... A similar bipartisan arrangement of over 351 deputies, clerks and other personnel ensures that no one party controls the Board of Elections. The Board appoints an executive staff consisting of an Executive Director, Deputy Executive Director and other senior staff managers charged with the responsibility to oversee the operations of the Board on a daily basis. Together, the executive and support staffs provide a wide range of electoral services to residents in Manhattan, The Bronx, Brooklyn, Queens and Staten Island.

The Commissioners of Elections meet every Tuesday at the Executive Office, in addition to the special hearings, legislative sessions and specific issue-oriented meetings (electronic voting, election legislation, labor management, rules and budget) during the calendar year.

Mission Statement

The Board of Elections in the City of New York, as provided under Section 3-200 of the New York State Election Law, is responsible:

- 1. To conduct fair and honest elections, from local to federal levels;**
- 2. To enfranchise all eligible New Yorkers to register to vote and to practice those rights;**
- 3. To conduct elections, certify the canvass and to retain the official records;**
- 4. Voter outreach and education.**

Briefly stated, this means:

First, the preparation of the ballot for Primary, Special and General Elections to the extent that all vacancies for public office and party positions may be filled.

Second, that qualified voters may exercise their right to franchise and that every opportunity be given to voters to execute that right and to vote for whom they choose.

Third, that the votes of the electorate at Primary, Special and General Elections be properly canvassed and that a true count be given for each candidate voted for.

Finally, that we make every effort to inform and educate the voting public of their rights as a voter and also to reach out to all Americans to instruct them in the voting process.

The following pages of this report will illustrate some of the duties as classified in the above synopsis.

President's Message

It has been my privilege to serve the people of the City of New York in what was a very historic year. 2012 was a remarkable year for the Board and its 351 full time employees. The dedicated and professional staff under the Management of Dawn Sandow, Deputy Executive Director, and Pamela Perkins, Administrative Manager worked tirelessly to ensure successful Elections for the City's 4.6 Million voters.

The Board conducted five Elections in the calendar year, including a March Special Election in Brooklyn for a vacant State Senate District. This Election resulted in the first manual re-cavass in the City of New York since the introduction of the optical scanners. In addition, we had an April, Republican Presidential Primary Election, a June Federal Primary Election, a September Primary Election and November General Election. Due to multiple Election Events in 2012 and the fact that the Presidential Election had to be conducted on the new Congressional District lines that were mapped over the old ED/AD lines, the City Board for the first time had to simultaneously maintain multiple district maps. The moving of the Primary for Federal offices to June and the delayed receipt of the New York State certified Assembly and Senate lines from which we had to establish the new ED lines created an Election event overlap scenario. The Board took proactive steps and made significant modifications to our two major systems-S-Elect and AVID to handle multiple Election maps. The Board received the new Congressional lines on March 20, 2012 and finished the new Congressional maps in a week sending them to City Planning for processing. We received the new Senate and Assembly lines on April 1, 2012, completed the ED/AD mapping and sent the file to City Planning for processing on May 3rd, 2012. This major accomplishment was seamlessly completed under severe time constraints, understaffing and multiple election dates.

In an effort to improve the accuracy of Unofficial Election Night results, the Commissioners of Elections in the City of New York approved a new approach that began with the September 13, 2012 Primary Election. The Unofficial Election Results were uploaded wirelessly after the PMD sticks were transported to the local precincts. This was done in order to improve the accuracy of the results that both the public and media have come to rely on. In the first citywide implementation of this new approach, I am proud to report that the Board received a total percentage of 96.9% of Portable Memory Devices Received and for the General Election we reached 97.1%.

The following annual report will highlight the multiple successes of the agency, which include:

The Board's continued successful public education, poll worker recruitment and voter registration campaign, with Bipartisan outreach teams who attended events across the City.

The Board's posting of online sample ballots on its website to inform voters of their respective ballots in advance of the Election.

The Board's launch of an entirely redesigned website with prominent tools that include translation of the content into the covered languages, the ability to increase the font size and the ability to subscribe to the Board's mailing list and receive periodic email updates.

The Board's launch of a mobile application that allowed users to find their poll sites quickly with map directions and the capability of viewing their sample ballots.

The Board's proactive creation of a poster encouraging voters to visit the Board's website, contact our Phone Bank, download our mobile app or scan our QR code to get information in advance of the Election.

The Board's launch of a pilot program to allow teams to remotely complete poll site surveys via wireless digital tablets.

The Board's dedicated mailing in advance of the General Election that highlighted the date of the Election and the possibility of a poll site change as a result of redistricting.

In addition, the challenges we encountered as a result of Super Storm Sandy proved to be trying at times but with the perseverance of the staff who worked around the clock, these challenges were overcome and the voters of New York were served.

Our goal was to provide the voters, our elected officials and the public at large with a thorough analysis.

We encourage you to visit our website for more information including various appendices not included in the printed version.

Very Respectfully Submitted,

Maria R. Guastella,
President

The Board of Elections in the City of New York would like to express its sincere gratitude to the multiple Federal, State, and City agencies for their immense and invaluable assistance in preparation for the General Election in the aftermath of Hurricane Sandy. We have many to thank for helping us achieve the seemingly impossible.

The Board faced a share of challenges due to the damage inflicted by the storm throughout all five boroughs. Beyond purely operational challenges such as loss of electricity and damage to sites, the Board also faced: gas shortages, which affected our sizable transportation responsibilities to move voting equipment and supplies to poll sites in time for Election Day; the loss of our mainframe computers up until two days before the election; the loss of our call center until one day before the election. The announcement by Governor Cuomo (Executive Order 62) which allows a voter to vote by affidavit ballot if such voter is registered to vote in one of the federally declared counties. This order required a larger supply of provisional ballots to every poll site as well as informing all poll site coordinators of this significant procedural change. The assistance of these groups was instrumental to a successful Election Day.

First, thank you to the City agencies, including the Governor's and Mayor's Offices, and the Department of Education, who aided the Board's efforts to determine the usability and accessibility of each poll site in advance of the election. With their help, the Board was able to temporarily relocate or combine poll sites across all five boroughs to ensure that all voters were given the opportunity to exercise their right to vote on Election Day.

Thank you to the utility workers, who worked around the clock to as best they could restore power to our poll sites and throughout the City.

Thank you to the DOITT and Verizon for their dedicated work to restore the BOE website, so updates could be posted on the 60 new poll sites, training sites and Borough Offices' hours of operations.

