Terms & Conditions

SALES POLICY

WHOLESALE ONLY. Teledata Express sells wholesale only to qualified installers and other resellers. Possession of price lists or other literature or access to our website does not constitute the right to purchase from Teledata Express.

MINIMUM ORDERS / SMALL ORDERS. Minimum order amount is \$20.00. An additional small order charge of \$5.00 will be added to all orders under \$80.00.

SAMPLE REQUESTS. All samples will be invoiced plus shipping charges.

PRICING POLICY

DELIVERED PRICING. Shipping is included in all catalog prices. Teledata Express will choose the carrier on all orders. Criteria for carrier selection will be fastest service and lowest cost.

FOB TELEDATA PRICING. To calculate prices, divide catalog prices by 1.05. FOB shipments will be made freight collect on the carrier of your choice.

VOLUME DISCOUNTS. Most items are subject to dollar volume discounts on a per order basis (See Price List). Items ordered not subject to dollar volume discounts WILL be counted as part of the total to determine the volume discount level.

PRICE CHANGES. Prices are subject to change without notice.

PAYMENT TERMS

(1) 2% Discount is allowed for prepayments; (2) There are no surcharges or discounts allowed on credit card payments; (3) Open credit terms are 2% ten days, Net 30 days; (4) COD shipments - the COD fee charged by the freight carrier will be added to all COD shipments.

CREDIT CARDS. Visa, MasterCard, American Express and Discover will be accepted. Charges to credit cards will be made at the time of shipment.

OPEN CREDIT. An open credit line may be established by submitting a credit application to Teledata Express. All applications must be signed by an authorized person. Credit applications will be approved or denied within 10 days of receipt.

PRODUCT SPECIFICATIONS

Product specifications are subject to change without notice. Please confirm specifications at time of purchase.

SHIPPING POLICY

SAME DAY SHIPPING. Orders received by 3:00 pm Central time will be shipped the same day.

BACK ORDERS. Unshipped merchandise from an original order will be shipped when available within 30 days. Merchandise not shipped within 30 days will be cancelled.

FREIGHT POLICY

DROP SHIPMENTS. Drop shipment service to your customers or job sites is available. However, an authorized person must be available to sign for the delivery at the drop ship location.

FREIGHT DAMAGE. If your shipment arrives damaged in transit, it is generally best to refuse it. If you accept delivery make sure you note the damage on the delivery record signed by the driver. Notify Teledata Express immediately to arrange for carrier inspection and/or pick up of damaged merchandise. If you do not notify Teledata Express within 10 days, any damage claim will not be allowed.

Note: On freight collect shipments the merchandise becomes yours when the carrier picks it up and you will have to file any claims for damage inflicted by the carrier.

RETURNS POLICY

RETURNED GOODS AUTHORIZATION. No shipment will be accepted for credit consideration without our prearranged authorization. Our returned goods authorization (RGA) number MUST accompany all return shipments. All returns must be prepaid freight. For speedy processing, please have the original invoice number when asking for an RGA, and include a copy with the return shipment.

100% SATISFACTION GUARANTEE. Any normally inventoried product purchased from Teledata Express may be returned within 30 days of invoice date for full credit/refund, no questions asked. Simply follow Returned Goods procedures for fast, easy 100% satisfaction. No credit will be allowed for damaged goods.

WARRANTY POLICY

WARRANTY. Products sold by Teledata Express are warranted to be free from defects in material and workmanship under normal use and service to the extent of the manufacturers express warranties or for one year, whichever is greater. Liability to Teledata Express and remedies to the customer are limited solely to repair, replacement or credit at our sole discretion. Alleged defective merchandise must be returned freight paid at buyers expense, following RGA procedures, to Teledata Express for warranty consideration. This warranty extends to the original purchaser only. Extended warranty available - please call for information.

DISCLAIMER. This warranty is exclusive and is in lieu of any other warranty express or implied, including but not limited to, any implied warranty of merchantability or fitness for a particular purpose. Teledata express shall not be liable under any circumstances for consequential or incidental damages, including but not limited to labor costs or loss of profits arising in connection with the use of or inability to use products purchased from Teledata Express.

VOICE & DATA CABLE

When YOUR REPUTATION IS ON THE LINE choose a supplier you can trust. Teledata Express only sells cable that is **LISTED FOR SAFETY AND VERIFIED FOR PERFORMANCE** by UL and / or ETL. Plus inspectors regularly visit the ISO9200 rated factories to ensure that the cable you get is the same quality they tested.

BRANDS MAY VARY

Category Cable, UTP

- Solid Copper Conductors
- UTP & STP
- Ultra smooth jacket
- Bright Colors
- Whites Color-Striped
- Remaining Length Printed
- Ripcord Standard
- UL and / or ETL Listed
- UL and/or ETL Verified
- ANSI
- ISO9002
- Exceeds TIA/EIA Standards

With outstanding covers and remarkable flexibility, our cable is easy to pull. Twisted pairs are brightly colored and distinguishable at a glance, whites are striped to match corresponding color pairs, and length is printed every two feet. Easy strip ripcord comes standard.

Of course all of our cable meets or exceeds applicable standards for both safety and performance.

CAT 5E CABLE

- Gigabit Ethernet
- T1
- ISDN
- 1000 Base-T
- Broad Band Video
- ATM 155 Mbps
- 4 Mbps Token Ring (IEEE 802.5)
- 100 Base-VG (IEEE 802.12)
- ANSI X3T9.5 TP-PMD (FDDI)
- 10 Base-T, 100 Base-X Ethernet (IEEE 802.3)

Riser - CMR (PVC), CAT 5e

SPEAKER WIRE / CONNECTORS

Premium High Strand Count Speaker Wire

Why is strand count important?

A higher strand count means happier customers who will provide you with repeat and referral business. Blow them away with great sound, and they will always come back to you. Plus, you'll be the installer that their friends seek out when they hear your customer's impressive new system.

When a signal travels down a length of speaker wire to your customer's speakers, it is transmitted around the diameters of each strand. A greater number of strands means a greater number of diameters. This allows the transmission of a stronger signal and improves overall sound clarity. Standard speaker wire consists of only 19 strands.

- Indoor Inwall CL3R
- Outdoor Direct Burial
- UV Resistant
- Oxygen free copper
- High Strand Count

COAXIAL CABLE

Standards:
 • UL or ETL Listed
Applications as marked:

**NOTE: FOR COAX JUMPERS & EXTENDERS
 SEE AUDIO & VIDEO CABLES &
 ADAPTERS SECTION**

We work hard everyday to provide you with the best value in coaxial cable. We don't cut corners by carrying cheap coax that has not been verified to applicable standards, and we negotiate hard with our manufacturers to keep prices down.

Plus, we build relationships with a variety of brands to keep the quality and pricing of our coax consistent. That means you won't be faced with surprises when it comes time for installation or billing. More examples of the great VALUE of dealing with Teledata Express.

CALL FOR PRICING

J-Hook Pulley Kits

- Frees up "second man" on cable pulling
- Accepts up to 20 or 40 Pair cables
- Complies with the TIA standard requirement by minimizing the pull force on the cable
- Maintains proper bend radius and protects cable during the installation
- Includes J-hook, pin, wheel and retainer, link, and beam clamp
- When the job is complete, the pulley and pin assembly can be removed leaving the J-hook as a cable support
- Pulley components can be reused on our other 2" J-hooks

500VA Offline Battery Backup

- AC INPUT**
- AC Input Voltage 100V +20% / -15% at line input, 110V / 115V +/- 20% at line input
 - AC Input Frequency 50 or 60 Hz +/- 10% (auto sensing)
- OUTPUT**
- Output Capacity 500VA; Output By Pass Capacity 400VA
 - 3 UPS Sockets and 1 Bypass Socket
 - Output Voltage On Battery Simulated sine wave at 100V or 110V/115V or 200V/240V +/- 5%
 - Output Transfer Time 2/4 milliseconds, including detection time
- PROTECTION**
- Overload: UPS automatic shutdown if overload exceeds 105% of nominal at 20 sec, 120% at 10 sec, and 130% at 3 sec
 - Unit: Fuse for overload & short circuit protection
 - Short: Protection UPS output cut off immediately

BATTERY

- Battery Type Sealed, Maintenance-free lead acid, with 3 - 6 years typical lifetime
- Battery Typical 4 hours
- Battery Protection Automatic self-test & over discharge protection, short circuit protection by fuse
- Weight lbs 12.9lb (5.9 kgs)
- Dimension inch 9.8"x8"x2" (250x200x50 mm)

ALARMS

- Battery Backup: Slow beeping sound every 4 seconds
- Battery Low: Rapid beeping sound every second
- Overload: Continue beeping sound, Overload LED always On
- Battery 105% load: Continue beeping sound every 4 seconds
- Interface Dry Contact: Sends battery low & power failure signals, and receives shutdown signal from computer
- Interface RS-232: Detect battery low, Schedule UPS on/off, AC input/output power status display

SURGE & GROUNDING

PRIMARY SERIES SURGEGATE AC PROTECTION BASE UNITS (Formerly Towermax)

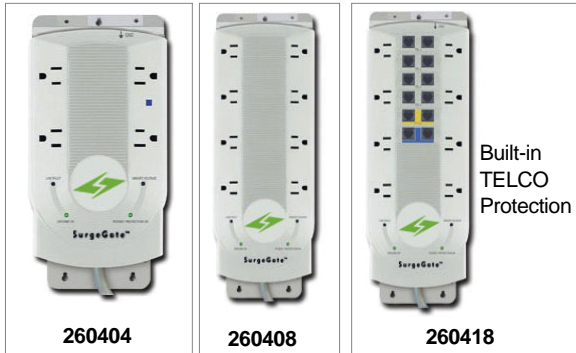

Common Features & Specifications

- AC Protection for Telecom Systems
- Expandable Protection with SurgeGate Modules
- Eight Foot Power Cord - Right Angle Plug
- Thermal Fusing
- Over-Voltage Shutoff 147V & 87V
- Initial Clamping Level 200V peak

