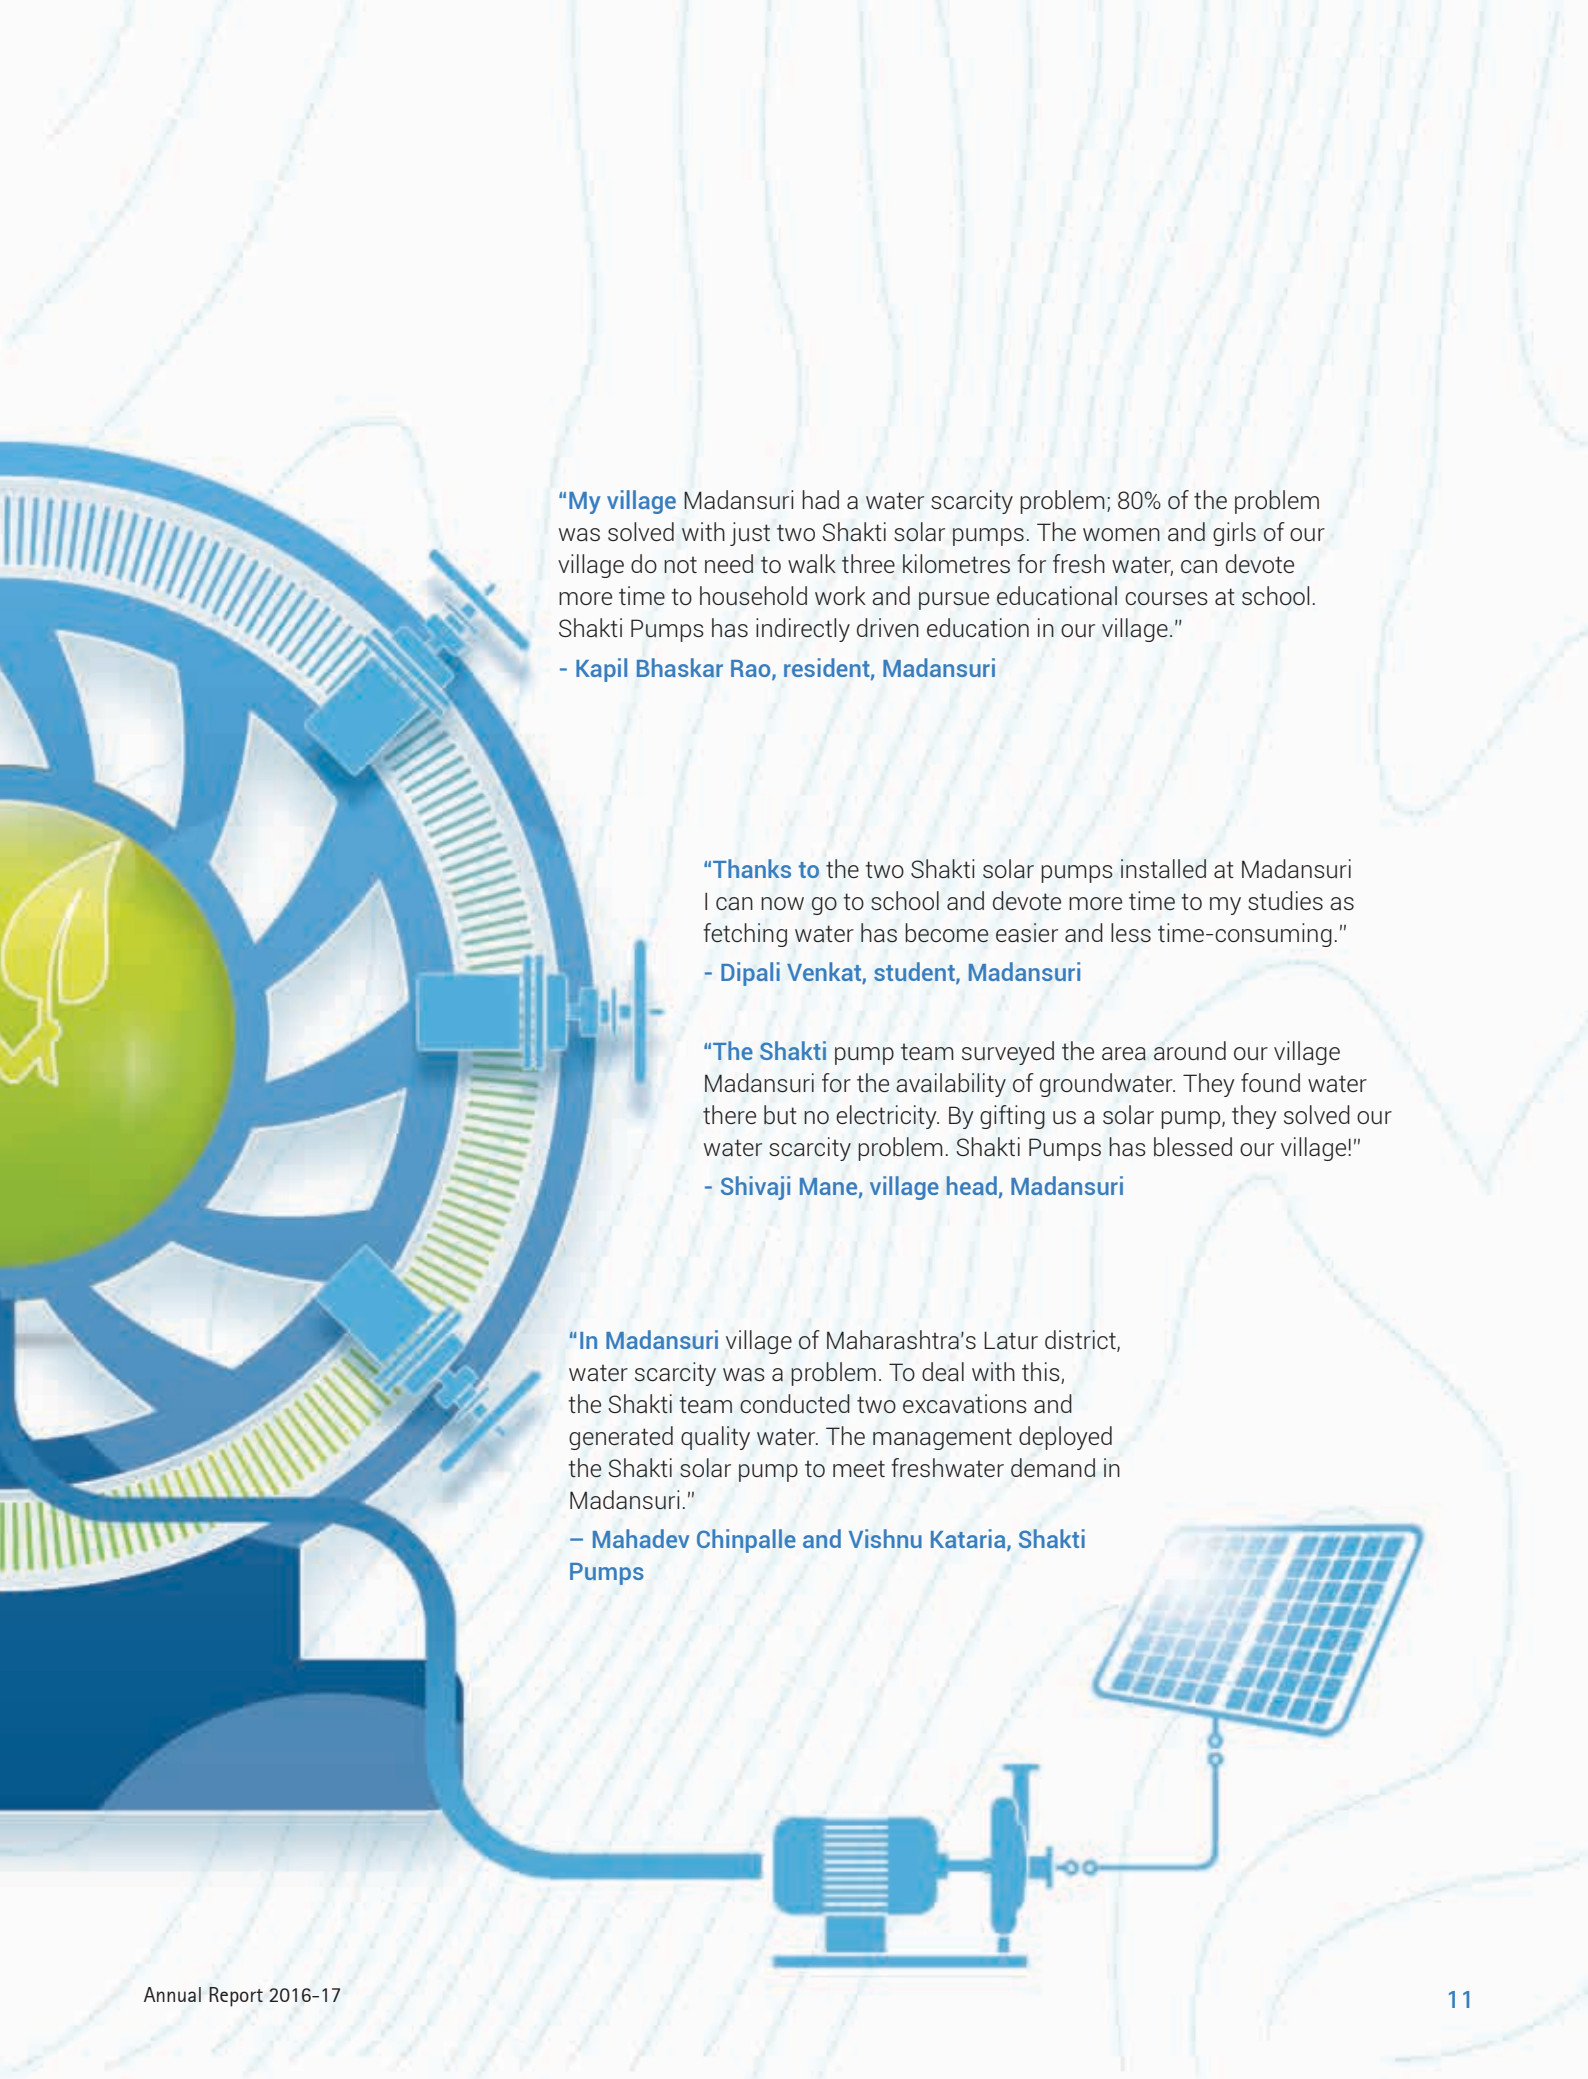

“After one installs a solar pump, there are no follow-on costs, Secondly, it extends where conventional electricity may not reach, Thirdly, the remote monitoring device in the pump can be used to measure not only the water quantity used for irrigation but also identify malfunctions – even while sitting at home!”

- P.P Donaga, AD, AI and MIS Chief, GGRC

“I am an Indian who had lived in London for 30 years, but my agricultural roots drew me back home. Diesel pumps are expensive; so when I read about a government scheme to install a subsidised Shakti solar pump, I opted for it. The GGRC scheme and Shakti solar pump proved cost-effective, saving about Rs.800 per day over a diesel alternative.”

- Vijaybhai Patel, farmer

"My village Madansuri had a water scarcity problem; 80% of the problem was solved with just two Shakti solar pumps. The women and girls of our village do not need to walk three kilometres for fresh water, can devote more time to household work and pursue educational courses at school. Shakti Pumps has indirectly driven education in our village."

- **Kapil Bhaskar Rao, resident, Madansuri**

"Thanks to the two Shakti solar pumps installed at Madansuri I can now go to school and devote more time to my studies as fetching water has become easier and less time-consuming."

- **Dipali Venkat, student, Madansuri**

"The Shakti pump team surveyed the area around our village Madansuri for the availability of groundwater. They found water there but no electricity. By gifting us a solar pump, they solved our water scarcity problem. Shakti Pumps has blessed our village!"

- **Shivaji Mane, village head, Madansuri**

"In Madansuri village of Maharashtra's Latur district, water scarcity was a problem. To deal with this, the Shakti team conducted two excavations and generated quality water. The management deployed the Shakti solar pump to meet freshwater demand in Madansuri."

- **Mahadev Chinpalle and Vishnu Kataria, Shakti Pumps**

DRIVING THE SOLAR PUMP REVOLUTION

Enhancing farmer incomes and driving national prosperity

The Indian solar pumps industry lies at the convergence of ambitious national policies.

The Government of India has targeted a 100,000 MW solar power capacity by 2022. In a country where >60% of the power is generated through fossil fuels, the need for ecological preservation and clean air cannot be overstated.

Interestingly, the Government of India has set another ambitious target: doubling farmer incomes by 2022!

The big question is can these twin targets be achieved?

It would be relevant to mention here that India's solar capacity has touched 12 GW.

Besides, real farmer incomes have grown at a 10-year CAGR (FY2003 to FY2013) of a mere 3.5%, implying that doubling incomes by 2022 would mean raising this growth average to a challenging 12%. (Source: *Indian Council for Research on International Economic Relations*).

Giving hope to farmers. Strengthening prospects for the country.

The game-changing reality is that the cost of solar energy has declined substantially in the last couple of years. This has been primarily due to lowered solar panel prices and reduced costs of financing which has enabled it to compete effectively with fossil fuels. The result is that a combination of competitiveness and inclusiveness can build a solar-powered India faster. Besides, the wider introduction of solar energy can moderate power subsidies of State Electricity Boards.

Shakti Pumps is attractively placed to capitalise on the growing preference for solar energy. The Company is the largest manufacturer of energy-efficient solar pumps in India capable of discharging increased water with similar levels of electricity consumption.

Suryadev Singh, Sabalpur, Bihar

"The biggest problem in farming today? Labour costs. Ever since economic development picked up in the state, our Bihari brethren have begun to return to their homes. Nevertheless, our labour costs continued to increase. It is not as if we had a lot of surplus profit to distribute. So, each time we were faced with a demand for more pay, we could offer a promise to invest in farm mechanisation. But you know how things are; something or the other inevitably gets stuck. This was until we got this subsidised solar pump from the State Government. We all knew that *bijli mein bachat hogi* but the reality was that we also were able to curtail our labour costs. Work got done faster. So you know who are the biggest supporters of the solar pump in our village? All the wives!"