Thank you to the New York State Division of Military and Naval Affairs, who in advance of the storm allowed the use of their Armory on Staten Island to house our voting equipment. These machines were undamaged and operational on Election Day.

Thank you to local newspapers and community newspapers that graciously accepted our last minute advertisements that communicated the altered poll site locations.

Thank you to the good government and community groups who were instrumental in communicating Election Day changes. Thank you also to the Campaign Finance Board for their assistance communicating all operational changes made prior to Election Day.

Thank you to our amazing Board of Elections staff for all their hard work leading up to, through, and after the storm. As the storm rolled in, we kept our offices open on Sunday and Monday so we could meet requests for absentee ballots and continue our Election Day preparations, and continue our important poll worker training program. Those staff who weren't displaced or lost their own homes were back in borough offices on Wednesday morning after the storm.

Finally, thank you to the indefatigable New Yorkers who would not let anything stand in the way of their right to cast their vote.

Numerous organizations contributed to these efforts and each did their part to ensure that the General Election transpired as smoothly as possible given the trying circumstances. The Board extends its heartfelt appreciation to all of these organizations and to the individuals that volunteered during the election preparation.

Sincerely,
The Board of Elections in the City of New York

FREDERIC M. UMANE ESQ., Secretary

Candidate Records Unit

TROY JOHNSON
Coordinator, Candidate Records Unit

The Candidate Records Unit (CRU) of the Board of Elections in the City of New York is responsible for the receiving, recording, processing and tracking of all candidates and objector document filings as well as proofing of candidate names that achieve ballot status for Primary, General and Special Election Events.

The CRU staff maintains accurate candidate status on all these items in order to ensure an accurate ballot. The staff prepares, reviews, updates and corrects errors identified on all reports that feed the proofs of voting machine and paper (absentee, military, Ballot Marking Device, and standby emergency) ballots.

The unit also has a limited responsibility for receiving, recording and monitoring candidate compliance documents for In-Lieu-Of filers only as part of the Campaign Financial Disclosure requirements. CRU received 1727 financial disclosure reports from various candidates, political party committees and political action committees in 2012. CRU staff makes courtesy telephone calls and sends non-compliance notices to treasurers by US Certified Mail as well as notifying non-compliant candidates by regular First Class Mail. Non-compliant candidates and committees are reported to the Commissioners of Elections, who instruct the Agency Enforcement Officer to begin legal proceedings against those in violation.

Communications and Public Affairs

VALERIE VAZQUEZ
Director of Communications and
Public Affairs

One of the Board's top priorities is to ensure that every Election Day is implemented as smoothly as possible. To raise awareness and understanding about the new voting system, the Board conducted a comprehensive public education campaign to prepare voters prior to the 2010 Election. Building on the foundation created during the 2010 campaign, the Board continued its education efforts in 2012 to ensure New York City voters were becoming more familiar with using the new voting system during the 2012 Election cycle.

The 2010 Election marked the first time voters used the new voting system and as a result, was also the first time poll workers assisted voters using a paper ballot. Lessons were learned and used to prepare and strengthen procedures for future Elections. As a trained poll worker corps is an essential element of any successful Election Day, the Board took steps to provide poll workers with the knowledge and tools necessary to successfully implement the Election. A key element of this preparation was a heavy focus on poll worker and interpreter recruitment to assist in replenishing a robust poll worker corps. As a result, the Board's 2012 public education campaign centered on a multi-pronged approach:

1. Continued voter education to raise awareness and prepare voters to use the new voting system;
2. Recruitment of eligible New York City voters to serve as poll workers and interpreters and to provide them with real time experience with voters using the new system on Election Day; and
3. Increasing voter registration by attempting to register new voters at all scheduled outreach events.

2012 Public Education Campaign Goals	
<input checked="" type="checkbox"/>	Continue to Educate NYC Voters
<input checked="" type="checkbox"/>	Recruit New Poll Workers/ Register new Voters

Voters in all five boroughs were potential targets for the 2012 public education and poll worker recruitment campaign. This included first time voters as well as senior citizens, multicultural voters, and voters with disabilities. By federal mandate, all public educational material was provided in English, Spanish, Chinese, Bengali and Korean.

The public education campaign continued to use and build upon a surround-sound communications approach that delivered key messages and engaged targeted audiences in voter education efforts and recruitment opportunities. Due to New York City's diverse voter population, the Board implemented a campaign that integrated a range of tactics including stakeholder engagement, digital outreach, materials development and earned media.

Communications and Public Affairs Cont'd

- Bipartisan Outreach team members attended events across the city to encourage eligible voters to serve as poll workers while educating and preparing voters for Election Day.

- Outreach was continued to key stakeholders to enlist their support in educating audiences about the new voting system and encouraging poll worker applicants.

- Social media engagement was ramped up to further grow the Board's digital audiences and stakeholders.

- Educational materials in multiple languages were distributed at community events and made available on the Board's website.

- Targeted media outreach was conducted that focused on providing information about the new voting system and encouraging eligible voters to serve as poll workers and interpreters. Campaign highlights such as an online voter survey, the posting of online sample ballots and the distribution of voter tips prior to Election Day were pitched to the media to help spread information to all NYC voters.

Additional highlights of the 2012 public education campaign include:

- The Board's posting of online sample ballots marked a milestone in the Board's efforts to assist in preparing voters to use the new voting system.
- The Board's outreach team proactively engaged local community groups throughout New York City in addition to elected officials to encourage voter education and poll worker recruitment.
- The outreach team staffed community events throughout all five boroughs to educate voters about the new voting system, recruit eligible residents to serve as poll workers or interpreters, as well as register voters.
- On Election Day, the team engaged with NYC voters through timely Facebook postings and Twitter messages starting when the poll sites opened and continuing until the poll sites closed.

The launch of the newly designed website is one of many steps the BOE took to prepare and educate the NYC voting electorate about the new voting system.

The main page of the re-launched website prominently features tools and resources working towards the Board's priorities – including public education on voting the new way, poll site locator, and sample ballots, as well as information on voter registration, poll worker recruitment, and absentee voting. The website also features sections devoted to specific audiences, such as voters, candidates, and poll workers. With the click of the mouse, users will also be able to translate the entire NYC BOE website to Spanish, Chinese, Russian, Korean, or Bengali, enlarge their text and share the entire webpage with a friend. The website also highlights the Board's social media pages and allows readers to sign up for email updates from the BOE. The Board's website had a total of 1,488,793 site visits, with 648,395 clicks to the poll site locator.