- SurgeGate Plus Circuitry
- Diagnostic Indicator Lights
- Mounting Brackets Included
- Catastrophic Surge Circuit
- Under-Voltage Shutoff 87V & 8V
- Response Time 1-5 Seconds

- Four Switched AC Outlets
- IMI / RFI Noise Filtration -5-dB
- Rated 120V - 15A
- Peak Impulse Current 52,000 A
- Single Pulse Dissipation - 1650 Joules
- UL1449 Rating 330V

Built-in
TELCO
Protection

Base Units - Add Modules for Additional Protections

Telco Circuit Protection (M8COM-60 Only)

- Telephone Protection for four voice or DSL Lines
- T1 Protection for one T1 or LL Line
- LAN Protection for one 10/100 BASE-T Ethernet Line
- Signal Perfect Circuitry
- Fuseless Auto-Resettable
- Clamping Level 260V
- Response Time 1-5 Nanoseconds
- Termination RJ11/RJ45

CALL FOR PRICING

SURGEGATE SERIES MODULAR PROTECTION - EXPANDABLE SYSTEM PROTECTION Analog Station SET and Central Office Protectors - UL LISTED SECONDARY

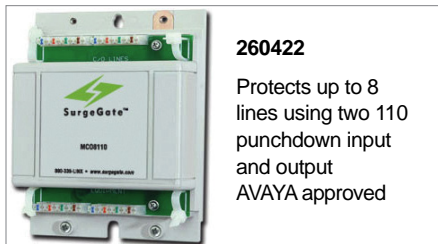

*Auto Resetting Technology - PTC Auto Resetting Resistors open when surge occurs, but unlike fuses they close when the surge is past meaning less downtime and fewer service calls.

Common Features & Specifications

- Signal Perfect Circuitry
- Auto Resetting PTC - 160 mA (8-10ohms)
- Clamping Level - 260V (T-R, T-G, R-G)
- Response Time 1-5 Nanoseconds
- Capacitance <50pF
- Suppressor Modes - Metallic & Longitudinal
- For use with or without SurgeGate AC Base Units
- Signal Line Surge Protection

260414
Protects up to 4 lines using RJ14 Connectors

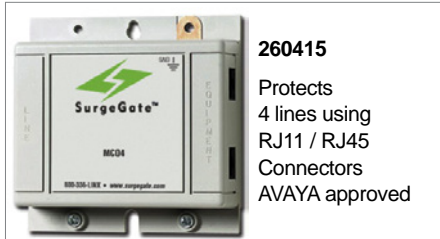

260422
Protects up to 8 lines using two 110 punchdown input and output AVAYA approved

260437
Protects 25 2 wire digital station or 12- 4 wire digital station using 50 Pin, RJ21 (Amphenol) Connectors

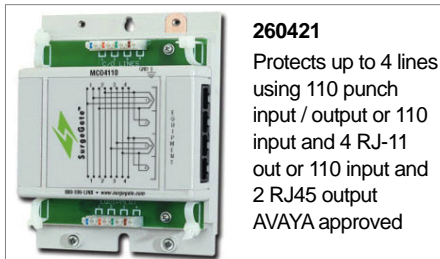

260413
High-Speed Digital T1 or Leased Line Protector Protects 4 wires, 2 pairs per jack using RJ48C or RJ48S

260415
Protects 4 lines using RJ11 / RJ45 Connectors AVAYA approved

260435
Protects 25 Central Office Lines using 50 Pin (RJ21X) Amphenol Connectors AVAYA approved

260421
Protects up to 4 lines using 110 punch input / output or 110 input and 4 RJ-11 out or 110 input and 2 RJ45 output AVAYA approved

All modules can be used with or without SurgeGate Base Units

SURGE & GROUNDING

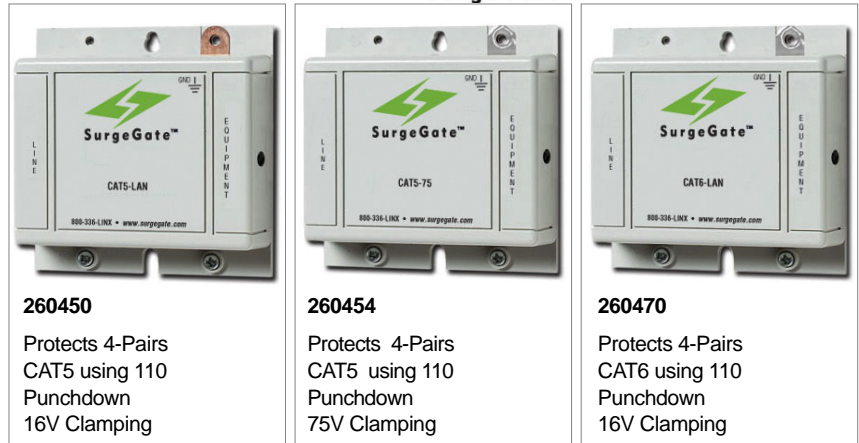

SurgeGate Building Entrance Protection

Use between building as a building entrance protector or in a hostile industrial application as an isolated loop protector

Common Features & Specifications

- UL Listed for Primary (497) and Isolated Loop (497B) Applications
- Exceeds TIA/EIA 568 and 758 Performance Standards
- Signal Perfect Circuitry
- Fuseless / Auto Resettable
- Response Time 1-5 Nanoseconds
- Capacitance - 20pF

260450
Protects 4-Pairs CAT5 using 110 Punchdown 16V Clamping

260454

ULTRALINX 66 Block Surge Protection

Ideal for Retrofit Applications - just remove the bridging clips from the block and replace them with the UltraLinx Protector, add the ground connection and the pair is protected!

Features & Specifications

- **Dual Indicator Lights**—Protection OK and Ground Connection OK
- **Solid-state Protection**—Provides the fastest response to transient voltage (1–5 nanoseconds) by quickly diverting damaging surges to ground and resetting.
- **Single Pair Protection**—Scale the protection to the system size. Protect only the lines requiring protection.
- **Streamlined Installation**- Eliminate redundant cross-connects by adding protection directly at the 66 Block. Press fit protectors to the block and attach the ground bar to the protectors. A Screw Ground Lug also is required. (MGBSGL-1)
- **Sneak Current Protection** - Protects against fires caused by overloads and power crosses.
- **Cost Savings** - Eliminate expensive five-pin blocks.
- Signal Perfect Circuitry
- Auto-Resettable
- Protects 2-Wire, 1 Pair

Grounding Bridge in Zinc and Bronze

Arlington's heavy-duty Grounding Bridge provides reliable intersystem bonding between power and communication grounding systems.

They have four termination points; one more than required by 250.94 of the 2008 NEC. Available in zinc (260831) and bronze (260832), this new Grounding multiple hookups of communications systems; telephone, CATV or satellite

- For indoor or outdoor use
- Easy access for inspections
- Intersystem Bonding and Grounding Conductors:
- Fast, simple installation
- For good looks – textured, paintable plastic cover included

All accommodate #14 to #4 copper or aluminum, solid or stranded Grounding Electrode Conductor or Equipment Grounding Conductor: GB5 and GBB5 accept #6 to #2. All can be used with copper or aluminum, solid or stranded.

Primary Building Entrance Terminals

These building entrance terminals are used as a Primary connectivity protector but can be used as secondary protection where low voltage circuits are required. They provide protection for communication equipment and circuits exposed to harmful transient voltage surges and "sneak currents" which are introduced into telecommunication lines by AC induction, direct power crosses or lightning.

Units consist of a rugged epoxy powder coated housing, a protection field and incoming / outgoing cross connect field. A grounding system line protection is provided through industry standard 5-pin protection modules.

NOTE: 5 Pin modules are sold separately.

BRANDS MAY VARY

Standard 5-Pin Surge Protection Modules

Gas Modules

The balanced gas tube 5-pin modules are designed to be "always on" protecting the infrastructure but at the same time allowing the telecom network to operate at maximum without signal degradation. They provide excellent transient and power fault protection for standard analog telephone lines. They are well suited to applications requiring heavy duty current handling. Gas modules are available with or without 150 mA resetting technology (PTC).

Digital Modules

The asymmetrical operation of the 5-pin solid state module is designed to be always on-protecting the telecom infrastructure. It is suitable for high speed networks particularly ADSL applications that utilize a high voltage differential between two sides of a circuit in normal operation. Digital / solid state modules are superior to gas in speed of response due to repeated tripping within rated limits. An internal fail-safe mechanism permanently grounds the module under sustained high current conditions to protect personnel and equipment.

What is PTC (Positive Temperature Coefficient)?

PTC refers to materials that have an increase in electrical resistance as their temperature rises. As their temperature rises in a "surge", the resistance increases and allows less current to flow thereby protecting equipment. When the surge passes the temperature falls and the PTC "fuse" automatically resets allowing normal operation.

FIBER OPTIC CABLE

Indoor/Outdoor Tight Buffered Riser

Indoor/Outdoor fiber streamlines installation and reduces costs by eliminating the need for outside to inside connections. It reaches as far as needed into a building for final termination. Fewer connections means greater reliability.

- 62.5/125 µm Multimode
- (UL) OFNR (Riser Rated)
- Indoor/Outdoor Tight Buffered
- Color coded strands for easy ID
- Dry super absorbent polymers eliminate water migration into cable
- UV Resistant
- Rip cord standard
- Suitable for lashed aerial, burial in conduit and indoor riser

TOOLS

Strong and durable, our professional grade tools are tough enough to withstand year after year of heavy use everyday. Most are constructed of solid low carbon steel, and have a resilient black oxide finish. They'll not only work hard for you many years down the road, but they'll look good too.