Dinesh Solanki, Neemuch, Madhya Pradesh

"What people in cities and towns need to understand is when they engage in a business they have a reasonable idea of what price they will get for their service. When they work for a month, they know the salary they will receive. Farmers do not have such an assurance or securities. We toil in our fields for months and only hope that there is no bumper harvest that depresses realisations. In such an occupation, we are always seeking new ways of reducing costs. And here too the role is rather limited. How can one reduce costs in an inflationary economy? It is in this context that the solar pump has proved to be a *zabardast chatmatkaar*. There is no diesel to pay for! The result is that someone like can take home a considerable amount of savings and improve my family's lifestyle!"

Sanjeev Jain, Chief engineer, Chhattisgarh State Renewable Energy Development Agency

"Baloda Bazar, a village in Chhattisgarh was facing a water crisis causing farmers to migrate. Consequently, the Chhattisgarh Renewable Energy Development Authority and Shakti Pumps started installing solar pumps under the aegis of the Saur Sujala Yojana (launched in November 2016 in Raipur and thereafter expanded nationwide). The Ministry of New and Renewable Energy introduced this scheme to aid farmers affected by issues related to power connectivity – both conventional and diesel-run. In line with this agenda, we plan to install 51,000 pumps (capacity ranging from 1 to 5 HP) over the next three years. ~12,000 pumps were installed during FY2016-17 and ~20,000 pumps will be installed during FY2017-18 at a cost of ₹5,000 to ₹20,000 for each installation. ~2,000 of these pumps were manufactured by Shakti and have been an absolute boon for the farming community in this geography."

A large part of India still lacks access to quality electricity

A number of Indian hinterlands are yet to be connected with power lines or provided with uninterrupted power. Farmers rely on water sellers, increasing farming costs – sometimes as high as 50% of the total input cost for farming. With the government subsidising cost of solar pumps in the country, it is becoming easier for farmers to install pumps in their fields, even in the remotest parts of the country where no grids are present. It provides them with power for irrigation as well as other household needs.

THE SOLAR PUMP REVOLUTION

Making irrigation cleaner and efficient

There is an increased demand for energy efficient pumps, even in grid-connected areas.

India is primarily an agrarian economy with more than half of the population dependent of agriculture.

Pumping of water is critical for India's farmers given the seasonal rainfall and scarce land resources.

The result is that India has installed more than 30 million water pumps of which seven million are driven by diesel gensets and the rest, grid-connected. The aggregate installed diesel pump capacity in India is estimated at 30 GW, equivalent to almost 15% of India's total installed power capacity and an annual diesel subsidy of US\$6 billion.

Grid-based pumps consume ~22% of electricity and require 85 million tonnes of coal a year and consume 4 billion litres of diesel per annum.

The result is that the pumps have evolved from offering functional delivery to ensuring complete peace-of-mind.

Shakti Pumps is one of the largest Indian pump manufacturers, pioneering the use of energy efficient stainless steel pumps. Shakti Pumps leverages advanced precision fabrication technology to save 30-40% power on the one hand and provide higher output on the other. The technology comprises superior hydraulic impeller, casing/diffuser designs and sheet metal stainless steel parts that facilitate smooth hydraulic passage, ensuring high efficiency.

The result: higher discharge for lesser energy consumed compared to alternatives. Shakti's pumps can be remotely monitored with controls built inside the pumps. The controller automatically switches the pump on and off protecting the equipment against dry run where the controller switches off the motor pump if there is no water, preventing the pump from blockage.

How we have built a sustainable business model over the years of our existence

Overview

At Shakti Pumps, our singular objective is improving consistently and set new benchmarks for ourselves.

From a one-country presence in 2000 to 100+ countries today

From a recall centred on operational excellence to holistic responsibility

From manual interventions to a combination of manual-cum-technological interventions

From individual-driven to institutionalised processes

How we do business

At Shakti Pumps, we have evolved our business model in line with technological developments and the demands of customers and the nation at large.

The Government of India has envisaged doubling farmer incomes by 2022 through technology and equipment-led productivity improvement.

Sectoral context

Fiscal burden

There are more than 20 million electrified pumps in India used for agriculture, consuming nearly 170 billion units, either free-of-cost or at highly subsidised rates. This is draining the fiscal health of the discoms. Agriculture consumed 22% of the electricity in the country while generated only 8% of the revenues for the discoms. Solar pumps on the other hand consume zero electricity and can potentially save significant money and electricity in the country.

Power transmission

The Central Government has pledged for 'Power for All' by 2019 in which solar power plays an important role. Solar pumps play an important role as the excess power generated by the panels post-usage for irrigation can light up the households of farmers.

Energy efficiency

The overall size of energy efficiency market is estimated to be ₹74,000 crore. Till now, only 5% of this market has been tapped through ESCO mode mainly in the areas of lighting and some industrial applications. In order to develop a viable ESCO industry, Ministry of Power has set up Energy Efficiency Services Limited (EESL), a joint venture of NTPC Limited, PFC, REC and Powergrid to facilitate implementation of energy efficiency projects. EESL will work as ESCO, as a consultancy organisation for CDM, energy efficiency and as a resource centre for capacity-building of SDAs, utilities and financial institutions. Energy Efficiency Services Limited (EESL) plans to replace 10 lac inefficient agricultural pump sets with BEE (Bureau of Energy Efficiency) star-rated pumps with electrical control panels.

Solar impetus

The government intends to enhance India's solar capacity to 100 GW by 2022. Solar-powered pumps will help achieve this goal and provide clean and green energy to farmers cost-effectively.

Farmer prosperity

The Government of India has envisaged doubling farmer incomes by 2022 through technology and equipment-led productivity improvement, offering them a higher share of profitability.

Governmental initiatives

Various programmes such as Smart Cities and Swachh Bharat are expected to boost demand for energy-efficient pumps in the domestic market.

Growing urbanisation

Growing urbanisation is expected to drive real estate demand which, in turn, will drive demand for pumps in the country.

Legislative support

The Ministry of New and Renewable Energy and several State Governments have started promoting solar water pumps for agriculture. Solar water pumps come under the off-grid PV scheme of the JNNSM and offer up to 30% capital subsidy. The demand under the subsidy scheme is expected to be double solar pumps in 2017-18.

Consumption potential

Various projects such as the Swachh Bharat Abhiyan, Ganga cleaning, river connecting, Housing for All and rural electrification are expected to drive the growth of this sector.

The credibility of our products is fortified through the various certifications – UL, CE, BIS and ISO among others and one of the largest portfolio of five-star rated products from the Bureau of Energy Efficiency.

Addressing the sectoral context

Long-term

At Shakti Pumps we have focused on creating a business model aimed at generating long-term sustainability.

Range

To address the diverse sectoral requirements, we have created a wide range of stainless steel pumps and motors catering to the requirements of agriculture, horticulture, industrial,

hospitality and domestic segments. The products are energy-efficient, ensure low maintenance, last longer and have better discharge capacities.

Credibility

The credibility of our products is fortified through the various certifications – UL, CE, BIS and ISO among others and one of the largest portfolio of five-star rated products from the Bureau of

Energy Efficiency. This has created strong recall value and credibility for brand Shakti.

Footprint

In line with the growing demand across the globe, we have created a strong network across 100 countries, serviced through three global subsidiaries and 90+ dealers.

Governance

At Shakti Pumps, we have consciously focused on creating a business which is built around trust. Besides, the Company has created a robust governance framework comprising an experienced Board of Directors. The Company communicates regularly with stakeholders to inform them about the latest corporate developments.

Our intangibles

Brand

The Shakti brand stands for world-class quality, robustness, credibility, ethics, trust and value-for-money.

Technology focus

Shakti Pumps invested in cutting-edge technologies to enhance operating efficiencies. The Company was among the first to start a stainless steel pumps production facility in India.

A global pioneer, Shakti is equipped with some of the most precise and efficient equipment to produce the most energy-efficient pumps possible. The result: the Bureau of Energy Efficiency has awarded Shakti with 5-star ratings for more than 260 of our pump models. This makes Shakti a global force, capable of delivering unique, high-quality pumps

across the value chain.

Intellectual capital

Shakti Pumps is driven by knowledgeable and highly-trained employees. We have one of the largest pools of knowledge-driven sectoral experts across areas overseeing operations. The Company employed 580 workers as on 31st March 2017 with a high retention ratio at the

managerial level. ~70% of the Company's employees have been associated with the Company for more than three years as on 31st March 2017. The Company's average age of 32 indicated a balanced mix of enthusiasm and experience.

The effectiveness of our business model

Revenue

We scaled revenues from ₹272.22 crore to ₹411.71 crore, clocking a growth of 51.24%, thereby demonstrating the strength of our product portfolio and our inherent qualitative excellence.

Profitability

We grew our PAT to ₹21.32 crore from ₹1.97 crore and our EBITDA from ₹29.49 crore to ₹60.08 crore growth of 104%.

Sustainability

Our long-term debt as on 31st March 2017 stood at ₹11.84 crore. Our EBITDA margin stood at an attractive 14.6% for FY2016-17, indicating business attractiveness. Our net debt-equity stood at below 0.5 for

FY2016-17, highlighting the robustness of our Balance Sheet.

How we have transformed ourselves over the years...

From being just another pump manufacturer to one of the most efficient pump manufacturers in the world

We were the first Indian company to launch stainless steel pumps

We have one of the largest portfolios of BEE five-star rated pumps (highest rating for energy efficiency)

We were also among the first in India to launch solar pumps and are now one of the key players

From a Gulf-oriented existence to a balanced exports portfolio

We entered the growing markets of the US, Latin America and Africa among others

Our share of exports revenues stood at 24% during FY2016-17

We are focusing in the global market by setting up facilities in the US, the UAE and Australia

The impact of our business model

Revenues

(₹ Crore)

Performance

Our aggregate sales increased 51% to ₹411 crore in FY2016-17, creating a robust growth engine for building profits.

EBIDTA

(₹ crore)

Performance

The Company reported a 104% increase in its EBIDTA in FY2016-17 as a result of higher revenues and a keen emphasis on improving operational efficiency.

Net profit

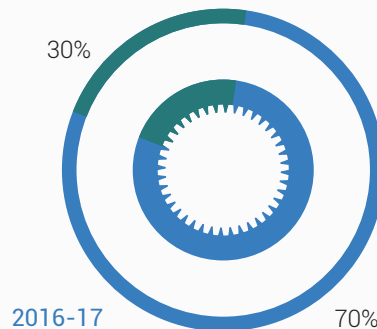

(₹ crore)

