

AWS Managed Billing through Ubertas Consulting

Do you want to take control of your AWS billing? Are you looking for a simplified process that offers discounted AWS Services pricing every month? Would you like to take advantage of free-of-charge AWS technical advice and guidance service via a dedicated channel?

As an approved AWS Advanced Consulting Partner and authorised Solutions Provider Program (SPP) partner Ubertas Consulting are able to manage AWS billing on your behalf. We can also help you understand your monthly AWS bill and advise on how to best optimise your AWS Cloud costs, to help you drive down the Total Cost of Ownership (TCO) of your Cloud estate.

Ubertas Consulting work in partnership with Ingram Micro (<https://www.ingrammicrocloud.com>), who are an authorised AWS Global Distributor.

Getting set-up couldn't be easier; Ubertas Consulting in partnership with AWS and Ingram Micro will manage the end-to-end process for you. So what changes? You'll receive your monthly AWS invoices from Ubertas Consulting rather than directly from AWS. Nothing else changes except we provide you with an additional set of services and benefits free-of-charge.

So why should you consider AWS Managed Billing?

Discounted AWS Pricing

You'll receive a 2% discount on all AWS service pricing, for all your monthly usage.

Communication Platform Access

We'll provide a free-of-charge Slack channel to provide access to Ubertas Consulting technical team on an ad-hoc basis.

Discounted Professional Services

A 20% discount on all Ubertas Consulting technical and consultancy day rates and SLA based support contracts.

AWS Partner Programs

Access to all AWS Partner Programs such as, Migration Acceleration (MAP), Windows Modernisation, Well-Architected & Proof-of-Concept that all provide cost savings and/or credit incentives.

Simplified Invoicing

Simplified invoicing in UK £ or US\$ as preferred; with VAT separated for clarity. However, all the line-by-line detail is still available.

Next Steps

This is a very straightforward process, the only thing that would change is that you'd receive your monthly AWS invoices from Ubertas Consulting, rather than directly from AWS. Absolutely everything else remains unchanged and we will have no control over your AWS accounts.

Ubertas Consulting will guide you through the end-to-end process.