Cut/Strip Tools

Cable Cutting and Stripping Tool

Strips wire from 10 to 30 AWG

Economical But Not Flimsy Punch/Strip Tool

- Simple 110 insertion tool built-in

Electrician's Scissors

- Scissors for snipping category cables & stripping insulation.
- Ergonomic design makes these scissors comfortable to any size hand to use & operate smoothly
- Serrated blades for easy cuts
- 24/22 wire strippers built into blade

Cable Cutting Tool

- Curved blade slices cleanly and easily through cables
- Low carbon steel construction
- Black oxide finish
- Comfort grip handle
- Cuts wires up to .42 inches or 10.7 millimeters
- Spring action handle with convenient chain catch

Cuts & Strips Round Cable

- Including irregular and out of shape
- UTP / STP LAN Cable
- Multi Conductor 1/8" to 3/8"
- Adjustment for cable size

7" Precision Cutter & Stripper & Pliers

- Strips 16-26AWG
- Comfortable ergonomic handle
- Sharp CNC ground cutting edges
- Can be used on steel wire
- Laser marked gauges

6.5" Self-Adjusting Wire Stripper

- Wire stripper/Cutter/Pliers
- Strips 10-22AWG Copper/Alum only

10" High Leverage Cable Cutter

- Hardened steel CNC ground blades
- Cuts 5AWG Copper - 2AWG Alum
- Ergonomic plastic handles

GREENLEE Cut & Strip

Wire Stripper/Cutter

- Strips 10-18 AWG solid, 12-20 AWG stranded
- Cuts #6-32 and #8-32 screws Length: 7-3/8in
- Strips the outer jacket off both solid and stranded wire
- Machined stripping stations with a positive stop provide precise stripping diameters
- Long curved cutter blades reduce force required by 25% and can cut NM in a single cut
- Lock tab protects cutting edges during storage
- Pliers nose for working with small nuts and pulling wire
- Opening stop prevents spring from disengaging
- Easy-to-read printing

1091T01

Data Sure Strip Cutter Stripper

Multi-purpose cutter and stripper for data, telephone and network installations.

Works with Cat3, Cat5, Cat5e, Cat6 shielded and non-shielded cable.

Cuts and strips multiple cable types:

- 4-, 6- & 8-conductor
- 25-pair data and telephone cables
- Multi-conductor round cable bundles with a maximum diameter of .5"
- 14-8 AWG wire

1091T03

Dual-Contour Round Cutter

- Cuts solid or stranded cable up to AWG6
- Precise and effortless cuts.
- Round cutting minimizes cable deforming.
- Optimized for 4pair UTP and RG58, RG59, RG6/RG6Q Coax.

1091T10

8 AWG Cable Cutter

- Designed to cut solid, stranded wire up to 8 AWG and multi-conductor cable up to 1/2"
- Curved cutting blades ensure an easy cut
- Heat-treated for long life
- Stamped and precision ground from high-carbon tool steel
- Return spring
- Locking latch

1091T11

Heavy Duty Cable Cutter

- Easily cuts heavier copper and aluminum cables up to 2" (100 pair)
- Plastic-coated, high-leverage 9 1/4" handles for easier cuts
- Heat-treated for long life
- Made of heavy-duty forged steel
- Precision ground, shear action, curved cutting blades
- Rust-resistant black oxide finish
- Made in the USA

1091T13

Contour Round Cutter

- Cuts solid or stranded cable up to AWG 6
- Precise and effortless cuts
- Round cutting minimizes cable deforming
- Optimized for 25pair UTP, RG7/RG11 Coax

1091T15

TOOLS

Fiber Optic Tools

Kevlar Cutter

167886

167897X

Fiber Optic Long Range Continuity Tester

The 167897X pocket light source uses a krypton bulb to provide a brilliant, pre-focused white light that is easily detected up to 2,000 meters (6,560 feet). Distinct in any operational network, you can never confuse this light source with operational LED circuit tags or active lasers.

The 167897X is also ideal for checking the continuity of cable that is still on the reel. Since most fiber reels are 1,000 meters or less, this could easily be the only tool you need to check spooled or pulled cable. The unique ferrule grip design will center and securely hold any ST/SC/FC connector style as well as bare fiber with no special adapters or beam focusing required.

Fiber Optic Crimp Tool

167887

Fiber Optic Stripper

- Equipped with three stripping guides
- 2mm for outer jacket
- 250um for buffer
- 125um for fiber
- Adjusting mechanism for stripping special gauges

167888

167891

Fiber Optic Inspection Scope (100x)

Standard flat plate 100 power fiber optic inspection scope for ST/SC/FC connector styles designed by fiber experts. The flat head adapter allows user to view both the core and cladding as separate distinct layers with a straight on view down the fiber. With the appropriate adapter, this microscope is capable of viewing nearly every connector in existence today, including all small form factor connectors styles.

Precision Fiber Stripper

- Comfortable ergonomic handle
- Strips 2-3mm jacket
- Strips buffer coat from 125 micron fiber
- Hex key micro adjustable

REAL WORLD CERTIFIER™

109395

PERFORMANCE CERTIFY AND TROUBLESHOOT LAN HARDWARE AND CABLING (10MG, 100MB, GIGABIT)

The REAL WORLD CERTIFIER tests UTP cables and LAN devices for cable Type (Cat3, 5, 5E, 6) and speed 10MB, 100MB and 1000MB (GIGABIT). Also tests coax cable length, open, shorts and distance to fault. Stores the readings of 240 tests for later printing; Cables can be named on the fly before storing.

FEATURES:

- Speed tests (10MB, 100MB GIGABIT): Real World Cert Level 1 (projected) Real World Cert Level 2 (confirmed)
- Cable typing (CAT 3, 5, 5E, 6)
- Displays Port speed, duplex, data levels of all pairs, etc.
- Inline Port Mode (negotiated results) Port beacon (locate port)
- Cable length (real 1 nanosecond TDR)
- Opens, shorts, split pairs, splits distance
- NEXT, NEXT (FAR), Skew, Propagation delay
- Attenuation, Hot splits
- Multi-pair Toner/Probe
- Stores 250 tests for later printing
- Performance certify and troubleshoot all LAN hardware and cabling
- Compatible with all 10MB, 100MB and GIGABIT networks!
- Test existing cables for higher speed compatibility
- Identify excessively noisy cables
- Decodes 10/100/GIF PCs, switches and hubs for advertising capabilities
- Go "Inline" between two LAN devices and identify the negotiated speed
- Test 10/100GIGABIT PCs, switches and hubs for adequate signal levels

KIT CONTENTS

- RWC1000 Main Unit
- RWC1000 Remote Unit
- Cat5e Patch Cables (2)
- Protective case (zippered)
- Documentation tablet
- "Passed" stickers (64)
- 9V Battery (2)
- Instructional DVD
- Illustrated Users Manual

POCKET CAT™

The perfect tester for any toolbox. Performs a TIA568 test on Cat5e/6 network cable (RJ45) with instant PASS/FAIL results. Ruggedized and cushioned for toolbox use with a hidden drawer for remote storage. Includes a tone generator. Coax remote also included.

- Tests both RJ45-CAT5/6 and coax cables.
- Ruggedized for field use and toolbox.
- PASS/FAIL results appear in one second
- Each pair's status is highlighted
- Complete TIA568 test performed. Continuity, opens / shorts, reversals and split pairs
- Tone mode for tracing and troubleshooting
- Auto-off (12 seconds) battery saver
- Low battery indicator
- Remote stores inside main unit
- RJ45 Patch cord included
- BNC adapter cable and BNC loop back remote included
- Belt clip, batteries (9V) and pouch included

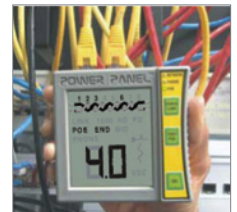

109355

POWER PANEL

The new way to test for voltage and power **Detect network devices, phones and power (PoE)**

- **Network devices:** Indicates advertised speed and duplex and pairs
- **Phones:** Indicates voltage amplitude and pairs used
- **Power (PoE):** Indicates voltage amplitude (discovery and full), pairs used (end or mid span) and watts (when connected inline)
- **Interact with switches and PoE power systems**
- **Force link button:** Sends link pulses to prompt communication from network devices
- **Test PoE button:** Simulates a VoIP phone or camera and prompts PoE power
- **Connect "inline"** Connect between 2 devices and pass through PoE power to the device allowing you to monitor an active system. Measure power draw of the PoE device (in watts)
- **Locate wires using tone (Tone Star only):** Detect tone placed on the wires by the Power Panel main unit.

109389
109390 with
Tone Star Probe

TVR10/100/1000™

10/100/1000 BASE-T LAN Tests. The TVR10/100/1000 plugs into active hubs, switches and/or PCs to verify 10, 100 or 1000 Base-T operation.

109350

- Verifies if PC is ON, if it appears as a PC and speed capabilities and duplex.
- Verifies if hub/switch is ON, if it appears as a hub/switch and speed capabilities and duplex.
- Goes inline between two devices to verify the negotiated speed and duplex of the link.
- Verifies hub/switch to hub/switch data transmission.
- Checks if straight thru or crossover patch cable is required.
- Finds speed bottlenecks on 10, 100 and 1000 Base-T LANs.
- Inline monitors LAN link to determine negotiated speed (between two devices).
- Detects PoE (Power over Ethernet) and indicates whether it is endspan or midspan.

