BRIGHT LARGE-VENUE LASER PROJECTOR

The large-venue projector combines a laser light source and 3LCD technology for powerful, uncompromising images. Ideal for events staging, auditoriums and sanctuaries, this advanced projector features native WUXGA performance with Epson® 4K Enhancement Technology². Offering extraordinary color brightness, Epson 3LCD projectors ensure brilliant images. Delivering 7,000 lumens of color brightness and 7,000 lumens of white brightness¹, the L1200UNL's laser light engine also provides 20,000 hours of virtually maintenance-free operation³. Plus, its exceptional integration capabilities include diverse connectivity such as HDBaseT™ and ten optional powered lenses (sold separately) with lens shift and lens memory