LAUNCH OF MOBILE POLL SITE LOCATOR APP:

The Board of Elections in the City of New York launched the NYC BOE Poll Sites app to help voters find their poll sites quickly and easily. This is the first mobile app released by the Board in an effort to make Election Information accessible to voters. The app release is part of a greater initiative for us to improve communication between the Board of Elections and NYC voters on Election Day. Now, we can provide up-to-date poll site information and alerts to voters, wherever they are.

The NYC BOE Poll Sites app is available for Android, Blackberry, Windows and Apple smartphone/tablets. The app's friendly and intuitive interface allows voters to easily:

- Find poll site information.
- Map directions from any NYC resident's address to their poll site.
- Check for the upcoming election date.
- View and share Sample Ballots.
- Stay updated with alerts from the Board of Elections.
- We are proud to announce that over 10,000 voters have downloaded our app.

Communications and Public Affairs Cont'd

The Board created an information poster alerting voters of everything they need to know about voting can be found in the palm of their hand, either by calling our Phone Bank or scanning our new QR Code with their Smartphone or tablet which takes them directly to the BOE website. The poster was placed in various locations and poll sites throughout the city.

On Election Day, the Board launched a pilot program to allow Executive Office Monitor teams to remotely complete a poll site survey using a wireless digital tablet for every site they visit. This program provided us with valuable data that will allow us to develop an updated version to be deployed in our next pilot that will be expanded to include AD Monitor teams.

OUTREACH AND VOTER REGISTRATION ACTIVITY:

The Board continued its highly successful mobile outreach program where we deployed staff and voting equipment for demonstrations throughout all five boroughs as well as our efforts over 27,000 new poll worker applications were processed of which almost 9,000 received training and worked. As part of its program, the Board conducted significant recruitment activities as public and private colleges throughout the City.

Since the introduction of the new voting system in 2010, the public demand for demonstrations continues to grow. We conducted over 100 demonstrations throughout all 5 boroughs in 2012.

Voter interest was extremely high in 2012. The Board processes 642,460 registration forms in 2012. Almost half of that came in after the Primary with 297,290 voters submitting registration forms between September 14 and October 13.

DEDICATED MAILING PRIOR TO GENERAL ELECTION:

As a result of concerns expressed by voters and others, the Board requested funding from the City to send an additional notice to all voters with their poll site information prior to 2012 General Election. Thanks in large parts to the efforts to this council, that funding of \$1.6 million dollars was authorized by the Office of Management and Budget (OMB). Again, the Board wants to acknowledge City Council Member Gale Brewer for her assistance.

BOROUGH LEARNING CENTERS

Voters were also encouraged to visit a Learning Center in their local Board Office to have a hands-on experience with the new voting system. Trained staff are available to guide voters through voting on a paper ballot, using the scanner and using the ballot marking device.

Voter Registration

BETH FOSSELLA
Coordinator, Voter Registration

As the Coordinator of the Voter Registration Department, my staff and I are responsible for all activities that pertain to registering people to vote in the five boroughs of New York City. This includes:

- Overseeing the Boroughs' responsibility to maintain the records of all registered voters. The total number of registered voters in the City of New York for **2012** according to the New York State Board of Elections Data Base is **4,640,422**. These numbers include both Active and Inactive voters (Active voters – **4,224,811**; Inactive voters – **415,611**). These figures are run twice a year, on April 1st and November 1st, and are posted on the New York State Board Web Site.
- Reaching out to all eligible voters in the City of New York, making them aware of the importance of being a registered voter and how much their vote counts. This is accomplished through:
 1. Conducting registration drives at various community activities (i.e., street fairs, job fairs, community organization meetings, senior citizen community centers) and providing material that will help explain the process of voting.
 2. Distributing voter registration material to the public. It is to be noted that all voter registration material are produced in English and are translated, in accordance to law, into four languages of Spanish, Chinese, Korean and Bengali.
- Providing and making sure that all registration material is updated in accordance with New York State Law.
- Sorting all registration applications according to the following: Borough, time stamp, numbers and coding – Registration, Department of Motor Vehicles and Agency, Code "9" selected city agencies, Code "D"- Department of Education (CUNY). The registrations are put in borough order and distributed to the boroughs on a daily basis, for borough processing into the voter system.
 - Borough
 - Time Stamp
 - Tracking numbers and coding
 - a. Registration
 - b. DMV
 - c. Agency Code 9 (Selected City Agencies)
 - d. Code D (BOE) (CUNY)

- In 2002, Congress passed and the President of the United States signed into law the "Help America Vote Act" (HAVA). This was the means by which the federal government committed to fund sweeping election reforms which would enhance the voting process in this country. Previously, a potential voter was not asked to provide a means of identification when filling out a registration application. Once HAVA took effect, identification was required. Effective January 1, 2006 all first time voter registrations within the State of New York have to provide the same information heretofore requested of voters who registered by mail after January 1, 2003. In order to accommodate the voter, the registration application was redesigned to provide a box where this HAVA ID information was required. Those who did not provide the necessary identification information, would receive a "First Time Voter Letter," asking them to provide the identification information. If no identification was sent by the time of the election, the voter would be asked to provide this information at the poll site, and if they still did not provide it, they would not be allowed to vote on the Scanner, but would have to vote by affidavit ballot.
- Ordering and tracking all voter registration materials in the Manhattan Facility where they are stored, as well as in the General Office.
- Making sure that all Voter Registration material is updated in English and translated into the four languages required by law, Spanish, Chinese Korean and Bengali.
- In 2010 the State Board of Elections redesigned the registration application to include "Organ Donor" information that is sent to the Board of Health on a weekly basis.
- In 2011 the State Board of Elections redesigned the absentee ballot application.
- Providing and updating all voter registration information that must be put up on the Board of Election's web page. This information is supplied in English, Spanish, Chinese, Korean and Bengali .
- Providing Russian translation "Registration and Voting" booklet on the web page with English registration application, with instructions in Russian. This provision was made in compliance with Section 3-506 of the New York State Election Law and went into effect as of January 1, 2010.

CODE 9 – AGENCY REGISTRATION

In May 2000, the New York City Council passed legislation (Local Law 29) which requires that 22 City agencies provide voter registration forms to their clients, contractors, sub-contractors (literally anyone with whom they come in contact) in the performance of services, mailings and whatever other transactions take place on a daily basis.