Cable Testing

- Locates miswired cables.
- Locates missing cables.
- Locates cables that can not support 100 and 1000 Base-T operation (for LANs that require 4 pair wiring).
- Tests connection to hub/switch (pairs connected to hub/switch).
- Tests connection to PC (pairs connected to hub/switch).
- Tests installed cables (pairs wired and type).
- Tests patch cables (pairs wired and type).
- Remote Probe helps locate and trace inactive cables.
- Remote Probe traces active cables connected to hubs/switches and PC without interfering with LAN performance.
- Test and trace coax cable with RJ45 to coax adapters

GREENLEE - TEMPO TOOLS

TM-500 Tele-Mate® Telephone Test Set

- Includes - ABN "Bed Of Nails" Crocodile clips
- Luminescent (glow-in-the-dark) keypad
- Can be used safely on a DSL enabled line
- High Impedance monitor for monitoring line without disrupting existing traffic
- Over voltage and over current protection'
- Tone and pulse dialing for versatility on old and new phone lines
- Polarity test with LED indicator
- 32 digit last number redial and pause
- 10 number speed dial
- Adjustable volume control plus mute
- Pause
- Flash to generate a timed break recall
- Line powered, no battery needed
- Headset (included) for hands free operation
- RJ11 socket

TM-700 Tele-Mate® Pro Telephone Test Set

- Application: Test Telephone with High-impedance monitor. LCD, Smart Intercom, Calling Line ID, Pair tracing toner, DTMF decoding, Multiple last-number redial and ten speed-dial memories
- LCD (96 x 48 pixels, 5 lines) displays the following: Caller ID (name and number) and Call Waiting
- Dialed number
- Over-voltage conditions
- Phone status (monitor, on hook etc.)
- Line Voltage: 110 Vdc max
- Loop Current: 125 mA max
- Ring Frequency: 15-70 Hz. High impedance monitor enables use on DSL line.
- 32 digit memories
- 10 x speed dial memories plus ten "last number redial" stores
- Over voltage and over current protection and warning
- Tone and pulse dialing for versatility
- Flash key for timing-break recall
- Pause which can be stored
- Headset included for hands-free operation (HD-001)
- RJ11 socket and anchorage for strain relieved cords
- Cordset with large "angled nose with bed-of-nails and spike" plus RJ11 plug

Test Set with Adjustable Ringer

- Data Safe Monitor
- Water Proof Design
- Heat-treated for long life
- Ten # speed dial memory
- Last # Redial
- Precise hook flash
- Microphone Mute
- Audible & Visual Mode Indicators
- Polarity Test In any mode
- Quick Release Belt Clip
- Premium Corset with Bed-of-Nails and Piercing Pin Clips

Model PE961 Only

- Features DigiAlert over voltage alarm and lock out function to eliminate risk of damaging digital service lines.
- Full ADSL Compatibility

C200 SERIES INDUCTIVE AMPLIFIERS Model 200EP / 200FP Tone Probe

Like our tone generators, Tempo's inductive amplifiers are recognized as "Industry Standards" by field service professionals. Used in conjunction with any of their tone generators, their inductive amplifiers permit wire and cable identification without having to make direct metallic contact with the conductor. Powerful receiver gain permits accurate identification in even the most congested cable bundles and equipment rooms. Includes one each spare duckbill and metal tip.

200EP & 200FP

- Powerful 2" speaker
- One-button Operation
- Adjustable Volume Control
- LED for visual signal strength indication
- Recessed on/off push button control to conserve battery life
- Battery Operated (9V not included)

200FP ONLY

- Powerful rear-fire speaker
- Noise Filtration
- Continuous-on Feature
- Five-minute Auto Shutoff & Low-battery Indicator
- Improved Tip Design for Better Reception and Risk of Shorting Terminals

Classic Tone and Probe Kit

When it comes to wire identification, there's no better tool to have than the 701K Classic Tone & Probe Kit, from the world's largest manufacturer of tone & probe kits! This popular tone & probe kit is used by technicians everywhere to identify single conductors or cables within a bundle at a cross-connect point, or at remote ends.

- 77HP High Power Tone Generator
- 200 EP Inductive Amplifier
- Rugged, woven polyester 700C Dual Carrying Case
- Case fits up to 3" belt

Professional Tone and Probe Kit

Designed for the telecom professional, this kit is for use on single conductors, twisted pairs, coax cables and de-energized electrical wiring.

- Housings are drop-tested to ensure durability.
- Kit includes the 77GX Tone Generator and 200GX Inductive Amplifier in a rugged carrying case.

Product features

- 2.8" CCTV Monitor and Video generator for testing cameras.
 - Test Video - The video signal and quality can be tested
 - PTZ Controls - has basic operating test of PTZ products
- Functions include pan/tilt, zoom, present setting and operation, speed adjustment.
- Communication via RS-232, RS-422 simplex and RS485 port.
- Test for Direct & Cross cables, Continuity, Discontinuity, and Short on UTP cable
 - Video Signal Generating: Can output green, white, black and blue screens to test monitors or DVRs
 - RS485 Data Test: Test data sent from controlling device by displaying hexadecimal data content on the screen.
 - LED brightness, contrast, saturation adjustable
 - 1 BNC in, 1 BNC out
 - 3.7V Lithium battery - 11 hour life after full charge

Product features

- 3.5" TFT-LCD , 960(H) X 240(V) resolution.
- Video Level testing, video signals measured in IRE or mV
- DC12V 1A power output for camera
- Audio input test, testing the audio signal from pickup devices.
- PTZ control. Pan/tilts the P/T unit, zooms in/out the lens, adjusts the focus, aperture and sets and calls the preset position
- PTZ Rotation Test
- Format of LCD Brightness/Contrast/Color Saturation are adjustable.
- Video Generating, The multi-system colorbar video generator (seven-system switchable, transmit/receive seven-system colorful images)
- Data analyst. Captures and analyzes RS485 controlling data to help the installer to find a problem.
- Cable testing. It is powerful in testing LAN cable, measuring the connecting status, and displays the sequence of connection.
- Multi-interface and Multi-baud rate. Support RS232, RS485 and RS422 interface; baud rate ranging from 150, 600 to 19200bps.
- Multi-protocol. Supports more than twenty PTZ protocols. For example, PELCO-P, PELCO-D, SAMSUNG etc.
- Lithium Ion Polymer Battery (3.7V DC3000mAh). The device employs advanced power control and protection circuit. 12 hours life after charging for 4 hours.

NOTE: Model 109930 Includes Multimeter

2.5" Economy Test Monitor

- Includes 2.5" Monitor 480 x 340 Resolution
- OSD Menu
- Power Supply
- Wrist Strap
- BNC Cable

109925

Portable 12V Battery Pack

- Handy for powering CCD cameras, wireless video receivers and portable LCD monitors.
- Rechargeable 3 cell lithium
- Battery capacity 1200 mA
- Output 12V DC 1.5 A Max
- Automatic low voltage shutoff
- Power switch and status LED
- Includes: 5ft DC power cord, UL power adapter, belt clip

CABLE TESTING TOOLS

Pro LAN Tester

- Includes Master and Remote
- Includes two DC-9V batteries
- RJ-45, RJ-45 Shielded, RJ-45 Keyed, RJ-12, RJ-12 DEC, RJ-11, BNC
- Finds open, shorted, crossed, reversed, transposed, and split non-pair wiring
- Remote box can be used to remotely test LAN cable up to 1,000 feet
- Can test for grounding

109140

Basic LAN Cable Tester

Tests all the same functions of Pro LAN Tester except **RJ45 Only**

109142

NETWORK CABLE TESTER

- Tests Coaxial Cable (BNC)
- Tests 10Base-T, T568A, T568B, Token Ring
- Tests for open circuits, shorts, miswires and reversals
- Tests cables' shield integrity
- Measures cable length
- LED indicator lights

109190

Coax Cable Continuity Tester

- Confirms DC continuity with loud audible tone and circuit-shorts with easy-to-read LED Indicator
- Quick Push-On Angle F-Connector
- Removable tone detector screws to base
- Rugged Anodized-Brass Construction
- Includes 12V battery and F81 adapter

109183

MULTI-FUNCTION CABLE TESTER-TRACKER

- Tests Coaxial Cable (BNC)
- Tests 10Base-T, T568A, T568B, Token Ring
- Tests cables' shield integrity
- Checks continuity of the cables or wires
- Locates the cables diagnoses break point
- Tone signal on the cables
- Identify the state in the working telephone line (clear, ringing, busy)
- Sends a single solid or a dual alternating tone
- Includes soft carrying pouch

109194

STONE & PROBE KIT

- Use the tone generator and the probe to locate cables and find break points
- Signal in 3 modes: LED, speaker or both
- Tone generator output (square waveform): single (1500Hz) or dual (1300 - 1500Hz)
- Identifies line state (clear, ringing, busy)
- Comes with: soft pouch

TOOLS

Pole Wire Pulling Tools

Gopher Pole

- Telescopes from 4' to 22' in a matter of seconds
- Easy to handle in tight spots
- No loose parts to fit together
- Can push/pull wires over long spans, in suspended ceilings, sub-floors, crawl spaces, and attics
- Constructed of durable, non-conductive fiberglass
- Sturdy and lightweight
- Highly visible color (white)
- Positive lock system (won't inadvertently collapse)

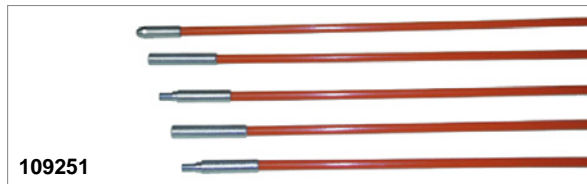

109160

The Gopher Pole weighs only four (4) pounds and collapses to 52". It is also equipped with a hook/skid tip that is used to tie a wire into and push/pull wire over long spans and ceiling grids. The o-ring on the end cap can also push/pull wire.

The Gopher Pole is a six (6) section tool with the #3 section being the smallest and the #8 section being the base (outside) section. The diameter of the #3 section is 11/16" and the diameter of the #8 base section is 1 5/8"

109251

Fiberfish II Kit

- Non-conductive
- Easy to handle in tight spots
- Rods can be screwed together to make longer lengths for fishing wire in existing walls and attics or across drop ceilings

Fiberfish Four Pack with Pouch

- 4 - 3' fiberglass rods
 - 1 removable pulling tip
 - 1 fish hook
 - Packed in a handy vinyl pouch.
- Instructions for use printed on the back of the pouch. Perfect for small install jobs or beginners. Portable and convenient for professionals.

