

# Announcement: E Series 3Com Legacy CX4 Cables End of Sale

**Announcement Date: July 25, 2011**

## CX4 Cables End of Sale

The following E Series 3Com Legacy CX4 Cables are reaching end of sale on August 1, 2011, or as long as supplies last. The exact same cables are available in the A series and are completely interchangeable, but using a different SKU designator.

<b>E Series SKU</b>	<b>Description</b>	<b>Equivalent SKU</b>	<b>Description</b>
JE054A	HP 50cm CX4 Cable	JD363B	HP X230 Local Connect 50cm CX4 Cable
JE055A	HP 100cm CX4 Cable	JD364B	HP X230 Local Connect 100cm CX4 Cable
JE056A	HP 300cm CX4 Cable	JD365A	HP X230 Local Connect CX4 300cm Cable

## Product Usage

These products are used primarily with the JE051A HP 2-Port 10-Gig LCM E45/E48 Module that has recently been announced as reaching ES on September 1 or while supplies last, and they are also supported with XFP and XENPAK CX4 Transceivers. The replacement products are equivalent in every way, including hardware and software compatibility on modules and switches. The products are interchangeable and can be mixed and matched on the same device, if needed.

## Replacement Products

Product functionalities and product lines are regularly evolving. Therefore we strongly recommend our customers to check the latest up to date portfolio information on [hp.com](http://hp.com) to assess what is the best alternative for them.