The law requires that the Board of Elections supply these agencies with all the material they will need in the performance of these tasks, i.e. registration forms, display boxes, booklets, posters in all languages that are required by law (English, Spanish, Korean, Chinese and Bengali). The total number of Code "9" registration applications that were given out in 2012 was **62,372**.

CUNY (THE CITY UNIVERSITY OF NEW YORK)

CUNY requested 37,000 Code "D" registration forms to be delivered to the main offices of the CUNY schools. The "Code "D" registration applications contain a small box at the upper Left hand corner of the registration application with the letter "D" in it. This enables the board to track how many of these registrations are processed.

2012 CONFIRMATION NOTICES

The Confirmation Notices are sent out to the voters whose Information Notices were returned to the Board of Election as Undeliverable. Confirmation Notices are sent to check whether a voter is indeed not living at the address which appeared on the Information Notices.

If the Confirmation Notices is returned as undeliverable, then the voter is made INACTIVE. The Inactive code is X. This voter goes from an Active to an Inactive (A to X) status. Total for 2012 – There were 2,887 placed into this status.

LIBRARIES AND POST OFFICES

In January we began the distribution of our usual supply of registration forms (in all five languages) to all the libraries and post offices in New York City. Included with these were posters, a display box and order forms which could be faxed to us requesting replacement supplies.

The total number of Registration Forms distributed for 2012 were as follows:

Post Offices – 190 Libraries – 213
TOTAL - 52,250 registrations TOTAL - 58,575 registrations

Coordinator, Election Day Operations

POLL WORKER RECRUITMENT AND OUTREACH

This department is charged with the responsibility for recruiting, training, assigning and tracking the performance of individuals who “man” the polls and serve voters on Election Day. There are several different Poll Worker positions varying in qualifications and degrees of responsibility:

COORDINATORS are placed in polling sites to serve as the manager, to troubleshoot any problems and ensure that Election Day procedures are being followed. Their goal is to see that voters receive courteous, prompt and proper service.

INFORMATION CLERKS are placed at sites with multiple EDs to help direct and guide voters to their correct voting districts and poll sites by using street directories and poll site lists. For the General Election, we added additional Information Clerks anticipating there would be a large number of voters for the Presidential Election.

DOOR CLERKS are assigned to polling places with alternate handicapped accessible entrances where the doors cannot remain open or assistance is required.

ED/AD TABLE INSPECTORS and **POLL CLERKS** are the backbone of the Board’s Election Day workforce. There are two **INSPECTORS** at each Election District or board, one enrolled Democrat and one Republican – a system of “checks and balances” that is required by New York State Election Law. **POLL CLERKS** are similarly divided and are mainly used as needed in the voting process in EDs where there are more than 750 registered voters.

SCANNER INSPECTORS verify the scanners have not been tampered with, sets-up and opens the polls on the scanner for voting. They collect the voter cards from the voters and assist them if needed. There are two (2) Inspectors per scanner, one enrolled Democrat and one Republican.

BMD INSPECTORS ensures the Privacy Booths and BMD are set up properly. They keep the booths clear of electioneering materials and are there to assist the voters if requested. There are two (2) Inspectors, one enrolled Democrat and one Republican.

INTERPRETERS assist voters with limited English proficiency at poll sites in various neighborhoods in New York City and are a major component of the Board's Language Assistance Program. The Board provides Spanish, Chinese (Cantonese/Mandarin) and Korean Interpreters in targeted areas in conjunction with the plan based on recent census data. Beginning with the Federal Primary Election on June 26, 2012, we provided Bengali/Hindi translators at required poll sites in Queens.

ELECTION NIGHT REPORTING CLERKS (ENR) Every Police Precinct in New York City has a four person bi-partisan Election Night Reporting Team (ENR Team) assigned to report at 7PM. The ENR Team is responsible for the setup and testing of the Equipment prior to the close of Polls.

Once the Polls Close, the ENR Team awaits the arrival of Police Officers transporting the Large Yellow Scanner Voting Records bag, which contains the Portable Memory Device (PMD), the Zero Report and the Results Tape. The ENR team uses the Radio Frequency Identification (RFID) Station to verify that all of the Small Yellow Scanner Pouches and PMDs have been delivered. Once verified, the ENR Team uses the Election Night Reporting Laptop to upload and transmit the Results to the Board of Elections.

A.D. POLL SITE MONITORS are a group of specially trained Poll Workers that monitor an Assembly District on Election Day. They are rapidly dispatched to address and correct any problems at poll sites within their assigned districts.

While the Coordinators, Inspectors and Poll Clerks are required by law to be both a citizen and registered voter, the Information Clerks, Interpreters and Door Clerks do not have such a requirement. County Committee applicants make up a great portion of the total complement needed to staff the polls but thousands of positions still must be filled. To this end the Board trains and assigns poll workers recruited from various sources, including the City University of New York and numerous civic and advocacy groups. Poll Worker applicants also submit forms obtained from the Board's phone bank, web site and the Borough Offices or by indicating interest in serving when completing their voter registration applications.

POLL WORKER TRAINING AND INITIATIVES

During 2012, we had two hundred and thirty (230) available Adjunct Trainers to conduct Poll Worker training by conducting 3,642 classes at 92 sites throughout New York City. These classes train the poll workers to use the Poll Worker Manual, Poll Worker Summary Guide, visual aids, various voter information forms and materials used in elections. Also included in the training session was a demonstration of the AutoMARK ballot marking device (BMD) there was a demonstration on the Optical Scanner voting system. In total, the Board assigned 101,534 poll workers to class and trained approximately 67,787 poll workers in 2012. We also produced laminated step by step materials on using the BMD and Scanner that were available at all poll sites. The purpose of these cards, was to make it easier for the Poll Workers to open and close the BMD and Scanners, simply by working in teams of two, one reads the step as the other manually does it.

The Poll Worker Manual contains a section concerning diversity and incorporates the customer service training from the poll worker classes. The Board created a summary guide with color photos of election day materials. Poll site signage provides voter information and assistance in all five mandated languages. These multi-language materials include the "How To Use The Scanner" and the NYS Voters Bill of Rights.

NURSING HOMES PROGRAM

The Board of Elections provides special services to Nursing Care Residential Facilities and their occupants. During the 2012 Presidential Primary, Federal Primary and General Elections, Board staff made 257 visits to Nursing Home facilities and delivered 9,689 absentee ballots to residents of these facilities.

EDO DEPARTMENT

EDO STAFF

They help to educate voters, Adjunct Trainers & Poll Workers on the BMD, Scanners and Election Procedures. These staff members organized and performed numerous demonstrations of the BMD and Scanners throughout the year in all five boroughs of New York City. In 2012, they recruited 28,251 Poll Workers.