109260

Glowfish

The same quality construction and durability you've come to expect from the Fiberfish in a new Glow in the Dark version! These rods actually glow, unlike some competitors, whose rods need an outside light source to "glo". The clear carry case means the rods are always "charged" and ready to go.

Fish Hook Tip

Use to retrieve or snag wire & cable

Pull Ring Tip

Used to attach multiple wires for larger pulls.

Wisp Head Tip

Use over suspended ceilings, won't catch on T-bars.

Replacement Tips

Tips for the end of the 3' and 6' FiberFish II rods

Magnet Head

Magnetic pick-up tool

RECESSED CONTACTS

• CLOSED LOOP

Tane uses a sensitive guaranteed "no stick" UL listed Rhodium Reed to attract the magnetic field. It's protected by a crush resistant plastic housing.

STB-10 (244010)

- GAP .7"
- Contact 3/8" x 3/4"
- Magnet 3/8" x 3/4"

The "Stubby" recess is ideal for those who do not need to spend extra money on the Mini Recess.

STB-10 DM (244011)

- GAP 1/2"
- Contact: 3/8" x 3/4"
- Magnet: 3/8" x 1/8"

Ideal for tight fitting window frames where you can not drill a hole for magnet. Convex hole on magnet fits flat head screws flush!

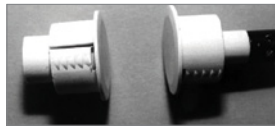

SD-70 (244080)

- GAP 1/2"
- Contact 3/4"x.84"
- Magnet 3/4"x.84"
- Steel Door

Stubby Style - Rugged one piece construction. For standard and tighter fitting applications. Long leads bent to keep solder off the glass of the reed. Two Solder points on 22 AWG 7 stranded UL Wire

Tane - 3/4 TC (244082)

- GAP 1"
- Contact 3/4" x .85"
- Magnet 3/4" x .85"
- Steel Door

For fast and easy installations. No soldering needed.

STB-3/8 TC (244016) With Rare Earth Magnet (244017)

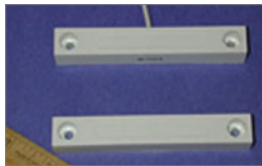

- GAP 5/8"
- Contact 3/8" x .90"
- Magnet 3/8" x 5/8"

Shorter than all stubby contacts. Ideal for tight fit windows, thin door frames & excellent for security screens.

COMMERCIAL CONTACTS

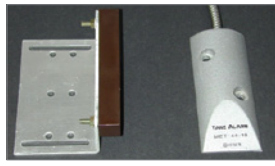

SM-20 WG (244095W)

- 2 1/2" WIDE GAP
- Closed Loop
- 1 1/8" L x 5/8" H x 5/8" W

Ideal for commercial or stall doors. Wide gap to insure against swinging. 18" 22 AWG Leads.

MET-44 (244090)

- Overhead Door Contact

Small size with special pin that keeps cable in place forever. Adjustable "L" bracket, magnet can be installed 10 ways! Armored cable 18".

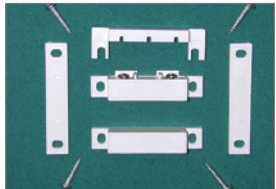

TANE-66 (244092)

- gap 1 1/2"
- Track Mounted Contact

For mounting on door tracks-"fork lifts can't knock these off floors!" 4 way adjustable magnet bracket. Wider Gap for reduced false alarms. Easier install than standards overheads.

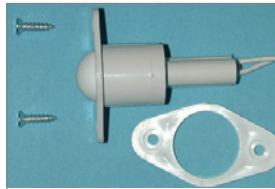

SM-35 (244130)

- GAP 1"
- L - W - H
- 2 1/2" x 1/2" x 1/2"

Standard Industry Size. Contact Includes spacers, screws, and cover - NO SEPARATE PARTS. Available in wide gap model.

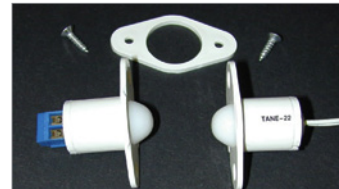

RB32 (244170)

- Standard Size
- 3/4" x 1 5/8"

This 3/4" roller reed ball contact uses a special compressed plastic ball to keep it dirt and paint resistant. Complete with Spacers and Screws

TANE-22 TC (244162)

- Diameter 3/4"

TANE-22 TC quick connect model for faster installations. Length 1 3/16" from Flange to end of terminals for TANE-22TC. Complete with Spacer and Screws

PROFESSIONAL VIDEO / AUDIO / POWER BALUNS

111390

VIDEO GROUND LOOP ISOLATOR AND BALUN - 2 in 1

- Use individually in coax lines as ground loop isolator
- Passive no power required
- BNC male pigtail to BNC female pigtail
- Built-In video balun (connect twisted pair to push pin terminal)
- Use in pairs as balun with ground loop isolation feature
- Reduces ground loop interference caused by unbalanced power line loads
- Prevents video signal distortion - picture tearing - cross talk & rolling
- Built-in transient voltage suppressors - lightning resistance level III

ALL SOLD IN PAIRS!!

PASSIVE VIDEO & AUDIO BALUNS

ALL BALUNS FEATURE:

- 300 Meter transmission with passive products
- 900 Meter transmission with active products
- Built-In transient voltage / lightning protection
- ABS engineered plastic case

BNC PIGTAIL TO SCREW TERMINAL

1000V lightning protection

111319

111309

BNC PIGTAIL TO SCREWLESS TERMINAL

BNC TO SCREWLESS TERMINAL BLOCK
1000V lightning protection
Ultra mini size

111310

111304

BNC PIGTAIL TO SCREWLESS TERMINAL

BNC TO SCREWLESS TERMINAL BLOCK

1000V lightning protection

111305

111328

- Power + Video over Cat5E/Cat6 (RJ45) T568B
- BNC + power pigtail / RJ45 DVR end
- BNC pigtail + power pigtail / RJ45 Camera end
- 1000V lightning protection 10/700NS
- 200 meter power transmission
- Power surge protection
- Voltage input 12V-24V DC/AC

111318

BNC PIGTAIL TO SCREWLESS TERMINAL

2000V lightning protection

BNC PIGTAIL TO RJ45

1000V lightning protection

Both super anti-jamming capability

111306

111333

- Power + Video mono audio over Cat5E/Cat6 (RJ45) T568B
- BNC + RCA pigtail + power pigtail / RJ45 DVR end
- BNC pigtail + RCA pigtail + power pigtail / RJ45 camera end
- 1000V lightning protection
- 200 meter power transmission
- Power surge protection
- Voltage input 12V-24V DC/AC

111326

- Power + Video over Cat5E/Cat6 (RJ45) T568B
- BNC pigtail + power pigtail / RJ45 both end
- Wave filter + anti static design
- 200 meter power transmission
- Power surge protection
- Voltage input 12V-24V DC/AC
- LED power + activity indicator lights

111335

- Power + Video mono audio over Cat5E/Cat6 (RJ45) T568B
- BNC pigtail + RCA pigtail + power pigtail / RJ45 both end
- 2000V lightning protection
- 200 meter power transmission
- Power surge protection
- Voltage input 12V-24V DC/AC
- LED power + activity indicator lights

4 CHANNEL PASSIVE VIDEO TRANSCEIVER

111323

- RJ45 or Terminal Block to BNC Female
- 300 meter with passive product 900 meter with active
- Lightning protection 2000V
- Super anti-jamming capability
- Wall mounting bracket included
- Metal housing reduces electromagnetic interference

111356

POWER & VIDEO OVER COAX

BNC MALE TO BNC AND POWER PIGTAIL

- One channel power + video transmission
- 800 meter effective transmission distance
- Suggested coax for best distance RG6
- Input voltage 24V-DC - 2A
- Power adapter NOT INCLUDED

ACTIVE VIDEO BALUNS

1 CHANNEL ACTIVE VIDEO TRANSMITTER + RECEIVER (Sold Separately)

FEATURE COMMON TO BOTH:

- Amplified video over twisted pair Cat5E/Cat6
- Super anti-jamming capability
- Transient surge protection (Lightning) 3000V
- Gain amplification adjustment
- 1200 Meters with passive product - 2400 meters with active
- 12V power supply **NOT INCLUDED**
- LED power & activity indicator lights

111348

VIDEO TRANSMITTER
Screwless terminal block to BNC male + Power to Camera

111358

VIDEO RECEIVER
Screwless terminal block to dual BNC to DVR and/or monitor

POWER OVER ETHERNET

POE SWITCHES

COMMON SPECIFICATIONS FOR ALL SWITCHES THIS PAGE:

- Metal case for superior electromagnetic interference reduction
- IEEE 802.3AF standard compliant
- 100 meter POE data and power transmission
- FCC, CE & ROHS compliant

NOTE:
802.3AT compliant switches are backward compatible to 802.3AF
802.3AF compliant switches will NOT power 802.3AT devices

 252032 <ul style="list-style-type: none"> • 8 Ports with 4 Ports POE • 100 Mbit each Port • 15.4W per Port MAX • 60W (48V/1.25A) Power • Size: 225 x 125 x 35 mm 	 252036 <ul style="list-style-type: none"> • 9 Ports with 8 Ports POE • All Ports 100Mbit • 15.4W per Port MAX • 96W (48V/2A) Power • Size: 225 x 125 x 35 mm

- 24 Ports with 24 Ports POE
- All Ports Gigabit
- 25.5W per Port
- **400W Total Power**
- 802.3AF & 802.3AT Compliant
- Size: 440 x 35 x 45 mm
- Rack Mountable

POE POWER INJECTOR 802.3af COMPLIANT

- 802.3af Compliant power supply equipment (PSE)
- Injects 48V, 16W DC Power
- Auto sensing power cutoff on open ports or non 802.3af end devices
- Built-in 110V AC to DC power supply connector with over current & over voltage protection

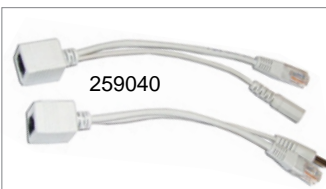

NOTE: 802.3af standard compliant power input devices will not supply power to non standard power splitters.