Performance

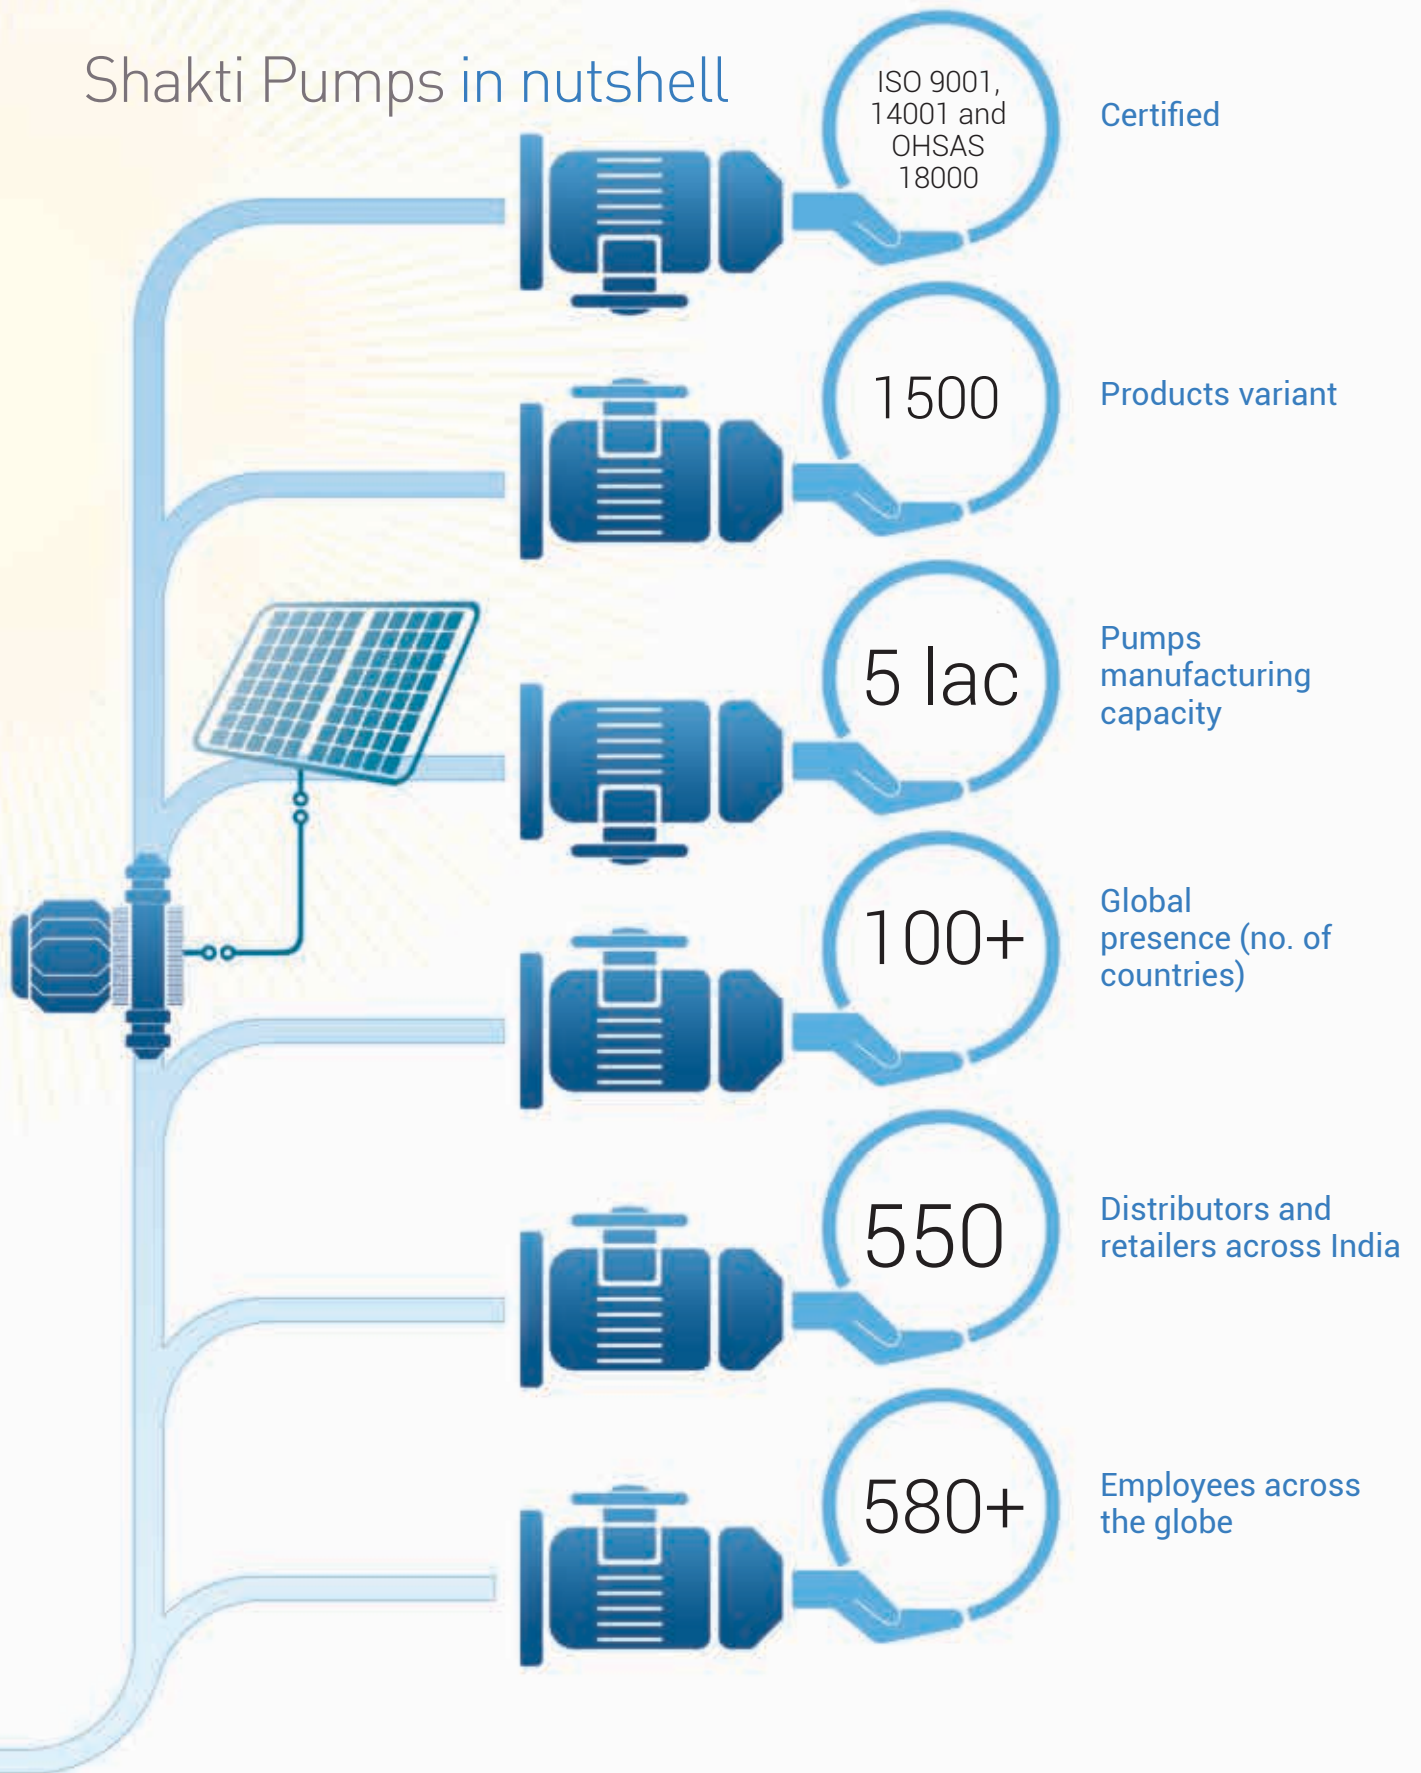

The Company reported ~10x increase in its net profit in FY2016-17, reflecting the robustness of the business model

Reducing dependence on the Gulf countries

- Share of export revenues from Gulf countries
- Share of export revenues from non-Gulf countries

Shakti Pumps in nutshell

Solar

Increased tenders are causing more and more states to join the solar pump revolution

Governmental focus on achieving 100 GW solar power capacity by 2022

International Solar Alliance floating tenders for 500,000 solar pumps

Retail

Good monsoons across the country

Strong policy support

Continuous efforts by EESL to replace inefficient pumps increased budgetary allocation Agri sector

Industrial

Empanelment with major corporates and consultants

Growing demand for energy-efficient pumps

Growing investment in sewage treatment, desalination & water recycling, smart cities and urbanisation

Exports

Growing diversified presence across the world

Building strong network of dealers/channel partners to drive region-specific growth

Global subsidiaries to drive offtake

The outlook for Shakti Pumps

The DNA of Shakti Pumps

Brand: Known as one of the most energy-efficient and trusted brands across the globe with pricing as much as 20-30% lower than the global players.

Experience: More than three decades of experience in the pumps industry makes us one of the most quality-driven and cost-competitive pump manufacturers in the world.

Range: A wide range of energy-efficient pumps which find use in groundwater supply, irrigation, pressure boosting, industrial applications, fire-fighting systems and water treatment applications.

Presence: We are present across 13 Indian states connected by 550 dealers and in 100+ countries around the world connected by 90+ dealers.

Efficient: We have the largest number of BEE five star-rated products in our portfolio and have received certifications like UL, Veritas, ISI, CE Mark, among others.

Scale: A manufacturing capacity of 5 lac pumps per annum ensures that we are able to meet the surging demand for solar pumps from across the globe.

Technology: Our stainless steel pumps are manufactured using state-of-the-art technology. With a majority of the components being manufactured in-house, we are able to extend the value chain, optimise sourcing costs and enhance quality control.

Innovative: We are known for our ability to innovate. Case in point: we pioneered energy-efficient stainless steel pumps in India and periodically introduce new and more efficient variants of existing products.

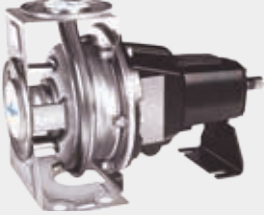

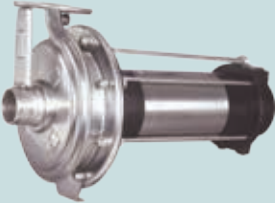

Accreditation: Our solar pumps are certified by the Ministry of New and Renewable Energy and rated 1A in solar by CARE.

Sustainability: Our low gearing of below 0.5 (as on 31st March 2017) reflects our ability to generate additional cash with ease.

Our comprehensive products portfolio

Product	Variants	Features	Applicability
Solar pumps 	Submersible pumps	<ul style="list-style-type: none"> • 40% more discharge • Free from problems like feeder damage, supply cut 	Agricultural; widely used for irrigation
Submersible pumps 	Agricultural use; widely for irrigation <ul style="list-style-type: none"> • 100 mm well size (4") • 150 mm well size (6") • 200 mm well size (8") • 250 mm well size (10") • 300 mm well size (12") • 360 mm well size (14") 	<ul style="list-style-type: none"> • High operating efficiency • Highly durable • Good resistance to sand • Can be easily dismantled and repaired • Can handle upthrust load 	<ul style="list-style-type: none"> • Irrigation, domestic water supply • Fountains, industrial water supply • Pressure boosting units, ponds • Gardens, sprinkler systems and mining

Chairman's overview

"Solar pumps and energy efficient agri-pumps play key role in realising the government's vision on modernising Indian agriculture and make it robust driver for doubling the farm income and National Food Security"

The big message I wish to convey that your Company stands at the most optimistic juncture in its existence.

The Company reported strong financial performance in 2016-17: revenues increased 51% while profit after tax strengthened almost 10-fold to ₹21.32 cr compared to the previous year's ₹1.97 cr. The Company strengthened the quality of its business as well: EBITDA margin increased to 15% from 11% in year 2015-16.

While the financial performance was robust, I would urge readers to look beyond the numbers of FY2016-17 and appraise our significant prospects. The few areas that I have selected to focus on, which would significantly improve our performance in the near future include:

One: Action on ground

Low solar energy cost will widen applications

The optimistic future of our Company is not based on certain expected future events but actions already happening on the ground.

There is a ground-shift in India's solar industry. For one, the government has announced a target of 100 GW of solar capacity by 2022 from a level of around 12.30 GW presently. The country added 5.5 GW of capacity in FY2016-17; the Country plans to add 5 GW of rooftop and 10 GW of large scale solar power capacity in the current fiscal year. The focus on renewable energy capacity addition demonstrates the Government's focus on India's submission to the United Nations Frame Work Convention on Climate Change on Intended Nationally Determined Contribution (INDC): that India will achieve 40% cumulative electric power capacity from non-fossil fuel based energy resources by 2030.

Following the capacity addition in the current fiscal year, India is set to emerge as the third biggest solar market in 2017, overtaking Japan but trailing US and China.

The remarkable driver of this transformation has been a sharp decline in the cost of capacity creation; the result is that for the first ever time, the cost of solar energy generation declined below the cost of grid energy sustained by fossil fuels. We believe that this reality will inspire the government to seek wider applications of solar energy in every-day products, moderating the cost of use for consumers and country.

Two: Turnaround in long-term opportunities

The improved prospects of solar energy translated into attractive opportunity for a company like Shakti Pumps. To get a better appreciation of what this growth means,

it would be relevant to recognise where we have come from: the solar pump was a product that the Company launched in 2013. The product was largely directed at government agencies that would, in turn, provide the product to farmers. However, for years, even as prospects of the product remained unquestioned, the optimism did not translate into action and impacted our performance in the last two financial years.

However, opportunity rebounded during the year under review and resulted in revenues of ₹411cr, accompanied by better margins and higher profits.

Besides, the Company is engaged in the export of pumps for the last two decades. Following declining geopolitical and operating conditions in the Gulf, the Company shifted its strategic focus to other geographies to mitigate the risk arising out of the excessive dependence on any region. Further, the Company decided to focus on cash flows and avoided sales with stretched receivables. The result is that in the last couple of years, the Company strengthened its export roots with a better dealer/ distributor network.

The Company also enhanced its range of industrial pumps and associated itself with reputed dealers and consultants to expand its reach in the Industrial, residential and agricultural segments.

Three: The improvement appears sustainable

The government's policies related to solar pumps across the country indicate that the upturn is not fleeting but sustainable. The Central and various State Governments have made significant changes to programmes and policies to make it more sustainable with a win-win proposition for the Government, farmers and companies supplying these pumps.

The turnaround was partly the result of the Government's initiative to double farmer incomes; the Power for All objective improve rural living conditions. However, providing power is critical to the success of these initiatives although providing power transmission / distribution lines in villages and remote areas are expensive and significantly time-consuming due to operational and other issues. Further, providing power to farms is unremunerative for distribution companies. Solar Pumps is the right solution for providing power to farms. On the face, this appears expensive but the cost of providing power transmission lines, timeline and alternative use of the same grid power outweighs the initial cost of solar pumps.

As an extension, we are seeing an increasing number of States turn to solar energy. Our optimism is derived from the fact that Energy Efficiency Services Limited, a government organisation advocating the use of energy-efficiency products, is evangelising the use of solar pumps across the country. States like Rajasthan, Chattisgarh, Uttar Pradesh and Madhya Pradesh have already embraced this concept; the day is not far when this concept gains widening acceptance across more States, creating a considerably larger market.

Four: Shakti Pumps' dominant market share

Shakti Pumps is one of the largest players in India's solar pumps market. This market domination has been derived from a deep technology advantage. The Company provides a globally comparable product; based on IE standard's energy efficiency rating where IE-1.0 is the lowest, IE-2.0 & 3.0 is considered normal, IE-4.0 difficult and IE-5.0 considered best, our pumps have reported a rating up to IE-5.0, which makes them among the best in the world. The result

is that the Company's solar pumps are being purchased by some of the most prominent Indian companies for their onward deployment. Besides, our pumps are being increasingly specified in government tenders, making them the standard by which smaller competition is compared or appraised.

We believe that as the market for solar pumps widens in India and if we can protect our dominant market-leading position, the result could be disproportionate gains in terms of revenues, margins and cash flow.

Five: Shakti Pumps possesses adequate capacity

At Shakti Pumps, we are optimistic of our prospects on account of our future-readiness in terms of installed capacity. The Company is equipped to manufacture 500000 pumps per annum; the Company's capacity utilisation during the year under review was only 46%, indicating that the Company is attractively placed to address increasing demand without corresponding capital investments resulting in better return on equity and thus enhancing shareholders' value.

Six: The market is virtually limitless

India is one of the largest agricultural economies, with almost 60% of the country's population dependent (directly or indirectly) on agriculture. The country's farm sector is estimated to deploy 30 mn conventional pumps; the proportion of solar pumps already deployed by the country is only a fraction of 1%. This negligible market share indicates virtually unlimited potential that could keep serious long-term players engaged for years.

India had installed 91400 solar pumps up to 31 October 2016. We believe that offtake during the financial year under review represents the start of a multi-year growth journey related to solar pumps.