Voting Equipment Operations Unit/Poll Site Management

JOHN P. O'GRADY
Chief Voting Machine Technician

VOTING MACHINE FACILITIES

Voting Machine Facility staff continues to improve their knowledge of the scanners and BMDs with training by the ES&S and the Voting Equipment Operation Unit. This year the Voting Machine Facility Staff became more efficient in preparing the equipment for an Election. The average time to test and prepare a scanner is down to 60 to 75 minutes. If a problem occurred, the Voting Machine Staff with the assistance of ES&S were able to address the problem within 1 to 2 hours.

This year the Voting Machine Facilities had to prepare all equipment required for 1 Special and 4 Citywide Elections.

New voting machines procured: There was no new procurement in 2012

Equipment suitably stored prior to Elections (s): 100% suitably stored prior to each Election

Voting Equipment Operations Unit/Poll Site Management Cont'd

The Board of Elections Commissioners, in June approved a new approach for Election Night Reporting for the September 2012 Primary. A joint plan and design was developed between Electronic Voting System (EVS), Election Day Operation (EDO) and Voting Equipment Operations Unit (VEOU). VEOU and the Voting Machine Facility staff was tasked with identifying and installing the Radio-Frequency Identification (RFID) equipment used to track the material returned on Election Night.

All of the poll site yellow bags and scanner pouches used in the Elections were equipped with a RFID tag. Portable RFID stations were designed and built by Board of Elections staff. These stations were sent to the Police Precincts throughout the City of New York on Election Day and retrieved back after all poll sites materials were returned to that Police Precinct.

The VEOU throughout the year continued to support and provide all the materials (i.e. reports, supplies and technical support) for the voting machine facility staff.

POLL SITES

In 2012, the Board of Elections poll site department goals were:

- Making polling sites, paths of travel, entrances, exits, and voting areas accessible to individuals with disabilities.
- Ensuring that each polling site is accessible, sizable, visible, technology friendly, reliable and contains a survey that includes: drawings, schematics and the placement of the Election Day equipment.

To accomplish this goal the Board of Election this year introduced or enhanced the following:

- The Board of Election staff received ADA Poll Site Accessibility training and certification by CIDNY.
- The Poll Sites Accessibility procedures and Survey forms (as per CIDNY recommendations) have been updated and implemented.
- Purchased and improved the quality of tools that are utilized by surveyors in determining poll sites compliant with ADA guidelines.

- Created “ADA Supply Envelopes” that contained ADA Journal Special Instructions for Coordinators and tools to ensure that the placement of BMDs, ADA booths and the pathways are clear of obstruction and ADA compliant.
- Developed ADA Special Instructions for Coordinators to use as they prepare the polling sites that have Alternate Entrances, Polling Sites with No Alternate Entrances, Polling Sites Accessibility Complaint Logs, and the use of Bells to be in compliance with ADA requirements.
- Polling sites schematics were prepared to include and show the placement of the ADA directional signs for voters with disabilities to find the accessible entrance.
- Developed Special Instructions for Voting Machines Technicians to identify ADA problems during their poll sites visits.
- New ADA Signage including; Accessible Entrance, ISA Directional and ADA door bells were obtained.
- The Election Day Poll site Accessibility Problem Reporting was enhanced and problems identified where followed up on.
- Poll sites determined to be inaccessible have been cancelled and new poll sites obtained.
- In order to improve and increase accessibility at poll sites, additional ramps, platforms, and handrails equipment was obtained to replace damaged equipment.
- Frequent meetings throughout 2012 with New York City Housing Authority and the Department of Education to help facilitate ADA compliance.

Facilities Operations

NICHOLAS SQUICCIARINI
Facilities Manager

In 2012, each borough's election night reporting areas saw upgrades in increased electrical capacity and outlets, allowing for more computers in the results areas. Additional security cameras were installed in the Manhattan Voting Machine Facility (VMF), the Queens Annex, Bronx office, and the Staten Island VMF.

As a result of the Storm Sandy, electrical power was lost at three facilities: the General Office, 200 Varrick and the Staten Island office / VMF. Executive Management proactively ordered the Staten Island Office's voting machines moved to safety prior to the storm's arrival.

The lease for 32-42 Broadway was signed. We are working with DCAS to start renovations on the 6th and 7th floors in the beginning of 2013. Day to day operations continue to keep each of the Board's facilities maintained and functioning.

JOHN LUISI
Agency Chief Contracting Officer, CPPB

The Procurement Department function is to oversee and process all of the Board of Election contracts for goods and services to ensure compliance with the New York City Procurement Policy Board Rules (known as the PPB).

The PPB was developed to ensure that all city agencies' procurement practices are uniform in application; and provide fair and equitable treatment to all persons doing business with the city.

VENDOR DATABASE

The Board continues to expand its database of vendors. The board continues to investigate ways to increase competition for goods and services and cost savings for the agency. The Board also avails itself of the many State OGS contracts where cost savings can be maximized.

PREFERRED SOURCE SOLUTIONS

The Board continues to aggressively expand its use of Preferred Source providers through NYS Industries for the Disabled (NYSID), receiving excellent services at competitive prices while providing employment to New Yorkers with disabilities. By helping these people become taxpayers rather than recipients, the Board contributes to the overall economic multiplier effect that plays a vital and supportive role in NY's fiscal recovery.

One of our recent successes with a NYSID vendor is our current contract with SHREDability, which employs people with disabilities at its Bronx shredding facility. With the legally-mandated shift to a paper-based electronic voting system in 2010, the Board had to devise a means to securely destroy millions of ballots following their retention period. SHREDability has removed, shredded, and re-cycled many tons of paper from our warehouses at lower rates than any other company.

VENDEX CONTRACTOR PERFORMANCE EVALUATIONS

Board of Elections' contracts are evaluated annually and several are reviewed twice a year. The evaluation provides positive response to vendors, and helps the Board quickly identify vendors that did not fulfill their contractual responsibilities.

MONITORING CONTRACTORS

Since the inception of this program, the Board's contractors' damages to Board-owned equipment continue to decrease significantly. This monitoring continues to save the Board money and improves the overall quality of service from contractors. For example, with the aid of our car service tracking system, every voucher is reviewed to ensure that our contract guidelines are being met, and that our carpooling targets are achieved. Furthermore, invalidating inappropriate charges (such as unpermitted waiting time) and regular meetings with our car service providers have improved the timeliness of the service provided while reducing costs to the Board.