Simple POE Injector/Splitter Kit

This is a passive item meaning that input and output voltage are equal. Requires wall transformer for power input.

- Injector:
RJ45 + Power In - RJ45 Out
Splitter:
RJ45 In - RJ45 + Power Out

NOTE: For More POE Switches See TP-Link Section

ELECTRONIC/COMPUTER REPAIR KITS

35 Piece Precision Screw Driver Set

This 35pc Precision Screwdriver kit is an ideal tool set to keep in your tool box, automobile or bring with you on the job. You can use it for small jobs or working in hard to reach places. The set features molded handles that provide a non-slip & comfortable grip.

The screwdriver handle has a rotating cap for quick installation and removal of screws.

109093

Package Contents

- 5" Needle Nose Pliers
- 5" Side Cutter
- Flexible Shaft
- Stainless Tweezers
- Easy Grip Screwdriver Handle with extension bit
- 30 Precision Bits made from chrome vanadium steel
- Durable Zippered Storage Case
- Case size: 7" x 5" x 1.75"

Bits Included:

- Slotted: 1, 1.5, 2, 2.5, 3, 3.5, 4.0mm
- Phillips: PH000, PH00, PH0, PH1
- Pozi: PZ0, PZ1
- Torx: T4, T5, T6, T7, T8, T9, T10, T15, T20

HDTV OUTDOOR ANTENNA

HDTV Outdoor Antenna w/Rotor & Remote

Perfect for rural homes, RVs, hunting lodges, etc. Our Outdoor HDTV Antenna is one of the most powerful on the market with up to 36dB Gain and a range of 150 miles. This HDTV Antenna is designed to receive Digital TV UHF/VHF signals and provides the highest quality HDTV picture available. Enjoy watching HDTV for free!

- Will receive UHF/VHF/FM signals and will broadcast both High Definition and Standard Definition channels
- 36dB Yagi Antenna
- Weather resistant
- Reception range up to 150 miles from broadcast towers
- Low-Noise and High Gain Amplifier is built in
- Built-in motor rotor turns the antenna 360 degrees
- Rotor turns in both directions to avoid tangles
- Wireless remote controller for rotor - rotate the antenna to find the best reception all from the comfort of your living room
- Motor rotor is powered by the low voltage coaxial cable that runs from the control box to the antenna, so there is no need to ground the antenna or run a separate power cable
- Control Box with Dual TV Outputs is included
- Will support multiple TVs
- Easy Installation
- Mounts to a pole up to 1" in diameter (pole not included)

Includes

- One - HDTV Yagi antenna with built-in rotor & amplifier
- One - Rotor control box
- One - Remote for rotor control box
- One - 40Ft coax cable
- One - 4Ft coax cable
- One - power supply for rotor control box

ALL PRICES INCLUDE FREIGHT

AUDIO / VIDEO ACCESSORIES

VOLUME CONTROLS

ROTARY VOLUME CONTROL

301513

- Comes with choice of White, Ivory or Almond
- Removable right angle solderless speaker terminals (Accepts up to 14 AWG wire)
- Impedance Matching
- 100 watts maximum peak power
- 60 watts continuous power
- 11-position
- 39 dB attenuation
- 1x, 2x, 4x and 8x settings
- Non-shortng design utilizes a "make before break" switch which protects your amplifier from receiving a damaging dead-short
- Screws, color coded knob, included
- Decora cover plate included

SLIDING VOLUME CONTROL

301514

- Comes with choice of White, Ivory or Almond
- Impedance Matching
- 100 watts maximum peak power
- 50 watts continuous power
- 11-position
- 39 dB attenuation
- 1x, 2x, 4x and 8x settings
- Removable right angle solderless speaker terminals
- Non-shortng design utilizes a "make before break" switch which protects your amplifier from receiving a damaging dead-short
- Decora cover plate included

WEATHER PROOF VOLUME CONTROL

301515

- Weather-resistant box for outdoor use
- Removable right angle solderless speaker terminals (Accepts up to 12 AWG wire)
- Resistor-Based
- 100 watts maximum peak power
- 60 watts continuous power
- 11-position
- 36 dB attenuation
- Non-shortng design utilizes a "make before break" switch which protects your amplifier from receiving a damaging dead-short
- Screws, color coded knob, included
- Decora cover plate included
- Color: White

AUDIO / VIDEO ACCESSORIES

HDMI ACCESSORIES

HDMI Repeater extender

- Self-power active circuitry for fast & easy installations
- Supports HD 1080P Video
- Extends HDMI signal up to 164ft (50 meters)
- 40dB receiver equalization
- HDCP Compliant
- No Power Supply Required
- Compact Size
- Easy to use, installs in seconds

301011

HDMI Pigtail Extender over CAT5e/6 - 30M

- Uses CAT5e/6 cable to substitute HDMI and achieve long distance transmissions
- Comes as a pair (one sender, one receiver)
- HDMI pigtail cable attached to each unit, so there is no need to purchase additional cables
- Supports 1080p Resolution up to at least 100ft (30M) using CAT6 cable, and much further when using lower resolutions

301024P

- Auto adjustment of feedback, equalization, and amplification
- Supports 3D
- Supports uncompressed audio such as LPCM
- Supports compressed audio such as DTS Digital (Including DTS-HD and Dolby True HD)
- Supports Deep Color
- HDCP Compliant
- Use 2 CAT5e or CAT6 cables (not included)

HDMI Extender Over Single CAT5e/6

- Comes as a pair (one transmitter, one receiver)
- Uses a single UTP (CAT5e or CAT6) cable to substitute HDMI cable to achieve long distance transmission (CAT5e/6 cable not included)
- Transmission distance reaches up to 165ft (50M) under the video format of 1080p
- Supports Deep Color up to 24 bit
- Supports lossless compressed digital audio: Dolby True HD, DTS-HD Master Audio

301027P

- Supports uncompressed 2 channel audio such as LPCM
- Audio adjustment of feedback, equalization, and amplification
- HDCP Compliant
- Power Supply Included

3x2 HDMI Switch & Splitter - 3 Inputs, 2 Outputs

- 3 HDMI inputs and 2 HDMI outputs
- Select one of 3 different HDMI Signal input sources and send the signal to 2 HDMI displays simultaneously
- Manual or IR Remote Switching (Included)
- Intelligent Auto Switching Function
- Output signals are synchronized
- Supports resolutions up to 1080p

301034

- Supports uncompressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby True HD)
- Supports 3D
- Supports 36 Bit Deep color
- HDCP Compliant
- Easy to use, installs in seconds
- 5V Power Supply included

HDMI Extender over Fiber w/IR Control and Ethernet Pass Thru

- HDMI Extender over Fiber
- Provides high-resolution image quality
- Extends 1080p HDMI signal up to 20km (12.42 miles or 65,617 feet) over fiber optic cable
- Plug-and-play operation - no programming required

301019

- Optical fiber use rules out any RF interference
- IR Control (IR cables provided)
- Ethernet Pass-Through via the RJ45 ports allow you to extend your Ethernet connection from the transmitter out through the receiver
- Fiber optic and Ethernet Cables not included
- Transmitter inputs: HDMI, RJ45, IR-TX
- Transmitter Output: Fiber (SC Duplex)
- Receiver Input: Fiber (SC Duplex)
- Receiver Outputs: HDMI, RJ45, IR-RX

HDMI Repeater / Extender Over Dual CAT5e/6 - Up to 50 meters

- Uses CAT5e or CAT6 cable to substitute HDMI cable to achieve long distance transmission
- Supports Resolutions: 480i up to 1080p
- Transmission distance can be up to 50 meters (164ft) using CAT6 cable at 1080p resolution
- Auto adjustment to feedback, equalization, and amplification
- Supports audio format: LPCM, Dolby-AC3, DTS7.1, and DSD

301026P

- Use 2 CAT5e or CAT6 cables (not included)
- HDCP Compliant
- Power Supply included

2-Port HDMI Bi-Directional Switcher or Splitter

- Use as a 2-Port Switch or Splitter - Supports 2 HDMI A/V sources and 1 HDMI display or 1 HDMI A/V source to 2 HDMI displays (you can not use this device to watch a single source on two displays simultaneously, you use the selector button to send the single source to whichever display you want to view at the time)
- HDMI Version 1.4 Compliant
- Backward compatible with all previous HDMI specifications

301030

- Supports up to 1080p and 4Kx2K resolution
- Supports 3D
- LED lights indicates the input/output selection and working status
- Simple push-button operation
- No external power needed
- plug and play

HDMI Switch / Selector: 3 or 5 Port

- 3-Port: 3 in, 1 out (301035)
- 5-Port: 5 in, 1 out (301037)
- Built in amplifier
- HDCP compliant
- Supports Deep color 36 bit and signal retiming
- Manual or remote selection (remote control included)
- Power: DC5V (power supply included)
- Metal Case

301035

AUDIO / VIDEO ACCESSORIES

HDMI ACCESSORIES

HDMI Switch / Selector: 3 or 5 Port

301036
301038

- 3-Port: 3 in, 1 out (301036)
- 5-Port: 5 in, 1 out (301038)
- Supports resolutions up to 1080p
- High Performance with up to 10.2Gbps
- Supports Deep color
- Supports 3D devices
- Manual or remote selection (remote control included)

- HDCP compliant
- 5V Power Supply is optional (Not included w/3-port: Included w/5-port)

HDMI Splitter: 2 or 4 Port

301040P
301043

- 2-Port: 1 in, 2 out (Part# 301040P)
- 4-Port: 1 in, 4 out (Part# 301043P)
- One HDMI input signal can split to multiple displays simultaneously
- Output signals are synchronized
- Supports resolutions up to 1080p
- Supports uncompressed audio such as LPCM