Seven: Shakti Pumps is backward-integrated

At Shakti Pumps, we do not just possess the capacity to assemble and manufacture pumps; we also possess the capability to manufacture nearly all key components required in pumps manufacture, enhancing our quality control on the one hand and widening our value-chain the other. Besides, the Company has demonstrated the ability to integrate the core pump utility with solar energy panel features, resulting in an integrated solution.

Eight: Expanding our export footprint

From being largely Gulf-dependent for exports, Shakti Pumps has started widening it's a presence in the global market and created a presence in six new countries in the last two years and added 12 dealers. The Company has floated a subsidiary in the US to drive the business in the US market.

Overview

In view of the convergence of these realities, we believe that the Company is poised to significantly benefit from the increased installations of solar pumps in the Country apart from expanding its reach in the area of industrial pumps, exports and the energy-efficient conventional agricultural pump segments. This has already begun to manifest in capital assets that enhance sectoral viability, convenience and national savings.

With the Indian government focused on modernising agriculture, while investing in Smart Cities, road infrastructure, drinking water and urbanisation, we can be safely assured of the prospects of energy-efficient pumps resulting in attractive corporate prospects the Company appear attractive across the foreseeable future.

Dinesh Patidar,
Chairman & Managing Director

Global economic overview

Buoyant financial markets, combined with a long-awaited recovery in manufacturing and trade, is expected to result in higher global growth from 3.2% in 2016 to 3.5% in 2017 and 3.6% in 2018. The previous financial year was marked by a number of changes such as the Brexit, the Presidential election in USA, stable oil prices, geo-political tension across countries and China's slowdown. The sluggish growth in developing economies was largely characterised by commodity and oil price declines, overhangs global financial crisis and political turmoil. While Asia in general and India in particular continued to grow, several emerging market currencies devalued considerably. However, advanced economies like US and Japan, with their extended monetary support policy and return to fiscal neutrality, fortified a generally-quicken output. However, the overall forecast masks a marked difference between countries with strong commodity import-export ratios.

After stagnating in 2015, growth in commodity-exporting nations for 2016 was pegged at 0.4% – substantially below the forecasted 1.6% (January 2016). This reflects a significant downward revision in terms of commodity prices spurred by weak global trade, capital flow volatilities and inherent domestic challenges. With China reorienting into a consumption-centric economy and Gulf nations reducing their dependence on oil, the case for base metals strengthened. This, in turn, propped commodity prices. Consequently, inflation recovered across advanced economies and commodity prices bottomed out (Source: IMF & World Bank).

However, businesses will need to prepare themselves adequately in order to address the challenges arising from geopolitical tensions, policy uncertainties, financial market volatilities and rapid changes in technology. They would be able to do so by leveraging qualitative sources of growth, boosting their technology quotient and productivity.

Growth			
	2016	2017 (E)	2018 (P)
Global economy	3.2%	3.5%	3.6%
Advanced economies	1.7%	2.0%	1.9%
Emerging market and developing economies	4.1%	4.6%	4.8%
Emerging and developing Asian nations	6.4%	6.5%	6.5%

Indian economic overview

The Indian economy slowed in 2016-17 to 7.1% from 8% in FY2015-16, largely owing to the currency demonetisation in the third quarter of the financial year under review. Although the demonetisation initiative affected growth, it is expected to have major long-term benefits. Further, the recently-introduced Goods and Services Tax (GST) is also significantly advantageous in the long-term as it will boost interstate trade, reduce supply chain-related issues, improve economies-of-scale, overheads. The cost of doing business for the unorganised segment will increase. Over the last few years, India's growth performance and moderate robust, backed by policy reforms that have made India more open to goods and capital flows. However, the country is witnessing challenges with respect to infrastructure development, slower private sector capex, high non-performing assets, poor financials of state discoms and job creation. The growth rate of the industrial sector was estimated to moderate to 5.2% in FY 2017, down from 7.4% in FY 2016. With an anticipated normal rainfall, the rural sector demand is expected to be strong this year after two years of poor monsoons. This should lift sagging rural demand and, by extension, the GDP growth rate. (Source: Crisil, HT)

The near-term outlook for India seems brighter. Nonetheless, the growth forecast for the next fiscal has been pegged around 7.2%, primarily due to the temporary cash shortages and payment disruptions associated with demonetisations and GST implementation. The Asian Development Bank expects the Indian economy to grow at an accelerated 7.4% in 2017-18 and 7.6% in 2018-19, retaining its position as the world's fastest-growing major economy. (Source: IMF, World Bank, RBI, IBEF)

Global pumps

The global pump market is projected to register a compounded annual growth rate (CAGR) of 4.6% in terms of revenue and 4.2% in terms of sales volume between 2016, according to a new report titled 'Pumps Market: Global Industry Analysis and Forecast, 2016-2024,' by Persistence Market Research.

Key growth drivers

- Government regulations
- Pharmaceutical demand
- Growing need for water treatment and wastewater management
- Oil and gas expansion

The global pumps market is segregated across the five key regions of North America, Latin America, Europe, APAC and the Middle East & Africa. The APAC region is estimated to dominate the global pumps market with 38.5% revenue share by end 2016. Sales of pumps in the North America and Europe regions is estimated to collectively account for 48.8% share by end 2016.

Global demand to grow 5.5% yearly through 2018

Global demand for fluid handling pumps is projected to increase 5.5% per year to \$84 billion in 2018. In developed nations, an improved environment for fixed investment spending will enable pump-using manufacturers to invest in expansion and an upgrade of facilities. In developing areas, increased investment in water infrastructure will spur gains as access to water supply and sanitation systems is expanded. Continued growth in mining activity, a byproduct of the voracious demand for mined materials in China, India, and other developing nations, could boost pump demand in countries with large mining industries. Growth in oil production could also provide opportunities, especially in newly developed areas requiring infrastructure development.

China, Asia/Pacific region to lead new pump demand

The Asia/Pacific region will generate 44% of new pump demand through 2018. Pump sales in the region will be based on solid advances in fixed investment expenditures and construction spending. Several Asian countries are projected to record impressive gains, including China and India. China alone will account for 23% of all new global pump demand between 2013 and 2018. On a regional basis, Central and South America are expected to post the strongest annual gains, benefiting from ongoing industrialisation. The US will remain the largest national market through 2018, due to its large process manufacturing industries, water infrastructure, and oil and gas industries.

Higher incomes in developing regions to benefit process manufacturing

Pump demand in the process manufacturing market will benefit from greater standards of living, particularly in developing regions. As consumers earn better incomes, they will spend more on goods such as fuel, chemicals, and food and beverages. Advances in pump demand in the water infrastructure market could result from two key factors: in developing nations, access to water supply and sanitation could be increase; in developed nations, aging water infrastructure could need repair and upgrades. Demand in the oil and gas market will benefit from more oil and gas production worldwide, though this may be tempered in the short-term by a sharp decline in oil prices.

Centrifugal pumps to remain dominant segment

Centrifugal pumps could continue to be the most commonly used pump design due to their varied pressure and load handling capabilities -- including the ability to handle liquids with high solids content -- and relatively low maintenance costs. Demand for positive displacement pumps could outpace the industry average due to growth in process manufacturing activity. Demand for aftermarket

parts could benefit from rising manufacturing activity, mainly in harsh environments such as those in the chemical industry.

Indian pumps

The pump market in India was valued at about ₹10000 to 11000 crore in FY2016-17, Submersible and centrifugal pumps accounted for 95% of the pumps sold in India. The market for water pumps in India is expected to witness rapid growth at a CAGR of ~12% till 2020.

Key drivers:

- Government regulations
- Government Agriculture spending
- Growing need for water treatment and wastewater management
- Urbanisation, Smart Cities etc.
- Solar pumps

This growth could be driven by increasing urbanisation, leading to high demand for residential and commercial real estate. Growing dependence on groundwater and irregular monsoons are catalysing the demand for water pumps in the agricultural segment. Governmental efforts to improve water infrastructure, water supply and sanitation services across the country are expected to catalyse the demand for water pumps in the country.

The increase in consumption, rise in agriculture exports, growth in the food processing industry, and growth in organic farming could result in the growth of the agriculture sector, which could subsequently increase the demand for pumps. Additionally, the expected investments from the government towards irrigation projects could also drive demand.

Besides agriculture, a significant share to the country's water pumps market is accounted for by the industrial sector, where power plants, chemical manufacturing, water and wastewater treatment are the prime application areas.

Rapid penetration of desalination plants in the industrial sector is boosting the demand for water pumps. Many desalination plants announced in the past are likely to be launched in the country over the next few years. The demand for desalinated water has been exacerbated by depleting per capita water availability, motivating the Indian Government to explore alternative sources.

Over the years, the Governments at the Central and the State level have been working to provide the right financing mechanism for solar pumps considering the high upfront costs of pumps. However, given the lack of electricity and high costs of setting up a transmission and distribution network, the Governments have come out with a feasible financing solution. This is expected to significantly increase the demand for solar pumps in the near future.

Opportunities

The pumps market in India is driven by the industrial, agriculture, building services, power generation, oil and gas, water and wastewater segments.

- Robust monsoon, urbanisation, smart cities, government focus on solar pumps, water treatments projects, drinking water schemes, energy efficiency, replacements of old inefficient pumps, are generating good demands
- The Niti Aayog has set a target to install 3 million solar pumps over the next three years of which tenders for 114,000 pumps have already been announced
- Globalisation of the Indian economy has brought forth the importance of notable features of Indian pump industry in the global market
- The influence of Make in India and globalisation have compelled Indian manufacturers to export their products where the demand is high in Agriculture, oil and gas, steel and mining applications. The Indian pumps sector enjoys a formidable presence in the Middle East, Africa, Asia-Pacific and US
- The International Solar Alliance plans a global tender of 5,00,000 solar pumps in 2018 in which Indian pump manufacturers are expected to get a large pie under the make in India campaign. India plans to use International Solar Alliance to popularise indigenously-developed solar water pumps across the world, especially in the emerging markets. (Source: IBEF)

(Source: IBEF)

Solar pumps:

Currently, 30 million agricultural pumps are installed in India of which nearly 7 million pumps are diesel-based and the remaining grid-connected. The major challenges faced by farmers include frequent power outages and the rising cost of diesel. Both these factors adversely affect farm productivity and there is a clear need for alternative options. Solar water pumping system offers immense opportunities to replace conventional pumps. The Ministry of New and Renewable Energy had set an ambitious target to install at least 10 lac solar water pumps in various States by 2021. Medium power (3 HP to 10HP) AC submersible solar water pumps are the most widely-installed ones in the country and primarily used in lift irrigation. (Source: 6wresearch)

Solar water pumps offer a compelling application for many reasons – improving energy access in remote areas, replacement of costly diesel-pumps and reduction in agricultural power subsidies. Solar pumps, combined with drip irrigation can minimise the over-exploitation of ground water; capital subsidies on solar water pumps offer a better

Benefits of solar pumping solutions

Farmers

- Improved access to water for irrigation
- Enhanced crop yields and increased incomes
- Reduced dependence on manual labour
- Enhanced food security
- More income generating opportunities

Government

- Reduction in fuel use
- Subsidy savings
- Reduced fuel imports
- Creation of small businesses
- Improved reliability
- Increased output
- Decline in emissions

value for money than subsidies on sales of rural electricity and diesel. The performance of each pump can be monitored on a real-time basis from anywhere in the world. The Central Government identified solar water pumps as a policy priority with ambitious targets and substantial capital subsidy support.

(Source: Ministry of New & Renewable Energy)

In 2014, the Indian Government announced a target to install 1 million solar water pumps, equivalent to approximately 3,000 megawatts, for irrigation and drinking water by 2021. The actual installed base stood at 31472 pumps in 2015-16 and a total 91,400 up to 31st October 2016. Chhattisgarh and Rajasthan are the leading States by the total number of solar pumps deployed with an annual target of 20000 and 11000 for 2017-18. Gujarat, Andhra Pradesh, Tamil Nadu, Madhya Pradesh, Haryana, Uttar Pradesh and Karnataka are other States actively working on solar pumping solutions

Governmental support

Acknowledging the immense potential for solar water pumps in India, the Ministry of New and Renewable Energy and several state governments have started the solar water pumps. These solar water pumps came under the off-grid PV scheme and were provided up to 30% capital subsidy. Chhattisgarh and Rajasthan had been pioneers in promoting solar water pumps, offering an additional subsidy of 50 to 60% over and above the subsidy, which means that the solar pump owners could get up to 80 to 90% subsidy in total. (Source: Ministry of New & Renewable Energy)

Switching to solar water pumps not only helps farmers overcome the challenges but also helps the Central Government save ~US\$6 billion a year in power and diesel subsidies. Hence, solar water pumps are

becoming a lucrative alternative to traditional grid-connected pumps and diesel pumps. Though the capital cost of solar water pumps are higher compared to diesel and electric pumps, declining solar panel costs and effective financial planning should bolster demand in the coming years. (Source: Bloomberg)

Exports

An ambitious Make In India campaign started by the Honorable PM of India and India as a manufacturing hub, pumps from India hold a good export potential. Cost competitiveness along with superior quality provides the Indian pump industry an upper hand in the global scenario.

Domestic market

A strong 2017 monsoon forecast is expected to boost agriculture in the country and enhance rural liquidity to drive the domestic demand for pumps.

Industrial markets

With the government putting an additional focus on Swachh Bharat Abhiyan, Smart Cities, water recycling, drinking water schemes and road infrastructures, the demand for pumps from the industrial segment is expected to surge exponentially in the coming years.

Company's performance, 2016-17

After a year of slowdown, Shakti Pumps' performance in 2016-17 turned around on the back of strong domestic solar sales. The Indian market showed improvement during the year under review owing to clear government policies and better implementation. However, the unprecedented demonetisation drive of the government slowed the domestic agriculture and residential demand. Shakti Pumps continued to strengthen its network by adding good dealers and consultants during the year.