FINANCIAL MANAGEMENT SYSTEM FMS PROCUREMENT PROJECT

The department actively embraced the new FMS 3 system, which was rolled out January 2010 with many new and enhanced capabilities. All the department staff has gone through training and will continue to train as other changes and enhancements are created.

Electronic Voting Systems Department

John Naudus
Director, Electronic Voting Systems

The Electronic Voting Systems Department (EVS) administers and supports the Board's computerized voting systems. These systems include the scanning and tabulation system for affidavit and absentee ballots, the election management system for ballot marking devices, and the scanning and tabulation system for the paper ballots used at poll sites. EVS is responsible for preparing these systems for an Election by populating them with the set-up and data needed for the Election. EVS also works with the system providers to ensure that all systems meet the unique requirements of the New York City Election process by helping to develop enhancements (subject to State Board approval and certification) that improve upon the smooth operation of the systems.

EVS provides assistance and support during pre and post-Election activities that includes testing the scanning and tabulation system for Affidavit and Absentee ballots, writing the portable memory devices (PMD), reading the PMDs that carry the results from each poll site scanner, re-canvassing results, canvassing ballots for write-in votes, performing the audit of scanners, and canvassing of affidavit and absentee/Military ballots at each of the borough locations.

The Poll Site Voting System (PVS) was used in every poll site in all three Primary Elections. There was the Presidential Primary in April, the United States Senate and Congressional Primary in June and the State and Local Office Primary Election in September. The United States Senate and Congressional Primary was the first June Primary Election held in New York City in forty-two years. The last June Primary was held on June 23, 1970 for Statewide offices. There was also one Special Election and the General Election in 2012. Ballot marking devices (BMDs) were again used in every poll site, and the scanning and tabulation system for affidavit and absentee ballots used at borough offices was also used in every election conducted in 2012.

ELECTION NIGHT REPORTING

To improve the accuracy with which unofficial election results are delivered to New York City voters, Board Commissioners approved a new approach developed by the EVS, EDO and VEOU Board departments.

The new approach begins at the close of the polls on Election Night. Materials used at all poll sites are packaged and sealed according to the Board's established poll worker procedures. The materials are given to a designated Police Officer and then transported to the Police Precincts that same night. A bi-partisan team of Board personnel receive the materials at the Precinct.

The materials received, including the Portable Memory Devices (PMDs) used in the Poll site Voting System (PVS), are tracked using Radio-frequency identification (RFID) equipment and are routed to another bi-partisan team, where the unofficial results on

the PMDs are read into Election Night Results (ENR) laptops. At the end of the process, the election materials are sealed and returned to the NYPD. NYPD then returns the materials to the Board's Voting Machine Facilities (VMF). The ENR Laptops transmit the unofficial election results to servers at the General Office. At periodic intervals throughout election night, unofficial results are electronically transferred to the NYPD and the Board's election management system.

The use of this method on election night allows the full utilization of the PVS and the PMDs. With the participation of the NYPD, the new approach of obtaining election results was implemented for the September Primary and General Elections, the breakdown of which is shown above:

ARCHIVAL OF PORTABLE MEMORY DEVICE (PMDS) DATA

With Board approval, EVS made it possible to re-use Portable Memory Devices prior to the two year maturity date required by Election law §3-222. Preservation of Ballots and Records of Voting Machines. EVS staff members developed and implemented a strategy to retrieve data from PMDs used in an election or testing, and save it to a dedicated server. The data is then maintained on this server for the mandated two year timeframe and the PMDs are used again.

To achieve this goal, EVS Technical staff first developed the software used to extract the data from the PMDs. It then developed a detailed procedure to use in conjunction with the newly developed software. This work was done by bi-partisan borough staffs in each of the five boroughs, using various election tracking materials provided by EVS. EVS also provided on-site guidance and support throughout the entire process.

The Board realized a savings of 2.2 million dollars by not purchasing new PMDs for upcoming election events in 2012.

PAPER BALLOTS

For all of the Elections in 2012 combined, more than 2,900,000 ballots were cast. About 360,000 of these were absentee, military, federal, presidential and affidavit ballots that

were processed by the central scanning system and more than 2,540,000 ballots were cast on paper at poll sites and scanned and tabulated using the new voting system. See Figure 1 on page 38 for an illustration of paper ballots used in 2012.

EVS will continue to explore and develop innovative ways to improve and enhance voting systems for the City of New York.

Personnel and Records Management

DOROTHY DELAYO
Director of Personnel /
Records Management Officer

The Personnel Office is responsible for the well being of the employees at the Board of Elections. As a new Employee is processed, in addition to completing the appropriate paper work, the Policies and Procedures manual is provided and, an Identification card is issued.

Health insurance, Management Benefits Fund, deferred compensation and pension are the responsibility of the Personnel Office. Workers Compensation claims are processed through this office. These benefits are updated as needed throughout the life of the BOE employee. Verification of employment and Unemployment Benefits applications are also processed through this office.

For those employees in need of counseling, referrals are made through this office to the Employee Assistance Program. To encourage employees in need of the varied services offered by the EAP and make them comfortable about seeking help, a high level of confidentiality must be maintained.

Fact-finding inquiries are held when there is a complaint of harassment. What action, if any, is determined by a bi-partisan panel, consisting of the Personnel Director and a member of the Legal Department.

Matters of discipline fall under the jurisdiction of the Personnel Office. Violations of the Policies and Procedures Manual are investigated and hearings held as necessary. Disciplinary hearings are conducted and actions taken under the direction of the Commissioners of Elections. Determinations of such hearings vary from various levels of probation to suspension or termination.

The Director of Personnel also serves as the Records Management Officer for the agency. Monitoring the storage and disposal of the agency records follow the guidelines set forth by the NYS Retention and Disposition Schedule. Responding to Freedom of Information Act requests are also the responsibilities of this position.

JOHN WARD
Finance Officer

The work of the Finance Office, probably uniquely, is not really keyed to the Election cycle. Rather than having a “busy season” the Finance Office does a fairly consistent volume of work at every point in the year.

The Finance Office is divided into two sections:

1) PERSONNEL SERVICES (PS)

Personnel services are the payroll section. Payroll data is accumulated from the five borough offices, Voting machine facilities and the General office and is processed. There is a constant liaison between the various responsibility centers. There is also a natural overlap between the work of the PS section and the board’s Personnel Department.