- Supports compressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby True HD)
- Supports 3D
- HDCP Compliant
- Easy to use, installs in seconds
- 5V DC Power Supply Included

8-Port HDMI Splitter

301047

- 1x8 HDMI Splitter (1 input, 8 output)
- One HDMI input signal can split to 8 displays simultaneously
- Output signals are synchronized
- Supports resolutions up to 1080p
- Supports uncompressed audio such as LPCM

- Supports compressed audio such as DTS Digital, Dolby, digital (including DTS-HD and Dolby True HD)
- Supports 3D
- HDCP Compliant
- Easy to use, installs in seconds
- 5V DC Power Supply Included

4-Port HDMI Splitter & Extender Over Single CAT5e/6

301045

- Distributes 1 Input HDMI signal to 4 identical UTP outputs simultaneously
- Kit contains 4-Port Splitter/Extender/Receivers
- 4 output signals are synchronized
- Extends the signal via a single Cat5e/6 cable (RJ45)
- Supports 1080p Resolution up to 50M
- Supports High Definition Audio: Dolby TrueHD, DTS-HD Master Audio
- Supports 36bit deep color display
- Supports 3D technology
- ROHS Compliant
- HDMI and Cat5e cables sold separately

3-Port HDMI Pigtail Switch

301039

- 3 in, 1 out
- HDCP Compliant
- Supports resolutions up to 1080p
- Supports Deep color
- Supports 3D devices
- HDMI pigtail cable - 20 inch
- Supports compressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby True HD)

- Intelligent Auto Switching or Manual Switching
- Intelligent Function - Once a source device is turned on, the switch will automatically select the source. When the source device is turned off, the switch will automatically switch to the next "power on" device in the sequence
- No Power Supply Required

4-Port HDMI Splitter w/Full 3D & 4Kx2K

301046

- 1x4 HDMI Splitter (1 input, 4 output)
- One HDMI input signal can split to 4 displays simultaneously
- HDMI Version 1.4
- Outputs signals are synchronized
- Full 3D Support
- Resolutions: 480i to 1080p, also 4Kx2K
- Supports 4Kx2K
- Supports uncompressed audio such as LPCM

- Supports uncompressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby TrueHD)
- HDCP Compliant
- Construction: Sturdy metal housing
- Easy to use, installs in seconds
- 5V DC Power Supply Included

8-Port HDMI Splitter w/Full 3D & 4Kx2K

301048

- 1x8 HDMI Splitter (1 input, 8 output)
- One HDMI input signal can split to 8 displays simultaneously
- HDMI Version 1.4
- Outputs signals are synchronized
- Full 3D Support
- Resolutions: 480i to 1080p, 4Kx2K

- Supports 4Kx2K
- Supports uncompressed audio such as LPCM
- Supports uncompressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby TrueHD)
- HDCP Compliant
- Construction: Sturdy metal housing
- Easy to use, installs in seconds
- 5V DC Power Supply Included

8-Port HDMI Splitter & Extender Over Single Cat5e/6

301044

- Distributes 1 Input HDMI signal to 8 identical outputs simultaneously
- Kit contains 8-Port Splitter/Extender and (7) Cat5e/6 Extender/Receivers
- 8 outputs: (1) HDMI Female and (7) RJ45 Female
- 8 outputs are synchronized
- Extends the signal via a single Cat5e/6 cable (RJ45)
- Supports 1080p Resolution up to 50M
- Supports High Definition Audio: Dolby TrueHD, DTS-HD Master Audio
- Supports 36bit deep color display
- Supports 3D technology
- HDCP Compliant
- ROHS Compliant
- HDMI and Cat5e/6 cables sold separately

AUDIO / VIDEO ACCESSORIES

HDMI ACCESSORIES

HDMI MATRIX SWITCH - 4 X 2

- Support HDMI 1.3b
- HDCP Compliant
- Supports Resolutions up to 1080p
- 4 input, 2 output
- The 2 HDMI output ports can be from the same or different sources
- Manual or remote select source input signal to different sink
- HDMI Repeater with Equalizer
- Remote Control included
- DC 5V power supply included

301050

4x4 HDMI Switch & Splitter - 4 inputs, 4 outputs (Not A Matrix Switch)

This 4x4 HDMI Switch and Splitter supports up to four input sources (Bluray, PS3, DVR, etc.). Switch back and forth between these input sources and send the signal from a single source on up to 4 separate displays simultaneously.

- 4x4 HDMI Switch & Splitter
- 4 HDMI inputs and 4 HDMI outputs
- Select one of 4 different HDMI Signal input sources (ie: XBox, DVR, DVD, PS3) and send the signal to 4 HDMI displays simultaneously
- Output signals are synchronized
- Manual or IR Remote Switching (IR Remote Included)
- Supports resolutions up to 1080p
- Supports uncompressed audio such as LPCM
- Supports compressed audio such as DTS Digital, Dolby Digital (including DTS-HD and Dolby True HD)
- Supports 3D
- HDCP Compliant
- Easy to use, installs in seconds
- 5V DC Power Supply Included

301054

HDMI CONVERTER (VGA & STEREO TO HDMI)

- Video Input: VGA
- Audio Output: L/R RCA Stereo
- Output: HDMI
- HDCP compliant
- Max single link range: 1600 x 1200, 1080P
- DTV /HDTV up to 1600 x 1200, 60Hz up to 1080P
- Operating frequency: up to 165MHz
- Video Amplifier Bandwidth: 1.65Gbps/165MHz
- Resolutions (HDTV): 480i to 1080p
- Installs in seconds, no need of setting

301075

RCA Composite or S-Video to HDMI Converter

- Inputs: S-Video / RCA Composite Video / R/L Audio
- Output: HDMI
- Scales up Composite Video or S-video to HDMI at 720p/1080p
- HDMI Transmission Rate: 5Gbps
- Motion Compensated 3D Wavelet Video Coding Technology is applied to make the converted picture rich in color and more vivid
- Input audio is integrated into HDMI output as well as pass-through to earphone or sound box
- Switch between Composite Video and S-Video with the press of a button located on the front of the unit
- Input video systems - NTSC and PAL are automatically detected and adjusted
- 5V Power Supply Included

301078

HD-SDI / SDI to HDMI Converter with Loop Through SDI Output

This converter will take an SDI or HD-SDI signal and convert it into an HDMI signal which will allow you to watch your surveillance feed on your HDMI monitor or TV. Audio is also supported through the HDMI output. The SDI to HDMI converter also provides a looping SDI/HD-SDI output that is useful for connecting additional equipment, or for "daisy chaining" multiple monitors to the same SDI/HD-SDI source.

- SDI or HD-SDI to HDMI Converter
- Equalized Looping of SDI/HD-SDI signal
- Supports 525i, 625i, 720p, 1080i, and 1080p up to 60Hz
- HDCP Compliant
- Uses 5V power (power supply included)
- Input Formats: 525i, 625i, 720p, 1080i, 1080p up to 60Hz
- Video Input: HD-SDI, SDI, SMPTE-259/274/292/296 via a female BNC port
- Video Output 1: HDMI with embedded audio
- Video Output 2: 1 Looping SDI/HD-SDI output via a female BNC port
- Power: +5V DC regulated, 3 watts

301095

4x4 True HDMI Matrix Switch with IR Control

This is a True 4x4 HDMI Matrix Switch and will allow you to view up to 4 source devices on 4 displays. This matrix switch gives you the flexibility to view a single source device on all displays simultaneously or to have multiple devices going to multiple displays all at the same time.

- 4X4 True HDMI Matrix Switch with IR Control
- Connections: 4 HDMI inputs & 4 HDMI outputs
- Full HDMI routing function
- Supports resolutions up to 1080p
- Supports 3D Video
- Supports 36 bit deep color
- Intelligent EDID setting function
- Comes with 4 IR emitters & 4 IR extender receivers to control input devices
- Manual and Remote (with provided IR remote) switching
- USB upgrading function
- Rubber grip feet to place on desktop or table
- Comes with optional mounting ears to mount the switch to a wall or ceiling

301052

VGA Video + 3.5mm Stereo Audio to HDMI Converter

- Video Input: VGA
- Audio Input: 3.5mm Stereo
- Output: HDMI
- Resolution: Up to 1080p
- HDCP Compliant
- ROHS Compliant
- Easy Installation, Just Plug and Play
- 5V Power Supply Included

301074P

VGA & Component to HDMI Converter & Switch

- Converts VGA and/or Component Video + 3.5mm Stereo and/or R/L RCA Audio to HDMI and SPDIF
- Inputs: VGA / YPbPr (Component) / Right & Left RCA Audio / 3.5mm Stereo Mini-Jack (Can't be used with R/L audio input at the same time)
- Outputs: HDMI / SPDIF (Toslink fiber optic digital audio) / SPDIF (Coax digital audio)
- HDCP Compliant
- Supports resolutions up to 1080p
- Switch between your VGA or Component device (manual or remote control)
- IR Remote Control included for more convenient switching
- Easy Installation
- Power Supply Included

301077

Component Video + L/R Audio to HDMI Converter

- Video Input: Component Video (YPbPr)
- Audio Input: Left/Right RCA
- Output: HDMI
- Resolution: Up to 1080p
- HDCP Compliant
- Supports uncompressed 2 channel audio such as LPCM
- ROHS Compliant
- Easy Installation, Just Plug and Play
- 5V Power Supply Included

301090

SDI to HDMI Converter

- SDI, HD-SDI, or 3G-SDI to HDMI Converter
- Auto detect resolution of HD-SDI, SD-SDI, and 3G-SDI
- Full HDMI supported with embedded audio
- Synchronized audio/video output
- Supports 525i, 625i, 720p, 1080i, and 1080p up to 60Hz
- HDCP Compliant
- Low Power Consumption: Max 5W
- Plug and Play
- Power Supply: USB Cable (included)

VGA EXTENDER OVER CAT5e/6

The VGA Extender allows VGA video signals to be transmitted up to 980 Ft.