Exports

Exports were affected in the past few years owing to the Company's prominent markets (Gulf region) facing a geo-political crisis. The Company worked on the exports policy, started entering newer markets and building its distribution channel. This was reflected positively on the ground as the Company associated with good dealers and consultants. During the year, the Company added 11 international dealers in more than six countries. Exports revenue was ₹98 crore in 2016-17 compared to ₹112 crore in 2015-16.

Domestic market

The domestic business revenue increased by 99% to ₹315 crore from ₹158 crore in 2015-16. The increase in revenue was driven by mainly by the solar pumps businesses.

During the year under review, the Company improved its market

penetration through changes in dealer policy, entry in new markets and empanelment with industry experts.

Agriculture business

After two consecutive poor monsoons the year saw a revival in the monsoon but due to demonetisation, revival in demand was postponed by a few months.

Industrial

During the year, the Company was in the process to be empanelled with major corporate consumer through dealers and consultants. The government initiatives like Swachh Bharat, Smart Cities and wastewater management, along with revival in the infrastructure segment, are expected to drive growth in the sector.

Solar

The solar pump started showing positive traction captured by the government's effort in prompting solar pumps. Over and above, Projects like International Solar Alliance are expected to drive demand in the coming years.

Managing risks at Shakti Pumps

Industry risk: Slow growth might be detrimental for the Company

Mitigation: The Company has a presence in 100 countries, 13 states in India with thanks to its wide product portfolio and fungible production facilities

Competition risk: Increased competition might affect the Company's margins

Mitigation: The Company's qualitative consistency ensures that it's able to address the different needs of customers in a competitive marketplace

Manufacturing risk: Any technical fault in machinery may lead to capacity under utilisation

Mitigation: Shakti Pump has in place an infrastructural platform that is at par with the best in the world; maintenance exercises are undertaken routinely

Technological risk: Qualitative inconsistencies might lead to a decline in demand

Mitigation: Shakti Pump employs utilises state-of-the-art robotics technology to guarantee manufacture of superior quality marked by increased precision, accuracy and performance

Liquidity risk: The risk of not being able to sell an asset efficiently can affect liquidity.

Mitigation: The Company monitors and controls liquidity regularly and maintains a minimum requirement at all times.

Finance review

Profit and loss account analysis

Gross revenues

Gross revenues increased by 51% to ₹4117 million in 2016-17, compared with ₹2722 million reported in 2015-16.

Operating profit

Operating profit (EBITDA) increased by 104% to ₹600 million in during 2016-17 from ₹294 million in 2015-16, largely because we were able to increase revenues by 51% whereas our operating expenses increased by 44%.

Depreciation

Depreciation for the year under review stood at ₹127.9 million, compared with ₹120.6 million recorded in the previous year, up by 6% on a y-o-y basis.

Finance costs

Finance costs for the year under review increased by 14% from ₹140 million to ₹159.6 million because of an increase in bank charges mainly due to bank guarantees, etc.

Net profit

Net profit for the year under review stood at ₹213.2 million from ₹19.7 millions, a 10-fold increase over the previous financial year.

Balance Sheet analysis

Net worth

The Company's net worth stood at ₹2216 million as on 31st March, 2017, increasing by 8%, compared with ₹2050 million as on 31st March, 2016. The net worth comprised paid-up equity share capital amounting to ₹183.8 million as on 31st March, 2017 (18.3 million equity shares of ₹10 each (fully paid up)). The Company's reserves and surplus stood at ₹2032 million and ₹1733 million, respectively.

Loan profile

Short-term loan funds stood at ₹758.2 million compared to the previous year's ₹823.9 millions, while long-term borrowings stood at ₹118.4 million. The Company's total debt as on 31st March, 2017 stood at ₹876.6 million compared the to previous year ₹1021 million

Total assets

The Company's total assets increased to ₹4193 million in 2016-17 from ₹3665 million in 2015-16, representing an increase of 14%.

Non-current investments

The Company's long-term non-current investments during the year

under review increased/decreased to ₹15.6 million from ₹2.20 million in the previous year.

Inventories

Inventories was ₹853.40 million compared to ₹840.5 million during the previous year.

Sundry debtors

Sundry debtors of the Company stood at ₹1560 million in FY17, compared to ₹942.4 million during the previous year.

Trade Payables

Trade payables stood at ₹544.3 million, compared to ₹237.4 million in the previous year.

Internal control systems and their adequacy

The Company has a proper and adequate internal control system to ensure that all assets are safeguarded and protected against loss from unauthorised use or disposition and those transactions are authorised, recorded and reported correctly. The internal control is exercised through documented policies, guidelines and procedures. It is supplemented by an extensive program of internal audits conducted by in-house internal audit department. The audit observations and corrective action taken thereon are periodically reviewed by the audit committee to ensure effectiveness of the internal control system. The internal control is designed to ensure that the financial and other records are reliable for preparing financial statements and for maintaining accountability of persons.

Human resources

The Company believes in working as a team to meet targets and hence puts emphasis on providing equal opportunities to all employees. The Company believes in creating a meritocracy and as such uses a balanced scorecard method to appraise the performance of its workforce. The Company believes in the potential of young professionals and challenges them to accept and deliver additional responsibilities. The Company reinforces the capabilities of its workforce numerous in-house training programmes and job-specific training drills. As of 31st March, 2017, the Company had 580 employees on its payroll.

Cautionary statement

The Management Discussion and Analysis report contains forward-looking statements, which may be identified by the use of words in that direction or connoting the same. All statements that address expectation or projections about the future, including, but not limited to statements about the Company's strategy for growth, product development, market position, expenditures and financial results are forward-looking statements. The Company's actual results, performance or achievement could thus differ materially from those projected in any such forward-looking statements. The Company assumes no responsibility to publicly demand, modify or revise any forward looking statements, on the basis of any subsequent development, information or events.

SPECIAL BUSINESS:-

5. To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:-

Appointment of M/s. M. P. Turakhia & Associates, Cost Accountants (Firm Registration No. 000417) of the Company for the year 2017-18.

"RESOLVED THAT pursuant to the provisions of Section 148 and other applicable provisions, if any, of the Companies Act, 2013 and the Companies (Audit and Auditors) Rules, 2014, M/s. M. P. Turakhia & Associates, Cost Accountants (Firm Registration No. 000417) appointed as Cost Auditors by the Board of Directors of the Company to audit the cost records of the Company for the financial year 2017-18, be paid a remuneration of ₹55,000/- per annum plus applicable Goods & Service Tax and out of pocket expenses that may be incurred."

"RESOLVED FURTHER THAT the Board of Directors of the Company be and is hereby authorized to do all acts and take all such steps as may be necessary, proper or expedient to give effect to this resolution."

6. To consider and, if thought fit, to pass the following resolution as a Special Resolution:-

Re-appointment of Mr. Ramesh Patidar (DIN: 00931437) as the Whole Time Director of the Company for a period of 5 (Five) consecutive years, commencing from 17th October 2016 till 16th October 2021.

"RESOLVED THAT in accordance with the provisions of Sections 196, 197 and 203, read with Schedule V and all other applicable provisions, if any, of the Companies Act, 2013 ("the Act") and the Companies (Appointment and Remuneration of Managerial

Personnel) Rules, 2014, [including any statutory modification(s) or re-enactment(s) thereof for the time being in force] consent and/or approval of the Company be and is hereby accorded to the re-appointment of Mr. Ramesh Patidar (DIN: 00931437) as Key Managerial Personnel and designated as Whole Time Director of the Company for a further period of 5 (Five) consecutive years, commencing from 17th October 2016 till 16th October 2021, liable to retire by rotation and to his receiving remuneration by way of salary, commission, perquisites and/or allowances, as Whole Time Director of the Company as recommended by the Nomination and Remuneration Committee and upon the terms, conditions and stipulations contained in the draft Agreement to be entered into between the Company of the ONE PART and Mr. Ramesh Patidar of the OTHER PART and also as set out in the Statement pursuant to Section 102 of the Companies Act, 2013, attached to the notice convening the 22nd Annual General Meeting of the Company (a draft, whereof is placed before the meeting and for the purpose of identification, is subscribed by the Chairman) which Agreement is specifically sanctioned with liberty to the Board of Directors to alter, vary and modify the terms, conditions and stipulations of the said re-appointment of Mr. Ramesh Patidar as the Whole Time Director of the Company and/or remuneration payable to him and/or agreement containing the terms and conditions as may be agreed to between the Board of Directors and Mr. Ramesh Patidar, provided, however, that the remuneration payable to Mr. Ramesh Patidar, shall not exceed the maximum limits for payment of managerial remuneration, specified in Schedule V to the said Act, or any amendment thereto as may be made from time to time or the laws or guidelines as may for the time being in force."

"RESOLVED FURTHER THAT where in any financial year, during his term of office, the Company makes no profits or its profits are inadequate, the Company may pay Mr. Ramesh Patidar minimum remuneration by way of salary, perquisites and/or allowances subject to the maximum ceiling calculated in accordance with the scale laid down in Section II of Part II of Schedule V to the said Act, as applicable to the Company at the relevant time depending upon the capital of the Company and as may be agreed to by the Board of Directors of the Company and acceptable to Mr. Ramesh Patidar, the Whole Time Director of the Company subject to necessary approval(s) as may be required."

"RESOLVED FURTHER THAT the Board of Directors be and is hereby authorized to do and perform all such acts, deeds,

matters and things, as may be considered necessary desirable or expedient to give effect to this resolution."

7. To consider and, if thought fit, to pass the following resolution as a Special Resolution:-

Re-appointment of Mr. Shyam Sunder Raghuvanshi (DIN: 02285727) as an Independent Director of the Company for a period of 3 (Three) consecutive years, commencing from 30th July 2017 to 29th July 2020.

"RESOLVED THAT Mr. Shyam Sunder Raghuvanshi (DIN: 02285727) who was appointed as Director w.e.f. July 31, 2014 for three years and is continuing as Independent Director. In order to comply with the provisions of Section 149(4), (10) & (11) and 152(6) (e) of the Companies Act, 2013 and regulation 17 of the SEBI (Listing Obligation and Disclosure Requirements) 2015, It is proposed to formally appoint Mr. Shyam Sunder Raghuvanshi to hold office for 3 (Three) consecutive years starting from 30th July 2017 to 29th July 2020. It may be noted that Mr. Shyam Sunder Raghuvanshi has given a declaration under Section 149(7) of the Companies Act, 2013 that he meets the criteria of Independence as provided in Section 149(6) of the Companies Act, 2013. Further, in the opinion of the Board also, he fulfills the conditions specified in the Companies Act, 2013 for such an appointment. It may also be mentioned that none of the other Directors (other than Mr. Shyam Sunder Raghuvanshi) /Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in these resolutions."

"RESOLVED FURTHER THAT the Board of directors be and is hereby and authorized to do and perform all such acts, deeds , things and matters as may be considered necessary, desirable or expedient to give effect to this resolution."

8. To consider and, if thought fit, to pass the following resolution as an Ordinary Resolution:

Appointment of Mr. Pramod Kumar Bhavsar (DIN:07825119) as an Independent Director of the Company for a period of 5 (Five) consecutive years, commencing from 19th May 2017 to 18th May 2022.

"RESOLVED THAT pursuant to the provisions of Section 149 and 152 read with Schedule IV and all other applicable provisions of the Companies Act, 2013 and the Companies (Appointment and Qualification of Directors) Rules, 2014 (including any statutory modification(s) or re-enactment(s) thereof for the time being in force) and Regulation 17 of SEBI (Listing Obligation and

Disclosure Requirements Regulations 2015, Mr. Pramod Kumar Bhavsar (DIN:07825119) ,who was appointed as an Additional Non-Executive Independent Director of the Company by the Board of Directors w.e.f. 19th May 2017 pursuant to provisions of Section 161 (1) of the Companies Act, 2013 and the Articles of Association of the Company and who holds office up to the date of this Annual General Meeting and in respect of whom the Company has received a notice in writing under Section 160 of the said Act from a member proposing his candidature for the office of Director, be and is hereby appointed as a Non-Executive Independent Director of the Company, not subject to retirement by rotation, to hold office for a term of 5 (five) consecutive years commencing from the date of his appointment as Additional Director i.e. " 19th May 2017 to 18th May 2022."

"RESOLVED FURTHER THAT the Board of directors be and is hereby and authorized to do and perform all such acts, deeds , things and matters as may be considered necessary, desirable or expedient to give effect to this resolution."

9. To consider and, if thought fit, to pass the following resolution as a Special Resolution:-

Re-appointment of Mr. Dinesh Patidar (DIN: 00549552) as the Chairman & Managing Director of the Company for a period of 3 (Three) consecutive years, commencing from 1st September, 2015 till 31st August, 2018.

"RESOLVED THAT in accordance with the provisions of Sections 196, 197 and 203 read with Schedule V and all other applicable provisions, if any, of the Companies Act, 2013 ("the Act") and the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, [including any statutory modification(s) or reenactment re-enactment (s) thereof for the time being in force] consent and/or approval of the Company be and is hereby accorded to the re-appointment of Mr. Dinesh Patidar (DIN: 00549552) as Key Managerial Personnel and designated as the Chairman and Managing Director of the Company, for a period of 3 (Three) consecutive years commencing from 1st September, 2015 till 31st August, 2018, liable to retire by rotation and to his receiving remuneration by way of salary, commission, perquisites and/or allowances as the Chairman and Managing Director of the Company as recommended by the Nomination and Remuneration Committee and upon the terms, conditions and stipulations contained in the draft Agreement to be entered into between the Company of the ONE PART and Mr. Dinesh Patidar of the OTHER PART and also set out in the Statement pursuant to Section 102 of the Companies Act, 2013, attached

to the notice convening the 22nd Annual General Meeting of the Company (a draft, whereof is placed before the meeting and for the purpose of identification, is subscribed by the Chairman) which Agreement is specifically sanctioned with liberty to the Board of Directors to alter, vary and modify the terms, conditions and stipulations of the said re-appointment of Mr. Dinesh Patidar as the Chairman and Managing Director of the Company and/or remuneration payable to him and/or agreement containing the terms and conditions as may be agreed to between the Board of Directors and Mr. Dinesh Patidar, provided, however, that the remuneration payable to Mr. Dinesh Patidar, shall not exceed the maximum limits for payment of managerial remuneration specified in Schedule V to the said Act or any amendment thereto as may be made from time to time or the laws or guidelines as may for the time being in force. The Remuneration of Mr. Dinesh Patidar has been approved by the members of the Company in their meeting held on 26th September 2015."