2) OTHER THAN PERSONNEL SERVICES (OTPS)

The O.T.PS section is the accounts payable section. Approved bills are accumulated from the various managers and paid. Finance works closely with the Agency Purchasing Department.

The Finance Department prepares reports and handles special projects as required. Finance plays a key role in all aspects of the Agency’s budgeting process. In addition the Finance Office drafts letters and testimony for Management for those subjects that fall within our sphere of responsibility. The Finance Officer accompanies and assists management when testimony relative to fiscal matters is given.

The Finance Department provides the fiscal infrastructure for the smooth running of all day to day operations of the New York City Board of Elections.

FY12 BUDGET HIGHLIGHTS

This election year presented unprecedented fiscal challenges to the Board of Elections. In addition to the September Primary and the November General Election, we had a Presidential Primary in April and a Federal Non-Presidential Primary in June. There was also a Special Election in the 27th senate district. The June election was ordered by a federal judge to take place in the last week of the fiscal year. Due to the hard work and cooperation of the New York City-Council and the Office of Management and Budget, the Board was able to overcome the fiscal hurdles.

STEVEN H. RICHMAN
General Counsel

RAPHAEL SAVINO
Deputy General Counsel / Director of
Campaign Finance Enforcement

The General Counsel provides legal counsel to the Commissioners of Elections and to the Board's executive staff on a wide range of matters relating to ballot access, the conduct of elections, and governmental agency administration.

ADMINISTRATION

General Counsel drafts for consideration and adoption by the Commissioners all election calendars. General Counsel drafts for consideration and adoption by the Commissioners proposed Rules for Designating and Independent Nominating Petitions. In addition, General Counsel recommends to the Commissioners revisions of formal Board policies and procedures to ensure legal compliance.

LEGISLATIVE ACTIVITIES

General Counsel regularly monitors all legislative and judicial action that impacts election administration and advises the Commissioners on all legal developments affecting the administration of elections, including statutory compliance with State and Federal mandates related to the Voting Rights Act and the Help America Vote Act and related judicial directives. In addition, General Counsel drafts for consideration by the Commissioners the Board's annual proposal of legislative amendments for presentation to, and consideration by, the State legislative leaders.

COMPLIANCE ACTIVITIES

General Counsel advises the Commissioners on all elements of the Board's compliance with the federal Voting Rights Act. Any change in election administration affecting voter election participation in a covered county* must be approved in advance by the Department of Justice. To ensure compliance with the Voting Rights Act, General Counsel oversees the preparation and filing of all applications to be submitted to the Civil Rights Division of the United States Department of Justice and General Counsel advises the Commissioners accordingly.

BALLOT ACCESS

In addition to drafting the proposed Rules for Designating and Independent Nominating Petitions, General Counsel oversees all aspects of the process for candidate filing and Board review of nomination petitions. In addition to overseeing this Board function, General Counsel acts as liaison with the Board's trial counsel in connection with any judicial review of related Board function.

LITIGATION

General Counsel acts as the Board's liaison with the Board's trial counsel on all matters of litigation involving the Board of Elections, its operations, and personnel.

* In New York City the counties covered by the Voting Rights Act are New York County, Kings County, and Bronx County.

Management Information Systems Department (MIS)

STEVEN FERGUSON
Director, MIS

OVERVIEW

The MIS Departments major accomplishments for 2012 were all achieved under a set of events and circumstances that can only be expressed as “the perfect storm.” The number of election events alone (March Special Election, Presidential Primary, Federal Primary, State & Local Primary and General Election with Special Council [12th District]) would have constituted a major technical and operational challenging year but in addition we had to go through two redistricting cycles (Congressional and ED/AD), due to scheduling compression of a June Federal Primary and the major impact of Hurricane Sandy.

Through the efforts and dedication of key staff members and supporting personnel, MIS was able to respond to these challenges successfully. However, these efforts clearly pointed to our serious staff limitations, our need for upgrading our infrastructure (Hardware and Systems Software), upgrading our data network, upgrading our facilities electrical power and phone systems both primary and backup, and the requirement for new and advanced computing capabilities such as mobile and cloud computing.

During the emergency of Hurricane Sandy we used, for the first time, our DR facility as our operating location. We successfully transferred key operations and staff to our Queens DR site, but the experience pointed to some areas where we will need to invest in additional capabilities and optimize some of our DR procedures.

MIS AREAS OF RESPONSIBILITIES

The MIS Department is responsible for all BOE major information systems, operations of two major data centers, user support, email and data security systems, data networks, phone systems and the print shop. In addition this past year the department managed the two redistricting programs. In 2012 due to the events previously stated all of these areas operated in critical mode.

MIS INFORMATION SYSTEMS DEVELOPMENT & MAINTENANCE PROGRAMS 2012

The following is a summary of our major development and operational support projects which included requirements determination, design, development, testing, training and implementation major information systems.

S-Elect Development & Extensions

1. Planning and Participation in the 2012 ED/AD Redistricting Project
 - a. Interfacing with City Planning Development of all GEO Files
 - b. Multi-mapping capability in S-Elect to meet the redistricting requirements
2. Redesign Discrepancy Based Results Re-canvassing
3. Support of Redistricting Program – Integration of new redistricting information into S-Elect with Election Event processing
4. Further Development and Implementation of Fleet II (with Inventory Framework)
5. Further Development and Implementation of Call Center II (CC II)
6. Development and Implementation of the Fleet II Inventory Extension Application Modules
7. Development and Implementation of the Fleet II PMD/Flash Card module.
8. Development of the Video Training Program for S-Elect Applications
9. Extensions and Changes to CPESS to interface with new Voting Systems
10. Extensions and Changes to Facilities to accommodate new requirements
11. Extensions and Changes to PWRSS system to accommodate new training, poll worker mandatory requirements, and new poll worked assignment algorithm
12. PWRSS interface with payroll system
13. Overseeing for BOE and requirements determination for
 - a. Voter Ballot Web Project with DoITT
 - b. Election Night Results Reporting Project with NYPD information unit
14. New Election Night Reporting and Tracking application in S-Elect
15. Development and Demonstration of the new M-Elect mobile application environment
16. Maintenance of all operational applications and databases
17. Operational support and Hurricane Sandy Response
18. Operational support for S-Elect (Five Election Events & Redistricting Implementation)