- Extend VGA video and stereo signal up to 300m (980ft) over one UTP cat5e/6
- Adjust GAIN and PEAK to adapt for the different length of UTP cable (Phillips Screwdriver Required):
GAIN: Brightness Adjustment
PEAK: Skew Adjustment
- Supports Resolutions from 640x480 up to 1920x1200
- Dual output at local unit: 1 x VGA output for local site, plus 1 x UTP output for remote site
- Works with monitors, projectors, HDTVs, etc.
- Input: VGA (female), Stereo Audio
- Output: VGA (female), Stereo Audio, RJ45

- Package Contains:
- (1) Sender
 - (2) Receiver
 - (2) 5V DC Power Supply
 - User's Manual

AUDIO CONVERTERS

Digital Coax/Optical Toslink to Analog L/R RCA Audio Converter

- Converts coaxial or toslink digital audio signals to analog L/R audio
- Available for connection to an external device such as an amplifier via standard RCA jacks
- Supports sampling rate at 32, 44.1, 48 and 96KHz
- 24-bit S/PDIF incoming bit stream on left and right channels
- Provides electromagnetic-noise-free transmission
- Easy to install
- Compact size and light weight

301202

Analog to Digital Audio Converter

- Convert your analog stereo audio signal from R/L input to Coaxial and Toslink outputs simultaneously
- Inputs: Left and Right (Red/White) RCA Stereo Analog Connections
- Outputs: S/PDIF Digital Coaxial RCA and/or Optical Toslink Connections
- The output digital audio signal is 2-channel uncompressed LPCM (Linear Pulse Code Modulation) with sampling rate at 48 KHz
- Easy to Install
- Compact Size
- Power Supply is Included

HDMI Extender Over Cat5e/6 Wall Plates

HDMI Wall Plate Extender

- Comes as a pair (one transmitter, one receiver)
- Uses two UTP LAN cables (CAT 5E or CAT6) to substitute for an HDMI cable to achieve long distance transmission (CAT5e/6 cables not included)
- Supported Resolutions: 480i up to 1080p
- Transmission distance reaches up to 100ft (30M) under the video format of 1080p, and will extend up to 164ft (50M) at 1080i resolution
- Built in equalizer
- Supports lossless compressed digital audio: Dolby TrueHD, DTS-HD Master Audio
- Auto adjustment of feedback, equalization, and amplification
- Both inner and outer power connectors provided
- Optional 5V Power Supply Port to help boost the signal (power supply included)

HDMI Wall Plate Extender with IR Control

- Comes as a pair (one transmitter, one receiver)
- Uses two UTP LAN cables (CAT 5E or CAT6) to substitute for an HDMI cable to achieve long distance transmission (CAT5e/6 cables not included)
- Supported Resolutions: 480i up to 1080p
- Transmission distance reaches up to 100ft (30M) under the video format of 1080p, and will extend up to 164ft (50M) at 1080i resolution
- Built in equalizer
- With Infrared (IR) control signal pass through function (IR Receiver & Emitter Included)
- Supports lossless compressed digital audio: Dolby TrueHD, DTS-HD Master Audio
- Auto adjustment of feedback, equalization, and amplification
- Both inner and outer power connectors provided
- Optional 5V Power Supply Port to help boost the signal (power supply included)

SPEAKER MOUNTS

WALL OR CEILING SATELLITE SPEAKER MOUNTS

These brackets can be mounted on the wall or ceiling. For ceiling applications these mounts come with a 2 1/4" extension. Made of durable injection molded, fiber resin reinforced polymer. Has multiple pivot points (tilt and swivel) that allow perfect directional aiming. Is designed to fit the widest possible selection of brands of speakers (that weigh less than 8lbs each) including: Bose® Denon® Infinity® JVC® Kenwood® Klipsch® Onkyo® Pioneer® Panasonic® Sony® Yamaha®. And most other brands of satellite surround sound speakers.

- 2 Speaker Mounts
- Universal design fits most brands
- Simple, Tilt, Pivot, and Rotation Adjustment
- Easy installation
- Multi-segment design allows for variable configurations
- Mount hole width (centered) at both ends: 2 3/8" (Min Width 2", Max Width 2 3/4")
- Removable Arm Extension (2.25")
- Load Capacity: 8 lbs
- Key Hole Mounting
- 2/4 Hole Mounting
- Single Hole Mounting

SATELLITE SPEAKER MOUNTS

This wall mount bracket is designed to fit most satellite speakers on the market. This mount attaches to speakers with a single-bolt mounting system. The bracket can easily be adjusted for tilt and swivel, so you can adjust the position of your speaker to achieve the optimum listening experience.

- Compatible with most satellite speakers that use single hole mounting
- Tilt and Swivel adjustment to achieve ideal angle
- Single bolt mounting style***
- Weight Capacity: 7.7 lbs
- Speaker mounts approximately 2.5" from the wall
- Mounting hardware included
- Available in Black or White

***These mounts come with an M5x12 bolt which is the most popular size bolt for single hole mounting. These mounts will still fit your speaker if they require a different size bolt, but you will need to purchase the correct size bolt separately. Consult your owner's manual to see what size bolt your speakers require.

SATELLITE SPEAKER STANDS (PAIR) - BLACK

- Quantity: 2 Stands
- Compatible with most small speakers on the market, including: Bose, Logitech, Denon, Klipsch, Insignia, Philips, Sony, Samsung, and many more.
- Adjustable height allows speakers to be placed at optimum listening level - height extension from 26.7" to 43.3"
- Concealed wire path easily hides and organizes cables
- Weighted base to provide stability
- Multiple speaker attachment methods including keyhole mounting, single bolt mounting, and screw type mounting
- Weight Capacity: 9.9lbs
- Color: Black
- Mounting and assembly hardware included

WALL MOUNT BOOKSHELF SPEAKER BRACKET

This side clamping bookshelf speaker wall mount has been designed for traditional wood cabinet bookshelf style speakers or powered monitor speakers that did not come with a standard mounting point by the manufacturer or have amplifiers on the back. This mount offers 90 degree swivel both left and right, as well as 35 degrees of tilt. This speaker mount is ideal for mounting your professional bookshelf speakers in your home theater, sports bar, studio, etc.

- Solid steel construction
- Provides a stable and durable mounting solution for large bookshelf speakers
- Side Clamping: will work with speakers from 5" to 11" wide
- Optional screw holes on the side clamps for added stabilization of large wood speakers (not required)
- Swivels 90 degree left and right
- Wall Mounting Plate: 9.5" x 5" (H x W)
- Measures 16" from wall to end of the mount

TV & PROJECTOR MOUNTS

TV MOUNTS

WHAT IS VESA?

The Video Electronics Standards Association (VESA) has a set of standards for the manufacturing of flat screen televisions and PC monitors. Most manufacturers adhere to these standards. There are 4 mounting holes in the back of every TV. The distance in millimeters (mm) between these holes determines the VESA compatibility. The first number of the VESA measurement is the horizontal distance; the second the vertical distance. **ALL OF OUR MOUNTS ARE VESA COMPATIBLE.** Our TV mounts are built with several VESA patterns. The VESA pattern listed in the specifications will be the maximum VESA pattern the mount will accommodate.

***Supported screen sizes are shown as guidance only. The screen size could be larger or smaller than the suggested size as long as the weight is within the limit and the VESA mounting pattern accommodates your TV.**

UNDER CABINET TILT/SWIVEL

- Stow Away Feature lets you hide your TV until you are ready to watch. When bracket is closed, it collapses to 1.5 inch
- 9 - 23 inch screen* Be sure to measure the depth of your cabinet if you plan on using the "Stow Away" feature
- Tilt: 110 ~0 degree
- Swivel: 360 degree
- Max VESA: 100 x 100
- Load Capacity: 180 lbs.

LOW PROFILE TILT COMPONENT SHELF - 23" - 42"

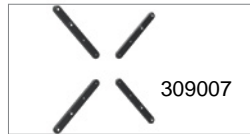

- TV Wall Mount and Shelf Combo
- 23 - 42 inch screen*
- Max VESA: 200x200
- Wall to TV: 1.45"
- 6mm Tempered Glass Shelf
- Back Pillar Length: 23.5"
- Glass Size: 16.5"W x 11.8"D
- Shelf height is adjustable
- Cable Management
- TV Mount Load Capacity: 66 lbs
- Shelf Load Capacity: 22 lbs
- Mounting hardware included

DESKTOP ARTICULATING, 13" - 27"

- 13 - 27 inch screen*
- Tilt: -15 to +15
- Swivel: 180 degree
- Extends 17.5" from pole when fully extended
- Load Capacity: 33 lbs.
- Max VESA: 100 x 100
- Clamp attaches to edge of desk

400x400 VESA MOUNT ADAPTER

- VESA Adapter (4pcs total)

TELEDATA EXPRESS

Communication, Networking, Security and Home Theater Components

PERSONAL SERVICE

There is no voice mail run-around at Teledata Express. Every call is answered by a real live friendly person whose only goal is to make you a satisfied customer.

OUTSTANDING PRODUCTS

Every product is manufactured to the highest level to meet or exceed applicable standards. Most products are independently verified and certified for both performance and safety.

SAME DAY SHIPPING

Right Now! Most items are in stock for same day shipping. Orders received by 3 p.m. CST are shipped the same day.

UNMATCHED FILL RATE

Not only do we ship same day - on the average we will ship 99% of everything you order the same day. Match That!

DELIVERY TO YOUR DOOR FREE

Why waste time and money running all over town when our price includes delivery to your door? There is no guessing about what your final total cost will be.

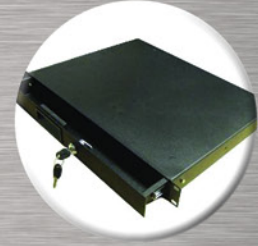

COMPETITIVE PRICES

Some suppliers offer great low prices but their products are inferior, others offer low price then gouge you with freight charges. No one matches our quality and our low prices.