"RESOLVED FURTHER THAT where in any financial year, during his term of office, the Company makes no profits or its profits are inadequate, the Company may pay Mr. Dinesh Patidar, minimum remuneration by way of salary, perquisites and/or allowances subject to the maximum ceiling calculated in accordance with the scale laid down in Section II of Part II of Schedule V to the said Act, as applicable to the Company at the relevant time depending upon the capital of the Company and as may be agreed to by the Board of Directors of the Company and acceptable to Mr. Dinesh Patidar, the Chairman and Managing Director of the Company subject to necessary approval(s) as may be required."

"RESOLVED FURTHER THAT the Board of Directors be and is hereby authorized to do and perform all such acts, deeds, matters and things as may be considered necessary and desirable or expedient to give effect to this resolution."

10. To consider and, if thought fit, to pass the following resolution as a Special Resolution:-

"RESOLVED THAT pursuant to the provisions of Section 188 and all other applicable provisions if any, of the Companies Act, 2013 (the Act) and Rules made there under and subject to such approvals, consents, sanctions and permissions as may be necessary, consent of the members of the company be and is hereby accorded to the Board of Directors of the company to enter into contracts and/or agreements with parties as detailed in table forming part of the explanatory statement annexed to the notice with respect to Sale, purchase or supply of goods or materials, leasing of property of any kind, availing or rendering

of any services, appointment of agent for purchase or sale of goods, materials services or property or appointment of such parties to any office or place of profit in the company, or its subsidiary or associate company or any other transactions of whatever nature for a period of 5 years."

"FURTHER RESOLVED THAT the Board of Directors of the company be and is hereby authorised to determine the actual sums to be involved in the transaction, to increase the value of the transactions (upto 10%) and to finalize the terms and conditions including the period of transactions and all other matters arising out of or incidental to the proposed transactions

and generally to do all acts deeds and things that may be necessary proper, desirable or expedient and to execute all documents, agreements and writings as may be necessary, proper, desirable or expedient to give effect to this resolution"

Date: 28/07/2017

ANNEXURE TO THE NOTICE

Explanatory Statement in respect of Special Business Pursuant to Section 102 of The Companies Act, 2013

Item No. 5

In pursuance of Section 148 of the Companies Act, 2013 and Rule 14 of the Companies (Audit and Auditors) Rules, 2014, the Company is required to appoint a cost auditor to audit the cost records of the applicable products of the Company. On the recommendation of the Audit Committee at its meeting held on July 28, 2017, the Board has, considered and approved the appointment of **M/s. M. P. Turakhia & Associates, Cost Accountants** as the cost auditor for the financial year 2017-18 at a remuneration of ₹55,000/- per annum plus applicable Goods & Service Tax and reimbursement of out of pocket expenses.

The Board recommends this Ordinary resolution for approval of the Members.

None of the Directors/Key Managerial Personnel of the Company/their relatives are in any way, concerned or interested, financially or otherwise, in the resolution.

Item No. 6

The tenure of **Mr. Ramesh Patidar (DIN: 00931437)**, as the Whole time Director of the Company to be expired on 16th October 2016. Based on the recommendation of Nomination and Remuneration Committee, the Board at its meeting held on 25th October 2016, has re-appointed as Whole-time Director for a further period of five years commencing from 17th October, 2016 till 16th October, 2021, on the following terms and conditions, subject to the approval by the members of the Company at this AGM. The remuneration payable to Mr. Ramesh Patidar as contained in the agreement signed between Mr. Ramesh Patidar and Company is within the limits prescribed in the Companies Act, 2013 ("the Act"), A brief profile of Mr. Ramesh Patidar is included as an annexure to this Notice as per the requirements of regulation 17 SEBI (Listing obligation and disclosure requirements) Regulation, 2015.

The terms and conditions on which Mr. Ramesh Patidar is proposed to be re-appointed as Whole-time Director are as under:-

a) Term:-

The term of Whole Time Director is for a period commencing from 17th October, 2016 till 16th October, 2021.

b) Salary:-

₹2, 00,000/- (Rupees Two Lacs only) per month.

c) Perquisites:-

The perquisites shall be valued as per Income Tax Rules, 1962. For this purpose, perquisites will be as follows:-

1. **Medical Reimbursement:** The reimbursement of actual medical expenses incurred by self and family of the Whole time Director.

2. **Health Insurance:** Health Insurance premium for covering self and dependant family members of Mr. Sunil Patidar.
3. **Leave Travel Concession:** For self and family once in a year.
4. **Leave:** As per the Rules of the Company applicable to the Senior Executives.
5. **Accident Insurance:** Premium not to exceed ₹12,000/- per annum.
6. **Car:** Facility of Company Car with Driver.

e) Minimum Remuneration:-

Notwithstanding anything herein above stated where in any accounting year, the company incurs a loss or its profit are in adequate, the Company shall continue to pay the same remuneration as stated above as minimum remuneration but not exceeding the limit specified under Part II of section II of Schedule V of the Companies Act, 2013, or such other limits as may be approved by the Central Government from time to time as minimum remuneration.

Considering the Vast knowledge and rich business experience of Mr. Ramesh Patidar, the Board recommends the passing of said **Special resolution** in the interest of the Company.

None of the Directors, Key managerial personnel and relatives of such persons except Mr. Ramesh Patidar is, in any way, concerned or interested, finance/ally or otherwise, in the Resolution.

The Board recommends the Special Resolution set out at Item no. 6 for approval of the Members.

Item No. 7

Mr. Shyam Sunder Raghuvanshi (DIN: 02285727) who was appointed as Director w.e.f. September 1, 2005 and is continuing as Independent Director. In order to comply with the provisions of Section 149(4), (10) & (11) and 152(6) (e) of the Companies Act, 2013 and regulation 17 of SEBI (LODR) Regulations 2015, it is proposed to re-appoint Mr. Shyam Sunder Raghuvanshi to hold office for 3 (three) consecutive years from 30th July 2017 to 29th July 2020.

It may be noted that Mr. Shyam Sunder Raghuvanshi has given a declaration under Section 149(7) of the Companies Act, 2013 that he meets the criteria of Independence as provided in Section 149(6) of the Companies Act, 2013.

Further, in the opinion of the Board also, he fulfills the conditions specified in the Companies Act, 2013 for such an appointment.

It may also be mentioned that none of the other Directors (other than Mr. Shyam Sunder Raghuvanshi) /Key Managerial Personnel of the Company/ their relatives are, in any way, concerned or interested, financially or otherwise, in these resolutions.

The Board commends the Special Resolutions set out at Item No.7 of the Notice for approval by the shareholders.

Item No. 8

Mr. Pramod Kumar Bhawsar (DIN: 07825119) who has been appointed as an Additional Independent Director of the Company pursuant to the provision of Section 161(1) of the Companies Act, 2013 and the Articles of Association of the Company effective from 19th May 2017 holds office upto the date of this Annual General Meeting and is eligible for appointment as an Independent Director.

Mr. Pramod Kumar Bhawsar is not disqualified from being appointed as Director in terms of Section 164 of Companies Act, 2013 and has given his consent to act as Director.

Accordingly, the Board recommends the resolution in relation to appointment of Mr. Pramod Kumar Bhawsar as Nominee Director, for the approval by the shareholders of the Company.

Except Mr. Pramod Kumar Bhawsar, none of the Directors and Key Managerial Personnel of the Company and their relatives are concerned or interested, financial or otherwise, in the resolution set out at Item No. 8.

Item No. 9

During the year 2015-16, the Company has paid remuneration of ₹1,68,00,000/- to **Mr. Dinesh Patidar (DIN 00549552)**, Chairman and Managing Director of the Company which have exceeded the limit prescribed in Section II of Part II of Schedule V of the Companies Act, 2013 by ₹48,00,000/- and remuneration paid to the Managing Director has become excess purely on account of the abnormal reduction in profit due to reduction in export sales during the year 2015-16. The Company has filed the application for waiver of excess

remuneration to the Central Government for their approval.

The present tenure of Mr. Dinesh Patidar as Chairman and Managing Director of the Company expires by the efflux of time on 31st August, 2015. Mr. Dinesh Patidar, Graduated, aged about 55 years is an Industrialist and currently the Chairman and Managing Director of the Company. He is equipped with over 30 years' experience of business and pumps Industry. Having regard to the long association of Mr. Dinesh Patidar with the Company and taking into account his wide experience over 30 years and vast knowledge in Pumps Industry, the Board of Directors at its meeting held on 8th August 2015 has re-appointed Mr. Dinesh Patidar, as Chairman and Managing Director of the Company, liable to retire by rotation, for a further period of 3 (three) consecutive years commencing from 1st September, 2015 to 31st August, 2018 to continue to avail his valuable experience and expertise in the best interest of the Company.

His appointment and remuneration fixed by the Board have been recommended by the Nomination and Remuneration Committee and are in accordance with Schedule V to the Companies Act, 2013 ("the Act") and same was approved by the shareholders in their meeting held on 26th September 2015.

The Board of Directors have fixed the following remuneration as per the recommendations of the Nomination and Remuneration Committee to be paid to Mr. Dinesh Patidar, as Chairman and Managing Director of the Company during their respective periods of reappointment with power to make such variation or increase therein as may be thought fit from time to time, but within the ceiling laid down under Schedule V to the said Act, or any statutory amendment or relaxation thereof;

- a) **Term:** The term of Chairman & Managing Director is for a period commencing from 1st September, 2015 till 31st August, 2018.
- b) **Salary :** ₹14,00,000/- (Rupees Fourteen Lacs only) per month.
- c) **Perquisites:** The perquisites shall be valued as per Income Tax Rules, 1962. However the amount of perquisites shall be restricted to annual salary. For this purpose, perquisites will be as follows:-
 1. **Medical Reimbursement:** The reimbursement of actual medical expenses incurred by self and family of the Chairman & Managing Director.
 2. **Health Insurance:** Health Insurance premium for covering self and dependant family members of Mr. Dinesh Patidar.
 3. **Leave Travel Concession:** For self and family once in a year.
 4. **Club Fees:** Fees of clubs subject to the maximum of two clubs.
 5. **Credit Cards:** Entry and renewal fees to be reimbursed/ paid by Company. All expenses for official purposes to be reimbursed/ paid by the company at actual.
 6. **Leave:** As per the Rules of the Company applicable to the Senior Executives.

7. **Accident Insurance:** Premium not to exceed ₹12,000/- per annum

d) **Reimbursement of Expenses:**

Expenses incurred for travelling, board and lodging including for Mr. Dinesh Patidar's spouse and attendant(s) during business trips and provision of car(s) for use on Company's business and communication expenses at residence shall be reimbursed at actuals and not considered as perquisites.

e) **Other Benefits:**

In addition to the perquisites, the Chairman & Managing Director shall also be entitled to the following benefits, which shall not be included in the computation of ceiling on remuneration specified above:

- 1) **Provident Fund:** Company's Contribution towards Provident Fund at the rate of 12% of the salary or such rate prescribed as per Employees' provident fund and Miscellaneous Provisions Act, 1952.
- 2) **Superannuation Fund:** Company's Contribution subject to a maximum of 15% of the salary for every completed year of service.
- 3) **Gratuity:** As per the rules of the Company applicable to the Senior Executive.
- 4) **Leave Encashment:** Payable annually-in excess of 90 days.

Overall Remuneration

Subject to an overall limit of 5% of the net profit individually and 10% of the net profit collectively payable to the Chairman & Managing Director and Whole-time Director of the Company, as calculated in accordance with Section 197 and other applicable provisions read with Schedule V to the said Act, as may be for the time being in force.

Minimum Remuneration

In the event of loss or inadequacy of profits in any financial year during the currency of tenure of office of the appointees, the Company may pay them remuneration by way of consolidated salary and perquisites in accordance with the limits laid down under Section II of Part II of Schedule V to the said Act, as may be applicable at the relevant time, subject to necessary approval(s) as may be required.

The perquisites specified in Section II of Part II of Schedule V to the Act, however shall not be included in the computation of the ceiling on remuneration specified under Section II of Part II of Schedule V to the Act. The value of the perquisites for the purpose of calculating the above annual ceiling shall be evaluated as per Income Tax Rules wherever applicable otherwise at actuals.

Sitting Fee

The appointees shall not so long as they act as Chairman & Managing Director of the Company, be paid any sitting fees for attending any meeting of the Board or Committee thereof.

Termination

Notwithstanding anything contained in this Agreement, either party shall be entitled to determine this Agreement by giving three calendar months' notice in writing in that behalf to the other party and on the expiry of the period of such notice, this Agreement shall stand terminated. The Company shall also be entitled without assigning any reason whatsoever to terminate the Agreement on giving to the appointees three months' salary as specified hereinabove under the head Remuneration, in lieu of three calendar months' notice required to be given under this clause.

Service of Notice

Any notice to be given hereunder shall be sufficiently given or served in case of the appointees by being delivered either personally to them or left for them at their addresses last known to the Company or sent by registered post addressed to them at such address and in the case of the Company by being delivered at or sent by registered post addressed to its Registered Office; any such notice if so posted shall be deemed served on the day following that on which it was posted. In terms of requirements under Schedule V to the Companies Act 2013, the Company requires to seek members' approval by a special resolution for minimum remuneration payable to the respective appointees in the scale laid down in Section II of Part II of Schedule V to the Act. In the event of loss or inadequate profits, the Company will obtain approval of Central Government for continuing the payment of Remuneration to the aforesaid appointees.