AVID Development & Extensions

1. Planning and Participation in the 2012 ED/AD Redistricting Project and interfacing with City Planning
 - a. Integration of new redistricting information into AVID
 - b. Development and Implementation of Multi-mapping in AVID
2. Further development of the Absentee Ballot application (BATS) including multiple same day election events
3. Support new MOVE extract and internet facility with State BOE Vendor (Scytl)
4. Development and Support for new Registration forms – Automated Screen resizing
5. Implementation of Homeless processing
6. AVID modifications to quality cue correction
7. Support for new form types (D&9 Buff Type) Processing
8. Number of Voter Letter modifications
9. Application Modifications to improve processing, quality control and work flow
10. AVID 4 with Dups/Deaths/Felon processing through NYSVoter
11. Operational Support and Hurricane Sandy Response
12. Operational AVID Support (Five Election Events & Redistricting)

BOE Staff Application Support & Development

1. Employee Car Tracking Application
2. Finance Invoice Tracking System
3. Testing and evaluating RFID Infrastructure
4. Development and Implementation of Election Night PMD RFID tracking Application (Cart Infrastructure)
5. Voter Registration Tracking Systems Enhancements
6. Front Counter

Management Information Systems Department (MIS) Cont'd

REDISTRICTING

MIS managed and supported the technical BOE redistricting process. The redistricting program was a major undertaking in 2012 complicated by the timing of the publishing of AD lines by the legislature and the establishment of the June Federal Primary. This required MIS and Borough Staffs to complete two redistricting cycles in very compressed time frames:

1. Congressional Redistricting to meet the June Federal Primary Date
2. Election District (ED/AD) Redistricting for all the elections starting with the State and Local Primary
3. The Presidential Primary and March Special elections were held under the 2001 lines

This required MIS to modify all its systems in order to maintain multiple mapping, in order to run overlapping election events and to process new election maps, new poll sites and update voter records on an accelerated schedule.

DATA CENTER & GENERAL SUPPORT

We continued to update and expand the phone system installing a Voice over IP (VOIP) A major MIS responsibility is the management, support and operation of our Data Centers (Central Office & Disaster Recovery Site (DR) - Queens) and the maintenance and operation of the hardware, systems software, network and backup facilities. These include:

1. MIS Infrastructure Support
 - a. Supporting and Maintaining Two Data Centers (Central Office and Disaster Recovery (Queens) sites)
 - b. Maintaining all Systems Software
 - c. Maintaining all Data Security and Backup Operations
2. Maintaining all Application Authorizations and Access Security
3. Management and Operation of the Help Desk Process
4. Maintain and manage the internal Email system

MIS Operations started the upgrading of our infrastructure with two new servers for S-Elect at the Central Office data center. MIS also worked with the RFID Task Group ordering new server (six primary and nine support servers plus 25 desktop units) which will be required for the future RFID program. All of these units will require MIS support with systems software, backup and operational support at the main data center and VMF offices. This new RFID infrastructure will add major additional operational support workload without an increase in operational personnel starting in 2013.

DATA NETWORK & VOICE SYSTEM

In 2012 we continued to update and expand the phone system. However, the situation which has developed from Hurricane Sandy will require us to rethink our phone system to ensure reliability and backup.

We also continued to make network improvements, increasing reliability and performance wherever possible. Our network personnel had to respond (for each of the 2012 election events) to setup requirements as part of the Call Center II input process.

1. Maintaining and Supporting all Network and Firewall Facilities
2. Started the Process to Upgrade the Data Network to a High Speed Facility
3. Upgraded and improved our LAN network operations

This year we started the process of upgrading our data network with DoITT. This process will absorb a major portion our network staff time in 2013.

PRINT SHOP

In 2012 due to redistricting, the number of election events and the hurricane event the Print Shop produced large volumes of special mail, notices, and district maps. In addition to expanded volumes of publications such as Street Finders, Enrollment Books, Political Calendars, Poll worker Letters, Poll Site Accessibility Letters, Poll site Change Notices, Renewal Notices, Notices to Train, Notice to Work, Coordinator hand book, Availability Notices, CRU Letters, Transmittal Receipts and Ballot books in support of election events. This was also the first full year of operations of our new printing machines and printing software which we installed at the end of 2011.

Phone Bank

DANIEL LAVELLE
Phone Bank Supervisor

The Board of Elections Phone Bank is an inbound call center with two locations. The Manhattan phone bank has a staff of up to 40 operators and the Staten Island phone bank has up to 20 operators to handle calls citywide during peak election season. The phone bank is operational with a reduced staff throughout the year to accommodate any voter requests and is staffed with members who can handle calls in English, Spanish, Cantonese, Mandarin, Bengali and Korean. These operators handle a diverse range of calls, from inquiries concerning a voter's own registration status or poll site location to information about the New Poll Site Voting System. The phone bank is equipped with an interactive component that allows the public to retrieve and request information after hours and during the weekends. As the first line of communication between the Board and the voting public, the phone bank staff receives training on various aspects of Board operations to ensure that they are able to accommodate the voters' requests for information.

Ballot Management Department

THOMAS SATTIE
Ballot Management Supervisor

The Ballot Management Department is responsible for the proofing, ordering, delivery, and maintenance of all ballots used in elections in the City of New York. Additionally, we work in conjunction with the Board's Language Assistance Program's Coordinator and Deputy Coordinators to ensure all ballots are translated properly and in a timely manner into all languages required by Section 203 of the Federal Voting Rights Act.

In 2012, the Ballot Management Department continued to work with various advocacy and good government groups to improve the design and readability of the Election Day ballot. As a result of this effort, the Board submitted numerous recommendations for law changes to the New York State Legislature to address concerns such as small type, difficult to follow instructions, and overall readability.

The Board spent approximately \$9.5 million dollars to conduct the 2012 Elections, which included a Special Election on March 20, Presidential Primary on April 24, Federal Primary of June 26, State & Local Primary on September 13, and General Election on November 6. The Ballot Management Department continued to work to decrease ballot costs wherever it could, realizing a savings of nearly \$5 million dollars between the 2010 Elections and 2012 Elections.

The Executive Order signed by Governor Cuomo on November 5, 2012, the day before the General Election, presented unique challenges for the Ballot Management Department. Realizing that the Executive Order would result in an increase of voters requiring an affidavit ballot, the Ballot Management Department took requests throughout the day from poll sites in need of additional affidavit ballots. We satisfied each request by producing copies of the proper affidavit ballots at a number of the Board's facilities to ensure every voter who took the time to exercise their right to vote.

In closing, the Ballot Management Department hopes to continue its mission of producing clear and easy to understand ballots for all voters in the City of New York to vote on and have their voices heard.