Memorandum of Interest

None of the Directors, Key managerial personnel and relatives of such persons except Mr. Dinesh Patidar and Mr. Sunil Patidar is, in any way, concerned or interested, financial or otherwise, in the aforesaid Resolution. The Board accordingly recommends the Resolutions set out in item Nos. 9 of the accompanying Notice for members' approval by way of Special Resolution.

Inspection of documents

The draft of the proposed Agreements to be entered into between the Company and the appointees are available for inspection by the Members of the Company at its Registered Office, on any working day prior to the date of the meeting during 2.00 p.m to 4.00 p.m and will also be available at the meeting.

Abstract of Terms and Conditions

This should be treated as an abstract of the terms of appointment and memorandum of interest of the respective appointees as required under Section 190 of the Act. In terms of the Schedule V of the Companies Act, 2013 the following information is given to the shareholders:

I. General Information:	
1. Nature of Industry	Manufacturing of Submersible Pumps and Motors
2. Date commencement of commercial production	1995

Item No. 10

The Company is engaged in the business of manufacturing, selling, distribution and marketing of pumps and motors.

The Company, in the Ordinary course of its business enters into various transactions, contracts, arrangements which are at arm's length basis with various affiliates ["Related Party" as per the provisions of the Companies Act, 2013 (the Act) and Regulation 2 (1) (zb) of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (the SEBI Regulations)].

The Transaction with related parties inter-alia includes sale, purchase, leasing of properties, availing or rendering of services, reimbursement of expenses, lease rent payments, lending or borrowing of monies (as may be permissible under the provisions of the Act), etc., which are entered into, in the ordinary course of business, are at arms' length basis and in the best interest of the Company.

Considering the future business projections, the Company envisages the transactions with related parties may exceed the materiality threshold of 10% of the annual turnover of the Company. Thus, in terms of explanations (i) of Regulation 23 of the SEBI Regulations, by way of abundant caution, approval of the shareholders is being sought.

The disclosure as required under the Rule 15 of the Companies (Meeting of Board and its Power) Rules, 2014 are as under:

S. No.	Name of the Related Party	Nature of Relationship	Nature of transaction	Value of Transaction
1	Shakti Pumps LLC, USA	Wholly owned Subsidiary	Sale of Pump & Motors	₹60.00 Crores
2	Shakti Pumps FZE , UAE	Wholly owned Subsidiary	Sale of Pump & Motors	₹30.00 Crores
3	Shakti Pumps Pty Ltd. Australia	Wholly owned Subsidiary	Sale of Pump & Motors	₹2.00 Crores
4	Shakti Irrigation India Limited	Enterprise over Which Key management are able to exercise significant influence	Purchase of Components, Drip Irrigation Pipes, And Pipes	₹25.00 Crores
5	Vintex Tools Private Limited	Enterprise over Which Key management are able to exercise significant influence	Purchase of Dies	₹20.00 Crores
6	Shakti Energy Solutions Private Limited	Enterprise over Which Key management are able to exercise significant influence	Purchase of Solar System	₹6.00 Crores
7	Arsh Industrial Solutions Private Limited	Enterprise over Which Key management are able to exercise significant influence	Purchase of Nuts & Bolts	₹1.00 Crore

The Annual value of the transactions proposed is estimated on the basis of the Company's current transactions and future business projections.

The Audit Committee and the Board, at their meetings held on 28th July 2017, considered and approved the aforesaid transactions. The Board is of the opinion that the above transaction shall be in the best interest of the Company.

Except as mentioned in Notes to Accounts in Balance sheet (Accounting Standard 18) none of the Director, Key Managerial Personnel or their respective relatives are in any way concerned or interested, financially or otherwise, in this Resolution. Except Mr. Dinesh Patidar and Mr. Sunil Patidar.

The Board recommends the Special Resolutions as set out at Item No. 10 of the Notice for approval by the shareholders.

For and on the behalf of the Board

Policy on Directors' Appointment and Remuneration and Other Details

The Remuneration Policy of the Company is designed to attract, motivate and retain manpower in a competitive and international market. The policy reflects the Company's objectives for good corporate governance as well as sustained long-term value creation for shareholders. The Remuneration Policy applies to the Company's senior management, including its Key Managerial Person and Board of Directors. The Nomination and Remuneration Policy for the members of Board and Executive Management is available on the Company's website, www.shaktipumps.com

Annual Evaluation of Board's Performance

In accordance with the provisions of Schedule IV of the Companies Act 2013, a separate meeting of the Independent Directors was held on February 06, 2017. Without the attendance of Non-Independent Directors and Members of the Management. The Committee has reviewed the performance and effectiveness of the Board in this meeting as a whole for the Financial Year 2016-17.

Finance & Accounts

The agenda for the Finance and Accounts function of your Company is to assist in driving superior performance of the business, pioneer-thought leadership and develop future-ready talent in finance.

- **Risk and Internal Adequacy:**
Your Company has an elaborate Risk Management procedure, which is based on three pillars: Business Risk Assessment,

Operational Control Assessment and Policy Compliance processes. Major risks identified by the businesses and functions are systematically addressed through mitigating actions on a continuing basis. The Company's internal control systems are commensurate with the nature of its business and the size and complexity of its operations. These are routinely tested and certified by Statutory as well as Internal Auditors and cover all offices, factories and key business areas. Significant audit observations and follow up actions thereon are reported to the Audit Committee. The Audit Committee reviews adequacy and effectiveness of the Company's internal control environment and monitors the implementation of audit recommendations, including those relating to strengthening of the Company's risk management policies and systems.

- **Goods and Service Tax**

Goods and Service Tax (GST) is a landmark reform which will have a lasting impact on the economy and on businesses. Implementation of a well-designed GST model that applies to the widest possible base at a low rate can provide significant growth stimulus to the business and contribution to the Prime Minister's mission of "Make in India". Your Company has been preparing for migrating to GST for the past year; changes across IT systems. Supply Chain and operations have been made keeping in mind the sweeping changes that GST would bring in. While there are few areas that need to be addressed, the Government has announced an intention to go live on GST on 1st July, 2017 and your Company will be ready for this transformative reform.

Form No. MR-3

SECRETARIAL AUDIT REPORT

[Pursuant to section 204(1) of the companies act, 2013 and rule no.9 of the companies (appointment and remuneration of managerial personnel) rules, 2014]

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2017

To,
The Members,
SHAKTI PUMPS (INDIA) LIMITED
CIN: L29120MP1995PLC009327
Plot No. 401, 402 & 413 Sector III Industrial Area
Pithampur, (M.P.) – 454774

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Shakti Pumps (India) Limited (hereinafter called the Company). Secretarial Audit was conducted in a manner that provided me/us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on our verification of the Shakti Pumps (India) Limited books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, We hereby report that in our opinion, the Company has, during the audit period covering the financial year ended on March 31, 2017 complied with the statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

We have examined the books, papers, minute books, forms and returns filed and other records maintained by Company for the financial year ended on March 31, 2017 according to the provisions of:

- i. The Companies Act, 2013 (the Act) and the rules made there under read with notifications, exemptions and clarifications thereto;
- ii. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made there under;
- iii. The Depositories Act, 1996 and the Regulations and Bye-laws framed there under;
- iv. Foreign Exchange Management Act, 1999 and the rules and regulations made there under to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- v. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as amended from time to time;
 - b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015 as amended from time to time;
 - c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009 and amendments from time to time.
 - d. The Securities and Exchange Board of India (Employee Stock Option Scheme and Employee Stock Purchase Scheme) Guidelines, 1999 and The Securities and Exchange Board of India (Share Based Employee Benefits) Regulation, 2014. (Not applicable as the Company during the reporting period under Audit).
 - e. The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008. (Not applicable as the Company during the reporting period under Audit);
 - f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 as amended from time to time regarding the Companies Act and dealing with client;
 - g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009 as amended from time to time. (Not applicable as the Company during the reporting period under Audit)
 - h. The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1999. (Not applicable as the Company during the

reporting period under Audit)

vi. We have in principally verified existing systems and mechanism which is followed by the Company to ensure compliance of other laws as applicable to the Company Like:

i. The Special Economic Zone Act, 2005, and rules made thereunder

And have relied on the representation made by the Company and its officers in respect of aforesaid systems and mechanism for compliances of other applicable Acts, Laws and Regulations and found the satisfactory operation of the same.

We have also examined compliance with the applicable clauses of the following:

(i) Secretarial Standards on Board and General Meeting (SS-1 & SS-2) issued by The Institute of Company Secretaries of India.

(ii) The Listing Agreements entered into by the Company with BSE Limited and National Stock Exchange Limited read with SEBI (Listing Obligation and Disclosure Requirements) Regulations, 2015.

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except to the extent as mentioned below-

1. Company has not filed form CRA-4 for Report of Cost Auditor.

"I believe that nothing can be greater than a business, however small it may be, that is governed by conscience; and that nothing can be meaner or pettier than a business, however large, governed without honesty and without brotherhood."

– William Hesketh Lever

1. Company's Philosophy on Corporate Governance:-

The Company has adopted the code of governance as a responsible corporate citizen and to serve all stake holders viz. the employees, shareholders, customers, vendors and the society and thereby retaining and maximising stakeholders trust and value legally and ethically. The Company believes that doing business in a transparent, fair and ethical way will help the Company to achieve new heights in the long run.

The Company is in compliance with all the regulations stipulated by the Companies act 2013 SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

2. Board of Directors:-

The Board of Directors is entrusted with the ultimate responsibility of the management, general affairs, direction and performance of the Company and has been vested with requisite powers, authorities and duties. The Management Committee of the Company is headed by the Managing Director has business / functional heads as its members, which look after the management of the day-to-day affairs of the Company.

2.1 Director's Induction and Familiarisation:

The Board Familiarisation program comprises of the following:

- Induction program for new Independent Directors.
- Immersion sessions for new Independent Directors.
- Strategy session

All new Independent Directors are taken through detail induction and familiarisation program when they join the board of your Company. The Induction program is an exhaustive one that covers the history and culture of Shakti background of the Company and its growth over the last several decades, various milestones in the companies' existence since its incorporation, the present structure and an overview of businesses and functions.

As a part of the induction sessions, the Managing Director and the Chief Executive Officer provides an overview of the organisation, its history, values, culture and purpose. The Business and Functional Heads take the Independent directors through their respective businesses and functions. The Independent Directors are also inducted through Factory and Market visits to understand the operation of the Company. The Independent Directors are also exposed to the Constitution, board procedures, matters reserved for the Board and major risks facing the Business and mitigation programs. The Independent

Directors are also made aware of their roles and responsibility at the time of their appointment and a detailed letter of appointment is issued to them.

In the board meetings, Immersion sessions deal with the different part of the Business and bring out all the facets of the business besides the shape of the business. These immersion sessions provides a good understanding of the business to the independent director. Similar immersion sessions are also convened for various functions of the Company. These sessions are also an opportunity for the board to interact with the next level of the management. To make these sessions meaningful and insightful, pre-reads are circulated in advanced. Deep dive sessions are also organised on specific subjects for better appreciation by the board of its impact on the business. These are opportunities for Independent Director to interact amongst themselves every quarter. Many themes for such immersion sessions come through on account of these structured interactions and meetings of Independent Directors. The process of board evaluation also throws up areas where the board desires deep dive sessions on rural part of our business, statutory environment in which Company operates were organised for better understanding of the board of the implications on the business.

1.1 Composition of Board:-

FINANCIAL SECTION

Independent Auditor's Report

To The Members of
SHAKTI PUMPS (INDIA) LIMITED

Report on the Standalone Financial Statements

We have audited the accompanying standalone financial statements of SHAKTI PUMPS (INDIA) LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2017, and the Statement of Profit and Loss and Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act 2013 ('the Act') with respect to the preparation and presentation of these standalone financial statements that give true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the act, read with rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit. We have taken into accounts the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2017 and its profit and its cash flows for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, and on the basis of such checks of the books and records of the Company as we considered appropriate and according to the information and explanations given to us during the course of audit, we give in the Annexure "A" statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit.
 - b. In our opinion proper books of account as required by law

have been kept by the company so far as it appears from our examination of those books;

- c. The balance sheet, statement of profit and loss, and cash flow statement dealt with by this Report are in agreement with the books of account;
 - d. In our opinion, the aforesaid standalone financial statements comply with the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of written representations received from the directors as on March 31, 2017 and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2017 from being appointed as a director in terms of section 164(2) of the Act.
 - f. As required by section 143(3) (i) of the Companies Act, 2013, and based on the checking of the books and records of the Company as we considered appropriate and according to the information and explanations given to us, our report on the Internal Financial Controls over Financial Reporting is as per Annexure 'B'.
3. With respect to the other matters to be included in the Auditors Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
- a) The Company does not have any pending litigations which would impact its financial position;
 - b) The company did not have any long term contracts including derivative contracts for which there were any material foreseeable losses;
 - c) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the company.
 - d) The Company has provided requisite disclosures in its standalone financial statements as to holdings as well as dealings in Specified Bank Notes during the period from November 8, 2016 to 30 December, 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note 16.2 to the standalone financial statements.

Annexure "A" to the Auditor's Report

The Annexure referred to in our Independent Auditors Report to the members of the company on the standalone financial statements for the year ended 31 March 2017, we report that:

1. In respect of its fixed Assets:
 - a) The Company has maintained proper records showing full particulars, including quantitative details and situation of fixed assets in respect of all its locations on the basis of available information.
 - b) As explained to us, all the fixed Assets have been physically verified during the year by the management in accordance with a regular programme of verification of the fixed assets at reasonable intervals which in our opinion, is reasonable having regard to the size of the company and the nature of its assets. According to the information and explanation given to us, no material discrepancies were noticed on such physical verification.
 - c) As per the records and information and explanation given to us, title deeds of immovable properties are in the name of the Company.
2. In respect of its inventories:
 - a) The inventory (excluding stocks with third parties) has been physically verified by the management during the year at reasonable interval. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable.
 - b) In our opinion, the procedures of physical verification of inventory followed by the management are reasonable and adequate in relation to the size of the company and nature of its business.
 - c) On the basis of our examination of the inventory records, in our opinion, the Company is maintaining proper records of inventory. As explained to us, there was no material discrepancies noticed on physical verification.
3. In respect of loans, secured or unsecured, granted by the company to companies, firms or other parties covered in the register maintained under section 189 of the Companies Act,

2013, according to the information and explanations given to us:

- a) The company has granted loan to one body corporate covered in the register maintained under section 189 of the Act as follows:

Name of the Party	Max. Amount Outstanding During The Year	Balance as on 31.03.2017
Vintex Tools Pvt. Ltd	₹10,89,01,168/-	₹8,11,92,192/-

- b) In case of loan granted to the body corporate listed in the register maintained under section 189 of the Act, the borrower has been regular in the payment of the interest as stipulated. The terms do not stipulate any repayment schedule and the loans are repayable on demand.
 - c) There is no overdue amount in respect of the loan.
4. According to the information, explanations and representations provided by the Management and based upon audit procedures performed, we are of the opinion that in respect of loans, investments, guarantees and security, the Company has complied with the provisions of Section 185 and 186 of the Companies Act, 2013.
 5. In our opinion and according to the information and explanation given to us, the company has not accepted deposits from the public during the year. Therefore, the provisions of clause (v) of paragraph 3 of the order are not applicable to the company.
 6. We have broadly reviewed the cost records maintained by the company pursuant to the Companies (Cost Accounting Records) Rules, 2014 prescribed by the Central Government under section 148(1) of the Act and are of the opinion that prima facie the prescribed cost records have been maintained. We have, however not made a detailed examination of the cost records with a view to determine whether they are accurate or complete.

7. In respect of statutory dues:

a) According to the information and explanations given to us and the records of the company examined by us, in our opinion, the company is generally regular in depositing undisputed statutory dues including provident fund, employees' state insurance, Income Tax, VAT, wealth tax, service tax, custom duty, excise duty, cess and any other statutory dues as applicable with the appropriate authorities.

b) According to the information and explanations given to us and the records of the company examined by us, there are no dues of wealth tax, service tax, custom duty and cess which have not been deposited on account of any dispute. The particular of dues of excise duty, sales tax & income tax as at March 31, 2017 which have not been deposited or partially been deposited on account of a dispute, are as below:

Name of Statute	Nature of Dues	Amount (in Lakhs)	Period to which the amount relates	Forum where the dispute is pending
The Central Excise Act, 1944	Excise Duty including interest and penalty	47.70	FY 2005-06	Appellate Tribunal, New Delhi
Commercial Tax	Vat & entry Tax Demand	70.44	FY 2010-11	M.P. High Court , Indore Branch
	Vat & Cst Demand	6.16	FY 2010-11	M.P. Commercial Tax Appellate Board , Bhopal
	Vat & entry Tax Demand	7.42	FY 2012-13	Appellate Authority, Commercial Tax, Indore
	Vat & entry Tax Demand	10.78	FY 2013-14	Appellate Authority, Commercial Tax, Indore
	Vat & entry Tax Demand	9.98	FY 2014-15	Appellate Authority, Commercial Tax, Indore

8. In our opinion, on the basis of audit procedures and according to the information and explanations given to us, the Company has not defaulted in repayment of loans and borrowings to financial institutions, banks, government (both State and Central). The Company did not have any outstanding debenture during the year.

9. On the basis of information and explanations given to us, term loans have been applied for the purposes for which they were obtained. The Company did not raise any money by way of initial/further public offer.

10. Based on the audit procedure performed and on the basis of information and explanations provided by the management, no fraud by the Company and no fraud on the Company by its officers or employees has been noticed or reported during the course of the audit.

11. On the basis of records and information and explanations made available and based on our examination of the records of the Company, the Company has paid/ provided managerial remuneration, in accordance with the requisite approval mandated under Section 197 read with Schedule V of the Act. In the year ended March 31, 2016, the details are given below:]

Managerial Position	Excess amount of	Financial year ended	Treatment of the excess remuneration in the respective year Financial Statements	Remarks
Managing Director	48,00,000	2015-16	Treated as expense in the financial statements for the FY 2015-16	Pursuant to the Company's application in Form MR2 to Central Government for waiver of the excess remuneration paid by the Company, the authorities asked the Company to comply the requirement of sub clause (iv) of clause (B) of section II of part II of schedule V of the Companies Act, 2013. The same is under process.

12. The Company is not a chit fund or a nidhi / mutual benefit fund/ society, therefore, the provisions of clause 4 (xii) of the said Order are not applicable to the Company, hence we are not offering any comment.
13. As per the information and explanations and records made available by the management of the Company and audit procedure performed, for the related parties transactions entered during the year, the Company has complied with the provision of Section 177 and 188 of the Act, where applicable. As explained and as per records/details, the related parties transactions have been disclosed as per the applicable Accounting Standards.
14. According to the information and explanations given to us, the Company has not made any preferential allotment of shares or fully/partly convertible debentures/shares during the year in terms of provision of Section 42 of the Act.
15. On the basis of records made available to us and according to information and explanations given to us, the Company has not entered into non-cash transactions with the directors or persons connected with him. Accordingly, paragraph 3(xv) of the Order is not applicable.
16. The Company is not required to be registered under Section 45-1A of the Reserve Bank of India Act, 1934, as the provision of section is not applicable to the Company.

Annexure "B" to the Independent Auditors' Report

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Shakti Pumps (India) Limited ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and

the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2017, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Significant Accounting policies & notes

A. Basis of Preparation of Financial Statements

The financial statements are prepared under the historical cost convention, on the basis of going concern assumption in accordance with Generally Accepted Accounting Principles in India (Indian GAAP), including the Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

B. Use of Estimates

The preparation of financial statements requires estimates and assumptions to be made that affect the reported amount of assets and liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/materialized.

C. Fixed Assets

Fixed Assets are stated at cost net recoverable taxes including any cost directly attributable for bringing the assets to its working condition for its intended use less accumulated depreciation.

Projects under which assets are not ready for their intended use are disclosed under Capital Work in Progress.

D. Depreciation

Depreciation has been charged on fixed assets on Straight-Line Method basis. Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

E. Foreign Currency Transaction

(a) Transactions denominated in foreign currencies are recorded at the exchange rate prevailing on the date of the transaction or that approximates the actual rate at the date of transaction.

(b) Monetary items denominated in foreign currencies at the year-end are restated at the year-end rates.

(c) Non-Monetary foreign currencies Items are carried at cost.

(d) Any income or expense on account of exchange differences either on settlement or on translation is recognized in the profit & loss account except in case of long term liabilities, where they relate to acquisition of fixed assets, in which case they are adjusted to the carrying cost of such assets.

F. Investments

Current Investments are carried at lower of cost and fair value. Non-Current Investments are stated at cost. Provision for diminution in the value of long term investments is made only if such a decline is other than temporary.

G. Inventories

Item of Inventories are measured at lower of cost and net realizable value after providing for obsolescence, if any. The cost of work in progress and finished goods is determined on absorption cost price which comprises of cost of purchase, cost of conversion, and other manufacturing overheads incurred in bringing them to their respective present location and condition.

H. Revenue Recognition

Revenue is recognized only when it can be reliably measured and it is reasonable to expect ultimate collection. Revenue on sale of goods is recognized on passes of title to customers, sales are excluding of VAT, Excise duty and adjustment for rate difference. Export sale are accounted for on the basis of dates of bill of lading.

I. Excise duty/CENVAT

Excise duty is accounted for on the basis of payment made in respect of goods cleared. CENVAT claim on purchase of raw material is reduced from the cost of raw material.

J. Employee Benefits

(a) Short Term Employee benefits are recognized as an expense at the undiscounted amount in profit & loss account of the year in which the related service is rendered.

- (b) **Defined benefit plans:** The Company operates a gratuity plan covering qualifying employees. The benefit payable is the greater of the amount calculated as per the payment of Gratuity Act or the Company scheme applicable to the employee. The benefit vests upon completion of five years of continuous service and once vested it is payable to employees on retirement or on termination of employment. In case of death while in service, the gratuity is payable irrespective of vesting. The Company makes annual contribution to the group gratuity scheme administered by the Life Insurance Corporation of India through its Gratuity Trust Fund.
- (c) **Defined contribution plans:** Company's contribution to Provident Fund, ESIC scheme for the year is charged to Profit and Loss account. Retirement benefit, medical reimbursement and leave payments to employees are accounted for on cash basis.

K. Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of such assets. A qualifying asset is one that necessarily takes substantial period of time to get ready for its intended use. All other borrowing costs are charged to Profit & Loss account.

L. Provision for Current & Deferred Tax

Provision for current tax is made after taking into account benefits admissible under the provisions of the Income Tax Act, 1961. Deferred tax resulting from "Timing Difference" between taxable incomes & accounting income is accounted for using the tax rates and laws that are enacted or substantially enacted as on the balance sheet date.

M. Provisions, Contingent Liabilities & Contingent Assets

Provisions involving substantial degree of estimation in measurement are recognized when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent liabilities are not recognized but are disclosed in the notes. Contingent assets are neither recognized nor disclosed in the financial statements.

N. Segment Reporting

The Company is mainly engaged in the business of manufacturing various types of Pumps & Motors. Considering the nature of business & financial reporting of the Company, the company has only one segment as reportable segment. The Company operates in Local & Export Segments Geographically. The sales for both are separately given, but due to the nature of business the assets/liabilities and expenses for these activities cannot be bifurcated separately.

Consolidated Financial Section

Auditor's Report on Consolidated Financial Statements

To The Members of
SHAKTI PUMPS (INDIA) LIMITED

Report on the Consolidated Financial Statements

We have audited the accompanying consolidated financial statements of SHAKTI PUMPS (INDIA) LIMITED (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries collectively referred to as "the Group"), comprising of the Consolidated Balance Sheet as at March 31, 2017, the Consolidated Statement of Profit and Loss, the Consolidated Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "Consolidated Financial Statements").

Management's Responsibility for the Consolidated Financial Statements

The Holding Company's Board of Directors is responsible for the preparation of the consolidated financial statements in terms of the requirements of the Companies Act 2013 ('the Act') that give a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under section 133 of the act, read with rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the Companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We have taken into accounts the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under section 143(10) of the Act. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Directors, as well as evaluating the overall presentation of consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2017 and their consolidated profit and their consolidated cash flows for the year ended on that date.

Other Matters

- a) We did not audit the financial statements of the subsidiaries whose financial statements reflect total assets of ₹2869.48 lakhs as at March 31, 2017, total revenues of ₹5362.39 lakhs as at March 31, 2017, for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit/(loss) of

₹(77.99) lakhs for the year ended March 31, 2017, as considered in the consolidated financial statements. These financial statements have been audited by other auditors, whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries, and our report in terms of subsections (3) and (11) of Section 143 of the Act, in so far as it relates to the aforesaid subsidiaries, is based solely on the report of the other auditors.

Our opinion is not qualified in respect of other matters.

Report on Other Legal and Regulatory Requirements

1. As required by sub-section (3) of Section 143 of the Act, we report, to the extent applicable that:
 - a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements.
 - b. In our opinion proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books and the reports of the other auditors.
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss, and the Consolidated Cash flow statement dealt with by this Report are in agreement with the books of account maintained for the purpose of preparation of the Consolidated Financial Statements.
 - d. In our opinion, the aforesaid Consolidated Financial Statements comply with the Accounting Standards specified under section 133 of the Act, read with rule 7 of the Companies (Accounts) Rules, 2014;
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2017 taken on record by the Board of Directors of the Holding Company and the reports of the auditors who are appointed under Section 139 of the Act, of its subsidiary companies

incorporated in India, none of the directors of the Group's companies, incorporated in India are disqualified as on March 31, 2017 from being appointed as a director in terms of Section 164 (2) of the Act;

- f. With respect to the adequacy and the operating effectiveness of the internal financial controls over financial reporting of the Holding Company and its subsidiary companies incorporated in India, none of its subsidiaries has been incorporated in India.
- g. With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position
 - ii. The Group did not have any material foreseeable losses in long-term contracts including derivative contracts.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and its subsidiaries incorporated in India.
 - iv. The Company has provided requisite disclosures in its consolidated financial statements as to holdings as well as dealings in Specified Bank Notes during the period from November 8, 2016 to December 30, 2016 and these are in accordance with the books of accounts maintained by the Company. Refer Note 10.2 to the consolidated financial statements.

Significant Accounting Policies and Notes on Consolidated Accounts

A. Principles of Consolidation

S.No	Name of the Subsidiary Company	Country of Incorporation	% of Shareholding	Currency
1	Shakti Pumps USA LLC	USA	100	USD
2	Shakti Pumps FZE	UAE	100	AED
3	Shakti Pumps Pty Ltd	Australia	100	AUD

The Consolidated financial statements have been prepared on the following basis:

- a) The Financial Statements of the company and its subsidiary companies are combined on a line-by-line basis by adding together the book value of like items of assets, liabilities, income & expenses, after fully eliminating intra -group balances and intra-group transactions in accordance with IND-AS 110 "Consolidated Financial Statements".
- b) Revenue items are consolidated at the average rate prevailing during the year. All assets and liabilities are converted at the rates prevailing at the end of the year. Any exchange difference arising on consolidation is recognized in the exchange fluctuation reserve.
- c) Reporting period of the subsidiaries are different as to the company reporting period. Hence for the purpose of preparing consolidated financial Statements, the financial statements of subsidiaries have been prepared to the same reporting date and for the same reporting period as of the company in accordance with IND-AS 110 "Consolidated Financial Statements".
- d) The accounting policies of the parent are best viewed in its independent financial statements. As far as possible, the consolidated financial statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented in the same manner as the company's separate financial statements.
- e) Notes to these Consolidated Financial Statements are intended to serve as a means of informative disclosure and a guide to better understanding of the consolidated position of the companies. Recognizing this purpose, the Company has disclosed only such Notes from the Independent Financial Statements, which fairly present the needed disclosures.
